(c) Further information regarding topics to be discussed, whether the meeting has been cancelled or rescheduled, the Chairman's ruling on requests for the opportunity to present oral statements and the time allotted therefor can be obtained by a prepaid telephone call on October 4, 1977 to the Office of the Executive Director of the Committee (telephone 202-634-1371, Attn: Mr. John C. McKinley) between 8:15 a.m. and 5:00 p.m. EDT.

(d) Questions may be asked only by members of the Working Group, its consultants, and the Staff.

(e) The use of still, motion picture, and television cameras, the physical installation and presence of which will not interfere with the conduct of the meeting, will be permitted both before and after the meeting and during any recess. The use of such equipment will be allowed while the meeting is in session at the discretion of the Chairman to a degree that is not disruptive to the meeting. When use of such equipment is permitted, appropriate measures will be taken to protect proprietary or privileged information which may be in documents, folders, etc. being used during the meeting. Recordings will be permitted only during those sessions of the meeting when a transcript is being kept.

(f) A copy of the transcript of the portion(s) of the meeting where factual information is presented and a copy of the minutes of the meeting will be available for inspection or or after October 12, 1977 and January 5, 1978, respectively, at the NRC Public Document Room, 1717 H Street, NW., Washington, D.C. 20555.

Copies may be obtained upon payment of appropriate charges.

Dated: September 15, 1977.

JOHN C. HOYLE,
Advisory Committee Management Officer.

[FR Doc.77-27223 Filed 9-16-77;8:45 am]

[Docket Nos. 50-317 and 50-318]

BALTIMORE GAS AND ELECTRIC CO.

Notice of Consideration of Proposed Modification to Facilities Spent Fuel Storage Pool

The Nuclear Regulatory Commission (the Commission) is considering the approval of a modification to the spent fuel storage pool of the Calvert Cliffs Nuclear Power Plant Unit Nos. 1 and 2 (the facilities), pressurized water reactors located in Calvert County, Maryland, and currently authorized for operation at power levels up to 2700 MWt and 2560 MWt, respectively.

The two facilities share a common pool that is divided in two sections and connected by a transfer canal. The existing racks in the Unit No. 2 side of the pool have a capacity for storage of 210 fuel assemblies and the racks in the Unit No. 1 side have a capacity for storage of 200 fuel assemblies. The proposed modification being considered involves replacement of the existing racks in each side of the spent fuel pool of the facilities with racks of a design capable of accommodating up to 528 fuel assemblies and interchangeable storage of one facility's fuel in the other facility's side of the two-section pool. The proposed modification and subsequent use of the two-section pool would permit a total of 1056 fuel assemblies to be stored in lieu of the current 410 assemblies. The modification will require changes to the facilites Technical Specifications and issuance of a license amendment for each facility.

Prior approval of the proposed modification and license amendments authorizing use of the modified pool, the Commission will have made the findings required by the Atomic Energy Act of 1954, as amended (the Act), and the Commission's rules and regulations.

By October 19, 1977, the licensee may file a request for a hearing and any person whose interest may be affected by this proceeding may file a request for a hearing in the form of a petition for leave to intervene with respect to the approval of the modification to the subject facility spent fuel storage pool. Petitions for leave to intervene must be filed under oath or affirmation in accordance with the provisions of Section 2.714 of 10 CFR Part 2 of the Commission's regulations. A petition for leave to intervene must set forth the interest of the petitioner in the proceeding, how that interest may be affected by the results of the proceeding, and the petitioner's contentions with respect to the proposed action. Such petitions must be filed in accordance with the provisions of this FEDERAL REGISTER Notice and Section 2.714, and must be filed with the Secretary of the Commission, U.S. Nuclear Regulatory Commission, Washington, D.C. 20555, Attention: Docketing and Service Section, by the above date. A copy of the petition and/or request for a hearing should be sent to the Executive Legal Director, U.S. Nuclear Regulatory Commission, Washington, D.C. 20555, and to James A. Biddison, Jr., General Counsel, Gas and Electric Building, Charles Center, Baltimore, Maryland 21203, the attorney for the licensee.

A petition for leave to intervene must be accompanied by a supporting affidavit which identifies the specific aspect or aspects of the proceeding as to which intervention is desired and specifies with particularity the facts on which the petitioner relies as to both his interest and his contentions with regard to each aspect on which intervention is requested. Petitions stating contentions relating only to matters outside the Commission's jurisdiction will be denied.

All petitions will be acted upon by the Commissioner or licensing board, designated by the Commission or by the Chairman of the Atomic Safety and Licensing Board Panel. Timely petitions will be considered to determine whether a hearing should be noticed or another appropriate order issued regarding the disposition of the petitions.

In the event that hearing is held and a person is permitted to intervene, he becomes a party to the proceeding and has the right to participate fully in the conduct of the hearing. For example, he may present evidence and examine and cross-examine witnesses.

For further details with respect to this action, see the licensee's proposals dated August 5, 1977 and September 7, 1977, which are available for public inspection at the Commission's Public Document Room, 1717 H Street, N.W., Washington, D.C., and at the Calvert County Library, Prince Frederick, Maryland 20678.

Dated at Bethesda, Maryland, this 15th day of September, 1977.

For the Nuclear Regulatory Commission,

DON K. DAVIS,
Acting Chief, Operating Reactors, Branch No. 2, Division of Operating Reactors.

[FR Doc.77-27321 Filed 9-16-77;8:31 am]

[Docket No. 50-263]

NORTHERN STATES POWER CO.

Notice of Consideration of Proposed Modification to Facility Spent Fuel Storage Pool

The Nuclear Regulatory Commission (the Commission) is considering the issuance of a proposed amendment to Provisional Operating License No. DPR-22, issued to the Northern States Power Company (the licensee), for the Monticello Nuclear Generating Plant (the facility) which would authorize a modification to the spent fuel storage pool. The facility is a boiling water reactor located in Wright County, Minnesota, and currently authorized for operation at power levels up to 1670 MWt.

The proposed amendment would authorize replacement of the existing racks in the spent fuel storage pool of the facility with racks of a design capable of accommodating up to 2237 fuel assemblies in accordance with the licensee's letter dated August 17, 1977, and license amendment request dated September 12, 1977. Thereafter, the licensee would be able to operate the facility with this larger spent fuel storage capacity. The existing racks have a capacity for storage of 740 fuel assemblies.

Prior to approval of the proposed modification and license amendment, the Commission will have made the findings required by the Atomic Energy Act of 1954, as amended (the Act), and the Commission's rules and regulations.

By October 19 1977, the licensee may file a request for a hearing and any person whose interest may be affected by this proceeding may file a request for a hearing in the form of a petition for leave to intervene with respect to the approval of the modification to the subject facility spent fuel storage pool. Petitions for leave to intervene must be filed under oath or affirmation in accordance with the provisions of section 2.714 of 10 CFR Part 2 of the Commission's regulations. A petition for leave to intervene must set forth the interest of the petitioner in the proceeding, how that interest may be affected by the results of the proceeding, and the petitioner's contentions with respect to the proposed action. Such petitions must be filed in accordance with the provisions of this FEDERAL REGISTER Notice and section 2.714, and must be filed with the Secretary of the Commission, U.S. Nuclear Regulatory Commission, Washington, D.C. 20555, Attention: Docketing and Service Section, by the above date. A copy of the petition and/or request for a hearing should be sent to the Executive Legal Director, U.S. Nuclear Regulatory Commission, Washington, D.C. 20555, and to Gerald Charnoff, Esquire of Shaw, Pittman, Potts, and Trowbridge, 1800 M Street NW., Washington, D.C. 20036, the attorney for the licensee.

A petition for leave to intervene must be accompanied by a supporting affidavit which identifies the specific aspect or aspects of the proceeding as to which intervention is desired and specifies with particularity the facts on which the petitioner relies as to both his interest and his contentions with regard to each aspect on which intervention is requested. Petitions stating contentions relating only to matters outside the Commission's jurisdiction will be denied.

All petitions will be acted upon by the Commission or licensing board, designated by the Commission or by the Chairman of the Atomic Safety and Licensing Board Panel. Timely petitions will be considered to determine whether a hearing should be noticed or another appropriate order issued regarding the disposition of the petitions.

In the event that a hearing is held and a person is permitted to intervene, he becomes a party to the proceeding

V 42 N 181 SEP 19 1977 UMI

and has the right to participate fully in the conduct of the hearing. For example, he may present evidence and examine and cross-examine witnesses.

For further details with respect to this action, see the licensee's letter dated August 17, 1977, and related license amendment request dated September 12, 1977, which are available for public inspection at the Commission's Public Document Room, 1717 H Street, N.W., Washington, D.C., and at The Environmental Conservation Library, Minneapolis Public Library, 300 Nicollet Mall, Minneapolis, Minnesota 55401.

Dated at Bethesda, Maryland, this 15th day of September, 1977.

For the Nuclear Regulatory Commission.

DON K. DAVIS,
Acting Chief, Operating Reactors Branch No. 2, Division of Operating Reactors.

RISK ASSESSMENT REVIEW GROUP

Notice of Meeting

Pursuant to the Federal Advisory Committee Act (Pub. L. 92-463), notice is hereby given of a two-day meeting of the Risk Assessment Review Group of the U.S. Nuclear Regulatory Commission (NRC), to be held at 9 a.m., on October 5 and 6, 1977, in Room 1046 and Room 1062, respectively, of the Matomic Building, 1717 H Street NW., Washington, D.C. The purpose of this meeting is to continue the review of the final report of the Reactor Safety Study and to obtain information on developments in the field of risk assessment methodology.

The Review Group will hold in open sessions discussions with the Subcommittee on the Reactor Safety Study and the full Commisison of the Advisory Committee on Reactor Safeguards and will hear presentations by and hold discussions with representatives of the NRC staff and with individuals outside of NRC regarding the field of risk assessment methodology. It may be necessary for the Review Group to hold one or more closed sessions for the purpose of exploring matters involving proprietary information. I have determined, in accordance with subsection 10(d) of Pub. L. 92-463, that, should such sessions be required, it is necessary to close these sessions to protect proprietary information (5 U.S.C. 552b(c)(4)).

At the conclusion of these presentations, the Review Group may caucus to determine whether the matters identified have been adequately covered. The Chairman of the Review Group is empowered to conduct the meeting in a manner that, in his judgment, will facilitate the orderly conduct of business, including provisions to carry over an incompleted session from one day to the next.

The Risk Assesment Review Group is an independent group established by the NRC (42 FR 34955) for the purpose of providing advice and information to the Commission regarding the final report of the Reactor Safety Study, WASH 1400 (NUREG-75/014), and the peer comments on the study, advice and recommendations on developments in the field of risk assessment methodology and courses of action which might be taken on future development and use of risk assessment methodology. This advice and information will assist the Commission in establishing policy regarding the use of risk assessment in the regulatory process. It will also clarify the achievements and limitations of the Reactor Safety Study. The Review Group will submit a report to the Commission on or before December 31, 1977. In carrying out these assignments, it is anticipated that a number of working sessions will be scheduled at different locations, with notification to the public well in advance of each meeting.

With respect to public participation in the meeting, the following requirements shall apply:

(a) Persons wishing to submit written statements regarding the agenda may do so by providing 10 readily reproducible copies to the Review Group at the beginning of the meeting. Comments should be limited to areas within the Group's purview.

Persons desiring to mail written comments may do so by sending a readily reproducible copy thereof in time for consideration at this meeting. Comments postmarked no later than September 28, 1977, to Dr. John H. Austin, Office of Policy Evaluation, NRC, Washington, D.C. 20555, will normally be received in time to be considered at this meeting. Comments should pertain to the field of risk assessment methodology or should be based on the final report of the Reactor Safety Study, copies of which are available for public inspection at:

1. The NRC Public Document Room, 1717 H Street NW., Washington, D.C. 20555.

2. The NRC's five Regional Offices of Inspection and Enforcement:

Region I: 631 Park Avenue, King of Prussia Pa. 19406.

Region II: Suite 1217, 230 Peachtree Street, Atlanta, Ga. 30303.

Region III: 799 Roosevelt Road, Glen Ellyn, Ill. 60137.

Region IV: Suite 1000, 611 Ryan Plaza Drive, Arlington, Tex. 76012.

Region V: Suite 202, 1990 North California Boulevard, Walnut Creek, Calif. 94596.

Copies of the Final Report may be obtained from:

U.S. Nuclear Regulatory Commission, Office of Nuclear Regulatory Research, Probabilistic Analysis Branch, Attn: Melea S. Fogle (telephone 301-492-8377), 7735 Old Georgetown Road, Bethesda, Md. 20014.

(b) Persons desiring to make an oral statement at the meeting should make a request to do so prior to the meeting, identifying the topics and desired presentation time so that appropriate arrangement can be made. The time allotted for such statements will be at the discretion of the Chairman. The Review Group will receive oral statements on topics relevant to its purview at an appropriate time chosen by the Chairman.

(c) Further information regarding topics to be discussed, whether the meeting has been cancelled or rescheduled, the Chairman's ruling on requests for the opportunity to present oral statements and the time allotted therefor can be obtained by a prepaid telephone call on October 4, 1977, to the Office of Policy Evaluation (telephone 202-254-5184, Attn: John Austin) between 8:15 a.m. and 5 p.m., EDT.

(d) Questions may be asked only by members of the Review Group.

(e) Statements of views or expressions of opinion made by members of the Review Group at open meetings are not intended to represent final determinations or beliefs.

(f) The use of still, motion picture, and television cameras, the physical installation and presence of which will not interfere with the conduct of the meeting, will be permitted both before and after the meeting and during any recess. The use of such equipment will not, however, be allowed while the meeting is in session.

(g) A copy of the minutes of the meeting will be available for inspection on or after December 5, 1977, at the NRC Public Document Room, 1717 H Street NW., Washington, D.C. 20555.

Copies may be obtained upon payment of appropriate charges.

Dated: September 16, 1977.

JOHN C. HOYLE,
Advisory Committee Management Officer.

POSTAL RATE COMMISSION

[Docket No. MC76-3]

MAIL CLASSIFICATION SCHEDULE, 1976

Notice of Oral Argument on the Commission's Tentative Decision Concerning Proposals for Varying Discounts on Presorted Third-Class Bulk Mail

SEPTEMBER 13, 1977.

The Commission will hold oral argument with respect to the exceptions filed by Direct Mail/Marketing Association, Inc. (DMMA)[1] in the above-captioned matter on September 29, 1977. The time for argument has been allocated as follows:

DMMA—30 minutes (may reserve 10 minutes for rebuttal).

Postal Service—15 minutes.

OOC—15 minutes.

Oral argument will begin at 9:30 a.m. in the Commission's hearing room.

DAVID F. HARRIS,
Secretary.

[FR Doc.77-27148 Filed 9-16-77;8:45 am]

[1] Associated Third Class Mail Users (ATCMU) and Mail Advertising Association (International), Inc. (MASA) also filed exceptions but did not request oral argument.

SECURITIES AND EXCHANGE COMMISSION

[Rel. No. 34-13941; File No. SR-BSE-77-3]

BOSTON STOCK EXCHANGE

Proposed Constitutional Change

Pursuant to section 19(b)(1) of the Securities Exchange Act of 1934, 15 U.S.C. 78s(b)(1), as amended by Pub. L. No. 94-29, 16 (June 4, 1975), notice is hereby given that on September 1, 1977, the above-mentioned self-regulatory organization filed with the Securities and Exchange Commission a proposed constitutional change as follows:

Article XII, Section 2. Failure to Pay. Strike present Section 2 and substitute the following:

Section 2. Any member who shall neglect to pay any dues, fees, fines or any assessment or other sum due to the Exchange or any of its subsidiaries for thirty days after the same shall become payable, shall be reported to the Board of Governors, and after ten days written notice to such delinquent, may be suspended until payment is made. Should such delinquency continue for ninety days after such payment is due, the Board of Governors may expel the member and may dispose of the membership forthwith in such manner as it may determine.

STATEMENT OF BASIS AND PURPOSES

PURPOSE OF THE PROPOSED CONSTITUTIONAL CHANGE

The purpose of the constitutional change was to reduce the time in which the Exchange could take action for nonpayment of dues, fees, fines or assessments.

BASES OF THE PROPOSED CONSTITUTIONAL CHANGE

(i) Not applicable.
(ii) Not applicable.
(iii) Not applicable.
(iv) Not applicable.
(v) Not applicable.
(vi) Not applicable.
(vii) Not applicable.

COMMENTS RECEIVED FROM MEMBERS, PARTICIPANTS, OR OTHERS ON PROPOSED CONSTITUTIONAL CHANGE

The change was submitted to a vote of the membership and no comments or objections were received.

BURDEN ON COMPETITION

No burden on competition is perceived by adoption of the proposed amendment.

By October 24, 1977, or within such longer period (i) as the Commission may designate up to 90 days of such date, if it finds such longer period to be appropriate and published its reasons for so finding, or (ii) as to which the above-mentioned self-regulatory organization consents, the Commission will:

(A) By order approve such proposed constitutional changes, or

(B) Institute proceedings to determine whether the proposed constitutional changes should be disapproved.

Interested persons are invited to submit written data, views, and arguments concerning the foregoing. Persons desiring to make written submissions should file six copies thereof with the Secretary of the Commission, Washington, D.C. 20549. Copies of the filing with respect to the foregoing and of all written submissions will be available for inspection and copying in the Public Reference Room, 1100 L Street NW., Washington, D.C. Copies of such filing will also be available for inspection and copying at the principal office of the above-mentioned self-regulatory organization. All submissions should refer to the file number referenced in the caption above and should be submitted by October 10, 1977.

For the Commission by the Division of Market Regulation, pursuant to delegated authority.

GEORGE A. FITZSIMMONS,
Secretary.

SEPTEMBER 8, 1977.

[Rel. No. 20169]

CENTRAL POWER AND LIGHT CO.

Proposed Agreements With State Authority for Construction of Pollution Control Equipment; Request for Exception From Competitive Bidding

SEPTEMBER 12, 1977.

In the matter of Central Power and Light Co., 120 North Chaparral Street, Corpus Christi, Tex. 78403. (70-6046).

Notice is hereby given that Central Power and Light Co. ("CP&L"), an electric utility subsidiary of Central and South West Corp., a registered holding company, has filed an application-declaration and an amendment thereto with this Commission pursuant to the Public Utility Holding Company Act of 1935 ("Act"), designating sections 6(a), 7, 9(a), 10, and 12(d) of the Act and Rules 44(b)(3) and 50 promulgated thereunder as applicable to the proposed transaction. All interested persons are referred to the application-declaration, which is summarized below, for a complete statement of the proposed transaction.

CP&L states that it has begun construction of its first coal-fired generating unit, Coleto Creek Unit No. 1 (the "Unit"). The Unit is scheduled for completion in mid-1980, will have a rated capacity of 550 megawatts and is expected to cost approximately $249,746,000. CP&L states that in order to comply with applicable state and federal environmental control standards with respect to the Unit, it is necessary to construct, as part of the Unit, certain facilities for the control or abatement of air and water pollution ("Facilities"). CP&L proposes to enter into two Installment Sale Agreements ("Agreements") with the Guadalupe-Branco River Authority ("Authority"), an instrumentality of the State of Texas, pursuant to which the Authority would undertake the financing of the Facilities. The Agreements provide that CP&L will transfer to the Authority its interest in the Facilities and that the Authority will own the Facilities during the period of construction. CP&L states that, as agent for the Authority, it will provide for the completion of the Facilities and will be reimbursed by the Authority for the costs incurred. Title to the Facilities will be reconveyed to CP&L, pursuant to the Agreements, upon completion of construction.

CP&L states that the acquisition and construction of the Facilities will be financed through the issuance by the Authority of up to $39,000,000 of its Pollution Control Revenue Bonds, 1977 Series and of up to $1,000,000 of its Pollution Control Revenue Bonds, 1977 Series A (collectively, the "Bonds"). The 1977 Series A Bonds will be issued under provisions of the Internal Revenue Code for so-called "small issues" of industrial development revenue bonds and the proceeds thereof will go to finance items that might not qualify under the Code as pollution control facilities. Each issue of the Bonds will be sold pursuant to a separate Bond Purchase Agreement and will be issued pursuant to a separate Trust Indenture entered into concurrently with a separate Installment Sale Agreement between CP&L and the Authority. The corporate trustee ("Trustee") will be selected in consultation with CP&L. The 1977 Series A Bonds will be secured by a lien on the facilities financed thereby subordinate to the lien of CP&L's first mortgage indenture. In all other respects the terms of each issue and of the corresponding documents for each issue will be substantially the same.

The Bonds will be dated on or about the first day of the month in which they are issued (presently scheduled for November 1977). They will bear interest semiannually and will mature at a date or dates not more than 30 years from their date of issuance, with the exact date or dates of maturity to be determined at the time of pricing.

All of the Bonds, or such portion of the Bonds maturing more than 10 years after the date of issuance, will be redeemable in whole on any date or, in part, on any interest payment date on or after a date to be 10 years from the date of issuance, at CP&L's option, at redemption prices (plus accrued interesrt) beginning at 103 percent of principal amount and declining by 0.5 percent each year thereafter to par for redemption on or after a date 16 years from the date of issuance. The Bonds will be redeemable at any time in whole, at CP&L's option, at par value plus accrued interest upon the occurrence of various extraordinary events specified in the Agreements and the Indentures and will be subject to mandatory redemption at par plus accrued interest if the agreement becomes void, unenforceable or impossible of performance. All or a portion of the Bonds maturing more than ten years after the date of issuance will be subject to mandatory redemption in satisfaction of sinking fund provisions

V 42 I 181 SEP 19 77 UMI

under the Indentures. The sinking fund provisions will be designed to retire in less than 30 years at least 25 percent principal amount of the Bonds. CP&L states that its Bond counsel is prepared to render its legal opinion that interest on the Bonds will be free from federal taxation and that, while it is not possible to ascertain in advance the interest rate which may be obtained in connection with the issuance of the Bonds, similar tax-exempt bonds generally carry an annual interest rate which is significantly lower than that of comparable taxable bonds.

The proceeds from the sale of the Bonds will (except as otherwise required under the Indenture) be placed in Escrow Funds created under the Indentures and will be disbursed to reimburse CP&L for (i) the cost of acquisition and construction of the Facility; (ii) the Trustee's expenses, and (iii) the Authority's Bond-related administrative and overhead costs. CP&L states that in the event that amounts in the Escrow Funds are insufficient to cover such disbursements, it is obligated under the Agreement to complete construction of the Facilities at its own expense.

The Agreements contains an unsecured commitment by CP&L to pay to the Trustee(s) on behalf of the Authority, in payment of the purchase price for the Facilities, amounts sufficient to enable the Authority to service the Bonds, such amounts to be held under the Indentures in Debt Service Funds.

It is contemplated that the Bonds will be sold by the Authority pursuant to arrangements between it and Blyth Eastman Dillon & Co., Incorporated and E. F. Hutton & Co., Inc., as underwriters. Although CP&L will not be a party to the underwriting arrangements for the Bonds, the Bond Purchase Agreements are subject to its approval.

CP&L requests that the Agreements and the Bond Purchase Agreements be excepted from the competitive bidding requirements of Rule 50 pursuant to subsection (a)(5) of said Rule.

It is stated that fees and expenses to be incurred by CP&L in connection with the proposed transaction will be supplied by amendment. It is stated that no state commission and no federal commission, other than this Commission, has jurisdiction over the proposed transaction.

Notice is further given that any interested person may, not later than October 4, 1977, request in writing that a hearing be held on such matter, stating the nature of his interest, the reasons for such request, and the issues of fact or law raised by said application-declaration, as amended, which he desires to controvert; or he may request that he be notified if the Commission should order a hearing thereon. Any such request should be addressed: Secretary, Securities and Exchange Commission, Washington, D.C. 20549. A copy of such request should be served personally or by mail upon the applicant-declarant at the above-stated address, and proof of service (by affidavit or, in case of an attorney at law, by certificate) should be filed with the request. At any time after said date, the application-declaration, as amended, or as it may be further amended, may be granted and permitted to become effective as provided in Rule 23 of the General Rules and Regulations promulgated under the Act, or the Commission may grant exemption from such rules as provided in Rules 20(a) and 100 thereof or take such other action as it may deem appropriate. Persons who request a hearing or advice as to whether a hearing is ordered will receive any notices and orders issued in this matter, including the date of the hearing (if ordered) and any postponements thereof.

For the Commission, by the Division of Corporate Regulation, pursuant to delegated authority.

GEORGE A. FITZSIMMONS,
Secretary.

[FR Doc.77-27095 Filed 9-16-77;8:45 am]

[Rel. No. 34-13940; File No. SR-MSE-77-33]

MIDWEST STOCK EXCHANGE, INC.

Proposed Rule Change

Pursuant to section 19(b)(1) of the Securitis Exchange Act of 1934, 15 U.S.C. 78s(b)(1), as amended by Pub. L. No. 94-29, 16 (June 4, 1975), notice is hereby given that on September 6, 1977, the above mentioned self-regulatory organization filed with the Securities and Exchange Commission a proposed rule change as follows:

STATEMENT OF THE TERMS OF SUBSTANCE OF THE PROPOSED RULE CHANGE

Rules 6 and 10 of Article XXXI are hereby amended as shown below. (The paragraph that is deleted from Rule 6 which relates to Midwest Stock Exchange, Inc., exclusive issues is reworded and added to Rule 10 as Provision (a). The paragraph that remains in Rule 6 relates to both exclusive (local) and dually traded issues. Price provisions, which differ for exclusive and dually traded issues, are hereby placed in Rule 10. (additions italicized, deletions [bracketed]).

ARTICLE XXXI

Dealer Required to Purchase All Odd Lots Offered Rule 6. In any security in which he or it is registered as such, an odd-lot dealer shall be required to purchase all odd lots offered to him or it by any member or member organization of the Exchange and he or it shall be required to sell to any member or member organization of the Exchange any odd lots bid for by such member or member organization. [upon the terms hereinafter stated.

Sales of odd lots by an odd-lot dealer shall be at a price equivalent to the next full-lot regular sale made on the Exchange, after the order is recieved by the odd-lot dealer, plus the designated odd-lot differential. Purchases of odd lots by an odd-lot dealer shall be at a price equivalent to the next full-lot regular sale made on the Exchange, after the order is received by the odd-lot dealer, minus the designated odd-lot differential.]

["Last Proper Sale"] *Exception of Odd Lot Orders* Rule 10. (a) *MSE Exclusive Issues. Odd-lot market orders in MSE exclusive issues will be executed at a price equivalent to the next full-lot regular sale made on the Exchange, after the order is received by the odd-lot dealer plus or minus, if any differential is charged, the amount of such differential.*

(b) *Dually Traded Issues.* As to certain stocks dually traded on this Exchange and on another national securities exchange in the State of New York and which stocks have been designated as being in the dual trading system, *market* orders will be accepted for execution as an odd lot based on the last New York *exchange* sale in effect at the time the order is presented at the specialist post, provided the order is for a number of shares less than the full lot in said stock.

(i) An odd lot as part of an order involving a round lot, shall be filled on the basis of the full lot price whether such full lot is executed on Midwest or on another exchange; in such case the order shall be marked "on sale".

(ii) Odd lot *market* orders which are entered during trading halt situations will be executed based on the reopening price in the New York *exchange* market.

(iii) A member firm may, at its discretion direct the execution of an odd lot *market* order in a dually traded issue on the basis of the last round lot sale on Midwest provided that a more current effective New York *exchange* sale is not in effect at the time the order is presented at the specialist post.

(c) *General. A market order shall be executed at the proper full lot transaction, plus or minus a differential, if one is to be charged, except where an order exceeds a full lot or a multiple of a full lot, such excess portion shall be filled on the execution of the first full lot.*

(i) Stop orders to buy shall become market orders when a round-lot transaction takes place at or above the stop price. The order shall be filled at the price of the next transaction plus an odd-lot differential if one is to be charged.

(ii) Stop orders to sell shall become market orders when a round lot transaction takes place at or below the stop price. The order shall be filled at the price of the next transaction minus an odd-lot differential if one is to be charged.

(iii) Odd-lot transactions shall not be made on "seller" or "cash" trades.

STATEMENT OF BASIS AND PURPOSE

The basis and purpose of the foregoing proposed rules changes is as follows:

The purpose of the proposed rules changes is to clarify existing Exchange procedures regarding the execution of odd lot orders in dually traded and exclusive Midwest Stock Exchange, Incorporated issues. Wording has been eliminated which related to the time when fixed commission rates were in existence.

Clarification of the Midwest Stock Exchange, Inc.'s odd lot pricing procedures is necessary for the facilitation of transactions in odd lots on the Exchange.

Therefore, the proposed rules changes promote just and equitable principles of trade and remove impediments to the perfection of the mechanism of a free and open market.

Comments have neither been solicited nor received.

The Midwest Stock Exchange, Inc., believes that no burdens have been placed on competition.

By October 24, 1977, or within such longer period (i) as the Commission may designate up to 90 days of such date if it finds such longer period to be appropriate and publishes its reasons for so finding or (ii) as to which the abovementioned self-regulatory organization consents, the Commission will:

(A) By order approve such proposed rule change, or

(B) Institute proceedings to determine whether the proposed rule change should be disapproved.

Interested persons are invited to submit written data, views, and arguments concerning the foregoing. Persons desiring to make written submissions should file 6 copies thereof with the Secretary of the Commission, Securities and Exchange Commission, Washington, D.C. 20549. Copies of the filing with respect to the foregoing and of all written submissions will be available for inspection and copying in the Public Reference Room, 1100 L Street NW., Washington, D.C. Copies of such filing will also be available for inspection and copying at the principal office of the above-mentioned self-regulatory organization. All submissions should refer to the file number referenced in the caption above and should be submitted by October 10, 1977.

For the Commission by the Division of Market Regulation, pursuant to delegated authority.

GEORGE A. FITZSIMMONS,
Secretary.

SEPTEMBER 8, 1977.

SMALL BUSINESS ADMINISTRATION

[License No. 06/12-0023]

FIRST SOUTHERN CAPITAL CORP.

Approval of the Transfer of Control of a Small Business Investment Company

On August 23, 1977, a notice was published in the FEDERAL REGISTER (42 FR 42421) stating that First Southern Capital Corp., Suite 1216 Commerce Building, 821 Gravier Street, New Orleans, La. 70112, had filed an aplication with the Small Business Administration (SBA), pursuant to § 107.701 of the SBA rules and regulations governing small buiness investment companies (13 CFR Section 107.701 (1977)), for the transfer of control of this company to Crabtree Investments, Inc.

Interested parties were given to the close of business September 2, 1977, to submit their written comments to SBA.

Notice is hereby given that, having considered the application and all other data, SBA approved this application for transfer of control effective September 7, 1977.

(Catalog of Federal Domestic Assistance Program No. 59.011, Small Business Investment Companies.)

Dated: September 12, 1977.

PETER F. MCNEISH,
Deputy Associate Administrator, for Investment.

[Application No. 04/04-5133]

SOUTHERN INVESTMENT AND FUNDING CORP., INC.

Application for a License To Operate as a Small Business Investment Company

An application for a license to operate as a small business investment company under Section 301(d) of the Small Business Investment Act of 1958, as amended (Act) (15 U.S.C. 661 et seq.) has been filed by Southern Investment and Funding Corp., Inc. (Applicant) with the Small Business Administration (SBA) pursuant to 13 CFR 107.102 (1977).

The officers and directors are as follows:

George Eng, 72 Blackland Road, Atlanta, Ga. 30342; President, Director, and Sole Stockholder.

Anne C. Eng, 72 Blackland Road, Atlanta, Ga. 30342; Vice Presideent and Director.

Donald Eng, 300 Peachtree Street, Atlanta, Ga. 30308; Secretary/Treasurer, Director.

The applicant will maintain offices at 300 West Peachtree Street, Atlanta, Ga. 30308, and will begin operations with paid-in capital and paid-in surplus of $500,000 derived from the sale of 1,000 shares of common stock at $500 per share to Mr. George Eng, an owner of Eng's Gourmet Restaurant.

As a small business investment company under Section 301(d) of the Act, the applicant has been organized and chartered solely for the purpose of performing the functions and conducting the activities contemplated under the Act, as amended, from time to time, and will provide assistance solely to small business concerns which will contribute to a well-balanced national economy by facilitating ownership in such concerns by persons whose participation in the free enterprise system is hampered because of social or economic disadvantages.

Matters involved in SBA's consideration of the Applicant include the general business reputation and character of the proposed owner and manager and the probability of successful operations of the Applicant under this management, including adequate profitability and financial soundness, in accordance with the Act and SBA Rules and Regulations.

Any person may, not later than October 4, 1977, submit to SBA written comments on the proposed Applicant. Any such communication should be addressed to the Deputy Associate Administrator for Investment, 1441 L Street NW., Washington, D.C. 20416.

A copy of this notice shall be published in a newspaper of general circulation in Atlanta, Ga.

(Catalog of Federal Domestic Assistance Program No. 59.011 Small Business Investment Companies.)

Dated: September 12, 1977.

PETER F. MCNEISH,
Deputy Associate Administrator for Investment.

[Proposed License No. 06/06-0193]

FIRST BANCORP CAPITAL, INC.

Application for a License To Operate as a Small Business Investment Company

Notice is hereby given that an application has been filed with the Small Business Administration (SBA) pursuant to Section 107.102 of the Regulations governing small business investment companies (13 CFR 107.102 (1977)), under the name of First Bancorp Capital, Inc., 100 North Main Street, Corsicana, Tex. 75110, for a license to operate as a small business investment company (SBIC) under the provisions of the Small Business Investment Act of 1958, as amended (the Act), and the Rules and Regulations promulgated thereunder.

The proposed officers, directors and shareholders are as follows:

William D. Wyatt, Jr., 1444 Oaklawn Drive, Corsicana, Tex. 75110; Chairman of the Board.

Oliver L. Albritton, Jr., 1218 West Park Avenue, Corsicana, Tex. 75110; President, Director.

Albert M. Harral, 808 Ambassador, Corsicana, Tex. 75110; Vice President, Director.

Gordon R. Lewis, 1712 Nrth 26th, Corsicana, Tex. 75110; Secretary, Treasurer, Director.

James K. Ward, 1101 Mockingbird, Ennis, Tex. 75119; Director.

First National Bank, Corsicana, Tex.; 72.28 percent.

Citizens National Bank, 303 West Knox, Ennis, Tex. 75119; 27.72 percent.

V 42 N 181 SEP 19 1977 UMI

The only class of authorized capital stock is common stock. No share of common stock will be entitled to preference over any other share, and each share will be equal to every other share in all respects. Holders of the common stock will be entitled to one vote for each share held of record at every meeting of shareholders.

Both of the above banking institutions are subsidiaries of First Bancorp, Inc., a bank holding company located in Corsicana, Tex. The holding company operation consists of eight banks, one insurance company, one mortgage company and trust activities. As of August 5, 1977, First Bancorp, Inc. had approximately 800 shareholders.

The Applicant Licensee proposes to commence operations with private capital of $505,000. Applicant proposes to conduct its operations principally in the State of Texas and primarily in the seven county market area including Navarro, Hill, Henderson, Dallas, Kaufman, Ellis, and Freestone Counties. The Applicant intends to establish a broad investment policy and does not intend to use the services of an investment advisor.

Matters involved in SBA's consideration of the application include the general business reputation and character of shareholders and management, and the probability of successful operation of the new company in accordance with the Act and Regulations.

Notice is further given that any interested person may, not later than October 4, 1977, submit to SBA, in writing, comments on the proposed licensing of this company. Any such communications should be addressed to: Associate Administrator for Finance and Investment, Small Business Administration, 1441 L Street NW., Washington, D.C. 20416.

A copy of this notice shall be published by the Applicant in a newspaper of general circulation in Corsicana, Tex., and Ennis, Tex.

(Catalog of Federal Domestic Assistance Program No. 59.011, Small Business Investment Companies.)

Dated: September 12, 1977.

PETER F. MCNEISH,
Deputy Associate Administrator for Investment.

DEPARTMENT OF STATE

Agency for International Development

[Redelegation of Authority No. 131-1]

ASSOCIATE ASSISTANT ADMINISTRATOR FOR TITLE XII AND RESEARCH

Redelegation of Authority Regarding Small Research Projects

Pursuant to the authority delegated to me by the Administrator of the Agency for International Development in Delegation of Authority No. 86, dated September 19, 1969, (34 FR 13585), as amended; in the action memorandum dated November 12, 1975 on the Small Research Project Program; and in 41 CFR 7-4.5301, I hereby redelegate to the Associate Assistant Administrator for Title XII and Research, Technical Assistance Bureau, the authority to:

1. Approve activities under the Small Research Project Program up to the level of $35,000 for each activity and $600,000 annually for the total program;
2. Make the determination in the case of an unsolicited proposal that such proposal is a product of original thinking, has significant scientific and technical merit, and contributes to AID's research program as is required under AID Procurement Regulations Section 7-4.5301 (e).

The authorities contained in 1. and 2. above do not include the authority to sign grants.

Actions heretofore taken by the Associate Assistant Administrator are hereby ratified and confirmed.

These authorities may not be redelegated.

This redelegation shall become effective immediately.

Dated: August 18, 1977.

CURTIS FARRAR,
Assistant Administrator for Technical Assistance.

BOARD FOR INTERNATIONAL FOOD AND AGRICULTURAL DEVELOPMENT

Meeting

Pursuant to Executive Order 11769 and the provisions of Section 10(a), (2), P.L. 92-463, Federal Advisory Committee Act, notice is hereby given of the twelfth meeting of the Board for International Food and Agricultural Development on October 11, 1977.

The purpose of this meeting is: to meet with the Board's subordinate units, the Joint Research Committee and the Joint Committee on Agricultural Development, to review the activities of these units and receive progress reports on research and program activities relevant to A.I.D.'s Title XII objectives; to consider additional priority areas for possible collaborative research projects; and to receive progress reports on prior Board-requested actions, including actions taken to strengthen American universities' capabilities in agricultural development and research and the expansion of the roster of American universities eligible to participate in Title XII programs.

The meeting will begin at 8:30 a.m. and will adjourn at 4:30 p.m. It will be held in Room 1107 in the State Department Building. The meeting is open to the public. Any interested person may attend, may file written statements with the Committee before or after the meeting, or may present oral statements in accordance with procedures established by the Committee, and to the extent the time available for the meeting permits.

Dr. Erven J. Long, Associate Assistant Administrator, Technical Assistance Bureau, is designated Federal Officer at the meeting. It is suggested that those desiring further information write to him in care of the Agency for International Development, State Department, Washington, D.C. 20523, or telephone him at 703-235-9001.

Dated: September 8, 1977.

ERVEN J. LONG,
Federal Officer, Board for International Food and Agricultural Development.

DEPARTMENT OF THE TREASURY

Internal Revenue Service

[Commissioner's Delegation Order No. 66 (Rev. 5); Chief Counsel's Order No. 1031.2]

ASSISTANT REGIONAL COMMISSIONERS

Delegation of Authority

AGENCY: Internal Revenue Service.

ACTION: Delegation of authority.

SUMMARY: The authority of the Commissioner of Internal Revenue to determine liability in docketed and nondocketed cases is being delegated to the Assistant Regional Commissioners (Employee Plans and Exempt Organizations). The text of the delegation order appears below.

EFFECTIVE DATE: October 17, 1977.

FOR FURTHER INFORMATION CONTACT:

Mr. B. Larson, E:EO:O, 1111 Constitution Avenue, NW., Room 2215, Washington, D.C. 20224 (202-566-6489), not toll free.

JOHN J. MONACO,
Acting Chief, Exempt Organizations Operations Branch.

Date of issue: September 14, 1977.

Effective date: October 17, 1977.

AUTHORITIES OF REGIONAL APPELLATE DIVISION AND REGIONAL EMPLOYEE PLANS AND EXEMPT ORGANIZATIONS DIVISION IN PROTESTED AND TAX COURT CASES

The authority vested in the Commissioner of Internal Revenue by 26 CFR 301.6020-1, 26 CFR 301.6201-1, 26 CFR 301.7701-9 and Treasury Department Order No. 150-37, is hereby delegated as follows:

1. (a) In each region the Regional Commissioner is authorized to represent the Commissioner in determining liability or qualification for the following types of cases not docketed in the U.S. Tax Court when the taxpayer does not agree with the determination made by the office of a District Director or by the office of the Director of International Operations and requests consideration by the Regional Appellate Division or the Regional Employee Plans and Exempt Organizations Division, or both:

(1) Except as excluded under paragraph 5 of this Order, liability for excise, employment, income, profits, estate and gift taxes; and

(2) Initial or continuing qualification under Subchapter D of Chapter 1 of the Internal Revenue Code of 1954.

(b) Except as provided in subparagraph (c), in each region the Assistant Regional Commissioner (Appellate), is authorized and each Chief and Assistant Chief, Appellate Branch Office, is authorized to represent the Regional Commissioner in the determination of tax liability in any such case.

(c) In each region the Assistant Regional Commissioner (Employee Plans and Exempt Organizations) is authorized and the Executive Assistant to such Assistant Regional Commissioner is authorized to represent the Regional Commissioner in each case under the Internal Revenue Code of 1954 (and related statutory provisions) not docketed in the Tax Court:

(1) In which a taxpayer does not agree to the determination of liability for Chapter 42 or Chapter 43 excise taxes and certain income taxes as applicable to taxable private foundations, and section 4947 trusts, and under Code sections 507(c), 511, 527(f), or 1381(a)(1), made by the office of a Key District Director of Internal Revenue for Employee Plans and Exempt Organizations matters and requests consideration by the Regional Employee Plans and Exempt Organizations Division.

(2) In which an applicant does not agree to the determination of initial or continuing qualification under Subchapter D of Chapter 1 made by the office of a Key District Director of Internal Revenue for Employee Plans and Exempt Organizations matters and requests consideration by the Regional Employee Plans and Exempt Organizations Division.

(d) The authorities delegated in this paragraph are subject to the exceptions set forth in paragraph 3 of this Order and they may not be redelegated.

2. (a) In conformity with the provisions of Delegation Order No. 60 (as revised), except as provided in subparagraph (b) following, in each income, excise, profits, estate, and gift tax case docketed in the United States Tax Court, the Assistant Regional Commissioner (Appellate) is authorized and each Chief and Assistant Chief, Appellate Branch Office, is authorized to perform those functions delegated to the Regional Commissioner in that joint Order.

(b) With respect to cases docketed in the Tax Court under the Internal Revenue Code of 1954 and related statutory provisions, in each Chapter 42 or Chapter 43 excise tax case and in certain income tax cases, as applicable to taxable private foundations, and to section 4947 trusts, Code sections 507(c), 511, 527(f), or 1381(a)(1), and in each retirement plan qualification case under Subchapter D of Chapter 1, in each region the Assistant Regional Commissioner (Employee Plans and Exempt Organizations), is authorized and the Executive Assistant to such Assistant Regional Commissioner is authorized to perform those functions vested in the Regional Commissioner by Commissioner's Delegation Order No. 60 (as revised).

(c) The authorities delegated in this paragraph are subject to the exceptions set forth in paragraph 3 of this Order and may not be redelegated.

3. The authorities delegated to the Regional Commissioner do not include authority to:

(a) Eliminate the ad valorem fraud penalty in any case in which the penalty has been determined by the district office or service center office in connection with a tax year or period, or which is related to or affects such year or period, for which criminal prosecution against the taxpayer (or related taxpayer involving the same transaction) has been recommended to the Department of Justice for willful attempt to evade or defeat tax, or for willful failure to file a return, except upon the recommendation or concurrence of Counsel; or

(b) Act in any case in which a recommendation for criminal prosecution is pending, except with the concurrence of Counsel.

4. In any case not docketed in the Tax Court in which a statutory notice was issued by the Office of a District Director or by the Director of International Operations, the Assistant Regional Commissioner (Appellate) or the Assistant Regional Commissioner (Employee Plans and Exempt Organizations), as appropriate, may relinquish the requested jurisdiction by waiver to the office of that Director. No such waiver shall be made in any case in which criminal prosecution has been recommended and not finally disposed of; nor in any case in which the determination in the statutory notice includes the ad valorem fraud penalty. Notwithstanding any such waiver, upon filing of a petition with the Tax Court, jurisdiction shall revest in the Appellate Division and or the Employee Plans and Exempt Organizations Division, as appropriate.

5. The excise and employment taxes subject to the provisions of this Order include any Federal excise or employment tax under the Internal Revenue Code of 1954, except any tax imposed by the following provisions or corresponding provisions of the Internal Revenue Code of 1939:

(a) Subtitle E; or

(b) Subchapter D, Chapter 78 of Subtitle F, insofar as it relates to alcohol and tobacco.

6. The authority to make and subscribe to a return under provisions of Code section 6020 is delegated to Appellate Appeals Officers and/or Employee Plans and Exempt Organizations Conferees, as appropriate.

7. While certain officials are delegated authority under subparagraphs 1(c) and 2(b) broad enough to determine all matters affecting proposed liabilities arising from application of the Code provisions referred to in those subparagraphs, it is contemplated that such officials will not usually determine substantial unrelated matters affecting tax liability but arising independently of the application of the said Code provisions. If, pursuant to this Order, two officials of different functions have determined separate matters in the same or a related case, either official may sign notices required by statute giving effect to the determinations of both.

8. The authorities contained in this Order are intended to supplement the authorities contained in Delegation Order No. 60 (as revised).

9. The authority delegated under this Order to Employee Plans and Exempt Organizations officials will apply only to those cases where a preliminary notice (30-day letter), notice of intent to disqualify, or proposed notice of revocation or modification is issued on or after the effective date of this Order. Regional Appellate Division officials will continue to determine the disposition of cases in which such notices were issued before such effective date.

10. This Order supersedes Commissioner's Delegation Order No. 66 (Rev. 4), Chief Counsel's Order No. 1958-11 (Rev. 4), issued November 23, 1970. Delegation Order No. 158, issued September 17, 1976, is superseded.

Dated: August 29, 1977.

JEROME KURTZ,
Commissioner.

SEPTEMBER 6, 1977.

STUART E. SEIGEL,
Chief Counsel.

Acting Chief, Exempt Organizations, Operations Branch.

DATE OF ISSUE: September 14, 1977.

EFFECTIVE DATE: October 17, 1977.

CASES IN THE UNITED STATES TAX COURT

1. With respect to United States Tax Court cases, the authority vested in the Commissioner of Internal Revenue by 26 CFR 301.6020-1, 26 CFR 301.6201-1, 26 CFR 301.7701-9 and Treasury Department Order No. 150-37 is hereby delegated, and pursuant to the authority vested in Chief Counsel for the Internal Revenue Service by General Counsel Legal Division Order No. 4 it is ordered:

(a) *Pre-Session Cases.* Prior to the opening date of the session at which a case is calendared for trial or of any pre-trial hearing of or report session on a case:

(1) Settlement negotiations with the petitioner or petitioner's counsel or both shall be conducted by the Regional Commissioner, with Chief Counsel's delegate (hereinafter referred to as Counsel) invited to participate; and

(2) A settlement or concession of the case in whole or in part, negotiated or made by the Regional Commissioner and concurred in by Counsel will dispose of the case or the issue or issues involved; and

(3) If the Regional Commissioner and Counsel fail to agree (i) as to a proposed settlement or concession or (ii) that there should not be a settlement or concession, the views of each office shall be submitted by Counsel to the Chief Counsel; and the decision of the Chief Counsel in such a case shall be controlling and action shall be taken in accordance with the decision memorandum as to the whole case, or as to the issue or issues on which there was a failure to agree at the regional level.

(b) *Session Cases.* On and after the opening date of the session at which a case is calendared for trial, or of any pre-trial hearing of or report session on a case:

(1) The conclusion of Counsel that the case, in whole or in part, shall be settled, conceded, or tried shall be controlling; and Counsel's decision memorandum on the settlement or concession shall be the basis for disposition of the case, in whole or in part; and

(2) Counsel is authorized to execute stipulations of settlement of an issue or issues or of the whole case, and of concession of the case in whole or in part.

(c) *Continuance of Authority of Counsel.* The authority of Counsel under paragraph (b) shall continue:

(1) During the session at which the case is calendared for trial; or during the pre-trial or report session, as the case may be; and

(2) If a pre-trial or report session is held on the case after notice has been given that the case is calendared for trial; from the opening day of the pre-trial or report session, whichever is earlier, to and during the session for which the case is calendared for trial; and

(3) If a case is continued other than generally from a pre-trial, report, or trial session; during such continuance; and

(4) From the time when any action is taken by Counsel, during any period of time prescribed in (1), (2) and (3) of this paragraph, which modifies a pre-session conclusion of the Regional Commissioner with respect to any issue or issues of the case.

(d) *Reversion to Pre-Session Status.* If a case is continued generally from a pre-trial, report, or trial session without action having been taken by Counsel to modify a pre-session conclusion of the Regional Commissioner with respect to any issue or issues of the case, it shall revert to the status of a pre-session case and paragraph (a) shall apply until paragraph (b) again becomes effective.

(e) *Responsibility of Counsel.* Counsel shall act for the Chief Counsel, and shall be responsible for, and have power of decision in, proceedings before the Court. In the post-trial processing of a case Counsel shall have all the authority stated in subparagraphs (1) and (2) of paragraph (b). Counsel may consult at any time with the Regional Commissioner to the full extent desirable.

2. The authority delegated herein to Regional Commissioners may be redelegated only by specific Commissioner's Delegation Orders. The authority of Chief Counsel's Delegate to redelegate is contained in Chief Counsel's Order No. 1030.1A, issued August 20, 1974.

3. This Order supersedes Commissioner's Delegation Order No. 60, Chief Counsel's Order No. 1958-5, issued April 17, 1958.

Dated: August 29, 1977.

JEROME KURTZ,
Commissioner.

Office of the Secretary

[Department Circular Public Debt Series—No. 22-77]

TREASURY NOTES OF SEPTEHBER 30, 1979

Series U-1979

SEPTEMBER 14, 1977.

1. INVITATION FOR TENDERS

1.1 The Secretary of the Treasury, under the authority of the Second Liberty Bond Act, as amended, invites tenders for approximately $3,136,000,000 of United States securities, designated Treasury Notes of September 30, 1979, Series U-1979 (CUSIP No. 912827 HA 3). The securities will be sold at auction with bidding on the basis of yield. Payment will be required at the price equivalent of the bid yield of each accepted tender. The interest rate on the securities and the price equivalent of each accepted bid will be determined in the manner described below. Additional amounts of these securities may be issued to Government accounts and Federal Reserve Banks for their own account in exchange for maturing Treasury securities. Additional amounts may also be issued for cash to Federal Reserve Banks as agents of foreign and international monetary authorities.

2. DESCRIPTION OF SECURITIES

2.1. The securities will be dated September 30, 1977, and will bear interest from that date, payable on a semiannual basis on March 31, 1978, and each subsequent 6 months on September 30 and March 31 until the principal becomes payable. They will mature September 30, 1979, and will not be subject to call for redemption prior to maturity.

2.2. The income derived from the securities is subject to all taxes imposed under the Internal Revenue Code of 1954. The securities are subject to estate, inheritance, gift or other excise taxes, whether Federal or State, but are exempt from all taxation now or hereafter imposed on the principal or interest thereof by any State, any possession of the United States, or any local taxing authority.

2.3. The securities will be acceptable to secure deposits of public monies. They will not be acceptable in payment of taxes.

2.4. Bearer securities with interest coupons attached, and securities registered as to principal and interest, will be issued in denominations of $5,000, $10,000, $100,000, and $1,000,000. Book-entry securities will be available to eligible bidders in multiples of those amounts. Interchanges of securities of different denominations and of coupon, registered and book-entry securities, and the transfer of registered securities will be permitted.

2.5. The Department of the Treasury's general regulations governing United States securities apply to the securities offered in this circular. These general regulations include those currently in effect, as well as those that may be issued at a later date.

3. SALE PROCEDURES

3.1. Tenders will be received at Federal Reserve Banks and Branches and at the Bureau of the Public Debt, Washington, D.C. 20226, up to 1:30 p.m., Eastern Daylight Saving time, Wednesday, September 21, 1977. Noncompetitive tenders as defined below will be considered timely if postmarked no later than Tuesday, September 20, 1977.

3.2. Each tender must state the face amount of securities bid for. The minimum bid is $5,000 and larger bids must be in multiples of that amount. Competitive tenders must also show the yield desired, expressed in terms of an annual yield with two decimals, e.g., 7.11%. Common fractions may not be used. Noncompetitive tenders must show the term "noncompetitive" on the tender form in lieu of a specified yield. No bidder may submit more than one noncompetitive tender and the amount may not exceed $1,000,000.

3.3. All bidders must certify that they have not made and will not make any agreements for the sale or purchase of any securities of this issue prior to the deadline established in Section 3.1. for receipt of tenders. Those authorized to submit tenders for the account of customers will be required to certify that such tenders are submitted under the same conditions, agreements, and certifications as tenders submitted directly by bidders for their own account.

3.4. Commercial banks, which for this purpose are defined as banks accepting demand deposits, and primary dealers, which for this purpose are defined as dealers who make primary markets in Government securities and report daily to the Federal Reserve Bank of New York their positions in and borrowings on such securities, may submit tenders for account of customers if the names of the customers and the amount for each customer are furnished. Others are only permitted to submit tenders for their own account.

3.5. Tenders will be received without deposit for their own account from commercial banks and other banking institutions; primary dealers, as defined above; Federally-insured savings and loan associations; States, and their political subdivisions or instrumentalities; public pension and retirement and other public funds; international organizations in which the United States holds membership; foreign central banks and foreign states; Federal Reserve Banks; and Government accounts. Tenders from others must be accomplished by a deposit of 5% of the face amount of securities applied for (in the form of cash, maturing Treasury securities or readily collectible checks), or by a guarantee of such deposit by a commercial bank or a primary dealer.

3.6. Immediately after the closing hour, tenders will be opened, followed by a public announcement of the amount and yield range of accepted bids. Subject to the reservations expressed in Section 4, noncompetitive tenders will be accepted in full at the weighted average price (in three decimals) of accepted competitive tenders, and competitive tenders with the lowest yields will be accepted to the extent required to attain the amount offered. Tenders at the highest accepted yield will be prorated if necessary. After the determination is made as to which tenders are accepted, a coupon rate will be established, on the basis of a ⅛ of one percent increment, which results in an equivalent average accepted price close to 100.000 and a lowest accepted price above the original issue discount limit of 99.500. That rate of interest will be paid on all of the securities. Based on such interest rate, the price on each competitive tender allotted will be determined and each successful competitive bidder will be required to pay the price equivalent to the yield bid. Price calculations will be carried to three decimal places on the basis of price per hundred, e.g., 99.923, and the determinations of the Secretary of the Treasury shall be final. If the amount of noncompetitive tenders received would absorb all or most of the offering, competitive tenders will be accepted in an amount sufficient to provide a fair determination of the yield. Tenders received from Government accounts and Federal Reserve Banks will be accepted at the weighted average price of accepted competitive tenders.

3.7. Competitive bidders will be advised of the acceptance or rejection of their tenders. Those submitting noncompetitive tenders will only be notified if the tender is not accepted in full or when the price is over par.

4. RESERVATIONS

4.1. The Secretary of the Treasury expressly reserves the right to accept or reject any or all tenders in whole or part, to allot more or less than the amount of securities specified in Section 1, and to make different percentage allotments to various classes of applicants when the Secretary considers it in the public interest. The Secretary's action under this Section is final.

5. PAYMENT AND DELIVERY

5.1. Settlement for allotted securities must be made or completed on or before Friday, September 30, 1977, at the Federal Reserve Bank or Branch or at the Bureau of the Public Debt, wherever the tender was submitted. Payment must be in cash; in other funds immediately available to the Treasury; in Treasury bills, notes or bonds (with all coupons detached) maturing on or before the settlement date but which are not overdue as defined in the general regulations governing United States securities; or by check drawn to the order of the institution to which the tender was submitted, which must be received at such institution no later than:

(a) Monday, September 26, 1977, if the check is drawn on a bank in the Federal Reserve District of the institution to which the check is submitted (the Fifth Federal Reserve District in case of the Bureau of the Public Debt), or

(b) Friday, September 23, 1977, if the check is drawn on a bank in another Federal Reserve District.

Checks received after the dates set forth in the preceding sentence will not be accepted unless they are payable at the applicable Federal Reserve Bank. Payment will not be considered complete where registered securities are requested if the appropriate identifying number as required on tax returns and other documents submitted to the Internal Revenue Service (an individual's social security number or an employer identification number) is not furnished. When payment is made in securities, a cash adjustment will be made to or required of the bidder for any difference between the face amount of securities presented and the amount payable on the securities allotted.

5.2. In every case where full payment is not completed on time, the deposit submitted with the tender up to 5 percent of the face amount of securities allotted, shall, at the discretion of the Secretary of the Treasury, be forfeited to the United States.

5.3. Registered securities tendered as deposits and in payment for allotted securities are not required to be assigned if the new securities are to be registered in the same names and forms as appear in the registrations or assignments of the securities surrendered. When the new securities are to be registered in names and forms different from those in the inscriptions or assignments of the securities presented, the assignment should be to "The Secretary of the Treasury for (securities offered by this circular) in the name of (name and taxpayer identifying number)." If new securities in coupon form are desired, the assignment should be to "The Secretary of the Treasury for coupon (securities offered by this circular) to be delivered to (name and address)." Specific instructions for the issuance and delivery of the new securities, signed by the owner or authorized representative, must accompany the securities presented. Securities tendered in payment should be surrendered to the Federal Reserve Bank or Branch or to the Bureau of the Public Debt, Washington, D.C. 20226. The securities must be delivered at the expense and risk of the holder.

5.4. If bearer securities are not ready for delivery on the settlement date, purchasers may elect to receive interim certificates. These certificates shall be issued in bearer form and shall be exchangeable for definitive securities of this issue, when such securities are available, at any Federal Reserve Bank or Branch or at the Bureau of the Public Debt, Washington, D.C. 20226. The interim certificates must be returned at the risk and expense of the holder.

5.5. Delivery of securities in registered form will be made after the requested form of registration has been validated, the registered interest account has been established, and the securities have been inscribed.

6. GENERAL PROVISIONS

6.1. As fiscal agents of the United States, Federal Reserve Banks are authorized and requested to receive tenders, to make allotments as directed by the Secretary of the Treasury, to issue such notices as may be necessary, to receive payment for and make delivery of securities on full-paid allotments, and to issue interim certificates pending delivery of the definitive securities.

V 42 I 181 SEP 19 77 UMI

6.2. The Secretary of the Treasury may at any time issue supplemental or amendatory rules and regulations governing the offering. Public announcement of such changes will be promptly provided.

DAVID MOSSO,
Fiscal Assistant Secretary.

VETERANS ADMINISTRATION

CAREER DEVELOPMENT COMMITTEE

Meeting

The Veterans Administration gives notice pursuant to Public Law 92-463 that a final meeting of the Career Development Committee will be held in Room A-53 of the Veterans Administration, 810 Vermont Avenue, NW., Washington, D.C. 20420, October 3-4, 1977, at 8:30 a.m. The meeting will be for the purpose of scientific review of applications for appointment to the Career Development Program in the Veterans Administration system. The Committee advises the Director, Medical Research Service on selection and appointment of Associate Investigators, Research Associates, Clinical Investigators, Medical Investigators, Senior Medical Investigators and William S. Middleton Award Nominees.

The meting will be open to the public up to the seating capacity of the room from 8:30 a.m. to 9 a.m. to discuss the general status of the program. Because of the limited seating capacity of the room, those who plan to attend should contact Mrs. Darlene R. Whorley, Executive Secretary of the Committee, VA Central Office, Washington, D.C. (202-389-2317) prior to September 28, 1977.

The meeting will be closed from 9 a.m. to 5 p.m. on October 3-4 for consideration of individual applications for positions in the Career Development Program. This necessarily requires examination of personnel files and discussion and evaluation of the qualifications, competence, and potential of the several candidates, disclosure of which information would constitute a clearly unwarranted invasion of personal privacy, as provided for in 5 USC 552b(c)(6) and section 10(d) of Public Law 92-463.

Minutes of the meeting and rosters of the committee members may be obtained from Mrs. Darlene R. Whorley, Chief, Career Development Program, Medical Research Service, Veterans Administration, Washington, DC (phone 202-389-2317).

Dated: September 13, 1977.

MAX CLELAND,
Administrator.

INTERSTATE COMMERCE COMMISSION

[Notice No. 482]

ASSIGNMENT OF HEARINGS

SEPTEMBER 14, 1977.

Cases assigned for hearing, postponement, cancellation or oral argument appear below and will be published only once. This list contains prospective assignments only and does not include cases previously assigned hearing dates. The hearings will be on the issues as presently reflected in the Official Docket of the Commission. An attempt will be made to publish notices of cancellation of hearings as promptly as possible, but interested parties should take appropriate steps to insure that they are notified of cancellation or postponements of hearings in which they are interested.

MC 125433 (Sub-No. 94), F-B Truck Line Company, now assigned September 16, 1977, at San Francisco, Calif. is canceled and application dismissed.

MC 82841 (Sub-No. 207), Hunt Transportation, now assigned September 22, 1977, at Kansas City, Mo. is canceled and application dismissed.

MC 141081 Sub No. 4 National Freight Lines, Inc., now assigned September 15, 1977 is postponed to December 8, 1977 (2 days) at Los Angeles, Calif., in a hearing room to be later designated.

MC 142982 T. G. Swarb, DBA Swarb Trucking Co., now assigned October 26, 1977 at Houston, Tex., will be held in Room 7006, Federal Bldg. and Courthouse, 515 Rusk Ave.

MC 129068 Sub No. 38 Griffin Transportation, Inc., now assigned October 31, 1977 at Dallas, Tex., will be held in Room 5A15-17, Federal Bldg., 1100 Commerce St.

MC 141663 Robert E. Moore Common Carrier Application, now assigned October 12, 1977 at Greensboro, N.C., will be held in Room 127, U.S. Post Office and Federal Bldg., 324 West Market St.

MC 124857 Sub 1, Interstate Towing, Inc. now assigned September 19, 1977 at Phoenix, Ariz., is cancelled and transferred to Modified Procedure.

H. G. HOMME, Jr.,
Acting Secretary.

[Notice No. 224]

MOTOR CARRIER BOARD TRANSFER PROCEEDINGS

The following publications include motor carrier, water carrier, broker, and freight forwarder transfer applications filed under Section 212(b), 206(a), 211, 312(b), and 410(g) of the Interstate Commerce Act.

Each application (except as otherwise specifically noted) contains a statement by applicants that there will be no significant effect on the quality of the human environment resulting from approval of the application.

Protests against approval of the application, which may include a request for oral hearing, must be filed with the Commission within 30-days after the date of this publication. Failure seasonably to file a protest will be construed as a waiver of opposition and participation in the proceeding. A protest must be served upon applicants' representative(s), or applicants (if no such representative is named), and the protestant must certify that such service has been made.

Unless otherwise specified, the signed original and six copies of the protest shall be filed with the Commission. All protests must specify with particularity the factual basis, and the section of the Act, or the applicable rule governing the proposed transfer which protestant believes would preclude approval of the application. If the protest contains a request for oral hearing, the request shall be supported by an explanation as to why the evidence sought to be presented cannot reasonably be submitted through the use of affidavits.

The operating rights set forth below are in synopses form, but are deemed sufficient to place interested persons on notice of the proposed transfer.

No. MC-FC-77285, filed September 2, 1977. Transferee: B-N INC., 705 North Topeka, P.O. Box 232, El Dorado, Kans. 67042. Transferor: Bacon, Inc., P.O. Box 1326 Ardmore, Okla. 73401. Applicant's representative: Wilburn L. Williamson, Attorney at Law, 3535 NW., 58th Street, Suite 280, National Foundation Life Bldg., Oklahoma City, Okla. 73112. Authority sought for purchase by transferee of the operating rights of transferor as set forth in Permit No. MC-129467 issued April 22, 1970, as follows: Industrial asphalt, in bulk, in tank vehicles, from Augusta and El Dorado, Kans., to Kansas City, Mo. Transferee presently holds no authority from this Commission. Application has not been filed for temporary authority under Section 210a(b).

No. MC-FC-77289, filed September 2, 1977. Transferee: UNIVERSAL DEVELOPMENT, INC., P.O. Box 568, York, Nebr., 68467. Transferor: Iowa Packers Xpress, Inc., 920 32nd Ave. West, Spencer, Iowa 51301. Applicant's representative: John Jandera, Attorney at Law, 641 Harrison St., Topeka, Kans. 66603; Scott E. Daniel, Attorney at Law, P.O. Box 82028, Lincoln, Nebr. 68501. Authority sought for purchase by transferee of a portion of the operating rights of transferor, as set forth in Certificate No. MC-115113 (Sub-No. 31), issued July 15, 1976, as follows: *Meats, meat products, meat by-products, and articles distributed by meat packinghouses*, as described in Sections A and C of Appendix I to the report in Descriptions in Motor Carrier Certificates, 61 M.C.C. 209 and 766 (except hides and commodities in bulk), from the plant site and storage facilities of, or utilized by, Farmland Foods, Inc., located at or near Crete, Nebr., to points in Connecticut, Delaware, Maine, Maryland, Massachusetts, New Hampshire, New Jersey, New York, Ohio, Pennsylvania, Rhode Island, Vermont, Virginia, West Virginia, and the District of Columbia, with no transportation for compensation on return except as otherwise authorized. Restriction: The operations authorized herein are restricted to the transportation of traffic originating at the named origin and destined to the indicated destinations. Transferee is presently authorized to operate as a common carrier under Certificate No. MC-143071 and subs thereafter. Application has not been filed for temporary authority under Section 210a(b).

No. MC-FC-77292, filed September 2, 1977. Transferee: WILLIAM L. POTTER, doing business as FRANKS EXPRESS, 83 Mill St., Rhinebeck, N.Y. 12572. Transferor: Ellwood V. Franks, doing business as Franks Express, Old Route 22, Millerton, N.Y. 12546. Applicant's representative: Neil D. Breslin, Attorney at Law, 99 Washington Ave., Suite 1111, Albany, N.Y. 12210. Authority sought for purchase by transferee of the operating rights of transferor, as set forth in Certificate of Registration No. MC-97059 (Sub-No. 1), issued September 30, 1975, as follows: General commodities, between all points in Dutchess County, N.Y. Transferee presently holds no authority from this Commission. Application has not been filed for temporary authority under Section 210a(b).

No. MC-FC-77294, filed August 30, 1977. Transferee: STAN'S VAN SERVICE, INC., 5 Lynde St., Nashua, N.H. Transferor: Edgar J. Liberty, doing business as Liberty's Eastern Express, 41 Elm St., Milford, N.H. Applicant's representative: Silas Little III, Attorney at Law, 116 Lowell St., Manchester, N.H. 03101. Authority sought for purchase by transferee of the operating rights of transferor, as set forth in Certificate No. MC-38299, issued May 15, 1953, as follows: *Household goods* as defined by the Commission, over irregular routes, between points in Hillsboro, Cheshire, and Merrimack Counties, N.H., on the one hand, and, on the other, points in Vermont. Transferee presently holds no authority from this Commission. Application has not been filed for temporary authority under Section 210a(b).

No. MC-FC-77296, filed August 31, 1977. Transferee: J. J. BRADY & SONS, INC., R. 29 West Street, Beverly Farms, Mass. 01915. Transferor: Elmer Robert Dahlenburg (Davis R. Dahlenburg, M.D., Executor), doing business as E. R. Dahlenburg, 238 Pike Street, Covington, Ky. 41011. Applicant's representative: David B. Erwin, Attorney at Law, 1030 E. Lafayette Street, Suite 112, Tallahassee, Fla. 32301. Authority sought for purchase by transferee of the operating rights of transferor as set forth in Certificate No. MC-53746, issued October 20, 1955, as follows: Horses and in connection therewith harness, sulkies, and other articles customarily accompanying race horses and polo ponies between points in Ohio, Illinois, Indiana, Michigan, Pennsylvania, New Jersey, New York, Kentucky, and West Virginia. Transferee presently holds no authority from this Commission. Application has not been filed for temporary authority under Section 210a(b).

No. MC-FC-77297, filed August 30, 1977. Transferee: CASSER TOURS, INC., 46 West 43rd Street, New York, N.Y. 10036. Transferor: Manhattan Transit Co., U.S. Highway 46, Elmwood Park, N.J. 07407. Applicant's representative: Henry U. Snavely, 410 Pine Street, Vienna, Va. 22180. Authority sought for the purchase by transferee of (1) the operating rights of transferor as set forth in Certificates Nos. MC-3700 (Sub-No. 37), issued March 14, 1958; MC-3700 (Sub-No. 39), issued November 18, 1958; MC-3700 (Sub-No. 40), issued January 21, 1959; MC-3700 (Sub-No. 41), issued April 28, 1959; MC-3700 (Sub-No. 42), issued October 18, 1963; MC-3700 (Sub-No. 43), issued May 2, 1961; MC-3700 (Sub-No. 44), issued September 28, 1961; MC-3700 (Sub-No. 45), issued December 27, 1961; MC-3700 (Sub-No. 47), issued November 13, 1963; MC-3700 (Sub-No. 53), issued August 1, 1967; MC-3700 (Sub-No. 54), issued June 26, 1969; MC-3700 (Sub-No. 56), issued April 15, 1968; MC-3700 (Sub-No. 59) issued April 24, 1969; MC-3700 (Sub-No. 60), issued October 8, 1969; MC-3700 (Sub-No. 62), issued December 4, 1970; MC-3700 (Sub-No. 63), issued June 23, 1971; MC-3700 (Sub-No. 65), issued May 25, 1972; MC-3700 (Sub-No. 67), issued July 6, 1972; MC-3700 (Sub-No. 69), issued June 4, 1973; MC-3700 (Sub-No. 71), issued January 8, 1975; and MC-3700 (Sub-No. 72), issued May 12, 1975; and (2) the special operations portions of Certificate No. MC-3700 (Sub-No. 36), issued May 13, 1957, as follow:

Passengers and their baggage, over irregular routes, in special round-trip operations, restricted to the authorized racing season at each of the tracks named: Beginning and ending at New York, N.Y., and extending to the Delaware Race Track, Stanton, Del., the Pimlico Race Track, Baltimore, Md., the Laurel Race Track, Laurel, Md., the Bowie Race Track, Bowie, Md., the Saratoga Race Track, Saratoga, N.Y., the Lincoln Downs Race Track, Lincoln, R.I., Charles Town Race Track, Charles Town, W. Va., Freehold Race Track, Freehold, N.J., Atlantic City Race Track (Hamilton Township), N.J., Green Mountain Park Race Track, at Pownal, Vt., Dover Downs Race Track, Dover, Del., Liberty Bell Park Race Track, Philadelphia, Pa., Brandywine Raceway at Wilmington, Del., Penn National Race Course, at Grantville, Pa., and Keystone Race Track, at Bensalem, Pa.; (b) Beginning and ending at Newark or Paterson, N.J., and extending to Yonkers Raceway, Yonkers, N.Y., Roosevelt Raceway, Westbury, N.Y., Aqueduct Race Track and Jamaica Race Track, New York, N.Y., and Belmont Race Track, Belmont, N.Y.; (c) Beginning and ending at Jersey City and Newark, N.J., and extending to Saratoga Race Track, Saratoga Springs, N.Y.; (d) Beginning and ending at Paterson, Clifton, and Passaic, N.J., and extending to Delaware Park Race Track, Stanton, Del., Pimlico Race Track, Baltimore, Md., Laurel Race Track, Laurel, Md., and Bowie Race Track, Bowie, Md.; (e) Beginning and ending at Clifton and Passaic, N.J., and extending to Aqueduct Race Track, New York, N.Y., Belmont Race Track, [B]elmont, N.Y., Jamaica Race Track, New York, N.Y., Yonkers Raceway, Yonkers, N.Y., and Roosevelt Raceway, Westbury, N.Y.; (f) Beginning and ending at Hackensack and Fort Lee, N.J., and extending to Yonkers Raceway, Yonkers, N.Y.; (g) Beginning and ending at Bloomfield, N.J., and extending to Delaware Park Race Track, Stanton, Del., Pimlico Race Track, Baltimore, Md., and Bowie Race Track, Bowie, Md.; (h) Beginning and ending at Bloomfield, Clifton, Passaic, and Paterson, N.J., and extending to Liberty Bell Park Race Track, Philadelphia, Pa., and Green Mountain Park Race Track, Pownal, Vt.; (i) Beginning and ending at Fort Lee and Hackensack, N.J., and extending to Delaware Park Race Track, Stanton, Del., Green Mountain Park Race Track, Pownal, Vt., and Liberty Bell Park Race Track, Philadelphia, Pa.;

Passengers and their baggage, over irregular routes, in special operations restricted to traffic originating at the points indicated in round-trip sightseeing or pleasure tours, from points in Passaic, Bergen, and Essex Counties, N.J., and New York, N.Y., to points in Connecticut, Delaware, Maine, Maryland, Massachusetts, North Carolina, New Hampshire, New Jersey, New York, Pennsylvania, Rhode Island, Tennessee, Vermont, Virginia, and the District of Columbia, and return, subject to the following conditions: No passenger shall be picked up at any point not within the above-described base territory who has not purchased a round-trip tour ticket, and except in the case of a bona fide stopover from one tour to a succeeding tour, no passenger shall be discharged at any point outside the described base territory other than the point of origin of that particular passenger.

Passengers and their baggage in the same vehicle with passengers, over irregular routes, (a) in one-way and round-trip charter operations, Beginning or ending at points in Nassau and Suffolk Counties, N.Y., and extending to points in the United States (except Alaska and Hawaii); (b) in special round-trip sightseeing tours, Beginning and ending at Jersey City, N.J., and extending to points in Connecticut, Delaware, Maine, Maryland, Massachusetts, North Carolina, New Hampshire, New Jersey, New York, Pennsylvania, Rhode Island, Tennessee, Vermont, Virginia, and the District of Columbia; (c) in special operations, in round-trip sightseeing or pleasure tours, (i) Beginning and ending at Freeport, Hempstead Village, Lynbrook, Garden City, Mineola, New Hyde Park, Floral Park, Hicksville, East Patchogue, Bay Shore, Babylon, Huntington, and Huntington Station, N.Y., and extending to points in Connecticut, Delaware, Maine, Massachusetts, Maryland, North Carolina, New Hampshire, New Jersey, New York, Pennsylvania, Rhode Island, Tennessee, Vermont, Virginia, and the District of Columbia; (ii) Beginning and ending at Bayonne, N.J., and extending to points in Florida; (iii) Beginning and ending at Jersey City, N.J., New York, Freeport, Hempstead Village, Lynbrook, Garden City, Mineola, New Hyde Park, Floral Park, Hicksville, East Patchogue, Bay Shore, Babylon, Huntington, and Huntington Station, N.Y., points in Passaic, Bergen, and Essex Counties, N.J., and extending to points in Alabama, Alaska,

[Notice No. 112TA]

MOTOR CARRIER TEMPORARY AUTHORITY APPLICATIONS

SEPTEMBER 7, 1977.

The following are notices of filing of applications for temporary authority under Section 310a(a) of the Interstate Commerce Act provided for under the provisions of 49 CFR 1131.3. These rules provide that an original and six (6) copies of protests to an application may be filed with the field official named in the FEDERAL REGISTER publication no later than the 15th calendar day after the date the notice of the filing of the application is published in the FEDERAL REGISTER. One copy of the protest must be served on the applicant, or its authorized representative, if any, and the protestant must certify that such service has been made. The protest must identify the operating authority upon which it is predicated, specifying the "MC" docket and "Sub" number and quoting the particular portion of authority upon which it relies. Also, the protestant shall specify the service it can and will provide and the amount and type of equipment it will make available for use in connection with the service contemplated by the TA application. The weight accorded a protest shall be governed by the completeness and pertinence of the protestant's information.

Except as otherwise specifically noted, each applicant states that there will be no significant effect on the quality of the human environment resulting from approval of its application.

A copy of the application is on file, and can be examined at the Office of the Secretary, Interstate Commerce Commission, Washington, D.C., and also in the ICC Field Office to which protests are to be transmitted.

MOTOR CARRIERS OF PROPERTY

No. MC 32967 (Sub-No. 2TA) (Correction) filed July 7, 1977, published in the FEDERAL REGISTER issue of August 4, 1977, and republished as corrected this issue. Applicant: ATLANTIC COAST EXPRESS, INC., 2170 North Fleet St., Elizabeth, N.J. 07201. Applicant's representative: Galland, 1054 Thirty First St. NW., Washington, D.C. 20007. Authority sought to operate as a *common carrier*, by motor vehicle, over irregular routes, transporting: (1) *General commodities*, except motor vehicles, commodities in bulk, Class A and B explosives, household goods, and commodities which because of their size and weight require special equipment, and (2) *containers and container chassis, and trailers* (except those designed to be drawn by passenger automobiles), between Baltimore, Md., and points in it's Commercial Zone as defined in Title 49 CFR 1048.21, restricted to traffic having an immediate prior or subsequent movement by rail or water, for 180 days. Applicant has also filed an underlying ETA seeking up to 90 days of operating authority. Supporting shipper(s): D. Lee Kraus & Company, 406 Water St., Baltimore, Md. 21202. Renn F. LaMaster, Inc. FMC No. 1785 R, 541 S. Turtle Creek, Indianapolis, Ind. 46227. Keystone Terminals, Inc., Rm. 115 Dunmar Bldg., Dundalk Marine Terminal 21222. Send protests to: District Supervisor Robert E. Johnston, Interstate Commerce Commission, Bureau of Operations, 9 Clinton St. Newark, N.J. 07102. The purpose of this republication is to add the rest of the commodity description in (2) above.

No. MC 114211 (Sub-No. 311TA) (Correction), filed July 29, 1977, published in the FEDERAL REGISTER issue of August 22, 1977, and republished as corrected this issue. Applicant: WARREN TRANSPORT, INC., 324 Manhard Street, Waterloo, Iowa 50704. Applicant's representative: Daniel Sullivan, Suite 1600, 10 South LaSalle Street, Chicago, Ill. 60603. Authority sought to operate as a *common carrier*, by motor vehicle, over irregular routes, transporting: *Agricultural equipment and industrial equipment*, between Grand Island and Lexington, Nebr. and Vinton, Iowa, on the one hand, and, on the other, points in Montana, Wyoming, Colorado, New Mexico, Idaho, Utah, Arizona, Washington, Oregon, Nevada, California, and the ports of entry between the United States and Canada located in North Dakota, Montana, Idaho and Washington, for 180 days. Applicant has also filed an underlying ETA seeking up to 90 days of operating authority. Supporting shipper(s): Sperry New Holland, 500 Diller Avenue, New Holland, Pa. 17557. Send protests to: Herbert W. Allen, District Supervisor, Bureau of Operations, Interstate Commerce Commission, 518 Federal Building, Des Moines, Iowa 50309. The purpose of this republication is to indicate the state of Wyoming in lieu of Nebraska, which was previously published in error.

No. MC 115036 (Sub-No. 25TA), filed August 5, 1977. Applicant: VAN TASSEL Inc., 5th and Grand, Pittsburg, Kans. 66762. Applicant's representative: Dean Williamson, 208 Nat'l. Foundation Life Bldg., Oklahoma City, Okla. 73112. Authority sought to operate as a *contract carrier*, by motor vehicle, over irregular routes, transporting: (1) *Materials* used in the manufacture of urethane (except commodities in bulk), from Pittsburg, Kans. to points in the United States (except Alaska and Hawaii), from points in the United States (except Alaska, Hawaii, Illinois, Indiana, Michigan, Missouri, New Jersey, New York, Ohio, Pennsylvania, and Wisconsin), to Pittsburg, Kans.; (2) *equipment used* in the mixture and discharge of the commodities described in (1) above, between Pittsburg, Kans., on the one hand, and, on the other, points in the United States (except Alaska, and Hawaii). Restriction. Said operations are limited to a transportation service to be performed under a continuing contract or contracts, with Pitzer Inc. of Pittsburg, Kans., for 180 days. Applicant has also filed an underlying ETA seeking up to 90 days of operating authority. Supporting shipper: Pitzer Inc., 502½ N. Broadway, Pittsburg, Kans. 66762. Send protests to: M. E. Taylor, District Supervisor, Interstate Commerce Commission, 101A Litwin Building, Wichita, Kans. 67202.

[Notice No. 118TA]

MOTOR CARRIER TEMPORARY AUTHORITY APPLICATIONS

SEPTEMBER 16, 1977.

The following are notices of filing of applications for temporary authority under Section 210a(a) of the Interstate Commerce Act provided for under the provisions of 49 CFR 1131.3. These rules provide that an original and six (6) copies of protests to an application may be filed with the field official named in the Federal Register publication no later than the 15th calendar day after the date the notice of the filing of the application is published in the FEDERAL REGISTER. One copy of the protest must be served on the applicant, or its authorized representative, if any, and the protestant must certify that such service has been made. The protest must identify the operating authority upon which it is predicated, specifying the "MC" docket and "Sub" number and quoting the particular portion of authority upon which it relies. Also, the protestant shall specify the service it can and will provide and the amount and type of equipment it will make available for use in connection with the service contemplated by the TA application. The weight accorded a protest shall be governed by the completeness and pertinence of the protestant's information.

Except as otherwise specifically noted, each applicant states that there will be no significant effect on the quality of the human environment resulting from approval of its application.

A copy of the application is on file, and can be examined at the Office of the Secretary, Interstate Commerce Commission, Washington, D.C., and also in the ICC Field Office to which protests are to be transmitted.

MOTOR CARRIERS OF PROPERTY

No. MC 51146 (Sub-No. 523TA), filed August 31, 1977. Applicant: SCHNEIDER TRANSPORT, INC., P.O. Box 2298, Green Bay, Wis. 54306. Applicant's representative: Neil A. DuJardin (same address as applicant). [Notice No. 113TA]

MOTOR CARRIER TEMPORARY AUTHORITY APPLICATIONS

SEPTEMBER 8, 1977.

The following are notices of filing of applications for temporary authority under Section 210a(a) of the Interstate Commerce Act provided for under the provisions of 49 CFR 1131.3. These rules provide that an original and six (6) copies of protests to an application may be filed with the field official named in the FEDERAL REGISTER publication no later than the 15th calendar day after the date the notice of the filing of the application is published in the FEDERAL REGISTER. One copy of the protest must be served on the applicant, or its authorized representative, if any, and the protestant must certify that such service has been made. The protest must identify the operating authority upon which it is predicated, specifying the "MC" docket and "Sub" number and quoting the particular portion of authority upon which it relies. Also, the protestant shall specify the service it can and will provide and the amount and type of equipment it will make available for use in connection with the service contemplated by the TA application. The weight accorded a protest shall be governed by the completeness and pertinence of the protestant's information.

Except as otherwise specifically noted, each applicant states that there will be no significant effect on the quality of the human environment resulting from approval of its application.

A copy of the application is on file, and can be examined at the Office of the Secretary, Interstate Commerce Commission, Washington, D.C., and also in the ICC Field Office to which protests are to be transmitted.

MOTOR CARRIERS OF PROPERTY

No. MC 4428 (Sub-No. 17TA), filed August 16, 1977. Applicant: HARCHELROAD TRUCKING CO., 243 Tilford Rd., Pittsburgh, Pa. 15235. Applicant's representative: Christian V. Graf, 407 North Front St., Harrisburg, Pa. 17101. 1

DELETION OF ITEM FROM THE SEPTEMBER 15, 1977 MEETING AGENDA

CIVIL AERONAUTICS BOARD.

SEPTEMBER 12, 1977.

TIME AND DATE: 10 a.m.—September 15, 1977.

PLACE: Room 1027, 1825 Connecticut Avenue NW., Washington, D.C. 20428.

SUBJECT: 6. Consideration of anticipatory costs for ratemaking purposes (Memo No. 6709-B, BFR).

STATUS: Open.

PERSON TO CONTACT:

Phyllis T. Kaylor, The Secretary, 202-673-5068.

SUPPLEMENTARY INFORMATION: At the time this item was added to the September 12, 1977 agenda, it was thought that it would be necessary for this item to be on both the September 12 and September 15 meeting agenda. However, this item was completed at the September 12 meting and there is no need for further discussion of this item on September 15. Accordingly, the following Members have voted that agency business requires that this item be deleted from the September 15, 1977 agenda and that no earlier announcement of this change was possible:

Chairman Alfred E. Kahn
Vice Chairman Richard J. O'Melia
Member G. Joseph Minetti
Member Lee R. West
Member Elizabeth E. Bailey

[S-1355-77 Filed 9-14-77;4:29 pm]

2

COMMODITY FUTURES TRADING COMMISSION.

TIME AND DATE: 10 a.m., September 20, 1977.

PLACE: 2033 K St. NW., Washington, D.C. 5th floor hearing room.

STATUS: Parts of this meeting will be open to the public. The rest of the meeting will be closed to the public.

MATTERS TO BE CONSIDERED:

Portions open to the public:

Chicago Mercantile Exchange Application for Designation To Trade Stud Lumber.

Comex Application for Designation To Trade New Zinc Contract.

Portions closed to the public:

Enforcement Matter.

CONTACT PERSON FOR MORE INFORMATION:

Jane Stuckey, 254-6314.

[FR Doc.S-1358-77 Filed 9-15-77,9:52 am]

3

COMMODITY FUTURES TRADING COMMISSION.

TIME AND DATE: 10 a.m. September 23, 1977.

PLACE: 2033 K Street NW., Washington, D.C., 8th Floor Conference Room.

STATUS: Closed.

MATTERS TO BE CONSIDERED:

Market Surveillance Meeting.

CONTACT PERSON FOR MORE INFORMATION:

Jane K. Stuckey, 254-6314.

[S-1359-77 Filed 9-15-77;9:52 am]

4

EQUAL EMPLOYMENT OPPORTUNITY COMMISSION.

TIME AND DATE: 9:30 a.m. (Eastern Time), Monday, September 19, 1977.

PLACE: Chairman's Conference Room, No. 5240, on the fifth floor of the Columbia Plaza Office Building, 2401 E Street NW., Washington, D.C. 20506.

STATUS: Parts of the meeting will be open to the public. The rest of the meeting will be closed to the public.

MATTERS TO BE CONSIDERED:

Portions open to the public:

(1) Final version of revised Procedural Regulations. A majority of the entire membership of the Commission determined by a recorded vote that Commission business required that this matter be added to the agenda and that no earlier announcement was possible. The vote was as follows:

In favor of change:
Eleanor Holmes Norton, Chair
Ethel Bent Walsh, Commissioner
Daniel E. Leach, Commissioner

Opposed:
None.

(2) Proposed work-sharing agreements between EEOC and the following five State or local agencies, for handling charges of discrimination:
(a) Maryland Commission on Human Relations.
(b) Baltimore (Maryland) Community Relations Commission.
(c) Montgomery County (Maryland Human Relations Commission.
(d) Illinois Fair Employment Practices Commission.
(e) Fort Worth (Texas) Human Relations Commission.
This matter is carried over from the agenda for the postponed meeting of September 14, 1977.

Portions closed to the public:

(1) Litigation Authorization; General Counsel Recommendations. Matters closed to the public under Sec. 1612.13(a) of the Commission's regulations (42 FR 13830, March 14, 1977). These matters are carried over from the agenda for the postponed meeting of September 14, 1977.

(2) Organization of the Commission's Headquarters Offices. A majority of the entire membership of the Commission determined by a recorded vote that Commission business required that this matter be added to the agenda and that no earlier announcement was possible. The vote was as follows:

In favor of change:
Eleanor Holmes Norton, Chair
Ethel Bent Walsh, Commissioner
Daniel E. Leach, Commissioner

V 42 181 SEP 19 77 UMI

Opposed:
None.

NOTE.—Any matter not discussed or concluded may be carried over to a later meeting.

CONTACT PERSON FOR MORE INFORMATION:

Maria D. Wilson, Executive Officer, Executive Secretariat at 202–634–6748.

[S–1351–77 Filed 9–14–77;4:02 pm]

5

EQUAL EMPLOYMENT OPPORTUNITY COMMISSION.

TIME AND DATE: 1:30 p.m. (Eastern Time), Wednesday, September 21, 1977.

PLACE: Chairman's Conference Room, No. 5240, on the fifth floor of the Columbia Plaza Office Building, 2401 E Street NW., Washington D.C. 20506.

STATUS: Open to the public.

14

UNITED STATES PAROLE COMMISSION.

TIME AND DATE: Monday, September 26, 1977, 9 a.m.-5:30 p.m., resuming at 9 a.m., Wednesday, September 28, 1977.

PLACE: Rooms 702 and 704, Federal Aviation Administration (FAA) Offices, 3400 Whipple St., East Point, (Atlanta area) Ga. 30320.

STATUS: Open.

MATTERS TO BE CONSIDERED:

1. Approval of minutes of open meeting held on July 28, 1977.

2. Chairman's remarks concerning operations of the Parole Commission.

3. Reports on regional office operations by Regional Commissioners.

4. Report on National Appeals Board and National Commissioners' operations.

5. Reports from Chairmen of various advisory committees.

6. Consideration of public comment for following proposed amendments to rules in 28 C.F.R., Part 2:

a. § 2.10(c)—Definition of what is meant by "Absconding from supervision" to cause youth or NARA offenders to lose time credit.

b. § 2.20—Classification of certain offenses formerly in the "Greatest" category as Greatest I with time ranges, and others as Greatest II with no time ranges.

7. Consideration of the following suggested rule changes to be published for public comment if adopted:

a. § 2.53—Waiver of parole consideration at the two-thirds point of an inmate's sentence.

b. § 2.26—Allow concurrence of two votes for affirmance of Regional Commissioner's decision, but require concurrence of three votes for reversal, modification, or rehearing.

8. Vote by Proxy—Consideration of whether or not to allow a Commissioner to authorize another Commissioner to vote on his behalf by proxy.

9. Publication of a report entitled "Salient Factor Score and Release Behavior" by Research personnel, in Crime and Delinquency Journal.

10. Legal Report.

11. Research Report. a. Current projects. b. Current and contemplated projects. c. Evaluation of guidelines. d. Definitions of parole success and failure—Recidivism.

12. Consideration of the following suggested Procedures Manual changes.

a. Forfeiture of street time credit for breach of conditions of parole.

b. Elimination of dispositional review delay pending appointment of counsel.

c. Discussion of possible changes in the Mental Competency procedure description.

d. Sentences consecutive to YCA terms—Aggregation of both terms.

e. Provide uniform procedure for revocation hearings within or without contiguous 48 states.

f. Add a paragraph advising examiners to avoid prejudicial, discriminatory or non-professional references in their reports.

g. Determine circumstances when testimony should or should not be in inmate's presence.

h. Release plan—Recommendation that it not be furnished prior to hearings.

i. Establish cut-off date for accepting documents into records to be considered on Original Jurisdiction cases or Original Jurisdiction Appeals.

j. Enforcement of 30 day time limit on appeals and what constitutes extenuating circumstances.

k. Absence of Regional Commissioner for over six consecutive days—Procedure to be followed.

l. Press Contacts—Whether to conduct directly at regional level or at Headquarters through the Public Information Office.

m. New Offense Table—Retroactive or prospective application of entire table or selected portions.

13. Reply to Congressmen regarding constituents by giving them public sector information, sending them consents for inmates signatures, and making full disclosure upon return of signed consent.

14. Regional Commissioners meeting with inmate councils.

15. Delegation of authority between Regional Commissioner, Analysts, and other staff members.

16. Parole supervision and pre-sentence investigations—international aspects.

17. Forms for Original Jurisdiction references and appeals.

18. Mexican Treaty—Handling inmates transferred to United States.

19. Attendance at corrections units meetings in various regions.

20. Contacts with examiners or Commissioners by persons not directly connected with specific cases.

21. NARA—Changes in Bureau of Prisons Procedural Manual.

22. Overtime or compensatory time for occasional work and travel in non-duty hours.

23. Professional organizations with which Commissions should be active.

24. Removing I.D.C.[1] reports which have already been expunged from Bureau of Prisons files from Commission files.

25. Rescission Hearing—Necessity for an I.D.C.[1] report.

26. In Revocation Hearing—Can charges be considered where there is no finding of probable cause.

27. Review of proposed new Administrative Section of Procedures Manual.

SECURITIES AND EXCHANGE COMMISSION.

Notice is hereby given, pursuant to the provisions of the Government in the Sunshine Act, Pub. L. 94-409, that the Securities and Exchange Commission will hold the following meetings during the week of September 19, 1977, in Room 825, 500 North Capitol Street, Washington, D.C.

Closed meetings will be held on Monday, September 19, 1977, immediately following the open meeting at 11 a.m., on Wednesday, September 21, 1977, at 10 a.m., and on Wednesday, September 21, 1977, immediately following the open meeting scheduled for 2 p.m. Open meetings will be held on Monday, September 19, 1977, at 11 a.m. and on Wednesday, September 21, 1977, at 2 p.m.

The Commissioners, their legal assistants, the Secretary of the Commission, and recording secretaries will attend the closed meetings. Certain staff members who are responsible for the calendared matters may be present.

The General Counsel of the Commission, or his designee, has certified that, in his opinion, the items to be considered at the closed meetings may be so considered pursuant to one or more of the exemptions set forth in 5 U.S.C. 552b(c)(4)(8)(9)A and (10) and 17 CFR 200.-402(a)(8)(9)(i) and (10).

Chairman Williams, Commissioners Loomis, Evans, and Pollack determined to hold the aforesaid meetings in closed session and that Commission business requires consideration on Monday, September 19, 1977, of the items scheduled for the open meetings on that date.

The subject matter of the closed meeting scheduled for Monday, September 19, 1977, will be:

Institution of injunctive actions.

Referral of investigative files to Federal, State, or Self Regulatory authorities.

Opinions.

The subject matter of the closed meeting scheduled for Wednesday, September 21, 1977, at 10 a.m. will be:

Referral of investigative files to Federal, State, or Self Regulatory authorities.

Settlement of injunctive actions.

Institution of administrative proceeding.

Institution of injunctive action.

Subpoena enforcement action.

The subject matter of the closed meeting scheduled for Wednesday, September 21, 1977, immediately following the open meeting at 2 p.m. will be:

Post-oral argument discussion.

The subject matter of the open meeting scheduled for Monday, September 19, 1977, at 11 a.m. will be:

1. Consideration of the deferral of re-examination of the indefinite underwriter status under Rule 145(c) and certain provisions of Rule 145(d) pending completion and presentation of a study being prepared by the Directorate of Economic and Policy Research.

2. Affirmation of duty officer action authorizing staff members to appear and testify at a hearing in the matter of SEC v. Equity Service Corporation.

3. Consideration of an application by the Interment Association of California and certain other california mortuary companies for exemption from all provisions of the Investment Company Act of 1940.

4. Consideration of rulemaking proposals to require disclosure in proxy statements of all services auditors provide public companies and their related fees; and a request for information on non-audit services provided by accounting firms.

5. Proposed rule to require disclosure of all the reasons for a change in auditors and whether the decision to change auditors was considered by the registrant's Board of Directors or its Audit Committee.

6. Application filed by the Columbia Gas System, Inc. for an order to issue and sell short-term notes and commercial paper and request for hearing by the State of Ohio regarding the application (Rescheduled from September 14, 1977).

7. Consideration of letters to be sent to certain self-regulatory organizations giving further notice that certain transaction completion rules do not comply with the Securities Exchange Act of 1934.

The subject matter of the open meeting scheduled for Wednesday, September 21, 1977, at 2 p.m. will be:

Oral argument on an application by Mr. Steven C. Pruette for appeal from disciplinary action taken against him by the National Association of Securities Dealers, Inc.

Title 24—Housing and Urban Development
CHAPTER X—FEDERAL INSURANCE ADMINISTRATION, DEPARTMENT OF HOUSING AND URBAN DEVELOPMENT

SUBCHAPTER B—NATIONAL FLOOD INSURANCE PROGRAM

[Docket No. FI-3335]

PART 1914—COMMUNITIES ELIGIBLE FOR THE SALE OF INSURANCE

Status of Participating Communities

AGENCY: Federal Insurance Administration.

ACTION: Final rule.

SUMMARY: The purpose of this rule is to list those communities where the sale of flood insurance is authorized under the National Flood Insurance Program. Flood insurance policies for property located in the communities listed can be obtained from any licensed property insurance agent or broker serving the eligible community, or from the National Flood Insurers Association servicing company for the state.

DATE: The date that appears in the fourth column of the table is the effective date of authorization for the sale of flood insurance.

FOR FURTHER INFORMATION CONTACT:

Mr. Richard Krimm, Assistant Administrator, Office of Flood Insurance, 202–755–5581 or toll free line 800–424–8872, Room 5270, 451 Seventh Street SW., Washington, D.C. 20410.

SUPPLEMENTARY INFORMATION: The Flood Disaster Protection Act of 1973 (Pub. L. 93–234) requires the purchase of flood insurance as a condition of receiving any form of Federal or federally related financial assistance for acquisition or construction purposes in a flood plain area having special hazards within any community identified for at least one year by the Secretary of Housing and Urban Development. The requirement applies to all identified special flood hazard areas within the United States, and no such financial assistance can legally be provided for acquisition or construction except as authorized by Section 202(b) of the Act, as amended, unless the community has entered the program. Accordingly, for communities listed under this Part no such restriction exists, although insurance, if required, must be purchased.

The addresses of the National Flood Insurers Association servicing companies, where flood insurance policies can be obtained, are published at § 1912.5 (24 CFR Part 1912).

The Federal Insurance Administrator finds that delayed effective dates would be contrary to the public interest. The Administrator also finds that notice and public procedure under 5 U.S.C. 553(b) are impracticable and unnecessary.

Section 1914.6 of Part 1914 of Subchapter B of Chapter X of Title 24 of the Code of Federal Regulations is amended by adding in alphabetical sequence new entries to the table. In each entry, a complete chronology of effective dates appears for each listed community. The entry reads as follows:

§ 1914.6 List of eligible communities.

State	County	Location	Effective date of authorization of sale of flood insurance for area	Hazard area identified	Community No.

[Docket No. FI-3332]

PART 1916—CONSULTATION WITH LOCAL OFFICIALS

Changes in Special Flood Hazard Areas

AGENCY: Federal Insurance Administration.

ACTION: Interim rule.

SUMMARY: The purpose of this rule is to list those communities wherein the Federal Insurance Administrator, after consultation with the Chief Executive Officer of the community, has determined that modification of the Special Flood Hazard Areas (SFHAs) of some locations is appropriate.

Any persons who have knowledge of changed conditions or new scientific or technical data or who wish to comment on these changes should immediately notify the Chief Executive Officer at the address listed.

For rating purposes, the revised community number is listed and must be used for all new policies and renewals.

DATE: These modified SFHAs are currently in effect and amend the Flood Insurance Rate Map (FIRM), in effect prior to this determination. A revised FIRM will be published as soon as possible.

From the date of the second publication of notice of these changes in a prominent local newspaper, any person has 90 days in which he can request through the community that the Federal Insurance Administrator reconsider the changes. Any request for reconsideration must be based on knowledge of changed conditions or new scientific or technical data. All interested parties are on notice that until the 90-day period elapses, these modified SFHAs may be changed.

FOR FURTHER INFORMATION CONTACT:

Mr. Richard Krimm, Assistant Administrator, Office of Flood Insurance, 202–755–5581 or toll free line 800–424–8872, Room 5270, 451 Seventh Street SW., Washington, D.C. 20410.

SUPPLEMENTARY INFORMATION: The changes to the Special Flood Hazard Areas are as follows:

Panel H and I 06—The limits of Zone A are amended to coincide with the shore line of Woodridge Lake, as shown on the map.

Panel H and I 09—The limits of Zone A are amended to coincide with the shore line of Batterson Park Pond, as shown on the map.

Panel H and I 13—Zone A on this panel is now a Zone B.

The modifications are made pursuant to Section 206 of the Flood Disaster Protection Act of 1973 (Pub. L. 93–234) and are in accordance with the National Flood Insurance Act of 1968, as amended (Title XIII of the Housing and Urban Development Act of 1968, Pub. L. 90–448), 42 U.S.C. 4001–4128, and 24 CFR Part 1916.

These SFHAs are the basis for the flood plain management measures that the community is required to either adopt or show evidence of being already in effect in order to qualify or remain qualified for participation in the National Flood Insurance Program (NFIP).

These SFHAs together with the flood plain management measures required by Section 1910.3 of the program regulations are the minimum that are required. They should not be construed to mean the community must change any existing ordinances that are more stringent in their flood plain management requirements. The community may at any time enact stricter requirements on its own, or pursuant to policies established by other Federal, state, or regional entities.

These modified SFHAs shall be used to calculate the appropriate flood insurance premium rates for new buildings and their contents and for the second layer of insurance on existing buildings and contents.

The entry (entry not to be codified in CFR) reads as follows:

Secretary.

[FR Doc 77-26484 Filed 9-16-77;8:45 am]

[Docket No. FI-3333]

PART 1916—CONSULTATION WITH LOCAL OFFICIALS

Changes in Base Flood Elevations

AGENCY: Federal Insurance Administration.

ACTION: Final rule.

SUMMARY: The Federal Insurance Administrator has published a notification of modification of the base (100-year) flood elevations for communities listed below, in prominent local newspapers. Since that publication, ninety days have elapsed; and the Federal Insurance Administrator has evaluated requests for changes in the base flood elevations, and after consultation with the Chief Executive Officer of each community listed, has determined that no changes in the modified flood elevations are necessary.

The numerous changes made in the base flood elevations on the Flood Insurance Rate Map (FIRM) for each community make it administratively infeasible to publish in this notice all of the base flood elevation changes contained in the maps. However, this notice includes the address of the Chief Executive Officer where the modified base flood elevation determinations are available for inspection.

The modifications are pursuant to Section 206 of the Flood Disaster Protection Act of 1973 (Pub. L. 93–234) and are in accordance with the National Flood Insurance Act of 1968, as amended (Title XIII of the Housing and Urban Development Act of 1968 Pub. L. 90–448), 42 U.S.C. 4001–4128, and 24 CFR Part 1916.

For rating purposes, the revised community number is listed and must be used for all new policies and renewals.

DATE: These modified flood elevations are in effect as of the dates in the 6th Column of the attached list and amend the FIRM in effect for each listed community prior to this date.

FOR FURTHER INFORMATION CONTACT:

Mr. Richard Krimm, Assistant Administrator, Office of Flood Insurance, 202–755–5581 or toll free line 800–424–8872, Room 5270, 451 Seventh Street SW., Washington, D.C. 20410.

SUPPLEMENTARY INFORMATION: These base flood elevations are basis for the flood plain management measures that the community is required to either adopt or show evidence of being already in effect in order to qualify or remain qualified for participation in the National Flood Insurance Program (NFIP).

These elevations together with the flood plain management measures required by Section 1910.3 of the program regulations are the minimum that are required. They should not be construed to mean the community must change any existing ordinances that are more stringent in their flood plain management requirements. The community may at any time enact stricter requirements on its own, or pursuant to policies established by other Federal, state, or regional entities.

These modified elevations shall be used to calculate the appropriate flood insurance premium rates for new buildings and their contents and for the second layer of insurance on existing buildings and contents.

The entry (entry not to be codified in CFR) reads as follows:

[Docket No. FI-321]

PART 1920—PROCEDURE FOR MAP CORRECTION

Letter of Map Amendment for the City of Charlotte, N.C.

AGENCY: Federal Insurance Administration, HUD.

ACTION: Final rule.

SUMMARY: On August 6, 1974, the Federal Insurance Administrator published a list of communities for which the Federal Insurance Administration (FIA) published maps identifying Special Flood Hazard Areas. This list included the City of Charlotte, N.C. It has been determined by FIA, after further technical review of the Flood Hazard Boundary Map for the City of Charlotte, N.C., in light of additional, recently acquired flood information, that certain property (described below) is not within the Special Flood Hazard Area.

This map amendment, by establishing that the subject property is not within the Special Flood Hazard Area, removes the requirement to purchase flood insurance for that property as a condition of Federal or Federally-related financial assistance for construction or acquisition purposes.

EFFECTIVE DATE: Date of this notice.

FOR FURTHER INFORMATION CONTACT:

Mr. Richard Krimm, Assistant Administrator, Office of Flood Insurance, 202–755–5581 or toll free line 800–424–8872, Room 5270, 451 Seventh Street SW., Washington, D.C. 20410.

SUPPLEMENTARY INFORMATION: If a property owner was required to purchase flood insurance as a condition of Federal or Federally-related financial assistance for construction or acquisition purposes, and the lender now agrees to waive the property owner from maintaining flood insurance coverage on the basis of this map amendment, the property owner may obtain a full refund of the premium paid for the current policy year, provided that no claim is pending or has been paid on the policy in question during the same policy year. The premium refund may be obtained from the National Flood Insurers Association (NFIA) through the agent or broker who sold the policy.

The text reads as follows:

§ 1920.7 Notice of letter of map amendment.

Map No. H 370159 Panel 08, published on August 6, 1974, in 39 FR 28265, indicates that Lot 2, Shannon Park No. 9, located at 5111 Belcamp Lane, Charlotte, N.C., as recorded in Book 15, Page 89, in the office of the Register of Deeds of Mecklenburg County, N.C., is within the Special Flood Hazard Area.

Map No. H 370159 Panel 08 is hereby corrected to reflect that the existing structure on the above property is not within the Special Flood Hazard Area identified on June 28, 1974.

(National Flood Insurance Act of 1968 (Title XIII of Housing and Urban Development Act of 1968), effective January 28, 1969 (33 FR 17804, November 28, 1968), as amended (42 U.S.C. 4001–4128); and Secretary's delegation of authority to Federal Insurance Administrator, 34 FR 2680, February 27, 1969, as amended (39 FR 2787, January 24, 1974).)

Issued: August 16, 1977.

PATRICIA ROBERTS HARRIS,
Secretary.

[FR Doc.77-26460 Filed 9-16-77;8:45 am]

[Docket No. FI-2245]

PART 1920—PROCEDURE FOR MAP CORRECTION

Letter of Map Amendment for the City of Toledo, Ohio

AGENCY: Federal Insurance Administration, HUD.

ACTION: Final rule.

SUMMARY: On August 11, 1976, the Federal Insurance Administrator published a list of communities for which the Federal Insurance Administration (FIA) published maps identifying Special Flood Hazard Areas. This list included Toledo, Ohio. It has been determined by FIA, after further technical review of the Flood Hazard Boundary map for the City of Toledo, in light of additional, recently acquired flood information, that certain property (described below) is not within the Special Flood Hazard Area.

This map amendment, by establishing that the subject property is not within the Special Flood Hazard Area, removes the requirement to purchase flood insurance for that property as a condition of Federal or Federally-related financial assistance for construction or acquisition purposes.

EFFECTIVE DATE: Date of this notice.

FOR FURTHER INFORMATION CONTACT:

Mr. Richard Krimm, Assistant Administrator, Office of Flood Insurance, 202–755–5581 or toll free line 800–424–8872, Room 5270, 451 Seventh Street SW., Washington, D.C. 20410.

SUPPLEMENTARY INFORMATION: If a property owner was required to purchase flood insurance as a condition of Federal or Federally-related financial assistance for construction or acquisition purposes, and the lender now agrees to waive the property owner from maintaining flood insurance coverage on the basis of this map amendment, the property owner may obtain a full refund of the premium paid for the current policy year, provided that no claim is pending or has been paid on the policy in question during the same policy year. The premium refund may be obtained from the National Flood Insurers Association (NFIA) through the agent or broker who sold the policy.

The text reads as follows:

§ 1920.7 Notice of letter of map amendment.

Map No. H 395373 Panel 13, published on August 11, 1976, in 41 FR 33917, indicates that Lots 1 through 18, Marina Meadows and Lots 19 through 69, Marina Meadows First Extension, Toledo, Ohio, as recorded in Plat Volume 69, Page 53 and Plat Volume 73, Page 60, respectively, in the Office of the Recorder of Lucas County, Ohio, are within the Special Flood Hazard Area.

Map No. H 395373 Panel 13 is hereby corrected to reflect that the above property is not within the Special Flood Hazard Area identified on October 8, 1976.

(National Flood Insurance Act of 1968 (Title XIII of Housing and Urban Development Act of 1968), effective January 28, 1969 (33 FR 17804, November 28, 1968), as amended (42 U.S.C. 4001–4128); and Secretary's delegation of authority to Federal Insurance Administrator, 34 FR 2680, February 27, 1969, as amended (39 FR 2787, January 24, 1974).)

Issued: July 28, 1977.

PATRICIA ROBERTS HARRIS,
Secretary.

[FR Doc.77-26461 Filed 9-16-77;8:45 am]

[Docket No. FI-285]

PART 1920—PROCEDURE FOR MAP CORRECTION

Letter of Map Amendment for the City of Idabel, Okla.

AGENCY: Federal Insurance Administration, HUD.

ACTION: Final rule.

SUMMARY: On January 23, 1974, the Federal Insurance Administrator published a list of communities for which the Federal Insurance Administration (FIA) published maps identifying Special Flood Hazard Areas. This list included the City of Idabel, Okla. It has been determined by FIA, after further technical review of the Flood Hazard Boundary Map for the City of Idabel, Okla., in light of additional, recently acquired flood information, that certain property (described below) is not within the Special Flood Hazard Area.

This map amendment, by establishing that the subject property is not within the Special Flood Hazard Area, removes the requirement to purchase flood insurance for that property as a condition of Federal or Federally-related financial assistance for construction or acquisition purposes.

EFFECTIVE DATE: Date of this notice.

PART 1920—PROCEDURE FOR MAP CORRECTION

Letter of Map Amendment for Washington County, Oreg.

AGENCY: Federal Insurance Administration, HUD.

ACTION: Final rule.

SUMMARY: On January 27, 1975, the Federal Insurance Administrator published a list of communities for which the Federal Insurance Administration (FIA) published maps identifying Special Flood Hazard Areas. This list included Washington County, Oreg. It has been determined by FIA, after further technical review of the Flood Hazard Boundary Map for Washington County, Oreg., in light of additional, recently acquired flood information, that certain property (described below) is not within the Special Flood Hazard Area.

This map amendment, by establishing that the subject property is not within the Special Flood Hazard Area, removes the requirement to purchase flood insurance for that property as a condition of Federal or Federally-related financial assistance for construction or acquisition purposes.

EFFECTIVE DATE: Date of this notice.

FOR FURTHER INFORMATION CONTACT:

Mr. Richard Krimm, Assistant Administrator, Office of Flood Insurance, 202–755–5581 or toll free line 800–424–8872, Room 5270, 451 Seventh Street SW., Washington, D.C. 20410.

SUPPLEMENTARY INFORMATION: If a property owner was required to purchase flood insurance as a condition of Federal or Federally-related financial assistance for construction or acquisition purposes, and the lender now agrees to waive the property owner from maintaining flood insurance coverage on the basis of this map amendment, the property owner may obtain a full refund of the premium paid for the current policy year, provided that no claim is pending or has been paid on the policy in question during the same policy year. The premium refund may be obtained from the National Flood Insurers Association (NFIA) through the agent or broker who sold the policy.

The text reads as follows:

§ 1920.7 Notice of letter of map amendment.

Map No. H 410238 Panel 14, published on January 27, 1975, in 40 FR 3989, indicates that Lot 9, Forestwaye No. 2, Washington County, Oreg., as recorded in Book 36, Page 37, in the office of the Clerk of Records and Elections of Washington County, Oreg., is within the Special Flood Hazard Area.

Map No. H 410238 Panel 14 is hereby corrected to reflect that the existing structure on the above property is not within the Special Flood Hazard Area identified on January 24, 1975.

(National Flood Insurance Act of 1968 (Title XIII of Housing and Urban Development Act of 1968), effective January 28, 1969 (33 FR 17804, November 28, 1968), as amended (42 U.S.C. 4001–4128); and Secretary's delegation of authority to Federal Insurance Administrator, 34 FR 2680, February 27, 1969, as amended (39 FR 2787, January 24, 1974).)

Issued: August 16, 1977.

PATRICIA ROBERTS HARRIS,
Secretary.

[Docket No. FI-1134]

PART 1920—PROCEDURE FOR MAP CORRECTION

Letter of Map Amendment for the Town of Easley, S.C.

AGENCY: Federal Insurance Administration, HUD.

ACTION: Final rule.

SUMMARY: On May 19, 1976, the Federal Insurance Administrator published a list of communities for which the Federal Insurance Administration (FIA) published maps identifying Special Flood Hazard Areas. This list included Easley, S.C. It has been determined by FIA, after further technical review of the Flood Hazard Boundary map for the Town of Easley, in light of additional, recently acquired flood information, that certain property (described below) is not within the Special Flood Hazard Area.

This map amendment, by establishing that the subject property is not within the Special Flood Hazard Area, removes the requirement to purchased flood insurance for that property as a condition of Federal or Federally-related financial assistance for construction or acquisition purposes.

EFFECTIVE DATE: Date of this notice.

FOR FURTHER INFORMATION CONTACT:

PART 1920—PROCEDURE FOR MAP CORRECTION

Letter of Map Amendment for the City of Memphis, Tenn.

AGENCY: Federal Insurance Administration, HUD.

ACTION: Final rule.

SUMMARY: On August 28, 1974, the Federal Insurance Administrator published a list of communities for which the Federal Insurance Administration (FIA) published maps identifying Special Flood Hazard Areas. This list included Memphis, Tenn. It has been determined by FIA, after further technical review of the Flood Hazard Boundary Map for the City of Memphis, in light of additional, recently acquired flood information, that certain property (described below) is not within the Special Flood Hazard Area.

This map amendment, by establishing that the subject property is not within the Special Flood Hazard Area, removes the requirement to purchase flood insurance for that property as a condition of Federal or Federally-related financial assistance for construction or acquisition purposes, and the lender now agrees to waive the property owner from maintaining flood insurance coverage on the basis of this map amendment, the property owner may obtain a full refund of the premium paid for the current policy year, provided that no claim is pending or has been paid on the policy in question during the same policy year. The premium refund may be obtained from the National Flood Insurers Association (NFIA) through the agent or broker who sold the policy.

PART 1920—PROCEDURE FOR MAP CORRECTION

Letter of Map Amendment for the City of Dallas, Tex.

AGENCY: Federal Insurance Administration, HUD.

ACTION: Final rule.

SUMMARY: On January 28, 1975, the Federal Insurance Administrator published a list of communities for which the Federal Insurance Administration (FIA) published maps identifying Special Flood Hazard Areas. This list included Dallas, Tex. It has been determined by FIA, after further technical review of the Flood Hazard Boundary map for the City of Dallas, in light of additional, recently acquired flood information, that certain property (described below) is not within the Special Flood Hazard Area.

This map amendment, by establishing that the subject property is not within the Special Flood Hazard Area, removes the requirement to purchase flood insurance for that property as a condition of Federal or Federally-related financial assistance for construction or acquisition purposes.

EFFECTIVE DATE: Date of this notice.

FOR FURTHER INFORMATION CONTACT:

Mr. Richard Krimm, Assistant Administrator, Office of Flood Insurance, 202–755–5581 or toll free line 800–424–8872, Room 5270, 451 Seventh Street SW., Washington, D.C. 20410.

SUPPLEMENTARY INFORMATION: If a property owner was required to purchase flood insurance as a condition of Federal or Federally-related financial assistance for construction or acquisition purposes, and the lender now agrees to waive the property owner from maintaining flood insurance coverage on the basis of this map amendment, the property owner may obtain a full refund of the premium paid for the current policy year, provided that no claim is pending or has been paid on the policy in question during the same policy year. The premium refund may be obtained from the National Flood Insurers Association (NFIA) through the agent or broker who sold the policy.

The next reads as follows:

§ 1920.7 Notice of letter of map amendment.

Map No. H 480171 Panels 48 and 55, published on January 28, 1975, in 40 FR 4133, indicates that Lot 6, Block 23, City Block 6129, Buckner Terrace Addition, First Installment, Eighth Section, City of Dallas, Tex., as recorded in Plat Volume 71116, Page 2775, in the Office of Map Records of Dallas County, Tex., is within the Special Flood Hazard Area.

Map No. H 480171 Panels 48 and 55 are hereby corrected to reflect that the above property is not within the Special Flood Hazard Area identified on January 10, 1975.

(National Flood Insurance Act of 1968 (Title XIII of Housing and Urban Development Act of 1968), effective January 28, 1969 (33 FR 17804, November 28, 1968), as amended (42 U.S.C. 4001–4128); and Secretary's delegation of authority to Federal Insurance Administrator, 34 FR 2680, February 27, 1969, as amended (39 FR 2787, January 24, 1974).)

Issued: August 16, 1977.

PART 1920—PROCEDURE FOR MAP CORRECTION

Letter of Map Amendment for the City of Burleson, Tex.

AGENCY: Federal Insurance Administration, HUD.

ACTION: Final rule.

SUMMARY: On June 29, 1977, the Federal Insurance Administrator published a list of communities for which the Federal Insurance Administration (FIA) published maps identifying Special Flood Hazard Areas. This list included Burleson, Tex. It has been determined by FIA, after further technical review of the Flood Insurance Rate map for the City of Burleson, in light of additional, recently acquired flood information, that certain property (described below) is not within the Special Flood Hazard Area.

This map amendment, by establishing that the subject property is not within the Special Flood Hazard Area, removes the requirement to purchase flood insurance for that property as a condition of Federal or Federally-related financial assistance for construction or acquisition purposes.

EFFECTIVE DATE: Date of this notice.

FOR FURTHER INFORMATION CONTACT:

Mr. Richard Krimm, Assistant Administrator, Office of Flood Insurance, 202–755–5581 or toll free line 800–424–8872, Room 5270, 451 Seventh Street SW., Washington, D.C. 20410.

V 42 181 SEP 19 77 UMI

SUPPLEMENTARY INFORMATION: If a property owner was required to purchase flood insurance as a condition of Federal or Federally-related financial assistance for construction or acquisition purposes, and the lender now agrees to waive the property owner from maintaining flood insurance coverage on the basis of this map amendment, the property owner may obtain a full refund of the premium paid for the current policy year, provided that no claim is pending or has been paid on the policy in question during the same policy year. The premium refund may be obtained from the National Flood Insurers Association (NFIA) through the agent or broker who sold the policy.

The text reads as follows:

§ 1920.7 Notice of letter of map amendment.

Map No. H & I 485459D Panel 01, published on June 29, 1977, in 42 FR 33233, indicates that Lots 1, 9, and 10, Block 12, as shown on the plat prepared by Carter & Burgess, Inc., June 30, 1977, Project No. 76 351–2, Burleson, Tex., being part of a 30 acre tract of land described in Deed recorded in Volume 491, Page 928 and part of a 23.33 acre tract of land described in Deed recorded in Volume 491, Page 914 in the Deed Records of Johnson County, Tex., are within the Special Flood Hazard Area.

Map No. H & I 485459D Panel 01 is hereby corrected to reflect that the above-mentioned property is not within the Special Flood Hazard Area identified on November 2, 1973. The property is in Zone B.

(National Flood Insurance Act of 1968 (Title XIII of Housing and Urban Development Act of 1968), effective January 28, 1969 (33 FR 17804, November 28, 1968), as amended (42 U.S.C. 4001–4128); and Secretary's delegation of authority to Federal Insurance Administrator, 34 FR 2680, February 27, 1969, as amended (39 FR 2787, January 24, 1974).)

PART 1920—PROCEDURE FOR MAP CORRECTION

Letter of Map Amendment for the City of Lewisville, Tex.

AGENCY: Federal Insurance Administration, HUD.

ACTION: Final rule.

SUMMARY: On August 11, 1976, the Federal Insurance Administrator published a list of communities for which the Federal Insurance Administration (FIA) published maps identifying Special Flood Hazard Areas. This list included Lewisville, Tex. It has been determined by FIA, after further technical review of the Flood Hazard Boundary map for the City of Lewisville, in light of additional, recently acquired flood information, that certain property (described below) is not within the Special Flood Hazard Area.

This map amendment, by establishing that the subject property is not within the Special Flood Hazard Area, removes the requirement to purchase flood insurance for that property as a condition of Federal or Federally-related financial assistance for construction or acquisition purposes.

EFFECTIVE DATE: Date of this notice.

FOR FURTHER INFORMATION CONTACT:

Mr. Richard Krimm, Assistant Administrator, Office of Flood Insurance, 202–755–5581 or toll free line 800–424–8872, Room 5270, 451 Seventh Street SW., Washington, D.C. 20410.

SUPPLEMENTARY INFORMATION: If a property owner was required to purchase flood insurance as a condition of Federal or Federally-related financial assistance for construction or acquisition purposes, and the lender now agrees to waive the property owner from maintaining flood insurance coverage on the basis of this map amendment, the property owner may obtain a full refund of the premium paid for the current policy year, provided that no claim is pending or has been paid on the policy in question during the same policy year. The premium refund may be obtained from the National Flood Insurers Association (NFIA) through the agent or broker who sold the policy.

The text reads as follows:

§ 1920.7 Notice of letter of map amendment.

Map No. H480195A Panel 07, published on August 11, 1976, in 41 FR 33915, indicates that Lots 1 through 8, Block M, Lewisville Valley Section 2, Part 1; and Lots 9 through 12, Block M, Lewisville Valley Section 2, Part 2, as recorded in Plat Volume 8, Page 28, and Plat Volume 9, Page 15, respectively, in the Deed Records Office of Denton County, Tex., are within the Special Flood Hazard Area.

Map No. H 480195A Panel 07 is hereby corrected to reflect that the above properties, with the exception of the recorded Drainage and Utility Easements, are not within the Special Flood Hazard Area identified on March 15, 1974, and August 6, 1976.

(National Flood Insurance Act of 1968 (Title XIII of Housing and Urban Development Act of 1968), effective January 28, 1969 (33 FR 17804, November 28, 1968), as amended (42 U.S.C. 4001–4128); and Secretary's delegation of authority to Federal Insurance Administrator, 34 FR 2680, February 27, 1969, as amended (39 FR 2787, January 24, 1974).)

Issued: August 16, 1977.

People's Republic of Bulgaria and German Democratic Republic

V 42 181 SEP 1977 UMI

[Public Notice 565]

DEPARTMENT OF STATE

FISHERY CONSERVATION AND MANAGEMENT ACT OF 1976

Applications for Permits To Fish Off the Coasts of the United States

The Fishery Conservation and Management Act of 1976 (Pub. L. 94-265) (the "Act") provides that no fishing shall be conducted by foreign fishing vessels in the Fishery Conservation Zone of the United States after February 28, 1977, except in accordance with a valid and applicable permit issued pursuant to Section 204 of the Act.

The Act also requires that all applications for such permits be published in the FEDERAL REGISTER.

Applications for fishing during 1978 have been received from the People's Republic of Bulgaria and are published herewith:

Dated: September 9, 1977.

[Public Notice 566]

FISHERY CONSERVATION AND MANAGEMENT ACT OF 1976

Applications for Permits To Fish Off the Coasts of the United States

The Fishery Conservation and Management Act of 1976 (Pub. L. 94-265) (the "Act") provides that no fishing shall be conducted by foreign fishing vessels in the Fishery Conservation Zone of the United States after February 28, 1977, except in accordance with a valid and applicable permit issued pursuant to Section 204 of the Act.

The Act also requires that all applications for such permits be published in the FEDERAL REGISTER.

Applications for fishing during 1977 have been received from the German Democratic Republic, and are published herewith.

Dated: September 9, 1977.

LARRY L. SNEAD,
Acting Director, Office of Fisheries Affairs.

FISHING VESSEL IDENTIFICATION FORM (FOREIGN)

Permit Period Applied For: Sept. 1, 1977 to Oct. 15, 1977 — Application No. GC 77-003 — For Use of Issuing Office

Status: _____

1. Name of Vessel MS Burhaversand
2. Vessel No.: Hull No. _____ Registration No. 1127
3. Name and Address of Owner / Name and Address of Charterer
   Name: Reeder-Union Meyer-Brake / VEB Fischkombinat Rostock
   Address: D 280 Brake(Unterweser) / DDR-251 Roetock-Marienehe
   Banhofstr. 15
   Cable Address: Meyer D SA-NR. 025231
4. Homeport and State of Registry: Brake (unterweser), FRG
5. Type of Vessel OP./CL. shelter-decker
6. Tonnage (Gross) 1,999 (Net) 1,289
7. Length 82 M. 8. Breadth 13.6 M. 9. Draft 6.1 M.
10. Horsepower 3,000 shp. 11. Maximum Speed 15 kt.
11. Propulsion: Diesel (4), Steam ( ), Diesel/Electric ( ), Other _____
13. Date Built 1969
14. Number and Nationality of Personnel 18 (FRG, Portugal, Danma
    Officers 7 Crew 11 Other (Specify) _____
15. Communications: VHF-FM ( ), AM/SSB, Voice (x), Telegraphy (x
    Other _____
    International Radio Call Sign DDJI
    Radio Frequencies Monitored 410, 425, 454, 468, 500, 512,
    Other Working Frequencies 2023, 2049, 2056 kHz
    Schedule HX
16. Navigation Equipment: Loran C ( ), Loran A (x), Omega ( ), Decca (x), Navsat ( ), Radar ( ), Fathometer (x), Other 1 direction-finding transmitter, 1 autopilot
17. Cargo Capacity (MT)

		18. Cargo Space Number	Name
Salted Fish	3,400	Freezer	
Fresh Fish	4	Dry Hold	
Frozen Fish	-	Tanks	
Fish Meal	_____	Other	
Other	_____		

19. Processing Equipment (indicate daily capacity,MT) _____
20. Fisheries for which Permit is Requested:

Ocean Area	Period (From-To)	Species	Contemplated Catch (MT)	Gear to be Used
Georges Banks	9/1-10/1 (if request in Note No. 96/77 is granted: 9/1 to 10/15/77.)	none	none, transport	none

21. Name and Address of Agent appointed to receive any legal process issued in the United States:
    International Chartering Service, Inc.
    17 Battery Place
    New York, New York 10004

PART IV

PRIVACY ACT ISSUANCES, ANNUAL PUBLICATION

Department/ Agency	FR Page Numbers: Systems of Records	Rules
Transportation	47036	47152

V 42 181 SEP 19 77 UMI

DEPARTMENT OF TRANSPORTATION
OFFICE OF THE SECRETARY
PRIVACY ACT OF 1974
Annual Publication of Systems of Records

This preamble is to introduce the annual publication for 1977 by the Federal Register of notices of systems of records of the Department of Transportation, as required by Public Law 93-579 of December 31, 1974, otherwise known as the Privacy Act. The Act requires such publication at least annually.

The systems of records published herewith are all of the systems of the Department of Transportation which have been identified and previously published up to July 15, 1977. The list includes corrections made as a result of standardization of format and typographical errors. No systems have been added which were not previously published as a notice for public comment. Accordingly, this list supersedes all previously published listings of systems of records for the Department. (40 FR 38803, 44075, 53965; 41 FR 8819, 28051, 53561, 42 FR 1555, 16881; Privacy Act Issuances, 1976 Compilation, Volume II, pages 455-583.)

Since the last publication, two systems, DOT/SLS 154 and DOT/SLS 158, are no longer maintained and have been deleted. A seventh "General Routine Use" for all systems has been added which permits NARS (GSA) to conduct lawful inspections of recordkeeping practices among systems of records. Four locations were eliminated from DOT/OST 14 in which employment application files, separate from those in the personnel system, were being maintained on prospective employees. Minor editorial changes also were made to DOT/OST 14, 22, 28, and 50 which did not indicate a necessity for previous republication in their entirety.

All of the above are included in the annual publication in the Federal Register for 1977 which follows.

Effective date. This notice is effective on August 24, 1977.

Brock Adams,
Secretary of Transportation.

DEPARTMENT OF TRANSPORTATION

The following listing is the 1977 update of systems of records contained in the Privacy Act Issuances, 1976 Compilation, Volume II of the Department of Transportation, published by the Federal Register.

NOTICE OF SYSTEMS OF RECORDS

The identification of the operating unit or units within the Department to which the particular system of records pertains appears as 'DOT/' followed by a designating abbreviation. The abbreviations and their meanings are as follows:

OST - Office of the Secretary of Transportation
CG - United States Coast Guard
FAA - Federal Aviation Administration
FHWA - Federal Highway Administration
FRA - Federal Railroad Administration
NHTSA - National Highway Traffic Safety Administration
SLS - Saint Lawrence Seaway Development Corporation
TSC - Transportation Systems Center
UMTA - Urban Mass Transportation Administration

PREFATORY STATEMENT OF GENERAL ROUTINE USES.

The following routine uses apply to, and are incorporated by reference into, each system of records set forth below.

1. In the event that a system of records maintained by the Department to carry out its functions indicates a violation or potential violation of law, whether civil, criminal or regulatory in nature, and whether arising by general statute or particular program pursuant thereto, the relevant records in the system of records may be referred, as a routine use, to the appropriate agency, whether federal, state, local or foreign, charged with the responsibility of investigation or prosecuting such violation or charged with enforcing or implementing the statute, or rule, regulation or order issued pursuant thereto.

2. A record from this system of records may be disclosed, as a routine use, to a federal, state or local agency maintaining civil, criminal or other relevant enforcement information or other pertinent information, such as current licenses if necessary to obtain information relevant to a Department decision concerning the hiring or retention of an employee, the issuance of a security clearance, the letting of a contract, or the issuance of a license, grant or other benefit.

3. A record from this system of records may be disclosed, as a routine use, to a federal aresponse to its request, in connection with the hiring or retention of an employee, the issuance of clearance, the reporting of an investigation of an employee, the letting of a contract, or the issuance of a license, grant, or other benefit by the requesting agency, to the extent that the information is relevant and necessary to the requesting agency's decision on the matter.

4. A record from this system of records may be disclosed, as a routine use, in the course presenting evidence to a court, magistrate or administrative tribunal, including disclosures to opposing counsel in the course of settlement negotiations.

5. The information contained in this system of records will be disclosed to the Office of Management and Budget in connection with the review of private relief legislation as set forth in OMB Circular No. A-19 at any stage of the legislative coordination and clearance process as set forth inthat Circular.

6. Disclosure may be made to a congressional office from the record of an individual in response to an inquiry from the congressional office made at the request of that individual.

7. One or more records from a system of records may be disclosed routinely to NARS (GSA) in records management inspections being conducted under the authority of 44 U.S.C. 2904 and 2906.

DOT/CG 501.

System name: Auxiliary Management Information System (AUXMIS). DOT/CG.

System location: Department of Transportation (DOT), United States Coast Guard (CG), Office of Boating Safety, G-BAU, 2100 2nd Street, SW, Room 4304, Washington, DC 20590.

Categories of individuals covered by the system: All present Coast Guard Auxiliarists.

All Auxiliarists disenrolled since 1974.

Categories of records in the system: Personal information (name, address, birthdate, Social Security Number (SSN), phone number).

Auxiliary qualifications information (Instructor, Examiner, Specialty).
Auxiliary Activities information (patrols conducted, classes taught).
Information on boats, radio stations or aircraft owned by Auxiliarists.

Routine uses of records maintained in the system, including categories of users and the purposes of such uses: Cumulative unit and individual activity summaries for use as a management tool by all Auxiliary units.

Identification cards for all Auxiliary members.
Alphabetical nationwide cross-reference listing for use by headquarters and district office staffs.
Mailing labels for district mailings to Auxiliarists.
An annual member summary of all information on each member which is mailed directly to the member concerned.
Used by:
District Directors of Auxiliary.
Chief Director of Auxiliary
All elected and appointed officers of the Auxiliary.
See Prefatory Statement of General Routine Uses.

Policies and practices for storing, retrieving, accessing, retaining, and disposing of records in the system:

Storage: AUXMIS master records contain personal and activity information concerning USCG Auxiliarists and Director of Auxiliary (DIRAUX). Each person's record consists of 500 characters. The approximately 50,000 records which are stored in the system presently are stored on both magnetic tape and magnetic disk.

Retrievability: The current AUXMIS master file residing on magnetic disk is retrieved by number and name of the individual and can be accessed by those Directors of Auxiliary with access to the CDC-3300 system at any time. Those DIRAUX without access to the CDC-3300 can request inquiries to be done at the central site by the Office of Boating Safety.

Safeguards: The master files cannot be accessed without the proper control cards. All DIRAUX and Chief, Director of Auxiliary have the means available to access the master files.

Retention and disposal: Retention of weekly tape files is 180 days at which time they are erased

V 42 181
SEP 19 77
UMI

Retention of disk files is 1 week, and then updated.
Retention of the year-end tape file is permanent.

System manager(s) and address: Chief Director of Auxiliary, G-BAU,
Department of Transportation,
United States Coast Guard,
2100 2nd Street, SW.
Washington, DC 20590.

Notification procedure: Department of Transportation
United States Coast Guard Headquarters,
Management Analysis Division, G-CMA,
400 7th Street, SW
Washington, DC 20590
Written request must be signed by the individual.

Record access procedures: Individuals in the Auxiliary have their record available on a quarterly basis in the Flotilla Roster produced for their flotilla. All information except the Social Security Number and date of birth is on the Flotilla Roster. On an annual basis, the member receives a personal report concerning himself only which contains all elements of his record. At any time during the year, members of the Auxiliary can request through the DIRAUX where attached for access to their member's jacket retained by DIRAUX or can request a report in the annual report format.

Contesting record procedures: Record content can be contested at any time, and if error is found all DIRAUX have the means to correct individual records. Members are provided the means to correct their own addresses, SSN's, names and phone numbers and occupations.

Record source categories: All records pertaining to Auxiliarists are derived from forms which are filled out by the individuals involved on a voluntary basis.

DOT/CG 503.

System name: Motorboat Registration. DOT/CG.

System location: Department of Transportation (DOT),
United States Coast Guard (CG),
Commandant (G-BD-1),
400 7th Street, SW
Washington, DC 20590.

Categories of individuals covered by the system: Boat owners registering for the issuance of boat identification numbers for boats recorded in the States of Washington, Alaska, and New Hampshire and in American Samoa.

Categories of records in the system: Tapes; (Computer listings on disk with information on boat owner: name, address, and boat information).
Printouts- Same.
Office files- Same.

Routine uses of records maintained in the system, including categories of users and the purposes of such uses: Used by:
Authorized Coast Guard Personnel involved in the Coast Guard boating safety program.
To renew old registrations to issue new number to all motorboats.
The purpose of the numbering system is for identification of recreational boats in case of accident, loss, theft, or abandonment.
See Prefatory Statement of General Routine Uses.

Policies and practices for storing, retrieving, accessing, retaining, and disposing of records in the system:

Storage:
All records are maintained in file cabinets.

Retrievability: By name/number.

Safeguards: Only authorized office personnel have access to subject files. All personnel screened prior to allowing access. Building secured and guarded after duty hours.

Retention and disposal: Records are retained permanently.

System manager(s) and address: Chief, Office of Boating Safety,
Department of Transportation,
United States Coast Guard Headquarters,
400 7th Street, SW
Washington, DC 20590.

Notification procedure: Contact:
Department of Transportation,
United States Coast Guard Headquarters,
Commandant (G-CMA),
400 7th Street, SW,
Washington, DC 20590.
Written request must be signed by the individual whose record(s) are being requested.

Record access procedures: Procedures may be obtained by visiting Coast Guard Headquarters or writing to:
Department of Transportation,
United States Coast Guard Headquarters,
Commandant (G-CMA),
400 7th Street, SW,
Washington, DC 20590.

Contesting record procedures: Same as 'Record Access Procedure.'

Record source categories: Individual applicant.

DOT/CG 505.

System name: Recreational Boating Law Enforcement Case Files. DOT/CG.

System location: Department of Transportation (DOT),
United States Coast Guard (CG),
Commandant (G-B),
400 7th Street, SW,
Washington, DC 20590.
And at:
Coast Guard District Offices and Headquarters unit offices for records of incidents in their localities. Addresses in Appendix 1.

Categories of individuals covered by the system: Owners/operators of vessels found in violation of Federal recreational boating laws or regulations.

Categories of records in the system: Case files containing names of violators, their addresses and social security numbers, together with descriptions of boats and notations of the alleged violations of Federal boating laws, and copies of correspondence relating to the disposition of any penalty involved.

Routine uses of records maintained in the system, including categories of users and the purposes of such uses: Information contained in this system is used by authorized Coast Guard employees in performance of their duties to determine the appropriate enforcement action to be taken by the Coast Guard in individual cases as well as providing a record of repeated offenders.
See Prefatory Statement of General Routine Uses.

Policies and practices for storing, retrieving, accessing, retaining, and disposing of records in the system:

Storage: Information in this system is maintained on index cards, in logbooks, and in file folders.

Retrievability: Information is retrieved by name of individual in alphabetical file.

Safeguards: Information available only to authorized personnel. Files maintained in office in building which is secured during non-working hours and which has a roving guard patrol.

Retention and disposal: Records in system maintained for three years before disposal by mutilation or burning.

System manager(s) and address: Chief, Office of Boating Safety,
Department of Transportation,
United States Coast Guard Headquarters,
400 7th Street, SW,
Washington, DC 20590.

Notification procedure: Department of Transportation,
United States Coast Guard Headquarters,
Commandant (G-CMA),
400 7th Street, SW,
Washington, DC 20590.

Record access procedures: Procedures may be obtained by writing to or visiting the Commandant (G-CMA) at the address in 'System Manager', or by visiting the local Coast Guard District or Unit where incident occurred.
Proof of identity will be required prior to release of records. A military identification card, driver's license or similar document is considered suitable identification.

Contesting record procedures: Same as 'Notification Procedure.'

Record source categories: Information obtained from reports of Coast Guard boarding officers and marine safety investigations as

well as from reports by citizens concerning possible violations of law or regulation.

Systems exempted from certain provisions of the act: Portions of this system may be exempt from disclosure under the provisions of 5USC 552a (K)(2) which provide in part, that investigatory material compiled for law enforcement purposes may be withheld from disclosure to the extent that the identity of the source of the information would be revealed by disclosing the investigatory record, and the source has received an express guarantee that his identity would be held in confidence, or prior to the effective date of this section, if the source received an implied promise that his identity would be held in confidence

DOT/CG 507.

System name: Coast Guard Supplement to the Manual of Courts Martial Investigations DOT/CG.

System location: Department of Transportation (DOT),
United States Coast Guard (CG),
Commandant (G-L),
400 7th Street, SW, Washington, DC 20590.

Categories of individuals covered by the system: Military and civilian employees of the Coast Guard and other individuals who may be involved in any Coast Guard investigation.

Categories of records in the system: Investigations into injuries to Coast Guard personnel, mishaps involving vessels, aircraft and vehicles.
Incidents involving fires, explosions, for loss or destruction of classified material
Circumstances involving equipment failures and property damage, loss, or destruction.

Routine uses of records maintained in the system, including categories of users and the purposes of such uses: Used by authorized Coast Guard personnel in connection with the performance of their official duties which include, but are not limited to:
Accident prevention.
Payment of disability benefits.
Improvement of internal Coast Guard procedures and practices.
Reports are used in connection with the resolution of claims against the Coast Guard as well as claims asserted by the government.
Reports are transmitted to the Veterans Administration to assist that agency in determining entitlement to benefits administered by it.
See Prefatory Statement of General Routine Uses.

Policies and practices for storing, retrieving, accessing, retaining, and disposing of records in the system:

Storage: Records maintained in storage cabinets in division files for two years and then forwarded to the Federal Records Depository.

Retrievability: Card index maintained permitting access to individual investigations by listing identifiable data such as name of person, vessel or other facility involved in investigation.

Safeguards: Authorized personnel are granted access to these records in connection with the performance of their official duties.
Records are disclosed to members of the public under the provisions of the FOIA. These requests are considered on a case by case basis.

Retention and disposal: Records are maintained in division files for two years and then forwarded to Federal Records Depository

System manager(s) and address: Chief Counsel,
Department of Transportation,
United States Coast Guard Headquarters,
400 7th Street, SW.
Washington, DC 20590.

Notification procedure: Written request must be signed by the individual. Write to or visit:
Department of Transportation,
United States Coast Guard Headquarters,
Commandant (G-CMA),
400 7th Street, SW.
Washington, DC 20590.

Record access procedures: All individuals whose conduct is the subject of these investigations are designated at the outset as parties to these investigations and accorded their rights as such. Following completion of the investigative reports, parties will be provided with copies upon request.
At all subsequent times parties may have access to the investigative records by writing to or visiting Commandant (G-CMA), at the address in 'Notification Procedure' above or the local unit to which assigned.
Proof of identity may be required prior to release of records. Military identification, driver's license or similar document will be considered suitable identification.

Contesting record procedures: A party has the right to make argument and/or submit statements on his own behalf during the course of an investigation or subsequent to its conclusion. Write or visit locations as indicated in 'Record Access Procedure.'

Record source categories: Coast Guard investigating officers, military and civilian personnel.

DOT/CG 508.

System name: Claims and Litigation. DOT/CG.

System location: Department of Transportation (DOT),
United States Coast Guard (CG),
Commandant (G-L),
400 7th Street, SW, Washington, DC 20590.

Categories of individuals covered by the system: Individuals, corporations, insurance companies, estate administrators.

Categories of records in the system: Suits and claims for and against the Coast Guard.

Routine uses of records maintained in the system, including categories of users and the purposes of such uses: Used by cognizant Coast Guard personnel, and attorneys handling cases.
For review purposes and determination as to the validity of claims.
See Prefatory Statement of General Routine Uses.

Policies and practices for storing, retrieving, accessing, retaining, and disposing of records in the system:

Storage: File cabinets.

Retrievability: Two card index files, one alphabetic and one numeric, maintained for cross reference

Safeguards: Access is limited to Coast Guard and civilian employees of the Claims and Litigation Division granted in connection with official duties.

Retention and disposal: Records maintained for five years and then forwarded to the Federal Records Center. Card index files retained indefinitely.

System manager(s) and address: Chief Counsel,
Department of Transportation,
United States Coast Guard Headquarters,
400 7th Street, SW.
Washington, DC 20590.

Notification procedure: Written request must be signed by the individual. Write or visit:
Department of Transportation,
United States Coast Guard Headquarters,
Commandant (G-CMA),
400 7th Street, SW.
Washington, DC 20590.

Record access procedures: Procedures may be obtained by writing to or visiting Commandant (G-CMA0 at the address in 'Notification Procedure' above
Proof of identity may be required prior to affording access to records: A military identification card, a drivers licenses or similiar document will be considered suitable identification.

Contesting record procedures: Same as 'Record Access Procedure.'

Record source categories: Information obtained from Coast Guard military and civilian personnel, members of the public, and Coast Guard investigating officers.

DOT/CG 509.

System name: Non-Judicial Punishment Report. DOT/CG.

System location: Department of Transportation (DOT),
United States Coast Guard (CG),
Commandant (G-L),
400 7th Street, SW, Washington, DC 20590.

V 42 181 SEP 1977 UMI

Categories of individuals covered by the system: Coast Guard military personnel who have been subject to non-judicial punishment proceedings under Article 15 of the Uniform Code of Military Justice.

Categories of records in the system: Records of Proceedings under Article 15, Uniform Code of Military Justice.

Routine uses of records maintained in the system, including categories of users and the purposes of such uses: Used by Coast Guard Personnel, in connection with military justice administration.

Records provide statistical data concerning the number of proceedings held, units holding proceeding, offenses committed, punishments imposed, and background data of individuals concerned.

See Prefatory Statement of General Routine Uses.

Policies and practices for storing, retrieving, accessing, retaining, and disposing of records in the system:

Storage: File cabinet.

Retrievability: By name.

Safeguards: Records are made available to authorized personnel. Records are maintained in building with limited access during non-working hours and with roving security patrol.

Retention and disposal: New system, disposal procedures not as yet established. Back-up material disposed of after introduction into system.

System manager(s) and address: Chief Counsel,
Department of Transportation,
United States Coast Guard Headquarters,
400 7th Street, SW,
Washington, DC 20590.

Notification procedure: Department of Transportation,
United States Coast Guard Headquarters,
Commandant (G-CMA),
400 7th Street, SW,
Washington, DC 20590.

Record access procedures: Procedures may be obtained by writing to or visiting Commandant (G-CMA), at the address in 'Notification Procedure' above or the local Coast Guard District Office in the area in which the individual is assigned to duty.

Contesting record procedures: Same as 'Record Access Procedure.'

Record source categories: Information from individual service records and from proceedings conducted.

DOT/CG 510.

System name: Records of trial: Special, General and Summary Courts-Martial DOT/CG.

System location: Department of Transportation (DOT),
United States Coast Guard (CG),
Commandant (G-L),
400 7th Street, SW,
Washington, DC 20590.

Categories of individuals covered by the system: Any individual who is tried by court martial in the Coast Guard.

Categories of records in the system: Records of trial.

Routine uses of records maintained in the system, including categories of users and the purposes of such uses: These are public records available to anyone.

Review
See Prefatory Statement of General Routine Uses.

Policies and practices for storing, retrieving, accessing, retaining, and disposing of records in the system:

Storage: Maintained in file cabinets.

Retrievability: Filed alphabetically by name of individual.

Safeguards: Maintained in file cabinets in building with limited access during non-working hours and with roving security patrol.

Retention and disposal: Retained permanently Maintained for two years, reviewed by System Manager and then transferred to Federal Records Center.

System manager(s) and address: Chief Counsel,
Department of Transportation,
United States Coast Guard Headquarters,
400 7th Street, SW,
Washington, DC 20590.

Notification procedure: Department of Transportation,
United States Coast Guard Headquarters,
Commandant (G-CMA),
400 7th Street, SW,
Washington, DC 20590.

Record access procedures: Procedures may be obtained by writing to or visitingCommandant (G-CMA) at address in 'Notification Procedure' above.

Contesting record procedures: Same as 'Record Access Procedure.'

Record source categories: Trial proceedings and subsequent statutory reviews - Court of Military Review, Court of Military Appeals and Chief Counsel of the Coast Guard.

DOT/CG 511.

System name: Legal Assistance Case File System. DOT/CG.

System location: Department of Transportation (DOT),
United States Coast Guard (CG),
Commandant (G-L),
400 7th Street, SW,
Washington, DC 20590.
System is also located at:
United States Coast Guard District Legal Offices and Legal Offices of Coast Guard Units. See Appendix I for addresses of the District and other legal offices.

Categories of individuals covered by the system: Clients of officers assigned to render legal assistance regarding the personal affairs of Coast Guard military members.

Categories of records in the system: Records contain information concerning the matters handled by these officers for clients.

Routine uses of records maintained in the system, including categories of users and the purposes of such uses: The information is used on behalf of clients in providing legal assistance.

These records are also used to prepare statistical reports concerning a legal officer's time utilization.

The Prefatory Statement of Routine Uses applies to records in this system only to the extent that their disclosure would not constitute a violation of the judicially recognized privilege attaching to attorney-client communications and of the ethical and professional responsibilities of lawyers under the American Bar Association's Code of Professional Responsibility.

Policies and practices for storing, retrieving, accessing, retaining, and disposing of records in the system:

Storage: Normally, written records kept in file folders.

Retrievability: Alphabetical indexes by name of member.

Safeguards: Kept in office space or filing cabinets which are normally locked during non-working hours. Building patrolled by roving security guards after duty hours.

Retention and disposal: Records retained as long as needed to serve client or as long as deemed necessary by the legal officer. Disposal is by whatever means considered appropriate by the legal officer, depending on the contents of the record involved.

System manager(s) and address: Chief Counsel,
Department of Transportation,
United States Coast Guard Headquarters,
400 7th Street, SW,
Washington, DC 20590.
District or unit legal offices:
Senior Counsel, for records maintained at the particular location (See Appendix I for addresses).

Notification procedure: Requests for determination whether this system contains records concerning an individual should be made in writing or in person to:
Department of Transportation,
United States Coast Guard Headquarters,
Commandant (G-CMA),
400 7th Street, SW,
Washington, DC 20590.

Record access procedures: These records are available in the Office of Chief Counsel at Coast Guard Headquarters or within the legal offices in the various Coast Guard districts or units, dependent on where legal assistance was rendered.

A military identification card or other comparable identification will be required to be shown by persons seeking access to their legal assistance records.

Contesting record procedures: The agency's rules for contesting the contents of these records or for appealing initial determinations by the custodian therof not to disclose any part of these records shall be controlling. These rules may be obtained by writing: Commandant (G-CMA) at the address listed in 'Notification Procedure.'

Record source categories: Information in this record system is obtained from the client involved and as a result of any subsequent investigation by the legal officer on behalf of the client.

DOT/CG 512.

System name: Statement of Employment and Financial Interest Record System DOT/CG

System location: Department of Transportation (DOT),
United States Coast Guard (CG),
Commandant (G-L),
400 7th Street, SW,
Washington, DC 20590.

Categories of individuals covered by the system: Those Coast Guard officials occupying the positions listed in Appendix C, Section III, of 49 CFR (Code of Federal Regulations), Part 99. Incumbents of these positions are required to file these statements by the terms of the regulations.

Categories of records in the system: Statements pertaining to personal financial interests, including shareholdings and similar interests in private business enterprises; copies of blind trusts and other instruments pertaining to interests of this nature; opinions of counsel and other records and correspondence relating to these interests.

Routine uses of records maintained in the system, including categories of users and the purposes of such uses: Used to review the financial interests of various responsible Coast Guard officials in order to insure against the existence or the appearance of the existence of conflicts of interest.

Records are reviewed by the Chief Counsel and members of his staff as well as the immediate superiors of the individuals concerned.

See Prefatory Statement of General Routine Uses.

Policies and practices for storing, retrieving, accessing, retaining, and disposing of records in the system:

Storage: Records maintained in file folders.

Retrievability: Indexed by name of individual.

Safeguards: Records stored in locked file cabinet, and, during working hours, access to records controlled by office personnel. During non-working hours, building is patrolled by roving security guards.

Retention and disposal: Retained during the term of the individual's occupancy of position and destroyed upon separation or transfer of the person.

System manager(s) and address: Chief Counsel,
Department of Transportation,
United States Coast Guard Headquarters,
400 7th Street, SW,
Washington, DC 20590.

Notification procedure: Department of Transportation,
United States Coast Guard Headquarters,
Commandant (G-CMA),
400 7th Street, SW,
Washington, DC 20590.

Record access procedures: Procedures may be obtained by writing to or visiting Commandant (G-CMA) at the address in 'Notification Procedure.'

Proof of identity will be required prior to affording an individual access to records.

Contesting record procedures: Same as 'Record Access Procedure.'

Record source categories: From the individuals concerned.

DOT/CG 516.

System name: Coast Guard Military Discrimination Complaints. DOT/CG.

System location: Department of Transportation (DOT).
United States Coast Guard (CG),
Commandant (G-H),
400 7th Street, SW,
Washington, DC 20590.
Records are also maintained at:
Each District Office and Headquarters Unit at the addresses in Appendix I.

Categories of individuals covered by the system: Coast Guard Military Personnel.

Categories of records in the system: Files contain discrimination complaints filed by Coast Guard military personnel or their representatives and correspondence resulting therefrom.

Routine uses of records maintained in the system, including categories of users and the purposes of such uses: Department of Transportation. Office of Civil Rights:
Used for investigations of complaints and arriving at decisions for resolution of complaints
Coast Guard Headquarters Military Personnel Office:
Used for information in making personnel administration decisions.
Coast Guard Headquarters, Commandant, Vice Commandant, Congressional Liaison. Used to answer correspondence being sent to Congressional representatives, federal and state officials, and nationally recognized organizations who are representing the individual.
Coast Guard Headquarters, Office of Civil Rights and the Military Equal Opportunity Division:
Used to take care of discrimination complaints and the correspondence precipitated therefrom and maintain a file on it.
All Coast Guard Commands:
Used to bring a complaint to a satisfactory conclusion, where possible.
See Prefatory Statement of General Routine Uses.

Policies and practices for storing, retrieving, accessing, retaining, and disposing of records in the system:

Storage: File folders kept in file cabinets.

Retrievability: System is kept by alphabetical file, service number and/or social security number, rank/rate, and Coast Guard unit.

Safeguards: During normal working hours access to records is controlled by office personnel; during non-working hours the building is guarded by a roving security patrol.

Retention and disposal: Files are kept permanently.

System manager(s) and address: Chief, Office of Civil Rights,
Department of Transportation,
United States Coast Guard Headquarters,
400 7th Street, SW, Washington, DC 20590.

Notification procedure: Contact the following office in writing or in person:
Department of Transportation,
United States Coast Guard Headquarters,
Commandant (G-CMA),
400 7th Street, SW,
Washington, DC 20590.
Written request must be signed by the individual.

Record access procedures: Procedures may be obtained by writing to or visiting Commandant (G-CMA) at the address in 'Notification Procedure' or the local office where the record is filed.

Prior written notification of personal visits is required to insure that the records will be available at the time of visit.

Proof of identity will be required prior to affording access to records. A military identification, driver's license or similar document will be considered suitable identification.

Contesting record procedures: Same as 'Record Access Procedure.'

Record source categories: From individuals or their representatives submitting complaints, congressional correspondence, personnel service, records, Coast Guard Headquarters and Coast Guard units correspondence, individuals and organizations volunteering information pertinent to complaints.

DOT/CG 517.

System name: Complaints of Discrimination. DOT/CG.

System location: Department of Transportation (DOT).
United States Coast Guard (CG),
Commandant (G-H),
400 7th Street, SW,
Washington, DC 20590.
Each District and Headquarters Unit: See addresses in Appendix I.

V 42 N 181 SEP 19 77 UMI

Categories of individuals covered by the system: Civilian employees (including non-appropriated funds employees) and applicants for employment.

Categories of records in the system: Various memoranda, letters, statements, statistics and other information related to the situation which prompted the person to allege discrimination.

Routine uses of records maintained in the system, including categories of users and the purposes of such uses: Investigating and processing complaints of discrimination by personnel in Office of Civil Rights, Investigators, Hearing Examiners, Employee Representatives, Coast Guard Officials.

See Prefatory Statement of General Routine Uses.

Policies and practices for storing, retrieving, accessing, retaining, and disposing of records in the system:

Storage: Typed, hand-written, printed material stored in folders in metal filing cabinets.

Retrievability: Indexed by name and Coast Guard installation.

Safeguards: Screening of personnel, need to know basis.

After duty hours building is secured and roving security guards are on duty

Retention and disposal: Maintained indefinitely.

System manager(s) and address: Chief, Office of Civil Rights, Department of Transportation, United States Coast Guard Headquarters, 400 7th Street, SW Washington, DC 20590.

Notification procedure: Contact the following office in person or in writing:

Department of Transportation, United States Coast Guard Headquarters, Commandant (G-CMA), 400 7th Street, SW. Washington, DC 20590

Written requests must be signed by the individual.

Record access procedures: Procedure may be obtained by writing to or visiting the Commandant (G-CMA) at the address in 'Notification Procedure' or the local activity where the complaint was filed.

Prior written notification of personal visits is required to insure that the records will be available at the time of visit.

Proof of identity will be required prior to release of records. A military identification card, drivers license or similar document will be considered suitable identification.

Contesting record procedures: Same as 'Record Access Procedure.'

Record source categories: Interviews with complainant, employees, management officials; personnel records, internal Coast Guard memoranda.

DOT/CG 525.

System name: Active Duty Military Payroll System. DOT/CG.

System location: Department of Transportation (DOT), United States Coast Guard (CG), Commandant (G-FPS/71), 400 7th Street, SW, Washington, DC 20590.

System is used throughout the Coast Guard. See Appendix I for locations.

Categories of individuals covered by the system: Active duty military members.

Categories of records in the system: Pay and allowances records.

Routine uses of records maintained in the system, including categories of users and the purposes of such uses: Prepare check tapes.

Prepare listings and reports for various USCG offices.
Reports of funds expended.
Reports of earnings to state and city taxing authorities.
Listing of earnings to appropriate taxing authorites.
W-2 and federal tax reporting to the Internal Revenue Service.
FICA reporting.
Produce runs for reconciliation of allotments.
Produce mailing labels.
Used by Coast Guard employees in performance of official duties in preparing and maintaining the Active Duty Military Payroll System.

See Prefatory Statement of General Routine Uses.

Policies and practices for storing, retrieving, accessing, retaining, and disposing of records in the system:

Storage: Records are filed manually in cabinets. Check tapes are retained in tape library.

Retrievability: Records are indexed alphabetically, check tapes are indexed by tape number.

Safeguards: Access is limited to user staff members.

Secured building after duty hours.

Retention and disposal: Pay records are retained until closed (6 months) and then transferred to Headquarters, Pay Systems Branch.

Payroll listings are retained for 3 years and then transferred to a Federal Records Center.

Tapes retained for 6 years and then destroyed.

System manager(s) and address: Chief, Office of Personnel, Department of Transportation, United States Coast Guard Headquarters, 400 7th Street, SW. Washington, DC 20590.

Notification procedure: Department of Transportation, United States Coast Guard Headquarters, Commandant (G-CMA), 400 7th Street, SW. Washington, DC 20590.

Written request must be signed by individual.

Record access procedures: Procedure may be obtained by writing to or visiting the Commandant (G-CMA) at the address in 'Notification Procedure', or the local Coast Guard District for the area in which an individual's duty station is located. See Appendix I for addresses.

Proof of identity will required prior to affording an individual access to records. A military identification card, a driver's license or similar document will be considered suitable identification.

Contesting record procedures: Same as 'Record Access Procedure.'

Record source categories: Information is obtained from the individual, Coast Guard personnel and payroll offices and the Department of Defense.

DOT/CG 526.

System name: Adjudication and Settlement of Claims System. DOT/CG.

System location: Department of Transportation (DOT), United States Coast Guard (CG), Commandant (G-FP), 400 7th Street, SW, Washington, DC 20590.

Partial systems are located at Coast Guard Districts and Units. See Appendix I for locations.

Categories of individuals covered by the system: Active duty military members.

Reserve military members.
Retired military members.
Civilian employees.

Categories of records in the system: Claims arising out of disputes concerning amounts of pay received.

Routine uses of records maintained in the system, including categories of users and the purposes of such uses: To reach a final decision as to entitlements of claimants.

To use as precedential data in the resolution of similar questions in the future.

Used by authorized Coast Guard officials and officials of the IRS, GAO, and the Civil Service Commission, as required.

See Prefatory Statement of General Routine Uses.

Policies and practices for storing, retrieving, accessing, retaining, and disposing of records in the system:

Storage: Records are stored manually in file folders.

Retrievability: Claims in the file are filed and retrieved by claimant name.

Safeguards: Access is limited to authorized officials by screening of personnel.

Maintained in Government building having roving security guards after duty hours.

Retention and disposal: After adjudication and settlement, most submissions are disposed of. A limited number of such submissions are retained for precedential value, as required.

System manager(s) and address: Chief, Office of Comptroller, Department of Transportation, United States Coast Guard Headquarters, 400 7th Street, SW, Washington, DC 20590.

Notification procedure: Department of Transportation, United States Coast Guard Headquarters, Commandant (G-CMA), 400 7th Street, SW, Washington, DC 20590.

Written request must be signed by the individual.

Record access procedures: Procedure may be obtained by writing to or visiting Commandant (G-CMA) at the address in 'Notification Procedures' or the local Coast Guard District or Unit administrative officer for the area in which an individual's duty station is located. See Appendix I for locations.

Proof of identity will be required prior to affording an individual access to records. A military identification card, a driver's license, or similar document will be considered suitable identification.

Contesting record procedures: Same as 'Record Access Procedure.'

Record source categories: Sources include: the individual, CG payroll offices, legal staff, investigators, Office of Personnel, Comptroller General (GAO) and congressional correspondence.

DOT/CG 527.

System name: Allotment System (Military). DOT/CG.

System location: Department of Transportation (DOT), United States Coast Guard (CG), Commandant (G-FP), 400 7th Street, SW, Washington, DC 20590.

Categories of individuals covered by the system: Active Duty Military Members.

Retired Military Members.

Categories of records in the system: Allotment deductions from active duty military pay and retired military pay.

Routine uses of records maintained in the system, including categories of users and the purposes of such uses: Used by authorized personnel to prepare tapes and vouchers for cutting checks and bonds for submission to banks, charity organizations, dependents or other institutions and firms as authorized by individuals.

Various reports as required by USCG offices.

See Prefatory Statement of General Routine Uses.

Policies and practices for storing, retrieving, accessing, retaining, and disposing of records in the system:

Storage: Main records are maintained on microfilm, others are filed manually in file folders.

Retrievability: Microfilm records are indexed alphabetically/SSN, file folders by ACO number and alphabetically. Retrieved by name/number.

Retention and disposal: Files are maintained until individual is discharged from service or expires. Records are then shipped to a Federal Records Center.

System manager(s) and address: Chief, Office of Comptroller, Department of Transportation, United States Coast Guard Headquarters, 400 7th Street, SW, Washington, DC 20590.

Notification procedure: Contact the following office in person or in writing:

Department of Transportation, United States Coast Guard Headquarters, Commandant (G-CMA), 400 7th Street, SW, Washington, DC 20590.

Written request must be signed by the individual.

Record access procedures: Procedures may be obtained by writing to or visiting Commandant (G-CMA) at the address in 'Notification Procedure' or the local Coast Guard District or unit for the area in which an individual's duty station is located.

Proof of identity will be required prior to affording an individual access to records. A military identification card, a driver's license, or similar document will be considered suitable identification.

Contesting record procedures: Same as 'Record Access Procedure'.

Record source categories: Sources include: the individual and USCG payroll offices.

DOT/CG 528.

System name: Centralized Reserve Pay and Retirement System. DOT/CG.

System location: Department of Transportation (DOT), United States Coast Guard (CG), Commandant (G-FP), 400 7th Street, SW, Washington, DC 20590.

System is also located at District Offices and other Field Units. See Appendix I for locations.

Categories of individuals covered by the system: United States Coast Guard Reserve Members.

Categories of records in the system: Master Pay and Retirement Point Credits Record.

Master Personnel Data Accounting Record.

Routine uses of records maintained in the system, including categories of users and the purposes of such uses: Used to prepare monthly payroll and all associated listings.

Used also:
For preparation of budgets.
For accounting purposes.
To compute pay and points.
The compilation of data.
Permanent pay and points records (retirement data).
W-2 wage and federal tax reporting.
To report earnings to state and city taxing authorities.
Used by authorized Coast Guard, IRS, GAO, and other Agency Officials as required.

See Prefatory Statement of General Routine Uses.

Policies and practices for storing, retrieving, accessing, retaining, and disposing of records in the system:

Storage: Microfilm of payroll retained in Reserve Pay Branches and Districts.

Records are filed manually in filing cabinet.

Retrievability: Records are indexed alphabetically by name of Reservist and CG Unit Number.

Records are retrieved by name/number.

Safeguards: Access is limited to user staff members.

Stored in secured building after duty hours.

Retention and disposal: Microfilm and records are retained until member is discharged or retired. Three years subsequent to retirement or discharge, records are transferred to a Federal Records Center.

System manager(s) and address: Chief, Office of Comptroller, Department of Transportation, United States Coast Guard Headquarters, 400 7th Street, SW, Washington, DC 20590.

Notification procedure: Department of Transportation, United States Coast Guard Headquarters, Commandant (G-CMA), 400 7th Street, SW, Washington, DC 20590.

Written request must be signed by the individual.

Record access procedures: Procedures may be obtained by writing to or visiting Commandant (G-CMA) at the address in 'Notification Procedure' or the local Coast Guard District or Unit administrative officer for the area in which an individual's duty station is located.

Proof of identity will be required prior to affording an individual access to records. A military identification card, a driver's license, or similar document will be considered suitable identification.

Contesting record procedures: Same as 'Record Access Procedure.'

Record source categories: Sources include:

The District Commander and Office of Reserve.

V 42 181 SEP 19 77 UMI

The individual.
Unit Commanding Officers.
District Commanders.
Office of the Reserve.

DOT/CG 529.

System name: Civilian Payroll System. DOT/CG.

System location: Department of Transportation (DOT).
United States Coast Guard (CG),
Federal Aviation Administration (FAA),
Aeronautical Center (AAC-24),
P.O. Box 25735,
Oklahoma City, OK 73125.
and:
Commanding Officer,
Coast Guard Yard,
Curtis Bay,
Baltimore, MD 21226.

Categories of individuals covered by the system: Civilian employees

Categories of records in the system: Earnings and leave.
Retirement records.
Pay files.
Allotment deductions
Accounts receivable and accounts payable.

Routine uses of records maintained in the system, including categories of users and the purposes of such uses: Used for the preparation of payroll checks and bonds
To report federal withholding tax to the Internal Revenue Service.
To report earnings to state and city taxing authorities.
To report FICA withholding to the Social Security Administration.
Used also to prepare report of retirement contributions, allotment payments, and various reports for CG Headquarters and District Offices (budgeting, accounting, management, etc).
Used by authorized Coast Guard, FAA, IRS, GAO, and Civil Service Commission in the performance of their official duties
See Prefatory Statement of General Routine Uses.

Policies and practices for storing, retrieving, accessing, retaining, and disposing of records in the system:

Storage: Manually filed in file folders, records maintained on tape.

Retrievability: Records indexed by pay periods, alphabetically, and by tape number. Records are retrieved by name/number.

Safeguards: Access is limited to authorized personnel.
Stored in Government building with a roving security guard after duty hours.

Retention and disposal: Records retained for 3, 4 and 10 years then transferred to a Federal Records Center.

System manager(s) and address: Chief, Office of Comptroller,
Department of Transportation,
United States Coast Guard Headquarters,
400 7th Street, SW.,
Washington, DC 20590.

Notification procedure: Department of Transportation,
United States Coast Guard Headquarters,
Commandant (G-CMA),
400 7th Street, SW.,
Washington, DC 20590.
Written request must be signed by the individual.

Record access procedures: Procedures may be obtained by writing to or visiting Commandant (G-CMA) at the address in 'Notification Procedure' or the local Coast Guard District or Unit office for the area in which an individual's duty station is located.
Proof of identity will be required prior to affording an individual access to records. A military identification card, a driver's license, or similar documents will be considered suitable identification.

Contesting record procedures: Same as 'Record Access Procedure.'

Record source categories: Sources include:
The individual.
Personnel Offices.
Payroll Offices.

DOT/CG 530.

System name: Closed Out Military Pay Record System. DOT/CG.

System location: Department of Transportation (DOT).
United States Coast Guard (CG),
Commandant (G-FP),
400 7th Street, SW.,
Washington, DC 20590.

Categories of individuals covered by the system: Active duty military members, retired military members, and separated military members. Closed out active duty pay records of active duty members, retired members, and separated members and correspondence relating thereto.

Routine uses of records maintained in the system, including categories of users and the purposes of such uses: Used by authorized Coast Guard and other agency personnel for auditing and settlement of claims (over/under payments).
Source of data permitting responses to general and Congressional inquiries and for submitting reports to the General Accounting Office.
See Prefatory Statement of General Routine Uses

Policies and practices for storing, retrieving, accessing, retaining, and disposing of records in the system:

Storage: Records are filed manually in file folders.

Retrievability: Records are indexed and retrieved by name/number.

Safeguards: Access is limited to authorized Coast Gurad or other agency personnel.
Records are stored in building having roving security guards.

Retention and disposal: Pay records of retirees and separated members maintained separately for one year after date of retirement or separation, then transferred to a Federal Records Center for retention until records become disposable 10 years after final separation or retirement of member.

System manager(s) and address: Chief, Office of Comptroller,
Department of Transportation,
United States Coast Guard Headquarters,
400 7th Street, SW.,
Washington, DC 20590.

Notification procedure: Department of Transportation,

Headquarters Payroll Office.

DOT/CG 532.

System name: FICA Wage and Tax System for Military Pay. DOT/CG.

System location: Department of Transportation (DOT).
United States Coast Guard (CG),
Commandant (G-FP),
400 7th Street, SW,
Washington, DC 20590.
and at:
Each District and Headquarters Unit. See Appendix I for locations.

Categories of individuals covered by the system: Active duty military members.

Categories of records in the system: Wages paid and federal taxes witheld, FICA wages witheld.

Routine uses of records maintained in the system, including categories of users and the purposes of such uses: Control processing and reporting of FICA to the Social Security Administration.
W-2 wage and tax data to IRS are forwarded using magnetic tapes for reporting purposes.
Information is used by authorized Coast Guard personnel.
See Prefatory Statement of General Routine Uses.

Policies and practices for storing, retrieving, accessing, retaining, and disposing of records in the system:

Storage: Record listings are filed manually, semi-annually.
Magnetic tapes are filed in tape library.

Retrievability: Listings are indexed by date; tapes are indexed by tape number. Retrieved by name/number.

Safeguards: Access is limited to user staff members. Maintained in building which is secured after duty hours.

Retention and disposal: Listings retained for 2 years, then transferred to a Federal Records Center.

System manager(s) and address: Chief, Office of Comptroller,
Department of Transportation,
United States Coast Guard Headquarters,
400 7th Street, SW,
Washington, DC 20590.

Notification procedure: Department of Transportation,
United States Coast Guard Headquarters,

400 7th Street, SW,
Washington, DC 20590
Written request must be signed by the individual.

Record access procedures: Procedure may be obtained by writing to or visiting Commandant (G-CMA) at the address in 'Notification Procedure' or the local Coast Guard District or unit office for the area in which an individual's duty station is located
Proof of identity will be required prior to affording an individual access to records. A military identification card, a driver's license, or similar document will be considered suitable identification

Contesting record procedures: Same as 'Record Access Procedure.'

Record source categories: Sources include:
The individual
Coast Guard payroll offices.

DOT/CG 533.

System name: Retired Pay and Personnel System. DOT/CG

System location: Department of Transportation (DOT).
United States Coast Guard (CG),
Commandant (G-FP),
400 7th Street, SW,
Washington, DC 20590.

Categories of individuals covered by the system: Annuitants.
Lighthouse Keeper Retirees.
Honorary Retirees.
USCG Retirees.

Categories of records in the system: Pay and personnel data of military retirees, annuitants, lighthouse keepers and retirees.
Personnel data of honorary retirees.
Accounts receivable and accounts payable.

Routine uses of records maintained in the system, including categories of users and the purposes of such uses: Produce various listings and reports provided to USCG offices.
Produce checks.
W-2 wage and federal tax reporting to the Internal Revenue Service.
Reports of earnings to state and city taxing authorities.
Listing of currently retiring officers, home addresses and mailing labels used by authorized USCG and USCG affiliated organizations.
Reports and information exchanged with the Veterans Administration, Civil Service Commission, SOcial Security Administration, the Department of Defense and the Red Cross.
See Prefatory Statement of General Routine Uses.

Policies and practices for storing, retrieving, accessing, retaining, and disposing of records in the system:

Storage: Records are filed manually in file folders.
Microfilm is stored in the retired pay branch.
Check tapes are filed in tape library.

Retrievability: Records and microfilm are indexed alphabetically, check tapes are indexed by tape number.
Retrieved by name/number.

Safeguards: Access is limited to user staff members under supervisory control.
Stored in government building having roving security guard after duty hours.

Retention and disposal: Records are retained in the Retired Pay Branch for 3 years subsequent to retiree's or annuitant's death, then forwarded to a Federal Records Center.
Magnetic tapes are retained 18 months, microfilm for 6 years (required by GAO) then destroyed.

System manager(s) and address: Chief, Office of Comptroller,
Department of Transportation,
United States Coast Guard Headquarters,
400 7th Street, SW,
Washington, DC 20590.

Notification procedure: Department of Transportation,
United States Coast Guard Headquarters,

System location: Department of Trasnsportation (DOT),

United States Coast Guard (CG),
Commandant (G-FER),
400 7th Street, SW.,
Washington, DC 20590.
System is also located at:
District and Headquarters Units. See Appendix I for Locations.

Categories of individuals covered by the system: Civilian employees.

Active duty military members.
Retired military members.
Military dependents.

Categories of records in the system: Payroll records.

Accounting records for NAFA loans.
Purchase slips for articles sold in Base Exchange (BX) that cost more than
25.
Listing of bad checks.
Lay away purchase list.
Job applications.
Personnel records.
Credit books kept by ships and isolated shore units.
Correspondence.
Membership applications.
Accounts receivable.
Investigatory reports involving abuse of facilities.
Purchase listings and sales slips for specific items.

Routine uses of records maintained in the system, including categories of users and the purposes of such uses: Payroll for NAFA employees.

Personnel actions.
Accounting purposes.
Budget and inventory controls.
Used by members and employees of USCG in the performance of their official duties related to the management, supervision and administration of nonappropriated funds.
Officials and employees of other agencies, attorney general's office or Congress in the performance of their official duties related to the management, supervision and administration of nonappropriated funds.
Billing, reservations, protection of funds.
See Prefatory Statement of General Routine Uses.

Policies and practices for storing, retrieving, accessing, retaining, and disposing of records in the system:

Storage: Automated records may be stored on tape, disc, drums and punched cards.

Manual records may be stored in file folders and/or credit ledgers, card files, and notebooks.

Retrievability: Records are indexed alphabetically and by social security number, membership number or unit number.

Safeguards: Access is limited to authorized personnel. Building is secured after duty hours.

Retention and disposal: Records are retained until usefulness has expired and then destroyed.

System manager(s) and address: Chief, Office of Comptroller,

General correspondence.

DOT/CG 536.

System name: Contract and Real Property File System. DOT/CG.

System location: Department of Transportation (DOT),

United States Coast Guard (CG),
Commandant (G-F),
400 7th Street, SW.,
Washington, DC 20590.
Systems are also located at various District and Headquarters Units. See Appendix I for locations.

Categories of individuals covered by the system: Individuals or companies doing business with the Coast Guard.

Employees of prime and sub-contractors.
Individuals requiring use of CG property.
Military members and civilian employees.

Categories of records in the system: Contracts and related files.

Real property and leased family housing files.
Bidders list.
Minority compliance records.
Payment schedule records.
Witness fees records.
Various payment files relating to Admiralty and Tort claims.
Personnel claims.
Collection register.
Open purchase order file.
Correspondence files and vendor lists.
Information on employees of contractors, job level and pay of these employees.
Permits, licenses and easements.

Routine uses of records maintained in the system, including categories of users and the purposes of such uses: Used to determine compliance of contractors with minimum wages for certain skills and trades on government contracts.

Used to aid in record keeping of payments and collections.
Used to determine potential for contracting with the government.
Used to record issuance of personal property and maintain inventories.
Used to determine contractor responsibilities and liability.
Used by Coast Guard officials of the General Accounting Office (GAO) in performance of duties.
See Prefatory Statement of General Routine Uses.

Policies and practices for storing, retrieving, accessing, retaining, and disposing of records in the system:

Storage: Manually filed in file folders. Maintained on tape/card three ring binders, and in hard cover books.

Retrievability: Retrieved by individual/company name, number, construction job, and/or location.

Safeguards: Access restricted to authorized personnel only; some records in locked safe and/or filing cabinet.

Maintained in Government building having roving security guard after duty hours.

Retention and disposal: Some records retained indefinitely; some retained 3, 4 or 6 years, then destroyed or forwarded to a Federal Records Center for an additional 7 years

System manager(s) and address: Chief, Office of Comptroller,

Department of Transportation,
United States Coast Guard Headquarters,
400 7th Street, SW.,
Washington, DC 20590.

Notification procedure: Department of Transportation,

United States Coast Guard Headquarters,

Washington, DC 20590.

Categories of individuals covered by the system: U.S. Coast Guard Military Personnel who have applied for Federal Housing Administration Mortagage Insurance.

Categories of records in the system: Selected aspects of FHA Mortgage Insurance Records for military personnel, including copies of Form DD-802, 'Request for and Certificate of Eligibility' and Form DD-803, 'Certificate of Termination'.

Routine uses of records maintained in the system, including categories of users and the purposes of such uses: Used to enable management to verify that billings from FHA are correct, and payable from Coast Guard funds. Users are authorized Coast Guard personnel.

Policies and practices for storing, retrieving, accessing, retaining, and disposing of records in the system:

Storage: Records are filed manually in closed file cases.

Retrievability: Folders are filed by named individual, alphabetically. Copies of documents are filed chronologically in the folders together with a record of payment.

Safeguards: Access is limited to user staff members. After duty hours the building is patrolled by roving security guards.

Retention and disposal: Files are maintained as long as a member is covered by an insured mortgage loan; 3 years after, files are forwarded to Federal Records Center. Destroyed 4 years after case files are closed.

System manager(s) and address: Chief,

Office of Comptroller,
Department of Transportation,
United States Coast Guard Headquarters,
400 7th Street, SW.,
Washington, DC 20590.

Notification procedure: Contact Commandant (G-CMA),

U.S. Coast Guard Headquarters,
Washington, DC 20590.
The written request should include the requestors name in full and signature.

V 42 181 SEP 19 77 UMI

Record access procedures: Procedures may be obtained by writing Commandant (G-CMA), at the address above, or by visiting the Coast Guard Headquarters, 400 7th Street, SW, Washington, DC. Proof of identity will be required prior to affording an individual access to his records. A military identification card, a drivers license, or similar document will be considered suitable identification.

Contesting record procedures: Same as 'Record Access Procedure'.

Record source categories: From individual concerned and the Federal Housing Administration.

DOT/CG 561.

System name: Port Safety Reporting System Individual Violation Histories. DOT/CG.

System location: Department of Transportation (DOT),

United States Coast Guard (CG),
Commandant (G-WLE-1),
400 7th Street, SW,
Washington, DC 20590
System is also located at
Offices of the District Commanders. See Appendix I for locations.

Categories of individuals covered by the system: Masters, operators, owners, agents, shippers, charterers and/or pilots of commercial vessels/barges, dock and waterside facilities reported for violations of United States port safety regulations.

Categories of records in the system: Computerized listings, by name, giving specific violations, date, place and penalty assessed.

Routine uses of records maintained in the system, including categories of users and the purposes of such uses: Determining penalties to be assessed by Coast Guard hearing officers, execution of judgments by U S attorneys as necessary.

See Prefatory Statement of General Routine Uses.

Policies and practices for storing, retrieving, accessing, retaining, and disposing of records in the system:

Storage: Magnetic tape or disc.

Retrievability: By name.

Safeguards: Restricted access data processing area. Program access by password.

Source documents and printouts are stored in locked rooms or file cabinets.

Retention and disposal: Disposed of 3 years after final disposition of case.

Paper files destroyed by mutilation, shredding or burning.
Magnetic tapes are obliterated by writing over magnetic surface till content is rendered useless and unreadable.

System manager(s) and address: Chief, Office of Marine Environment and Systems,

Department of Transportation,
United States Coast Guard Headquarters,
400 7th Street, SW,
Washington, DC 20590.

Notification procedure: Department of Transportation,

United States Coast Guard Headquarters,
Commandant (G-CMA),
400 7th Street, SW,
Washington, DC 20590.
Written request must be signed by the individual.

Record access procedures: Procedures may be obtained by writing to or visiting Commandant (G-CMA) at the address in 'Notification Procedure' above or the local Coast Guard District, at the address in Appendix I, where the violation occurred.

Contesting record procedures: Same as 'Record Access Procedure'.

Record source categories: Report of Violation, Form CG-2636, prepared by Coast Guard officials.

Systems exempted from certain provisions of the act: Portions of this system may be exempt from disclosure under the provisions of 5 USC 552a (k)(2), which provide in part, that investigatory material compiled for law enforcement purposes may be withheld from disclosure to the extent that the identity of the source of the information would be revealed by disclosing the investigatory record, and the source has received an express guarantee that his identity would be held in confidence or, prior to the effective date of this section, if the source received an implied promise that his identity would be held in confidence.

DOT/CG 571.

System name: Physical Disability Separation System. DOT/CG.

System location: Department of Transportation (DOT),

United States Coast Guard (CG),
Commandant (G-KMA),
400 7th Street, SW,
Washington, DC 20590.

Categories of individuals covered by the system: USCG active duty personnel and USCG personnel separated or retired for physical disability.

Categories of records in the system: Central Physical Evaluation Board files.

Formal Physical Evaluation Board files.
Physical Review Council files.
Physical Disability Appeal Board files.

Routine uses of records maintained in the system, including categories of users and the purposes of such uses: Used by:

Coast Guard officials in connection with physical disability separation and retirement proceedings.
The Veterans Administration for assistance in determining the elgibility of individuals for benefits administered by that agency and available to USPHS or DOD medical personnel in connection with the performance of their official duties.
See Prefatory Statement of General Routine Uses.

Policies and practices for storing, retrieving, accessing, retaining, and disposing of records in the system:

Storage: File folders.

Retrievability: By name of individual .

Safeguards: Roving guard patrol. Restricted personnel access by screening.

Retention and disposal: Retained two years after disposition then transferred to Federal Records Center, St. Louis, MO.

System manager(s) and address: Chief, Office of Health Services,

Department of Transportation,
United States Coast Guard Headquarters,
400 7th Street, SW,
Washington, DC 20590.

Notification procedure: Department of Transportation,

United States Coast Guard Headquarters,
Commandant (G-CMA),
400 7th Street, SW,
Washington, DC 20590.
Written request must include a notarized statement attesting that the individual requesting the notification is in fact the individual about whom information is requested.

Record access procedures: Procedures may be obtained by writing to or visiting Commandant (G-CMA) at the address in 'Notification Procedure.'

Contesting record procedures: Same as 'Record Access Procedure' above.

Record source categories: Information in records developed through proceedings of administrative bodies listed in 'Categories of Records' above.

DOT/CG 572.

System name: USCG Military Personnel Health Record System. DOT/CG.

System location: Department of Transportation (DOT),

United States Coast Guard (CG),
Commandant (G-KPS),
400 7th Street, SW,
Washington, DC 20590.

Categories of individuals covered by the system: USCG active duty personnel. USCG active duty personnel dependents,

Dependents of USCG active duty personnel.
Department of Defense active duty personnel and dependents.
Dependents of USCG and DOD retired personnel and their dependents.
Members of USCG Reserve.

Categories of records in the system: Records of medical and dental treatment.

Routine uses of records maintained in the system, including categories of users and the purposes of such uses: Used by medical staff in affording medical and dental treatment to personnel listed in 'Categories of Individuals' above.

Provided to the Social Security Administration and Veteran's Administration for use in determining an individual's entitlement to benefits administered by those agencies.
Records are provided to the Department of Health, Education and Welfare for purposes of the Federal Medical Care recovery set.
Records are available to the Public Health Service or DOD medical personnel in connection with medical treatment of individuals at USPHS or DOD facilities.
See Prefatory Statement of General Routine Uses.

Policies and practices for storing, retrieving, accessing, retaining, and disposing of records in the system:

Storage: File folders.

Retrievability: Name and military identification number.

Safeguards: Roving guard patrol. Room in which records are located is locked when unattended.

Access limited to these records at all times by personnel screening.

Retention and disposal: Retained so long as individual is assigned to the particular area. Transmitted to new duty station upon transfer of member/sponsor. Incorporated into personnel record file system upon transfer, separation, or retirement.

System manager(s) and address: Chief, Office of Health Services,

Department of Transportation,
United States Coast Guard Headquarters,
400 7th Street, SW,
Washington, DC 20590.

Notification procedure: Department of Transportation,

United States Coast Guard Headquarters,
Commandant (G-CMA),
400 7th Street, SW,
Washington, DC 20590.
Written request must be signed by the individual.

Record access procedures: Procedures may be obtained by writing to or visiting Commandant (G-CMA) at the address in 'Notification Procedure' or the local District or Headquarters Unit Office for the area in which assigned. See Appendix I for locations. See Appendix II for details pertaining to release of medical records.

Contesting record procedures: Same as 'Record Access Procedure.'

Record source categories: Medical facilities where treatment received and from the individual.

All Field Units with Medical Personnel assigned. See Appendix I for locations.

DOT/CG 573.

System name: U.S. Public Health Services (USPHS) Commissioned Officer Corps Staffing and Recruitment Files. DOT/CG.

System location: Department of Transportation (DOT),

United States Coast Guard (CG),
Commandant (G-KMA),
400 7th Street, SW,
Washington, DC 20590.

Categories of individuals covered by the system: Personnel records of USPHS commissioned officers assigned to duty with the Coast Guard.

Categories of records in the system: Personnel records, Commissioning applications, assignment preference, reference questionnaires, background information.

Routine uses of records maintained in the system, including categories of users and the purposes of such uses: Used to assist administrators in assigning personnel to area requiring their specific skills.

Used to monitor career development of personnel assigned to program.
See Prefatory Statement of General Routine Uses.

Policies and practices for storing, retrieving, accessing, retaining, and disposing of records in the system:

Storage: File folders.

Retrievability: By name of individuals.

Safeguards: During working hours access is controlled by office personnel; during non-working hours building is patrolled by roving security patrol.

Retention and disposal: Records are retained during period of an individual's assignment to the Coast Guard. Thereafter, records are destroyed by shredding.

System manager(s) and address:

Chief, Office of Health Services,
Department of Transportation,
United States Coast Guard Headquarters,
400 7th Street, SW,
Washington, DC 20590.

Notification procedure: Department of Transportation,

United States Coast Guard Headquarters,
Commandant (G-CMA),
400 7th Street, SW,
Washington, DC 20590.
Written request must be signed by the individual.

Record access procedures: Procedures may be obtained by writing to or visiting Commandant (G-CMA) at the address in 'Notification Procedure'.

Proof of identity will be required prior to release of records. A military identification card, driver's license or similiar document will be considered suitable identification.

Contesting record procedures: Same as 'Record Access Procedure.'

Record source categories: Previous employers, educational institutions, references, Coast Guard Medical Administrators and the individual.

DOT/CG 574.

System name: Drug and Alcohol Abuse Prevention Program Record System. DOT/CG.

System location: Department of Transportation (DOT),

United States Coast Guard (CG),
Commandant (G-PS),
400 7th Street, SW,
Washington, DC 20590.
All Coast Guard units have portions of duplicate case folders on individuals involved in the program. See Appendix I for addresses.

Categories of individuals covered by the system: Active duty Coast Guard officers, enlisted personnel and reserve personnel; retired and separated Coast Guard personnel.

Categories of records in the system: Annotations on file cards of drug abuse, drug exemptions, drug rehabilitation, alcohol rehabilitation and waiver for enlistment in the Coast Guard cases.

Routine uses of records maintained in the system, including categories of users and the purposes of such uses: Used to:

Determine the extent of the drug and alcohol problem in the Coast Guard.
Evaluate program effectiveness.
Maintain the integrity of the Coast Guard employees in performance of their official duties.
Assist the U.S. Navy Department in consonance with inpatient treatment at Navy Rehabilitation Center.
See Prefatory Statement of General Routine Uses.

Policies and practices for storing, retrieving, accessing, retaining, and disposing of records in the system:

Storage: Records are maintained on file cards (5'x8') and message file.

Retrievability: File cards are indexed by name; message file by date/time group.

Safeguards: Files are stamped 'For Official Use Only' and maintained in locked filing cabinet.

Retention and disposal: Disposal schedules are under development and will be in accord with disposal schedules of the Military Personnel Record System.

System manager(s) and address: Chief, Office of Personnel,

Department of Transportation,
United States Coast Guard Headquarters,
400 7th Street, SW,
Washington, DC 20590.

Notification procedure: Department of Transportation,

United States Coast Guard Headquarters,

V42I181 SEP 1977 UMI

Commandant (G-CMA),
400 7th Street, SW,
Washington, DC 20590.
Written request must be signed by individual.

Record access procedures: Procedures may be obtained by writing to or visiting Commandant (G-CMA) at the address in 'Notification Procedure' or the local Coast Guard District or unit office for the area in which an individual's duty station is located. See Appendix I for locations.

Proof of identity will be required prior to affording an individual access to records. A military identification card, a driver's license, or similar document will be considered suitable identification.

Contesting record procedures: Same as 'Record Access Procedure.'

Record source categories: Reports of drug exemption; reports of civil and military offenses involving drugs or alcohol; reports of Coast Guard Intelligence Investigation, recommendation for inpatient drug or alcohol rehabilitation.

Individual personnel, medical, and security records.

DOT/CG 586.

System name: Chemical Transportation Industry Advisory Committee. DOT/CG.

System location: Department of Transportation (DOT).

United States Coast Guard (CG),
Commandant (G-M),
400 7th Street, SW,
Washington, DC 20590.

Categories of individuals covered by the system: Committee members.

Categories of records in the system: Address, phone number.

Biographical sketch.
Committee information.
Minutes of meetings.

Routine uses of records maintained in the system, including categories of users and the purposes of such uses: Arranging meetings, keeping records of committee business, determine committee membership.

Used by Coast Guard personnel in the performance of offficial duties.
See Prefatory Statement of General Routine Uses.

Policies and practices for storing, retrieving, accessing, retaining, and disposing of records in the system:

Storage: File folders.

Retrievability: By committee name/individual name.

Safeguards: Personnel screening prior to granting access.

Building has roving security after hours.

Retention and disposal: Permanently retained.

System manager(s) and address:

Chief, Office of Merchant Marine safety.
Department of Transportation.
United States Coast Guard Headquarters,
400 7th Street, SW,
Washington, DC 20590.

Notification procedure: Department of Transportation,

United States Coast Guard Headquarters,,
Commandant (G-CMA),
400 7th Street, SW,
Washington, DC 20590.
Written request must be signed by the individual.

Record access procedures: Procedures may be obtained by writing to or visiting Commandant (G-CMA) at the address in 'Notification Procedure.'

Proof of identity will be required prior to granting access. A military identification card, driver's license or similar document is considered suitable identification.

Contesting record procedures: Same as 'Record Access Procedure.'

Record source categories: From the individual of record.

DOT/CG 587.

System name: Investigation of Violations of Marine Safety Laws or Regulations. DOT/CG.

System location: District Offices - See Appendix I for addresses.

Categories of individuals covered by the system: Persons who have violated or who are suspected of violating marine safety or related laws or regulations.

Categories of records in the system: Reports of violation and supporting documents.

Routine uses of records maintained in the system, including categories of users and the purposes of such uses: Evaluation by Coast Guard personnel for law enforcement purposes.

Evaluation by other agencies, state, local and foreign governments for purposes of law enforcement, and other purposes which the agency may deem necessary for their mission.
For use in civil litigation.
For insurance purposes.
Use by the general public.
See Prefatory Statement of General Routine Uses.

Policies and practices for storing, retrieving, accessing, retaining, and disposing of records in the system:

Storage: File folders.

Retrievability: Records pertaining to violations of law or regulation are retrieved by individual name or vessel name.

Safeguards: Destroyed three years after case is closed.

System manager(s) and address: Chief, Office of Merchant Marine Safety,

Department of Transportation,
United States Coast Guard Headquarters,
400 7th Street, SW,
Washington, DC 20590.

Notification procedure: Department of Transportation,

United States Coast Guard Headquarters,
Commandant (G-CMA),
400 7th Street, SW,
Washington, DC 20590.
Written request must be signed by the individual.

Record access procedures: Procedures may be obtained by writing to or visiting (G-CMA) at the address in 'Notification Procedure' or the local Coast Guard District for the area in which the alleged violation occurred.

Contesting record procedures: Same as 'Record Access Procedure.'

Record source categories: Coast Guard investigating records compiled as a result of vessel casualty.

Investigations by other law enforcement agencies.
Vessel operator complaints.
Deficiencies noted during Coast Guard inspections.

Systems exempted from certain provisions of the act: Portions of this system may be exempt from disclosure under the provisions of 5 USC 552a (K)2) which provide in part, that investigatory material compiled for law enforcement purposes may be withheld from disclosure to the extent that the identity of the source of the information would be revealed by disclosing the investigatory record, and the source has received an express guarantee that his identity would be held in confidence, or, prior to the effective date of this section, if the source received an implied promise that his identity would be held in confidence.

DOT/CG 589.

System name: U. S. Merchant Seamen's Records.

System location: Department of Transportation (DOT).

United States Coast Guard (CG),
Commandant (G-MVP),
400 7th Street, SW,
Washington, DC 20590.
Portions of these records may be located at the Marine Inspection Office or the Marine Safety Office where the seaman was documented.

Categories of individuals covered by the system: U. S. Merchant Seamen.

Categories of records in the system: Personnel File.

Shipping Articles.
Locator List.
Log Books.
Seamen's License Records.
Fingerprint Records.
Disciplinary Records.
Security Records.

Routine uses of records maintained in the system, including categories of users and the purposes of such uses: Used to determine qualification of individuals for issuance of Merchant Mariners Documents.

Used by individual seaman, seamen's representatives, seaman's next of kin, law enforcement agencies, other government agencies, attorneys, welfare agencies and limited use by the general public.
See Prefatory Statement of General Routine Uses.

Policies and practices for storing, retrieving, accessing, retaining, and disposing of records in the system:

Storage: The personnel file will be stored on updateable microfiche and limited personal data will reside on computer disks and magnetic tapes. The above media will be continuously updated as new or additional data is received. The remainder of the records will be stored in file folders in paper form.

Retrievability: The personnel file on microfiche will be accessed from its storage cabinet by a coded identifier of the location of the record within the cabinet. The data on the computer record will be retrieved by direct terminal access with the selection of data elements determined by the authorized user. Retrieval will be by name and cross indexed under ID (i.e., 'Z', 'BK', or Social Security Number).

Safeguards: Personnel files on microfiche are stored in the locked retrieval cabinet. The data on the computer file can be retrieved only via 'password' identifier with users being permitted access only to that portion of the overall file that has previously been determined as meeting their needs. The file folders are maintained in locked rooms.

Retention and disposal: Personnel files are held 3 years for unlicensed personnel and 10 years for licensed personnel after last activity, then transferred to a holding area where they may be destroyed after 60 years of inactivity. Shipping Articles are held 3 years then transferred to a Federal Records Center where they are considered historical data and are not destroyed. Disciplinary Records are maintained in paper form. Administrative Law Judge's Decisions and Orders and Appeal File are transferred to a Federal Records Center after 5 years. Commandant's Decision on Appeal and National Transportation Safety Board Decisions and Orders are retained. Disciplinary Record Cards are destroyed upon notice of death.

System manager(s) and address: Chief, Office of Merchant Marine Safety,

Department of Transportation,
United States Coast Guard Headquarters,
400 7th Street, SW,
Washington, DC 20590.

Notification procedure: Department of Transportation, United States Coast Guard Headquarters, Commandant (G-CMA), 400 7th Street, SW, Washington, DC 20590. In order to determine if a record for an individual exists, it is necessary that the applicant furnish the complete name in which the document was issued, the serial number of the document (i.e., 'Z', 'BK', and/or Social Security Number), and his date and place of birth. A written request must be signed by the individual.

Record access procedures: Procedures may be obtained by writing Commandant (G-CMA) or visiting at the address in 'Notification Procedure' or the Marine Inspection Office or Marine Safety Office where the document was issued for locally maintained portions.

Contesting record procedures: Same as 'Record Access Procedure'.

Record source categories: Personnel File - Date furnished by the seamen, U.S. Coast Guard officials, other Federal Agencies and employer. Shipping Articles - Vessels' operators, seamen, masters of vessels, State Department, and Coast Guard officials. Disciplinary Records - Furnished by the Investigating Officers at the various Marine Inspection and Marine Safety Offices.

Systems exempted from certain provisions of the act: Portions of this system of records may be exempt from disclosure under the provisions of 5 USC 552a (k)2), which provide, in part that investigatory material compiled for law enforcement purposes may be withheld from disclosure to the extent that the identity of the source of the information would be revealed by disclosing the investigatory record, and the source has received an express guarantee that his identity would be held in confidence, or, prior to the effective date of this section, if the source received an implied promise that his identity would be held in confidence.

DOT/CG 590.

System name: Merchant Vessel Casualty Reporting System. DOT/CG.

System location: Department of Transportation (DOT),

United States Coast Guard (CG),
Commandant (G-MVI),
400 7th Street, SW,
Washington, DC 20590.
System is also maintained at:
District and Headquarters Units-see Appendix I for addresses.

Categories of individuals covered by the system: The categories of individuals included in this system of records are persons who have been involved in vessel casualties. Categories include: deceased persons, injured persons, witnesses, vessel pilots, vessel masters, vessel crew members and vessel owners.

Categories of records in the system: Investigative reports of vessel casualties.

Investigative reports of deaths aboard vessels.
Investigative reports of personnel injuries.
Note: Vessels included in this system include commercial U. S. vessels, foreign vessels using the territorial waters of the U. S., and other vessels involved in a casualty with a U. S. commerical vessel.

Routine uses of records maintained in the system, including categories of users and the purposes of such uses: Routine Uses and Purposes include:

Evaluation by Coast Guard personnel for corrective safety measures, and law enforcement purposes.
Evaluation by other agencies, state, local and foreign governments for purposes of safety, law enforcement, and other purposes for which the agency may deem necessary for their missions.
Civil litigation.
For insurance purposes.
Use by Congressional representatives for possible legislative action or to provide information to a constituent.
Use by shipping concerns such as owners, operators, and charterer for safety; protection against law suits and general background.
Use by research groups for safety purposes or any other purpose.
Use by the general public.
See Prefatory Statement for General Routine Uses.

Policies and practices for storing, retrieving, accessing, retaining, and disposing of records in the system:

Storage: File folders and magnetic tape.

Retrievability: Vessel casualty records are filed by vessel name, type of casualty and date of casualty.

Retrieved by a combination of above information.
Personel injuries and deaths are filed by individual name and date of injury or death.
Retrieved by date/name.

Safeguards: Personnel screening. Building secured after duty hours and patrolled by roving security patrol.

Retention and disposal: Marine Boards of Investigation. Transfer to Federal Records Center after five years.

Vessel Casualties records transferred to FRC after two years, and disposed of after twenty-five years.
District Offices records disposed of after five years.
Officers in Charge, Marine Inspection Office; Commanding Officers, Marine Safety Office; Merchant Marine Details: ten years.
Transferred to the Federal Records Center after five years. Disposed of after

System manager(s) and address: Chief, Office of Merchant Marine Safety,

Department of Transportation,
United States Coast Guard Headquarters,
400 7th Street, SW,
Washington, DC 20590.

Notification procedure: Department of Transportation,

United States Coast Guard Headquarters,
Commandant (G-CMA),
400 7th Street, SW,
Washington, DC 20590.
Written request must be signed by the individual.

V42I181 SEP 1977 UMI

Record access procedures: Procedures may be obtained by writing to or visiting Commandant (G-CMA) at address in 'Notification Procedure' or the local Coast District or Unit office in which the casualty occurred.

Contesting record procedures: Same as 'Record Access Procedure.'

Record source categories: Persons directly involved in the casualty e.g., vessel master, pilot, crewmembers.
Vessel owners.
Witnesses to casualty.
Coast Guard personnel.
Manufacturers.
Investigations by other law enforcement agencies.

Systems exempted from certain provisions of the act: Portions of this system of records may be exempt from disclosure under the provisions of 5 USC 552a(k)(2), which provide, in part, that investigatory material compiled for law enforcement purposes may be withheld from disclosure to the extent that the identity of the source of the information would be revealed by disclosing the investigatory record, and the source has received an express guarantee that his identity would be held in confidence, or, prior to the effective date of this section, if the source received an implied promise that his identity would be held in confidence.

DOT CG 591.

System name: Merchant Vessel Documentation System (Manual and Automated). DOT/CG.

System location: Automated system is located at
Department of Transportation,
United States Coast Guard Headquarters,
Commandant (C-MVD),
400 7th Street, SW.
Washington, DC 20590.
Manual systems are located at
Coast Merchant Vessel Documentation Offices.
(See section E.W., Standard Distribution List - CG-131 for office locations).

Categories of individuals covered by the system: Vessel owners.
Mortgagees.
Vessel buyers and sellers.
Lien claimants.
Vessel builders.

Categories of records in the system:
Vessel owner information.
Vessel information.
Instruments of record (bills of sale, mortgages, etc.).

Routine uses of records maintained in the system, including categories of users and the purposes of such uses: Establishing eligibility for documentation of vessels.
Issuance of marine documents.
Recordation of bills of sale, mortgages, etc.
Publication of the annual MERCHANT VESSELS OF THE UNITED STATES.
Publication of the monthly supplement to MERCHANT VESSELS OF THE UNITED STATES.
Used by:
Coast Guard.
Other Governmental agencies.
Financial institutions and other money leaders.
Anyone having business with or an interest in a documented vessel.
See Prefatory Statement of General Routine Uses.

Policies and practices for storing, retrieving, accessing, retaining, and disposing of records in the system:

Storage: Index of owners maintained by Commandant (G-MVD).
All other records maintained at home port of vessel by vessel name.

Retrievability: Upon furnishing name of vessel owner to Commandant (G-MVD), vessel name is established and request for information referred to appropriate home port.
Records retrieved at home port by use of vessel name.

Safeguards: Personnel screening.

Retention and disposal: Listings of vessel owners constantly updated by additions and deletions (automated).
Field office vessel folders transferred to FRC 2 years after change of vessel's home port or 2 years after removal of vessel from documentation (manual).

System manager(s) and address: Chief, Office of Merchant Marine Safety,
Department of Transportation,
United States Coast Guard Headquarters,
400 7th Street, SW,
Washington, DC 20590.

Notification procedure: Department of Transportation,
United States Coast Guard Headquarters,
Commandant (G-CMA),
400 7th Street, SW,
Washington, DC 20590.
Written requests must be signed by the individual whose records are the subject.

Record access procedures: Procedures may be obtained by writing or by visiting Commandant (G-CMA) at the address in 'Notification Procedure' or the local Coast Guard District Office.

Contesting record procedures: Same as 'Record Access Procedure.'

Record source categories: Vessel owners, Mortgagee, lien claimants, Vessel sellers and buyers, Coast Guard admeasures and vessel builders.

DOT/CG 592.

System name: Registered/Applicant Pilot Eligibility Folder. DOT/CG.

System location: Department of Transportation (DOT),
United States Coast Guard (CG),
Ninth Coast Guard District,
Great Lakes Pilotage Staff,
1240 East Ninth Street,
Cleveland, OH 44199.

Categories of individuals covered by the system: United States registered pilots and applicant pilots suitably registered to perform pilotage duties aboard foreign vessels on the Great Lakes.

Categories of records in the system: Application for registration, renewal of registration, annual report of physical examination, Coast Guard license data, examination for registration.

Routine uses of records maintained in the system, including categories of users and the purposes of such uses: Used by Department of Transportation, U. S. Coast Guard, F.B.I., pilot associations and corporations.
Used for pilot registration, training program needs, retirements, statistical compilations, and negotiations with Canadian authorities to assure equitable participation by U.S. registered pilots with Canadian registered pilots.
See Prefatory Statement of General Routine Uses.

Policies and practices for storing, retrieving, accessing, retaining, and disposing of records in the system:

Storage: File folders.

Retrievability: By name and pilot registration number.

Safeguards: Screened by office personnel prior to use. Locked in cabinets during non-working hours.

Retention and disposal: Permanent.

System manager(s) and address: Chief, Great Lakes Pilotage Staff,
Ninth Coast Guard District,
1240 East Ninth Street,
Cleveland, OH 44199.

Notification procedure: Same as 'System Manager' above.

Record access procedures: Same as 'System Manager' above.

Contesting record procedures: Same as 'System Manager' above.

Record source categories: Individual's original application for U.S. pilot's registration and individual's yearly report of medical examination.

DOT/CG 611.

System name: Intelligence and Security Investigative Case System. DOT/CG.

System location: Department of Transportation(DOT),
United States Coast Guard(CG),
Commandant (G-OIS),
400 7th Street, SW,
Washington, DC 20590.
Systems are also located in Coast Guard District Offices at the addresses listed in Appendix I.

Categories of individuals covered by the system: U. S. Coast Guard military personnel, merchant marine personnel, port and dock workers, and persons under investigation for violations of laws and regulations administered by the Coast Guard.

Categories of records in the system: Personnel security investigations, national agency check results, criminal investigations, counterintelligence investigations, computerized case control system.

Routine uses of records maintained in the system, including categories of users and the purposes of such uses: Used by authorized Coast Guard personnel for:
Security clearances.
Actions by commanders under the Uniform Code of Military Justice.
Career advancement of U.S. Coast Guard military personnel.
Approval of merchant seamen documents.
Access of individuals to port facilities.
Used by:
Appropriate federal, state or local agencies for criminal law enforcement and prosecution by the United States government.
National Agency Checks and background investigations.
See Prefatory Statement of General Routine Uses.

Policies and practices for storing, retrieving, accessing, retaining, and disposing of records in the system:

Storage: Investigative dossiers and 3x5 card retrieval system.

Retrievability: By name and/or case number.

Safeguards: Alarm controlled spaces, locked and/or limited access file cabinets and office spaces.
Using receipt control, automatic data processing (ADP) system cannot be penetrated for data through terminals, or otherwise, located outside the U.S. Coast Guard computer center without use of proper administrative controls.
Release of dossiers to accreditied personnel on 'need-to-know' basis only.

Retention and disposal: Dossiers retained 50 years from date of birth.
Deceased, retirees and others separated are held one year from separation.
Dossiers are retired to the Washington National Federal Records Center for further retention of 30 years.
3x5 cards are annotated to recall retired dossiers if necessary.
Computer printouts are retained for 10 years then destroyed.

System manager(s) and address:
Chief, Office of Operations,
Department of Transportation,
United States Coast Guard Headquarters,
400 7th Street, SW,
Washington, DC 20590.

Notification procedure: Department of Transportation,
United States Coast Guard Headquarters,
Commandant (G-CMA),
400 7th Street, SW,
Washington, DC 20590.
Written request must be signed by the individual.

Record access procedures: Procedures may be obtained by writing to, or visiting Commandant (G-CMA) at the address in 'Notification Procedure' or the local Coast Guard District Office, location in Appendix I, for the area in which an individual's duty station is located.
Proof of identity will be required prior to affording an individual access to records. A military identification card, a driver's license, or similar document will be considered suitable identification.

Contesting record procedures: Same as 'Record Access Procedure'.

Record source categories: National Agency Checks, background investigations, criminal investigations, interviews, records, checks, observations, statements.

Systems exempted from certain provisions of the act: Portions of this system of records may be exempt from disclosure under the provisions of 5 USC 552a (k)(2), which provides in part that investigatory material compiled for law enforcement purposes may be withheld from disclosure to the extent the identity of the source of the information would be revealed by disclosing the investigatory record, and the source has received an express promise that his identity would be held in confidence, or, prior to the effective date of this section, if the source received an implied promise that his identity would be held in confidence.
Portions of this system of records may be exempt from disclosure under the provisons of 5 USC 552a(which provides, in part, that investigatory material compiled solely for the purpose of determining suitability, eligibility, or qualifications for Federal civilian employment, military service, Federal contracts, or access to classified information may be withheld from disclosure but only to the extent that the disclosure of such material would reveal the identity of the source who furnished information to the Government under an express promise that the identity of the source would be held in confidence or, prior to the effective date of this section, under an implied promise that the identity of the source would be held in confidence.
Portions of this system of records may be exempt from disclosure under the pro- visions of 5 USC 552a (k)(7), which provide, in part, that evaluation material used to determine potential for promotion in the armed services may be withheld from dis- closure but only to the extent that the disclosure of such material would reveal the identity of a source who furnished information to the Government under an express promise that the identity of a source would be held in confidence, or, prior to the effective date of this section, under an implied promise that the identity of the source would be held in confidence.

DOT/CG 612.

System name: Port Security Card System. DOT/CG.

System location: Department of Transportation (DOT),
United States Coast Guard Headquarters (CG),
Commandant (G-OIS),
400 7th Street, SW,
Washington, DC 20590.
Records also also located at each District Office. See Appendix I for locations.

Categories of individuals covered by the system: Persons regularly employed on vessels and water front facilities, or persons having regular public or private business with the operation, maintenance, or administration of vessels and cargoes or waterfront facilities.

Categories of records in the system: Applications for port security cards awaiting processing.
Processed applications indicating those granted or denied port security cards.

Routine uses of records maintained in the system, including categories of users and the purposes of such uses: Used by Authorized Coast Guard officials to determine eligibility for issuance of Port Security Cards
See Prefatory Statement of General Routine Uses.

Policies and practices for storing, retrieving, accessing, retaining, and disposing of records in the system:

Storage: Paper files, 3x5 cards.

Retrievability: By name.

Safeguards: Maintained in file cabinets in secure areas.
Personnel are screened prior to granting access.

Retention and disposal: Retained for 8 years, then destroyed by mutilating, shredding or burning.

System manager(s) and address: Chief, Office of Operations,
Department of Transportation,
United States Coast Guard Headquarters,
400 7th Street, SW,
Washington, DC 20590.

Notification procedure: Departemnt of Transportation,
United States Coast Guard Headquarters,
Commandant (G-CMA),
400 7th Street, SW,
Washington, DC 20590.
Written request must be signed by the individual.

Record access procedures: Procedures may be obtained by writing to or visiting Commandant (G-CMA) at the address in 'Notification Procedure' or the local Coast Guard District or unit office for the area in which the application was filed.

V 42 181 SEP 19 77 UMI

Proof of identity will be required prior to affording an individual access to records. A military identification card, a driver's license, or similar document will be considered suitable identification.

Contesting record procedures: Same as 'Record Access Procedure'.

Record source categories: Individual applications.
National Agency checks.
Other records already at Coast Guard Headquarters, if any.

Systems exempted from certain provisions of the act: Portions of this system of records may be exempt from disclosure under the provisions of 5 USC 552a(k)(2), which provide, in part, that investigatory material compiled for law enforcement purposes may be withheld from disclosure to the extent that the identity of the source of the information would be revealed by disclosing the investigatory record and the source has received an express guarantee that his identity would be held in confidence, or, prior to the effective date of this section, if the source received an implied promise that his identity would be held in confidence.

DOT/CG 621.

System name: Detainee's Log DOT/CG.

System location: Department of Transportation (DOT),
United States Coast Guard (CG),
Commanding Officer,
United States Coast Guard Training Center,
Cape May, NJ 08204.

Categories of individuals covered by the system: Military personnel detained at the United states Coast Guard Training Center, Cape May, NJ.

Categories of records in the system: Photographs of persons detained, detention orders, release orders, inventory of personal effects, data card, request and receipt for health and comfort supplies, work and training report, conduct record, medical log, official travel orders (if applicable), mail and visiting list, court orders or orders of a convening authority (if applicable).

Routine uses of records maintained in the system, including categories of users and the purposes of such uses: Protect rights of individual.
Monitor behavior patterns of the individual serving terms of non-judicial punishment or correctional custody to effect rehabilitation.
Prevent suicide attempts.
Protect the property rights of the individual.
Insure that health needs of the individual are met and recorded.
In general, the records contain all relevant facts pertaining to the individual's detention or period in correctional cusody.
Records are used by the commanding officer, executive officer, legal officer, personnel officer, medical offier, and personnel assigned to the provost department.
See Prefatory Statement of General Routine Uses.

Policies and practices for storing, retrieving, accessing, retaining, and disposing of records in the system:

Storage: Handwritten and typewritten forms and notebooks, stored in file folders.

Retrievability: By name.

Safeguards: Locked rooms and/or file cabinets.
Content of records accessed by screened personnel only.

Retention and disposal: Informal log entries are retained for six months at the Training Center unless they are relevant to pending disciplinary actions.
Formal records are retained at the Training Center for one year.
All records are disposed of by burning.

System manager(s) and address: Chief, Office of Personnel,
Department of Transportation,
United States Coast Guard Headquarters,
400 7th Street, SW,
Washington, DC 20590.

Notification procedure: Department of Transportation,
United States Coast Guard Headquarters,
Commandant (G-CMA),
400 7th Street, SW,
Washington, DC 20590.
Written requests must be signed by the individual.

Record access procedures: Procedures may be obtained by writting to or visiting Commandant (G-CMA) at the address in 'Notification Procedure' or by writing or visiting Commanding Officer, U.S. Coast Guard Training Center, Cape May, NJ 08204.
Prior written notification of personal visits is required to insure that the records will be available at the time of visit.
Proof of identity will be required prior to release of records. A military identification card, driver's license or similiar document will be considered suitable identification.

Contesting record procedures: Same as 'Record Access Procedure'.

Record source categories: Record of proceedings under Article 15, UCMJ.
Records of civil arrest or apprehension by the military authorities.
Direct observations by watchstanders.
Some information is provided by clearance.

DOT/CG 622.

System name: Military Training and Education Records, DOT/CG.

System location: Department of Transportation (DOT),
United States Coast Guard (CG),
Commandant (G-PTE),
400 7th Street, SW,
Washington, DC 20590.
Records are also located at District and Headquarters Units. See Appendix I for locations.

Categories of individuals covered by the system: Coast Guard Military Personnel.

Categories of records in the system: General Service Correspondence Course.
Off-Duty Education Records.
Professional Training Records.
Non-traditional Educational Support Records.
Achievement and Aptitude Test Results.
Academic Performance Records.
Correspondence Course Rate Advancement Records.
Military Performance Records.

Routine uses of records maintained in the system, including categories of users and the purposes of such uses: Evaluation and measurement of training performance.
Statistical summaries.
Input to personnel records.
Partial criteria for selection and admission to service/professional schools.
Partial criteria for selection to postgraduate education programs.
Criteria for admission to the Coast Guard.
Criteria for retention in service schools.
Criteria for promotion.
The above information is used by authorized Coast Guard personnel in the performance of official duties.
See Prefatory Statement of General Routine Uses.

Policies and practices for storing, retrieving, accessing, retaining, and disposing of records in the system:

Storage: File folders stored in file cabinets.

Retrievability: Retrieved by name, rate, class number.

Safeguards: Records are kept in file cabinets in offices that are locked during off-duty hours.
Access to the records is limited to authorized yeomen and training administrators.

Retention and disposal: Personal history, service history and school conduct and military performance records are kept for one year.
Academic and correspondence course records are kept for five years.
Aptitude and Achievement Test results, as a part of training and education records, are kept for five years.
Records are destroyed by mutilating, shredding or burning.

System manager(s) and address: Chief, Office of Personnel,
Department of Transportation,
United States Coast Guard Headquarters,
400 7th Street, SW,
Washington, DC 20590.

Notification procedure: Department of Transportation,
United States Coast Guard Headquarters,

Commandant (G-CMA),
400 7th Street, SW,
Washington, DC 20590.
Written request must be signed by the individual.

Record access procedures: Procedures may be obtained by writing to or visiting (G-CMA) at the address in 'Notification Procedure' or by visiting the local activity where assigned for training.
Prior written notification of personal visits is required to insure that the applicable record will be available.
Proof of identity is required prior to release of records. A military identification card, driver's license, or similiar document will be considered suitable identification.

Contesting record procedures: Same as 'Record Access Procedures'.

Record source categories: Official military personnel records, test results, instructions and supervisors.

Systems exempted from certain provisions of the act: Portions of this system of records may be exempt from disclosure under the pro- visions of 5 USC 552a (k)(5), which provide, in part, that investigatory material compiled solely for the purpose of determining suitability, eligibility, or qualifications for Federal civilian employment, military service, Federal contracts, or access to classified information may be withheld from disclosure but only to the extent that the disclosure of such material would reveal the identity of a source who furnished information to the Government under an express promise that the identity of the source would be held in confidence or, prior to the effective date of this section, under an implied promise that the identity of the source would be held in confidence.
Portions of this system of records may be exempt from disclosure under the pro- visions of 5 USC 552 (k)(6), which provides, in part, that testing or examination material used soley to determine individual qualifications for appointment or pro- motion in the Federal service may be withheld from disclosure to the extent that dis- closure of these records would compromise the objectivity or fairness of the testing or examination process.
Portions of this system of records may be exempt from disclosure under the pro- visions of 5 USC 552a (k)(7), which provide, in part, that evaluation material used to determine potential for promotion in the armed services may be withheld from disclosure but only to the extent that the disclosure of such material would reveal the identity of a source who furnished information to the Government under an express promise that the identity of a source would be held in confidence, or, prior to the effective date of this section, under an implied promise that the identy of the source would be held in confidence.

DOT/CG 624.

System name: Personnel Management Information System (PMIS)

System location: Department of Transportation (DOT),
United States Coast Guard (CG),
Commandant (G-P),
400 7th Street, SW,
Washington, DC 20590.

Categories of individuals covered by the system: All regular Coast Guard personnel on active duty. All Reserve Coast Guard personnel on extended active duty and Reserve personnel on initial active duty for training.

Categories of records in the system: A single computer record which currently contains about 450 data elements on each member. Some data elements are used only for enlisted, others only for officers. The file contains personal information such as name, place of birth, rank, location, etc. The file also contains pay date elements which will form the basis for deriving pay entitlements for Coast Guard military personnel under the Joint Uniform Military Pay System (JUMPS).

Routine uses of records maintained in the system, including categories of users and the purposes of such uses: The file is used to produce a number of reports used throughout the Coast Guard. Types of reports are:
Locator Listing for Headquarters and Districts.
Personnel Roster for the unit to assist in verifying information.
Number of personnel in pay grades for advancement levels and budget expenditures.
Current reports for this system of records are listed in the Reports Distribution Manual generated by the Coast Guard for this system.
Queires and batch processing are used to recruitment levels.
Various Coast Guard offices receive the locator listing and management reports.
Government agencies other than Coast Guard categories.
See prefatory statement of General Routine Uses.

Policies and practices for storing, retrieving, accessing, retaining, and disposing of records in the system:

Storage: The storage is on computer disks with tape backups. The file is updated once a week. Once a month the file is dumped to a tape file for historical purposes.

Retrievability: Retrieval from the system is by use of name or Social Security Number or a combination of personal and non-personal characteristics.
Users retrieve information direct from the file through card input or direct terminal access. Data elements to be retrieved and method of use are selected by the user.
An extract file containing summary records is produced monthly for use on a 'time sharing' system. Retrieval of information from this extract is by direct terminal access only. Data elements to be retrieved and method of use are selected by the user.

Safeguards: The computer provides privacy and access limitations by requiring a user name and password match. In addition each element of the file has its own level of accessability which must be held by the user. Only those staff components at Headquarters with a need to have access to the file are given user names and passwords. Access to the 'Time Share' extract is similarly controlled. The backup tapes and monthly dumps also have limited access in that users must justify the need before they are provided the tape numbers.

Retention and disposal: End-of-Year system backup tapes and day to day transaction tapes are retained indefinitely. Statistical and other report extract tapes are recycled into the system and consequently destroyed. Paper working files are disposed of in accordance with current record disposal instructions.

System manager(s) and address: Chief,
Office of Personnel,
Department of Transportation,
United States Coast Guard Headquarters,
400 7th Street, SW,
Washington, DC 20590.

Notification procedure: Inquiries should be directed to:
Department of Transportation,
United States Coast Guard Headquarters,
Commandant (G-CMA),
400 7th Street, SW,
Washington, DC 20590.

Record access procedures: Procedure may be obtained by writing to or visiting Commandant (G-CMA) at the address in 'Notification Procedure'. Prior written notification of personal visits is requried to insure that the records will be available at the time of visit. Proof of identity will be required prior to release of records. A military identification card, driver's license or similar document will be considered suitable identification.

Contesting record procedures: Same as 'Record Access Procedure'.

Record source categories: The data to update the file comes from copies of official service record entries prepared by field units. The data is entered on tape for update of the computer files.

DOT/CG 625.

System name: Officer Selection and Appointment System, DOT/CG.

System location: Department of Transportation (DOT),
United States Coast Guard (CG),
Commandant (G-PMR),
400 7th Street, SW,
Washington, DC 20590.
Records are also located at each District and Headquarters Unit. Use Appendix I for locations.

Categories of individuals covered by the system: Applicants for Coast Guard Officer Candidate School or direct commission programs of the Coast Guard.

V 42 181
SEP 19 77
UMI

Categories of records in the system: Information in the system is supplied by applicants and also by persons, other than the applicants, who submit information pertinent to the suitability of the applicants for commissioned service in the Coast Guard.

Routine uses of records maintained in the system, including categories of users and the purposes of such uses: Officials and employees of the Coast Guard in the performance of their duties in managing and contributing to the recruitment and appointment of men and women for officer programs in the regular and reserve components of the Coast Guard.

The Attorney General of the United States or his authorized representatives in connection with litigation, fraudulent enlistment or other matters under the jurisdiction of such agencies.

Official employees of the Veterans Administration and Selective Service Administration in the performance of their official duties related to enlistment and reenlistment eligibility and related benefits.

The Senate or the House of Representatives of the United States or any committee or subcommittee on matters within their jurisdiction requiring disclosure of files or records of personnel covered by this system.

See Prefatory Statement of General Routine Uses.

Policies and practices for storing, retrieving, accessing, retaining, and disposing of records in the system:

Storage: Paper records are stored in file folders.

Retrievability: The system is indexed alphabetically by name of applicant and is retrieved by name.

Safeguards: Records kept in file cabinets locked after working hours.

Buildings have 24-hour security guards and limited access.

Policies and practices for storing, retrieving, accessing, retaining, and disposing of records in the system: Application records are maintained at Headquarters for one year, then forwarded to the National Records Center.

Records are retained for 7 years then destroyed.

System manager(s) and address: Chief, Office of Personnel,

Department of Transportation,
United States Coast Guard Headquarters,
400 7th Street, SW.,
Washington, DC 20590.

Notification procedure: Department of Transportation,

United States Coast Guard Headquarters,
Commandant (G-CMA),
400 7th Street, SW.,
Washington, DC 20590.

Record access procedures: Procedure may be obtained by writing to or visiting Commandant (G-CMA) at the address in 'Notification Procedure' or to the applicable Coast Guard District Office.

A letter request should contain full name, address, social security number, approximate date of application, and signature.

Proof of identification will consist of military identification card, driver's license or other official identification.

Contesting record procedures: Same as 'Record Access Procedure'.

Record source categories: Coast Guard recruiting personnel and employee processing application.

Medical personnel conducting physical examination and private physicians providing consultations or patient history.
Character and employer references named by applicants.
Educational institutions, staff and faculty members.
Selective Service Commission.
Local state and Federal law enforcement agencies.
Prior or current military service record.
Commanding officer of Coast Guard unit, if active duty.
Coast Guard offices charged with personnel security clearance functions.
Other Coast Guard officials and employees in the performance of their official duties and as specified by current instructions and regulations promulgated by competent authority.

Systems exempted from certain provisions of the act: Portions of this system of records may be exempt from disclosure under the provisions of 5 USC 552a(k)(5), which provide, in part, that investigatory material compiled solely for the purpose of determining suitability, eligibility, or qualifications for Federal civilian employment, military service, Federal contracts, or access to classified information may be withheld from disclosure but only to the extent that the disclosure of such material would reveal the identity of a source who furnished information to the Government under an express promise that the identity of the source would be held in confidence, or, prior to the effective date of this section, under an implied promise that the identity of the source would be held in confidence.

Portions of this system of records may be exempt from disclosure under the provisions of 5 USC 552a(k)(7), which provide, in part, that evaluation material used to determine potential for promotion in the armed services may be withheld from disclosure but only to the extent that the disclosure of such material would reveal the identity of a source who furnished information to the Government under an express promise that the identity of a source would be held in confidence, or, prior to the effective date of this section, under an implied promise that the identity of the source would be held in confidence.

DOT/CG 626.

System name: Official Officer Service Records. DOT/CG.

System location: Department of Transportation (DOT),

United States Coast Guard(CG),
Commandant (G-PO),
400 7th Street, SW.,
Washington, DC 20590.

Certain records in the system are maintained at:
National Personnel Records Center,
9700 Page Boulevard,
St. Louis, MO 63132.

Portions of the official service record, e.g., health record, security status jacket and leave record are maintained at the officer's unit.

Categories of individuals covered by the system: All Commissioned officers of the Coast Guard on active duty, permanent or disability retired lists.

Regular officers whonesign and do not accept a Reserve commission.

Categories of records in the system: General file & service record card.

Fitness File & Officer Summary Records.
Medical File.
Medical History for officers on the Temporary Disability Retired List.

Routine uses of records maintained in the system, including categories of users and the purposes of such uses: Fulfillment of normal administrative procedures including assignment, promotion, training, etc.

Physical Evaluation Boards.
Board for Correction of Military Records.
Answering of Congressional and personal inquiries initiated by the individual whose record is concerned.
Preparation of forms, statements, compilations and computations necessary in the daily personnel administration of each individual entering, reentering or leaving the Coast Guard.
(Routine personnel administration requires copies of this and other service record material to be included in administrative files physically separated from the record; however, the original of this material will be included in the official service record maintained at Coast Guard Headquarters).
Furnishing of information (authorized and specified by the individual concerned) to other agencies or individuals (specified by the individual concerned) normally concerned with employment, educational or veteran's benefits, claims or applications.
Furnishing specified material in an officer's service record pursuant to the order of a court of competent jurisdiction.
Used by:
Authorized Coast Guard Personnel.
Personnel from other Federal Agencies in the conduct of official business, as authorized by the Chief, Officer Personnel Division or his designated representative.
See Prefatory Statement of General Routine Uses.

Policies and practices for storing, retrieving, accessing, retaining, and disposing of records in the system:

Storage: Records are maintained on paper and are assembled and filed in one official service record per member and stored on open shelf files in a room with controlled access.

Retrievability: Individual records are indexed and retrievable by name and/or last four digits of member's service number.

Safeguards: During working hours physical access to records is controlled by the Officer Records Branch (G-PO-4/72).

Records are maintained in a central storage area locked behind two separate doors during non-working hours in the building, which has roving and static security patrols.

Retention and disposal: Each individual record is maintained at Coast Guard Headquarters, until three months after retirement/resignation, after which it is shipped to the:

National Personnel Records Center (Military Personnel Records),
9700 Page Boulevard,
St. Louis, MO 63132.

After the separation documents are received, records of Reserve Officers released from active duty and Regular Officers who resign and accept Reserve Commissions are sent to the Department of Transportation,
United States Coast Guard Headquarters,
400 7th Street, SW.,
Washington, DC 20590.

System manager(s) and address: Chief, Office of Personnel,

Department of Transportation,
United States Coast Guard Headquarters,
400 7th Street, SW.,
Washington, DC 20590.

Notification procedure: Inquiry requests for a determination as to whether this system contains records on an individual should be made by that individual, in person or in writing, to:

Department of Transportation,
United States Coast Guard Headquarters,
Commandant (G-CMA),
400 7th Street, SW.,
Washington, DC 20590.

Requestors in person will be required to show a valid I.D. card.
Written request must include the member's name, rank, Social Security Number, and period of service.

Record access procedures: Procedures may be obtained by writing to or visiting Commandant (G-CMA) at the address in 'Notification Procedure' or the local activity to which assigned for locally maintained portions of subject records.

Proof of identity will be required prior to release of records. A military identification card, driver's license or similar document will be considered suitable identification.

Contesting record procedures: Same as 'Record Access Procedure.'

Record source categories: Personal interview and voluntary submissions by individuals.

Training/Educational Reports.
Fitness Reports.
USCG District Offices and other operating units of the Coast Guard.

Systems exempted from certain provisions of the act: Portions of this system of records may be exempt from disclosure under the provisions of 5USC 552a(k)(5), which provide, in part, that investigatory material compiled solely for the purpose of determining suitability, eligibility, or qualifications for Federal civilian employment, military service, Federal contracts, or access to classified information may be withheld from disclosure, but only to the extent that the disclosure of such material would reveal the identity of a source who furnished information to the Government under an express promise that the identity of the source would be held in confidence, or, prior to the effective date of this section, under an implied promise that the identity of the source would be held in confidence.

Portions of this system of records may be exempt from disclosure under the provisions of 5 USC 552a(k)(7), which provide, in part, that evaluation material used to determine potential for promotion in the armed services may be withheld from disclosure but only to the extent that the disclosure of such material would reveal the identity of a source who furnished information to the government under an express promise that the identity of the source would be held in confidence, or, prior to the effective date of this section, under an implied promise that the identity of the source would be held in confidence.

DOT/CG 627.

System name: Enlisted Recruiting Selection Record System. DOT/CG.

System location: Primary System:

Department of Transportation (DOT),
United States Coast Guard (CG),
Commandant (G-P),
400 7th Street, SW.,
Washington, DC 20590.

Decentralized segments are maintained at:
Coast Guard District offices and Coast Guard recruiting offices. See Appendix I for locations.

Categories of individuals covered by the system: Records and correspondence pertaining to prospective applicants, applicants for regular and reserve enlisted programs, and any other individuals who have initiated correspondence pertaining to enlistment in the United States Coast Guard.

Categories of records in the system: Records and correspondence in both automated and non-automated forms concerning personal history, education, professional qualifications, mental aptitude, physical qualifications, character and interview appraisals, National Agency Checks and certifications, service performance and congressional or special interests.

Routine uses of records maintained in the system, including categories of users and the purposes of such uses: Officials and employees of the U.S. Coast Guard in the performance of their duties in managing and contributing to the recruitment program of the Coast Guard Reserve.

The Comptroller General or any of his authorized representatives, upon request, in the course of the performance of duties of the General Accounting Office relating to the management or quality of military recruitment.

The Attorney General of the United States or his authorized representatives in connection with litigation, fraudulent enlistment or other matters under the jurisdiction of such agencies.

Officials and employees of other Departments and agencies of the Executive Branch of government, upon request, in the performance of their official duties related to the management or quality of military recruitment.

Officials and employees of the Veterans Administration and Selective Service System in the performance of their official duties related to enlistment and reenlistment eligibility and related benefits.

The Senate or the House of Representatives of the United States or any committee or subcommittee on matters within their jurisdiction requiring disclosure of files or records of personnel covered by this system.

Such contractors and their employees as are or may be operating in accordance with an approved official contract with the U.S. Government.

See Prefatory Statement of General Routine Uses.

Policies and practices for storing, retrieving, accessing, retaining, and disposing of records in the system:

Storage: Automated records are stored on magnetic tape.

Paper records are stored in file folders.

Retrievability: Alphabetically by name of subject and social security number.

Safeguards: Records are accessible only to authorized personnel within the Coast Guard recruiting organization and are handled with security procedures appropriate for documents marked 'For Official Use Only'.

Retention and disposal: Records are normally maintained for two years and then disposed of by multilating, shredding, or burning.

System manager(s) and address: Chief, Office of Personnel,

Department of Transportation,
United States Coast Guard Headquarters,
400 7th Street, SW.,
Washington, DC 20590.

Notification procedure: Department of Transportation,

United States Coast Gurad Headquarters,
Commandant (G-CMA),
400 7th Street, SW.,

V 42 181
SEP 19 77
UMI

Washington, DC 20590.

Record access procedures: Procedures may be obtained by writing to, or visiting, Commandant (G-CMA) at the address in 'Notification Procedure' or the appropriate local office where the record, or portion there of, is filed

Prior written notification is required to insure that records will be available at time of visit.

Proof of identity will be required prior to affording access to records. A military identification card, driver's license, or similar document, will be considered suitable identification.

Contesting record procedures: Same as 'Record Access Procedure'.

Record source categories: Coast Guard recruiting personnel and administrative staff.

Medical personnel or private physicians providing consultations or patient history.
Character and employer references.
Educational institutions, staff and faculty members.
Selective Service System.
Local, state, and Federal law enforcement agencies.
Prior or current military service records.
Members of Congress.
Other officials and employees of the Coast Guard, Department of Defense and components thereof, in the performance of their duties and as specified by current instructions and regulations promulgated by competent authority.

Systems exempted from certain provisions of the act: Portions of this system of records may be exempt from disclosure under the provisions of 5 USC 552a(k)(5), which provide, in part, that investigatory material compiled solely for the purpose of determining suitability, eligibility, or qualification for Federal civilian employment, military service, Federal contracts, or access to classified information may be withheld from disclosure but only to the extent that the disclosure of such material would reveal the identity of a source who furnished information to the Government under an express promise that the identity of the source would be held in confidence or, prior to the effective date of this section, under an implied promise that the identity of the source would be held in confidence.

Portions of this system of records may be exempt from disclosure under the provisions of 5 USC 552a (k)(7), which provide, in part, that evaluation material used to determine for promotion in the armed services may be withheld from dis- closure but only to the extent that the disclosure of such material would reveal the identity of a source who furnished information to the Government under an express promise that the identity of a source would be held in confidence, or, prior to the effective date of this section, under an implied promise that the identity of the source would be held in confidence.

DOT/CG 628.

System name: Officer, Enlisted, and Recruiter Selection Test File. DOT/CG.

System location: Department of Transportation (DOT),
United States Coast Guard (CG),
Commandant (G-PMR),
400 7th Street, SW,
Washington, DC 20590.

Categories of individuals covered by the system: Civilian or military personnel who have taken the following tests:

U.S. Navy Officer Qualification (OQT).
U.S. Navy and U.S Marine Corps Aviation Selection (AST).
U.S. Navy Basic Test Battery (BTB) (retests).
The Cooperative Tests for Advanced Electronic Training (AET TESTS).
The 16 Personality Factor Test used for screening of enlisted personnel for recruiting duty.
Professional Examination for Merchant Mariners.

Categories of records in the system: Card files, answer sheets.

Routine uses of records maintained in the system, including categories of users and the purposes of such uses: The records are kept to provide the test results if an applicant (civilian or military) applies for an officer program or is already in military and interested in certain training programs.

Internal users:
Officer Recruiting, Enlisted Recruiting, Enlisted Personnel Training Programs, Merchant Marine, Commanding Officer, Enlisted Personnel District, Personnel offices, Training Centers and Academy.
Other Government Agencies:
U.S. Navy Recruiting, U.S. Marine Corps, U.S. Navy Bureau of Medicine and Surgery.
See Prefatory Statement of General Routine Uses.

Policies and practices for storing, retrieving, accessing, retaining, and disposing of records in the system:

Storage: File folders, case files.

Retrievability: By name.

Safeguards: Combination - type safe, locked files.

Test results are given only on a need to know basis to authorized personnel.
Only custodian of safes and alternate custodian have access.

Retention and disposal: Test answer sheets are destroyed after 2 years.

Card file - destroyed after 4 years.

System manager(s) and address: Chief, Office of Personnel,
Department of Transportation,
United States Coast Guard Headquarters,
400 7th Street, SW,
Washington, DC 20590.

Notification procedure: Department of Transportation,
United States Coast Guard Headquarters,
Commandant (G-CMA),
400 7th Street, SW,
Washington, DC 20590.

Record access procedures: Procedures may be obtained by writing to or visiting Commandant (G-CMA) at the address in 'Notification Procedure.'

Proof of identity will be required prior to release of records. A military identification card, driver's license or similar document will be considered suitable identification.

Contesting record procedures: Same as 'Record Access Procedure.'

Record source categories: Individuals concerned and United States Coast Guard recruiting officials.

U.S. Marine Corps officials.
U.S. Navy Recruiting officials,
U.S. Navy Bureau of Medicine Surgery officials.

Systems exempted from certain provisions of the act: Portions of this system of records may be exempt from disclosure under the provisions of 5 USC 552(k)(6), which provides, in part, that testing or examination material used solely to determine individual qualifications for appointment or promotion in the Federal service may be withheld from disclosure to the extent that disclosure of these records would compromise the objectivity or fairness of the testing or examination process.

Portions of this system of records may be exempt from disclosure under the provisions of 5 USC 552a (k) (5), which provide, in part, that investigatory material compiled soley for the purpose of determining suitability, eligibility, or qualifications for Federal civilian employment, military service, Federal contracts, or access to classified information may be withheld from disclosure but only to the extent that the disclosure of such material would reveal the identity of a source who furnished information to the Government under an express promise that the identity of the source would be held in confidence or, prior to the effective date of this section, under an implied promise that the identity of the source would be held in confidence.

Portions of this system of records may be exempt from disclosure under the pro- visions of 5 USC 552a (k)(7), which provide, in part, that evaluation material used to determine potential for promotion in the armed services may be withheld from disclosure but only to the extent that the disclosure of such material would reveal the identity of a source who furnished informaton to the Government under an express promise that the identity of a source would be held in confidence, or, prior to the effective date of this section, under an implied promise that the identity of the source would be held in confidence.

DOT/CG 629.

System name: Enlisted Personnel Record System. DOT/CG.

System location: Department of Transportation (DOT),
United States Coast Guard (CG),
Commandant (G-PMR),
400 7th Street, SW,
Washington, DC 20590.
Decentralized segments of the system are located at each District office and Headquarters Unit. See Appendix I for locations.

Categories of individuals covered by the system: All enlisted members of the Coast Guard now serving on active duty (including enlisted members of the Reserve on extended active duty), and members who have been temporarily or permanently retired or discharged.

Categories of records in the system: Enlisted contract package, record of emergency data, leave records, performance ratings, administrative remarks, medical records.

All other requisite Coast Guard personnel forms, and pertinent miscellaneous correspondence.

Routine uses of records maintained in the system, including categories of users and the purposes of such uses: For use in formulating all Coast Guard personnel actions including, but not limited to, assignment, promotion, re-enlistment, retirement, discharge, determination of entitlement to pay and allowances, correction of records, and disciplinary actions.

Data is provided to the Veterans Administration for determination of an individual's eligibility for benefits administered by that agency and to medical facilities maintained by the Department of Health, Education and Welfare in conjunction with medical treatment afforded an individual.

See Prefatory Statement of General Routine Uses.

Policies and practices for storing, retrieving, accessing, retaining, and disposing of records in the system:

Storage: Records are maintained in enlisted files record jackets and stored in file cabinets.

Retrievability: Records are retrievable by name of individual or the last three digits of the individual's social security number.

Safeguards: Records maintained at Coast Guard Headquarters are located in a central storage area, locked behind two separate doors during non-working hours, in a building with a roving security patrol.

Records at field units are maintained in Government office buildings with off-duty hours security.
During working hours, access to records is controlled by office personnel.

Retention and disposal: Individual records are maintained at CG Headquarters until six months after an enlisted member is discharged, permanently retired for physical disability, or retired for years of service, after which records are transmitted for permanent storage to the:

National Personnel Records Center, (Military Personnel Records) GSA,
9700 Page Boulevard,
St. Louis, MO 63132.
In the case of members transferred to the Reserve, their records are sent to Commandant (G-RA-2/82) after separation documents are received.

System manager(s) and address: Chief, Office of Personnel,
Department of Transportation,
United States Coast Guard Headquarters,
400 7th Street, SW,
Washington, DC 20590.

Notification procedure: Department of Transportation,
United States Coast Guard Headquarters,
Commandant (G-CMA),
400 7th Street, SW.,
Washington, DC 20590.
Written request must be signed by individual.

Record access procedures: Procedures may be obtained by writing to, or visiting, Commandant (G-CMA) at the address in 'Notification Procedure' or the local Coast Guard District or unit administrative officer for the area in which an individual's duty station is located.

Proof of identity will be required prior to affording an individual access to records. A military identification card, a driver's license, or similar document will be considered suitable identification.

Contesting record procedures: Same as 'Record Access Procedure'.

Record source categories: Information is obtained from the individual, and Coast Guard Officials.

Systems exempted from certain provisions of the act: Portions of this system of records may be exempt from disclosure under the provisions of 5 USC 552a(k)(5), which provide, in part, that investigatory material compiled solely for the purpose of determining suitability, eligibility, or qualifications for Federal civilian employment, military service, Federal contracts, or access to classified information may be withheld from disclosure but only to the extent that the disclosure of such material would reveal the identity of a source who furnished information to the Government under an express promise that the identity of the source would be held in confidence or, prior to the effective date of this section, under an implied promise that the identity of the source would be held in confidence.

Portions of this system of records may be exempt from disclosure under the provisions of 5 USC 552a(k)(7), which provide, in part, that evaluation material used to determine potential for promotion in the armed services may be withheld from disclosure but only to the extent that the disclosure of such material would reveal the identity of a source who furnished information to the Government under an express promise that the identity of the source would be held in confidence, or, prior to the effective date of this section, under an implied promise that the identity of the source would be held in confidence.

DOT/CG 630.

System name: Coast Guard Family Housing. DOT/CG.

System location: Department of Transportation (DOT),
United States Coast Guard (CG),
Commandant (G-P),
400 7th Street, SW,
Washington, DC 20590.
Decentralized segments are maintained at:
Each District and Headquarters Unit. See Appendix I for locations.

Categories of individuals covered by the system: Military and civilian personnel of all pay grades who make application for government and/or government leased housing.

Military personnel who make application in locating community housing, married officers and married Petty Officer Third Class or above (over 2 years service).
Certain government employees occupying government housing.
Military or civilian personnel who have corresponded with the President, a Congressman, or the Commandant concerning family housing.

Categories of records in the system: Applicants name, pay grade, marital status, current address and dependent information maintained for the Coast Guard Housing Administration Information and Liaison (HAIL) System.

Includes family housing survey; computer data summaries are maintained for the family housing survey.
Copies of correspondence from individual to the President, a Congressman or the Commandant, inquiry sheets, and replies maintained for Congressional correspondence files.

Routine uses of records maintained in the system, including categories of users and the purposes of such uses: For use by authorized Coast Guard employees in performance of their duties in placing the applicant in government owned or leased housing or community housing.

Assessing housing needs of District and Headquarters Units.
Answering inquiries from individuals, Congressmen or the Commandant concerning family housing.
Preparing budgets.
See Prefatory Statement of General Routine Uses.

Policies and practices for storing, retrieving, accessing, retaining, and disposing of records in the system:

Storage: File folders.

Retrievability: By name of individual, Coast Guard District and date received.

Safeguards: Records are maintained in locked file cabinets and desk file drawers.

V 42 181 SEP 19 77 UMI

Retention and disposal: Records are maintained until the applicant placed in housing and then destroyed.

Records concerning Congressional correspondence are maintained indefinitely.

System manager(s) and address: Chief, Office of Personnel, Department of Transportation.

United States Coast Guard Headquarters,
400 7th Street, SW.
Washington, DC 20590.

Notification procedure: Department of Transportation.

United States Coast Guard Headquarters,
Commandant (G-CMA),
400 7th Street, SW.
Washington, DC 20590.
Written request must be signed by individual whose record is being requested.

Record access procedures: Procedures may be obtained by writing to or visiting Commandant (G-CMA) at the address in 'Notification Procedure' or the local Coast Guard District Office. See address in Appendix I.

Contesting record procedures: Same as 'Record Access Procedure.'

Record source categories: Information is obtained from applicants, individuals who complete family housing survey forms, initiate correspondence concerning family housing and Coast Guard Officials.

DOT/CG 632.

System name: Uniformed Services Identification and Privilege Card Record System. DOT/CG.

System location: Department of Transportation (DOT),

United States Coast Guard (CG),
Commandant (G-PS),
400 7th Street, SW.
Washington, DC 20590.

Categories of individuals covered by the system: Dependents of U S. Coast Guard personnel (active, retired, reserve and deceased).

Former Coast Guard personnel who have been rated by the Veterans Administration as one-hundred percent disabled and their eligible dependents.

Categories of records in the system: Applications for Uniformed Service Identification and Privilege Card (DD-1172).

Verification for eligibility to possess the Identification and Privilege Cards (DD-1173).
Pertinent miscellaneous correspondence.

Routine uses of records maintained in the system, including categories of users and the purposes of such uses: Used by authorized Coast Guard employees to verify that applicant is entitled to be issued an Identification and Privilege Card.

Verification provided to other Armed Forces authorized personnel as required.
See Prefatory Statement of General Routine Uses.

Policies and practices for storing, retrieving, accessing, retaining, and disposing of records in the system:

Storage: Maintained in file folders.

Retrievability: Alphabetical by name.

Safeguards: Maintained in file cabinets. During working hours access to records is controlled by office personnel. During non-working hours building is patrolled by roving security guards.

Retention and disposal: Retained for 10 years after which they are destroyed.

System manager(s) and address: Chief, Office of Personnel,

Department of Transportation,
United States Coast Guard Headquarters,
400 7th Street, SW,
Washington, DC 20590.

Notification procedure: Department of Transportation,

United States Coast Guard Headquarters,
Commandant (G-CMA),
400 7th Street, SW,
Washington, DC 20590.
Written request must contain, full name, social security number (SSN) and be signed by individual.

Record access procedures: Procedures may be obtained by writing to, or visiting, Commandant (G-CMA) at the address in 'Notification Procedure.'

Proof of identity will be required prior to affording an individual access to records. A military identification card, a driver's license, or similar document will be considered suitable identification.

Contesting record procedures: Same as 'Record Access Procedure.'

Record source categories: Information is supplied by the sponsor and/or his dependents.

DOT/CG 633.

System name: Coast Guard Personnel Security Program. DOT/CG.

System location: Department of Transportation (DOT),

United States Coast Guard (CG),
Commandant (G-PS/6),
400 7th Street, SW,
Washington, DC 20590.
Decentralized segments are located at:
Each District Office and Headquarters Unit. See Appendix I for locations.

Categories of individuals covered by the system: Coast Guard Military Personnel.

Coast Guard Civilian Personnel.
Applicants for military enlistment or appointment.
Applicants for civilian positions.

Categories of records in the system: Records of security clearance granted. Correspondence and requests concerning personnel security actions.

Routine uses of records maintained in the system, including categories of users and the purposes of such uses: For use in determining eligibility for access to classified information under Executive Order 11652 and suitability for sensitive positions.

Categories of users include use by Coast Guard employees in performance of official duties and use by investigative agents of other federal agencies.
See Prefatory Statement of General Routine Uses.

Policies and practices for storing, retrieving, accessing, retaining, and disposing of records in the system:

Storage: File folder - 3x5 Index cards.

Retrievability: Records are retrieved by name of individual.

Safeguards: Records are kept in locked cabinets and safes. Individual identification is required for users of records.

Retention and disposal: Upon termination of employment investigative files for civilians, which serve as a basis for security clearances, are returned to the Civil Service Commission.

Military clearances based on documents held in the official service records.
A name record of type of investigation is kept for 5 years and then destroyed by burning.

System manager(s) and address: Chief, Office of Personnel,

Department of Transportation,
United States Coast Guard Headquartetrs,
400 7th Street, SW,
Washington, DC 20590.

Notification procedure: Department of Transportation,

United States Coast Guard Headquarters,
Commandant (G-CMA),
400 7th Street, SW,
Washington, DC 20590.
Written request must be signed by the individual whose record is being requested.

Record access procedures: Procedures may be obtained by writing to or visiting Commandant (G-CMA) at the address in 'Notification Procedure' or the local office or unit. See addresses in Appendix I.

Proof of identity will be required prior to affording an individual access to records. A military identification card, a driver's license, or similar document will be considered suitable identification.

Contesting record procedures: Same as 'Record Access Procedure.'

Record source categories: Civilian Personnel:

Civil Service Investigative Reports, Personnel Security Clearance requests and forms SF-85, SF-86 and SF-171.
Military Personnel: Forms DD-398, DD-365 and CG 2765.

Systems exempted from certain provisions of the act: Portions of this system of records may be exempt from disclosure under the provisions of 5 USC 552a(k)(5), which provide, in part, that investigatory material compiled solely for the purpose of determining suitability, eligibility, or qualifications for Federal civilian employment, military service, Federal contracts, or access to classified information may be withheld from disclosure but only to the extent that the disclosure of such material would reveal the identity of a source who furnished information to the Government under an express promise that the identity of the source would be held in confidence, or, prior to the effective date of this section, under an implied promise that the identity of the source would be held in confidence.

Portions of this system of records may be exempt from disclosure under the provisions of 5 USC 552a (k) (7), which provide, in part, that evaluation material used to determine potential for promotion in the armed services may be withheld from disclosure but only to the extent that the disclosure of such material would reveal the identity of a source who furnished information to the Government under an express promise that the identity of a source would be held in confidence, or, prior to the effective date of this section, under an implied promise that the identity of the source would be held in confidence.

DOT/CG 635.

System name: Coast Guard Welfare. DOT/CG.

System location: Department of Transportation (DOT),

United States Coast Guard (CG),
Commandant (G-PS-3),
400 7th Street, SW,
Washington, DC 20590.
Decentralized segments are located at:
Each District Office or Headquarters Unit. See Appendix I for locations.

Categories of individuals covered by the system: Enlisted military personnel (active duty and retired) and dependents.

Officer personnel (active duty and retired) and dependents.

Categories of records in the system: Card Index.

Loan applications forms filed by month.
Educational loan file.
Organization financial records.
Bad debts listing.

Routine uses of records maintained in the system, including categories of users and the purposes of such uses: Used by authorized Coast Guard officials in approving loan and grant applications.

See Prefatory Statement of General Routine Uses.

Policies and practices for storing, retrieving, accessing, retaining, and disposing of records in the system:

Storage: Index boxes and file folders.

Retrievability: By name.

Safeguards: Maintained in separate correspondence files.

All correspondence regarding an applicant is considered priviledged and personnel are screened prior to access.
No loan records or correspondence are placed in service record of individual.
Periodic inspections are performed.

Retention and disposal: Administrative and financial data relating to CG Welfare Cases are disposed of four years after date of last transaction.

All other records and correspondence are disposed of after four years.

System manager(s) and address: Chief, Office of Personnel,

Department of Transportation,
United States Coast Guard Headquarters,
400 7th Street, SW,
Washington, DC 20590.

Notification procedure: Department of Transportation,

United States Coast Guard Headquarters,
Commandant (G-CMA),
400 7th Street, SW,
Washington, DC 20590.
Written requests must be signed by individual whose record is being requested. Give date and place assistance is believed to have been received.

Record access procedures: Procedures may be obtained by writing to or visiting Commandant (G-CMA) at the address in 'Notification Procedure' or the local Coast Guard District office or unit for the area in which an individual's duty station is located. See Appendix I for addresses.

Proof of identity will be required prior to affording an individual access to records. A military identification card, a driver's license, or similar document will be considered suitable identification.

Contesting record procedures: Same as 'Record Access Procedure.'

Record source categories: Individual requesting loan or grant.

DOT/CG 636.

System name: Personal Affairs Record System Coast Guard Military Personnel. DOT/CG.

System location: Department of Transportaion (DOT),

United States Coast Guard (CG), Commandant (G-PS),
400 7th Street, SW,
Washington, DC 20590.
Decentralized segments at:
Each District and Headquarters Unit. See Appendix I for locations.

Categories of individuals covered by the system: Active duty and retired Coast Guard military personnel who have been subject to damage arising out of domestic relations disputes, alleged personal indebtedness, and claims of alleged paternity.

Categories of records in the system: Case files containing complaint concerning alleged personal indebtedness, complaints arising out of domestic relations disputes, claims of alleged paternity.

Files contain correspondence including investigative steps, response to complaints and follow up correspondence on recurring complaints. Index card files contain summary of material contained in case file for each reference.

Routine uses of records maintained in the system, including categories of users and the purposes of such uses: For use in attempting to resolve complaints in an expeditious manner.

For reference in development of future policy.
Information is used by:
Authorized Coast Guard employees in performance of the duties.
Complainant and/or authorized representatives.
See Prefatory Statement of General Routine Uses.

Policies and practices for storing, retrieving, accessing, retaining, and disposing of records in the system:

Storage: Case file and card index file.

Retrievability: Alphabetical listing.

Safeguards: Kept in locked filing cabinet.

Personnel are screened prior to granting access.

Retention and disposal: Maintained for 5 years after action completed and then destroyed.

System manager(s) and address: Chief, Office of Personnel,

Department of Transportation,
United States Coast Guard Headquarters,
400 7th Street, SW,
Washington, DC 20590.

Notification procedure: Department of Transportation,

United States Coast Guard Headquarters,
Commandant (G-CMA),
400 7th Street, SW,
Washington, DC 20590.
Written requests must be signed by the individual whose record is being requested.

Record access procedures: Procedures may be obtained by writing to or visiting Commandant (G-CMA) at the address in 'Notification Procedure' or the local Coast Guard District Office or unit for the area in which an individual's duty station is located. See Appendix I for addresses.

Proof of identity will be required prior to affording an individual access to records. A military identification card, a driver's license or similar document will be considered suitable identification.

Contesting record procedures: Same as 'Record Access Procedure.'

V 42 I 181 SEP 19 77 UMI

Record source categories: Information is obtained from complainants, their legal representatives and Coast Guard officials.

DOT/CG 637.

System name: Appointment of Trustee or Guardian for Mentally Incompetent Personnel. DOT/CG.

System location: Department of Transportation (DOT),
United States Coast Guard Headquarters (CG),
Commandant (G-PS),
400 7th Street, SW,
Washington, DC 20590.
Decentralized segments are located at:
Each District and Headquarters Unit. See Appendix I for locations.

Categories of individuals covered by the system: Active duty and retired Coast Guard military personnel.

Categories of records in the system: Case files containing information relating to the mental incompetency of certain Coast Guard personnel.
Records used to assist Coast Guard Officials in appointing trustees for mentally incompetent Coast Guard persons.

Routine uses of records maintained in the system, including categories of users and the purposes of such uses: Authorized Coast Guard employees in performance of their duties, prospective appointees, including but not limited to relatives, lawyers, physicians or other designated respresentatives.
Veterans Administration upon request for the determination of eligibility for benefits administered by that agency.
See Prefatory Statement of General Routine Uses.

Policies and practices for storing, retrieving, accessing, retaining, and disposing of records in the system:

Storage: Locked file cabinet:

Retrievability: Alphabetical listing.

Safeguards: Stored in locked file cabinets.
Acess restricted to representatives of incompetent.
Identification required, such as, a military identification card, valid state driver's license, or other picture identification card.

Retention and disposal: Maintained for 5 years after action is completed then destroyed.

System manager(s) and address: Chief, Office of Personnel,
Department of Transportation,
United States Coast Guard Headquarters,
400 7th Street, SW,
Washington, DC 20590.

Notification procedure: Department of Transportation,
United States Coast Guard Headquarters,
Commandant (G-CMA),
400 7th Street, SW.,
Washington, DC 20590.
Written request must be signed by trustee or guardian.

Record access procedures: Procedures may be obtained by writing to or visiting Commandant (G-CMA) at the address in 'Notification Procedure' or the local Coast Guard District office or unit having custody of the records. See Appendix I for addresses.

Contesting record procedures: Same as 'Record Access Procedure.'

Record source categories: Coast Guard officials, legal representatives of individuals and/or individuals concerned, and complainants.

DOT/CG 638.

System name: Drug and Alcohol Abuse Prevention Program Record System. DOT/CG.

System location: Department of Transportation (DOT),
United States Coast Guard (CG),
Commandant (G-PS),
400 7th Street, SW,
Washington, DC 20590.
All Coast Guard units have portions of duplicate case folders on individuals involved in the program. See Appendix I for addresses.

Categories of individuals covered by the system: Active duty Coast Guard officers, enlisted personnel and reserve personnel.
Retired and separated Coast Guard personnel.

Categories of records in the system: Annotations on file cards of drug abuse, drug exemptions, drug rehabilitation, alcohol rehabilitation and waiver for enlistment in the Coast Guard cases.

Routine uses of records maintained in the system, including categories of users and the purposes of such uses: Used to:
Determine extent of drug and alcohol problem in the Coast Guard.
To evaluate program effectiveness.
Maintain the integrity of the Coast Guard drug exemption program by authorized Coast Guard employees in performance of their official duties.
Assist the U.S. Navy Department in consonance with inpatient treatment at Navy Rehabilitation Centers.
See Prefatory Statement of General Routine Uses.

Policies and practices for storing, retrieving, accessing, retaining, and disposing of records in the system:

Storage: Records are maintained on file cards (5'x8') and message file.

Retrievability: File cards are indexed by name; message file by date/time group.

Safeguards: Files are stamped 'For Official Use Only' and maintained in locked filing cabinet.

Retention and disposal: Disposal schedules are under development and will be in accord with disposal schedules of the Military Personnel Record System.

System manager(s) and address: Chief, Office of Personnel,
Department of Transportation,
United States Coast Guard Headquarters,
400 7th Street, SW,
Washington, DC 20590.

Notification procedure: Department of Transportation,
United States Coast Guard Headquarters,
Commandant (G-CMA),
400 7th Street, SW,
Washington, DC 20590.
Written request must be signed by individual.

Record access procedures: Procedures may be obtained by writing to or visiting Commandant (G-CMA) at the address in 'Notification Procedure' or the local Coast Guard District or unit office for the area in which an individual's duty station is located. See Appendix I for addresses.
Proof of identity will be required prior to affording an individual access to records. A military identification card, a driver's license, or similar document will be considered suitable identification.

Contesting record procedures: Same as 'Record Access Procedure.'

Record source categories: Reports of drug exemption.
Reports of civil and military offenses involving drugs or alcohol.
Reports of Coast Guard Intelligence Investigation.
Recommendation for inpatient drug or alcohol rehabilitation.
From individual personnel, medical, and security records.

DOT/CG 639.

System name: Request for Remission of Indebtedness. DOT/CG.

System location: Department of Transportation (DOT),
United States Coast Guard (CG),
Commandant (G-PS),
400 7th Street, SW,
Washington, DC 20590.
Decentralized segments are located at:
Each District and Headquarters Unit. See Appendix I for locations.

Categories of individuals covered by the system: Active Duty Enlisted Coast Guard Personnel.

Categories of records in the system: Files containing correspondence, requests with endorsements, research material, paneling action, Commandant's decisions.

Routine uses of records maintained in the system, including categories of users and the purposes of such uses: For use in making determinations based on the best interests of the individual and the Government.
Categories of users are Coast Guard Officials in performance of their official duties.
See Prefatory Statement of General Routine Uses.

Policies and practices for storing, retrieving, accessing, retaining, and disposing of records in the system:

Storage: Locked filing cabinets

Retrievability: Alphabetical listing.

Safeguards: Locked filing cabinets.

Retention and disposal: Retained for 5 years after decision is made, then destroyed.

System manager(s) and address: Chief, Office of Personnel.
Department of Transportation,
United States Coast Guard Headquarters,
400 7th Street, SW,
Washington, DC 20590.

Notification procedure: Department of Transportation,
United States Coast Guard Headquarters,
Commandant (G-CMA),
400 7th Street, SW,
Washington, DC 20590.
Written requests must be signed by individual.

Record access procedures: Procedures may be obtained by writing to or visiting Commandant (G-CMA) at the address in 'Notification Procedure' or the local Coast Guard District or unit for the area in which an individual's duty station is located.
Proof of identity will be required prior to affording an individual access to records. A military identification card, a driver's license or similar document will be considered suitable identification.

Contesting record procedures: Same as 'Record Access Procedure.'

Record source categories: Information is obtained from individual and Coast Guard Officials.

DOT/CG 640.

System name: Outside Employment of Active Duty Coast Guard Personnel. DOT/CG.

System location: Department of Transportation (DOT),
United States Coast Guard (CG),
Commandant (G-PS),
400 7th Street, SW,
Washington, DC 20590.
Decentralized segments are located at:
Each District Office and Headquarters Unit. See Appendix I for locations.

Categories of individuals covered by the system: Active Duty and Reserve Coast Guard Personnel.

Categories of records in the system: Correspondence relating to individual's request for part time employment.

Routine uses of records maintained in the system, including categories of users and the purposes of such uses: For use by Coast Guard officials in determining in questionable cases whether an individual should hold a particular job or position. Both the legality and the propriety of the request are considered.
See Prefatory Statement of General Routine Uses.

Policies and practices for storing, retrieving, accessing, retaining, and disposing of records in the system:

Storage: Locked filing cabinet.

Retrievability: Alphabetical listing.

Safeguards: Kept in locked filing cabinet.
Access restricted to individuals who request outside employment, and authorized Coast Guard officials.
Proper identification is required.

Retention and disposal: Retained indefinitely.

System manager(s) and address: Chief, Office of Personnel,
Department of Transportation,
United States Coast Guard Headquarters,
400 7th Street SW,
Washington, DC 20590.

Notification procedure: Department of Transportation,
United States Coast Guard Headquarters,
Commandant (G-CMA),
400 7th Street, SW,
Washington, DC 20590.
Written requests must be signed by the individual whose record(s) is being requested.

Record access procedures: Procedures may be obtained by writing to or visiting Commandant (G-CMA) at the address in 'Notification Procedure' above or the local Coast Guard District Office or unit for the area in which an individual's duty station is located. See addresses in Appendix I.
Proof of identity will be required, prior to affording an individual access to records. A military identification card, a driver's license or similar document will be considered suitable identification.

Contesting record procedures: Same as 'Record Access Procedure.'

Record source categories: Information is obtained from the individual and Coast Guard officials.

DOT/CG 671.

System name: Biographical Statement. DOT/CG.

System location: Department of Transportation (DOT),
United States Coast Guard (CG),
Commandant (G-A),
400 7th Street, SW,
Washington, DC 20590.

Categories of individuals covered by the system: Key DOT officials, USCG officers.

Categories of records in the system: Individual biographical data

Routine uses of records maintained in the system, including categories of users and the purposes of such uses: Public Affairs Staff - uses records for publicity.
Personnel Office - uses records for promotion.
See Prefatory Statement of General Routine Uses.

Policies and practices for storing, retrieving, accessing, retaining, and disposing of records in the system:

Storage: Paper forms and correspondence are stored in filing cabinets.

Retrievability: By name.

Safeguards: Personnel are screened prior to granting access.
Stored in building having roving security guards during non-working hours.

Retention and disposal: Transferred to historical file upon termination of active duty.

System manager(s) and address:
Chief, Office of Public and International Affairs,
Department of Transportation,
U. S. Coast Guard Headquarters
400 7th Street, SW,
Washington, DC 20590.

Notification procedure: Department of Transportation,
United States Coast Guard Headquarters,
Commandant (G-CMA),
400 7th Street, SW,
Washington, DC 20590. Written request must be signed by individual.

Record access procedures: Procedures may be obtained by writing to or visiting Commandant (G-CMA) at the address in 'Notification Procedure.'
Proof of identity will be required prior to granting access. A military identification card, drivers license, or similar document will be considered suitable identification.

Contesting record procedures: Same as 'Record Access Procedure'.

Record source categories: Individual named in file.

DOT/CG 676.

System name: Official Coast Guard Reserve Service Record. DOT/CG.

System location: Department of Transportation (DOT),
United States Coast Guard (CG),
Commandant (G-RA),
400 7th Street, SW,
Washington, DC 20590. For official records on discharged, retired, and separated former members:
General Services Administration (GSA),
National Personnel Records Center (Military Personnel Records),
9700 Page Boulevard,
St. Louis, MO 63132.

V 42 I 181 SEP 19 77 UMI

Decentralized segments are located at:
Each Coast Guard District Reserve office (for District records).

Categories of individuals covered by the system: Reserve officer and enlisted personnel (not on extended active duty) in an active, inactive, retired, discharged, separated or former member status; including those Reservists released from extended active duty to fulfill a specified term of obligated inactive reserve service.

Enrolled and disenrolled members of the Temporary Coast Guard Reserve.

Categories of records in the system: Official career history of each Reservist including (as applicable):

Enlistment contract or Oath of Office
Record of Emergency Data.
Training Courses Educational achievements.
Rate/Grade Rating qualifications.
Leave record.
Performance of duty marks/fitness reports.
Medals and commendations.
Record of sea duty/duty outside continental United States.
Statements of creditable and former service (including pay base date).
Statements and computations of retirement points.
Official orders.
Correspondence pertaining to any/all of the above.

Routine uses of records maintained in the system, including categories of users and the purposes of such uses:

Fulfilment of normal administrative personnel procedures, including examining and screening for completeness and accuracy of records and correspondence pertaining thereto.
Screening of service records for advancement, promotion, or retention of individual Reservists by various Reserve Boards.
Answering of Congressional and personal inquiries initiated by the individual whose record is concerned.
Preparation of forms, statements, compilations and computations necessary in the daily personnel administration of each individual entering, reentering or leaving the Coast Guard Reserve. Routine personnel administration requires copies of this and other service record material to be included in administrative files physically separated from the record; however, the original copy of this material will be included in the official service record maintained at Coast Guard Headquarters.
Furnishing of information (authorized and specified by the individual concerned) to other agencies or individuals (specified by the individual concerned) normally concerned with employment, educational or Veterans benefits, claims, or applications.
Furnishing specified material in a Reservist's service record pursuant to the order of a court of competent jurisdiction.
Used by:
Individual upon whom records are kept (personal review).
File clerks and personnel from the Office of Reserve, Administration, Training, and Programs Divisions in the normal performance of their duties.
Other personnel within the Coast Guard in the normal performance of their duties, as authorized by the Chief, Reserve Administration Division or his designated representative.
See Prefatory Statement of General Routine Uses.

Policies and practices for storing, retrieving, accessing, retaining, and disposing of records in the system:

Storage: Records maintained on paper assembled and filed in one official service record per member.

Retrievability: Individual Service Records are indexed and retrievable by name and/or triple terminal digit of member's service number.

Safeguards: Service records are maintained in a central storage area locked behind two separate doors.

During non-working hours the building security consists of roving and static security patrols.
During working hours physical access to records is controlled by Records Control Branch personnel.

Retention and disposal: Individual records are maintained at CG Headquarters until six months after an enlisted member's separation from the service (three months for officers), after which it is transmitted for permanent storage to the:

Military Personnel Record Center (MPRC)
National Personnel Records Center (NPRC),
9700 Page Boulevard,
St. Louis, MO.63132.
In the case of retired members, the service record is shipped to NPRC upon retirement.

System manager(s) and address:

Chief, Office of Reserve (G-R),
Department of Transportation,
United States Coast Guard Headquarters,
400 7th Street SW.,
Washington, DC 20590.

Notification procedure: Inquiry requests for determination whether this system contains records on an individual should be made by that individual, in person or in writing to:

Department of Transportation,
united States Cost Guard Headquarters,
Commandant (G-CMA),
400 7th Street, SW,
Washington, DC 20590.
Written requests must be signed by the individual and must include the member's name, social security number and/or reserve number.

Record access procedures: Procedures for access may be obtained by writing to or visiting Commandant (G-CMA) at the address in 'Notification Procedure' or the District Office in which an individual's duty station is located.

Proof of identity will be required prior to affording an individual access (may consist of a military identification, driver's license, or other suitable identification.)

Contesting record procedures: Same as 'Record Access Procedure.'

Record source categories: Information contained in a member's service record is obtained from the individual concerned, CG Headquarters, District offices and other CG units.

Systems exempted from certain provisions of the act: Portions of this system of records may be exempt from disclosure under the provisions of 5 USC 552a(k) (5), which provide, in part, that investigatory material compiled solely for the purpose of determining suitability, eligibility, or qualifications for Federal civilian employment, military service, Federal contracts, or access to classified information may be withheld from disclosure but only to the extent that the disclosure of such material would reveal the identity of a source who furnished information to the Government under an express promise that the identity of the source would be held in confidence, or, prior to the effective date of this section, under an implied promise that the identity of the source would be held in confidence.

Portions of this system of records may be exempt from disclosure under the provisions of 5 USC 552a (k) (7), which provides, in part, that evaluation material used to determine potential for promotion in the armed services may be withheld from disclosure but only to the extent that the disclosure of such material would reveal the identity of a source who furnished information to the Government under an express promise that the identity of the source would be held in confidence, or, prior to the effective date of this section, under an implied promise that the identity of the source would be held in confidence.
Portions of this system of records may be exempt from disclosure under the provisions of 5 USC 552 (k) (6), which provides, in part, that testing or examination material used soley to determine individual qualifications for appointment or promotion in the Federal service may be withheld from disclosure to the extent that disclosure of these records would compromise the objectivity or fairness of the testing or examination process.

DOT/CG 677.

System name: Coast Guard Reserve Personnel Mobilization System, DOT/CG.

System location: Department of Transportation, (DOT),

United States Coast Guard (CG),
Commandant (G-RP/82),
400 7th Street, SW.,
Washington, DC 20590.
Commander Reserve in each Coast Guard District Office (except 17th).
Each District and Headquarters Unit.

See Appendix I for locations.

Categories of individuals covered by the system: Reserve officer and enlisted personnel (not on extended active duty) in an Active or Retired status; including those Reservists released from extended active duty to fulfill a specified term of obligated inactive Reserve service.

Categories of records in the system:

Mobilization and qualification cards and orders.
Initial, Annual, and Retired Screening and Qualification Questionaires.

Routine uses of records maintained in the system, including categories of users and the purposes of such uses: Fulfillment of normal administrative procedures including the examining and screening for completeness and accuracy of records, correspondence pertaining thereto as a basis for assignment to active duty for training; special active duty for training or extended active duty and mobilization billets.

Users of these Records are Coast Guard employees in performance of official duties.
See Prefatory Statement of General Routine Uses.

Policies and practices for storing, retrieving, accessing, retaining, and disposing of records in the system:

Storage: Records maintained on paper, punched cards and magnetic tape

Retrievability: Individual Reservists are indexed by name and/or social security account number.

Safeguards: Safeguards and controls afforded this system of records are similar to those normally employed 'For Official Use Only' material, both at Headquarters and District Offices.

Records are maintained in locked secure areas when not in use and personnel screening is employed prior to granting access.

Retention and disposal: Individual records are maintained at CG Districts and at Headquarters throughout the members active Reserve status and during any period in a Retired Status thereafter (as applicable, and for as long as that member is considered a mobilizable resource).

A 'dead file' is often maintained for those Reservists transferred, discharged, or otherwise separated (this procedure varies from District to District.)
The majority of records in this system (in any form) are generally destroyed immediately after the expiration of their useful life, except those retained in the aforementioned 'dead files' (which are subsequently destroyed one year after placement in the file). The major exceptions to this policy are the Screening and Qualification Questionaires, which are filed in the Reservists District Service Record.
Records are destroyed by mutilating, shredding or burning.

System manager(s) and address:

Chief, Office of Reserve (G-R),
Department of Transportation,
United States Coast Guard Headquarters
400 7th Street, SW,
Washington, DC 20590.

Notification procedure: Department of Transportation,

United States Coast Guard Headquarters,
Commandant (G-CMA),
400 7th Street, SW,
Washington, DC 20590.
Written request must be signed by the individual.

Record access procedures: Individual should contact Commandant (G-CMA) in person or in writing at the address in 'Notification Procedure'.

For records maintained at the District, individual should contact the Commander (r).at the District to which the individual is assigned. Refer to Appendix I for addresses.

Contesting record procedures: Same as 'Record Access Procedure.'

Record source categories: Information contained in this system of records is obtained from the following sources: the individual himself, CG Headquarters, and CG District Offices.

DOT/CG 678.

System name: Reserve Master Personnel File (Automated), DOT/CG.

System location:

Department of Transportation (DOT),
United States Coast Guard (CG),
Commandant (G-RA/82),
400 7th Street, SW,
Washington, DC 20590.

Categories of individuals covered by the system: Reserve officers and enlisted personnel in an active and inactive status, with the exception of retired reserve, including those reservists released from extended active duty to fulfill a specified term of inactive obligated service.

Categories of records in the system: Record of various personnel accounting data including: name, social security account number, service number, educational background, district and unit assignment and date assigned, status, date of birth, dates of enlistment, appointment, or extension, expiration of obligation, anniversary year, data on pay base date, aviation pay, training rating, reserve category and class, training/pay category, number of dependents, Federal witholding exemptions, Selective Service induction certification, completion of correspondence courses, Ready Reserve obligation, officer designator, last screening date, civilian occupation, date of last National Agency check, date last physical, immunization dates, date of completion of extended active duty, and annual training date.

Routine uses of records maintained in the system, including categories of users and the purposes of such uses: Records used for reserve personnel administration purposes.

See Prefatory Statement of General Routine Uses.
Records are used by authorized Coast Guard employees in performance of official duties in maintaining the system through routine personnel transaction inputs, updates, and corrections.
Used by:
Personnel from the Office of Reserve Administration, Training, and Programs Divisions in the normal performance of their duties, as authorized by the Chief, Reserve Administration Division or his designated representative.
Personnel within Coast Guard Headquarters in the normal performance of their duties, as authorized by the Chief, Reserve Administration Division or his designated representative.

Policies and practices for storing, retrieving, accessing, retaining, and disposing of records in the system:

Storage: Records maintained on magnetic tape.

Retrievability: Individuals in the system are indexed/retrieved by name and/or triple terminal digit of member's service number.

Safeguards: Magnetic tapes are stored in locked storage area when not in use and are accountable and accounted for at all times during actual use.

Personnel screening is employed prior to granting access.

Retention and disposal: Magnetic tapes are used, corrected and updated until the tape becomes physically deteriorated after which it is destroyed.

System manager(s) and address:

Chief, Office of Reserve (G-R),
Department of Transportation,
United States Coast Guard Headquarters,
400 7th Street, SW,
Washington, DC 20590.

Notification procedure: Requests to determine whether this system contains information on any individual should be made in person or in writing to:

Department of Transportation,
United States Coast Guard Headquarters,
Commandant (G-CMA),
400 7th Street, SW,
Washington, DC 20590.
Written request must be signed by individual.

Record access procedures: Procedure may be obtained by writing to or visiting Commandant (G-CMA) at the address in 'Notification Procedure' above or the local Coast Guard District for the area where individuals duty station is located. See Appendix I for addresses.

Proof of identity will be required prior to affording an individual access to records. A military identification card, a driver's license or similar document will be considered suitable identification.

Contesting record procedures: Same as 'Record Access Procedure.'

V 42 181
SEP 19 77
UMI

Record source categories: Information contained in a member's service record is obtained from the following sources: the individual himself, CG Headquarters and CG District Offices and various operating units of the Coast Guard.

DOT/CG 679.

System name: Reserve Pay and Points System (Automated). DOT/CG

System location: Department of Transportation (DOT).
United States Coast Guard (CG),
Commandant (G-RA),
400 7th Street, SW,
Washington, DC 20590.

Categories of individuals covered by the system: Reserve officer and enlisted personnel (not on extended active duty) in an active status.

Categories of records in the system: System includes name, rate/grade, social security account number, total retirement points and satisfactory years of service for retirement purposes, retirement point accounting data, including inactive duty training and active duty training participation, taxable wages and witholding data, anniversary dates, uniform allowances and Servicemans Group Life Insurance (SGLI) information.

Routine uses of records maintained in the system, including categories of users and the purposes of such uses: Computation and compilation of Form CG-4175, Coast Guard Reserve Annual or Terminal Statement of Retirement Points.

Various listings and print-outs requested from the master file including Reserve Pay/Point System Points Issued Report, Special Point Statement, Pay and Point Master Record (Inquiry), 20 Satisfactory Year letter listing, and various exception listings.
Routine personnel transaction inputs, updates, and corrections are made, as necessary, by District and Headquarters personnel who maintain the system.
Used for general Reserve personnel administration.
See Prefatory Statement of General Routine Uses.

Policies and practices for storing, retrieving, accessing, retaining, and disposing of records in the system:

Storage: Records maintained on magnetic tape stored in magnetic tape library.

Retrievability: Individuals in the system are indexed/retrieved by name and/or triple terminal digit of member's service number.

Safeguards: Only authorized personnel from the Office of Reserve are allowed access to tapes.

Magnetic tapes are stored in locked storage area when not in use and are accountable and accounted for at all times during actual use.

Retention and disposal: Magnetic tapes are used, corrected and updated until the tape becomes physically deteriorated after which it is destroyed.

System manager(s) and address: Chief, Office of Reserve,
Department, of Transportation,
United States Coast Guard Headquarters,
400 7th Street, SW,
Washington, DC 20590.

Notification procedure: Inquiry requests for determination whether this system contains records on an individual should be made by that individual in writing to:
Department of Transportation,
United States Coast Guard Headquarters,
Commandant (G-CMA),
400 7th Street, SW,
Washington, DC 20590.
Requests in writing must include the member's name, Social Security Number and/or service number.

Record access procedures: Procedures for access to records may be obtained by writing to or visiting (G-CMA) at the address in 'Notification Procedure.'
Prior written notification of personal visit is required to insure that the record will be available at the time of visit.
Proof of identity will be required prior to release of records. A military identification or similiar document will be considered suitable identification.

Contesting record procedures: Same as 'Record Access Procedure.' If a satisfactory solution/correction is not achieved the subject Reservist may address his case to the:
Board for Correction of Military Records,
U.S. Coast Guard,
Commandant (G-L-2/81),
4007th Street, SW,
Washington, DC 20590; which is the final appellate board in these matters.

Record source categories: Information contained in a member's service record is obtained from the following sources: the individual himself, CG Headquarters and CG District Offices and various operating units of the Coast Guard.

DOT/CG 686.

System name: Coast Guard Motor Vehicle Operator Permit. DOT/CG.

System location: Department of Transportation (Dot0.
United States Coast Guard (CG),
System is maintained at: District and Headquarters Unit Safety Offices.
See Appendix I for locations.

Categories of individuals covered by the system: Licensed Coast Guard employees.

Categories of records in the system: Statement of driving history and drive test results.

Routine uses of records maintained in the system, including categories of users and the purposes of such uses: Used by authorized Coast Guard Officials for licensing Coast Guard employees to enable them to drive on Coast Guard property.
See Prefatory Statement of General Routine Uses.

Policies and practices for storing, retrieving, accessing, retaining, and disposing of records in the system:

Storage: Applications (CG 3308) are stored in file cabinets.

Retrievability: Retrieved by name/service number.

Safeguards: Locked files.

Retention and disposal: 5 years.

System manager(s) and address: Chief, Safety Programs Division,
Department of Tranportation,
U.S. Coast Guard Headquarters,
400 7th Street, SW,
Washington, DC 20590.

Notification procedure: Contact:
Department of Transportation,
United States Coast Guard Headquarters,
Commandant (G-CMA),
400 7th Street, SW,
Washington, DC 20590.
Written request must be signed by the individual.

Record access procedures: Procedures may be obtained by writing to or visiting Commandant (G-CMA) at the address in 'Notification Procedure' or the local Coast Guard District or unit office for the area in which duty station is located.
Proof of identity will be required prior to granting access. A military identification card, driver's license or similiar document is considered suitable identification.

Contesting record procedures: Same as 'Record Access Procedure.'

Record source categories: Individual submission, accident experience, and driver's examination.

DOT/CG 691.

System name: Master Chief Petty Officer of the Coast Guard Individual Grievance and Correspondence File. DOT/CG.

System location: Department of Transportation (DOT).
United States Coast Guard (CG),
Commandant (G-CMCPO),
400 7th Street, SW,
Washington, DC 20590.
System is also maintained at:
Each District and Headquarters Unit which has a Senior Enlisted Advisor assigned. See Appendix I for addresses.

Categories of individuals covered by the system: Enlisted Coast Guard Personnel who have filed a grievance or requested information through the Master Chief Petty Officer of the Coast Guard (at Headquarters) or the Senior Enlisted Advisors at field units.

Categories of records in the system: Correspondence and other related information compiled during the process of resolving alleged grievance.

Routine uses of records maintained in the system, including categories of users and the purposes of such uses: Used by Master Chief Petty Officer, Commandant/Vice Commandant, Special Assistant, Administrative Aide and other authorized officials, to resolve enlisted personnel problems and inquiries.
See Prefatory Statement of General Routine Uses.

Policies and practices for storing, retrieving, accessing, retaining, and disposing of records in the system:

Storage: File folders in locked file cabinet.

Retrievability: By name.

Safeguards: Locked room and file cabinets.
Screening of personnel prior to granting access.

Retention and disposal: Kept until individual is discharged or retired at which time the records are destroyed by mutilating, shredding and burning.

System manager(s) and address: Master Chief Petty Officer of the Coast Guard,
Department of Transportation,
United States Coast Guard Headquarters,
400 7th Street, SW,
Washington, DC 20590.

Notification procedure:
Department of Transportation,
United States Coast Guard Headquarters,
Commandant (G-CMA),
400 7th Street, SW,
Washington, DC 20590.
Written requests must be signed by the individual.

Record access procedures: Procedures may be obtained by writing to or visiting Commandant (G-CMA) at the address in 'Notification Procedure' above or the local activity where the complaint was filed. See Appendix I for addresses.
Prior written notification of personnel visits is required to insure that the records will be available at the time of visit.
Proof of identity will be required prior to release of records. A military identification card, driver's license or similiar document will be considered suitable identification.

Contesting record procedures: Same as 'Record Access Procedure.'

Record source categories: Information received from individuals and Coast Guard Units.

DOT/FAA 800.

System name: Aviation Medical Certification System. DOT/FAA.

System location: Records are located at:
Department of Transportation (DOT),
Federal Aviation Administration(FAA),
Aeronautical Center,
Aeromedical Certification Branch,
Oklahoma City, OK 73125.
Regional Flight Surgeon Offices in all regional headquarters.
And
Office of Aviation Medicine,
Aeromedical Standards Division,
800 Independence Avenue, SW,
Washington, DC 20591.

Categories of individuals covered by the system: Current certificated airmen, airmen whose certificates have expired, airmen rejected for medical certification, airmen with special certification, airmen who are deceased and others requiring medical certification.
Controllers in Centers, Terminals and Flight Service Stations, and applicants for these positions.

Categories of records in the system: This system consists of a variety of records that are required to determine the physical condition of an individual with respect to the medical standards established by the FAA.
These files contain medical examinations by an Aviation Medical Examiner, X-Rays, EKG's, lab reports, hospital records, treating or examining physician reports, consultant reports, copies of correspondence, worksheets, summaries, petitions for review by the National Transportation Safety Board, medical exemption records, letters of appeals for exemptions, medical history tapes, microfilm EKG's, computer listings and locator name cards.

Routine uses of records maintained in the system, including categories of users and the purposes of such uses: Information in these records is used or may be used:
By agency officials for the purpose of determining eligibility for airmen medical certification.
By agency officials for purposes of review in connection with appeals and petitions for waiver of medical standards.
By agency officials for purpose of reviewing applicants request for FAA employment that require medical certifications, such as air traffic controllers, FAA pilots, etc.
To provide data for the Automated Medical Certification data base.
To provide data for the Automated Comprehensive Airman Information System. (CAIS)
To provide statistical reports for internal use, to Congress, other Federal agencies and the public on the characteristics of the pilot population.
To provide information for Federal, state and local agencies maintaining civil, criminal or other relevant information or other pertinent operational purposes, such as validating airman qualification by supplying relevant information to an agency concerning the hiring or retention of an employee or the issuance of a grant or other benefit.
To refer where there is an indication of a violation, or potential violation of law, whether civil, criminal, or regulatory in nature, to the appropriate agency whether Federal, state or local charged with the responsibility of investigating or prosecuting such violation or charged with enforcing or implementing the statute, or rule, regulation, or order issued pursuant thereto.
As a data source for management information for production of summary descriptive statistics and analytical studies in support of the function for which the records are collected and maintained.
To respond to general requests for statistical information under the Freedom of Information Act, or to locate specific individuals for a variety of personnel management functions.
To provide data to the Automated Medical History tape system.
See Prefatory Statement of General Routine Uses.

Policies and practices for storing, retrieving, accessing, retaining, and disposing of records in the system:

Storage: File cabinets, punch cards, and magnetic tape files.

Retrievability: Records are indexed by name, date of birth, and sex.
Special cases are indexed and retrieved by Pathological number.

Safeguards: Records are maintained in steel file cabinets and electrievers which are locked when not in use.
All files are maintained in a secured work room limited to those whose duties require access.
Tape and punch cards are maintained in secured computer center. When not in use, tapes are stored in fire proof tape libary within the center; punch cards are stored in steel file cabinets in work area.

Retention and disposal: Medical Examination paper records are retained for three years. The last two examination records are retained on magnetic tape. As a new record is received, the oldest record is put on to the history file.
Locator name cards are kept two years and then printed out as a computer listing which is destroyed after the listings are microfilmed.
Pathological records are sent to the Federal Records Center in Fort Worth after five years of inactivity and destroyed after fifty years. Magnetic tapes are retained.

System manager(s) and address: Records from Master Files:
Chief, Aeromedical Certification Branch,
Aeronautical Center,
Oklahoma City, OK 73125.
Records from Regional Files: Regional Flight Surgeon within Region where examination was conducted.

V 42 I 181 SEP 19 77 UMI
SAFETY FILM KODAK

Notification procedure: Individuals wishing to know if their records appear in this system of records may inquire in person or in writing to the System Manager.

Record access procedures: Individuals who desire access to the information about themselves in this system of records should contact or address their inquiries to the System Manager.

Contesting record procedures: Individuals who desire to contest information about themselves contained in this system of records should contact or address their inquiries to the Administrator or his delegate at the following address:

Department of Transportation,
Federal Aviation Administration,
Office of the Administrator,
800 Independence Avenue, SW,
Washington, DC 20591.

Record source categories: Information is obtained from Aviation Medical Examiners, individuals themselves, consultants, hospitals, treating or examining physicians, other government agencies, tests taken by individual, special studies such as blood test, and in some rare cases, records supplied by other persons or agencies.

DOT/FAA 801.

System name: Aircraft Registration System. DOT/FAA.

System location: Department of Transportation (DOT),
Federal Aviation Administration (FAA),
Aeronautical Center,
Oklahoma City, OK 73125.
Portions of these records are located in:
General Aviation District Offices (GADO's).
Air Carrier District Offices (ACDO's).
Flight Standards District Offices (FSDO's).
(See FAA National Field Directory, 1000.23F, for locations).

Categories of individuals covered by the system: This system identifies aircraft owners, partners, corporations, lien holders, operators, and lessees.

Categories of records in the system: This system consists of a series of records that identify:
Aircraft types.
Current certification status and ownership of registered aircraft.
Aircraft to be registered or aircraft that have been registered and are now temporarily deregistered.
These records contain information about:
N - Number assignment.
Airworthiness of aircraft.
Bills of sale.
Applications for certification of amateur aircraft.
Major repairs and alterations maintenance inspection forms.
Revalidation and use forms:
Lien documents and collateral documents.

Routine uses of records maintained in the system, including categories of users and the purposes of such uses: To determine that aircraft are registered in accordance with the provisions of the Federal Aviation Act of 1958.
To support investigative efforts of investigative and law enforcement agencies of Federal, state, and foreign governments.
To serve as a repository of legal documents used by individuals and title search companies to determine the legal ownership of an aircraft.
To provide aircraft owners and operators information about potential mechanical defects or unsafe conditions of their aircraft in the form of airworthiness directives.
To provide supporting information in court cases concerning liability of individual in law suits.
To serve as a data source for management information for production of summary descriptive statistics and analytical studies in support of agency functions for which the records are collected and maintained.
To respond to general requests from the aviation community or the public for statistical information under the Freedom of Information Act or to locate specific individuals or specific aircraft for accident investigation, violation, or other safety related requirements.
To provide data for the automated aircraft registration master file.
To provide documents for microfiche backup records.
To provide data for development of the aircraft registration statistical system.
To prepare an Aircraft Registry in magnetic tape and publication form required by ICAO agreement containing information on aircraft owners by name, address, N-Number, type of aircraft, total calendar year flight hours, primary use, avionics capability and base airport used for internal FAA safety program purposes and also available to the public (individuals, aviation organizations, direct mail advertisers, State and local governments, etc.) upon payment of user charges reimbursing the Federal Government for its costs.
See Prefatory Statement of General Routine Uses.

Policies and practices for storing, retrieving, accessing, retaining, and disposing of records in the system:

Storage: Records are maintained in file folders, magnetic tape, punch cards, and on microfiche.

Retrievability: Records are filed by aircraft N-Number, but may be and are quite frequently retrieved by name of the individual aircraft owners or operators.

Safeguards: Records are stored in open shelves in a room that is open only to authorized employees and by special permission.
Magnetic tapes are maintained in secure data processing area accessed by pass only.
Backup copies of microfiche are kept in a fire proof vault and storage room.

Retention and disposal: Punch cards are kept on file in working area, destroyed after magnetic tape is complete.
Microfiche is retained indefinitely.
Aircraft registration files are retained until deregistered, held in N-Number file system for two years, then sent to storage in Fort Worth Federal Records Center. Destruction is not authorized.

System manager(s) and address: For official agency records, contact:
Chief, Aircraft Registration Branch,
Aeronautical Center,
Oklahoma City, OK 73125.
Chief of the nearest GADO, ACDO, or FSDO for records held in those offices.
(See FAA National Field Directory, 1000.23F, for addresses).

Notification procedure: Individuals wishing to know if their records appear in this system of records may inquire in person or in writing to the System Manager.

Record access procedures: Individuals who desire access to the information about themselves in this system of records should contact or address their inquiries to the System Manager.

Contesting record procedures: Individuals who desire to contest information about themselves contained in this system of records should contact or address their inquiries to the Administrator or his delegate at the following address:

Department of Transportation,
Federal Aviation Administration,
Office of the Administrator,
800 Independence Avenue, SW,
Washington, DC 20591.

Record source categories: Information is collected from individuals, manufacturer's of aircraft, maintenance inspectors, mechanics, and FAA officials.

DOT/FAA 802.

System name: Airman Certification System. DOT/FAA.

System location: Department of Transportation (DOT),
Federal Aviation Administration (FAA),
Aeronautical Center,
Airman Certification Branch,
Oklahoma City, OK 73125.
Copies of temporary files are maintained in the originating General Aviation District Office(GADO), Air Carrier District Office (ACDO), or Flight Standards District Office (FSDO) until required action or certification is completed. (See the FAA National Field Directory, 1000.23F, for locations).

Categories of individuals covered by the system: Individuals seeking to be certified, airmen seeking additional certifications or additional ratings, individuals denied certification, airmen holding inactive certificates, airmen who have had certificate revoked, and flight attendants engaged in international air transport.

Categories of records in the system: Application for certification; written examination, application for written examination, results of written test, application for inspection authority, certificates held, ratings, stop orders.

Routine uses of records maintained in the system, including categories of users and the purposes of such uses: To determine that airmen are certified in accordance with the provisions of the Federal Aviation Act of 1958.
Repository of documents used by individual and potential employers to determine validity of airmen qualifications.
To support investigative efforts of investigation and law enforcement agencies of Federal, state and local governments.
Supporting information in court cases concerning individual status and/or qualifications in law suits.
To provide data for the Comprehensive Airman Information System (CAIS).
To provide documents for microfilm and microfiche back up records.
To prepare an Airman Directory in magnetic tape and paper form containing information on airmen by name, address, and certificate status.
Used for internal FAA safety program purposes and also available to the public (individuals, aviation organizations, direct mail advertisers, State and local governments, etc.) upon payment of user charges reimbursing the Federal Government for its costs.
To verify U.S. citizenship, certify qualified applicants, and provide them with a crewmember certificate to be used in lieu of a passport in International Civil Aviation Organization member countries.
To answer inquiries regarding crewmember certification.
The U.S. Department of State uses these applications and any supporting documents to verify U.S. citizenship.
See Prefatory Statement of General Routine Uses.

Policies and practices for storing, retrieving, accessing, retaining, and disposing of records in the system:

Storage: Records are maintained in microfilm, microfiche, magnetic disk, magnetic tape, file folders and notebook listings.

Retrievability: Records are maintained in alphabetic order cross referenced with social security number and airman number.

Safeguards: Records are stored in a data processing facility.
Data is retrieved via a terminal, which requires operation numbers and indivíual passwords.
Accessible only to limited numbers of authorized persons.
Back-up microfilm and microfiche are kept in locked vault.

Retention and disposal: Source documents are destroyed after being microfilmed and key punched.
Magnetic tapes and disks are being continually updated, destruction is not authorized.
Source document crewmember certifications are in storage at the Fort Worth Federal Records Center, destruction is not authorized.

System manager(s) and address: For official FAA Certification Records contact:
Chief, Airman Certification Branch,
Department of Transportation,
Federal Aviation Administration,
Aeronautical Center,
Oklahoma City, OK 73125.
Requests for assistance may be made to the originating GADO, ACDO, or FSDO.
(See the FAA National Field Directory, 1000.23F, for addresses).

Notification procedure: Individuals wishing to know if their records appear in this system of records may inquire in person or in writing to the System Manager.

Record access procedures: Individuals who desire access to the information about themselves in this system of records should contact or address their inquiries to the System Manager.

Contesting record procedures: Individuals who desire to contest information about themselves contained in this system of records should contact or address their inquiries to the Administrator or his delegate at the following address:

Department of Transportation,
Federal Aviation Administration,
Office of the Administrator,
800 Independence Avenue, SW,
Washington, DC 20591.

Record source categories: The individual to whom the record pertains. Written test scores are derived from answers given by individuals. Action filed by FAA personnel.

DOT/FAA 803.

System name: General Aviation Medical Accident System. DOT/FAA.

System location: Department of Transportation (DOT),
Federal Aviation Administration (FAA),
Aeronautical Center,
Aeromedical Certification Branch,
Oklahoma City, OK 73125.
System records are also located at:
Federal Aviation Administration,
Office of Aviation Medicine,
Aeromedical Applications Division,
800 Independence Avenue, SW,
Washington, DC 20591.

Categories of individuals covered by the system: Pilots involved in aircraft accidents.

Categories of records in the system: Reports of fatal accidents, autopsies, toxological studies, AME's reports, medical record printouts, nonfatal reports, injury reports, accident name cards, magnetic tape records of fatal accidents, psychological autopsy, and consulting pathologist summary of findings.

Routine uses of records maintained in the system, including categories of users and the purposes of such uses: To identify and monitor airman having accidents or incidents, analyze medical data for regulatory purposes, research studies of causes of accidents, promote aviation safety.
Data is supplied to the National Transportation Safety Board (NTSB) under requirements of FAA accident investigation authority delegated to it by the Board.
Supporting information in court cases concerning individual medical fitness or medical mishap that may or may not relate to the cause of the accident.
Repository of legal documents that relate to individual's physical status or condition used to determine statistically the validity of FAA Medical Standards.
As a data source for management information for producing summary descriptive statistics and analytical studies in support of agency functions for which the records are collected.
Used in developing professional papers that are distributed to various aviation and medical groups for evaluation and study.
To inform the aviation community of medical findings related to flight safety.
To provide data for the automated Medical Accident System.
See Prefatory Statement of General Routine Uses.

Policies and practices for storing, retrieving, accessing, retaining, and disposing of records in the system:

Storage: Records are maintained in file folders, punch cards and on magnetic tape.

Retrievability: Records are filed by accident number cross referenced by name of pilot.
Punch cards are maintained in name order.
Magnetic tapes are in accident number order and are cross referenced by name.
Records are quite often retrieved by name.

Safeguards: Records are stored in lockable file cabinet in secured work area.
Punch cards are maintained in metal file drawers in secured area.
Magnetic tape is retained in a secured automatic data processing facility.

Retention and disposal: Records of fatal accidents are transferred to Fort Worth Federal Records Center when five years old and destroyed when 10 years old.
Accident name card destruction is not authorized.
Magnetic tape record - destruction not authorized.

System manager(s) and address: For official medical accidents records contact:
Chief, Aeromedical Certification Branch,
Aeronautical Center,

V 42 I 181
SEP 19 77
UMI

Oklahoma City, OK 73125.

Notification procedure: Individuals wishing to see their records may appear in person or submit in writing a request identifying records desired. For identification an individual must submit his or her name, date of birth, sex, social security number or Airman number. Letter should be addressed to:

Chief, Aeromedical Certification Branch,
Aeronautical Center,
Oklahoma City, OK 73125.

Record access procedures: Individuals who desire to access information about themselves in the system records should contact or address their inquiries to:

Chief, Aeromedical Certification Branch,
Aeronautical Center,
Oklahoma City, OK 73125.

Contesting record procedures: Individuals who desire to contest information about themselves contained in this system of records should contact or address their inquiries to the Administrator or his delegate at the following address:

Department of Transportation,
Federal Aviation Administration,
Office of the Administrator,
800 Independence Avenue, SW,
Washington, DC 20591.

Record source categories: Information is obtained from aviation medical examiners (AME), pathologists, accident investigation medical laboratories, law enforcement officials and FAA employees.

DOT/FAA 804.

System name: General Aviation Aircraft Accident System. DOT/FAA.

System location: Department of Transportation (DOT),
Federal Aviation Administration (FAA),
Aeronautical Center,
Flight Standards Technical Division,
Safety Data Branch,
Oklahoma City, OK 73125.
Working copies are maintained in the region in which the accident occurred.
(See the FAA National Field Directory, 1000.23F, for locations).

Categories of individuals covered by the system: Persons involved in aircraft accidents, pilots, passengers, persons on the ground, and witnesses.

Categories of records in the system: Reports of accidents investigation, preliminary notices of accident, injury reports, engineering analysis, witness statements, investigators analysis, pictures of accident scene.

Routine uses of records maintained in the system, including categories of users and the purposes of such uses: To identify and monitor airman involved in accidents. Analyze facts surrounding accidents to determine whether or not FAA regulations have been violated.

To supply data to the National Transportation Safety Board (NTSB) as required by the delegated authority for accident investigation from the Board.
As a data source for management information, for the production of summary descriptive statistics and analytical studies in support of agency functions.
Used in the development of professional papers that are distributed to various aviation organizations and the general public as required.
To provide data for the Automated Comprehensive Airman Information System (CAIS).
See Prefatory Statement of General Routine Uses.

Policies and practices for storing, retrieving, accessing, retaining, and disposing of records in the system:

Storage: Records are maintained on magnetic tapes, in file folders, and magnetic disk.

Retrievability: Data is retrieved by name, date of birth and sex, social security numbers, airman numbers, and accident number.

Safeguards: Magnetic disk and magnetic tape.

Data can only be retrieved by computer operators through batch process methods.
File folders are maintained in a secured work area.
Files not in use are kept in locked cabinets accessible to persons with a need to know.

Retention and disposal: Raw files are destroyed after 3 years by shredding the ADP documents.

Magnetic tapes are updated monthly, records retained up to 10 years, magnetic disk updated continuously.

System manager(s) and address: Chief, Safety Data Branch,
Flight Standards Technical Division,
Aeronautical Center,
Oklahoma City, OK 73125.

Notification procedure: Individuals wishing to know if their records appear in this system of records may inquire in person or in writing to the System Manager.

Record access procedures: Individuals who desire access to the information about themselves in this system of records should contact or address their inquiries to the System Manager.

Contesting record procedures: Individuals who desire to contest information about themselves contained in this system of records should contact or address their inquiries to the Administrator or his delegate at the following address:

Department of Transportation,
Federal Aviation Administration,
Office of the Administrator,
800 Independence Avenue, SW,
Washington, DC 20591.

Record source categories: Data is collected from individuals, manufacturers of aircraft, maintenance inspectors, accident investigators, witnesses to accident, and involved passengers.

DOT/FAA 805.

System name: Administrative Action and Legal Enforcement System. DOT/FAA.

System location: Portions of this system are maintained in the:
Department of Transportation (DOT),
Federal Aviation Administration (FAA),
Office of the Chief Counsel,
800 Independence Avenue, SW,
Washington, DC 20591.
and the:
Aeronautical Center,
Safety Data Branch,
Oklahoma City, OK 73125.
originals and copies of some records are maintained in field offices and Flight Standards and Regional Counsel's offices in the Region of occurrence.
(See the FAA National Field Directory, 1000.23F, for locations).

Categories of individuals covered by the system: Records in this system are on individuals against whom FAA has taken administrative action or legal enforcement action for violation of certain Federal Aviation Regulations.

Individuals or companies holding Federal Aviation Administration certificates.
Persons charged with violating FAA regulations.
Persons allegedly violating FAA regulations.
Applicants who have been denied airman medical certificates.
Persons denied certificates or allegedly violating FAA regulations who have appealed to the National Transportation Safety Board (NTSB) or the courts.

Categories of records in the system: Safety Compliance Notices.

Letters of Reprimand.
Letters of Correction.
Final action legal documents in enforcement cases.
Enforcement and airman medical denial cases on appeal to NTSB.
Summary of violation reports and enforcement actions.
Correspondence of Regional Counsels in enforcement cases.
Violation reports on alleged FAA certificate violations other than medical certificates. These reports include certificate number and/or social security numbers of alleged violators.

Routine uses of records maintained in the system, including categories of users and the purposes of such uses: Records relating to final legal enforcement and administrative actions are disclosed, upon request, to members of the public and other government agencies.

Disclosed to the Department of Justice and the NTSB.
See Prefatory Statement of General Routine Uses.

Policies and practices for storing, retrieving, accessing, retaining, and disposing of records in the system:

Storage: These records are stored in file cabinets and on magnetic tape.

Retrievability: Records in this system are filed chronologically and crossindexed alphabetically by name.

Safeguards: Records are kept in lockable file cabinets. Magnetic tape is kept in a secured data processing facility.

Retention and disposal: Aeronautical Center records are transferred to the Federal Records Center after six years where they are destroyed after four years.

Washington records are sent to the Federal Records Center when the case is closed where general aviation cases are destroyed after one year and Air Carrier cases are destroyed after two years.
Monthly ADP printouts are destroyed each month. Annual printouts are retained permanently.

System manager(s) and address: For official agency legal enforcement action records:
Chief, Statistics and Dockets Section,
Department of Transportation,
Federal Aviation Administration,
Office of the Chief Counsel,
Enforcement Division,
800 Independence Avenue, SW,
Washington, DC 20591.
Regional counsel and Flight Standards offices in the region of occurrence or the chief of the field office that made the charge maintain selected records. (See the FAA National Field Directory, 1000.23F, for addresses).
For administrative action records:
Chief, Safety Data Branch,
Aeronautical Center,
Oklahoma City, OK 73125.
Flight Standard office and Regional Counsel in the region of occurrence.
(See the FAA National Field Directory 1000.23F, for addresses).

Notification procedure: Individuals wishing to know if their records appear in this system of records may inquire in person or in writing to the System Manager.

Record access procedures: Individuals who desire access to the information about themselves in this system of records should contact or address their inquiries to the System Manager.

Contesting record procedures: Individuals who desire to contest information about themselves contained in this system of records should contact or address their inquiries to the Administrator or his delegate at the following address.

Department of Transportation,
Federal Aviation Administration,
Office of the Administrator,
800 Independence Avenue, SW,
Washington, DC 20591.

Record source categories: Regional counsel, NTSB, Flight Standards personnel, Aeronautical Center personnel, Office of Chief Counsel.

Systems exempted from certain provisions of the act: System is exempt from certain subsections of the Privacy Act. The purpose of these exemptions is to protect investigatory materials compiled for law enforcement purposes. Disclosure of such material would hamper law enforcement by prematurely disclosing the knowledge of illegal activity and the evidentiary basis for possible enforcement actions. The exemption rule may be found on page 49887 of the Friday, October 24, 1975, issue of the Federal Register.

DOT/FAA 806.

System name: Federal Aviation Administration Employee Payable System. DOT/FAA.

System location: Financial Systems and Accounting Operations Divisions, Washington, D.C., and each region and center accounting division. Working copies of certain of these records are held by the organizations employing the personnel. Copies are maintained at emergency operations facilities.

Categories of individuals covered by the system: Federal Aviation Administration employees and civilians who work for the United States Coast Guard.

Categories of records in the system: This system contains those records required to insure that an employee receives his or her pay and benefits required by law. It includes Master Employee Record, Annual Leave Payroll Register, FAA Bond Deductions and Bond Issued, Union Dues, FICA Records, City Withholdings, State Withholdings, Federal Withholdings, Retirement, Leave Without Pay, Pay Scale, Contributions, Travel Orders, Travel Advances, Travel Vouchers, Time and Attendance, Overtime, claims relating thereto.

Routine uses of records maintained in the system, including categories of users and the purposes of such uses: This System is used to:

Prepare annual report and reconcile with Gen. Ledger Accounts
Record permanent pay changes
List leave earned, taken, and/or lost and new balances for employees
Test run against MEA to reflect missing T&A cards of employees
Summary of earnings and deductions by pay periods
History of checks and bonds to be issued and magnetic tape sent to Treasury for their issuance.
Report dues deducted by individuals to Unions
Report amounts withheld to credit financial institutions and charitable organizations.
Quarterly summary of earnings and deductions
Record travel advances and allowances
Adjudicate claims for reimbursements which are sent to G.A.O.
Extract list of FICA employees for reporting earnings and deductions to IRS
Used to report state tax withholding to various states and cities and to IRS.
Record temporary pay changes
Notify employees of pay adjustments processed
See prefatory statement of general routine uses.

Policies and practices for storing, retrieving, accessing, retaining, and disposing of records in the system:

Storage: Records are stored on punched card, magnetic tape and in file folders.

Retrievability: Records are maintained by employee name and employee payroll number.

Safeguards: Files are retained mainly in unsecured work area but files are locked during non-duty hours; magnetic tape files are kept in a secured computer center with limited accessibility by agency personnel.

Retention and disposal: Some records are microfilmed annually, and retained as historical data. Hard copy or paper files are filed in a locked storage room or lockable file until G.A.O. audits the records - then some are destroyed and some are retained permanently. Some records are destroyed when they are one year old.

System manager(s) and address: Chiefs, Financial Systems and Accounting Operations Divisions, 800 Independence Ave., S.W., Washington, D. C. 20591.

Chief, Accounting Division, Regional Office and Centers address listed in FAA National Field Directory, 1000.23G.

Notification procedure: Individuals wishing to know if their records appear in this system may inquire in person or in writing to the System Manager.

Record access procedures: Individuals who desire access to the information about themselves in this system of records should contact or address their inquiries to the System Manager.

Contesting record procedures: Individuals who desire to contest information about themselves contained in this system of records should contact or address their inquiries to the Administrator or his delegate, 800 Independence Ave., S. W., Washington, D. C. 20591.

Record source categories: Data is collected from the individual employees, time and attendance clerks, and FAA Personnel Management Operations Divisions.

DOT/FAA 807.

System name: Police Warrant File and Central Files. DOT/FAA.

System location: Department of Transportation (DOT),
Federal Aviation Administration (FAA),
Washington National Airport,
Operations and Safety Division,
Police Branch,
Hangar 9,
Washington, DC 20001.
Dulles International Airport,

V 42 I 181
SEP 19 77
UMI

Operations and Safety Division,
Police Branch,
Chantilly, VA 22201.
Investigation and Security Division,
Aeronautical Center,
Oklahoma City, OK 73125.

Categories of individuals covered by the system: Individuals failing to pay Violation Notices and individuals involved in a situation requiring a police report.

Individuals cited for parking and a traffic violation.
Individuals having criminal records.

Categories of records in the system: Individual Case File, file Cards with warrant numbers, arrest records, traffic accident records, injury reports, loss, theft and complaints report, traffic violations notice files.

Routine uses of records maintained in the system, including categories of users and the purposes of such uses: These records are used to carry out such required functions as:

Check for wanted individuals and vehicles.
Vehicle registration information.
Prior offense status, to testify in court hearings, to assist in case preparation by U.S. Attorney's Office.
See Prefatory Statement of General Routine Uses.

Policies and practices for storing, retrieving, accessing, retaining, and disposing of records in the system:

Storage: Records are maintained in file folders. Stored in metal file cabinets.

Retrievability: Data is retrievable by individual name and/or cross referenced to a warrant number as a case file number.

Safeguards: Files are retained in a secured work area accessible only by consent of guard on duty.

Retention and disposal: Warrants are disposed of when warrant has been paid, case files are kept permanently. Records of citations destroyed after one year.

System manager(s) and address: Director, Metropolitan Washington Airport Service,

Washington National Airport,
Hangar 9,
Washington, DC 20001.
Chief of Investigation and Security Division,
Aeronautical Center,
Oklahoma City, OK 73125.

Notification procedure: Individuals wishing to know if their records appear in this system of records may inquire in person or in writing to the applicable System Manager.

Record access procedures: Individuals who desire access to the information about themselves in this system of records should contact or address their inquiries to the applicable System Manager.

Contesting record procedures: Individuals who desire to contest information about themselves contained in this system of records should contact or address their inquiries to the Administrator or his delegate at the following address:

Department of Transportation,
Federal Aviation Administration,
Office of the Administrator,
800 Independence Avenue, SW,
Washington, DC 20591.

Record source categories: Agency employees, arresting officers, investigating officers, other agencies, witnesses.

Systems exempted from certain provisions of the act: System is exempt from certain subsections of the Privacy Act. The purpose of the exemption is to prevent compromise or impairment of criminal investigations conducted by the Airport Police Branches. The exemption rule may be found on page 49887 of the Friday, October 24, 1975, issue of the Federal Register.

DOT/FAA 809.

System name: Motor Vehicle Operator/Examiner System. DOT/FAA.

System location: These records are maintained in the offices of those organizations throughout the FAA who have vehicle licensing and operations functional responsibility.

Categories of individuals covered by the system: This system of records contains information regarding all FAA employees who are licensed to drive and/or operate government vehicles.

Categories of records in the system: This system of records contains information regarding license application and test, safe driving awards, accident reports, and related correspondence.

Routine uses of records maintained in the system, including categories of users and the purposes of such uses: Determine qualifications and fitness for issuance, revocation, or renewal of operator's license.

Processing of tort claims.
Source of data for legal inquiry.
Prepare analytical and statistical studies and reports.
See prefatory statement of general routine uses.

Policies and practices for storing, retrieving, accessing, retaining, and disposing of records in the system:

Storage: These records are maintained in file cabinets and computers.

Retrievability: These records are indexed by name.

Safeguards: Access to and use of these records are limited to those persons whose official duties require such access.

Retention and disposal: These records are destroyed three years after separation of the employee or three years after recision of authorization to operate government-owned vehicles whichever is earlier.

System manager(s) and address: Local FAA Motor Vehicle Management Officers.

Notification procedure: Individuals wishing to know if their records appear in this system of records may inquire in person or in writing to the System Manager.

Record access procedures: Individuals who desire access to the information about themselves in this system of records should contact or address their inquiries to the System Manager.

Contesting record procedures: Individuals who desire to contest information about themselves contained in this system of records should contact or address their inquiries to th Administrator of his delegatee, 800 Independence Ave., S. W., Washington, D. C. 20591.

Record source categories: Information contained in this system comes from the individual and other public sources.

DOT/FAA 810.

System name: Discrimination Complaint Files. DOT/FAA.

System location: These records are maintained at FAA regional and center Civil Rights Offices and at the FAA Office of Civil Rights in Washington, D.C.

Categories of individuals covered by the system: This system of records contains information regarding FAA employees, applicants for FAA employment, contractors, sponsors and members of the public who are directly or indirectly involved in a discrimination complaint filed with FAA.

Categories of records in the system: Case files developed in processing complaints of discrimination.

Routine uses of records maintained in the system, including categories of users and the purposes of such uses: Investigation of alleged discrimination.

Preparation of analytical and statistical studies and reports.
See prefatory statement of general routine uses.

Policies and practices for storing, retrieving, accessing, retaining, and disposing of records in the system:

Storage: These records are maintained in approved security files and containers.

Retrievability: These records are retrieved by name.

Safeguards: Access to and use of these records are limited to those persons whose official duties require such access.

Retention and disposal: These records are destroyed five years after the final decision is rendered.

System manager(s) and address: Director, Office of Civil Rights, ACR-1, FAA, 800 Indep. Ave., S. W., Washington, D.C. 20591, and regional and center civil rights offices.

Notification procedure: Individuals wishing to know if their records appear in this system of records may inquire in person or in writing to the System Manager.

Record access procedures: Individuals who desire access to the information about themselves in this system of records should contact or address their inquiries to the System Manager.

Contesting record procedures: Individuals who desire to contest information about themselves contained in this system of records

should contact or address their inquiries to the Administrator or his delegatee, 800 Independence Ave., S. W., Washington, D. C. 20591.

Record source categories: Information contained in this system comes from complaints filed by complainants, EEO counselor reports; investigative reports, and departmental decisions.

DOT/FAA 811.

System name: Employee Health Record System. DOT/FAA.

System location: These records are maintained at regional, center and Washington FAA Health Units and/or dispensaries or other government health units servicing the employees geographic location.

Categories of individuals covered by the system: This system of records contains information regarding FAA employees.

Categories of records in the system: This system of records contains documents constituting the basic medical record of an FAA employee, including medical examination reports, laboratory findings, correspondence, retirement, fitness for duty examinations, and related papers.

Routine uses of records maintained in the system, including categories of users and the purposes of such uses: To document employee health unit visits and nature of complaint or physical examination findings, treatment rendered and case disposition. Physical examination findings are used by agency officials to determine employee fitness for duty or employment.

To refer to employee private physician if authorized by the employee or his legal representative.
To prepare analytical and statistical studies and reports
Disclosed to an insurance carrier where an employee has signed a health, disability or life insurance contract with the carrier authorizing any licensed physician, medical practitioner, hospital, clinic or other medical or medically related facility, insurance company or other organization, institution or person, that maintains any records or his dependents, to release to the carrier any such information
See prefatory statement of general routine uses.

Policies and practices for storing, retrieving, accessing, retaining, and disposing of records in the system:

Storage: These records are maintained in approved security files and containers.

Retrievability: These records are indexed by name.

Safeguards: Access to and use of these records are limited to those persons whose official duties require such access.

Retention and disposal: These records are destroyed 20 years after the date of last entry.

System manager(s) and address: Regional Flight Surgeon within region where examination was conducted and Chief, Aeromedical Services Division, Washington, D. C. 20591.

Notification procedure: Individuals wishing to know if their records appear in this system of records may inquire in person or in writing to the System Manager.

Record access procedures: Individuals who desire access to the information about themselves in this system of records should contact or address their inquiries to the System Manager.

Contesting record procedures: Individuals who desire to contest information about themselves contained in this system of records should contact or address their inquiries to the Administrator or his delegatee, 800 Independence Ave., S. W., Washington, D. C. 20591.

Record source categories: Information contained in this system comes from the employee and from attending physicians and nurses and from associated medical reports.

DOT/FAA 812.

System name: System Error Reporting Program. DOT/FAA.

System location: FAA, Air Traffic Service, Evaluation Staff, Washington, D.C. Regional Air Traffic Division, and all Air Traffic field facilities.

Categories of individuals covered by the system: Any Air Traffic Control Specialist involved in a system error

Categories of records in the system: Reports or computer printouts which can contain, name of controller, performance appraisal data, disciplinary actions, age, grade, date of birth, physical examination, medical information, home address.

Routine uses of records maintained in the system, including categories of users and the purposes of such uses: Statistical analysis for policy development and release to the public under the Freedom of Information Act.

Released for investigative purposes to the NTSB in the case of accident/ incident/or violation.
See prefatory statement of general routine uses.

Policies and practices for storing, retrieving, accessing, retaining, and disposing of records in the system:

Storage: All data is stored on magnetic tape or disk file and file folders.

Retrievability: Data is filed in random order within the computer with selections being on name of the individual. File folders are retrieved by name.

Safeguards: Security code for computer program is limited to those who have a need to know.

Retention and disposal: Records are maintained as active files for 10 years then stored on magnetic tapes indefinitely.

System manager(s) and address: Chief, Evaluation Staff, AAT-20, Air Traffic Service, FAA, Washington, D. C., 10591, the FAA Regional Air Traffic Division Chiefs, and field facilities where error occurred.

Notification procedure: Individuals wishing to know if their records appear in this system of records may inquire in person or in writing to the System Manager.

Record access procedures: Individuals who desire access to the information about themselves in this system of records should contact or address their inquiries to the System Manager.

Contesting record procedures: Individuals who desire to contest information about themselves contained in this system of records should contact or address their inquiries to the Administrator or his delegatee 800 Independence Avenue, S. W., Washington, D C. 20591

DOT/FAA 813.

System name: Civil Aviation Security System. DOT/FAA.

System location: Department of Transportation (DOT),

Federal Aviation Administration (FAA),
Office of Civil Aviation Security Service,
800 Independence Avenue, SW,
Washington, DC 20591.
These records are also maintained at FAA Air Transportation Security Field Offices and regional Air Transportation Security Divisions. See the FAA National Field Directory, 1000.23F, for locations.

Categories of individuals covered by the system: This system of records contains information regarding hijackers, potential hijackers, extortionists, terrorists, and other individuals who have been involved or might be involved in crimes against civil aviation

Categories of records in the system: This system of records contains information regarding hijacking incidents, potential or suspected hijackers, explosives or devices found on aircraft or at airports, attempts to board aircraft with concealed weapons, and other civil aviation criminal acts.

Routine uses of records maintained in the system, including categories of users and the purposes of such uses: In the event that a system of records maintained by the Federal Aviation Administration to carry out its functions indicates a violation or potential violation of law, whether civil, criminal or regulatory in nature, and whether arising by order issued pursuant thereto, the relevant records in the system of records may be referred, as a routine use, to the appropriate agency, whether Federal, state, local, or foreign charged with the responsibility of investigating or prosecuting such violation or charged with enforcing or implementing the statute, or rule regulation or order issued pursuant thereto.

Source of data regarding air piracy threats for dissemination to airport and air carrier security officers.
Preparation of Alerts and Bulletins on threats to civil aviation
Preparation of summaries for development/change of security procedures in civil aviation.
Respond to authorized inquiries
Preparation of analytical and statistical studies and reports.
See Prefatory Statement of General Routine Uses.

Policies and practices for storing, retrieving, accessing, retaining, and disposing of records in the system:

Storage: These records are maintained in approved security files and containers.

V 42 N 181
SEP 19 77
UMI

Retrievability: These records are indexed by name and or incident.

Safeguards: Access to and use of these records are limited to those persons whose official duties require such access.

Retention and disposal: These records are maintained up to four years after which they are updated, revised, retired, or destroyed.

System manager(s) and address: Chief, Operations Liaison Staff, ACS-20,

Department of Transportation,
Federal Aviation Administration,
Office of Civil Aviation Security Service,
800 Independence Avenue, SW,
Washington, DC 20591.
Regional Air Transportation Security organizations. See the FAA National Field Directory, 1000.23F, for addresses.

Notification procedure: Individuals wishing to see their records may appear in person or or submit in writing a request identifying record desired.

For identification an individual must submit his or her name to the System Manager.

Record access procedures: Individuals who desire information about themselves in this system of records should contact or address their inquiries to the System Manager.

Contesting record procedures: Individuals who desire to contest information about themselves contained in this system of records should contact or address their inquiries to the Administrator or his delegate at the following address:

Department of Transportation,
Federal Aviation Administration,
Office of the Administrator,
800 Independence Avenue, SW,
Washington, DC 20591.

Record source categories: Information contained in this system comes from other FAA records; Federal, State or local agencies; foreign sources; public record sources; and third parties.

DOT/FAA 814.

System name: Equal Employment Opportunity Minority/Female Statistical Reporting System. DOT/FAA.

System location: Department of Transportation(DOT),

Federal Aviation Administration(FAA),
Office of Civil Rights,
800 Independence Avenue, SW,
Washington, DC 20591.
Local records are maintained at FAA regional and center Civil Rights Offices. (See the FAA National Field Directory, 1000.23F, for locations).

Categories of individuals covered by the system: This system of records contains information on all FAA employees.

Categories of records in the system: This system of records contains information (187 data elements) such as name, organization, social security number, racial background, etc.

Routine uses of records maintained in the system, including categories of users and the purposes of such uses: Monitor and evaluate status and progress of minority/female employment.

Preparation of analytical and statistical studies and reports.
See Prefatory Statement of General Routine Uses.

Policies and practices for storing, retrieving, accessing, retaining, and disposing of records in the system:

Storage: These records are in the form of magnetic tape and computer listings and are stored in magnetic tape security areas and in file cabinets.

Retrievability: These records are retrieved by name.

Safeguards: Access to data in this system is limited to the Director, Office of Civil Rights, or to those authorized by him.

Retention and disposal: This system is updated monthly and the replaced master tape is reused in the normal data processing manner.

System manager(s) and address: Director, Office of Civil Rights,

Department of Transportation,
Federal Aviation Administration,
800 Independence Avenue, SW,
Washington, DC 20591.

Local records are the responsibility of the regional and center civil Rights Offices. (See the FAA National Field Directory, 1000.23F, for address).

Notification procedure: Individuals wishing to know if their records appear in this system of records may inquire in person or in writing to the System Manager.

Record access procedures: Individuals who desire access to the information about themselves in this system of records should contact or address their inquiries to the System Manager.

Contesting record procedures: Individuals who desire to contest information about themselves contained in this system of records should contact or address their inquiries to the Administrator or his delegate at the following address:

Department of Transportation,
Federal Aviation Administration,
Office of the Administrator,
800 Independence Avenue, SW,
Washington, DC 20591.

Record source categories: Personal Observation.

Self Identification.
Manpower records.
Organization Records.

DOT/FAA 815.

System name: Investigative Record System. DOT/FAA.

System location: Department of Transportation,

Federal Aviation Administration(FAA),
Office of Investigations and Security,
800 Independence Avenue, SW,
Washington, DC 20591.
Investigations and Security Division,
Aeronautical Center,
Oklahoma City, OK 73125.
Air Transportation Security Division,
National Aviation Facilities Experimental Center (NAFEC),
Atlantic City, NJ 08405.
Records are maintained at FAA regional and center Air Transportation Security Divisions. (See the FAA National Field Directory, 1000.23F, for addresses).
Retired records are stored at Federal Record Centers.
See 'System Manager' paragraph for further information.

Categories of individuals covered by the system: Current and former applicants for FAA employment.

Current and former FAA employees.
Individuals considered for access to classified information or restricted areas and/or security determinations as contractors, employees of contractors, experts, instructors, and consultants to Federal programs.
Aircraft owners.
Flight Instructors.
Pilots.
Mechanics.
Designated FAA representatives.
Other individuals certificated by FAA.
Individuals involved in tort claims against the FAA.

Categories of records in the system: Results of investigations and inquiries conducted by the Office of Investigations and Security; FAA regional and center Air Transportation Security Divisions and Investigations and Security Division, Aeronautical Center; reports of investigations conducted by Federal, state, and local investigative agencies which relate to the mission and function of the Office of Investigations and Security and field elements.

Routine uses of records maintained in the system, including categories of users and the purposes of such uses: In the event of an indication of any violation or potential violation of the law, whether civil, criminal, or regulatory in nature, and whether arising by statute, or by regulation, rule or order issued pursuant thereto, the relevant records in the system of records may be referred, as a routine use, to the appropriate agency whether Federal, state, local, or foreign, charged with the responsibility of investigating or prosecuting such violation or charged with enforcing such referral shall also include, and be deemed to authorize,

(1) any and all appropriate and necessary uses of such records in a court of law and before an administrative board or hearing, including referrals related to probation and parole matters, and

(2) such other inter-agency referrals as may be necessary to carry out the receiving agency's assigned law enforcement duties.

To authorized officers and employees of FAA and other agencies and departments of the Federal Government, and the District of Columbia Government, having an interest in the individual for employment purposes, including a security clearance or access determination, and a need to evaluate qualifications, suitability, and loyalty to the United States Government.

Officials from FAA and DOT administrative, operating and regulatory components who require access to the case file to fullfill their responsibilities contained in Executive Orders, Civil Service Commission Regulations, Federal Aviation Regulations and Orders or Federal statutes.

Authorized representatives of Federal agencies and departments who require access to the file pursuant to an investigation or inquiry conducted under appropriate statutes, Executive Orders or administrative procedures of Federal Government. This can include investigations completed by FAA and referred to other Federal agencies for further investigation, prosecution or administrative action.

To authorized officers and employees of FAA having the responsibility to grant security clearance, make determinations regarding access to classified information or restricted areas, or to evaluate qualifications, suitability, or loyalty to the United States Government, in connection with performance of a service to the Federal Government under a contract or other agreement.

As a data source for management information for production of summary descriptive statistics and analytical studies in support of the function for which the records are collected and maintained, or for related personnel management functions or manpower studies; may also be utilized to respond to general requests for statistical information (without personal identification of individuals).

See Prefatory Statement of General Routine Uses.

Policies and practices for storing, retrieving, accessing, retaining, and disposing of records in the system:

Storage: These records are stored in approved security file cabinets and containers.

Retrievability: These records are indexed alphabetically by name.

Safeguards: Access to and use of these records are limited to those persons whose official duties require such access.

Retention and disposal: These records are retired to the Federal Records Center four years after close of case and retained indefinitely.

Any records authorized for destruction are destroyed by approved methods.

System manager(s) and address: The FAA Investigative Record System is decentralized and requests for such records should be directed to the appropriate System Manager as follows:

For the Washington Metropolitan area, excluding Eastern Region jurisdiction:
Department of Transportation,
Federal Aviation Administration,
800 Independence Avenue, SW,
Washington, DC 20591.
For the geographical area under the jurisdiction of the various regions:
Chief, Air Transportation Security Division, of the appropriate region. (See the FAA National Field Directory, 1000.23F, for addresses).
For the jurisdiction of the National Aviation Facilities Experimental Center:
Chief, Air Transportation Division,
National Aviation Facilities Exmperimental Center,
Atlantic City, NJ 08405.
For the jurisdiction of the Aeronautical Center:
Chief, Investigations and Security Division,
Aeronautical Center,
Oklahoma City, OK 73125.

Notification procedure: An individual may inquire as to whether or not the system contains a record pertaining to him or to her by addressing a written request to the applicable Systems Manager identified above. The request should include the full name and date and place of birth of the individual, and any available information regarding the type of record involved, and the category of individual under which the requester feels he or she fits.

Record access procedures: Individuals who wish to gain access to such records should contact the System Manager. However investigative data compiled for law enforcement purposes may be exempt from the access provision pursuant to 5 U.S.C. 552a(k)(2) and (k)(5).

Contesting record procedures: Individuals who desire to contest information about themselves contained in this system of records should contact or address their inquiries to the Administrator or his delegate at the following address:

Department of Transportation,
Federal Aviation Administration,
Office of the Administrator,
800 Independence Avenue, SW,
Washington, DC 20591.

Record source categories: These records contain information obtained from interviews, review of records and other authorized, applicable investigative techniques.

Systems **exempted from certain provisions of the act:** System is exempt from certain subsections of the Privacy Act. The purpose of the exemption is to protect investigatory materials compiled for law enforcement purposes. The exemption rule may be found on page 49887 of the Friday, October 24, 1975, issue of the Federal Register.

DOT/FAA 816.

System name: Tort Claims and Personal Property Claims Record System. DOT/FAA.

System location: These records are maintained at regional and center FAA Counsel offices and Logistics Divisions.

Categories of individuals covered by the system: This system of records contains information regarding Tort and property claimants who have filed claims against the government/FAA.

Categories of records in the system: This system of records contains reports, vouchers, witness statements, legal decisions, and related material pertaining to claims by or against the government resulting from FAA transactions, other than litigation cases.

Approved claims are sent to the Accounting Division for certification and payment by Treasury check.

Routine uses of records maintained in the system, including categories of users and the purposes of such uses: Investigation Purposes.

Reference Purposes.
Court Action.
Doubtful claims are sent by Accounting Division to G.A.O. for adjudication.
Some larger claims go to Department of Justice for approval or disapproval.
See prefatory statement of general routine uses.

Policies and practices for storing, retrieving, accessing, retaining, and disposing of records in the system:

Storage: These records are stored in approved file cabinets and containers.

Retrievability: These records are indexed by name.

Safeguards: Access to and use of these records are limited to those persons whose official duties require such access.

Retention and disposal: These records are destroyed three years after the final decision is rendered.

System manager(s) and address: Regional and center counsels.

Notification procedure: Individuals who wish to know if they appear in this system should contact the system manager.

Record access procedures: Individuals who wish to gain access to their records should contact the System Manager.

Contesting record procedures: Individuals who desire to contest information about themselves contained in this system of records should contact or address their inquiries to the Associate Administrator for Administration, 800 Independence Ave., S.W., Washington, D.C. 20591.

Record source categories: Claimant; Investigation Reports, and Courts.

DOT/FAA 817.

System name: Emergency Operations Staffing Assignment. DOT/FAA.

System location: These records are maintained at region, center, and Washington headquarters.

V 42 I 181 SEP 19 77 UMI

Categories of individuals covered by the system: This system of records contains information on FAA employees.

Categories of records in the system: This system of records contains information such as name, address and telephone numbers.

Routine uses of records maintained in the system, including categories of users and the purposes of such uses: To contact FAA personnel for emergency readiness purposes. See prefatory statement of general routine uses.

Policies and practices for storing, retrieving, accessing, retaining, and disposing of records in the system:

Storage: These records are stored in file folders and/or file cabinets.

Retrievability: These records are retrieved by name.

Safeguards: Access to data in this system is limited to those persons whose official duties require such access.

Retention and disposal: These records are destroyed when superseded or obsolete.

System manager(s) and address: Region, Center and Washington headquarters Emergency Planning Officers.

Notification procedure: Individuals wishing to know if their records appear in this system of records may inquire in person or in writing to the System Manager.

Record access procedures: Individuals who desire access to the information about themselves in this system of records should contact or address their inquiries to the System Manager.

Contesting record procedures: Individuals who desire to contest information about themselves contained in this system of records should contact or address their inquiries to the Administrator or his delegatee, 800 Independence Avenue, S. W., Washington, D. C. 20591.

Record source categories: Employees and employees records.

DOT/FAA 818.

System name: Statement of Employment and Financial Interest. DOT/FAA.

System location: These statements are filed at FAA regional, center and Washington headquarters locations.

Categories of individuals covered by the system: Selected FAA employees, GS-13 and above, occupying positions as reflected in Part 99 of the DOT Regulations. This regulation can be found in FAA Order 3750.3A and is identified in this directive as Appendix C.

Categories of records in the system: This system of records contains information regarding an employee's present position; his connections or financial interest, if any, with cooperations, companies, firms or other business enterprises, partnerships, nonprofit organizations, and educational or other institutions; names of creditor; interest in real property or rights in lands; and names of other persons who are authorized by the employee to supply further information.

Routine uses of records maintained in the system, including categories of users and the purposes of such uses: To enable Reviewing Officials to determine whether or not an employee's functions or assignments, actual or proposed, could result in a conflict of interest.

See prefatory statement of general routine uses.

Policies and practices for storing, retrieving, accessing, retaining, and disposing of records in the system:

Storage: These records are maintained in file folders and secure files.

Retrievability: These records are indexed by the names of the individuals.

Safeguards: Access to and use of these records are limited to those persons whose official duties require such access.

Retention and disposal: These records are maintained up to two years after the employee is separated. At this time, all his statements and supplements are destroyed.

System manager(s) and address: The employee's Reviewing Official maintains control of these statements.

Notification procedure: An employee may inquire about the status of his Confidential Statement of Employment and Financial Interest file at any time. All inquiries should be directed to the employee's Reviewing Official or his supervisor.

Record access procedures: Employees who wish to gain access to their records should contact their Reviewing Official.

Contesting record procedures: Individuals who desire to contest information about themselves contained in this system of records should contact or address their inquiries to the Administrator or his delegatee, 800 Independence Avenue, S. W., Washington, D. C. 20591.

Record source categories: Information contained in this system either comes from the individual or from those designated as authorized sources.

DOT/FAA 819.

System name: Psychological Support for Air Traffic Controller Health Program and Air Traffic Controller Applicant Screening System. DOT/FAA.

System location: Department of Transportation(DOT),
Federal Aviation Administration(FAA),
Behavioral Science Division,
800 Independence Avenue, SW,
Washington, DC 20591.
Regional Flight Surgeons in region where individual is employed. See FAA National Field Directory, 1000.23F for addresses.

Categories of individuals covered by the system: Air Traffic Control Specialist, applicants for air traffic control specialist.

Categories of records in the system: Psychological test results.

Routine uses of records maintained in the system, including categories of users and the purposes of such uses: To assist the agency in determining an individual's fitness to be a controller.
To assist the agency in establishing Job Standards.
See Prefatory Statement of General Routine Uses.

Policies and practices for storing, retrieving, accessing, retaining, and disposing of records in the system:

Storage: These records are maintained in file folders on magnetic tape and on punch cards and answer sheets.

Retrievability: Files are retrieved by name, date of birth and sex.

Safeguards: File cabinets are kept locked when not in use.
Magnetic tape and computer program used with the tapes are under the control of those who have a need to know.
Answer sheets are destroyed after input to computer.
Punch cards are stored in card files.

Retention and disposal: Records are retained as historical statistical records.

System manager(s) and address: Chief, Behavioral Science Division,
Regional Flight Surgeons in region where individual is employed. See addresses in the FAA National Field Directory, 1000.23F.

Notification procedure: Individuals wishing to know if their records appear in this system of records may inquire in person or in writing to the System Manager.

Record access procedures: Individuals who desire access to the information about themselves in this system of records should contact or address their inquiries to the System Manager.

Contesting record procedures: Individuals who desire to contest information about themselves contained in this system of records should contact or address their inquiries to the Administrator or his delegate at the following address:
Department of Transportation,
Federal Aviation Administration,
Office of the Administrator,
800 Independence Avenue, SW,
Washington, DC 20591.

Record source categories: All the data in this system is collected from the individual applicants and controllers.
Office of Aviation Medicine.

DOT/FAA 820.

System name: Pending legislation (Employee's) - Private Relief and Public/Private Laws (Employee's) Private Reliefs. DOT/FAA.

System location: This system of records is located in the Office of Chief Counsel, Federal Aviation Administration, 800 Independence Avenue, S. W., Washington, D. C. 20591.

Categories of individuals covered by the system: FAA employees for whom Private relief legislation has been introduced in Congress.

Categories of records in the system: Travel information, litigation reports, collection vouchers, and real estate contracts.

Authority for maintenance of the system: The Federal Aviation Act of 1958, as amended, and the Department of Transportation Act, as amended.

Routine uses of records maintained in the system, including categories of users and the purposes of such uses: This system is for reference in order to formulate FAA's position on proposed private relief legislation for FAA employees. All information is released to the Office of Management and Budget. See prefatory statement of general routine uses.

Policies and practices for storing, retrieving, accessing, retaining, and disposing of records in the system:

Storage: Information is stored in file cabinets.

Retrievability: Data indexed and retrieved by name of employee and employee number.

Safeguards: No special safeguards required.

Retention and disposal: Records are transferred to Federal Records Center or destroyed when no longer needed.

System manager(s) and address: Legislative Assistant, Legislative Staff, Office of Chief Counsel, FAA, 800 Independence Avenue, S. W., Washington, D. C. 20591.

Notification procedure: Individuals wishing to know if their records appear in this system of records may inquire in person or in writing to the System Manager.

Record access procedures: Individuals who desire access to the information about themselves in this system of records should contact or address their inquiries to the System Manager.

Contesting record procedures: Individuals who desire to contest information about themselves contained in this system of records should contact or address their inquiries to the Administrator or his delegatee, 800 Independence Ave., S. W., Washington, D. C. 20591

Record source categories: Data obtained from Members of Congress and FAA records.

DOT/FAA 821.

System name: Litigation Information Management Systems. DOT/FAA.

System location: This system of records is maintained within the Office of the Chief Counsel, FAA, 800 Independence Avenue, S. W., Washington, D. C. 20591.

Categories of individuals covered by the system: This file contains information on Litigants, Claimants, Witnesses, Decendents, Plaintiff's Attorney, FAA Attorney and Department of Justice Attorney.

Categories of records in the system: Litigation and claim pleadings, discovery material, related documents (including background data on individual, or decedent involved) memoranda, correspondence, and other material necessary to respond to claims or prepare for litigation or hearings. Types of claims or litigation: aircraft accidents, auto accidents, personnel and general litigation.

Authority for maintenance of the system: The Federal Aviation Act of 1958, as amended and the Department of Transportation Act, as amended.

Routine uses of records maintained in the system, including categories of users and the purposes of such uses: The documents are produced or used in and for litigation and claims. These documents are disclosed to the Department of Justice. See prefatory statement of general routine uses.

Policies and practices for storing, retrieving, accessing, retaining, and disposing of records in the system:

Storage: Data is stored in lockable and unlockable file cabinets, individuals attorneys' offices, binders, index files and in computers.

Retrievability: Access is by name, location of accident, and/or docket number.

Safeguards: Data from these files are retrievable only by persons within the Office of the Chief Counsel or Regional Counsels.

Retention and disposal: Litigation files are kept for two years after case is closed, then sent to the Federal Records Center. All other records in this system are retained indefinitely.

System manager(s) and address: Chief,
Litigation Division,
Office of Chief Counsel,
Federal Aviation Administration,
800 Independence Ave., S.W.,
Washington, D.C. 20591.

Notification procedure: Individuals wishing to know if their records appear in this system of records may inquire in person or in writing to the System Manager.

Record access procedures: Individuals who desire access to the information about themselves in this system of records should contact or address their inquiries to the System Manager.

Contesting record procedures: Individuals who desire to contest information about themselves contained in this system of records should contact or address their inquiries to the Administrator or his delegatee, 800 Independence Ave., S. W., Washington, D. C. 20591.

Record source categories: Employees of the Office of Chief Counsel, Federal courts, individuals and their attorney, FAA records, litigation files, etc.

DOT/FAA 822.

System name: Aviation Medical Examiner System. DOT/FAA.

System location: Department of Transportation (DOT),
Federal Aviation Administration (FAA),
Aeromedical Education Branch,
Civil Aeromedical Institute,
Aeronautical Center,
Oklahoma City, OK 73125.
Regional Flight Surgeons in all regional headquarters. See addresses in the FAA National Field Directory, 1000.23F.

Categories of individuals covered by the system: Private physicians appointed as Aviation Medical Examiners and selected military units through agreement with the Surgeon Generals.

Categories of records in the system: The system includes records necessary to the operation of the system to establish qualifications of physicians, identification as to location within the system, actual performance in support of the system and records pertaining to training received from the system.

Routine uses of records maintained in the system, including categories of users and the purposes of such uses: By the Aeromedical Education Branch, AME Section, to determine training needs.
By Regional Flight Surgeons to evaluate the physicians performance in the AME System and determine reappointments.
By the Office of Aviation Medicine in Washington, DC, in policy determination.
By General Aviation District Offices in locating and obtaining support of qualified AMEs.
By private organizations needing to contact and utilize the physician's services in his capacity of an AME.
See Prefatory Statement of General Routine Uses.

Policies and practices for storing, retrieving, accessing, retaining, and disposing of records in the system:

Storage: Card file, file folders, magnetic tapes, and hard copy.

Retrievability: Information stored by Region, State, Name and Control Number.

Safeguards: File rooms with restricted access, 3 combination safe with access by authorized personnel.

Retention and disposal: Permanent record files, permanent record hard copy files, magnetic tapes - storage with updating continuously.

System manager(s) and address: Records from Master files:
Chief, Aeromedical Education Branch,
Department of Transportation,
Federal Aviation Administration,
Aeronautical Center,
oklahoma City, OK 73125.
Regional files from Regional Flight Surgeon within Region wherein the AME is appointed. See the FAA National Field Directory for regional addresses.

Notification procedure: Individuals wishing to know if their records appear in this system of records may inquire in person or in writing to the System Manager.

Record access procedures: Individuals who desire access to the information about themselves in this system of records should contact or address their inquiries to the System Manager.

Contesting record procedures: Individuals who desire to contest information about themselves contained in this system of records should contact or address their inquiries to the Administrator or his delegate at the following address:
Department of Transportation,
Federal Aviation Administration,

V 42 I 181 SEP 19 77 UMI

Office of the Administrator,
800 Independence Avenue, SW,
Washington, DC 20591.

Record source categories: Information is obtained from the Aviation Medical Examiners themselves.

DOT/FAA 823.

System name: Working Level Personnel Folder System. DOT/FAA.

System location: This system of records is found at all (FAA) Federal Aviation Administration field offices physically separated from the personnel Office which maintains the employee's Official Personnel Folder. See the FAA National Field Directory for field office locations.

Categories of individuals covered by the system: This system contains information regarding FAA employees.

Categories of records in the system: This system contains only information regarding the employee's, experience, education, training, special qualifications and skills, position description, performance appraisals and conduct.

Routine uses of records maintained in the system, including categories of users and the purposes of such uses: To assist local supervisors in managing their personnel more effectively.

To assist in the development and implementation of a viable employee productivity improvement program.
See Prefatory Statement of General Routine Uses.

Policies and practices for storing, retrieving, accessing, retaining, and disposing of records in the system:

Storage: These files are stored in file cabinets.

Retrievability: These files are retrieved by name.

Safeguards: Access and use of these files are limited to those whose official duties require such access.

Retention and disposal: These files are destroyed three months after transfer or termination of service.

System manager(s) and address: FAA Field Office Supervisors. See the FAA National Field Directory, 1000.23F for field office locations.

Notification procedure: Individuals wishing to know if their records appear in this system of records may inquire in person or in writing to the System Manager.

Record access procedures: Individuals who desire access to the information about themselves in this system of records should contact or address their inquiries to the System Manager.

Contesting record procedures: Individuals who desire to contest information about themselves contained in this system of records should contact or address their inquiries to the Administrator or his delegate at the following address:

Department of Transportation,
Federal Aviation Administration,
Office of the Administrator,
800 Independence Avenue, SW,
Washington, DC 20591.

Record source categories: Information in this system of records either comes from the individual to whom it applies or is derived from information he supplied.

DOT/FAA 824.

System name: Medical Exemptions - Public Dockets. DOT/FAA.

System location: Department of Transportation,

Federal Aviation Administration,
Office of the Chief Counsel,
800 Independence Avenue, SW,
Washington, DC 20591.

Categories of individuals covered by the system: Persons petitioning for a medical exemption under Federal Aviation Regulations.

Categories of records in the system: Petitions for exemption, supporting and supplementary documentation submitted by petitioners, correspondence, and the grant or denial of the exemption.

Routine uses of records maintained in the system, including categories of users and the purposes of such uses: Compliance with statutory and regulatory provisions for public accessibility to rulemaking actions.

Disclosure to general public and other agencies.
See Prefatory Statement of General Routine Uses.

Policies and practices for storing, retrieving, accessing, retaining, and disposing of records in the system:

Storage: Original and copies of records in file folders.

Retrievability: Retrieved by exemption number, docket number, or alphabetical listing of petitioner names.

Safeguards: Access through request to Docket Specialist.

Retention and disposal: Dockets are retained indefinitely, destruction not authorized.

System manager(s) and address: Docket and Regulations Specialist,

Department of Transportation,
Federal Aviation Administration,
Office of the Chief Counsel,
800 Independence Avenue, SW,
Washington, DC 20591.

Notification procedure: Individuals wishing to know if their records appear in this system of records may inquire in person or in writing to the System Manager.

Record access procedures: Individuals who desire access to the information about themselves in this system of records should contact or address their inquiries to the System Manager.

Contesting record procedures: Individuals who desire to contest information about themselves contained in this system of records should contact or address their inquiries to the Administrator or his delegate at the following address:

Department of Transportation,
Federal Aviation Administration,
Office of the Administrator,
800 Independence Avenue, SW,
Washington, DC 20591.

Record source categories: Office of Aviation Medicine, FAA, 800 Independence Avenue, SW,
Washington, DC 20591.

DOT/FAA 825.

System name: Petitions for Rulemaking - Public Dockets. DOT/FAA.

System location: Department of Transportation(DOT),

Federal Aviation Administration(FAA),
Office of the Chief Counsel,
800 Independence Avenue, SW,
Washington, DC 20591.

Categories of individuals covered by the system: Persons petitioning for a change in the Federal Aviation Regulations.

Categories of records in the system: Petitions for rulemaking, correspondence, documents showing disposition of the petition and public comments on any resulting NPRM.

Routine uses of records maintained in the system, including categories of users and the purposes of such uses: Compliance with statutory and regulatory provisions for public accessibility to rulemaking actions.

Disclosure to general public and other government agencies.
See Prefatory Statement of General Routine Uses.

Policies and practices for storing, retrieving, accessing, retaining, and disposing of records in the system:

Storage: Original and copies of records are stored in unlocked file cabinets.

Retrievability: Retrieved by exemption number, docket number, or alphabetical listing of petitioner names.

Safeguards: Access through request to Dockets Specialist.

Retention and disposal: Transferred to Federal Records Center when inactive; destruction not authorized.

System manager(s) and address: Docket and Regulations Specialist,

Department of Transportation,
Federal Aviation Administration,
Office of the Chief COunsel,
800 Independence Avenue, SW,
Washington, DC 20591.

Washington, DC 20591.

Record source categories: Federal courts, individuals and their attorneys, FAA records, litigation files, etc.

DOT/FAA 828.

System name: Physiological Training System. DOT/FAA.

System location: Department of Transportation(DOT),

Federal Aviation Administration(FAA),
Aeronautical Center,
Civil Aeromedical Institute,
Aeromedical Education Branch,
Oklahoma City, OK 73125.

Categories of individuals covered by the system: The training is primarily of benefit to pilots. It is also recommended for other air crew personnel, Air Traffic Controllers, Aviation Medical Examiners, and other personnel from the national aviation system.

Categories of records in the system: The system includes records necessary to establish qualifications of eligibility to receive physiological training, maintain accountability of funds required for training and transfer of funds to involved agencies, and to provide proper evidence of training.

Routine uses of records maintained in the system, including categories of users and the purposes of such uses: By the Aeromedical Education Branch, Physiological Training Section, to determine training qualifications.

By the Accounting Division, General Accounting Branch, for receipt and transfer of training funds.
By the Aeromedical Education Branch, Physiological Training Section, to provide proper evidence of training.

Policies and practices for storing, retrieving, accessing, retaining, and disposing of records in the system:

Storage: Card file, and file folders.

Retrievability: Information files by name and location of training.

Safeguards: Files access restricted to Aeromedical Education Branch personnel.

Retention and disposal: Files are retained for 3 years after completion of training and then disposed.

V 42 181 SEP 1977 UMI

System manager(s) and address: Chief, Aeromedical Education Branch.

Department of Transportation,
Federal Aviation Administration,
Aeronautical Center,
Oklahoma City, OK 73125.

Notification procedure: Individuals wishing to know if their records appear in this system of records may inquire in person or in writing to the System Manager.

Record access procedures: Individuals who desire access to the information about themselves in this system of records should contact or address their inquiries to the System Manager.

Contesting record procedures: Individuals who desire to contest information about themselves contained in this system of records should contact or address their inquiries to the Administrator or his delegate at the following address:

Department of Transportation,

Office of the Administrator,
800 Independence Avenue, SW,
Washington, DC 20591.

Record source categories: Information is obtained from the individuals themselves.

DOT/FAA 829.

System name: Working Level Files for Employees assigned overseas (Permanently and TDY) and Employees Transferred to an International Organization. DOT/FAA.

System location: Department of Transportation(DOT),

Federal Aviation Administration (FAA),
Office of International Aviation Affairs(OIAA),
800 Independence Avenue, SW,
Washington, DC 20591.

Categories of individuals covered by the system: All employees that go on overseas assignments, for OIAA, ICAO, and employees on temporary foreign travel for FAA.

Categories of records in the system: This system of records contains: name; date and place of birth; names and dates of birth of dependents; position title; grade and salary; marital status, education; knowledge of foreign language(s); home address and phone number; country and medical clearances (DSL-820 and DS-823), medical waivers, listing of all employees cleared or issued medical wavers by Department of State; professed religion; check, savings, allotment, and savings bonds mailing information; information concerning shipment of household and personal effects, storage, automobile and allowances; training records (Foreign Service Institute and Agency for International Development); tort claims; travel vouchers; SF-50 (for employees transferred to an International Organization).

Routine uses of records maintained in the system, including categories of users and the purposes of such uses: Used to obtain country clearances for overseas assignments.

To provide AID and DOS with required information relating to medical and emergency evacuation, emergency travel, etc,
To compile reports and provide listings to the Department of State. (verbal and written)
To obtain approval for foreign travel, passport and visa services.
To enroll employees in training.
To prepare travel orders and vouchers.
To determine allowable allowances and other benefits.
To provide information to embassies in countries of assignment.
To obtain medical and security clearances.
To intercede for employees concerning salary, personnel actions, allowances, leave and benefits.
To verify medical claims.
See Prefatory Statement of General Routine Uses.

Policies and practices for storing, retrieving, accessing, retaining, and disposing of records in the system:

Storage: These files are stored in locked cabinets.

Retrievability: Retrieved by name.

Safeguards: Access and use are limited to those who's official duties require such access.

Retention and disposal: Are destroyed three years after terminations of employees service.

System manager(s) and address: Executive Officer, Office of International Aviation Affairs,

Department of Transportation,
Federal Aviation Administration,
800 Independence Avenue, SW,
Washington, DC 20591.

Notification procedure: Individuals wishing to know if their records appear in this system of records may inquire in person or in writing to the System Manager.

Record access procedures: Individuals who desire access to the information about themselves in this system of records should contact or address their inquiries to the System Manager.

Contesting record procedures: Individuals who desire to contest information about themselves contained in this system of records should contact or address their inquiries to the Administrator or his delegate at the following address:

Deparment of Transportation,
Federal Aviation Administration,
Office of the Administrator,
800 Independence Avenue, SW,
Washington, DC 20591.

Record source categories: Information in this system of records either comes from the individual to whom it applies or is derived from information he supplied.

DOT/FAA 830.

System name: Representatives of the Administrator. DOT/FAA.

System location: Master lists of certain categories of representatives are maintained at the:

Department of Transportation,
Federal Aviation Administration,
800 Independence Avenue, SW,
Washington, DC 20591.
and the:
Aeronautical Center,
Oklahoma City, OK 73125. The remainder of the system is located and maintained as a decentralized system with all designations being maintained at General Aviation District Offices, Air Carrier District Offices, Flight Standards District Offices, Engineering and Manufacturing District Offices, Air Traffic and Aviation Medicine Headquarters, regional or field offices that designate Air Traffic Control Tower Operator Examiners, Aviation Medical examiners, Forensic Pathologists, and the International field offices where delegations were made with lists of certain categories of representatives maintained by individual FAA Regional Offices to whom the designating field offices report.
See the National Field Directory (FAA), 1000.23F) for locations.

Categories of individuals covered by the system: Aviation medical examiners, pilot examiners, technical personnel examiners, designated aircraft maintenance inspectors, designated engineering representatives, and designated manufacturing inspection representatives.

Categories of records in the system: Records on qualification, certification, and appointment authorization.

Routine uses of records maintained in the system, including categories of users and the purposes of such uses: To provide a data base for management use of the numbers and qualifications of individuals designated as representatives.

To facilitate written and oral communication between the FAA and its representatives.
To provide the public with the names and addresses of certain categories of representatives who may provide service to them.

Policies and practices for storing, retrieving, accessing, retaining, and disposing of records in the system:

Storage: Records are maintained in file folders.

Retrievability: Records are filed by designee name and retrieved by same.

Safeguards: Records are stored in lockable file cabinets.

Retention and disposal: Records are retained during the life of the designated, then destroyed 2 years after expiration of the designation.

System manager(s) and address: Chief of the office where the designation was made.

Notification procedure: Individuals wishing to know if their records appear in this system of records may inquire in person or in writing to the System Manager.

Record access procedures: Individuals who desire access to the information about themselves in this system of records should contact or address their inquiries to the System Manager.

Contesting record procedures: Individuals who desire to contest information about themselves contained in this system of records should contact or address their inquiries to the Administrator or his delegate at the following address:

Department of Transportation,
Federal Aviation Administration,
Office of the Administrator,
800 Independence Avenue, SW,
Washington, DC 20591.

Record source categories: Information in this system of records either comes from the individual to whom it applies or is derived from information he supplied.

DOT/FAA 831.

System name: Standard Procedure Uniform Reporting System (SPUR). DOT/FAA.

System location: This system is located at all General Aviation District Offices (GADO), Air Carrier District Offices (ACDO), Flight Standards District Offices (FSDO) in all regions. (See the FAA National Field Directory, 1000.23F for locations).

Categories of individuals covered by the system: Pilots, mechanics, parachute rigger examiners, flight instructors, authorized inspectors, air taxi operators, and avionics examiners.

Categories of records in the system: Accident reports, supplement reports, remedial checks, violations, records of inspections, surveillance and certification.

Routine uses of records maintained in the system, including categories of users and the purposes of such uses: Aids supervisors in developing work plans and work measurements to accomplish agency mission.

Release to state aviation authorities for seminars and workshops.
See Prefatory Statement of General Routine Uses.

Policies and practices for storing, retrieving, accessing, retaining, and disposing of records in the system:

Storage: Posted on big board in office and in file cabinets in office.

Retrievability: Data is retrieved by name of individual to be examined.

Safeguards: Data is available to members of FAA staffs on a need-to-know basis.

Retention and disposal: When the individual is no longer affiliated with the agency, or no further action is required.

System manager(s) and address: Chief of the GADO, ACDO, FSDO in region where individual is operating or assigned. (See the FAA National Field Directory, 1000.23F for addresses).

Notification procedure: Individuals wishing to know if their records appear in this system of records may inquire in person or in writing to the System Manager.

Record access procedures: Individuals who desire access to the information about themselves in this system of records should contact or address their inquiries to the System Manager.

Contesting record procedures: Individuals who desire to contest information about themselves contained in this system of records should contact or address their inquiries to the Administrator or his delegate at the following address:

Department of Transportation,
Federal Aviation Administration,
Office of the Administrator,
800 Independence Avenue, SW,
Washington, DC 20591.

Record source categories: By the applicant, inspector surveillance, or by being reported by an FAA official.

DOT/FAA 832.

System name: Pilot, Crewmember and Aircraft Rental Flight Record System. DOT/FAA.

System location: department of Transportation,

Federal Aviation Administration,
Aircraft Programs Division,
Headquarters Aircraft Management Branch,
800 Independence Avenue, SW,
Washington, DC 20591.
and at the:
Oklahoma City, OK 73125.
National Aviation Facilities Experimental Center (NAFSE),
Atlantic City, nj 08405.
and at:
All regional offices. (See the FAA National Field Directory, 1000.23F for locations).

Categories of individuals covered by the system: All FAA pilots, flight engineers assigned to FAA Flight Programs.

Categories of records in the system: Flight check records, list showing flight time, certifications and flight logs.

Authority for maintenance of the system: The Federal Aviation Act (1958) and the Department of Transportation Act (1966).

Routine uses of records maintained in the system, including categories of users and the purposes of such uses: These records are used by flight program management personnel to determine qualifications of crewmembers to:

Fly agency aircraft.
Utilize rental aircraft.
See prefatory statement of general routine uses.

Policies and practices for storing, retrieving, accessing, retaining, and disposing of records in the system:

Storage: Records are stored on magnetic tape, cardex files, and in file folders.

Retrievability: Records are retrieved by employee name and crewmember number.

Safeguards: Records are stored in a restricted, controlled-access, area and are used only by agency personnel with need-to-know.

Retention and disposal: Cardex and folder files are destroyed when employee is no longer designated to participate in agency flight programs. Magnetic tape is updated periodically.

System manager(s) and address: Chief, Operations Staff, AAC-8, Aeronautical Center, Oklahoma City, Oklahoma 73125, Chief, Aircraft Programs Division, Flight Standards Service, FAA, Washington, D.C. 20591, or Aircraft Management Branch in region where employed.

Notification procedure: Individuals wishing to know if their records appear in this system of records may inquire in person or in writing to the System Manager.

Record access procedures: Individuals who desire access to the information about themselves in this system of records should contact or address their inquiries to the System Manager.

Contesting record procedures: Individuals who desire to contest information about themselves contained in this system of records should contact or address their inquiries to the Administrator or his delegate at the following address:

Department of Transportation,
Federal Aviation Administration,
Office of the Administrator,
800 Independence Avenue, SW,
Washington, DC 20591.

Record source categories: Flight check records submitted by the individual to whom the record pertains; reports submitted by the pilot in command of each flight.

DOT/FAA 833.

System name: Housing Management Monthly Report, RIS: AL-4930-3. DOT/FAA.

System location: Department of Transportation(DOT),

Federal Aviation Administration(FAA),
Alaskan Regional Office,
632 W. Sixth Ave.,
Anchorage, AK 99501.

Categories of individuals covered by the system: Names of employees occupying FAA owned or leased housing.

Names of employees and agencies who lease FAA housing.

Categories of records in the system: Housing records, leases, maintenance bills, damage reports.

Routine uses of records maintained in the system, including categories of users and the purposes of such uses: Maintain percentage of occupancy.

Maintain up-to-date record of maintenance cost.

V 42 I 181 SEP 1977 UMI

Maintain up-to-date list of persons occupying FAA units.
Provide above information to Sector Managers.
Provide above information to local sector.
See Prefatory Statement of General Routine Uses.

Policies and practices for storing, retrieving, accessing, retaining, and disposing of records in the system:

Storage: Filing cabinet, Housing Management, AAL-52D.

Retrievability: Station location.

Unit numbers.
Name of employee.
Number of dependents.
Pay Period rental rate

Safeguards: Retrieved only by agency personnel on a need-to-know basis

Retention and disposal: Monthly records are destroyed upon receipt of next month's ADP run.

End of year reports are retained.

System manager(s) and address: Housing Management Officer,

632 W. Sixth Ave.,
Anchorage, AK 99501.

Notification procedure: Individuals wishing to know if their records appear in this system of records may inquire in person or in writing to the System Manager.

Record access procedures: Individuals who desire access to the information about themselves in this system of records should contact or address their inquiries to the System Manager.

Contesting record procedures: Individuals who desire to contest information about themselves contained in this system of records should contact or address their inquiries to the Administrator or his delegate at the following address:

Department of Transportation,
Federal Aviation Administration,
Office of the Administrator,
800 Independence Avenue, SW,
Washington, DC 20591.

Record source categories: Employees.

Employees of other agencies that lease housing from FAA.

DOT/FAA 834.

System name: Commissary Billing. DOT/FAA.

System location: Department of Transportation(DOT),

Federal Aviation Administration(FAA),
Alaskan Regional Office,
632 W. Sixth Avenue,
Anchorage, AK 99501.

Categories of individuals covered by the system: FAA Employees.

Categories of records in the system: Commissary Billing Invoices.

Routine uses of records maintained in the system, including categories of users and the purposes of such uses: Bill FAA employees for goods received from the FAA Commissary.

Commissary sales analysis.
See Prefatory Statement of General Routine Uses.

Policies and practices for storing, retrieving, accessing, retaining, and disposing of records in the system:

Storage: File Folders.

Data Processing Cards.

Retrievability: Organization, Voucher Number, Name.

Safeguards: Restricted computer room access.

Only need-to-know rule.

Retention and disposal: Data Processing Cards held for 30 days after last use, then placed in trash.

File folders held 2 years, then destroyed at dump.

System manager(s) and address: Chief, Accounting Division, AAL-20,

632 Sixth Avenue, Anchorage, AK 99501.

Notification procedure: Individuals wishing to know if their records appear in this system of records may inquire in person or in writing to the System Manager.

Record access procedures: Individuals who desire access to the information about themselves in this system of records should contact or address their inquiries to the System Manager.

Contesting record procedures: Individuals who desire to contest information about themselves contained in this system of records should contact or address their inquiries to the Administrator or his delegate at the following address:

Department of Transportation,
Federal Aviation Administration,
Office of the Administrator,
800 Independence Avenue, SW,
Washington, DC 20591.

Record source categories: Individuals requesting goods from the FAA Commissary.

DOT/FAA 835.

System name: Work Scheduling and Management System. DOT/FAA.

System location: Department of Transportation (DOT),

Federal Aviation Administration (FAA),
Office of the Administrator,
800 Independence Avenue, SW,
Washington, DC 20591.
This system of records is located at all levels of supervision and management within the Federal Aviation Administration.
FAA Headquarters is located at:
800 Independence Avenue, SW,
Washington, DC 20591.
See the FAA National Field Directory, 1000.23F, for field addresses.

Categories of individuals covered by the system: Agency employees.

Categories of records in the system: This system contains records required by supervisors and managers to assign and record the assignment of projects, shifts, and other duties to agency employees such as:

Duty rosters.
List of employees by watch, shift, unit, or other work group.
Work and training schedules.
In addition, it may contain information about certificated schools, airman repair stations, and other similar aviation related people and activities needed to help supervisors assign work related to these organizations and people.

Routine uses of records maintained in the system, including categories of users and the purposes of such uses: This system of records is used to:

Assign tasks and projects to individual employees or groups of employees.
Assign workers to shift and hours of duty.
Assign individuals to training, leave, and other administrative activities.
Record work assigned and performed by individual employees or groups of employees.
Record available workforce and their status and distribution.
See Prefatory Statement of General Routine Uses.

Policies and practices for storing, retrieving, accessing, retaining, and disposing of records in the system:

Storage: Records are maintained on display boards, black boards, loose leaf notebooks, file folders, and similar informal storage devices.

Retrievability: Records are retrievable by name, organization, project title, or other similar work-related identifier.

Safeguards: Files are controlled by the supervisor.

Retention and disposal: These records are continuously changed and purged as work assignments change and people are reassigned.

System manager(s) and address: Supervisors of field offices, regions and centers, and Washington organizations down to the branch level and below. See location information in 'System Location' paragraph above.

Notification procedure: Individuals wishing to know if their records appear in this system of records may inquire in person or in writing to the System Manager.

Record access procedures: Individuals who desire access to the information about themselves in this system of records should contact or address their inquiries to the System Manager.

Contesting record procedures: Individuals who desire to contest information about themselves contained in this system of records should contact or address their inquiries to the Administrator or his delegate at the following address:

Department of Transportation,
Federal Aviation Administration,
Office of the Administrator,
800 Independence Avenue, SW,
Washington, DC 20591.

Record source categories: Information is obtained from personnel records and from the individual employee.

DOT/FAA 836.

System name: Citizens Advisory Committee on Aviation. DOT/FAA.

System location: Department of Transportation(DOT),

Federal Aviation Administration (FAA),
Office of Public Affairs,
800 Independence Avenue, SW,
Washington, DC 20591.

Categories of individuals covered by the system: Present members of the Citizens Advisory Committee on Aviation; past members of the Woman's Advisory Committee on Aviation, predecessor of the Citizens Advisory Committee; and individuals interested in being considered for appointment.

Categories of records in the system: Biographies and photographs of members and travel records (includes travel orders, travel vouchers, and claims for reimbursement).

Routine uses of records maintained in the system, including categories of users and the purposes of such uses: Biographies used in connection with appointing members to the committee. Maintaining travel expenses. Also, information in the system may be disclosed to members of the public and the news media. See Prefatory Statement of General Routine Uses.

Policies and practices for storing, retrieving, accessing, retaining, and disposing of records in the system:

Storage: Records are stored in file cabinets.

Retrievability: Records indexed alphabetically by name.

Safeguards: Access through request to System Manager.

Retention and disposal: Retained for five years then sent to storage after inventory of files.

System manager(s) and address: Assistant Administrator for Public Affairs,

Department of Transportation,
Federal Aviation Administration,
Office of Public Affairs,
800 Independence Avenue, SW, Room 912,
Washington, DC 20591.

Notification procedure: Individuals wishing to know if their records appear in this system of records may inquire in person or in writing to the System Manager.

Record access procedures: Individuals who desire access to the information about themselves in this system of records should contact or address their inquiries to the System Manager.

Contesting record procedures: Individuals who desire to contest information about themselves contained in this system of records should contact or address their inquiries to the Administrator or his delegate at the following address:

Department of Transportation,
Federal Aviation Administration,
Office of the Administrator,
800 Independence Avenue, SW,
Washington, DC 20591.

Record source categories: Members of Citizens Advisory Committee on Aviation and former members of the Woman's Advisory Committee on Aviation.

DOT/FAA 837.

System name: Photographs and Biographical Information. DOT/FAA.

System location: Department of Transportation(DOT),

Federal Aviation Administration(FAA),
Office of Public Affairs,
800 Independence Avenue, SW,
Washington, DC 20591.
and
Public Affairs Offices at the following FAA Regions and Centers:
Aeronautical Center,
P.O. Box 25082,
Oklahoma City OK 73125.
Alaskan Region,
632 Sixth Avenue,
Anchorage, AK 99501.
Central Region,
601 East 12th Street,
Kansas City, MO 64106.
Eastern Region,
Federal Bldg., JFK International Airport,
Jamaica, NY 11430.
Great Lakes Region,
2300 E. Devon Avenue,
Des Plaines, IL 60018.
National Aviation Facilities Experimental Center,
Atlantic City, NJ 08405.
New England Region,
12 New England Executive Park,
Burlington, MA 01803.
Northwest Region,
FAA Building, Boeing Field,
Seattle, WA 98108.
Pacific-Asia Region,
P.O. Box 4009,
Honolulu, HA 96813.
Rocky Mountain Region,
Park Hill Station, P.O. Box 7213,
Denver, CO 80207.
Southern Region,
P.O. Box 20636,
Atlanta, GA 30320.
Southwest Region,
P.O. Box 1689,
Fort Worth, TX 76101.
Western Region,
P.O. Box 92007,
World Way Postal Center,
Los Angeles, CA 90009.

Categories of individuals covered by the system: FAA employees and other individuals who may appear with them in candid photographs.

Routine uses of records maintained in the system, including categories of users and the purposes of such uses: The system is maintained to provide information to the public--particularly the news media--and for use in employee publications. See Prefatory Statement of General Routine Uses.

Policies and practices for storing, retrieving, accessing, retaining, and disposing of records in the system:

Storage: Records are stored in file cabinets.

Retrievability: Records indexed alphabetically by name or subject.

Safeguards: Access through request to the System Manager.

Retention and disposal: Materials retained as long as individual or event is newsworthy, following which they are destroyed. In certain cases, material is retained for historical purposes.

System manager(s) and address: Assistant Administrator for Public Affairs,

Department of Transportation,
Federal Aviation Administration,
800 Independence Avenue, SW,
Washington, DC 20591.
Public Affairs Officers at the addresses shown in 'System Location' above.

Notification procedure: Individuals wishing to know if their records appear in this system of records may inquire in person or in writing to the applicable System Manager.

Record access procedures: Individuals who desire access to the information about themselves in this system of records should contact or address their inquiries to the applicable System Manager

Contesting record procedures: Individuals who desire to contest information about themselves contained in this system of records should contact or address their inquiries to the Administrator or his delegate at the following address:

Department of Transportation,
Federal Aviation Administration,
Office of the Administrator,
800 Independence Avenue, SW, Washington, DC 20591.

V 42 I 181 SEP 19 77 UMI

Record source categories: FAA employees and other individuals who may appear with them in candid photographs.

DOT/FAA 838.

System name: Congressional/Employment Inquiry Files. DOT/FAA.

System location: Office of Personnel and Training, Personnel Staffing and Benefits Branch, Personnel Programs Division, and Employment Branch, Personnel Management Operations Division, Washington, D. C. 20591.

Categories of individuals covered by the system: Current and former FAA employees and applicants for FAA employment.

Categories of records in the system: Correspondence submitted by, or on behalf of an individual including applications, resumes, reference letters and inquiries on the status of circumstances surrounding the application, employment situation or separation from FAA employment.

Responses to such correspondence.
Staff recommendations and supporting information.

Authority for maintenance of the system: The Federal Aviation Act of 1958, as amended and the Department of Transportation Act, as amended.

Routine uses of records maintained in the system, including categories of users and the purposes of such uses: Used by FAA officials to provide information to a Congressional office from the record of the individual in response to an inquiry from a Congressional office made at the request of that individual.

Used by FAA officials for referral to the appropriate FAA action office for preparation of recommendations and responses to inquiries. See prefatory statement of general routine uses.

Policies and practices for storing, retrieving, accessing, retaining, and disposing of records in the system:

Storage: The records are maintained in file folders.

Retrievability: The records are indexed by individuals' name.

Safeguards: The records are located in lockable metal file cabinets with access limited to those whose official duties require access.

Retention and disposal: The records are retained for two years from the date of the most recent inquiry. They are then disposed of by shredding.

System manager(s) and address: Chiefs,

Employment Branch,
APT-150 and Personnel Staffing and Benefits Branch,
APT-220,
Federal Aviation Administration,
800 Independence Avenue, S.W.,
Washington, D.C. 20591.

Notification procedure: Individuals wishing to know if their records appear in this system of records may inquire in person or in writing to the System Manager.

Record access procedures: Individuals who desire access to the information about themselves in this system of records should contact or address their inquiries to the System Manager.

Contesting record procedures: Individuals who desire to contest information about themselves contained in this system of records should contact or address their inquiries to the Administrator or his delegatee, 800 Independence Ave., S. W., Washington, D. C. 20591.

Record source categories: Information in this system of records either comes from the individual to whom it applies or is derived from information the individual supplied or was supplied on behalf of him/her. Other information may be supplied by FAA Officials.

DOT/FAA 839.

System name: Printing Branch Distribution System. DOT/FAA.

System location: Department of Transportation(DOT),

Federal Aviation Administration(FAA),
Office of Management Systems,
800 Independence Avenue, SW,
Washington, DC 20591.

Categories of individuals covered by the system: Individuals or governmental agencies interested in receiving Federal Aviation Documents.

Categories of records in the system: Names and addresses of those individuals and/or governmental organizations wishing to be placed on the mailing lists for FAR's, AC's, NPRM's, the AIM, and various miscellaneous publications.

Routine uses of records maintained in the system, including categories of users and the purposes of such uses: To serve as a comprehensive mailing list of individuals and/or governmental agencies for dissemination of all and/or specific parts of FAR's, AC's, NPRM's, the AIM, and various miscellaneous publications.

Subject system of records correlates or matches specific consumer information requirements to subject category information contained in the FAR's, AC's, NPRM's, the AIM, and miscellaneous publications, thereby reducing printing costs and, at the same time, satisfying the particular needs and interests of the recipients of desired information
See Prefatory Statement of General Routine Uses

Policies and practices for storing, retrieving, accessing, retaining, and disposing of records in the system:

Storage: Records are stored on magnetic tape.

Retrievability: Records are retrieved by record identification numbers (state code, city code, first 5 characters of last name of customer, and first initial of customer).

Safeguards: Magnetic Tape: Data may only be retrieved by computer operators as authorized by the System Manager or delegate

Requests for disclosure of and access to records are screened carefully and must satisfy the 'need-to-know' policy.
The file room is open to agency personnel only.

Retention and disposal: Magnetic tapes are updated annually as a result of canvassing, and retention and disposal of records are governed by consumer requests, in writing.

System manager(s) and address: Chief, Systems Support Division, AMS-100,

Department of Transportation,
Federal Aviation Administration,
Office of Management Systems,
800 Independence Avenue, SW,
Washington, DC 20591.

Notification procedure: Individuals wishing to know if their records appear in this system of records may inquire in person or in writing to the System Manager.

Record access procedures: Individuals who desire access to the information about themselves in this system of records should contact or address their inquiries to the System Manager.

Contesting record procedures: Individuals who desire to contest information about themselves contained in this system of records should contact or address their inquiries to the Administrator or his delegate at the following address:

Department of Transportation,
Federal Aviation Administration,
Office of the Administrator,
800 Independence Avenue, SW,
Washington, DC 20591.

Record source categories: Information is obtained from:

Aviation Medical Examiners.
General aviation public.
Consumers and consumer organizations.
Other government agencies.
Libraries.
Army, Navy, Air Force, etc.

DOT/FAA 840.

System name: Federal Aviation Administration (FAA) Maintenance Base Personnel Training Records System. DOT/FAA.

System location: All FAA Maintenance Bases. (See FAA National Field Directory, 1000.23F, for locations.)

Categories of individuals covered by the system: FAA maintenance base personnel.

Categories of records in the system: Dates of attendance for all types of training, including: on-the-job training; formal classroom training; maintenance orientation; special situation training, 'new employee indoctrination; management training; and non-resident training.

Routine uses of records maintained in the system, including categories of users and the purposes of such uses: By agency officials, supervisors, and foremen to determine qualifications of repairmen and inspectors.

By agency officials to determine training requirements. See Prefatory Statement of Routine Uses.

Policies and practices for storing, retrieving, accessing, retaining, and disposing of records in the system:

Storage: Records are stored in file cabinets and file folders.

Retrievability: Records are indexed by employee name alphabetically, and are retrieved by name.

Safeguards: Records are stored in steel file cabinets which are locked when not in use.

Retention and disposal: Records are retained for the duration of employment as a maintenance base employee; are transferred with the employee when appropriate; and are destroyed by burning or shredding upon termination of employment.

System manager(s) and address: Supervisors of FAA maintenance bases. see FAA National Field Directory (100.23F) for addresses.

Notification procedure: Individuals wishing to know if their records appear in this system of records may inquire in person or in writing to the applicable System Manager.

Record access procedures: Individuals who desire access to the information about themselves in this system of records should contact or address their inquiries to the applicable System Manager.

Contesting record procedures: Individuals who desire to contest information about themselves contained in this system of records should contact or address their inquiries to the Administrator or his delegate at the following address:

Department of Transportation,
Federal Aviation Administration,
Office of the Administrator,
800 Independence Avenue, SW,
Washington, DC 20591.

Record source categories: Agency training records, and supervisor's training certifications.

DOT/FAA 841.

System name: NAFEC Manpower Requirements Information System (MARQUIS). DOT/FAA.

System location: Department of Transportation (DOT),

Federal Aviation Administration (FAA),
National Aviation Facilities Experimental Center (NAFEC),
Atlantic City, NJ 08405.

Categories of individuals covered by the system: All center personnel (except tenants and contractors) by specialized skills.

Categories of records in the system: Identification data, education level and history, current technical assignment (including expected completion date), skills (derived from specialized skills indexed), training and work experience background, and licenses and certificates.

Routine uses of records maintained in the system, including categories of users and the purposes of such uses: To locate employees with the skills or combination of skills needed for specified current or future program assignments.

Identify employees qualified for detail or possible reassignment to new, special, or higher priority program activities.
See Prefatory Statement of General Routine Uses.

Policies and practices for storing, retrieving, accessing, retaining, and disposing of records in the system:

Storage: Stored on magnetic tapes, selected printouts in file folders in EMS staff and personnel management staff offices.

Retrievability: Selected according to skill requirement, name, employee number, location, grade, job title and series, education level, current technical assignment skill(s) and training and work experience background.

Safeguards: Authorized by Chief, Engineering Management Staff, (NAFEC), ANA-4.

User ID number for access to data banks and printouts are stored in a secure cabinet in ANA-4.

Retention and disposal: Magnetic tape storage updated continuously, Printouts destroyed after use.

System manager(s) and address: Chief, Engineering Management Staff, ANA-4,

National Aviation Facilities Experimental Center,
Atlantic City, NJ 08405.

Notification procedure: Individuals wishing to know if their records appear in this system of records may inquire in person or in writing to the System Manager.

Record access procedures: Individuals who desire access to the information about themselves contained in this system of records should contact or address inquiries to the System Manager.

Contesting record procedures: Individuals who desire to contest information about themselves contained in this system of records should contact or address their inquiries to the Administrator or his delegate at the following address:

Department of Transportation,
Federal Aviation Administration,
Office of the Administrator,
800 Independence Avenue, SW,
Washington, DC 20591.

Record source categories: Individual center employees.

DOT/FAA 842.

System name: Federal Air Marshal Program Management System. DOT/FAA.

System location: Department of Transportation (DOT),

Federal Aviation Administration (FAA),
Civil Aviation Security Service,
Air operations Security Division,
800 Independence Avenue, SW,
Washington, DC 20591.

Categories of individuals covered by the system: This system of records contains information on past and present FAA employees who have been or are participants in the Federal Air Marshal program.

Categories of records in the system: This system consists of a variety of records necessary to manage the Federal Air Marshal program.

These records include information about the medical/physical fitness, weapons proficiency and training qualifications of each individual.
Also included in the system are documents pertaining to deputation as Deputy U.S. Marshal, equipment issued and other related papers and background information.

Routine uses of records maintained in the system, including categories of users and the purposes of such uses: Information in this system is used to:

Record qualifications of Air Marshals (weapon, physical, medical).
Maintain current record of weapon and equipment issued.
Record training completed.
Record previous experience, background information.
and schedule assignments.
See Prefatory Statement of General Routine Uses.

Policies and practices for storing, retrieving, accessing, retaining, and disposing of records in the system:

Storage: Records are maintained in file folders.

Retrievability: Records are indexed by name of individual.

Safeguards: Records are maintained in approved security files and containers. Access to and use of these records is limited to those persons whose official duties require such access.

Retention and disposal: Records are kept indefinitely.

System manager(s) and address: Chief, Air Operations Security Division, ACS-100,

Department of Transportation,
Federal Aviation Administration,
Civil Aviation Security Service,
800 Independence Avenue, SW,
Washington, DC 20591.

Notification procedure: Individuals wishing to know if their records appear in this system of records may inquire in person or in writing to the System Manager.

Record access procedures: Individuals who desire access to the information about themselves contained in this system of records should contact or address their inquiries to the System Manager.

Contesting record procedures: Individuals who desire to contest information about themselves contained in this system of records should contact or address their inquiries to the Administrator or his delegate at the following address:

Department of Transportation,
Federal Aviation Administration,
Office of the Administrator,
800 Independence Avenue, SW,
Washington, DC 20591.

Record source categories: Information is obtained from the individual to whom it applies, from other FAA records which contain information supplied by the individual, and from results of training.

V 42 I 181 SEP 19 77 UMI

DOT/FAA 843.

System name: FAA World Home Address System. DOT/FAA.

System location: FAA Office of Public Affairs, Washington, D. C.

Categories of individuals covered by the system: FAA full time permanent and temporary employees.

Categories of records in the system: Address labels, master list (names, addresses, job series, and job location), and error list.

Routine uses of records maintained in the system, including categories of users and the purposes of such uses: Home mailing of FAA World magazine; occasional mailing of other employee information material and employee union ballots. See prefatory statement of general routine uses.

Policies and practices for storing, retrieving, accessing, retaining, and disposing of records in the system:

Storage: Magnetic tape; paper printouts.

Retrievability: By last name, job series and job location.

Safeguards: Magnetic tape used only by authorized computer operators, paper printouts only by authorized Headquarters and regional control points.

Retention and disposal: Magnetic tape is re-used until worn, then destroyed, paper printouts are destroyed after each monthly use to check accuracy of data

System manager(s) and address: Assistant Administrator,
Office of Public Affairs,
Federal Aviation Administration,
800 Independence Avenue, S.W.,
Washington, D.C. 20591.

Notification procedure: Individuals wishing to know if their records appear in this system of records may inquire in person or in writing to the System Manager.

Record access procedures: Individuals who desire access to the information about themselves in this system of records should contact or address their inquiries to the System Manager.

Contesting record procedures: Individuals who desire to contest information about themselves contained in this system of records should contact or address their inquiries to the Administrator or his delegatee, 800 Independence Ave., S. W., Washington, D. C. 20591.

Record source categories: FAA employees, on a voluntary basis.

DOT/FHWA 202.

System name: University and Industry Programs Coding and Filing System. DOT/FHWA.

System location: Department of Transportation (DOT),
Federal Highway Administration (FHWA),
National Highway Institute, 400 7th Street, SW, Room 4207,
Washington, DC 20590.

Categories of individuals covered by the system: Current and prior year candidates for FHWA fellowships/scholarships employees of FHWA and State and local transportation agencies.

Categories of records in the system: Applications for fellowships.
Transcripts of grades.
Follow-up evaluation reports.
Study progress reports.

Routine uses of records maintained in the system, including categories of users and the purposes of such uses: Applications and transcripts used by fellowship selection panel.
Study progress reports and follow-up evaluation reports used by the National Highway Institute in program evaluation.
See Prefatory Statement of General Routine Uses.

Policies and practices for storing, retrieving, accessing, retaining, and disposing of records in the system:

Storage: File folders.

Retrievability: Name.

Safeguards: Stored in file cabinets.

Retention and disposal: 5 years - discarded in trash.

System manager(s) and address: Administrative Assistant, Department of Transportation,
Federal Highway Administration,
National Highway Institute,
400 7th Street, SW, Room 4206,
Washington, DC 20590.

Notification procedure: Any individual that has applied for a fellowship/scholarship may obtain such information by written request to the Institute. The requestor should know the year of his application.

Record access procedures: May be obtained from the 'System Manager' at the address given above.

Contesting record procedures: May be obtained from the 'System Manager' at the address given above.

Record source categories: The information comes from individual applications, reports prepared by the individuals and their faculty advisors, and college transcripts.

DOT/FHWA 204.

System name: FHWA Motor Carrier Safety Porposed Civil and Criminal Enforcement Cases. DOT/FHWA.

System location: Department of Transportation (DOT),
Federal Highway Administration (FHWA),
All FHWA Regional Offices. (See 49 CFR Part 7 Appendix D for addresses).

Categories of individuals covered by the system: Officers, Agents or Employees of Motor Carriers, including drivers who have been the subject of investigation for Motor Carrier Safety regulation violations.

Categories of records in the system: This system of records contains information pertaining to Motor Carrier Safety regulation violations and identifying features.

Routine uses of records maintained in the system, including categories of users and the purposes of such uses: These records and information in the records are used for referral to U.S. Attorney civil proceedings or referred to other agencies for criminal or civil investigation of other Federal violations.
See Prefatory Statement of General Routine Uses.

Policies and practices for storing, retrieving, accessing, retaining, and disposing of records in the system:

Storage: File folders in the Regional Counsel's Office.

Retrievability: These records are indexed by names of Motor Carriers or individuals.

Safeguards: The records are marked 'Confidential.' Only Regional Counsel Office employees or Bureau of Motor Carrier Safety (BMCS) employees have access to the files.

Retention and disposal: The records are retained for one year and then are sent to the Central Files for an additional three year period.

System manager(s) and address:
FHWA, Regional Counsel,
FHWA, Regional Offices (See 49 CFR Part 7 Appendix D for addresses.)

Notification procedure: Same as 'System Manager'.

Record access procedures: Same as 'System Manager'.

Contesting record procedures: Same as 'System Manager'.

Record source categories: Individuals, motor carrier files, and BMCS files, etc., as gathered by BMCS investigators.

Systems exempted from certain provisions of the act: Pursuant to (k) (2) of 5 U.S.C. 552a this system of records is exempt from subsections (c)(3), (d), (e)(1), (e)(4)(G), (H), and (I) and (f).

DOT/FHWA 208.

System name: Application for U.S. Government Motor Vehicle Operator's Identification Card (U.S. Government Drivers License). DOT/FHWA.

System location: Department of Transportation (DOT),
Federal Highway Administration (FHWA),
Office of Management Systems, HMS-4,
400 7th Street, SW, Room 4317
Washington, DC 20590.
System is also maintained at:
All FHWA Regional and Division Offices (See 49 CFR Part 7 Appendix D for addresses).

Categories of individuals covered by the system: FHWA employees who have applied for Federal Government Drivers License.

Categories of records in the system: Application for Operator's Identification card, Form FHWA-133, and Physical Fitness Inquiry for Motor Vehicle Operators, Standard Form 47.

Routine uses of records maintained in the system, including categories of users and the purposes of such uses: Identification of FHWA drivers, and qualification of the driver.
See Prefatory Statement of General Routine Uses.

Policies and practices for storing, retrieving, accessing, retaining, and disposing of records in the system:

Storage: The records are maintained in a file cabinet in folders.

Retrievability: The system is indexed alphabetically by name of applicant.

Safeguards: Personnel screening.

Retention and disposal: Records are retained until expiration of licensing period.

System manager(s) and address: Occupational Safety Engineer,
Department of Transportation,
Federal Highway Administration,
400 7th Street, SW,
Washington, DC 20590.
Executive Officer in Regions; Administrative Managers in Divisions (See 49 CFR Part 7 Appendix D for addresses).

Notification procedure: The requester must provide his name, organizational element, and proper identification to the address in 'System Manager' above.

Record access procedures: Same as in 'System Manager' above.

Contesting record procedures: Same as in 'System Manager' above.

Record source categories: The information is provided by the individual on his application for an FHWA U.S. Government drivers license.

DOT/FHWA 209.

System name: Driver Accident Record Cross-Reference File. DOT/FHWA.

System location: Department of Transportation (DOT),
Federal Highway Administration (FHWA),
FHWA Regional Office,
Bureau of Motor Carrier Safety,
Room 210, Mohawk Building,
222 SW Morrison Street,
Portland, OR 97204.

Categories of individuals covered by the system: All Motor Carrier drivers who have had commercial accidents in the Region 10 geographic area and drivers from motor carriers based in Region 10 who have had commercial accidents anywhere in the United States.

Categories of records in the system: Card file cross-referenced to motor carrier files.

Routine uses of records maintained in the system, including categories of users and the purposes of such uses: To identify commercial drivers who have been involved in one or more commercial accidents.
See Prefatory Statement of General Routine Uses.

Policies and practices for storing, retrieving, accessing, retaining, and disposing of records in the system:

Storage: Maintained on 3x5 index cards.

Retrievability: Filed alphabetically by driver's name.

Safeguards: Personnel screening of those individuals requesting driver accident information.

Retention and disposal: Retained indefinitely until driver discontinues his line of work. Discarded in a trash receptacle.

System manager(s) and address:
FHWA Regional Director,
FHWA Regional Office,
Bureau of Motor Carrier Safety,
Room 210, Mohawk Building,
222 SW Morrison Street,
Portland, OR 97204.

Notification procedure: May be obtained upon request by supplying name to the address in 'System Manager' above.

Record access procedures: Same as in 'System Manager' above.

Contesting record procedures: Same as in 'System Manager'.

Record source categories: Accident information on the cards are transposed from the Motor Carier Safety Accident Forms (MCS 50-T) and State Police Accident Reports.

DOT/FHWA 210.

System name: Occupational Safety and Health Accident Reporting System. DOT/FHWA.

System location: Department of Transportation (DOT),
Federal Highway Administration (FHWA),
Office of Management Systems, HMS-4,
400 7th Street, SW, Room 4317,
Washington, DC 20590. Duplicate copies may be retained in Regional and Division offices (See 49 CFR Part 7 Appendix D for addresses).

Categories of individuals covered by the system: Any FHWA employee involved in an occupational accident.

Categories of records in the system: The system contains all type of occupational accidents such as, employees' injuries, occupational illnesses, motor vehicle, property damage, fire and explosion, vessel, train, and incidents not resulting in injuries or property damage.

Routine uses of records maintained in the system, including categories of users and the purposes of such uses: The use and purpose of the information is to obtain information for accident prevention.
See Prefatory Statement of General Routine Uses.

Policies and practices for storing, retrieving, accessing, retaining, and disposing of records in the system:

Storage: The records are maintained in a file cabinet in folders.

Retrievability: The system is indexed by organizational element and name.

Safeguards: Personnel screening.

Retention and disposal: Records are retained for five years as required by Occupational Safety and Health Act of 1970, as amended, Title 29, U.S.C., Part 1960, Safety and Health Provisions for Federal Employees. The records are then forwarded to the Records Center of Archives and Records Services, GSA.

System manager(s) and address: Occupational Safety Engineer,
Department of Transportation,
Federal Highway Administration,
Office of Management Systems,
400 7th Street, SW, Room 4317,
Washington, DC 20590.

Notification procedure: The requester must provide his name, organizational element, and/or date of the accident, and proper identification to address in 'System Manager' above.

Record access procedures: Same as in 'System Manager' above.

Contesting record procedures: Same as in 'System Manager' above.

Record source categories: The information is obtained from individuals involved in the accident, and by investigation by the individual's supervisors. Management obtains the information through investigation.

DOT/FHWA 211.

System name: Motor Carrier Accident File - Property and Passenger. DOT/FHWA.

System location: Department of Transportation (DOT),
Federal Highway Administration (FHWA),
400 7th Street, SW,
Washington, DC 20590.
(Hard copy is located in Room 4432-Magnetic tape storage is located in Room 2401.)
Hard copy is also stored in the Federal Records Center.

Categories of individuals covered by the system: Accidents reported by motor carriers of passengers and property.

Categories of records in the system: Motor Carrier Accident Report Form.

Routine uses of records maintained in the system, including categories of users and the purposes of such uses: Compilation of data concerning accident frequency and causation.
See Prefatory Statement of General Routine Uses.

Policies and practices for storing, retrieving, accessing, retaining, and disposing of records in the system:

Storage: Hard copy and magnetic tape.

Retrievability: Indexed by carrier name or driver's name.

Safeguards: Personnel screening.

Retention and disposal: Retained indefinitely - continuing data reference for comparison purposes.

V 42 181 SEP 1977 UMI

System manager(s) and address:
Chief, Accident Analysis Branch, Department of Transportation, Federal Highway Administration,
Bureau of Motor Carrier Safety,
Regulations Division,
400 7th Street, SW, Room 3404,
Washington, DC 20590.

Notification procedure: Same as in 'System Manager' above.

Record access procedures: Information available upon request to Chief, Accident Analysis Branch, Regulations Division at the address in 'System Manager' above.

Contesting record procedures: Same as in 'System Manager' above.

Record source categories: Information supplied by motor carrier.

DOT/FHWA 212.

System name: Medals of Honor File. DOT/FHWA.

System location: Department of Transportation (DOT),
Federal Highway Administration (FHWA),
Bureau of Motor Carrier Safety,
Compliance Division,
400 7th Street, SW, Room 3403,
Washington, DC 20590.

Categories of individuals covered by the system: Nominees and recipients of Presidential Medals of Honor for Lifesaving on Highways.

Categories of records in the system: Description of incidents, Investigator's report, and related correspondence.

Routine uses of records maintained in the system, including categories of users and the purposes of such uses: Determination of applicability of Medals of Honor criteria, background information for preparation of Medal presentation.

See Prefatory Statement of General Routine Uses.

Policies and practices for storing, retrieving, accessing, retaining, and disposing of records in the system:

Storage: File folder, one file drawer.

Retrievability: Indexed by name of nominee/recipient.

Safeguards: Personnel screening.

Retention and disposal: Approximately two years retention after presentation or denial.

System manager(s) and address: Chief, Compliance Division,
Department of Transportation,
Federal Highway Administration,
Bureau of Motor Carrier Safety,
400 7th Street, SW, Room 3403,
Washington, DC 20590.

Notification procedure: Same as in 'System Manager' above.

Record access procedures: Same as in 'System Manager' above.

Contesting record procedures: Same as in 'System Manager' above.

Record source categories: Medal of Honor Nomination.

DOT/FHWA 213.

System name: Driver Waiver File. DOT/FHWA.

System location: Department of Transportation (DOT),
Federal Highway Administration (FHWA),
Bureau of Motor Carrier Safety,
Regulations Division,
Driver Requirements Branch,
400 7th Street, SW, Room 3402,
Washington, DC 20590.

Categories of individuals covered by the system: Operators of interstate commercial vehicles transporting certain commodities.

Categories of records in the system: Application for waiver (usually involving physical disability).
Final disposition of request for waiver.
Waiver renewal.

Routine uses of records maintained in the system, including categories of users and the purposes of such uses: Control of physically impaired operators of commercial motor vehicles.

See Prefatory Statement of General Routine Uses.

Policies and practices for storing, retrieving, accessing, retaining, and disposing of records in the system:

Storage: File folder, entire file cabinet.

Retrievability: Information retained by name.

Safeguards: File is classified as non-confidential. Accessible to certain employees of Regulations Division, Bureau of Motor Carrier Safety.

Retention and disposal: Files are retained while waiver is active. Inactive waiver files are purged each year.

System manager(s) and address: Chief, Driver Requirements Branch,
Department of Transportation,
Federal Highway Administration,
Bureau of Motor Carrier Safety,
400 7th Street, SW,
Washington, DC 20590.

Notification procedure: Same as in 'System Manager' above.

Record access procedures: Requests for information should be made in writing to Chief, Driver Requirements Branch at the address in 'System Manager' above, giving name of individual.

Contesting record procedures: Same as in 'System Manager' above.

Record source categories: Information obtained from Application for Waiver or Waiver Renewal.

DOT/FHWA 214.

System name: Investigations Case File System. DOT/FHWA.

System location: Department of Transportation (DOT),
Federal Highway Administration (FHWA),
Office of Program Review and Investigations,
400 7th Street, SW, Room 4203,
Washington, DC 20590.

Categories of individuals covered by the system: Any individuals, including Federal Highway Administration employees, State and other political subdivision personnel, contractors and contractor employees who were the subjects of investigation based on allegations of wrongdoing relating to the Federal-aid highway program.

Categories of records in the system: Records of investigation conducted by the Office of Program Review and Investigations of allegations of irregularities, fraud, bribery, false statements, and other improprieties.
Reports of violation of or noncompliance with administrative rules and regulations pertaining to programs administered by the FHWA.
Reports of investigation from State and Federal agencies, including the FBI, relating to the Federal-aid highway program.
Newspaper clippings containing articles relating to questionable or un- ethical conduct, irregularities, investigations, indictments, and convictions of individuals and officials who are or might be involved in Federal-aid highway programs or related fields.

Routine uses of records maintained in the system, including categories of users and the purposes of such uses: Reports of investigation that contain information indicating a possible violation of Federal or State criminal or civil laws are referred to the appropriate prosecutive authorities for their evaluation of prosecution.
Results of investigation are evaluated for the purpose of making recommendations to the Federal Highway Administrator and other officials for their use in determining the action to be taken regarding procedural deficiencies or unacceptability action against an individual under Title 23, Code of Federal Regulations, Part 16.
Reports of investigation are furnished to State highway departments to aid them in correcting procedural deficiencies that were disclosed.
Reports are furnished to Members of Congress, upon their request for specific information.
See Prefatory Statement of General Routine Uses.

Policies and practices for storing, retrieving, accessing, retaining, and disposing of records in the system:

Storage: Records are maintained in file folders.

Retrievability: System is indexed by the name of individuals.

Safeguards: Records are maintained in locked file cases and are released only to authorized personnel with a followup system for prompt return.

Retention and disposal: Files are kept until they are three years old and then transferred to the Federal Records Center. They are destroyed when 10 years old.

System manager(s) and address: Chief, Investigations and Special Inquiry Division,
Department of Transportation,
Federal Highway Administration,
400 7th Street, SW, Room 4203,
Washington, DC 20590.

Notification procedure: Individuals wishing to know whether information about them is maintained in this system should address inquiries to the:
Department of Transportation,
Federal Highway Administration,
Office of Program Review and Investigations,
400 7th Street, SW, Room 4203,
Washington, DC 20590.

Record access procedures: Individuals who desire access to or to contest information about them in this system of records should contact or address their inquiries to the:
Department of Transportation,
Federal Highway Administration,
Office of Program Review and Investigations,
400 7th Street, SW, Room 4203,
Washington, DC 20590.

Contesting record procedures: Same as 'Record Access Procedure.'

Record source categories: The information contained in our investigatory records was obtained through investigations, interviews of various individuals, examination of official and public records, and information from State and Federal agencies. Information is also received from identified private citizens, anonymous sources and newspaper articles.

Systems exempted from certain provisions of the act: Pursuant to (k) (2) of 5 U.S.C. 552a this system of records is exempt from subsections (c)(3), (d),(e)(1), (e)(4)(G),(H), and (I) and(f).

DOT/FHWA 215.

System name: Travel Advance File. DOT/FHWA.

System location: Department of Transportation (DOT),
Federal Highway Administration (FHWA),
Office of Fiscal Services,
400 7th Street, SW,
Washington, DC 20590.
All FHWA Regional Offices (See 49 CFR Part 7 Appendix D for addresses).

Categories of individuals covered by the system: Recipients of travel advances.

Categories of records in the system: Record of travel advances and repayments.

Routine uses of records maintained in the system, including categories of users and the purposes of such uses: To control repayment of travel advances.

See Prefatory Statement of General Routine Uses.

Policies and practices for storing, retrieving, accessing, retaining, and disposing of records in the system:

Storage: Maintained on a 5 x 8 inch form.

Retrievability: Indexed by name.

Safeguards: Records are maintained in a locked file.

Policies and practices for storing, retrieving, accessing, retaining, and disposing of records in the system: Schedule 9, Travel and Transportation Reocrds, of the General Records Schedules (FPMR 101-11.4).

System manager(s) and address: Chief, Voucher Review & Disbursement Section,
Department of Transportation,
Federal Highway Administration,
Office of Fiscal Services,
400 7th Street, SW,
Washington, DC 20590.

Notification procedure: Same as System Manager.

Record access procedures: Same as System Manager.

Contesting record procedures: Same as System Manager.

Record source categories: Individual on whom the record is maintained.

DOT/FHWA 216.

System name: Travel Voucher - Change of Duty Station. DOT/FHWA.

System location: Department of Transportation (DOT),
Federal Highway Administration (FHWA),
Office of Fiscal Services,
400 7th Street, SW,
Washington, DC 20590.

Categories of individuals covered by the system: Employees reimbursed for change of duty station travel.

Categories of records in the system: Record of travel expenses claimed for change of duty station.

Routine uses of records maintained in the system, including categories of users and the purposes of such uses: Record of travel expenses for change of duty station.

See Prefatory Statement of General Routine Uses.

Policies and practices for storing, retrieving, accessing, retaining, and disposing of records in the system:

Storage: Maintained on a 8 x 10 inch form.

Retrievability: Indexed by name.

Safeguards: Supervised by the Chief, Voucher Review & Disbursements Section.

Policies and practices for storing, retrieving, accessing, retaining, and disposing of records in the system: Schedule 9, Travel and Transportation Records, of the General Records Schedules (FPMR 101-11.4).

System manager(s) and address: Chief, Voucher Review & Disbursements Section,
Department of Transportation,
Federal Highway Administration,
Office of Fiscal Services,
400 7th Street, SW,
Washington, DC 20590.

Notification procedure: Same as in 'System Manager' above.

Record access procedures: Same as in 'System Manager' above.

Contesting record procedures: Same as in 'System Manager' above.

Record source categories: Individual on whom the record is maintained.

DOT/FHWA 217.

System name: Accounts Receivable. DOT/FHWA.

System location: Department of Transportation (DOT),
Federal Highway Administration (FHWA),
Office of Fiscal Services,
400 7th Street, SW,
Washington, DC 20590.

Categories of individuals covered by the system: Individuals indebted to the Federal Highway Administration.

Categories of records in the system: Amount of indebtedness.

Routine uses of records maintained in the system, including categories of users and the purposes of such uses: To control accounts receivable.

See Prefatory Statement of General Routine Uses.

Policies and practices for storing, retrieving, accessing, retaining, and disposing of records in the system:

Storage: Maintained in indexed loose-leaf book.

Retrievability: By name.

Safeguards: Supervised by Chief, General Ledger and Funds Control Section.

Retention and disposal: Schedule 7, Expenditure Accounting Records, of General Records Schedules (FPMR-101-11.4).

System manager(s) and address: Chief, General Ledger & Funds Control Section,
Department of Transportation,
Federal Highway Administration,
Office of Fiscal Services,
400 7th Street, SW,
Washington, DC 20590.

Notification procedure: Same as in 'System Manager' above.

Record access procedures: Same as in 'System Manager' above.

Contesting record procedures: Same as in 'System Manager' above.

V42N181 SEP 19 77 UMI

Record source categories: Employer.

DOT/FHWA 218.

System name: Memorandum of Monthly Performance of Keypunch Operators. DOT/FHWA.

System location: Department of Transportation (DOT).
Federal Highway Administration (FHWA).
Transportation Computer Center.
Operations Division - Data Section.
400 7th Street, SW. Room 2101/2401.
Washington, DC 20590.

Categories of individuals covered by the system: Keypunch and key-to-tape operators.

Categories of records in the system: The System consists of a Computer Printout Report containing various production information.

Routine uses of records maintained in the system, including categories of users and the purposes of such uses: This information is used as a measurement of employee performance and equipment utilization by TCC managers.

See Prefatory Statement of General Routine Uses.

Policies and practices for storing, retrieving, accessing, retaining, and disposing of records in the system:

Storage: The report is in the form of a computer printout.

Retrievability: System is indexed by employee number. Employee's name does not appear on report.

Safeguards: Report is returned and filed in a folder by Chief, Data Section in a locked file drawer.

Retention and disposal: The reports are kept for a period of one year at which time they are disposed of by a shredding process.

System manager(s) and address: Chief, TCC Operations Group A.
Department of Transportation.
Federal Highway Administration.
Transportation Computer Center
400 7th Street, SW. Room 2401.
Washington, DC 20590.
Chief, TCC Operations Group B.
Department of Transportation.
Federal Highway Administration.
Transportation Computer Center.
400 7th Street, SW. Room 2101.
Washington, DC 20590.

Notification procedure: Same as in 'System Manager' above.

Record access procedures: Same as in 'System Manager' above.

Contesting record procedures: Same as in 'System Manager' above.

Record source categories: The information comes from an employee utilization form filled out by each operator for each job keyed.

DOT/FHWA 219.

System name: Employee Utilization (monthly report). DOT/FHWA.

System location: Department of Transportation.
Federal Highway Administration.
Data Systems Division.
400 7th Street, SW. Room 2410.
Washington, DC 20590.

Categories of individuals covered by the system: All computer programers and systems analysts in the Data Systems Division (DSD), FHWA.

Categories of records in the system: Working file (internal).

Routine uses of records maintained in the system, including categories of users and the purposes of such uses: Basis for reimbursable charges for services to other organizational elements (computer program maintenance and/or development).
Basis for Planning Staff projections of current and future workloads; estimates, etc.
Can be used to evaluate employee proficiency and productivity.
See Prefatory Statement of General Routine Uses.

Policies and practices for storing, retrieving, accessing, retaining, and disposing of records in the system:

Storage: Computer printouts and magnetic tape.

Retrievability: Organization, two digit employee numbers, Project 0, operation code, date.

Safeguards: Secure building.

Retention and disposal: Magnetically recorded data is erased on a quarterly basis.
Printouts are usually destroyed on a monthly or quarterly basis.
One complete historical printout is retained by the planning staff for long range reference.

System manager(s) and address: Chief, Data System Division.
Department of Transportation.
Federal Highway Administration.
400 7th Street, SW. Room 2418.
Washington, DC 20590.

Notification procedure: Same as in 'System Manager' above.

Record access procedures: Same as in 'System Manager' above.

Contesting record procedures: Same as in 'System Manager' above.

Record source categories: Data Systems Division computer programers and system analysts provide this information on a weekly basis - accounting for their various work activities plus leave, training, etc.

DOT/FHWA 220.

System name: Payroll Administration. DOT/FHWA.

System location: Department of Transportation (DOT).
Federal Highway Administration (FHWA).
FHWA Region 10.
Office of Federal Highway Projects.
610 E. Fifth Street.
Vancouver, WA 98661.
FHWA Region 8, P.O. Box 25246, Building 40.
Denver Federal Center.
Denver, CO 80225.
Office of Fiscal Services.
400 7th Street, SW.
Washington, DC 20590.

Categories of individuals covered by the system: Employees of the following Headquarters Elements:
Department of Transportation.
Federal Highway Administration.
Office of the Secretary of Transportation.
Federal Railroad Administration.
National Highway Traffic Safety Administration.
Urban Mass Transportation Administration.
Also:
FHWA employees in Regions 8 and 10.
Employees of the National Transportation Safety Board.

Categories of records in the system: Contains all data relative to payrolling employees. Includes time, attendance, leave, gross pay and payroll deduction records.

Routine uses of records maintained in the system, including categories of users and the purposes of such uses: Payrolling and Leave Administration.
The purpose of each use of categories of records within the DOT/FHWA Payroll Administration is to enable the administration of the payroll function and related financial matters in accordance with applicable laws and regulations and to comply with the requirements of the Comptroller General.
System Uses:
1. For transmittal of data to U.S. Treasury to effect issuance of paychecks to employees and distribution of pay according to employee directions for savings bonds, allotments, financial institutions and other authorized purposes.
2. For reporting tax withholding to Internal Revenue Service and appropriate state and local taxing authoritites.
3. For FICA deductions to the Social Security Administration.
4. For dues deductions to labor unions.
5. For withholdings for Health Insurance, Retirement and Federal Employees Group Life Insurance to the U.S. Civil Service Commission.
6. For charity contribution deductions to agents of charitable institutions.
7. For annual W-2 statements to appropriate taxing authoritites and the individual.
8. For providing a permanent record of actions taken pertinent to the admini- stration of pay, leave and allowances.

9. For any of the routine uses specified in the Prefatory Statement.
See Prefatory Statement of General Routine Uses.

Policies and practices for storing, retrieving, accessing, retaining, and disposing of records in the system:

Storage: File Folders.

Retrievability: By name.

Safeguards: Supervised by Chief, Payroll & Employee Records Section.

Retention and disposal: Schedule 2 of General Records Schedules Payrolling and Pay Administration Records (FPMR 101-11.4).

System manager(s) and address: Chief, Payroll & Employee Records Section.
Department of Transportation.
Federal Highway Administration.
Office of Fiscal Services.
400 7th Street, SW.
Washington, DC 20590.
Appropriate Finance Officer in FHWA Region 8 or 10.

Notification procedure: Same as in 'System Manager' above.

Record access procedures: Same as in 'System Manager' above.

Contesting record procedures: Same as in 'System Manager' above.

Record source categories: Individual on whom the record is maintained, Office of Personnel and Training, Federal, State and City Tax Regulations.

DOT/FHWA 221.

System name: Panel for the Santa Monica Demonstration Project.

System location: Held by Market Facts, Inc.,
100 So. Wacker Dr.,
Chicago, IL 60606.
for the Urban Planning Division.
Federal Highway Administration.
Department of Transportation.
400 7th Street, SW.
Washington, DC 20590.

Categories of individuals covered by the system: A random sample of residents from the Los Angeles area.

Categories of records in the system: Names, addresses and telephone numbers are located on the questionnaire. Information from the questionnaire is stored on magnetic tape and can be accessed by an identifying number (interview number). A list of names, addresses and phone numbers associated with the interview number are separately filed. The questionnaire contains information regarding:
Transportation commute patterns, frequency of mode use, trip characteristics, and satisfaction with various ways of traveling.
Perceptions and importance ratings of modal attributes; tradeoff data on required service levels.
Intentions to alter commuting behavior in response to various transportation system modifications.
Perceptions of service changes based on transportation management actions.
Perceived similarity of transportation modifications.
Sociodemographic information, e.g., age, race, income, sex, children.

Routine uses of records maintained in the system, including categories of users and the purposes of such uses: Names are associated with the interview numbers after interviews are recorded. Information from the questionnaire is analyzed statistically without reference to any specific individual. The Urban Planning Division will use the data obtained from the surveys in the development of mode choice models, to assess transportation system modifications and to calibrate systematically induced mode shift models. Both the statistical analyses and statistical data will be made available to interested administrators in the Department of Transportation, Federal Energy Administration as well as to the California State Department of Transportation and the Southern California Association of Governments. Other researchers interested in the Santa Monica transportation system management evaluation will also be given access to purely statistical information. Names, addresses and telephone numbers are retained for the sole purpose of locating the sample to be re-interviewed a second time.

Policies and practices for storing, retrieving, accessing, retaining, and disposing of records in the system:

Storage: The questionnaire is stored in a locked file cabinet in the Chicago Office of Market Facts, Inc. Two individuals have keys to the cabinet, Mr. Frank Griffiths, V.P. of Market Facts, and Mr. Bob Kranz, project analyst. There are three complete copies of the master list with names, and addresses and phone numbers; one is held by the field supervisor in Los Angeles, one by Mr. Bob Kranz, and by Mr. Frank Griffiths. The names and addresses were placed on labels to be attached to the questionnaires, under the supprvision of Mr. Frank Griffiths. No additional copies are to be made without approval of the Urban Planning Division, DOT. Magnetic tapes are stored in the tape libraries at Market Facts, Inc., and at the Department of Transportation. Again data from the tape can only be identified with an individual when the interview number is matched against a master list.

Retrievability: Questionnaire information is stored on tape and is retrievable only through and identifying number (Interview number). This must be matched with a list of interview numbers if it is necessary to associate with names. The questionnaires themselves can be accessed from the files only under the supervision of Mr. Frank Griffiths.

Safeguards: All identifying materials are under lock; only two individuals directly working on the project have keys to the files; a guard is on duty 24 hours a day. The list which assign names to interview numbers is kept separately from the data stored on tape.

Retention and disposal: The record list of names and interview numbers will be retained until Phase II interviewing and coding is completed. The questionnaire will be kept in locked-storage for three years to ensure accessibility if significant errors in transcription were to be determined.

System manager(s) and address: Ricardo dePaul Dobson and Mary Lynn Tischer
HHP-22.
Urban Planning Division.
FHWA.
DOT.
400 7th Street, SW.
Washington, DC 20590.

Notification procedure: Inquiries should be directed to the System Managers.

Record access procedures: Contact System Managers for information on procedures for gaining access to records.

Contesting record procedures: Contact System Managers for information on procedures for confesting records.

Record source categories: Private list with no transmission expected.

DOT/FRA 100.

System name: Alaska Railroad Examination of Operating Personnel. DOT/FRA.

System location: Department of Transportation (DOT).
Federal Railroad Administration (FRA).
The Alaska Railroad.
Pouch 7-2111.
Anchorage, Alaska 99510.

Categories of individuals covered by the system: Alaska Railroad operating employees.

Categories of records in the system: Examination papers on rules and safety practices.

Routine uses of records maintained in the system, including categories of users and the purposes of such uses: Determination of employees understanding of safety practices and rules of the Alaska Railroad.
Qualification for employment.
Review for promotion.
See Prefatory Statement of General Routine Uses.

Policies and practices for storing, retrieving, accessing, retaining, and disposing of records in the system:

Storage: Kept under lock and key.
Only authorized Alaska Railroad officials can handle the examinations.

Retrievability: By name.

Safeguards: Access to examinations limited to Alaska Railroad officials only.

Retention and disposal: Examinations kept during employment of individual with Alaska Railroaad; upon termination, disposed of by destruction by either burning or shredding.

V 42 181 SEP 19 77 UMI

System manager(s) and address: Operations Officer,
Department of Transportation,
Federal Railroad Administration,
The Alaska Railroad,
Pouch 7-2111,
Anchorage, Alaska 99510.

Notification procedure: Individuals may request from the System Manager whether or not this system of records pertains to him.

Record access procedures: The System Manager may allow an individual to review his score on the examination.

Contesting record procedures: Contest of these records, if appropriate, is through the System Manager.

Record source categories: Official examination papers.

Systems exempted from certain provisions of the act: This system is exempted under Section 552a(K)6, 'testing or examination material used solely to determine individual qualifications for appointment or promotion in the Federal Service the disclosure of which would compromise the objectivity or fairness of the testing or examination process.'

DOT/FRA 101.

System name: Alaska Railroad Personnel and Pay Management Information System DOT/FRA.

System location: Department of Transportation (DOT),
Federal Railroad Administration (FRA),
The Alaska Railroad,
Pouch 7-2111,
Anchorage, Alaska 99510.

Categories of individuals covered by the system: Alaska Railroad officials and employees.

Categories of records in the system: Time, attendance and leave.
Payroll data
Payroll computation and history
Personnel records.
Personnel Management Records.

Routine uses of records maintained in the system, including categories of users and the purposes of such uses: Personnel Status Reports.
Personnel Strength Reports.
Payroll computation and related reports.
Record of leave accrued and used.
Labor distribution and accounting reports.
Personnel management and budget reports.
Reports to Internal Revenue Service (IRS), U.S. Treasury, Civil Service Commission (CSC), etc.
See Prefatory Statement of General Routine Uses.

Policies and practices for storing, retrieving, accessing, retaining, and disposing of records in the system:

Storage: Integrated data based on mag-tape.

Retrievability: By Name or I.D. Number

Safeguards: Access to the data base is limited to computer programs. Outputs from computer programs are disclosed only to employees or officials in discharge of their official duties. Primary control is achieved through a separation of functions wherein no one person is responsible for the input processing and auditing of any given transaction.

Retention and disposal: Individual records are deleted from the automated data base at the end of the calendar year in which Alaska Railroad employment is terminated. Input document and printed outputs are disposed of by burning or shredding or transfer to a records center in accordance with established records disposition schedules.

System manager(s) and address: General Manager.
Department of Transportation,
Federal Railroad Administration,
The Alaska Railroad,
Pouch 7-2111,
Anchorage, Alaska 99510.

Notification procedure: The individual who feels that this system of records pertains to him may present himself to the General Manager, The Alaska Railroad requesting confirmation.

Record access procedures: Contact the system manager for access.

Contesting record procedures: In case of contest employee is instructed to first contact the immediate supervisor. Procedures are established which permit an employee to pursue an appeal to the General Manager, The Alaska Railroad, then to the U.S. Civil Service Commission.

Record source categories: Official Personnel Folders.
Time, attendance and leave records.
Organizational code structure.
Computations and historical record of pay.

DOT/FRA 102.

System name: Alaska Railroad Security and Freight Claims Investigatory Files. DOT/FRA.

System location: Department of Transportation (DOT),
Federal Railroad Administration (FRA),
The Alaska Railroad,
Pouch 7-2111,
Anchorage, Alaska 99510.

Categories of individuals covered by the system: Employees of the Alaska Railroad.

Categories of records in the system: Investigatory files.

Routine uses of records maintained in the system, including categories of users and the purposes of such uses: Used in routine investigatory work for the DOT/Alaska Railroad Security and Freight Claims division.
Review by General Manager or his designee.
Review by General Counsel, Alaska Railroad.
May be forwarded to U.S. Attorney to assist in prosecution where warranted.
See Prefatory Statement of General Routine Uses.

Policies and practices for storing, retrieving, accessing, retaining, and disposing of records in the system:

Storage: Locked in fire class C Safe with combination lock.

Retrievability: By name.

Safeguards: In addition to the combination safe only two officials of the railroad maintain the combination.

Retention and disposal: Records are maintained in the official safe for two years, then transferred to secured holding area for two years and then destroyed by burning or shredding.

System manager(s) and address: Chief, Security and Claims,
Department of Transportation,
Federal Railroad Administration,
The Alaska Railroad,
Pouch 7-2111,
Anchorage, Alaska 99510.

Notification procedure: Individual may confirm through the System Manager whether or not the System contains records on him or her.

Record access procedures: Access of records requires the individual to contact in person or in writing the System Manager. The records in this system are exempted by Section 552(k) (2) if investigatory matter is being pursued in a court case.

Contesting record procedures: However, contest procedures through the System Manager and the the General Manager are available if the investigatory files are maintained for general purposes. Confidentiality of sources will be maintained.

Record source categories: Personal information provided by individual.
Confidential Statements.
Photographs.

Systems exempted from certain provisions of the act: This system of records is exempted under Section 552a(1) (2); 'investigatory material compiled for law enforcement purposes other than material within the scope of subsection (j)(2) of this section: Provided, however, that if any individual is denied any right, privilege, or benefit that he would otherwise be entitled by Federal Law, or for which he would otherwise be eligible, as a result of the maintenance of such material, such material shall be provided to such individual, except to the extent that the disclosure of such material would reveal the identity of a source who furnished information to the Government under an express promise that the identity of the source would be held in confidence, or prior to the effective date of this section, under an implied promise that the identity of the source would be held in confidence.'

DOT/FRA 103.

System name: Application for Operator's (Vehicle) Identification Card. DOT/FRA.

System location: Department of Transportation (DOT),
Federal Railroad Administration,
Office of Administrative Operations, RAD-40,
2100 2nd Street, SW, Room 4504,
Washington, DC 20590.

Categories of individuals covered by the system: FRA employees applying for GSA motor vehicle operator license.

Categories of records in the system: Applications for motor vehicle operator license.
Physical fitness inquiry.

Routine uses of records maintained in the system, including categories of users and the purposes of such uses: To issue operator's license.
Ensure applicants meet requirements.
See Prefatory Statement of General Routine Uses.

Policies and practices for storing, retrieving, accessing, retaining, and disposing of records in the system:

Storage: Copies of basic documents.

Retrievability: By name.

Safeguards: Kept in file drawer.

Retention and disposal: Retained for three years. Disposal by shredding or burning.

System manager(s) and address: Acting Director, Office of Administrative Operations, RAD-40,
Department of Transportation,
Federal Railroad Administration,
2100 2nd Street, SW, Room 4504,
Washington, DC 20590.

Notification procedure: Inquiries may be addressed to the System Manager either in person or in writing.

Record access procedures: Access of records requires the individual to contact in person or write the System Manager.

Contesting record procedures: Constest of a record is also through the System Manager, if resolvement is not possible through the System Manager an appeal may be filed in writing with the Secretary of Transportation addressed to the General Conounsel as follows:
Department of Transportation,
Federal Railroad Administration,
Office of the Chief Counsel,
400 7th Street, SW,
Washington, DC 20590.

Record source categories: Applications received from individuals for operator's license.
Physical fitness inquiry completed by applicant and signed by physician.

DOT/FRA 104.

System name: Confidential Statement of Employment and Financial Interest. DOT/FRA.

System location: Department of Transportation (DOT),
Federal Railroad Administration (FRA),
Office of the Chief Counsel,
400 7th Street, SW, Room 5101,
Washington, DC 20590.

Categories of individuals covered by the system: FRA Permanent Employees GS-13 and above, supervisors and procurement personnel.

Categories of records in the system: Standard Form on Employment and Financial Interest.

Routine uses of records maintained in the system, including categories of users and the purposes of such uses: Review of Financial Interest to Employment.
Administrative References.
See Prefatory Statement of General Routine Uses.

Policies and practices for storing, retrieving, accessing, retaining, and disposing of records in the system:

Storage: All records are maintained on standard form in a locked file cabinet located in the Chief Counsel's Office.

Retrievability: Records are indexed by name.

Safeguards: Physical security consists of locked file cabinet; records provided to individuals only after physical screening.

Retention and disposal: Records are maintained for a one year period. Upon receipt of new statements old records are removed and destroyed.

System manager(s) and address: Chief Counsel,
Department of Transportation,
Federal Railroad Administration,
Office of Chief Counsel,
400 7th Street, SW, Room 5101,
Washington, DC 20590.

Notification procedure: Requests for information about this system should be addressed to the System Manager either in person or in writing. Prior employees must provide notarized signature or provide valid social security number.

Record access procedures: Access to records requires the individual to contact in person or write the System Manager.

Contesting record procedures: Contest of a record is also through the System Manager. If a change is valid after agency review it will be made as requested.

Record source categories: Information is provided by the individual on Standard Form DOT F 3700.1, Confidential Statement of Employment and Financial Interest.

DOT/FRA 105.

System name: Employee Travel Records. DOT/FRA.

System location: Department of Transportation (DOT),
Federal Railroad Administration (FRA),
Office of Administrative Operations, RAD-40,
2100 2nd Street, SW, Room 4504,
Washington, DC 20590.

Categories of individuals covered by the system: All FRA employees.
Private persons issued invitational travel orders to confer on government problems.

Categories of records in the system: Travel logs.
Individual travel folders.

Routine uses of records maintained in the system, including categories of users and the purposes of such uses: Provide back-up to support FRA General Accounting Ledger.
Analysis of travel trends.
See Prefatory Statement of General Routine Uses.

Policies and practices for storing, retrieving, accessing, retaining, and disposing of records in the system:

Storage: Records are maintained in a file drawer secured with lock and key.

Retrievability: System is indexed by name.

Safeguards: Physical security maintained by secured file system.
Individuals requesting individual travel folders are screened by accounting personnel.

Retention and disposal: Records are maintained three years then forwarded to the Federal Records Center.

System manager(s) and address: Accounting Officer,
Department of Transportation,
Federal Railroad Administration,
Accounting Division,
2100 2nd Street, SW, Room 4107,
Washington, DC 20590.

Notification procedure: Requests for information about this system should be addressed to the System Manager either in person or in writing.

Record access procedures: Access of records requires the individual to contact in person or in writing the System Manager.

Contesting record procedures: Initial contest of any record will be with the System Manager; if resolvement at this level is not satisfactory the individual may file an appeal in writing with the Secretary of Transportation addressed as follows:
Department of Transportation,
Federal Railroad Administration,
Office of the Chief Counsel,
400 7th Street, SW,
Washington, DC 20590.

Record source categories: Individual Travel Vouchers.

V 42 181 SEP 19 77 UMI

DOT/FRA 106.

System name: Occupational Safety and Health Reporting System. DOT/FRA.

System location: Department of Transportation (DOT),
Federal Railroad Administration (FRA),
Office of Administration,
Office of Administrative Operations, RAD-40,
2100 2nd Street, SW, Room 4504,
Washington, DC 20590.

Categories of individuals covered by the system: FRA employees (injury-illnesses).

FRA employees involved in government property accidents.

Categories of records in the system: Federal Occupational Injuries and Illnesses Survey (Standard Form OSHA-102).

Departmental Accident/Injury Reports DOT Forms 3902.1-8.

Routine uses of records maintained in the system, including categories of users and the purposes of such uses: Maintain accident records per departmental orders.

Provide data to Office of the Secretary.
Develop causative trends.
Use for corrective accident prevention.
See Prefatory Statement of General Routine Uses.

Policies and practices for storing, retrieving, accessing, retaining, and disposing of records in the system:

Storage: Maintained on copies of basic documents.

Retrievability: By name.

Safeguards: Physical security consists of file drawer with data; records provided to authorized individuals by FRA Safety Manager after physical screening.

Retention and disposal: Records are retained for five years. Documents are then destroyed by shredding or burning.

System manager(s) and address: FRA Safety Manager, Department of Transportation,
Federal Railroad Administration,
Office of Administration,
Office of Administrative Operations, RAD-40,
2100 2nd Street, SW, Room 4504,
Washington, DC 20590.

Notification procedure: Inquiries may be addressed to the Systems Manager either in person or in writing. If written the individual must provide a notarized signature, or provide a valid social security number.

Record access procedures: Access to records requires the individual to contact in person or write the System Manager.

Contesting record procedures: Contest of a record is also through the System Manager. If a change is valid after System Manager review it will be made as requested. If resolvement is not possible at this level an appeal may be filed in writing with the Secretary of Transportation addressed as follows:

Department of Transportation,
Federal Railroad Administration,
Office of the Chief Counsel,
400 7th Street, SW,
Washington, DC 20590.

Record source categories: Documents provided by the individual.

DOT/FRA 109.

System name: Office of Safety Past Employees Files. DOT/FRA.

System location: Department of Transportation (DOT),
Federal Railroad Administration (FRA),
Office of Safety, RSS-2,
2100 2nd Street, SW,
Washington, DC 20590.

Categories of individuals covered by the system: Past employees of the Office of Safety.

Categories of records in the system: Personnel information provided from Office of Safety Personnel Convenience File.

Standard Form 7-B listing name, salary, position title, organization, etc.

Routine uses of records maintained in the system, including categories of users and the purposes of such uses:

Provides historical reference on past Office of Safety employees.
Verification of employment of past employees.
See Prefatory Statement of General Routine Uses.

Policies and practices for storing, retrieving, accessing, retaining, and disposing of records in the system:

Storage: Record maintained by locked conserv-a-file.

Retrievability: By name.

Safeguards: Physical security maintained by locked conserv-a-file.

Personnel are screened by Secretary, Associate Administrator or Deputy Administrator to insure that records are not released to unauthorized personnel.

Retention and disposal: Record maintained current at all times. No disposal.

System manager(s) and address: Deputy Associate Administrator for Safety,

Department of Transportation,
Federal Railroad Administration,
Office of Safety, RRS-2,
2100 2nd Street, SW,
Washington, DC 20590.

Notification procedure: Requests for information about this system may be addressed to the System Manager either in person or in writing.

Record access procedures: Access of records requires the individual to contact in person or in writing the System Manager.

Contesting record procedures: Initial contest of any record will be with the System Manager if resolvement at this level is unsatisfactory. The individual may file an appeal in writing with the Secretary of Transportation addressed as follows:

Department of Transportation,
Federal Railroad Administration,
Office of the Chief Counsel,
400 7th Street, SW,
Washington, DC 20590.

Record source categories: Standard GSA Forms, SF-50, SF-1126.

DOT/FRA 112.

System name: Personnel and Pay Management Information System. DOT/FRA.

System location: Department of Transportation (DOT),
Federal Railroad Administration (FRA),
Office of Personnel and Training, RAD-10,
400 7th Street, SW, Room 5406,
Washington, DC 20590.

Categories of individuals covered by the system: Employees of the Federal Railroad Administration.

Categories of records in the system: Payroll data.

Personnel records.

Routine uses of records maintained in the system, including categories of users and the purposes of such uses: Personnel Status Reports.

Personnel Strength Reports.
Payroll computations and related reports.
Personnel Management and Budget Reports.
See Prefatory Statement of General Routine Uses.

Policies and practices for storing, retrieving, accessing, retaining, and disposing of records in the system:

Storage: Integrated data based on magnetic tape, reports are prepared on computer readable form.

Retrievability: By name or I.D. number.

Safeguards: Access to programs limited to employees or officials of the Transportation Computer Center (TCC).

Retention and disposal: Individual records are deleted from automated data base at end of calendar year in which separation occurs.

Computer readable programs are destroyed in accordance with established internal procedures.

System manager(s) and address: Director, Office of Personnel and Training, RAD-10,

Department of Transportation,
Federal Railroad Administration,
400 7th Street, SW,
Washington, DC 20590.

Notification procedure: Any individual who feels that this system of records pertains to him may visit or write the System Manager at the address in 'System Manager: requesting confirmation.

Record access procedures: Contact the System Mananger for access.

Contesting record procedures: Employee should, in case of contest, contact the System Manager. Procedures are established which permit an employee to pursue appeal through agency levels to U.S. Civil Service Commission.

Record source categories: Official personnel folders.

Time, attendance and leave records.
Organizational code structure.
Computations and historical records.

DOT/FRA 113.

System name: Regional Personnel Convenience Files. DOT/FRA.

System location: Department of Transportation (DOT),
Region 2, Federal Railroad Administration (FRA),
Independence Building, Room 1020,
434 Walnut Street,
Philadelphia, PA 19106.
Region 3, Federal Railroad Administration,
1568 Willingham Drive,
College Park, GA 30337.
Region 4, Federal Railroad Administration,
536 South Clark Street,
Chicago, IL 60605.
Region 5, Federal Railroad Administration,
819 Taylor Street, Room 11A23,
Fort Worth, TX 76102.
Region 6, Federal Railroad Administration,
450 Multnomah Building,
319 S. W. Pine Street,
Portland, OR 97204.
Region 7, Federal Railroad Administration,
2 Embarcadero, Suite 630,
San Francisco, CA 94111.
Region 8, Federal Railroad Administration,
911 Walnut Street,
Kansas City, MO 64106.

Categories of individuals covered by the system: Federal Supervisory Inspectors.

Federal Safety Inspectors.
Federal clerical personnel.
Regional Directors.

Categories of records in the system: Standard Form 52.

Standard Form 171.
Performance evaluations.
Within grade increases.
Travel authority and vouchers.
Use of Government-owned vehicles and authority.
Training records.
Payroll and leave records.
Copies of commendations and awards.
Work measurement records.

Routine uses of records maintained in the system, including categories of users and the purposes of such uses:

For the individual's use.
Schedule training.
Statistics to recommend personnel actions.
Administrative reference material.
Budgetary information material.
Technical information material.
Work territory assignments.
See Prefatory Statement of General Routine Uses.

Policies and practices for storing, retrieving, accessing, retaining, and disposing of records in the system:

Storage: Records are maintained from copies of original documents.

Retrievability: The system is indexed by name.

Safeguards: Physical security is maintained by locked file cabinets.

Any individual requesting data is screened by the Regional Director's secretary.

Retention and disposal: Personnel records are retained until employee is terminated, retired, or transferred.

Records are then disposed of as trash.
Records used for budgetary purposes are retained for 1 year then disposed of.

System manager(s) and address: The responsible System Manager for each regional system is the Regional Director. The location is identical to those previously listed.

Notification procedure: The individual may present himself to the Regional Office (Regional Director) to inquire about whether this system of records applies to him either in person or in writing.

Record access procedures: An individual may gain access to his records by request to the System Manager.

Contesting record procedures: Contest of these records will be at the Regional level, if resolvement is not satisfactory to the individual at that level an appeal may be field in writing with the Secretary of Transportation addressed as follows:

Department of Transportation,
Federal Railroad Administration,
Office of the Chief Counsel,
400 7th Street, SW,
Washington, DC 20590.

Record source categories:

Informational copies provided by the individual.
Informational copies provided by Office of Personnel.
Informational copies generated by on-going work programs.

DOT/FRA 114.

System name: Transportation Test Center Employee Service Record File. DOT/FRA.

System location: Department of Transportation (DOT),
Federal Railroad Administration (FRA),
Transportation Test center,
Pueblo, CO 81001.

Categories of individuals covered by the system: Federal employees of the Transportation Test Center.

Categories of records in the system: Personal data submitted by individuals.

Personnel actions.
Training data.

Routine uses of records maintained in the system, including categories of users and the purposes of such uses: Record of personal data on SF 7.

Computer service computations dates.
Review performance ratings.
Follow-up dates for within-grade pay increases.
Training data used to determine training needs.
Awards information.
Used to prepare manpower and budget reports and requests.
Used in preparing requests for personnel actions.
See Prefatory Statement of General Routine Uses.

Policies and practices for storing, retrieving, accessing, retaining, and disposing of records in the system:

Storage: Service records are maintained by a clerk during working hours. File cabinet is secured by lock during non-duty hours.

Retrievability: By name.

Safeguards: Physical Security is maintained by locked file cabinet.

Physical screening is insured by clerk who cannot release records without approval.

Retention and disposal: Each individual's service record is maintained until termination of employment. After termination record is maintained for one year and then destroyed.

System manager(s) and address:

Director, Transportation Test Center,
Department of Transportation,
Federal Railroad Administration,
Transportation Test Center,
Pueblo, CO 81001.

Notification procedure: The individual who feels that this system of records pertains to him may write or present himself to the Director, Transportation Test Center (System Manager) requesting confirmation.

Record access procedures: An individual may gain access to his records by request to the System Manager.

Contesting record procedures: Contest of these records, if appropriate, may be settled by informal communication. If this is unsatisfactory to the individual, the person may file an appeal in writing with the Secretary of Transportation addressed as follows:

Department of Transportation,

V 42 181
SEP 19 77
UMI

Federal Railroad Administration,
Office of the Chief Counsel,
400 7th Street, SW,
Washington, DC 20590.

Record source categories: Information supplied by employee.

Personnel actions, SF 50.
Evaluation and training forms.
Information supplied by supervisors.

DOT/FRA 115.

System name: Travel Advance Records. DOT/FRA.

System location: Department of Transportation (DOT),

Federal Railroad Administration (FRA),
Office of Administrative Operations, RAD-40,
2100 2nd Street, SW, Room 4504,
Washington, DC 20590.

Categories of individuals covered by the system: All FRA employees.

Private persons traveling on government request.

Categories of records in the system: Travel Advance Card.

Routine uses of records maintained in the system, including categories of users and the purposes of such uses: Maintain accounting records.

Ensure collection of amounts due to the U.S.
See Prefatory Statement of General Routine Uses.

Policies and practices for storing, retrieving, accessing, retaining, and disposing of records in the system:

Storage: Maintained in file drawer.

Retrievability: By name

Safeguards: Records controlled by Accounting Division personnel.

Retention and disposal: Retained three years then forwarded to Federal Record Center with other accounting records.

System manager(s) and address: Accounting Officer,

Department of Transportation,
Federal Railroad Administration,
Accounting Division,
2100 2nd Street, SW,
Washington, DC 20590.

Notification procedure: Individuals may contact the System Manager to confirm whether or not the system contains a record on them.

Record access procedures: An individual may gain access to his records by request to the System Manager.

Contesting record procedures: Content of these records may be settled with the System Manager. If this is unsatisfactory to the individual, the person may file an appeal in writing with the Secretary of Transportation addressed as follows:

Department of Transportation,
Federal Railroad Administration,
Office of the Chief Counsel,
400 7th Street, SW,
Washington, DC 20590.

Record source categories: Travel advance card signed by individual, forwarded to Accounting Division.

DOT/FRA 116.

System name: Work Measurement System. DOT/FRA.

System location: Department of Transportation (DOT),

Federal Railroad Administration (FRA),
Office of Management Systems, RAD-20,
400 7th Street, SW, Room 5418,
Washington, DC 20590.

Categories of individuals covered by the system: All employees of the Federal Railroad Administration.

Categories of records in the system: Work Measurement Reports submitted by individuals.

Routine uses of records maintained in the system, including categories of users and the purposes of such uses:

Staffing and manpower justifications.
Budget presentations.
Review of performance efficiency and effectiveness to FRA objectives.
Reports to BLS, JFMIP, and other interested productivity oriented agencies.

See Prefatory Statement of General Routine Uses.

Policies and practices for storing, retrieving, accessing, retaining, and disposing of records in the system:

Storage: Magnetic tape (mag-tape).

Retrievability: By payroll identification number

Safeguards: Computer safeguards maintained by DOT Transportation programs are sensitive file retrieval computer systems.

Retention and disposal: Mag-tape is kept for 5 years, computer printouts retained 2 years. Disposal by usual disposal methods.

System manager(s) and address: Director, Office of Management Systems, RAD-20,

Department of Transportation,
Federal Railroad Administration,
400 7th Street, SW, Room 5418,
Washington, DC 20590.

Notification procedure: Inquiries may be addressed to the System Manager either in person or in writing.

Record access procedures: Access of records requires the individual to contact in person or write the System Manager.

Contesting record procedures: Contest of a record is also through the System Manager. If resolvement is not possible through the System Manager, an appeal may be filed in writing with the Secretary of Transportation addressed as follows:

Department of Transportation,
Federal Railroad Administration,
Office of the Chief Counsel,
400 7th Street, SW,
Washington, DC 20590.

Record source categories: Input from FRA employees on FRA Form F 53, Work Measurement Report.

DOT/FRA 118.

System name: Transportation Test Center Cost Tracking System DOT/FRA.

System location: Department of Transportation (DOT),

Federal Railroad Administration (FRA),
Transportation Test Center,
Pueblo, CO 81001.

Categories of individuals covered by the system: Operations and Maintenance (O&M) contractor employees.

Categories of records in the system: Employee weekly time cards

Employee work order charges.

Routine uses of records maintained in the system, including categories of users and the purposes of such uses: For the individual's use.

Administrative reference material.
Budgetary information material.
Technical information material.
DOT/FRA and other Government agencies that need Project/Work Order Cost Accounting Data.
Statistical purposes such as labor utilization assessment.
See Prefatory Statement of General Routine Uses.

Policies and practices for storing, retrieving, accessing, retaining, and disposing of records in the system:

Storage: O&M contractor employee labor distribution records are stored on magnetic tape files.

Retrievability: The system is indexed by name and employee clock number.

Safeguards: Primary system record input and output control is assigned to the Operations and Maintenance Contractor Accounting Office which functions as a single point interface with data processing operations.

Retention and disposal: Employee labor distribution records are retained in fiscal year transaction history files on magnetic tapes. Input document (employee time cards) and printed output are disposed of after three years from termination of the O&M contract.

System manager(s) and address: Director, Transportation Test Center,

Department of Transportation,
Federal Railroad Administration,
Pueblo, CO 81001.

Notification procedure: Any individual who wishes to inquire about whether this system of records applies to him may request confirmation from the System Manager.

Record access procedures: An individual may gain access to his records by request to the System Manager who will notify the appropriate O&M Project Manager.

Contesting record procedures: Contest of record content will be with the System Manager. If resolvement at this level is not satisfactory the individual may file an appeal in writing with the Secretary of Transportation addressed as follows:

Department of Transportation,
Federal Railroad Administration,
Office of the Chief Counsel,
400 7th Street, SW, Room 5101,
Washington, DC 20590.

Record source categories: Employee time cards.

DOT/FRA 119.

System name: Transportation Test Center Operations and Maintenance Contractor Personnel Information System. DOT/FRA.

System location: Department of Transportation (DOT),

Federal Railroad Administration (FRA),
Transportation Test Center,
Pueblo, CO 81001.

Categories of individuals covered by the system: Operations and Maintenance (O&M) contractor officials and employees.

Categories of records in the system: Time, attendance, and leave data.

Payroll data.
Payroll computation and history.
Personnel records.
Personnel management records.

Routine uses of records maintained in the system, including categories of users and the purposes of such uses: Personnel status reports.

Personnel strength reports.
Payroll computation and related reports.
Accrued leave and use.
Labor distribution and accounting reports.
Personnel management, budget, and turnover reports.
Reports to IRS, commercial banks, retirement funds, etc.

Policies and practices for storing, retrieving, accessing, retaining, and disposing of records in the system:

Storage: Integrated data base on magnetic tape.

Retrievability: By employee name, unit and clock number.

Safeguards: Access to the data base is limited to computer programs.

Outputs from computer programs are disclosed only to employees or officials in discharge of their official duties.
Primary control is achieved through a separation of functions wherein no one person is responsible for the input processing and auditing of any given transaction.

Retention and disposal: Individual records are deleted from the automated data base at the end of the calendar year in which Transportation Test Center employment is terminated.

Input documents and printed outputs are disposed of by shredding, burning or transfer to a records center per agency schedules.

System manager(s) and address: Director, Transportation Test Center,

Department of Transportation,
Federal Railroad Administration,
Pueblo, CO 81001.

Notification procedure: Any individual who wishes to inquire about whether this system of records applies to him may request confirmation from the System Manager.

Record access procedures: An individual may gain access to his records by request to the System Manager who will notify the appropriate O&M Project Manager.

Contesting record procedures: Contest of record content will be with the System Manager. If resolvement at this level is not satisfactory the individual may may appeal in writing to the Secretary of Transportation, addressed as follows:

Department of Transportation,
Federal Railroad Administration,
Office of the Chief Counsel,
400 7th Street, SW, Room 5101,
Washington, DC 20590.

Record source categories: Official Personnel folders.

Time, attendance and leave records.
Organizational code structure.
Computations and historical record of pay.

DOT/NHTSA 400.

System name: National Highway Safety Advisory Committee Membership/Nominee Files. DOT/NHTSA.

System location: Department of Transportation (DOT),

National Highway Traffic Safety Administration (NHTSA),
400 7th Street, SW, Room 5215-D,
Washington, DC 20590.

Categories of individuals covered by the system: Members, past members, and nominees for membership on a committee dealing with highway safety.

Categories of records in the system: Biographical information (date and place of birth; education; current and past experience)

Appointment papers (oath, withholding form)
Photograph.
Travel vouchers.
Compensation payment forms.
Miscellaneous correspondence from and to members.

Routine uses of records maintained in the system, including categories of users and the purposes of such uses: Files are maintained on members and nominees for use in specific situations, i.e., biographical information to be used for meetings, conferences, news articles when pertinent and when needed for recommendations for membership on committee.

Used only by support staff members.
See Prefatory Statement of General Routine Uses.

Policies and practices for storing, retrieving, accessing, retaining, and disposing of records in the system:

Storage: File folders.

Retrievability: By individual name

Safeguards: Locked files.

Retention and disposal: Records are stored indefinitely.

System manager(s) and address: Executive Secretary,

Department of Transportation,
National Highway Traffic Safety Administration,
400 7th Street, SW, Room 5215,
Washington, DC 20590.

Notification procedure: Department of Transportation,

National Highway Traffic Safety Administration,
Office of the Executive Secretary,
Privacy Act Coordinator,
400 7th Street, SW, Room 5217,
Washington, DC 20590.

Record access procedures: See 'Notification Procedure' above

Contesting record procedures: See 'Notification Procedure' above

Record source categories: All information has been obtained from the individual upon appointment to the advisory committee, or, in the case of nominees, on that individual's behalf by another person or organization.

DOT/NHTSA 401.

System name: Docket System. DOT/NHTSA.

System location: Department of Transportation (DOT),

National Highway Traffic Safety Administration (NHTSA),
Informatics Inc.,
6000 Executive Boulevard,
Rockville, MD 20852

Categories of individuals covered by the system: Individuals who have commented on notices of NHTSA appearing in the Federal Register.

Authors of reports which are added to the docket as background information.

Categories of records in the system: Summary of the nature of the comment or the report, date written and filed, author affiliation.

Routine uses of records maintained in the system, including categories of users and the purposes of such uses: To gather information on responses to rules promulgated by NHTSA. Users are both NHTSA staff members and public.

Other uses include searching for background data on standards, determining areas for further research, and preparation for litigation.
See Prefatory Statement of General Routine Uses.

V 42 I 181 SEP 19 77 UMI

Policies and practices for storing, retrieving, accessing, retaining, and disposing of records in the system:

Storage: Magnetic tape.

Retrievability: By individual name.

Safeguards: Records are maintained in a Technical Reference Library.

Retention and disposal: Indefinitely held.

System manager(s) and address: Chief, Technical Services Division, Department of Transportation,
National Highway Traffic Safety Administration,
Office of Management System,
400 7th Street, SW,
Washington, Dc 20590.

Notification procedure: Department of Transportation,
National Highway Traffic Safety Administration,
Office of Management Systems,
Technical Reference Branch,
400 7th Street, SW, Room 5108,
Washington, DC 20590.

Record access procedures: Same as 'Notification Procedure' above.

Contesting record procedures: Same as 'Notification Procedure' above.

Record source categories: From letters freely sent to NHTSA by the public; publications used by engineers in writing standards.

DOT/NHTSA 402.

System name: Highway Safety Literature Personal Author File. DOT/NHTSA.

System location: Department of Transportation (DOT),
National Highway Traffic Safety Administration (NHTSA),
Informatics Inc.,
6000 Executive Boulevard,
Rockville, MD 20852.

Categories of individuals covered by the system: Writers of technical articles and reports who have authored publications selected for inclusion in the abstract journal Highway Safety Literature.

Categories of records in the system: Bibliographic information giving title of article, book, or paper written; journal or other publication in which it appears; date of publication; abstract.

The file is similar in nature to the card catalog of a library.

Routine uses of records maintained in the system, including categories of users and the purposes of such uses: Users are principally NHTSA staff members and their contractors who require literature searches prior to performing research.

See Prefatory Statement of General Routine Uses.

Policies and practices for storing, retrieving, accessing, retaining, and disposing of records in the system:

Storage: Magnetic tape.

Retrievability: By individual name.

Safeguards: Records are stored in file cabinets.

Retention and disposal: Records are maintained indefinitely.

System manager(s) and address: Chief, Technical Services Division,
Department of Transportation,
National Highway Traffic Safety Administration,
400 7th Street, SW,
Washington, DC 20590.

Notification procedure: Department of Transportation,
National Highway Traffic Safety Administration,
Technical Reference Branch,
400 7th Street, SW, Room 5108,
Washington, DC 20590.

Record access procedures: Same as 'Notification Procedure' above.

Contesting record procedures: Same as 'Notification Procedure' above.

Record source categories: Publications related to highway safety.

DOT/NHTSA 403.

System name: Active Contract Run. DOT/NHTSA.

System location: Department of Transportation (DOT),
National Highway Traffic Safety Administration (NHTSA),
400 7th Street, SW, Room 5301,
Washington, DC 20590.

Categories of individuals covered by the system: NHTSA employees.

Categories of records in the system: List of names of contract specialists and contract technical managers managing active NHTSA contracts and agreements.

Routine uses of records maintained in the system, including categories of users and the purposes of such uses: Used in routine contract administration.

See Prefatory Statement of General Routine Uses.

Policies and practices for storing, retrieving, accessing, retaining, and disposing of records in the system:

Storage: Punch cards.

Retrievability: By individual name.

Safeguards: Records are maintained in a secured offfice.

Retention and disposal: Retained for life of contract; destroyed when no longer needed.

System manager(s) and address: Director, Office of Contracts and Procurement,
Department of Transportation,
National Highway Traffic Safety Administration,
400 7th Street, SW,
Washington, DC 20590.

Notification procedure: Department of Transportation,
National Highway Traffic Safety Administration,
Director, Office of Contracts and Procurement,
400 7th Street, SW,
Washington, DC 20590.

Record access procedures: Department of Transportation,
National Highway Traffic Safety Administration,
Director, Office of Contracts and Procurement,
400 7th Street, SW,
Washington, DC 20590.

Contesting record procedures: Department of Transportation,
National Highway Traffic Safety Administration,
Director, Office of Contracts and Procurement,
400 7th Street, SW,
Washington, DC 20590.

Record source categories: Employee job assignments.

DOT/NHTSA 404.

System name: Alcohol Projects. DOT/NHTSA.

System location: In connection with the Alcohol Safety Action Program of the:
Department of Transportation (DOT),
National Highway Traffic Safety Administration (NHT);
Systems of records are maintained at various locations, as follows:
ASAP Staff Office and ASAP Probation,
22nd floor, City Hall,

Oklahoma City, OK 73102.
Puerto Rico ASAP,
Traffic Safety Commission,
P.O. Box F.I.,
Santurce, PR 00910.

Categories of individuals covered by the system: Vehicle operators having committed alcohol-related driving violations.

Categories of records in the system: DMV records, police arrest and citation records, court and probation records, various official and social services rehabilitation records, and voluntary personal interviews.

Routine uses of records maintained in the system, including categories of users and the purposes of such uses:

Records are used to evaluate the status of activities within a project, including the status of different groups for purposes of subsequent comparison and analysis, such as recidivism rates. Reports and management information are compiled, using statistical and comparative analysis of the records, which may be released to relevant authorities mon- itoring the progress of the project.

Data contained in these systems of records may be routinely distributed to the lower courts,police departments, public health services, probation authorities, or juvenile and rehabilitation services within the system if that agency's purpose for maintaining the records is compatible with the Project usage.

See Prefatory Statement of General Routine Uses.

Policies and practices for storing, retrieving, accessing, retaining, and disposing of records in the system:

Storage: Punch-card, disk, paper files, magnetic tape.

Retrievability: Individual name, ID number, social security number.

Safeguards: Locked file cabinet, code and restricted access.

Retention and disposal: Two years after project termination.

System manager(s) and address: Chief, Demonstration Management Division,
Department of Transportation,
National Highway Traffic Safety Administration,
Office of Driver and Pedestrian Programs,
400 7th Street, SW, Room 5130,
Washington, DC 20590.

Notification procedure: Same as Location.

Record access procedures: Letter of request to the System Manager (see address above) with notarized statement as to personal identification.

Contesting record procedures: See address of 'System Manager' above.

Record source categories: Local law enforcement, court, health, and motor vehicle division records.

V 42 I 181 SEP 1977 UMI

DOT/NHTSA 405.

System name: Debarred Bidders List. DOT/NHTSA.

System location: Department of Transportation (DOT),
National Highway Traffic Safety Administration (NHTSA),
400 7th Street, SW, Room 5301,
Washington, DC 20590.
Region IV Headquarters,
1720 Peachtree Road, NW,
Suite 400,
Atlanta, GA 30309.
Region IX Headquarters,
3140 Federal Building,
915 Second Avenue,
Seattle, WA 98174.

Categories of individuals covered by the system: Various individuals, who have committed offenses which require that they be barred from bidding or employment with the Federal government.

Categories of records in the system: Printed Notice from FHWA. Names of individuals.

Routine uses of records maintained in the system, including categories of users and the purposes of such uses: Used to identify ineligible individuals debarred from bidding on U.S. Government requirements.

See Prefatory Statement of General Routine Uses.

Policies and practices for storing, retrieving, accessing, retaining, and disposing of records in the system:

Storage: Paper copy of original document.

Retrievability: If an individual is the bidder, retrieved by individual name.

Safeguards: Locked file.

Retention and disposal: Records are maintained until an updated issuance is received.

Disposal is by manual shredding.

System manager(s) and address: Director, Office of Contracts and Procurement,
Department of Transportation,
National Highway Traffic Safety Administration,
400 7th Street, SW,
Washington, DC 20590.

Notification procedure: Apply to address in 'System Location' above.

Record access procedures: Same as 'System Manager' above.

Contesting record procedures: Same as 'System Manager' above.

Record source categories: From the Federal Highway Administration (FHWA) and the Federal Aviation Administration (FAA).

DOT/NHTSA 406.

System name: Diagnostic Inspection Demonstration Project. DOT/NHTSA.

System location: Department of Transportation (DOT),
National Highway Traffic Safety Administration (NHTSA),
Computer Sciences Corporation,
6231 Leesburg Pike,
Falls Church, VA 22046.
State Demonstration Project Office,
Huntsville, AL.
Demonstration Project Office,
Washington, DC.
State Demonstration Project Office,
Chattanooga, TN.
Demonstration Project Office,
San Juan, PR.
State Demonstration Project Office,
Phoenix, AZ.
Department of Transportation,
Commonwealth of Puerto Rico,
San Juan, PR.

Categories of individuals covered by the system: Auto vehicle owners.

Categories of records in the system: For each automobile inspected in the program, the diagnostic inspection records contain pass/fail/advise information on each safety or emissions related item inspected at each state inspection facility. These inspection items include:

Federal vehicle-in-use inpsection standards and EPA emission standards.
Individual state statutory inspection requirements.
Other inspection items as added by each participating state.
In addition to these P/F/A results, quantitative data are included on emissions, front-end alignment and engine analysis. The original hard copy also contains the name and address of participating motorists.
System repair cost records contain the parts and labor costs associated with the inspection results. Most of the original repair cost data-forms contain the name and address of the repair facility as well as the name and address of the participating motorist.

Routine uses of records maintained in the system, including categories of users and the purposes of such uses: The system is routinely used monthly by CSC to perform in-progress evaluations for NHTSA project personnel on the evaluation areas specified in Title III of the Motor Vehicle Information and Cost Savings Act (PL 92-513).

See Prefatory Statement of General Routine Uses.

Policies and practices for storing, retrieving, accessing, retaining, and disposing of records in the system:

Storage: Magnetic tape, punched card, and hard copy original data forms.

Retrievability: Computer stored data are indexed by vehicle identification number (VIN), vehicle year, vehicle make/model code, and inspection site code; the hard copy original data forms are indexed by VIN and cross-indexed by vehicle owner name and address.

Safeguards: For computer stored information standard security established by GSA users of INFONET is used, computer system access is limited to authorized users; the hard copy original data forms are stored in locked file cabinets after handling and keypunching by authorized project personnel.

Retention and disposal: All records will be retained by the contractor for the duration of the contract; at the conclusion of the contract the contractor will furnish to NHTSA all data forms, data tape records, and punched cards developed and received as a result of the contract.

System manager(s) and address: Chief, Engineering and Demonstration Division,
Department of Transportation,
National Highway Traffic Safety Administration,
Office of State Vehicle Program,
400 7th Street, SW,
Washington, DC 20590.

Notification procedure: Apply to applicable address in 'System Location' above.

Record access procedures: Same as 'System Manager' above.

Contesting record procedures: Same as 'System Manager' above.

Record source categories: State and local vehicle records; gathered from voluntary interviews.

DOT/NHTSA 407.

System name: Dynamic Sled Tests of Human Volunteer Subjects. DOT/NHTSA.

System location: Department of Transportation (DOT),
National Highway Traffic Safety Administration (NHTSA),
Southwest Research Institute,
8500 Culebra Road,
Post Office Drawer 28510,
San Antonio, TX 78284.

Categories of individuals covered by the system: Human volunteer test subjects.

Categories of records in the system: Results of pre-test and post-test physical examinations, briefing and debriefing questionnaires, voluntary consent and briefing statements, records of payment for each test exposure, electrocardiogram traces, test results, tape recordings of briefing and debriefing questions and answers.

High speed motion picture films and still photographs.

Routine uses of records maintained in the system, including categories of users and the purposes of such uses: Research reference.

See Prefatory Statement of General Routine Uses.

Policies and practices for storing, retrieving, accessing, retaining, and disposing of records in the system:

Storage: Records are stored in locked file cabinets.

Retrievability: Indexed by test, number, coded volunteer number, social security number, name.

Safeguards: Coded numbers to identify each volunteer and protect their anonymity.

Retention and disposal: 7 years, then disposed of by shredding.

System manager(s) and address: Contract Technical Manager,
Department of Transportation,
National Highway Traffic Safety Administration,
Structure Research Division, N43-12,
400 7th Street, SW,
Washington, DC 20590.

Notification procedure: Department of Transportation,
National Highway Traffic Safety Administration,
Structures Research Division,
Contract Technical Manager,
400 7th Street, SW,
Washington, DC 20590.

Record access procedures: Send letter of request for information to System Manager or SWRI.

Contesting record procedures: Send letter of request for information to System Manager or SWRI.

Record source categories: Human tests of Allied Inflataband completed in May 1975

DOT/NHTSA 408.

System name: Experts and Consultants List. DOT/NHTSA.

System location: Department of Transportation (DOT),
National Highway Traffic Safety Administration (NHTSA),
Office of Contracts and Procurement,
400 7th Street, SW, Room 5301,
Washington, DC 20590.

Categories of individuals covered by the system: Individuals desiring to serve as experts and consultants.

Categories of records in the system: Professional abilities of individuals.

Routine uses of records maintained in the system, including categories of users and the purposes of such uses: Used to provide identification of individuals available to serve as experts and consultants.

See Prefatory Statement of General Routine Uses.

Policies and practices for storing, retrieving, accessing, retaining, and disposing of records in the system:

Storage: Material is stored on bonded paper.

Retrievability: By individual name.

Safeguards: Records are stored in a secured office area.

Retention and disposal: Indefinite and discarded when no longer needed.

System manager(s) and address: Director, Office of Contracts and Procurement,
Department of Transportation,
National Highway Traffic Safety Administration,
Office of Contracts and Procurement,

915 Second Avenue,
Seattle, WA 98174.
Region IV, NHTSA,
Suite 400,
1720 Peachtree Road, NW
Atlanta, GA 30309.

Categories of individuals covered by the system: Individuals suspected of violation of FMVSS.

Categories of records in the system: Data gathered regarding alleged non-compliance of FMVSS.

Routine uses of records maintained in the system, including categories of users and the purposes of such uses: Information is used to assist investigations of alleged violators, and in the effort to secure proper compliance.

See Prefatory Statement of General Routine Uses.

Policies and practices for storing, retrieving, accessing, retaining, and disposing of records in the system:

Storage: Paper file, microfilm, disc.

Retrievability: Fiscal year, date, name, number.

Safeguards: Stored in locked file cabinets in a security room.

Retention and disposal: Indefinite or until obsolete.

System manager(s) and address: Associate Administrator, Motor Vehicle Programs,
Department of Transportation,
National Highway Traffic Safety Administration,
400 7th Street, SW,
Washington, DC 20590.

Notification procedure: Write or visit applicable office at address in 'System Location' above.

Record access procedures: Same as 'System Manager' above.

Contesting record procedures: Same as 'System Manager' above.

Record source categories: Manufacturers, importation officials, dealers, purchasers, inspector, informants.

DOT/NHTSA 410.

System name: General Public Inquiries. DOT/NHTSA.

System location: Department of Transportation (DOT),
National Highway Traffic Safety Administration (NHTSA),
Office of the Executive Secretary,
400 7th Street, SW, Room 5217,
Washington, DC 20590.

Categories of individuals covered by the system: Inquiries from the general public.

Categories of records in the system: Control cards identifying incoming correspondence from individuals who are requesting information, jobs, device - testing, etc.

Routine uses of records maintained in the system, including categories of users and the purposes of such uses: Reference purposes.

See Prefatory Statement of General Routine Uses.

Policies and practices for storing, retrieving, accessing, retaining, and disposing of records in the system:

Storage: Filed in trays in file cabinet.

Retrievability: By individual name or control number.

Safeguards: Conserva-Files; locked when not in use.

V 42 181 SEP 19 77 UMI

Retention and disposal: Records are retained for one year and are then disposed of.

System manager(s) and address: Executive Secretary,
Department of Transportation,
National Highway Traffic Safety Administration,
Office of the Executive Secretary,
400 7th Street, SW,
Washington, DC 20590.

Notification procedure: Department of Transportation,
National Highway Traffic Safety Administration,
Office of the Executive Secretary,
Privacy Act Coordinator,
400 7th Street, SW,
Washington, DC 20590.

Record access procedures: Same as 'Notification Procedure'.

Contesting record procedures: Same as 'Notification Procedure'.

Record source categories: Individuals and organizations.

DOT/NHTSA 411.

System name: General Public Correspondence System. DOT/NHTSA.

System location: Department of Transportation (DOT),
National Highway Traffic Safety Administration (NHTSA),
Office of the Executive Secretary,
400 7th Street, SW, Room 5217,
Washington, DC 20590.

Categories of individuals covered by the system: Individuals who have requested information or advice.

Categories of records in the system: Files containing correspondence with individuals who have requested information or advice on promoting devices.

Routine uses of records maintained in the system, including categories of users and the purposes of such uses: Reference purposes.
See Prefatory Statement of General Routine Uses.

Policies and practices for storing, retrieving, accessing, retaining, and disposing of records in the system:

Storage: In file folders.

Retrievability: By individual name.

Safeguards: Conserva-Files; locked when not in use.

Retention and disposal: Records are retained for one year and are then disposed of.

System manager(s) and address: Executive Secretary,
Department of Transportation,
National Highway Traffic Safety Administration,
Office of the Executive Secretary,
400 7th Street, SW,
Washington, DC 20590.

Notification procedure: Department of Transportation,
National Highway Traffic Safety Administration,
Office of the Executive Secretary,
Privacy Act Coordinator,
400 7th Street, SW,
Washington, DC 20590.

Record access procedures: See 'Notificaton Procedure' above.

Contesting record procedures: See 'Notification Procedure' above.

Record source categories: Individuals.

DOT/NHTSA 412.

System name: Manpower Training File. DOT/NHTSA.

System location: Office of Governor's Highway Safety Representative in each State.

Categories of individuals covered by the system: Persons receiving highway safety training under 23 USC 402.

Categories of records in the system: Type and length of training and completion dates.

Routine uses of records maintained in the system, including categories of users and the purposes of such uses: Aggregation for report to Congress on total individuals trained.
See Prefatory Statement of General Routine Uses.

Policies and practices for storing, retrieving, accessing, retaining, and disposing of records in the system:

Storage: File folders.

Retrievability: By individual name.

Safeguards: Records are stored in file cabinets.

Retention and disposal: Records are retained for 3 years; then sent to State Archives.

System manager(s) and address: Chief, Manpower Development Division, N42-22,
Department of Transportation,
National Highway Traffic Safety Administration,
400 7th Street, SW,
Washington, DC 20590.

Notification procedure: Write or visit the System Manager in the applicable State Traffic Safety Commission Office.

Record access procedures: Same as 'Notification Procedure' above.

Contesting record procedures: Same as 'Notification Procedure' above.

Record source categories: Applications filed by individual or employer.

DOT/NHTSA 413.

System name: Odometer Rollback. DOT/NHTSA.

System location: Department of Transportation (DOT):
National Highway Traffic Safety Adminisnistration (NHTSA):
Region X Headquarters,
3140 Federal Building,
Seattle, WA 98174.
Region I Headquarters,
55 Broadway,
Cambridge, MA 02142.
Region II Headquarters,
200 Mamaroneck Avenue,
White Plains, NY 10601.
Region IV Headquarters,
1720 Peachtree Road, NW,
Suite 501,
Atlanta, GA 30309.
Region V Headquarters,
1010 Dixie Highway,
Executive Plaza, Suite 214,
Chicago Heights, IL 60411.
Region VI Headquarters,
819 Taylor Street,
Fort Worth, TX 76102.
Region VIII Headquarters,
330 South Garrison Street,
Lakewood, CO 80226.

Categories of individuals covered by the system: Private individuals who may be involved in odometer rollbacks.

Categories of records in the system: Alleged circumstances surrounding odometer rollbacks on used cars sold or offered for sale.

Routine uses of records maintained in the system, including categories of users and the purposes of such uses: Data is made available to legal authorities for appropriate action.
See Prefatory Statement of General Routine Uses.

Policies and practices for storing, retrieving, accessing, retaining, and disposing of records in the system:

Storage: File folders.

Retrievability: By individual name.

Safeguards: Locked file.

Retention and disposal: Retained indefinitely.

System manager(s) and address: Chief Counsel,
Department of Transportation,
National Highway Traffic Sagety Administration,
400 7th Street, SW, Room 5219,
Washington, DC 20590.

Notification procedure: Department of Transportation,
National Highway Traffic Safety Administration,
Office of the Chief Counsel,
400 7th Street, SW,
Washington, DC 20590.

Record access procedures: Same as 'System Manager' above.

Contesting record procedures: Same as 'System Manager' above.

Record source categories: Individual complaint by used car purchaser.

DOT/NHTSA 414.

System name: Youth Highway Safety Advisory Committee. DOT/NHTSA.

System location: Department of Transportation (DOT),
National Highway Traffic Safety Administration (NHTSA),
Office of the Executive Secretary,
400 7th Street, SW, Room 5215,
Washington, DC 20590.

Categories of individuals covered by the system: Nominees and past and present members of the Youth Highway Safety Advisory Committee.

Categories of records in the system: Appointment affidavits; resume's; photographs; travel vouchers.

Routine uses of records maintained in the system, including categories of users and the purposes of such uses: For budget purposes.
Selection of nominees for Youth Highway Safety Advisory Committee (when nominations come up).
Used by the Administrator's Office (NHTSA) and the Secretary of Transportation Office.
See Prefatory Statement of General Routine Uses.

Policies and practices for storing, retrieving, accessing, retaining, and disposing of records in the system:

Storage: In file folders; (originals and carbons).

Retrievability: By individual name.

Safeguards: Records are stored in locked file cabinets.

Retention and disposal: Retained for 10 years; then sent to storage.

System manager(s) and address: Executive Secretary, N 40-10,
Department of Transportation,
National Highway Traffic Safety Administration,
Office of the Executive Secretary,
400 7th Street, SW,
Washington, DC 20590.

Notification procedure: Department of Transportation,
National Highway Traffic Safety Administration,
Office of the Executive Secretary,
Privacy Act Coordinator,
400 7th Street, SW,
Washington, DC 20590.

Record access procedures: Same as 'Notification Procedure' above.

Contesting record procedures: Same as 'Notification Procedure' above.

Record source categories: From the individuals themselves.

DOT/NHTSA 415.

System name: Motor Vehicle Defects. DOT/NHTSA.

System location: Department of Transportation (DOT),
National Traffic Safety Highway Adminsitration (NHTSA),
Office of Defects Investigation,
400 7th Street, SW, Rooms 5234/5108,
Washington, DC 20590.
Kappa Systems, Inc.,
1500 Wilson Boulevard,
Arlington, VA 22209.
Comnet Corp.,
5185 McArthur Boulevard, NW,
Washington, DC 20016.
Region VIII Headquarters, NHTSA,
330 South Garrison Street,
Denver, CO 70226.

Categories of individuals covered by the system: Vehicle owners.

Categories of records in the system: Vehicle identification, vehicle problem, vehicle owner.

Routine uses of records maintained in the system, including categories of users and the purposes of such uses: Check complaints about vehicle defects to spot trends, resulting in investigations of the vehicle model.
See Prefatory Statement of General Routine Uses.

Policies and practices for storing, retrieving, accessing, retaining, and disposing of records in the system:

Storage: Disc pack and paper file.

Retrievability: Identification Number.

Safeguards: Coded.

Retention and disposal: Three years or indefinite.

System manager(s) and address: Chief, Information Processing Staff,
Department of Transportation,
National Highway Traffic Safety Administration,
Office of Defects Investigation,
400 7th Street, SW,
Washington, DC 20590.

Notification procedure: Write or visit the applicable address in 'System Location' above.

Record access procedures: Same as 'System Manager' above.

Contesting record procedures: Same as 'System Manager' above.

Record source categories: General public, State highway offices, insurance companies, vehicle manufacturers.

DOT/NHTSA 416.

System name: Offerors Data Bank. DOT/NHTSA

System location: Department of Transportation (DOT),
National Highway Traffic Safety Administration (NHTSA),
Office of Contracts and Procurement,
400 7th Street, SW, Room 5301,
Washington, DC 20590.

Categories of individuals covered by the system: Individual on the offerors mailing list.

Categories of records in the system: History of response or non-response to Requests for Proposal provided to the individuals.

Routine uses of records maintained in the system, including categories of users and the purposes of such uses: Used to provide history of responses to Requests for Proposal.
Used as a purging system for the offerors mailing list.
See Prefatory Statement of General Routine Uses.

Policies and practices for storing, retrieving, accessing, retaining, and disposing of records in the system:

Storage: Forms, magnetic tape.

Retrievability: Name, codes of contractual fields of interest.

Safeguards: Records are stored in a locked file cabinet.

Retention and disposal: Indefinitely; destroyed when no longer needed.

System manager(s) and address: Director, Office of Contracts and Procurement,
Department of Transportation,
National Highway Traffic Safety Administration,
400 7th Street, SW,
Washington, DC 20590.

Notification procedure: Department of Transportation,
National Highway Traffic Safety Administration,
Director, Office of Contracts and Procurement,
400 7th Street, SW,
Washington, DC. 20590.

Record access procedures: Department of Transportation,
National Highway Traffic Safety Administration,
Director, Office of Contracts and Procurement,
400 7th Street, SW,
Washington, DC 20590.

Contesting record procedures: Department of Transportation,
National Highway Traffic Safety Administration,
Director, Office of Contracts and Procurement,
400 7th Street, SW,
Washington, DC 20590.

Record source categories: Information from individual letters or proposal submissions to Requests for Proposal.

DOT/NHTSA 417.

System name: National Driver Register (NDR). DOT/NHTSA.

System location: Department of Transportation (DOT),
National Highway Traffic Safety Administration (NHTSA),
Office of Driver and Pedestrian Programs,
National Driver Register Office,
2100 2nd Street, SW, Room 3214,
Washington, DC 20590.
Master file is located at:
Transportation Computer Center,
400 7th Street, SW, Room 2401,
Washington, DC 20590.

V 42 181 SEP 1977 UMI

Categories of individuals covered by the system: Persons who have had their driver's license denied, withdrawn, revoked or suspended as reported by State/Territorial driver licensing authorities.

Categories of records in the system: NDR records include: the reporting jurisdiction, the subject's full name, other names used, date of birth, driver license number and/or social security number (if used by the reporting jurisdiction), sex, height, weight, eye color, the reason for withdrawal, the date of the withdrawal, the date eligible for restoration of driving privilege and the date license was actually restored.

It should be noted that very frequently the physical data is not provided by the reporting agency.

Routine uses of records maintained in the system, including categories of users and the purposes of such uses: Provide identification of drivers who have had their licenses withdrawn, suspended, revoked or otherwise denied in response to inquiries from State or Federal driver licensing agencies relative to driver license applicants.

See Prefatory Statement of General Routine Uses.

Policies and practices for storing, retrieving, accessing, retaining, and disposing of records in the system:

Storage: The NDR master file is maintained on magnetic tape.

Source data; i.e., manual input (forms, letters) are retained in that form.
Source data received on magnetic tape are converted into printed listings.
All source data is batch filed.

Retrievability: The magnetic tape master file is indexed by surname and refined by program application of screening criteria involving given names, date of birth and physical characteristics.

Source data batch files are indexed by the processing date as determined from test inquiry of the master file. A manual search of the appropriate batch is then required to access the specific record.

Safeguards: The master file is kept in the Transportation Computer Center, a limited access area.

The source data files are maintained in a building under surveillance of a 24 hour guard force.
In addition, the spaces in which the files are maintained are equipped with lockable doors which are locked when vacated.
All personnel are cleared for the equivalent of secret classified matter.
In addition, all NDR employees are orally briefed on NDR security requirements and their responsibilities.

Retention and disposal: Master file records are retained for seven or five years depending on the reason for withdrawal of the individual's license.

Withdrawals for drunk driving, hit and run, fatal accident, felony and misrepre- sentation are retained for seven years.
Records of 'habitual offenders' as stipulated by certain states are retained indefinitely, unless otherwise requested by the reporting state.
All other master file records are retained for five years.
Source data files are retained for one year.
Magnetic tape records are erased by degaussing, using 86db degaussing equipment, prior to disposing of the tapes.
Paper source data reports of withdrawal are destroyed by shredding.

System manager(s) and address: Chief, National Driver Register,
Department of Transportation,
National Highway Traffic Safety Administration,
Office of Driver and Pedestrian Programs,
2100 2nd Street, SW, Room 3214,
Washington, DC 20590.

Notification procedure: Mailed inquiries should be addressed as above under 'System Manager.'

For inquiries made in person, the inquirer should present himself at the National Driver Register office at the following location:
400 2nd Street, SW, Room 3214,
Washington, DC 20590.
In order to conduct a file search the requesting party must provide:
Full legal name,
Other names used (nickname, professional name, maiden name),
Date of birth,
Place of birth (City, State or Foreign Country),
Sex,
Height,
Weight,
Color of eyes,
Social security number and/or driver license number (provision of the social security number is voluntary).
In addition, although not mandatory, it would help to more positivly identify any records we may have concerning the inquirer if the following information is included:
The reason his/her driver license was withdrawn or denied.
The date of the action.
The State which took the action.
An inquirer presenting himself/herself in person should have at least two means of identification sufficient to reasonably insure that he/she is who he/she purports to be.
For mailed inquiries the foregoing identification elements should be included in the form of a notarized affidavit and addressed to the System Manager. A form for this purpose will be provided by the National Driver Register office upon request. Use of this form is optional.

Record access procedures: An individual desiring to obtain information on procedures to obtain his or her record (s) should contact the Chief, National Driver Register, at the address under 'System Manager' above.

Contesting record procedures: To obtain information on procedures to contest records one should contact the Chief, National Driver Register at the address in 'System Manager' above.

With regard to contesting records it must be realized that the file is made up of State records. As such, these can only be changed or corrected by the reporting State. The records in the driver Register file are changed only when advised by the originating jurisdiction.

Record source categories: The records comprising the National Driver Register file are provided by States, District of Columbia, Puerto Rico, Canal Zone, Virgin Islands and Guam driver licensing administrators or the agency within the jurisdictions responsible for such records.

DOT/NHTSA 418.

System name: National Motor Vehicle Safety Advisory Council Membership/Nominee Files. DOT/NHTSA.

System location: Department of Transportation (DOT),
National Highway Traffic Safety Administration (NHTSA),
Office of the Executive Secretary,
400 7th Street, SW, Room 5215-D,
Washington, DC 20590.

Categories of individuals covered by the system: Members, past members, and nominees for membership on the council dealing with motor vehicle safety.

Categories of records in the system: Biographical information (date and place of birth; education; current and past experience).

Appointment papers (oath; withholding form).
Photograph.
Travel vouchers, compensation payment forms.
Miscellaneous correspondence to and from members.

Routine uses of records maintained in the system, including categories of users and the purposes of such uses: Files are maintained on members and nominees for use in specific situations, i.e., biographical information to be used for meetings, conferences, news articles when pertinent, and when needed for recommendations for membership on council.

Used only by support staff members.
See Prefatory Statement of General Routine Uses.

Policies and practices for storing, retrieving, accessing, retaining, and disposing of records in the system:

Storage: File folders.

Retrievability: By individual name.

Safeguards: Records are maintained in locked file cabinets.

Retention and disposal: Since establishment of this council no membership or nominee file has been destroyed or retired.

System manager(s) and address: Executive Secretary,
Department of Transportation,
National Highway Traffic Safety Administration,
Office of the Executive Secretary,
400 7th Street, SW, Room 5215,
Washington, DC 20590.

Notification procedure:
Department of Transportation,
National Highway Traffic Safety Administration,
Office of the Executive Secretary,
Privacy Act Coordinator,
400 7th Street, SW, Room 5217,
Washington, DC 20590.

Record access procedures: Same as 'Notification Procedure' above.

Contesting record procedures: Same as 'Notification Procedure' above.

Record source categories: All information has been obtained from the individual upon appointment to the advisory council or, in the case of nominees, on that individual's behalf by another person or organization.

DOT/NHTSA 421.

System name: Survey of Recreational Vehicle Suspensions. DOT/NHTSA.

System location: Department of Transportation (DOT),
National Highway Traffic Safety Administration (NHTSA),
Office of Defects Investigation,
400 7th Street, SW, Room 5330,
Washington, DC 20590.
Records are also stored at:
Pioneer Engineering & Manufacturing Company,
2500 E. Nine Mile Road,
Warren, MI.

Categories of individuals covered by the system: 6,400 owners of recreational vehicles surveyed for on-the-road load characteristics of the vehicles.

Categories of records in the system: Vehicle loads, vehicle identification, vehicle component identification and owner or driver identification.

Routine uses of records maintained in the system, including categories of users and the purposes of such uses: Survey analysis and evaluation.

See Prefatory Statement of General Routine Uses.

Policies and practices for storing, retrieving, accessing, retaining, and disposing of records in the system:

Storage: Punch cards.

Retrievability: The information is stored on punch cards and retrievable by survey identification number or type, year and make of vehicle but not by owner's name.

Safeguards: The record cards are stored in locked file cabinets.

Retention and disposal: Upon completion, all related investigations' data will be destroyed via normal Coast Guard record destruction methods.

System manager(s) and address: Contract Technical Manager,
Department of Transportation,
National Highway Traffic Safety Adminstration,
Office of Defects Investigation,
400 7th Street, SW, Room 5330,
Washington, DC 20590.

Notification procedure: Department of Transportation,
National Highway Traffic Safety Administration,
Chief, Technical Reference Service,
400 7th Street, SW, Room 5108,
Washington, DC 20590.

Record access procedures: Same as 'System Manager' above.

Contesting record procedures: Same as 'System Manager' above.

Record source categories: The entire record was obtained from owners of recreational vehicles as they were found on the highways and from the manufacturers of vehicles. The information from the two sources were then combined for analysis and evaluation of recreational vehicle loading characteristics of the vehicle condition as found on the highways.

DOT/NHTSA 422.

System name: Temporary Exemption Petitions. DOT/NHTSA.

System location: Department of Transportation (DOT),
National Highway Traffic Safety Administration (NHTSA),
Office of Chief Counsel,
400 7th Street, SW, Room 5219,
Washington, DC 20590.

Categories of individuals covered by the system: Petitioners (commercial entities) seeking exemption from Federal motor vehicle safety standards.

Categories of records in the system: Income statement and balance sheets, production information.

Routine uses of records maintained in the system, including categories of users and the purposes of such uses: For consultation by attorneys while file is active; copies in public docket.

See Prefatory Statement of General Routine Uses.

Policies and practices for storing, retrieving, accessing, retaining, and disposing of records in the system:

Storage: Office files.

Retrievability: Temporary exemptions; filed by individuals' names.

Safeguards: Available only to the System Manager and his secretary.

Retention and disposal: Thus far all records have been retained.

System manager(s) and address: Senior Staff Attorney,
Department of Transportation,
National Highway Traffic Safety Administration,
Office of Chief Counsel,
400 7th Street, SW,
Washington, DC 20590.

Notification procedure: Department of Transportation,
National Highway Traffic Safety Administration,
Office of Chief Counsel,
400 7th Street, SW, Room 5219,
Washington, DC 20590.

Record access procedures: Department of Transportation,
National Highway Traffic Safety Administration,
Office of Chief Counsel,
400 7th Street, SW,
Washington, DC 20590.

Contesting record procedures: Same as 'Record Access Procedure'.

Record source categories: Submitted by petitioners.

DOT/NHTSA 423.

System name: Vendor Edit Table Listing (Employees). DOT/NHTSA.

System location: Department of Transportation (DOT),
National Highway Traffic Safety Administration (NHTSA),
Office of Financial Management,
400 7th Street, SW, Room 5115,
Washington, DC 20590.

Categories of individuals covered by the system: NHTSA employees.

Categories of records in the system: Employee name.

Employee number.
Residence - City, County, State, Zip Code.

Routine uses of records maintained in the system, including categories of users and the purposes of such uses: Employee travel orders are controlled by employee number to maintain a record of authorized travel and the related expenses for each trip. This file is assessed to match the employee number coded from the travel order and the voucher and for retrieval of this data for the travel report by organization and by individual.

See Prefatory Statement of General Routine Uses.

Policies and practices for storing, retrieving, accessing, retaining, and disposing of records in the system:

Storage: Magnetic Disc.

Retrievability: Table is indexed by employee number (vendor number).

Safeguards: System operators are identified as individuals given authority for processing data in terminal room.

No others are allowed access to data.
Job controls (JCL's) for retrieval of data are kept in locked cabinet under custody of System Manager.

Retention and disposal: Table maintenance is the responsibility of the System Manager who adds new employee data as it is received from Personnel Director. Deletions are also controlled by the System Manager, as employees retire or otherwise leave the agency

V 42 181
SEP 19 77
UMI

System manager(s) and address: Chief, Policies and Procedures Division,

Department of Transportation,
National Highway Traffic Safety Administration,
Office of Financial Management,
400 7th Street, SW,
Washington, DC 20590.

Notification procedure: Address inquiries to the Privacy Act Coordinator at the address under 'System Manager'. Requests for data may be made by any employee of NHTSA. Requests must be in writing and identify:

System Name: DOT/NHTSA FMS-940.
Employee number.
Employee name

Record access procedures: All inquiries as to procedures for gaining access to records shall be directed to:

Department of Transportation,
National Highway Traffic Safety Administration,
Office of Financial Management,
400 7th Street, SW, Room 5115,
Washington, DC 20590.

Contesting record procedures: Same as 'Record Access Procedure'

Record source categories: Source of data is from the Office of Personnel Management, NHTSA.

DOT/NHTSA 424.

System name: Offerors Mailing List. DOT/NHTSA.

System location: Department of Transportation (DOT),

National Highway Traffic Safety Administration (NHTSA),
Office of Contracts and Procurement,
400 7th Street, SW, Room 5301,
Washington, DC 20590.

Categories of individuals covered by the system: Offerors that may bid on Requests for Proposal as individuals.

Categories of records in the system: Offerors name, address, and NHTSA areas of interest that the offeror wishes to bid on.

Routine uses of records maintained in the system, including categories of users and the purposes of such uses: Used to identify suppliers to fulfill NHTSA requirements.

See Prefatory Statement of General Routine Uses.

Policies and practices for storing, retrieving, accessing, retaining, and disposing of records in the system:

Storage: Forms, magnetic tape

Retrievability: Name, codes of contractual field of interest.

Safeguards: The records are maintained in a secure area.

Retention and disposal: Indefinitely and destroyed when no longer needed.

System manager(s) and address: Director, Office of Contracts and Procurement,

Department of Transportation,
National Highway Traffic Safety Administration,
400 7th Street, SW,
Washington, DC 20590.

Notification procedure: Write or visit the System Manager at the address in 'System Manager' above.

Record access procedures: Same as 'Notification Procedure' above.

Contesting record procedures: Same as 'Notification Procedure' above.

Record source categories: From the individual himself.

DOT/NHTSA 427.

System name: Statement of Employment and Financial Interest. DOT/NHTSA.

System location: Department of Transportation (DOT),

National Highway Traffic Safety Administration (NHTSA),
Office of Personnel Management,
400 7th Street, SW, Room 5306,
Washington, DC 20590.

Categories of individuals covered by the system: Individuals encumbering positions listed in Appendix C of Part 99 Title 49 CFR.

Special government employees.

Categories of records in the system: Records contain Statements of Financial Interest including but not limited to stocks, bonds and real estate that are held by individuals whose records are in the system.

Routine uses of records maintained in the system, including categories of users and the purposes of such uses: Financial statements are reviewed by the Director, Office of Personnel Management or his delegate to ascertain conflicts or apparent conflicts of interest between the holdings of individuals and the discharge of the individual's official duties.

Assistance of the NHTSA Chief Counsel or his delegate may be secured in the determination process.
Where potential conflict may arise the individual is contacted by the Chief Counsel or his delegate to attempt to resolve the issue.
Should further action be necessary the Administrator NHTSA may attempt to resolve the issue.
If necessary, remedial action may be instituted to resolve the conflict.

See Prefatory Statement of General Routine Uses.

Policies and practices for storing, retrieving, accessing, retaining, and disposing of records in the system:

Storage: Records are stored on forms DOT F 3700.1 and DOT F 3700.2.

Retrievability: Records are retrieved by individual's name.

Safeguards: Records are stored in safes or locked files. Access is only by authorized individuals on a 'need to know' basis.

Personnel screening is employed to prevent unauthorized access.

Retention and disposal: Five years following termination of employment and then destroyed.

System manager(s) and address: Director, Office of Personnel Management,

Department of Transportation,
National Highway Traffic Safety Administration,
400 7th Street, SW, Room 5306,
Washington, DC 20590.

DOT/NHTSA 432.

System name: EEO Counseling Program and Discrimination Complaint File. DOT/NHTSA.

System location: Department of Transportation (DOT),

National Highway Traffic Safety Adminsitration (NHTSA),
Office of Civil Rights,
400 7th Street, SW, Room 5312,
Washington, DC 20590.

Categories of individuals covered by the system: NHTSA personnel or those seeking employment with NHTSA (clerical and professional).

Categories of records in the system: Detailed description of alleged discrimination.

Background and support material.
Transcripts of hearings.
Personnel evaluation forms.
Record of interviews.

Routine uses of records maintained in the system, including categories of users and the purposes of such uses: Used for reference to aid EEO investigations.

See Prefatory Sstatement of General Routine Uses.

Policies and practices for storing, retrieving, accessing, retaining, and disposing of records in the system:

Storage: Records are kept on the orgiginal forms.

Retrievability: Subject, individual's name.

Safeguards: Personnel screening; kept in locked files.

Retention and disposal: Retained indefinitely.

System manager(s) and address: Director, Office of Civil Rights,

Department of Transportation,
National Highway Traffic Safety Administration,
Office of Civil Rights,
400 7th Street, SW, Room 5312,
Washington, DC 20590.

Notification procedure: Department of Transportation,

National Highway Traffic Safety Administration,
Office of Civil Rights,
400 7th Street, SW, Room 5312, Washington, DC 20590.

Record access procedures: Department of Transportation,

National Highway Traffic Safety Administration,
Office of Public Affairs and Consumer Services,
400 7th Street, SW, Room 5232,
Washington, DC 20590.

Contesting record procedures: Same as 'Record Access Procedure'.

Record source categories: From interviews with the complainants, others involved in the alleged discrimination action.

DOT/NHTSA 433.

System name: Injuries, Illnesses, Motor Vehicle Accidents and Property Damages. DOT/NHTSA.

System location: Department of Trasnsportation (DOT),

National Highway Traffic Safety Administration (NHTSA),
Office of Management Systems,
General Services Division,
400 7th Street, SW, Room 5111,
Washington, DC 20590.

Categories of individuals covered by the system: Individuals involved in injuries on the job.

Individual Motor Vehicle accident reports.
Individual Property Damage reports.

Categories of records in the system: Accident Report - DOT F 3902.1.

Injury Report, Supplement - I - DOT F 3902.2.
Motor Vehicle Report, Supplement - M - DOT F 3902.3.
Property Damage Report, Supplement - P - DOT F 3902.4.
Log of Federal Occupational Injuries and Illnesses - DOT F 3902.8.

Routine uses of records maintained in the system, including categories of users and the purposes of such uses: Legal.

Security.
Budget.
Audit.
Personnel Management.
Investigation.
Recordkeeping.

See Prefatory Statement of General Routine Uses.

Policies and practices for storing, retrieving, accessing, retaining, and disposing of records in the system:

Storage: File folder.

Retrievability: Alphabetical, by individual's name.

Safeguards: File cabinet with lock.

Retention and disposal: Maintained for 5 years, then transferred to Archives.

System manager(s) and address: Chief, General Services Division,

Department of Transportation,
National Highway Traffic Safety Administration,
Office of Management Systems,
400 7th Street, SW, Room 5111,
Washington, DC 20590.

Notification procedure: Department of Transportation,

National Highway Traffic Safety Administration,
Office of Management Systems,
400 7th Street, SW,
Washington, DC 20590.

Record access procedures: Department of Transportation,

National Highway Traffic Safety Administration,
Chief Counsel,
400 7th Street, SW,
Washington, DC 20590.

Contesting record procedures: Same as 'Record Access Procedure'.

Record source categories: Individual to whom record pertains.

Investigations.
Reports of witnesses,

DOT/NHTSA 434.

System name: Government Driver Licenses. DOT/NHTSA.

System location: Department of Transportation (DOT),

National Highway Traffic Safety Administration (NHTSA),
Office of Management Systems,
General Services Division,
400 7th Street, SW, Room 5111,
Washington, DC 20590.

Categories of individuals covered by the system: Government drivers.

Categories of records in the system: Application for Operator's Identification Card.

V 42 I 181 SEP 19 77 UMI

Physical Fitness Inquiry for Motor Vehicle Operators.

Routine uses of records maintained in the system, including categories of users and the purposes of such uses: Records are used to verify that an applicant is qualified both legally and physically to operate a government vehicle.

See Prefatory Statement of General Routine Uses.

Policies and practices for storing, retrieving, accessing, retaining, and disposing of records in the system:

Storage: Records are stored on the original forms.

Retrievability: Alphabetical, by individual's name.

Safeguards: File cabinet with lock.

Retention and disposal: Records are maintained for 5 years, then Transferred to Archives.

System manager(s) and address: Chief, General Services Division,

Department of Transportation,
National Highway Traffic Safety Administration,
Office of Management Systems,
400 7th Street, SW,

400 7th Street, SW,
Washington, DC 20590.

Record access procedures: Department of Transportation,

National Highway Traffic Safety Administration,
Office of the Chief Counsel,
400 7th Street, SW,
Washington, DC 20590.

Contesting record procedures: Same as 'Record Access Procedure'.

Record source categories: Individual to whom record pertains.

National Driver Register.

DOT/NHTSA 435.

System name: Investigations and Security. DOT/NHTSA.

System location: Department of Transportation (DOT),

National Highway Traffic Safety Administration (NHTSA),
Office of Management Systems,
General Services Division,
400 7th Street, SW, Room 5111,
Washington, DC 20590.

Categories of individuals covered by the system: Employees who allegedly violate NHTSA security regulations.

Categories of records in the system: A memoranda specifying security violations.

Routine uses of records maintained in the system, including categories of users and the purposes of such uses: For security purposes.

See Prefatory Statement of General Routine Uses.

Policies and practices for storing, retrieving, accessing, retaining, and disposing of records in the system:

Storage: Stored on original form HS 154.

Retrievability: Individual's name and Organization.

Safeguards: Locked file cabinet.

Retention and disposal: Retained until completion of appropriate corrective action and/or disciplinary action.

System manager(s) and address: Security Coordinator, NHTSA.

Department of Transportation,
National Highway Traffic Safety Administration,
General Services Division,
400 7th Street, SW,
Washington, DC 20590.

Notification procedure: Department of Transportation,

National Highway Traffic Safety Administration,
Office of Management Systems, 400 7th Street, SW,
Washington, DC 20590.

Record access procedures: Department of Transportation,

National Highway Traffic Safety Administration,
Office of the Chief Counsel, 400 7th Street, SW, Washington,
DC 20590.

Contesting record procedures: Same as 'Record Access Procedure'.

Record source categories: Security Coordinator.

DOT/NHTSA 436.

System name: Contract Grievance Records. DOT/NHTSA.

System location: Department of Transportation (DOT),

National Highway Traffic Safety Administration (NHTSA),
Office of Personnel Management,
400 7th Street, SW, Room 5306,
Washington, DC 20590.

Categories of individuals covered by the system: Employees in the non-professional exclusive unit covered by the NHTSA/AFGE contract of March 5, 1974.

Categories of records in the system: Records contain information or documents relating to a decision by the Administration or an arbitrator affecting an individual.

The records consist of:
The initial grievance.
Letters or notices to the individual.
Record of arbitration hearing when conducted.
Materials placed into the record to support the decision or determination affidavits or statements.
Testimonies of witnesses.
Investigative reports.
Instructions to the Administration about action to be taken to comply with decisions.
Related correspondence opinions and recommendations. - opinions and recommendations.

Routine uses of records maintained in the system, including categories of users and the purposes of such uses: To respond to a Member of Congress regarding status of a grievance.

To provide information to the public as requested by the Freedom of Information Act.
To respond to the Assistant Secretary of Labor for LMR in connection with an Unfair Labor Practice Procedure or to respond to the Federal Labor Relations Council on appeal of an arbitration award.
To respond to a court subpoena in connection with a civil suit.
To adjudicate a grievance.
See Prefatory Statement of General Routine Uses.

Policies and practices for storing, retrieving, accessing, retaining, and disposing of records in the system:

Storage: Maintained in file folders and index cards.

Retrievability: Retrieved by names of grievant (s).

Safeguards: Access limited to those with official 'need to know.' Personnel screening is employed to prevent unauthorized disclosure.

Retention and disposal: The records are maintained up to 3 years and then retired to the Washington National Records Center.

System manager(s) and address: Director, Office of Personnel Management,

Department of Transportation,
National Highway Traffic Safety Administration,
400 7th Street, SW, Room 5306,
Washington, DC 20590.

Notification procedure: Individuals who have filed grievances under the NHTSA/AFGE contract should address inquiries to the:

Department of Transportation,
National Highway Traffic Safety Administration,
Director, Office of Personnel Management,
400 7th Street, SW, Room 5306,
Washington, DC 20590.
Individuals requesting information about this system of records should provide their full name, date of birth, social security number, name and address of office in which currently or formerly employed in the Federal service.

Record access procedures: After a grievance case has been closed an individual or his representative may gain access to the official copy of a grievance record by contacting the System Manager. Individuals should provide their names, date of birth, approximate date and subject of the grievance.

Contesting record procedures: Contest, correction or amendment of the record is permitted during the prosecution of the grievance by the individual to whom the record pertains or his representative

Record source categories: Individual to whom record pertains and/or representative.

Administration officials.

Affidavits or statements from employees.
Testimonies of witnesses.
Official documents relating to grievance.
Correspondence from organizations or persons.

DOT/NHTSA 438.

System name: Idaho Traffic Records System Accident Component - Driver Component. DOT/NHTSA.

System location: Under the auspices of:

Department of Transportation (DOT),
National Highway Traffic Safety Administration (NHTSA),
Systems are located as follows:
Accident Component:
Idaho Transportation Department,
P.O. Box 7129,
Boise, ID 83707.
Driver Component:
Department of Law Enforcement,
P.O. Box 31,
Boise, ID 83707.

Categories of individuals covered by the system: Accident Component - Information on all motor vehicle accidents, not identified by individual name.

Driver Component - All individuals who have a motor vehicle operators license.

Categories of records in the system: Accident Component - Includes information relating to vehicle accidents which have been reported on the motor vehicle accident report form.

Driver Component - Includes driver history including license application information, convictions, suspensions, accident occurrence.

Routine uses of records maintained in the system, including categories of users and the purposes of such uses: Accident Component - Used by Division of Highways to analyze high accident locations to determine need of correction.

Used by State Police to guide them in enforcement routes.
Used by Traffic Safety Commission to determine problems to be corrected through safety programs.
Driver Component - Used by all law enforcement agencies to determine background of individuals they apprehend and if there are outstanding warrants.
Used by Department of Law Enforcement to determine drivers needing to be counseled or have licenses suspended due to point violation accumulation.
See Prefatory Statement of General Routine Uses.

Policies and practices for storing, retrieving, accessing, retaining, and disposing of records in the system:

Storage: Both systems are maintained on disk packs.

Retrievability: Accident Component - Location, driver number, accident number, vehicle identification number (VIN).

Driver Component - Name, driver identification number

Safeguards: The program specification block in the data base controls who may have access to the data base. Since all material is on the data base this limits and safeguards the security of the system. The current separate driver component also has coded access.

Retention and disposal: The records are maintained for 5 years on the data base. At that time the information is spooled off onto a tape prior to purging from system. This spooled off information is maintained approximately one year and is destroyed by erasing or reusing tape.

System manager(s) and address: Regional Administrator,

Department of Transportation,
National Highway Traffic Safety Administration,
Region X Headquarters,
3140 Federal Building,
915 Second Avenue,
Seattle, WA 98174.

Notification procedure: Department of Transportation,

National Highway Traffic Safety Administration
Office of Contracts and Procurements,
400 7th Street, SW, Room 5301,
Washington, DC 20590.

Record access procedures: See address in 'Notification Procedure.'

Contesting record procedures: See address in 'Notification Procedure.'

Record source categories: Accident Component - Information comes from Officer Motor Vehicle Accident Report Form or from Individual Motor Vehicle Accident Report Form.

Driver Component - Information on driver comes from driver license application form. Information on convictions are from the courts. Information on accidents comes from accident report forms.

DOT/NHTSA 442.

System name: Restraint System Effectiveness Study. DOT/NHTSA.

System location: Under the auspices of:

Department of Transprotation (DOT),
National Highway Traffic Safety Administration (NHTSA),
System is located at:
Southwest Research Institute (SWRI),
Division 11,
8500 Culebra Road,
P.O. Drawer 28510,
San Antonio, TX 78284.

Categories of individuals covered by the system: Occupants of 1973-1976 passenger car vehicles that are towed from accident scenes.

Categories of records in the system: The following types of information are in the system:

Policy accident report which contains name, driver's license number and other data pertinent to the accident.
Medical report if injury or death occurs.
Copies of forms generated by SWRI during an investigation are enclosed for review.

Routine uses of records maintained in the system, including categories of users and the purposes of such uses: The system use by the Project Evaluator, Southwest Research Institute is purely statistical to provide DOT/NHTSA data to be used in conjunction with four other accident investigation teams to determine effectiveness of restraint systems in late model vehicles.

See Prefatory Statement of General Routine Uses.

Policies and practices for storing, retrieving, accessing, retaining, and disposing of records in the system:

Storage: The system is stored on paper forms and is eventually coded into computer punch cards.

Retrievability: Records are normally retrieved by case number.

Safeguards: Only employees with a need to know work with the records which are stored in a locked cabinet.

Retention and disposal: The data collected on the SWRI forms are maintained for five years. In all probability records will be destroyed by burning.

System manager(s) and address: Chief, Structures Research Division,

Department of Transportation,
National Highway Traffic Safety Administration,
Office of Vehicle Safety Research,
2100 2nd Street, SW,
Washington, DC 20590.

Notification procedure: Department of Transportation,

National Highway Traffic Safety Administration,
Office of Contracts and Procurement, N48-30,
400 7th Street, SW, Room 5301,
Washington, DC 20590.

Record access procedures: See address in ' Notification Procedure'.

Contesting record procedures: See address in 'Notification Procedure'.

Record source categories: The information in the system comes from:

Law enforcement agencies in seven counties.
Hospitals.
Data gathered by SWRI accident investigation teams.

DOT/NHTSA 443.

System name: Cost Effectiveness Study of Breakaway and Non-Breakaway Poles, Including Sign and Light Standards Along Highways. DOT/NHTSA.

System location: Under the auspices of:

Department of Transportation (DOT),
National Highway Traffic Safety Administration (NHTSA),
System is located at:

V 42 181 SEP 19 77 UMI

Southwest Research Institute (SWRI),
Division 11,
8500 Culebra Road,
P.O. Drawer 28510,
San Antonio, TX 78284.
University of Kentucky Research Foundation,
East Wing, Kinkead Hall,
Lexington, KY 40506.

Categories of individuals covered by the system: Occupants of passenger car vehicles that are involved in accidents with breakaway and non-breakaway poles including sign and light standards along highways.

Categories of records in the system: The following types of information are in the system:

Police accident report which contains name, driver's license number and other data pertinent to the accident.
Medical report if injury or death occurs.
Copies of forms to be generated by SWRI during an investigation are enclosed for review.

Routine uses of records maintained in the system, including categories of users and the purposes of such uses: The system is used by the Project Evaluators, Southwest Research Institute and University of Kentucky Research Foundation for purely statistical purposes to provide DOT/NHTSA data to be used in conjunction with a cost effectiveness study of breakaway versus non-breakaway poles including sign and light standards.

See Prefatory Statement of General Routine Uses.

Policies and practices for storing, retrieving, accessing, retaining, and disposing of records in the system:

Storage: The system is stored on paper forms and is indexed by SWRI case number. The information will eventually be put on computer punch cards.

Retrievability: The card deck and police accident report are then forwarded to DOT/NHTSA for their use.

Safeguards: Only employees with a need to know work with the records which are stored in a locked cabinet.

Retention and disposal: The data collected on the SWRI forms are maintained for five years.

In all probability records will be destroyed by burning or shredding.

System manager(s) and address: Chief, Accident Investigation Division,

Department of Transportation,
National Highway Traffic Safety Administration,
Office of Statistics and Analysis,
2100 2nd Street, SW,
Washington, DC 20590.

Notification procedure: Department of Transportation,

National Highway Traffic Safety Administration,
Office of Contracts and Procurement, N48-30,
400 7th Street, SW, Room 5301,
Washington, DC 20590.

Record access procedures: See address in 'Notification Procedure' above.

Contesting record procedures: See address in 'Notification Procedure' above.

Record source categories: The information in the system comes from:

Law Enforcement Agencies in San Antonio, Texas and Lexington, Kentucky.
Hospitals and University of Kentucky Research Foundation.
Data gathered by SWRI and University of Kentucky Research Foundation accident investigation teams.

DOT/NHTSA 444.

System name: Volunteer Pool. DOT/NHTSA.

System location: Under the auspices of:

Department of Transportation (DOT),
National Highway Traffic Safety Administration (NHTSA),
System is located at:
Southwest Research Institute,
Department 13,
8500 Culebra Road,
P. O. Drawer 28510,
San Antonio, TX 78284.

Categories of individuals covered by the system: Human subject volunteers.

Categories of records in the system: Medical records on each human subject volunteer.

Results of physical examinations.

Routine uses of records maintained in the system, including categories of users and the purposes of such uses: Records are used when subjects are involved in a research project to supplement the data gathered in that project.

See Prefatory Statement of General Routine Uses.

Policies and practices for storing, retrieving, accessing, retaining, and disposing of records in the system:

Storage: Records are stored on the original bond paper forms.

Retrievability: System is indexed by an identification number and cross referenced to name.

Safeguards: The records are stored in a locked cabinet with access only by employees with a need to know.

Retention and disposal: Records will be kept as long as needed and will be destroyed by shredding.

System manager(s) and address: Director, Department of Bioengineering,

Southwest Research Institute (SWRI),
8500 Culebra Road,
San Antonio, TX 78284.

Notification procedure: Department of Transportation,

National Highway Traffic Safety Administration,
Office of Contracts and Procurements,
400 7th Street, SW, Room 5301,
Washington, DC 20590.

Record access procedures: See address in 'Notification Procedure' above.

Contesting record procedures: See address in 'Notification Procedure' above.

Record source categories: The information in the system comes from medical examinations given at SWRI.

DOT/NHTSA 446.

System name: Habitual Offender Analysis File. DOT/NHTSA.

System location: Under the Auspices of:

Department of Transportation (DOT),
National Highway Traffic Safety Administration (NTSA),
System is located at:
The University of North Carolina,
Highway Safety Research Center,
Chapel Hill, NC 27514.

Categories of individuals covered by the system: Individuals certified as Habitual Offenders in North Carolina in Calendar Year 1973, pursuant to Section 20-220-Section 20-231, General Statutes of North Carolina.

Categories of records in the system: Driver record.

Routine uses of records maintained in the system, including categories of users and the purposes of such uses: File is being used by research staff at the Highway Safety Research Center to perform specific analyses of the driver records of habitual offenders as a group. The work is being performed as a subcontract of the subject contract.

See Prefatory Statement of General Routine Uses.

Policies and practices for storing, retrieving, accessing, retaining, and disposing of records in the system:

Storage: Magnetic tape.

Retrievability: File is indexed by driver's license number of subjects.

Safeguards: When not in use the file is locked in a secure container. Only the programming staff of the Computer Division of the Center has access to the file.

Retention and disposal: The file will be used for the duration of the contract (10/31/75) and returned to the North Carolina Department of Motor Vehicles for retention or destruction (erasure) at their discretion.

System manager(s) and address: Chief, Driver Licensing and Adjudication Division,

Department of Transportation,
National Highway Traffic Safety Administration,
Office of Driver and Pedestrian Programs,

400 7th Street, SW,
Washington, DC 20590.

Notification procedure: Department of Transportation,

National Highway Traffic Safety Administration,
Office of Contracts and Procurement, N48-30,
400 7th Street, SW, Room 5301,
Washington, DC 20590.

Record access procedures: See address in 'Notification Procedure' above.

Contesting record procedures: See address in 'Notification Procedure' above.

Record source categories: Driver Record File of the Department of Motor Vehicles, State of North Carolina.

DOT/NHTSA 447.

System name: Drinking Driver Tracking System. DOT/NHTSA.

System location: Under the auspices of:

Department of Transportation (DOT),
National Highway Traffic Safety Administration (NHTSA),
System is located at:
State Office Building,
Salt Lake City, Utah 84114.

Categories of individuals covered by the system: Persons convicted while under the influence of alcohol.

Categories of records in the system: Identification data, driving record history and probation record.

Routine uses of records maintained in the system, including categories of users and the purposes of such uses: To analyze and evaluate drunk driver's records to look for trends, similarities and redivision rates.

To extract statistical information for evaluation purposes.
See Prefatory Statement of General Routine Uses

Policies and practices for storing, retrieving, accessing, retaining, and disposing of records in the system:

Storage: Magnetic tape.

Retrievability: By individual name or driver's license number.

Safeguards: Only personnel of the Utah Highway Safety Program Office can get information from file, which is stored in secured file cabinets.

Retention and disposal: 5 years; erased from file.

Source documents are destroyed after information is taken off

System manager(s) and address: Regional Administrator,

Department of Transportation,
Region VIII,
330 South Garrison Street,
Lakewood, CO 80226.

Notification procedure: Department of Transportation,

National Highway Traffic Safety Administration,
Office of Contracts and Procurement, N48-30,
400 7th Street, SW, Room 5301,
Washington, DC 20590.

Record access procedures: See address in 'Notification Procedure' above.

Contesting record procedures: See address in 'Notification Procedure' above.

Record source categories: Police arrest records.

Court records.
Probation records.
State Driver License Division.

DOT/NHTSA 449.

System name: Vehicles Defect Program File (Proposed). DOT/NHTSA.

System location: Under the auspices of:

Department of Transportation (DOT),
National Highway Traffic Safety Administration (NHTSA),
System is located at:
Connecticut Motor Club,
2276 Whitney Avenue,
Hamden, CT 06518.

Categories of individuals covered by the system: Owners of vehicles suspected of having safety related defects.

Categories of records in the system: Name and address of vehicle owner.

Vehicle identification number.
Description of vehicle and suspected defect.

Routine uses of records maintained in the system, including categories of users and the purposes of such uses: Investigation reports of suspected defects for development of statistical data, both raw information and dates furnished to NHTSA for statistical purposes:

See Prefatory Statement of General Routine Uses.

Policies and practices for storing, retrieving, accessing, retaining, and disposing of records in the system:

Storage: Hard paper copy.

Retrievability: Alphabetical by individual's name within the defect category.

Safeguards: Maintained in locked cabinets within secured space; only designated individuals involved in defects program have access.

Retention and disposal: Duration of contract and contract requirements are met (7-1-76).

Destroyed by shredding.

System manager(s) and address: Chief, Investigations Division,

Department of Transportation,
National Highway Traffic Safety Administration,
Office of Defects Investigation,
400 7th Street, SW,
Washinton, DC 20590.

Notification procedure: Contact System Manager at address in 'System Manager' above.

Record access procedures: Same as 'Notification Procedure' above.

Contesting record procedures: Same as 'Notification Procedure' above.

Record source categories: Individual vehicle owners.

Connecticut Motor Club membership lists.
Insurance company files.
Direct mail lists.
Responses to public announcements of the project.

DOT/NHTSA 450.

System name: Safety Related Defects Interviews and Vehicle Disablement Study. DOT/NHTSA.

System location: Under the auspices of:

Department of Transportation (DOT),
National Highway Traffic Safety Adminsistration (NHTSA),
System is located at:
Traffic Safety Research Corporation,
1010 Corporation Way,
Suite 101,
Palo Alto, CA 94303.

Categories of individuals covered by the system: Vehicle owners and operators.

Categories of records in the system: Owner interviews relating their experiences with the subject vehicle/accident.

Supporting records, photographs and reports.
Completed Disablement Questionnaires and Driver Interviews describing failed components, repairs and details of incidents/accidents that resulted.

Routine uses of records maintained in the system, including categories of users and the purposes of such uses: Records are used to determine whether vehicle accidents or disablements as reported by owners/operators were caused by safety related defects of the vehicle itself.

Records may be used as a basis for an automotive recall campaign and for research and development purposes.
See Prefatory Statement of General Routine Uses.

Policies and practices for storing, retrieving, accessing, retaining, and disposing of records in the system:

Storage: Hard copy files and punch cards.

Retrievability: By individual name.

Safeguards: Locked storage files.

Retention and disposal: Files are maintained for a minimum of 3 years. Records are destroyed by burning.

System manager(s) and address: Chief, Investigations Division.

Department of Transportation,
National Highway Traffic Safety Administration,
Office of Defects Investigations,

V 42 181 SEP 19 77 UMI

400 7th Street, SW,
Washington, DC 20590.

Notification procedure: Department of Transportation,
National Highway Traffic Safety Administration,
Office of Contracts and Procurement, N48-30,
400 7th Street, SW, Room 5301,
Washington, DC 20590.

Record access procedures: See address under 'Notification Procedure' above.

Contesting record procedures: See address under 'Notification Procedure' above.

Record source categories: Interviews with knowledgeable persons regarding safety related defects complaints.

Interviews and questionnaires from persons who experienced on-road failures.

DOT/NHTSA 451.

System name: Medical Records and Research Data. DOT/NHTSA.

System location: Department of Transportation (DOT),
National Highway Traffic Safety Administration (NHTSA),
System is located at:
Naval Aerospace Medical Research Laboratory (NAMRL),
Pensacola, FL 32512; and at:
NAMRL Detachment,
New Orleans, LA

Categories of individuals covered by the system: Military research subjects.

Categories of records in the system: Medical Histories, results of physical examinations, psychological testing, electrocardiograms, audiograms, x-rays, and miscellaneous clinical laboratory results.

Routine uses of records maintained in the system, including categories of users and the purposes of such uses: Records are used to screen research subjects and for statistical purposes by military and civilian personnel employed at this activity.

See Prefatory Statement of General Routine Uses.

Policies and practices for storing, retrieving, accessing, retaining, and disposing of records in the system:

Storage: The records are maintained in file folders, magnetic tape and punch cards.

Retrievability: The key for retrieval is name or social security number.

Safeguards: Records are not sent to records center because they are considered raw scientific data.

Records are destroyed by burning when research projects are completed.
The military health records are sent to Naval Manpower Center, Bainbridge, Maryland when an active duty member completes his tour of service.

System manager(s) and address: Chief, Structures Research Division,
Department of Transportation,
National Highway Traffic Safety Administration,
Office of Vehicle Safety Research,
400 7th Street, SW,
Washington, DC 20590.

Notification procedure: Department of Transportation,
National Highway Traffic Safety Administration,
Attention: Director, Office of Contracts and Procurement, N48-30,
400 7th Street, SW, Room 5301,
Washington, DC 20590.

Record access procedures: See address under 'Notification Procedure' above.

Contesting record procedures: See address under 'Notification Procedure' above.

Record source categories: Personal medical history, personal responses to test, medical examinations, and results of experimental data.

DOT/NHTSA 452.

System name: Special Adjudication for Enforcement (SAFE). DOT/NHTSA.

System location: Department of Transportation (DOT),
National Highway Traffic Safety Administration (NHTSA),
System is located at:
Washington Department of Motor Vehicles,
Highways-licenses Building,
Olympia, WA 98504.
and at:
Administrative Adjudication Division,
345 Harris Avenue,
Providence, RI 02909.

Categories of individuals covered by the system: 1. Persons charged with traffic violations.
2. Persons who have had motor vehicle accidents.
3. Persons who have had their driver's license suspended.

Categories of records in the system: Driving records contain data concerning all accidents and traffic violations of which the driver has been found guilty, forfeited bail, or had license suspended.

Additional data is maintained in a separate file and contains demographic information relating to socio economic status, such as level of education, approximate income level, marital status and percent of business and pleasure driving. Statistics concerning completion of rehabilitation programs are entered on this file. Such rehabilitation may include the National Safety Council's Defensive Driving Course or one of the Department of Motor Vehicles driver improvement group interview programs.

Routine uses of records maintained in the system, including categories of users and the purposes of such uses: The system is used for the purpose of producing statistical reports for the Department of Transportation Quarterly.

Names are used for the purpose of tracking recidivism rates of drivers who have been adjudicated through the SAFE system compared with drivers who forfeited bail or appear for trial in formal court.
The system is also used to determine eligibility to pay traffic fines by mail and to control.
Records may be made available to state and local law enforcement agencies and cooperating social service agencies.
See Prefatory Statement of General Routine Uses.

Policies and practices for storing, retrieving, accessing, retaining, and disposing of records in the system:

Storage: Magnetic tape or punch cards.

Retrievability: The system is indexed by driver name and birthdate, or the driver license number.

Safeguards: Computer program control is the main access safeguard. Files are stored in a tape library which has safeguards against unauthorized access.

System manager(s) and address: Chief, National Driver Register,
Department of Transportation,
National Highway Traffic Safety Administration,
Driver Licensing and Adjudication Division,
400 7th Street, SW,
Washington, DC 20590.

Notification procedure: Department of Transportation,
National Highway Traffic Safety Administration,
Attention: Director, Office of Contracts and Procurement, N48-30,
400 7th Street, SW, Room 5301,
Washington, DC 20590.

Record access procedures: See address in 'Notification Procedure' above.

Contesting record procedures: See address in 'Notification Procedure' above.

Record source categories: Driver history information is obtained from the abstract of court records following case adjudication.

Demographic data is obtained on a voluntary basis from individuals entering the system prior to the informal case hearing.
Data relative to completion of rehabilitation programs is forwarded to the Department from the Evergreen Safety Council and the Department's Driver Improvement Division.

DOT/NHTSA 454.

System name: Alcohol Behavior Research. DOT/NHTSA.

System location: Under Auspices of:
Department of Transportation (DOT),
National Highway Traffic Safety Administration (NHTSA),
System is located at:

13766 S. Hawthorne Boulevard,
Hawthorne, CA 90250.

Categories of individuals covered by the system: Male, heavy drinkers.

Categories of records in the system: Self-professed drinking ability, medical condition, personality traits, experimental drinking data, experimental performance data.

Routine uses of records maintained in the system, including categories of users and the purposes of such uses: Experimenters' selection of subjects for alcohol and automobile control behavior research.

See Prefatory Statement of General Routine Uses.

Policies and practices for storing, retrieving, accessing, retaining, and disposing of records in the system:

Storage: File folders are kept in the technical library.

Retrievability: System is indexed by subject's name.

Safeguards: Accessible by the experimenter from the locked storage cabinet.

Retention and disposal: Depend on the success and longevity of the particular line of research.

System manager(s) and address: Director, Office of Driver and Pedestrian Research,
Department of Transportation,
National Highway Traffic Safety Administration,
2100 2nd Street, SW, Room 3202,
Washington, DC 20590.

Notification procedure: Department of Transportation,
National Highway Traffic Safety Administration,
Office of Contracts and Procurement, N48-30,
400 7th Street, SW, Room 5301,
Washington, DC 20590.

Record access procedures: See address in 'Notification Procedure' above.

Contesting record procedures: See address in Notification Procedure' above.

Record source categories: Written examination filled out by the individual and experimental data collected during tests.

DOT/NHTSA 455.

System name: Debt Complaint File. DOT/NHTSA.

System location: Department of Transportation (DOT), National Higwhway Traffic Safety Administration (NHTSA),
Office of Personnel Management,
400 7th Street, SW, Room 5306,
Washington, DC 20590.

Categories of individuals covered by the system: Employees of the NHTSA on whom the Agency has received contacts from creditors concerning indebtedness.

Categories of records in the system: Letters and other correspondence from creditors, collection agents, and state and local tax supported institutions with claims upon employees of the NHTSA.

System also contains copies of agency responses, employee statements of intention to pay debts, and other related correspondence.

Routine uses of records maintained in the system, including categories of users and the purposes of such uses: Information in the system may be used by officials of the agency to determine an employee's suitability for continued employment.

Documents in the file may be used to substantiate disciplinary actions related to indebtedness.
Material in file may be used oto verify prior debt complaints from the same creditor on the same individual in order to respond to the creditor's current correspondence.
See Prefatory Statement of General Routine Uses.

Policies and practices for storing, retrieving, accessing, retaining, and disposing of records in the system:

Storage: Records stored in file folders.

Retrievability: Indexed by name.

Safeguards: Records are located in lockable file cabinets with access limited to individuals with an official need to know.

Retention and disposal: Retained in file for 6 months following separation or transfer of employee unless documents become part of disciplinary or appeal files covered by Civil Service Commission regulations.

System manager(s) and address: Director, Office of Personnel Management,
National Highway Traffic Safety Administration,
Department of Transportation,
400 7th Street, SW, Room 5306,
Washington, DC 20590.

Notification procedure: Individuals desiring to review information about them in the system of records should address inquiries to the System Manager. Individuals requesting the information should provide their full name, date of birth, and social security number.

Record access procedures: Individuals desiring to access information in this system should address inquiries to the System Manager.

Contesting record procedures: Individuals desiring to contest information in this system of records should address inquiries to the System Manager.

Record source categories: The individual to whom the record applies.

Creditors.
Tax supported institutions.
Courts.

DOT/NHTSA 456.

System name: Emergency Medical Information System. DOT/NHTSA.

System location: Under the auspices of the:
Department of Transportation (DOT),
National Highway Traffic Safety Administration (NHTSA),
System is located at:
Philadelphia Health Management Corporation,
Attention: Director of Emergency Medical Service,
530 Walnut Street, 13th Floor,
Philadelphia, PA 19106.
and at the:
Department of Public Health,
City of Philadelphia,
Division of Emergency Medical Service,
500 S. Broad Street,
Philadelphia, PA 19146.
and at the:
Emergency Operations Center,
City of Philadelphia,
3rd and Spring Garden Streets,
Philadelphia, PA 19123.
and at the:
Finance Department,
City of Philadelphia,
Municipal Services Building,
Philadelphia, PA 19102.

Categories of individuals covered by the system:
Users of central emergency access phone system (9.1.1).
Users of Fire Rescue Service and other emergency medical transport systems.
Users of hospital emergency departments under contract to the City of Philadelphia.
Special studies of serious medical emergency categories.

Categories of records in the system: Statistical, management and evaluation information on the utilization and cost of the Philadelphia emergency services system.

Billing information to be processed for individual hospital.
9.1.1 central medical emergency dispatch records, ambulance encounter record, hospital emergency department record summaries.

Routine uses of records maintained in the system, including categories of users and the purposes of such uses: Periodic and special planning, management, system evaluation and billing reports and studies of emergency departments, ambulances, geographic areas, training requirements and other aspects of the Emergency Medical Service System.

See Prefatory Statement of General Routine Uses.

Policies and practices for storing, retrieving, accessing, retaining, and disposing of records in the system:

Storage: This function is currently being planned; magnetic tape and discs are most likely.

Retrievability: Billing will be done with data provided by hospitals; all other data except for possibly high risk file will not be patient specific, but will be by diagnosis, rescue unit, time, place,

V 42 181 SEP 1977 UMI

treatment given, severity, response, process, outcomes, etc.; high use file would be by person identifier, if accepted (it is now only being explored).

Safeguards: This area is currently in planning, however, we will use a variety of mechanisms including software design, personnel screening and training, physical plant design and other state of the art measures to assure security of the system.

Retention and disposal: This area is currently in the planning phase, however, it is clear that with the possible exception of high risk files patient specific information will not be maintained.

System manager(s) and address: Chief, Enforcement and Emergency Services Division, N42-13,

Department of Transportation,
National Highway Traffic Safety Administration,
400 7th Street, SW,
Washington, DC 20590.

Notification procedure: Department of Transportation,

National Highway Traffic Safety Administration
Attention: Director, Office of Contracts and Procurement,
Office of Contracts and Procurement,
400 7th Street, SW, Room 5301,
Washington, DC 20590.

Record access procedures: See address in 'Notification Procedure' above.

Contesting record procedures: See address in 'Notification Procedure' above.

Record source categories:

9.1.1 central medical emergency dispatch records
Ambulance records
Hospital emergency department forms
Special studies
Philadelphia Health Management Corporation data base.

DOT/NHTSA 457.

System name: Suitability Files. DOT/NHTSA.

System location: Department of Transportation (DOT),

National Highway Traffic Safety Administration (NHTSA),
Office of Personnel Management,
400 7th Street, SW, Room 5306,
Washington, DC 20590.

Categories of individuals covered by the system: Employees of the National Highway Traffic Safety Administration.

Categories of records in the system: File consists of reference checks, medical examination reports, and fitness-for-duty medical examination reports.

Routine uses of records maintained in the system, including categories of users and the purposes of such uses: Information in the system may be used by officials of the Agency to determine employee's suitability for employment and continued employment.

Documents in the file may be utilized as basis for separation actions after appointment.
See Prefatory Statement of General Routine Uses.

Policies and practices for storing, retrieving, accessing, retaining, and disposing of records in the system:

Storage: Records are stored in manila envelopes.

Retrievability: Records are retrievable by employee name.

Safeguards: Records are maintained in locked file cabinets. Access is limited to those whose official duties require access.

Retention and disposal: Files are maintained during period of employment. Except for medical examination reports, which will be transferred to another agency if employee transfers, the records in the file are destroyed upon employee separation. Medical examination records are destroyed, however, when inter-agency transfer is not the basis for separation.

System manager(s) and address: Director, Office of Personnel Management,

Department of Transportation,
National Highway Traffic Safety Administration,
400 7th Street, SW, Room 5306,
Washington, DC 20590.

Notification procedure: Inquiries about the system of records should be directed to the System Manager. Individuals requesting information should provide their name, mailing address, and social security number.

Record access procedures: Individuals who desire access to or to contest information about them in this system of records should contact the System Manager.

Contesting record procedures: Same as 'Record Access Procedure' above.

Record source categories: Previous Employers.

Medical Practitioners.
Employee to whom the record pertains.

DOT/NHTSA 458.

System name: Investigations of Alleged Misconduct or Conflict of Interest. DOT/NHTSA.

System location: Department of Transportation (DOT),

National Highway Traffic Safety Administration (NHTSA),
Office of Associate Administrator for Administration,
400 7th Street, SW, Room 5238,
Washington, DC 20590.

Categories of individuals covered by the system: Name of individual, state or contractor.

Categories of records in the system: Copies of allegations, investigations, audits, and recommendations.

Routine uses of records maintained in the system, including categories of users and the purposes of such uses: In assessing need for corrective action as necessary.

Available to Associate Administrator for Administration, individual assigned to the review or investigation, and Secretary to the Associate Administrator for Administration.
See Prefatory Statement of General Routine Uses.

Policies and practices for storing, retrieving, accessing, retaining, and disposing of records in the system:

Storage: Maintained in folders in safe.

Retrievability: Identified alphabetically by name.

Safeguards: Safe combination is available only to the secretary of the Associate Administrator for Administration and secretary to the Director, Management Systems.

Retention and disposal: Until one year following final disposition of case then shredded.

System manager(s) and address: Associate Administrator for Administration,

Department of Transportation,
National Highway Traffic Safety Administration,
400 7th Street, SW,
Washington, DC 20590.

Notification procedure: Department of Transportation,

National Highway Traffic Safety Administration,
Attention: Associate Administrator for Administration, N48-01,
400 7th Street, SW, Room 5238,
Washington, DC 20590.

Record access procedures: See address in 'Notification Procedure' above.

Contesting record procedures: See address in 'Notification Procedure' above.

Record source categories: OST Office of Investigations and Security, FBI, Office of Audits, and internal investigative individuals.

State and local investigative and law enforcement agencies.

DOT/NHTSA 459.

System name: Stockton Increased DUI Enforcement/DUI Citation and Arrest File. DOT/NHTSA.

This file will be modified specifically for this project to include driver's license numbers and BAC levels.
Other files to be used are already maintained by the City of Stockton (traffic and criminal information) or will contain no information by which an individual could be identified (roadside survey data).

System location: Under the auspices of the:

Department of Highway Traffic Safety Administration (NHTSA),
System is located at:
Department of Psychology,
University of the Pacific,
Stockton, CA 95211,
and at the
Records Division,

City Hall,
22 East Market Street,
Stockton, CA 95202.

Categories of individuals covered by the system: Persons cited and/or arrested for DUI in City of Stockton.

Categories of records in the system: Citation and/or arrest records; court records.

Routine uses of records maintained in the system, including categories of users and the purposes of such uses: Records are used to determine BACs of DUI offenders and recidivism rate overtime.

See Prefatory Statement of General Routine Uses.

Policies and practices for storing, retrieving, accessing, retaining, and disposing of records in the system:

Storage: Record are maintained on magnetic tape and cards.

Retrievability: By name and driver's license number.

Safeguards: Records will be available for use by professional personnel only on evaluation team.

Records will be stored in a locked file cabinet in the Psycology Department or on tape at either computer center.

Retention and disposal: Retained for 10 years.

System manager(s) and address: Chief, Program and Demonstration Management Division, N42-11,

Department of Transportation,
National Highway Traffic Safety Administration,
400 7th Street, SW,
Washington, DC 20590.

Notification procedure: Department of Transportation,

National Highway Traffic Safety Administration,
Attention: Director, Office of Contracts and Procurement,
N48-30,
400 7th Street, SW, Room 5301,
Washington, DC 20590.

Record access procedures: See address in 'Notification Procedure' above.

Contesting record procedures: See address in 'Notification Procedure' above.

Record source categories: Citation and/or Arrest Records.

DOT/NHTSA 460.

System name: College Station/Young Problem Driver Improvement Program/ TDIP Driving Record File. DOT/NHTSA.

System location: Under the auspices of the:

Department of Transportation (DOT),
National Highway Traffic Safety Administration (NHTSA),
System is located at:
Room 114, Mechanical Engineering Shops,
Texas Transportation Institute,
Texas A&M University,
College Station, TX 77840.

Categories of individuals covered by the system: Drivers assigned to participate in Driver Improvement Training Program and control counterparts.

Categories of records in the system: This is a general driving record maintained on all drivers holding a valid Texas driver's license, and includes such information as:

(1) Name, date of birth, and sex.
(2) Date of issuance of license and license number.
(3) Current address.
(4) A listing of all convictions and accidents for the previous 36 months.

Routine uses of records maintained in the system, including categories of users and the purposes of such uses: Records will be used to evaluate the effectiveness of a driver improvement training program in reducing the accident and conviction experience of problem and near-problem drivers.

Users are Evaluation Specialists working on contract.
Analysis of gross recidivism rates for near problem and problem drivers will be forwarded to NHTSA.
See Prefatory Statement of General Routine Uses.

Policies and practices for storing, retrieving, accessing, retaining, and disposing of records in the system:

Storage: Driving records will be maintained as hard copy printouts.

Retrievability: System is indexed by driver's license number.

Safeguards: Driving records are maintained in coded files such that access by name is not possible.

Retention and disposal: Records will be maintained for approximately 30 months and then will be burned.

System manager(s) and address: Regional Administrator,

Department of Transportation,
National Highway Traffic Safety Administration,
Region VI Headquarters,
819 Taylor Street, Room 11A26,
Fort Worth, TX 76102.

Notification procedure: Department of Transportation,

National Highway Traffic Safety Administration,
Attention: Director, Office of Contracts and Procurement,
N48-30,
400 7th Street, SW, Room 5301,
Washington, DC 20590.

Record access procedures: See address in 'Notification Procedure' above.

Contesting record procedures: See address in 'Notification Procedure' above.

Record source categories: Information being maintained is obtained from Texas Department of Public Safety driver record files. Address:

Texas Department of Public Safety,
Austin, TX.

DOT/NHTSA 461.

System name: Hotline-Call Report System. DOT/NHTSA.

System location: Department of Transportation (DOT),

National Highway Traffic Safety Administration (NHTSA),
Office of Consumer Services, N40-40,
400 7th Street, SW, Room 5232,
Washington, DC 20590.

Categories of individuals covered by the system: Vehicle owners according to make/model/year of motor vehicles owned, and/or according to safety information requested.

Categories of records in the system: System contains:

Vehicle defect-related owner complaints or information.
Vehicle or equipment failure-related complaints or information.
Inquiry groupings according to types of safety-related information or written source-materials requested.

Routine uses of records maintained in the system, including categories of users and the purposes of such uses: System is used to indicate emerging patterns of vehicle or vehicle equipment failure, and/or to correlate such patterns with typographical or geographical regions, in order to support defect-related NHTSA investigations and vehicle recall actions as authorized by statute. Individuals may be contacted to verify the accuracy of the information initially provided.

System is also used to categorize the types of informational requests and safety-related materials most requested and/or needed by all users of the Hotline service.
System is also used to generate statistical evaluation of Hotline-call volume, frequency, service rendered, degree of safety-realted information recorded and utilized as a result of the Hotline's installation.
Records may be disclosed to other federal or state agencies or consumer groups having remedial or response jurisdiction over the individual complaint recorded.
See Prefatory Statement of General Routine Uses.

Policies and practices for storing, retrieving, accessing, retaining, and disposing of records in the system:

Storage: On hard copy and magnetic tape.

Retrievability: By name and case number.

Safeguards: Appropriate ADP procedures for safeguarding data are utilized with the system.

Retention and disposal: System is maintained in support of an experimental 'pilot' program. Hence, length of record retention is now unknown. Destruction, when authorized, will be by shredder (hard copy) and by deletion (magnetic tape).

System manager(s) and address: Chief, Office of Consumer Services,

Department of Transportation,
National Highway Traffic Safety Administration,
400 7th Street, SW,

V 42 181 SEP 19 77 UMI

Washington, DC. 20590

Notification procedure: Department of Transportation,
National Highway Traffic Safety Administration,
Chief, Office of Consumer Services,
400 7th Street, SW., Room 5232,
Washington, DC 20590.

Record access procedures: Same as listed under 'Notification Procedure' above

Contesting record procedures: Same as listed under 'Notification Procedure' above

Record source categories: All information in the system is voluntarily submitted by vehicle owners, individual citizens, or other interested parties.

DOT/NHTSA 463.

System name: Motor Vehicle and Motor Vehicle Equipment Import. DOT/NHTSA

System location: Department of Transportation,
National Highway Traffic Safety Administration,
Office of Standards Enforcement,
2100 2nd Street, SW., Room 3310B,
Washington, DC 20590.

Categories of individuals covered by the system: Importers or declarants of imported motor vehicles and motor vehicles equipment, both private and commercial

Categories of records in the system: Forms HS-7, declaration on motor vehicles and motor vehicle equip- ment subject to Federal Motor Vehicle Safety Standards
Customs reports of declarations and inspections
Records relating to refusal of entry or penalties, and in some instances law enforcement and court records in alleged fraud cases

Routine uses of records maintained in the system, including categories of users and the purposes of such uses: Used for monitoring compliance with Federal Motor Vehicle Safety Standards by NHTSA
Records may be released to the Environmental Protection Agency for compliance with the Clean Air Act and to the U.S. Customs Service for import requirements
Released to State divisions of motor vehicles for state purposes and to law enforcement agencies in alleged fraud cases.
See Prefatory Statement of General Routine Uses.

Policies and practices for storing, retrieving, accessing, retaining, and disposing of records in the system:

Storage: Paper forms and computer disc tapes.

Retrievability: By name of importer or declarant, addressee(s) vehicle or vehicle identification, customs district and entry number, and port of entry.

Safeguards: Disc or tape may be accessed only by discrete identification code known to the System Manager and staff.
Hard paper copies are maintained in locked cabinets.

Retention and disposal: Hard paper copy is retained one year if no official claims are lodged against importer or declarant.
Disc and tapes retained for period of U.S. Customs Service statute of limitations before erasure.

System manager(s) and address: Team Leader, Customs Unit,
Office of Standards Enforcement,
National Highway Traffic Safety Administration,
Department of Tansportation,
2100 2nd Street, SW, Room 3310B,
Washington,DC 20590.

Notification procedure: Same as 'System Manager.'

Record access procedures: Same as 'System Manager.'

Contesting record procedures:
Same as 'System Manager.'

Record source categories: Data is obtained from forms executed by importers or declarants for the NHTSA,U.S. Customs Service, and the Environmental Protection Agency.

DOT/NHTSA 465.

System name: Improved Motorcyclist Licensing and Testing Project (IMLTP).

System location: Department of Motor Vehicles,
Division of Electronic Data Processing Service,
2415 First Avenue,
Sacramento, California 95818.

Categories of individuals covered by the system: Applicants for original motorcycle license or endorsement.

Categories of records in the system: Name, Driver's License Number, Address, Birthday, Sex, Educational level, Previous Experience Riding Motorcycles, Application Data, Knowledge Test Total Scores and Item Scores, Knowledge Test Administration Date, Mini-Skill Test Total Scores and Item Scores, Drive Test Administration Date, Drive Test Total Scores and Item Scores, Remedial Skills Training Data, Date Attended Remedial Skills Training, Accident and Conviction Record Since Date of Application.

Routine uses of records maintained in the system, including categories of users and the purposes of such uses: The Evaluation Specialist will use the system for the following:
To evaluate the effect of the licensing programs on accidents and convictions.
To determine the validity of the tests.
To evaluate the effect of remedial skills training on subsequent accidents and convictions.
To evaluate the influence of applicant characteristics on the licensing rate and on the accident reducing effectiveness of the licensing program.
To prepare management information system reports.

Policies and practices for storing, retrieving, accessing, retaining, and disposing of records in the system:

Storage: Magnetic tape.

Retrievability: By I.D. Number of drivers license Number.

Safeguards: The contents of the collected data will not be available to any public source. The Tape Library is in a locked room with controlled access.

Retention and disposal: The records will be kept on tape until ten years after completion of the study. Then the ID No., Application No. or Drivers License No. will be erased, and the records will be available to other researchers.

System manager(s) and address: Chief,
Program and Demonstration Management Division,
ODPP, Room 5130,
400 7th Street, SW.,
Washington, DC 20590.

Notification procedure: Inquiries should be directed to:
Department of Transportation
National Highway Traffic Safety Administration
Room 5301,
400 7th Street, SW.,
Washington, DC 20590
Atten: Director, Office of Contracts and Procurement (N48-30).

Record access procedures: Write or contact System Manager.

Contesting record procedures: All of the information in the system comes from the motorcycle subject file, the Driver's License Examiner file, or the driver's license files of the State of California.

DOT/NHTSA 466.

System name: National Highway Traffic Safety Administration Employee Travel Advances and Expense File.

System location: Room 4103,
DOT Headquarters Building,
400 7th Street, SW.,
Washington, DC 20590.

Categories of individuals covered by the system: NHTSA Employees at Headquarters and the ten Regional Offices
Intergovernmental Personnel Act Employees of NHTSA
Temporary Employees of NHTSA

Categories of records in the system: Employee Name
Employee Number
Travel Order Number
Travel Advances Outstanding:
Continuing Advance Amount and date issued
Trip advance amount and date issued
Change of Station advance amount and date issued
Payments of advances
Travel Expense:

Subsistence
Transportation of Persons

Routine uses of records maintained in the system, including categories of users and the purposes of such uses: To maintain accountability of travel and transportation costs by object class for each allottee - Budget and Accounting Report - RIC-0031.
To control funds advanced to employees for travel and change of station.
To record detail of transactions processed for each budget allotment/allowance - Operating Budget - RIC09032.

Policies and practices for storing, retrieving, accessing, retaining, and disposing of records in the system:

Storage: Original records are maintained by the Office of Financial Management as follows:
Travel Orders, DOT 1500.3 and DOT 1500.4
Travel Vouchers, SF-1012
Travel Advance Record, DOT 1500.5
Data coded from these documents are keypunched to cards and proceessed for disc storage.

Retrievability: Job controls (JCL's) for retrieving data for periodic reports are maintained. Each report is identified by Report I.D. and by Report Name.

Safeguards: JCL's are kept in a locked cabinet under custody of System Manager.

Retention and disposal: Original Records are retained in accordance with the Comptroller General's requirements for record retention.
Punched cards are disposed of three months after processing as input to disc.
Hard copies of reports are retained for one year.

System manager(s) and address: Chief,
Accounting Operations
Room 4103,
Office of Financial Management
400 7th Street, SW
National Highway Traffic Safety Administration
Washington, DC 20590.

Notification procedure: Address all inquiries to:
Privacy Act Coordinator, Room 4103
Office of Financial Management
National Highway Traffic Safety Administration
400 7th Street, SW
Washington, DC 20590
Request for data may be made by any employee of NHTSA concerning the employee's own record. Request must be in writing and must identify:
System Name: DOT/NHTSA Travel Advances and Expense
Employee Number
Employee Name

Record access procedures: All inquiries as to procedures for gaining access to and Contesting records shall be directed to:
Privacy Act Coordinator - Room 4103
Office of Financial Management
National Highway Traffic Safety Administration
400 7th Street, SW
Washington, DC 20590

Contesting record procedures: DOT Form 1500.2 Application and Account for Advance of Funds
DOT Form 1500.3 Travel Order for Temporary Duty
DOT Form 1500.4 Travel Order for Permanent Change of Station
SF-1012 Travel Expense

DOT/OST 001.

System name: General Employee Records System. DOT/OST.

System location: Department of Transportation (DOT),
Office of the Secretary (OST),
400 7th Street, SW., Room 10320A and 10314,
Washington, DC 20590.

Categories of individuals covered by the system: Current employees of the Office of Management Systems.

Categories of records in the system: This system consists of copies of Time and Attendance cards of all employees in the Office of Management Systems and the Office of the Assistant Secretary for Administration, showing what their pay status was at any particular time. Maintenance of Employee Records (SF-7B) for all employees in the Office of Management Systems. Retention of copies of paid travel vouchers for certain employees of the Department of Transportation.

Routine uses of records maintained in the system, including categories of users and the purposes of such uses: Information in these records is used to provide a readily available source of reference for organizational planning; ready reference as to attendance; general idea of how travel funds are being utilized.
See Prefatory Statement of General Routine Uses.

Policies and practices for storing, retrieving, accessing, retaining, and disposing of records in the system:

Storage: These records are maintained in file folders, on index cards, and in file boxes.

Retrievability: These records are maintained chronologically by name; by individual division; and, individual regions.

Safeguards: Access to and use of these records are limited to persons whose official duties require such access. Files are maintained in room 10320A which is locked during non-work hours. The system manager's secretary is responsible for screening people who wish to use the files, for filing, and for maintenance of the files.

Retention and disposal: The records are maintained while the individuals are employed in the Office of Management Systems.

System manager(s) and address: Director of Management Systems,
Department of Transportation,
Office of the Secretary,
TAD-20, Room 10320,
400 7th Street, SW,
Washington, DC 20590.

Notification procedure: Any individual who w-shes to inquire as to whether this system contains records about him may write to:
Department of Transportation,
Office of the Secretary,
Office of Management Systems,
Director's Secretary,
400 7th Street, SW., Room 10320,
Washington, DC 20590.
The written request should include the individual's social security number or a notarized signature. An individual who wishes to make an inquiry in person should present himself and his DOT building pass to:
Director's Secretary,
400 7th Street, SW., Room 10320,
Washington, DC 20590.

Record access procedures: Employees who wish to gain access or contest their records should contact:
Department of Transportation,
Office of the Secretary,
Director of Management Systems,
400 7th Street, SW.,
Washington, DC 20590.

Contesting record procedures: Same as 'Record Access Procedure' above.

Record source categories: Information in this system of records either comes from the individual to whom it applies or is derived from information he supplied.

DOT/OST 003.

System name: Allegations of Infringement of United States Patents. DOT/OST.

System location: Department of Transportation (DOT),
Office of the Secretary (OST),
Office of the General Counsel,
400 7th Street, SW, Room 10100,
Washington, DC, 20590.

Categories of individuals covered by the system: Individuals who believe that an agency of the Department of Transportation is infringing a United States patent owned by the individual.

Categories of records in the system: Copies of correspondence alleging that agencies of the Department of Transportation have infringed, or are infringing, United States patents owned by the originators of the correspondence. Copies of replies by the Department Patent Counsel to the originator of the allegation. Copies of correspondence forwarding the allegation to the particular Depart-

SAFETY FILM

ment agency accused for their comment; their replies to Patent Counsel. Copies of correspondence between the Department of Transportation and the Department of Justice concerning the allegations.

Routine uses of records maintained in the system, including categories of users and the purposes of such uses: Used as a record of allegations and Patent Counsel's actions thereon.

See Prefatory Statement of General Routine Uses.

Policies and practices for storing, retrieving, accessing, retaining, and disposing of records in the system:

Storage: File folders stored in file cabinets.

Retrievability: Indexed individually by name in alphabetical sequence.

Safeguards: Records are disclosed only to individuals with established legal interest or legal 'need to know.'

Retention and disposal: Transfer to Federal Records Center two years after close of file; Destroy 25 years after close of file.

System manager(s) and address: Patent Counsel,
Department of Transportation,
Office of the Secretary,
Office of the General Counsel,
Office of the Assistant General Counsel for Operations and Legal Counsel,
400 7th Street, SW, Room 10100,
Washington, DC 20590.

Notification procedure: Department of Transportation,
Office of the Secretary,
Office of the General Counsel,
Office of Patent Counsel,
400 7th Street, SW, Room 10100,
Washington, DC 20590.

Record access procedures: Patent Counsel,
Office of the Assistant General Counsel for Operations and Legal Counsel,
Office of the Secretary,
Office of the General Counsel,
Department of Transportation,
400 7th Street, SW, Room 10100,
Washington, DC 20590.

Contesting record procedures: Same as 'Record Access Procedures'

Record source categories: Patent owners.

DOT/OST 004.

System name: Board for Correction of Military Records (BCMR). DOT/OST.

System location: Department of Transportation (DOT),
Office of the Secretary (OST),
Office of the General Counsel,
400 7th Street, SW, Room 10102,
Washington, D.C. 20590

Categories of individuals covered by the system: Military personnel requesting the Board for Correction of Military Records to correct their military records.

Categories of records in the system: Copies of actions of the General Counsel acting under delegated authority approving or disapproving BCMR cases.

Routine uses of records maintained in the system, including categories of users and the purposes of such uses: Used as a record of the General Counsel's action in individual BCMR cases.

See Prefatory Statement of General Routine Uses.

Policies and practices for storing, retrieving, accessing, retaining, and disposing of records in the system:

Storage: File folders stored in file cabinets (Conserv-a-File).

Retrievability: Indexed individually by name in alphabetical sequence.

Safeguards: Files are kept in the office of the Assistant General Counsel. Requests are referred to the Executive Secretary, BCMR.

Retention and disposal: Retire in 3 years; destroy in 6 years.

System manager(s) and address: Assistant General Counsel for Operations and Legal Counsel,
Department of Transportation,
Office of the Secretary, Office of the General Counsel,
400 7th Street, SW, Room 10102,
Washington, D.C. 20590.

Notification procedure: Department of Transportation,
Office of the Secretary,
Office of the General Counsel,
400 7th Street, SW, Room 10428,
Washington, D.C. 20590.

Record access procedures: Executive Secretary,
Department of Transportation,
U.S. Coast Guard, Office of the Chief Counsel,
Board for Correction of Military Records,
2100 2nd Street, SW, Room 5601,
Washington, D.C. 20590.

Contesting record procedures: Same as 'Record Access Procedure'.

Record source categories: Official agency records; hearings, documentary material from outside the agency.

DOT/OST 005.

System name: Citizens' Advisory Committee on Transportation Quality. DOT/OST.

System location: Department of Transportation (DOT),
Office of the Secretary (OST),
Office of Consumer Affairs,
400 7th Street, SW, Room 9424,
Washington, DC 20590.

Categories of individuals covered by the system: Present Members of the Citizens' Advisory Committee.
Past Members of the Citizens' Advisory Committee.
Individuals interested in being considered for appointment.

Categories of records in the system: Biographic Sketches and Travel Records (includes travel orders, travel vouchers, claims for reimbursement).

Routine uses of records maintained in the system, including categories of users and the purposes of such uses: Sketches used in connection with appointing members to the committee.
Maintaining travel expenses.
See Prefatory Statement of General Routine Uses.

Policies and practices for storing, retrieving, accessing, retaining, and disposing of records in the system:

Storage: Records maintained in official filing system.

Retrievability: Records indexed alphabetically by name.

Safeguards: Records are kept in locked files.

Retention and disposal: Retained until expiration of terms, then sent to storage for a 3 year period, then destroyed.

System manager(s) and address: Director, Office of Consumer Affairs, TES-40,
Department of Transportation,
Office of the Secretary,
400 7th Street, SW, Room 9424,
Washington, DC 20590.

Notification procedure: The individual may present himself in person or in writing to the System Manager where files are held to inquire about whether records apply to him.

Record access procedures: The individual may gain access to his records upon his request to the System Manager.

Contesting record procedures: Contest of these records will be in writing to the System Manager, listed above. If request is not resolved, the individual may file an appeal with the Secretary of Transportation addressed to the General Counsel as follows:
Department of Transportation,
Office of the Secretary,
Office of General Counsel,
400 7th Street, SW, Room 10428,
Washington, DC 20590.

Record source categories: Biographical data obtained from various methods, including information provided by the individual and submission by DOT Secretarial Representatives.
Travel data submitted by individual members.

DOT/OST 006.

System name: Confidential Statement of Employment and Financial Interests. DOT/OST.

System location: Department of Transportation (DOT),
Office of the Secretary (OST),
Office of the General Counsel,
400 7th Street, SW, Room 10428,
Washington, DC 20590.

Categories of individuals covered by the system: Employees of the Department of Transportation in supervisory or other positions where a conflict of interest or the appearance of a conflict of interest might occur. Also included in this category are Consultants and Experts of the Department of Transportation.

Categories of records in the system: Information on employment and financial interests and debts.

Routine uses of records maintained in the system, including categories of users and the purposes of such uses: The information to be furnished is required by Executive Order 11222 and the regulations of the Civil Service Commission issued thereunder and may not be disclosed except as the Commission or the agency head may determine. The purpose of the use of this information is to avoid a conflict of interest or the appearance of a conflict of interest in DOT employees.

See Prefatory Statement of General Routine Uses.

Policies and practices for storing, retrieving, accessing, retaining, and disposing of records in the system:

Storage: Accordion - type file folder.

Retrievability: Indexed individually by name in alphabetical sequence.

Safeguards: Records are stored in safe.

Retention and disposal: Records are kept 3 years and then destroyed.

System manager(s) and address: Deputy General Counsel,
Department of Transportation,
Office of the Secretary,
Office of the General Counsel,
400 7th Street, SW, Room 10428,
Washington, DC 20590. 11
Department of Transportation,
Office of the Secretary,
Office of the General Counsel,
Deputy General Counsel,
400 7th Street, SW, Room 10428,
Washington, DC 20590. Inquiries may be addressed to the Deputy General Counsel either in person or in writing. If written the individual must provide a notarized signature.

Record access procedures: Access to records requires the individual to contact in person or write the Deputy General Counsel.

Contesting record procedures: Contest of a record is also through the Deputy General Counsel.

Record source categories: Statements of employment and financial interests, creditors, interests in real property are submitted by employees and consultants of the Department of Transportation. Initial requests for submission of statements are through the Office of Personnel and Training.

DOT/OST 008.

System name: Departmental Advisory Committee Files. DOT/OST.

System location: Department of Transportation (DOT),
Office of the Secretary (OST),
Office of the Executive Secretary,
400 7th Street, SW,
Washington, DC 20590.

Categories of individuals covered by the system: Present and former members of Departmental Advisory Committees.

Categories of records in the system: Individual index card membership file listing name, address, occupation, committee name, and term of appointment.
Biographical information on committee members.

Routine uses of records maintained in the system, including categories of users and the purposes of such uses: To prepare reports required by the Congress and the Office of Management and Budget.
To answer inquiries on the membership status of individuals received from Departmental elements as well as from public and private organizations and individuals.
See Prefatory Statement of General Routine Uses.

Policies and practices for storing, retrieving, accessing, retaining, and disposing of records in the system:

Storage: 3x5 index card file.
File folders.

Retrievability: Alphabetically by individual's name.
Alphabetically by committee name.

Safeguards: Files kept in locked room, accessible only by permission of the Committee Records Manager.

Retention and disposal: Maintained indefinitely.
Retired to Federal Records Center within five years after a committee becomes inactive.

System manager(s) and address: Executive Secretary/DOT Committee Management Officer,
Department of Transportation,
Office of the Secretary,
Office of the Executive Secretary,
400 7th Street, SW,
Washington, DC 20590.

Notification procedure: Inquiries should be directed to the System Manager. Full, correct name of advisory committee, if known, will facilitate location of information.

Record access procedures: Contact System Manager for information on procedures for gaining access to records.

Contesting record procedures: Contact System Manager for information on procedures for contesting records. Appeals should be directed to the Secretary of Transportation, if request for modification or deletion is denied.

Record source categories: Information supplied by the Committee Sponsor.

DOT/OST 010.

System name: Departmental Personnel Management Information System. DOT/OST.

System location: Department of Transportation (DOT),
Transportation Computer Center,
400 7th Street, SW, Room 2401,
Washington, DC 20590.
Computer Network Corporation,
5185 MacArthur Blvd.,
Washington, DC 20016.

Categories of individuals covered by the system: Federal civilian employees of the U. S. Department of Transportation.

Categories of records in the system: Personnel Records and Training Records

Routine uses of records maintained in the system, including categories of users and the purposes of such uses: Issue automated records to the U.S. Civil Service Commission.
Submit personnel reports, summaries and name listings to the U.S. Civil Service Commission, Office of Management and Budget, U. S. Department of Commerce, U.S. Congress, and other government agencies.
Develop statistical summaries and name listings for use in performing personnel management functions and other manpower and budgetary functions of the Department.
See Prefatory Statement of General Routine Uses.

Policies and practices for storing, retrieving, accessing, retaining, and disposing of records in the system:

Storage: Magnetic Tapes and Disks.

Retrievability: Social Security Number.

Safeguards: Transportation Computer Center maintains both physical security and personal access by retrieve/access procedures and secured storage and operative areas.

Retention and disposal: The personnel records are maintained for a 3 year period while the training records will be maintained for a 10 year period. The records disposed by blending the magnetic tapes or disks.

System manager(s) and address: Director of Personnel and training,
Department of Transportation,
Office of the Secretary,
400 7th Street, SW.,
Washington, DC 20590.

Notification procedure: The individual may address the Office of Personnel and Training (Director of Personnel and Training), in person or in writing, at the above address.

Record access procedures: Same as 'Notification Procedure'.

V 42 181 SEP 19 77 UMI

Contesting record procedures: Contest of these records will be to the Office of Personnel and Training. If resolution is not satisfactory to the individual, an appeal may be filed with the Secretary of Transportation addressed to the General Counsel as follows:

Department of Transportation,
Office of The Secretary,
Office of the General Counsel,
400 7th Street, SW., Room 10428,
Washington, DC 20590.

Record source categories: Standard Form 50 (Notification of Personnel Action).

Standard Form 52 (Request for Personnel Action).
Standard Form 171 (Personnel QUALIFICATIONS Statement).
Standard Form 1126 (Pay Change Action).
Optional Form 170 (Training) and other internal training forms.
Internal Forms (Minority Identification Record).

DOT/OST 011.

System name: Discrimination Complaint Investigative Files. DOT/OST.

System location: Department of Transportation (DOT),

Office of the Secretary (OST),
Departmental Office of Civil Rights,
Complaints Division,
2100 Second Street, SW., Rm 5300,
Washington, DC 20590.

Categories of individuals covered by the system: Complaints of discrimination by employees of, and applicants to, the Department. Complaints of discrimination by individuals affected by departmental programs for which the Department has compliance responsibility.

Categories of records in the system: Formal complaint.

Personnel record information.
Racial-ethnic data.
Investigative reports.
Affidavits.
Departmental decision.
Hearing transcript, if hearing is held.

Routine uses of records maintained in the system, including categories of users and the purposes of such uses: Internal Complaints:

Investigation and adjudication of complaint by the Departmental Office of Civil Rights.
Referral to the General Counsel and, upon request, to the appropriate U.S. Attorney's Office, if complainant files suit in court.
Referral to the Civil Service Commission (CSC) if complainant requests a hearing or appeals a Departmental decision.
Referral to the CSC for investigation of complaint.
Information copies to the Civil Rights Office of the employee's administration and to the employee.

External Complaints:

Referral to Office of Federal Contract Compliance (OFCC) of discrimination complaints relating to employment.
Referral to operating administration with compliance responsibility of class-action complaints, for purpose of a compliance review.
Investigation by Departmental Office of Civil Rights personnel of Title VI complaints.
Referral, upon request, to Department of Justice, which has overall program responsibility for Title VI enforcement.
Referral to General Counsel when conciliation fails and sanction action is anticipated.
See Prefatory Statement of General Routine Uses.

Policies and practices for storing, retrieving, accessing, retaining, and disposing of records in the system:

Storage: File folders.

Retrievability: Alphabetically within operating administration.

Safeguards: Maintained in locked file cabinets in a locked room.

Retention and disposal: Maintained three years, then retired to NARS.

System manager(s) and address: Director of Civil Rights,

Department of Transportation,
Office of the Secretary,
Director of Civil Rights,
400 7th Street, SW.,
Washington, DC 20590.

Notification procedure: Inquiries should be directed to the System Manager.

Record access procedures: Contact System Manager for information on procedures for gaining access to records.

Contesting record procedures: Contact System Manager for information on procedures for contesting records. Appeals should be directed to the Secretary of Transportation, if request for modification or deletion is denied.

Record source categories: Information provided by the complainant.

Personnel files and employment records.
Interviews with witnesses.

DOT/OST 012.

System name: Files Relating to Personnel Hearings. DOT/OST.

System location: Department of Transportation (DOT),

Office of the Secretary (OST),
Office of the General Counsel,
400 7th Street, SW, Room 10102,
Washington, DC 20590.

Categories of individuals covered by the system: Certain employees of the Office of the Secretary who have availed themselves of the opportunity for a hearing in certain personnel matters.

Categories of records in the system: A record of the legal services performed and reference material for future cases.

Routine uses of records maintained in the system, including categories of users and the purpoees of such uses: Used by agency management in the preparation and conduct of administrative hearings.

See Prefatory Statement of General Routine Uses.

Policies and practices for storing, retrieving, accessing, retaining, and disposing of records in the system:

Storage file folders stored in file cabinets (Conserv-a-File).

Retrievability: Indexed individually by name in alphabetical sequence.

Safeguards: Files are kept in the office of the Assistant General Counsel.

Retention and disposal: Retire in 3 years; destroy in 6 years.

System manager(s) and address: Assistant General Counsel for Operations and Legal Counsel,

Department of Transportation,
Office of the1 Secretary, Office of the1 General Counsel,
400 7th Street, SW, Room 10102,
Washington, DC 20590.

Notification procedure: Department of Transportation,

Office of the Secretary,
Office of the General Counsel,
400 7th Street, SW. Room 10428,
Washington, DC. 20590.

Record access procedures: Department of Transportation,

Office of the Secretary, Office of the General Counsel,
Assistant General Counsel for Operations and Legal Counsel,
400 7th Street, SW, Room 10102,
Washington, DC 20590.

Contesting record procedures: Same as 'Record Access Procedure'.

Record source categories: Official agency records; hearings; documentary material from outside the agency.

DOT/OST 013.

System name: Employee Management Convenience Files-Audit.

System location: Regional Audit Manager,

Office of Audits, DOT-OST,

Anchorage, AK 99501.

Categories of individuals covered by the system: Members of the National Defense Executive Reserve (NDER): private citizens; Military members; U.S., State, and local government officials and civil servants, who participate in Fund activities.

Categories of records in the system: Receipt forms by individual name, with dates, amounts of money received, and purpose with vouchers to enter the fund; checks with vouchers in payment of approved invoices; procurement requests for authorized services; invoices for services rendered and correspondence to agencies, firms and individuals pertaining to the above.

Routine uses of records maintained in the system, including categories of users and the purposes of such uses: Internal management of non-appropriated funds of NDER units, National and Regional, in authorized training activities of those units.

See Prefatory Statement of General Routine Uses.

Policies and practices for storing, retrieving, accessing, retaining, and disposing of records in the system:

Storage: Individual records are maintained in a filing folder appended to numbered vouchers.

Retrievability: Retrieved only by incident or occasion to which voucher pertains.

Safeguards: Maintained in metal file containers or other standard office equipments which are kept in a locked file room.

Retention and disposal: Retained indefinitely.

System manager(s) and address: Custodian, Organization Fund,
Department of Transportation,
Office of the Secretary,
Office of Emergency Transportation Unit,
National Defense Executive Reserve,
400 7th Street, SW, Room 9114,
Washington, DC 20590. For each Region the RETCO (Section 02) is manager of the Regional Fund.

Notification procedure: Inquiries may be addressed to any of the offices listed under 'System Locations'. Individuals requesting such information must sign the request personally and include suitable identification. Alternatively personal visits to the above locations with presentation of suitable identification will enable individual to learn of and have access to his or her record.

Record access procedures: Individual may secure or obtain information or procedures for gaining access to records by addressing a written query to the offices cited above or presenting him or herself in person to those offices.

Contesting record procedures: Same as 'Record Access Procedures'.

Record source categories: Data comes from individuals concerned.

DOT/OST 016.

System name: General Investigations Record System. DOT/OST.

System location: Department of Transportation (DOT),
Office of the Secretary (OST),
Office of Investigations and Security (TAD-50),
400 7th Street, SW,
Washington, DC 20590.

Categories of individuals covered by the system: DOT employees and contractor employees as well as employees, grantees, subgrantees, contractors, subcontractors and applicants for DOT funded programs.

Categories of records in the system: Results of investigations and inquiries conducted by the Office of Investigations and Security (OST); reports of investigations conducted by other Departmental, Federal, state and local investigative agencies which relate to the mission and function of the Office of Investigations and Security; incident reports covering occurrences relating to the security of DOT personnel and headquarters buildings; and investigative case index card files.

Routine uses of records maintained in the system, including categories of users and the purposes of such uses: The information contained in the Investigative Records System is collected and maintained in the administration of the DOT Act, Federal Criminal Statutes, Uniform Code of Military Justice, Executive Orders, and the Code of Federal Regulations to oversee and enforce Federal laws and regulations. Material gathered is used in the enforcement of the aforementioned laws and regulations.

These records may be disseminated, depending on jurisdiction, to:
DOT Officials in the administration of their responsibilities.
Other Federal, state, local or foreign agencies or administrations having interest or jurisdiction in the matter.
Any source from which information is requested in the course of an investigation, to the extent necessary to identify the individual, to inform the source of the nature and purpose of the investigation, and to identify the type of information requested.

See Prefatory Statement of General Routine Uses.

Policies and practices for storing, retrieving, accessing, retaining, and disposing of records in the system:

Storage: Paper records in case folders in manual filing system and on index cards.

Retrievability: By name or incident title.

Safeguards: Investigative files and case index file cards are maintained in a cypher-locked room with appropriate access controls. Access to investigative files is strictly restricted to authorized investigative personnel on a 'need-to-know' basis, with appropriate access controls.

Retention and disposal: Investigative material held for ten years, then destroyed by secure means used for classified materials.

System manager(s) and address: Director, Office of Investigations and Security (TAD)-50),
Department of Transportation,
Office of the Secretary,
400 7th Street, SW, Room 10323,
Washington, DC 20590.

Notification procedure: Same as 'System Manager'.

Record access procedures: Same as 'System Manager'. Investigative data compiled for law enforcement may be exempt from the access provisions pursuant to 5 USC 552a(k)(2).

Contesting record procedures: Same as 'Record Access Procedure'.

Record source categories: These records contain information obtained from interviews, review of records and other authorized investigative techniques.

Systems exempted from certain provisions of the act: Investigative data compiled for law enforcement purposes may be exempt from the access provisions pursuant to 5 USC 552a (j)(2), (k)(1) or (k)(2).

DOT/OST 018.

System name: Identification Media Record Systems. DOT/OST.

System location: Department of Transportation (DOT),
Office of the Secretary (OST),
Office of Investigations and Security, TAD-50,
400 7th Street, SW,
Washington, DC 20590.
Commandant (GOIS),
U.S. Coast Guard Headquarters,
Washington, D.C. 20590; and each District Office.
Federal Aviation Administration,
Office of Investigations and Security,
800 Independence Avenue, SW,
Washington, D.C. 20591; and FAA Regional and Center Air Transportation Security Divisions.
Federal Highway Administration,
Operations and Services Division,
400 7th Street, SW,
Washington, DC 20590; and all FHWA Regional Offices.

Categories of individuals covered by the system: Present employees, contractor employees, and National Defense Executive Reservists in the Office of the Secretary, U.S. Coast Guard, Federal Aviation Administration, Federal Railroad Railroad Administration, National Highway Traffic Safety Administration, Urban Mass Transportation Administration, St. Lawrence Seaway Development Corporation, and Materials Transportation Bureau.

Categories of records in the system: Applications, photographs, receipts for DOT identification cards, and official credentials; special facilities passes, including Federal Preparedness Agency passes; temporary building passes; and application for Civil Defense Emergency Assignee cards or other passes needed for official duties.

Routine uses of records maintained in the system, including categories of users and the purposes of such uses: Records are maintained for control and accountability of DOT identification cards, credentials, and Civil Defense Emergency Assignee cards issued to DOT Civilian employees, contractor employees and executive reservists for identification purposes and admittance to the DOT facilities or for other official duties.

See Prefatory Statement of General Routine Uses.

Policies and practices for storing, retrieving, accessing, retaining, and disposing of records in the system:

Storage: Alphabetically filed card forms in manual filing system.

Retrievability: By name.

Safeguards: Application cards stored in locked drawers and/or in a locked room with limited access.

Retention and disposal: Applications, including photographs and identification media, are destroyed upon termination of employment.

System manager(s) and address: Director of Investigations and Security, TAD-50,
Department of Transportation,

400 7th Street, SW, Room 10323,
Washington, DC 20590.
For USCG: Commandant (GOIS),
U.S. Coast Guard Headquarters,
Washington, DC 20590.
For FAA: Director, Office of Investigations and Security,
Federal Aviation Administration,
800 Independence Avenue, SW,
Washington, DC 20591.
For FHWA: Chief, Operations and Services Division,
Federal Highway Administration,
400 7th Street, SW,
Washington, DC 20590.
All FHWA Regional Offices

Notification procedure: Same as 'System Manager'.

Record access procedures: Same as 'System Manager'.

Contesting record procedures: Same as 'System Manager'.

Record source categories: Individual on whom the record is maintained.

DOT/OST 019.

System name: Individual Personal Interests in Intellectual Property. DOT/OST.

System location: Department of Transportation (DOT),
Office of the Secretary (OST),
Office of the General Counsel,
400 7th Street, SW, Room 10100,
Washington, DC 20590.

Categories of individuals covered by the system: Inventors employed by or having contractual relationships with the Department of Transportation and other Government agencies.

Categories of records in the system: Invention disclosures, Government Patents Branch cases, patent applications, issued patents, and license agreement files.

Routine uses of records maintained in the system, including categories of users and the purposes of such uses: Used by Patent Counsel and his staff as a record of determination of rights in inventions, determination of novelty and patentability, determination of patent coverage, and allocation of rights in issued patents.

See Prefatory Statement of General Routine Uses.

Policies and practices for storing, retrieving, accessing, retaining, and disposing of records in the system:

Storage: File folders stored in file cabinets.

Retrievability: Indexed individually by name in alphabetical sequence.

Safeguards: Records are disclosed only to individuals who have legal interest in the records or legal 'need to know.'

Retention and disposal: Transfer to Federal Records Center two years after close of file; destroy 25 years after close of file.

System manager(s) and address: Patent Counsel,
Department of Transportation,
Office of the Secretary,
Office of the General Counsel,
Office of the Assistant General Counsel for Operations and Legal Counsel,
400 7th Street, SW, Room 10100,
Washington, DC 20590.

Notification procedure: Department of Transportation,
Office of the Secretary,
Office of the General Counsel,
Office of Patent Counsel,
400 7th Street, SW, Room 10100,
Washington, DC 20590.

Record access procedures: Department of Transportation,
Office of the Secretary,
Office of the General Counsel,
Patent Counsel,
Office of the Assistant General Counsel for Operations and Legal Counsel,
400 7th Street, SW, Room 10100,
Washington, DC 20590.

Contesting record procedures: Same as 'Record Access Procedures'.

Record source categories: Individual inventors, technical evaluators, and United States Patent and Trademark Office.

DOT/OST 020.

System name: Information Systems Division Project Management System. DOT/OST.

System location: Department of Transportation (DOT),
Office of the Secretary (OST),
400 7th Street, SW, Room 10317,
Washington, DC 20590.

Categories of individuals covered by the system: Records involve only employees of the Information Systems Division, Office of Management Systems.

Categories of records in the system: Contains detailed plans for obligation and expenditure of funds for individual projects, including project manager, category of expenditure maintained on random access data base with formal reports, specific task assignment notes with scheduled completion dates, agreed-on goals and objectives for projects and individuals.

Routine uses of records maintained in the system, including categories of users and the purposes of such uses: Normal use is for internal agency management review of planned and actual accomplishments and fund usage on approved projects. May also be used for similar reviews with other government agency personnel involved in management of information systems activities such as OMB, GSA and NBS.

See Prefatory Statement of General Routine Uses.

Policies and practices for storing, retrieving, accessing, retaining, and disposing of records in the system:

Storage: Printed, typed or hand-written items are maintained in normal office file systems. Obligation and cost tracking records maintained on commercial computer time-sharing random access storage under password control (plus account number control).

Retrievability: Computer-resident data normally retrieved by standard report, selected by project or group of projects.
Detailed reports normally used by individuals to update; summary reports (which do not contain personal date) normally used for management review.
Goal/objectives statements manually filed (variable).

Safeguards: Computer data base under account number and password control; requires some knowledge of system to extract.
Manual records and print-outs are in normal office files, amount of personal data is not considered significant.

Retention and disposal: Records are maintained for the life of a particular project or fiscal year.

V 42 181 SEP 19 77 UMI

Computer based records are deleted from a terminal. Printed or hard copies in normal trash pickup.

System manager(s) and address: Chief, Information Systems Division,

Department of Transportation,
Office of the Secretary,
Office of Management Systems,
400 7th Street, SW, Room 10317,
Washington, DC 20590

Notification procedure: Contact the System Manager. Generally, each individual should have a copy of any record pertaining to him.

Record access procedures: Contact the System Manager. All records are normally brought to the named individual's attention periodically for updating since this is a status system.

Contesting record procedures: Notify the system manager of any erroneous items.

Record source categories: Records are normally created by the division chief in conjunction with the named individual as part of the normal management process of assigning work. States data is supplied (usually by the named individual) based on billings from contractors, revised estimates, budget changes or similar events and sources.

DOT/OST 022.

System name: National Defense Executive Reserve (NDER)File. DOT/OST.

System location: Office of Emergency Transportation (OET) (TAD-80).

Department of Transportation,
400 7th Street, SW,
Washington, D.C. 20590.
Some records are held only in the Office of Emergency Transportation while others are held at various locations in the custody of officials in the several regions, as indicated in the paragraph labeled 'Categories of Records' below. Holdings of the Regional Directors-designate and Deputy Directors-designate are partial duplications of the Regional Emergency Transportation Coordinator(RETCO) files and may be accessed through the applicable RETCO. The RETCO and the Regional Emergency Transportation Representative(RETREP) for each region may be contacted directly at the addresses shown below. The Regional Director-designate and Deputy Director-designate for each region may be contacted by addressing mail in care of the RETCO for that region at the address shown in the following list:
Regions 1 and 2,
150 Causeway Street,
Boston, MA 02114.
Region 3,
1633 Federal Building,
Baltimore, MD 21201.
Region 4,
P.O. BOx 20636,
Atlanta, GA 30320.
Region 5,
18209 Dixie Highway,
Homewood, IL 60430.
Region 6,
P.O. Box 1689,
Ft. Worth, TX 76101.
Region 7,
P.O. Box 7186,
Country Club Sta.,
Kansas City, MO 64113.
Region 8,
Denver Federal Center,
Denver, CO 80225.
Region 9,
630 Sansome Street,
San Francisco, CA 94126.
Region 10,
Federal Bldg.,
Rm. 3590,
915 Second Ave.,
Seattle, WA 98174.
Alaska Region,
632 Sixth Avenue,
Anchorage, AK 99501.
Administrative Communications Officer,
Department of Commerce,
Box No. 688,
Greensboro, NC 27402.

Categories of individuals covered by the system: Upper, middle, and lower management members of the transportaton industry, university professors, lawyers and business men who are candidates for membership in NDER, active members of NDER, or who are former members whose membership has been terminated by death, resignation or involuntary release, and emeritus members.

Categories of records in the system: Personnel and security forms completed by individuals consisting of applications, statements of understanding by employers, security and identifcation data from individuals, certificates of appointment and reappointmen (located at DOT/OST/OET and RETCOs only); names and addresses of individuals for directory (maintained at DOT/OST/OET only); name and address card file (maintained at DOT/OST/OET only); card file with name, date of appointment and date of reappointment (in OET only); lists of reservists in process including active and Emeritus members and former members showing steps in process, numerical sequence, unit assignment, name date of designation, state of residence, date of separation and reason (in OET only); contact file of those previously nominated but not appointed, or once in program but not no longer members, with date and reason for non-affiliation (in OET only); personal data sheet for each individual which presents summary of pertinent data including photograph to assist professional staff in evaluating the member and assigning member on appointment and reappointment or during active membership (this record held at all locations).

Routine uses of records maintained in the system, including categories of users and the purposes of such uses: Internal personnel management of the NDER for the Office of the Secretary, which includes staff action and exchange of data with the Office of the Director, Federal Preparedness Agency, which is responsible for the entire National Defense Executive Reserve Program. Available to the Secretary, any Secretarial Officer, head of an operating administration, or their designated subordinates who require access in the pursuit of their duties. Available to director and staff members of OET, to RETCO's and their staff members, to Regional Directors-designate and Deputies and the Facility Manager, Federal Aviation Administration Headquarters Records Center (for storage only) who require access in pursuit of their duties.

See Prefatory Statement of General Routine Uses.

Policies and practices for storing, retrieving, accessing, retaining, and disposing of records in the system:

Storage: Individual records are maintained in a manual system consisting of a filing jacket with the individual's name tabbed and containing all papers pertaining to him or her, except the following which are maintained as stated.

Directory - stored in bulk in steel containers.
Mailing List - maintained in standard card file.
Chronological File - maintained in standard card file.
Contact File - maintained in standard card file.
Personal Data Sheets - maintained in separate loose leaf note books or in personnel jackets at option of holder.

Retrievability: Indexed alphabetically by name. Retrieved manually.

Safeguards: Maintained in metal file containers or other standard office equipment in locked file.

Retention and disposal: Held for five years from date of separation and then destroyed.

System manager(s) and address: Director of Emergency Transportation, Office of the Secretary (TAD-80), Department of Transportation (Room 9114), Washington, D.C. 20590.

Notification procedure: Inquiries may be addressed to any of the offices and officials listed under 'System Locations'. Individuals requesting such information must sign the request personally and include in the text of the request the card number of his or her Federal Emergency Assignee Identification Card (CD Card) (SF 138). Alternatively, personal visits to the above locations with presentation of the above credentials will enable individual to learn of and have access to his or her record.

Record access procedures: Individual may secure or obtain information on procedures for gaining access to records by (1) referral to the information sheet issued to him or (2) addressing a written query to the offices cited under 'System Location' above (except the Facility Manager, FAA Headquarters Records Center which

maintains duplicate files for storage) or (3) presenting himself or herself in person to those offices.

Contesting record procedures: Same as 'Record Access Procedures'.

Record source categories: Personal data submitted by the individual; data from his or her employer; recommendations from colleagues; mailing data from existing distribution system.

DOT/OST 024.

System name: Parking Permit Application File. DOT/OST.

System location: Department of Transportation (DOT),

Office of the Secretary (OST),
Parking Management Office, TAD-444.3,
400 7th Street, SW, Room 2322,
Washington, DC 20590.

Categories of individuals covered by the system: DOT parking permit holders (Washington, DC), DOT carpool members.

Categories of records in the system: Parking permit application form

Routine uses of records maintained in the system, including categories of users and the purposes of such uses: Determine criteria for permit issuance, record change data, record garage violations and periodic review and revalidation. Used by parking management office personnel only.

See Prefatory Statement of General Routine Uses.

Policies and practices for storing, retrieving, accessing, retaining, and disposing of records in the system:

Storage: Stored in lockable visible edge file in a security locked workroom.

Retrievability: Indexed sequentially by permit number.

Safeguards: Only Parking Management Office personnel have access to these records.

Retention and disposal: Record cards are retained for 3 years locally, sent to the Federal Records Center for 2 more years, and then destroyed.

System manager(s) and address: Chief, Transportation Branch, TAD-444,

Department of Transportation,
Office of the Secretary,
Office of Administration Operations,
400 7th Street, SW, Room 2318,
Washington, DC 20590.

Notification procedure: Individual may review only his own application card upon presentation of valid DOT ID card at the address given under 'System Location'.

Record access procedures: Same as Notification Procedure.

Contesting record procedures: No contest - individual can change recorded data at will.

Record source categories: Submitted by individual.

DOT/OST 025.

System name: Parking Permit Management System. DOT/OST.

System location: Department of Transportation (DOT),

Office of the Secretary (OST),
Parking Management Office, TAD-444.3,
400 7th Street, SW, Room 2322,
Washington, DC 20590.

Categories of individuals covered by the system: DOT parking permit holders (Washington Headquarters) and DOT car pool members (Washington Headquarters).

Categories of records in the system: Status record (of permits) and member record (of carpools).

Routine uses of records maintained in the system, including categories of users and the purposes of such uses: Routine uses of records maintained in the system, including categories of users and the purposes of such uses:

Records used for ADP report and listing production.
Lisfings are used by the parking vendor for billings and Parking Mangement Office for system administration.
Additionally, a carpool location listing is produced for use in forming and enlarging carpools. This is for use by the general public.

See Prefatory Statement of General Routine Uses.

Policies and practices for storing, retrieving, accessing, retaining, and disposing of records in the system:

Storage: Parking Management office personnel enter data password control.

Retrievability: Indexed sequentially by permit number.

Safeguards: Only Parking Mangement Office personnel and the parking vendor have access to general listings. The carpool location listing is for use by the general public, but is secured in the parking office.

Retention and disposal: Data is deleted and not retained on ADP once individual leaves system. Record copies of monthly reports and listings are retained locally for 3 years, forwarded to the Federal Records Center for 2 more years and then destroyed.

System manager(s) and address: Chief Transportation Branch, TAD-444, Department of Transportation,

Office of the Secretary,
400 7th Street, SW, Room 2318,
Washington, DC 20590.

Notification procedure: Individual may review data upon presentation of valid DOT ID card.

Record access procedures: Same as Notification Procedure.

Contesting record procedures: No contest - individual can change data at will.

Record source categories: Only source is from parking permit application.

DOT/OST 026.

System name: Payroll Management System. DOT/OST.

System location: Department of Transportation (DOT),

Office of the Secretary (OST),
Accounting Operations Division, TAD-45,
400 7th Street SW, Room 2228,
Washington, DC 20590.

Categories of individuals covered by the system: Office of the Secretary

Categories of records in the system: Gross to net payroll.

Payroll master.

Routine uses of records maintained in the system, including categories of users and the purposes of such uses: Support for payment of payroll.

See Prefatory Statement of General Routine Uses.

Policies and practices for storing, retrieving, accessing, retaining, and disposing of records in the system:

Storage: ADP listing.

Retrievability: Alpha-numeric by employee.

Safeguards: People given access are screened by responsible management personnel.

Retention and disposal: Federal records retention schedule.

Retained for 1 year - destroyed.

System manager(s) and address: Chief, Accounting Operations Division, TAD-45, Department of Transportation,

Office of the Secretary,
Accounting Operations Division, TAD-45,
400 7th Street, SW, Room 2228,
Washington, DC 20590.

Notification procedure: Department of Transportation,

Office of the Secretary,
Accounting Operations Division, TAD-45,
400 7th Street, SW, Room 2228,
Washington, DC 20590.

Record access procedures: Same as 'Notification Procedure'.

Contesting record procedures: Same address as 'Notification Procedure'.

Record source categories: Time and attendance records.

Personnel actions (SF So)

DOT/OST 027.

System name: Personnel Reference Files DOT/OST.

System location: Office of the Assistant Secretary for Envionment,

Safey, and Consumer Affairs,
Room 10101,
Department of Transportation,
400 7th Street, SW,
Washington, DC 20590.

V 42 181 SEP 19 77 UMI

Categories of individuals covered by the system: TES employees.

Categories of records in the system: Standard Form 52.

Position descriptions.
TES Personnel Printout.
Key Executive Book.
Copies of Commendations and awards.
Payroll and Leave Records.
Training Records.
Travel Records (includes travel orders, travel vouchers, change of official duty station records, foreign travel requests, trip reports, claim for reimbursement).

Routine uses of records maintained in the system, including categories of users and the purposes of such uses: For the individual's use. None of the above records arekept in individual folders, but are filed chronologically, or by organization or subject for general reference only.

To review travel records to prepare corrections or prepare statistics of travel performed. b7
To review in relation to personnel actions.
To prepare tme and attendance cards.
Budgetary information and reports.
See Prefatory Statement of General Routine Uses.

Policies and practices for storing, retrieving, accessing, retaining, and disposing of records in the system:

Payroll are leave records are retained during employment and up to three years after employment resigns, retires, or is transferred.
Records for budgetary purposes are retained indefinitely.
All records are disposed of as trash.

System manager(s) and address: Executive Officer,

Office of the Assistant Secretary for Environment, Safety, and Consumer Affairs,
Room 10101
Department of Transportation,
400 7th Street, SW,
Washington, DC 20590.

Notification procedure: The individual may present himself in person or in writing to the System Manager where files are held to inquire about whether records apply to him.

Record access procedures: The individual may gain access o his records upon request, as under 'Notification Procedure'.

Contesting record procedures: Contest of these records will be in writing to the System Manager where the files are located, as listed above. If request is not resolved, the individual may file an appeal to:

Office of the General Counsel,
Department of Transportation,
Room 10428,
400 7th Street, SW,
Washington, DC 20590.

Record source categories: Information copies provided by the individual.

Information copies provided by hte Office of Personnel.
Information copies from time and attendance cards.
Information copies generated from travel and training program.

DOT/OST 028.

System name: Personnel Convenience Files. DOT/OST.

System location: The following Secretarial Offices located at the

Department of Transportation (DOT),
Office of the Secretary (OST),
400 7th Street, SW,
Washington, DC 20590:
Immediate Office of the Secretary, S-1.
Office of the Deputy Secretary, S-2.
Special Assistant to the Secretary, S-3.
Office of the Deputy Under Secretary, S-5.
Special Assistant to the Secretary, S-7.
Executive Secretary, S-10.
Contract Appeals Board, S-20.
Departmental Office of Civil Rights (except for the Complaints Division), S-30.
White House Fellow, S-9.
Office of Planning and Program Review, S-40. Office of Budget, S-50. Office of Public Affairs, S-80. Office of Deepwater Ports, S-90.
Additionally:
Departmental Office of Civil Rights,
Complaints Division, S-35,
2100 2nd Street, SW,
Washington, DC 20590.

Categories of individuals covered by the system: Employees, past and present.

Categories of records in the system: The following documents are kept in all offices:

Copies of orders, vouchers, and related documentation for local and non-local travel. Copies of some of the following documents are kept in all offices: except the Immediate Office of the Secretary and the Offices of the Deputy Secretary, Deputy Under Secretary, the White House Fellow and Special Assistants to the Secretary, for whom such documents are maintained by the Office of the Executive Secretary:
Standard Form 52, Request for Personnel Action.
Standard Form 7-B, Employee Record
Position Descriptions.
Performance evaluations.
Training records.
Payroll and leave records.
Commendations and awards.
Savings Bond and CFC campaign records.
Biographies and profiles (applies to full staff of the Office of the Executive Secretary and to key executives in most of the other offices listed).
Security classification documents.
Monthly Personnel Roster.

Routine uses of records maintained in the system, including categories of users and the purposes of such uses: Biographies and profiles of the Office of the Executive Secretary staff are maintained for familiarization of the Secretary, Deputy Secretary, and other key executives serviced by the Office of the Executive Secretary.

Savings Bond and CFC campaign records are maintained for reference in connection with future campaigns.
All other records are maintained for effective budgetary, manpower, and employee management and also for the use of the individual (not all items and not in all offices).
See Prefatory Statement of General Routine Uses.

Policies and practices for storing, retrieving, accessing, retaining, and disposing of records in the system:

Storage: Hard copy in file folders and binders.

Retrievability: By name.

Safeguards: Data available only by request of the senior official, his deputy, or secretaries to them, of the office or division in which the information is maintained. Provided only on a need-to-know basis.

Retention and disposal: Personnel records are retained until employee leaves.

Payroll records are retained three years.
Travel records normally retained at least one year.
Records are disposed of following minimal period of retention on a space-needed basis.

System manager(s) and address: Senior official of each office listed.

Notification procedure: Inquiries should be directed to the employee's supervisor.

Record access procedures: Contact supervisor for information on procedures for gaining access to records.

Contesting record procedures: Contact supervisor for information on procedures for contesting records.

Appeals should be directed to the Secretary of Transportation, if request for modification or deletion is denied by the senior official of the employee's office.

Further appeal, if necessary, should be to the Secretary of Transportation.

Record source categories: Information provided by the employee.

Informational copies provided by Personnel Operations Division.
Material generated within the employing office.

DOT/OST 030.

System name: Personnel Management Files. DOT/OST.

System location: Department of Transportation (DOT),

Office of the Secretary (OST),
Office of the Assistant Secretary for Policy, Plans and International Affairs,
400 7th Street, SW,
Washington, DC 20590

Categories of individuals covered by the system: Current employees.

Prospective employees.
Prior employees - three years (payroll/time cards only).

Categories of records in the system: Basic recruitment, employment, status and pay records.

Routine uses of records maintained in the system, including categories of users and the purposes of such uses: Employment, pay and performance decisions.

Use by subject, supervisor, responsible official; administrative personnel in preparation; personnel and payroll offices in processing.
See Prefatory Statement of General Routine Uses.

Policies and practices for storing, retrieving, accessing, retaining, and disposing of records in the system:

Storage: Copies of basic documents.

Retrievability: By name.

Safeguards: Locked files with personnel screening for access.

Retention and disposal: Retained only for control purposes, pending official action by Personnel or Payroll offices or management officials.

Pay records are retained for 3 years, then destroyed by burning or shredding.

System manager(s) and address: Assistant Secretary for Policy, Plans and International Affairs (TPI1), and the Directors of the following subordinate offices for records maintained in their respective offices:

Transportation Systems Analysis and Information,
Transportation Planning,
Transportation Economic Analysis,
International Transportation Programs,
Transportation Energy Policy,
Air Transportation Policy,
Transportation Regulatory Policy, all of which are located at the:
Department of Transportation,
Office of the Secretary,
400 7th Street, SW,
Washington, DC 20590.

Notification procedure: Inquiries: Oral request by current employees to the System Manager. Written or direct inquiry by prior emplpyees or applicants to:

Department of Transportation,
Office of the Secretary,
Director Management Staff, TPI-5,
400 7th Street, SW,
Washington, DC 20590.
Must provide notarized signature or social security number.

Record access procedures: Current employees may have access to contents through the System Manager.

For all other inquiries - Office Director, TPI-5 at the address under Notification Procedure.

Contesting record procedures: Present employees may request changes through the System Manager, as above. If request denied, may refer to TPI Review Officer, TPI 5, then to OST Review Officer. For all other inquiries - Office Director, TPI-5.

Record source categories: Subject, supervisor, responsible official, personnel and payroll offices.

DOT/OST 032.

System name: Management Operating Record System. DQT/OST.

System location: Department of Transportation (DOT),

Office of the Secretary (OST),
Office of Investigations and Security, TAD-50,
400 7th Street,SW, Room 10323,
Washington, DC 20590.

Categories of individuals covered by the system: Current employees of the Office of Investigations and Security, OST, DOT.

Categories of records in the system: This system of records contains current employee Time and Attendance Cards, Travel Orders and Vouchers and Position Descriptions.

Routine uses of records maintained in the system, including categories of users and the purposes of such uses: This system of records is maintained for internal administrative management and operating purposes by the TAD-50 Office Director and Division Chiefs.

Time and Attendance Cards are maintained for TAD-50 employees pay purposes and are forwarded to the Payroll Office.
Travel Orders are maintained for TAD-50 employees authorized to travel on DOT business and are forwarded to Travel Office and the Accounting Office to arrange necessary transportation and payment of expenses.
Travel Vouchers are maintained on TAD-50 employees to provide an ongoing tabulation of the Office's travel expenses.
Position Descriptions are maintained for positions within TAD-50 and are utilized internally by the Director and Division Chiefs for reference and to assure effective employee utilization.
See Prefatory Statement of General Routine Uses.

Policies and practices for storing, retrieving, accessing, retaining, and disposing of records in the system:

Storage: Standard forms in individual folders in manual filing system.

Retrievability: By employee name.

Safeguards: This system of records is stored in a locked room with limited access.

Retention and disposal: Records are maintained while an individual is an employee of the Office of Investigations and Security and are destroyed upon transfer or termination.

System manager(s) and address: Director of Investigations and Security, TAD-50,

Department of Transportation,
400 7th Street, SW, Room 10323,
Washington, DC 20590.

Notification procedure: Same as 'System Manager'.

Record access procedures: Same as 'System Manager'.

Contesting record procedures: Same as 'System Manager'.

Record source categories: Employee and office generated statements and forms.

DOT/OST 034.

System name: Personnel Records. DOT/OST.

System location: Department of Transportation (DOT),

Office of the Secretary (OST),
Office of the General Counsel,
400 7th Street, SW, Room 10428,
Washington, DC 20590.

Categories of individuals covered by the system: Attorney and Clerical Employees of the Office of the General Counsel.

Categories of records in the system: Standard Form 52.

Within Grade Increases.
Travel Authority and Vouchers.
Training Records.
Payroll and Leave Records.

Routine uses of records maintained in the system, including categories of users and the purposes of such uses: For the individual's use.

Schedule training.
Statistics to recommend personnel actions.
Administrative reference material.
Budgetary information material.
Technical information material.
Work Territory assignments.
See Prefatory Statement of General Routine Uses.

Policies and practices for storing, retrieving, accessing, retaining, and disposing of records in the system:

V 42 181 SEP 19 77 UMI

Storage: File cards in a locked safe.

Retrievability: Individual names filed alphabetically.

Safeguards: Physical security consists of filing records in a locked safe.

Retention and disposal: Personnel records retained in active files duration of appointment, then destroyed.

System manager(s) and address: Deputy General Counsel,

Department of Transportation,
Office of the Secretary,
Office of the General Counsel,
400 7th Street, SW
Washington, DC 20590.

Notification procedure: Deputy General Counsel,

Department of Transportation,
Office of the Secretary,
Office of the General Counsel,
400 7th Street, SW,
Washington, DC 20590.

Record access procedures: An individual may gain access to his records by request to the System Manager.

Contesting record procedures: Contest of these records may be addressed to the Deputy General Counsel.

Record source categories: Informational copies provided by the Office of Personnel & Training.

DOT/OST 035.

System name: Personnel Security Record System. DOT/OST.

System location: Department of Transportation (DOT),

Office of the Secretary (OST),
Office of Investigations and Security, TAD-50,
400 7th Street, SW,
Washington, DC 20590.

Categories of individuals covered by the system: DOT applicants, employees, former employees; candidates and designees to the DOT unit of the National Defense Executive Reserve, and detailees to DOT from other Federal agencies.

Categories of records in the system: Records of personnel security processing, personal data on investigative and employment forms completed by the individual, reports of investigations, records of security and suitability determinations, records of access authorizations granted, documentation of security briefings/debriefings received, record of security violations by the individual.

Routine uses of records maintained in the system, including categories of users and the purposes of such uses: Used by Departmental personnel security officers for making security determinations and granting access authorizations, by Departmental personnel management officials for making suitability determinations, by representatives of other Federal agencies with which the individual is seeking employment, and by Federal agencies conducting official inquiries to the extent that the information is relevant and necessary to the requesting agency's inquiry, and by Departmental officials, to the extent necessary, to identify the individual to sources from whom information is requested for any of the foregoing purposes to inform the source of the nature and purpose of the request and to indicate the type of information requested.

See Prefatory Statement of General Routine Uses.

Policies and practices for storing, retrieving, accessing, retaining, and disposing of records in the system:

Storage: Completed forms and typed pages in individual folders in a manual filing system, and on a manual system control cards.

Retrievability: By name.

Safeguards: Stored in locked room with proprietary lock or in approved security safe. Access limited to authorized staff members.

Retention and disposal: Retained during employment in the Department, retained in accordance with GSA Records Schedule 018 after employment is terminated, authorized destruction done by secure means used for classified materials.

System manager(s) and address: Director of Investigations and Security, TAD-50,

Department of Transportation,
Office of the Secretary,
400 7th Street, SW, Room 10323,
Washington, DC 20590.

Notification procedure: Same as System Manager.

Record access procedures: Same as System Manager. However, information compiled solely for the purpose of determining suitability, elgibility, or qualification for Federal civilian employment or access to classified information may be exempted from the access provisions pursuant to 5 USC 552a(k)(5).

Contesting record procedures: Same as 'Record Access Procedure'.

Record source categories: Investigative sources contacted in full field, National Agency Check and Written Inquiry and similar investigations; investigative reports reviewed at other Government agencies; personal history statements, employment applications and other data provided by the individual and/or other agencies.

Systems exempted from certain provisions of the act: Information compiled solely for the purpose of determining suitability, eligibility, or qualification for federal civilian employment or access to classified information may be exempted from the access provisions pursuant to 5 USC 552a(k)(1) and/or(5).

DOT/OST 036.

System name: Planning Officials for Emergency Functions. DOT/OST.

System location: Department of Transportation (DOT),

Office of the Secretary (OST),
Office of Emergency Transportation (TAD-80),
400 7th Street, SW,
Washington, DC 20590.

Categories of individuals covered by the system: Federal, State and Territorial officials engaged in, or interested in, emergency transportation planning.

Categories of records in the system: Name, title, business address, home address, telephone, office and residence, telegrahic and other communications services as appropriate available to each individual listed.

Routine uses of records maintained in the system, including categories of users and the purposes of such uses: Ready reference for persons listed and for staff members in the offices of each, to facilitate contact in planning and execution of emergency functions.

See Prefatory Statement of General Routine Uses.

Policies and practices for storing, retrieving, accessing, retaining, and disposing of records in the system:

Storage: Minor stock held in files in Office of Emergency Transportation. Bindery stock held in DOT warehouse. Both available for issue to interested persons.

Retrievability: Entries of individual names and positions in order by agency, Federal, State, and Territorial.

Safeguards: Stocks are maintained in locked file rooms in guarded buildings and issued only on orders from Office of the System Manager.

Retention and disposal: Stocks are retained until exhausted by issue or replaced by a new edition; usually every two years.

System manager(s) and address: Director of Emergency Transportation, TAD-80,

Department of Transportation,
Office of the Secretary,
400 7th Street, SW, Washington, DC 20590.

Notification procedure: Inquiries may be addressed to the office listed under 'System Locations'. Individuals requesting such information must sign the request personally. Alternatively, personal visits to the above locations with proper identification will enable individual to have access to his record.

Record access procedures: Individual may obtain information on procedures for gaining access by addressing a written query to the persons cited under 'System Location' or by presenting himself to those offices.

Contesting record procedures: Same as 'Record Access Procedures'.

Record source categories: Individuals concerned, agency offices for federal persons, Regional Emergency Transportation Coordinators for regional persons, and State and Territorial Officials.

DOT/OST 037.

System name: Records of Confirmation Proceeding Requirements for Proposed Executive Appointments to the Department of Transportation. DOT/OST.

System location: Department of Transportation (DOT),

Office of the Secretary (OST),

Office of the General Counsel,
400 7th Street, SW, Room 10428,
Washington, DC 20590.

Categories of individuals covered by the system: Individuals nominated for top executive positions of the Department of Transportation.

Categories of records in the system: Financial data and biographical data.

Routine uses of records maintained in the system, including categories of users and the purposes of such uses: Data submitted to the General Counsel as reviewing official by subject individual for use by the Senate Commerce Committee to determine if there would be a conflict of interest, or the appearance of a conflict of interest, in subject's appointment to the Department of Transportation.

See Prefatory Statement of General Routine Uses.

Policies and practices for storing, retrieving, accessing, retaining, and disposing of records in the system:

Storage: Legal sized documents located in locked safe.

Retrievability: Individual names filed alphabetically.

Safeguards: Physical security consists of filing records in safe; data released to Senate Commerce Committee and authorized officials only of the Department.

Retention and disposal: Records are retained for 3 years then destroyed.

System manager(s) and address: Deputy General Counsel,

Department of Transportation,
Office of the Secretary,
Office of the General Counsel,
400 7th Street, SW,
Washington, DC 20590.

Notification procedure: Inquiries may be addressed to the Deputy General Counsel at the address above, either in person or in writing. If written the individual must provide a notarized signature.

Record access procedures: Access to records requires the individual to contact in person or write the Deputy General Counsel.

Contesting record procedures: Contest of a record is also through the Deputy General Counsel.

Record source categories: Documents are provided by subject individual.

DOT/OST 039.

System name: Safety Management Information System (SMIS).DOT/OST.

System location: Department of Transportation (DOT),

Office of the Secretary (OST),
Transportation Computer Center,
Department of Transportation (DOT),
400 7th Street, SW, Room 2401,
Washington, DC 20590.

Categories of individuals covered by the system: Federal Civilian/Military Employees of the Department of Transportation:

Contractors working on DOT premises;
DOT Real & Personal Property.

Categories of records in the system: Accident Reporting Records.

Routine uses of records maintained in the system, including categories of users and the purposes of such uses: Issue automated records to the U.S. Dept. of Labor, OSHA.

Submit quarterly accident statistics data to DOT operating administrations.
Develops statistical summaries & special analysis listings for use in programming safety management functions, departmental level budget function as it relates to OWCP, and maintains 5 year OSHA requirement for accident record retention.

See Prefatory Satement of General Routine Uses.

Policies and practices for storing, retrieving, accessing, retaining, and disposing of records in the system:

Storage: Magnetic Tapes and Disks.

Retrievability: Name/Social Security Number/Accident Report Number/Special Project Data Programming.

Safeguards: Transportation Computer Center maintains both physical security and personnel security. Retrieve/access procedures. The records are disposed of by blanking/erasing the magnetic tape or disk.

Retention and disposal: Kept 5 years then destroyed.

System manager(s) and address: Director of Personnel and Training, TAD-10,

Department of Transportation,
Office of the Secretary,
400 7th Street, SW,
Washington, DC 20590.

Notification procedure: Quarterly management analysis delivered to safety managers or all operative administrators. Special data may be provided by request in written form to:

Director TAD 10,
Office of Personnel & Training,
at the above address.

Record access procedures: An individual may gain access to his record by request to the System Manager.

Contesting record procedures: Contest of these records will be to the Office of Personnel and Training. If resolution is not satisfactory to the individual, an appeal may be filed with Secretary of Trasnportation addressed to the General Counsel as follows:

Department of Transportation,
Office of the Secretary,
Office of the General Counsel,
400 7th Street, SW, Room 10428,
Washington, DC 20590.

Record source categories: DOT Form 3902.1,

DOT Form 3902.2,
DOT Form 3902.3,
DOT Form 3902.4,
DOT Form 3902.5,
DOT Form 3902.6,
DOT Form 3902.7,
DOT Form 3902.8.

DOT/OST 040.

System name: Security Management Records. DOT/OST.

System location: Department of Transportation (DOT),

Office of the Secretary (OST),
Office of Emergency Transportation (OET),
400 7th Street SW, Room 9114,
Washington, DC 20590.

Categories of individuals covered by the system: All members of OET.

Categories of records in the system: Jacket file of all security clearance records of all personnel.

Routine uses of records maintained in the system, including categories of users and the purposes of such uses: Management by Director OET and Security Officer of security classification levels required by missions and functions of OET.

See Prefatory Statement of General Routine Uses.

Policies and practices for storing, retrieving, accessing, retaining, and disposing of records in the system:

Storage: Maintained in single folder with all pertinent items included alphabetically.

Retrievability: Alphabetically by name.

Safeguards: Restricted to use by Director of Emergency Transportation and the OET Security Officer. File maintained in a locked 3-combination safe.

Retention and disposal: Retained during period of employment. Transferred with the individual or returned to Security Office of OST.

System manager(s) and address: Director of Emergency Transportation,

Department of Transportation,
Office of the Secretary,
400 7th Street, SW.,
Washington, DC 20590.

Notification procedure: Inquiries may be addressed to the office listed under 'System Location'. Individuals requesting such information must sign the request personally. Alternatively, personal visits to the above location with presentation of necessary identification will enable individual to have access to his record and to actions to contest it.

Record access procedures: Individual may secure information on procedures for gaining access to records by (1) addressing a written

V 42 181
SEP 19 77
UMI

query to the office cited under System Location above or (2) presenting himself in person to that office.

Contesting record procedures: Same as 'Record Access Procedure'.

Record source categories: Data from individual, and from Director of Investigation and Security, Department of Transportation.

DOT/OST 041.

System name: Secretariat Information Retrieval System (SIRS). DOT/OST.

System location: Department of Transportation (DOT),
Office of the Secretary (OST),
Office of the Executive Secretary,
400 7th Street, SW,
Washington, DC 20590.

Categories of individuals covered by the system: Individuals who write, or are referred in writing by a second party,to the Secretary, Deputy Secretary, Deputy Under Secretary, and their immediate offices.

Individuals who are the subject of an action requiring approval or action by one of the forenamed, such as appeal actions, training, awards, foreign travel, promotions, selections, grievances, and discipline.

Categories of records in the system: Correspondence submitted by, or on behalf of, an individual, including resumes, letters of reference, etc.

Responses to such correspondence.
Staff recommendations on actions requiring approval or action by one of the forenamed.

Routine uses of records maintained in the system, including categories of users and the purposes of such uses: Referral to the appropriate action office within or outside the Department for preparation of a response.

Referral to the appropriate agency for actions involving matters of law or regulation beyond the responsibility of the Department, such as the Civil Service Commission for employee appeals, the Department of Justice in matters of law enforcement, etc.
See Prefatory Statement of General Routine Uses.

Policies and practices for storing, retrieving, accessing, retaining, and disposing of records in the system:

Storage: Computer microdisc and - selectively - on microfilm for all records since 1/1/74.

In hard copy for all records prior to 1/1/74.

Retrievability: Indexed by name of correspondent, referring individual, and subject category (e.g., 'employment' for applicants) from 1/1/74 on.

Indexed by name of correspondent prior to 1/1/74.

Safeguards: Computer microfilm records, and remote reader terminals, which permit random access to the system records, are locked after office hours.

During office hours computer is accessible only through terminals operated by, and under the surveillance of, authorized employees of the Executive Secretary.

Retention and disposal: Hard-copy records for 1967-1969 and duplicate microfilms for 1974-1975 are in the custody of National Archives and Records Service (NARS).

Records from 1970 and following are retained in the Departmental headquarters building.
Records are retired to NARS on a space-needed basis.

System manager(s) and address: The Executive Secretary at the address above.

Notification procedure: Inquiries should be directed to the System Manager. Helpful information, in addition to the individual's name, includes date(s), subject matter, and addressee(s) of the incoming correspondence, and date(s) and author(s) of the response(s).

Record access procedures: Contact System Manager for information on procedures for gaining access to records.

Contesting record procedures: Contact System Manager for information on procedures for contesting records. Appeals should be directed to the Secretary of Transportation, if request for modification or deletion is denied.

Record source categories: Correspondence from individual, his representative or sponsor.

Responses to incoming correspondence.
Related material provided for background as appropriate.
See Prefatory Statement of General Routine Uses.

Policies and practices for storing, retrieving, accessing, retaining, and disposing of records in the system:

Storage: Magnetic tape storage via batch processing. Source data returned to DOT.

Retrievability: Can retrieve on social security number or on name.

Safeguards: Only DOT & OSI personnel have access to tapes.

Retention and disposal: Tapes are retained through three (3) cycles, grandfather, father, son, and then scratched. Source materials are retained until the next update is completed.

System manager(s) and address: Chief, Publishing and Graphics Division, TAD-48,
Department of Transportation,
Office of the Secretary,
Office of Administrative Services,
400 7th Street, SW, Room 2317,

DOT/OST 042.

System name: Technical Pipeline Safety Committee. DOT/OST.

System location: Department of Transportation (DOT),
Office of the Secretary (OST),
Materials Transportation Bureau (MTB),
2100 Second Street, SW, Room 6226,
Washington,DC 20590.

Categories of individuals covered by the system: Members of Technical Pipeline Safety Standards Committee- intermittent consultants.

Categories of records in the system: Biographical data in support of member's nomination.

Letters and news releases for member's appointment/reappointment.
Personnel Actions.

Routine uses of records maintained in the system, including categories of users and the purposes of such uses: General reference purposes for support functions.

See Prefatory Statement of General Routine Uses.

Policies and practices for storing, retrieving, accessing, retaining, and disposing of records in the system:

Storage: In file folders.

Retrievability: Alphabetically by name within subject area.

Safeguards: Room locked after hours, most information is public knowledge.

Retention and disposal: Kept indefinitely.

Director
Administrative Correspondence/Memorandums.

DOT/OST 043.

System name: Telephone Directory and Locator System. DOT/OST.

System location: Opportunity Systems, Inc. (OSI),
1330 Massachusetts Avenue, NW,
Washington, DC 20005.

Categories of individuals covered by the system: Department of Transportation (DOT) headquarters employees.

Categories of records in the system: Alphabetic Employee Master Records and GSA Metrocentrex Locator Records.

Routine uses of records maintained in the system, including categories of users and the purposes of such uses: Departmental Alphabetic Directory production,

DOT Mail Room,
DOT Locator Service, and
GSA Metrocentrex Locator Service.
Used by DOT Telephone Directory Representatives, DOT Mail room, and Publishing and Graphics Division Control Clerk.

Record access procedures: Contact Publishing & Graphics Division, TAD-48 at the address above.

Individual may review own data upon presentation of valid DOT ID card.

Contesting record procedures: Individual may change own data at any time.

Record source categories: DOT F 1700.1 - DOT Form prepared for each employee.

DOT/OST 044.

System name: Travel and Transportation Management File. DOT/OST.

System location: Department of Transportation (DOT),
Office of the Secretary (OST),
Accounting Operations Division, TAD-45,
400 7th Street, SW, Room 2228,
Washington, DC 20590.

Categories of individuals covered by the system: All travelers visits using OST travel funds.

Categories of records in the system: Travel Vouchers.

Travel Authorizations.

Routine uses of records maintained in the system, including categories of users and the purposes of such uses: Subsidiary Accounting Records.

Records used by:
Accounting Operations Division employees.
See Prefatory Statement of General Routine Uses.

Policies and practices for storing, retrieving, accessing, retaining, and disposing of records in the system:

Storage: Open files.

Retrievability: Alphabetically by employee name.

Safeguards: Persons given access are screened by responsible management personnel.

Retention and disposal: Destroy after 4 years.

System manager(s) and address: Chief, Accounting Operations Division, TAD-45,
Department of Transportation,
Office of the Secretary,
400 7th Street, SW, Room 2228,
Washington, DC 20590.

Notification procedure: Department of Transportation,
Office of the Secretary,
Accounting Operations Division, TAD-45,
400 7th Street, SW, Room 2228,
Washington, DC 20590.

Record source categories: Contract awards received from Contracting Offices, Publication of Technical Reports.

DOT/OST 050.

System name: Executive Team Cadre Listings and Emergency Alerting Schedules for Continuity of Operations Plan of the Office of the Secretary, and the Operating Elements of the Department of Transportation (DOT) and similar listings designed for management convenience within DOT and the operating elements. DOT/OST.

System location: These records are located in the national headquarters of the Offices of the Secretary; the heads of operating elements; regional offices of the Regional Emergency Transportation Coordinator, the Regional Administrators and Directors of the operating elements and in headquarters of operating element divisions, districts, and other field offices of the Department.

Categories of individuals covered by the system: Professional and clerical employees and military members of the U.S. Government, Directors - designate and Deputy Directors - designate and members of the National Defense Executive Reserve who have been given emergency billet assignments within the Department of Transportation Emergency Structure.

Categories of records in the system: Record consists of a pamphlet (DOT P 1915.4B w/supplement I) periodically showing office and agency listings of elements and with current staffing patterns, current position numbers or routing symbols; emergency assignments, emergency position numbers and cadre designation. The supplement contains listings of individual names of active duty civil servants and military members, identified by DOT office symbol, emergency position numbers and cadre designation. In addition similar listings are maintained in all Federal Standard Regions and in Alaska.

The alerting charts and schedules show names and office and home telephone numbers of individuals in calling sequence and are listed by national headquarters and by regions.

Routine uses of records maintained in the system, including categories of users and the purposes of such uses: For identification of individuals required to insure viability of DOT in the immediate preattack - transattack - immediate postattack period of a national defense emergency. Available to the Secretarial Officers, heads of operating administrations or designated subordinates (national and regional) and to individuals listed.

See Prefatory Statement of General Routine Uses.

Policies and practices for storing, retrieving, accessing, retaining, and disposing of records in the system:

Storage: Publication is maintained in stock in listings in each office of record in standard filing equipment in a locked file room.

Retrievability: Manually by position listing.

Safeguards: Metal file containers or other standard office equipment secured in a locked file room during office duty hours.

Retention and disposal: Retained until republished then destroyed.

System manager(s) and address: Director of Emergency Transportation, TAD-80,

Department of Transportation,
Office of the Secretary,
400 7th Street, SW,
Washington, DC 20590.

Notification procedure: Inquiries may be addressed to any of the offices listed under 'System Locations'. Individuals requesting such information must sign the request personally and include in the text of the request card number of his or her Federal Emergency Assignee Identification Card (CD Card)(SF 138) or other official identification card.

Alternatively, personal visits to the above locations with presentation of the above credentials will enable individual to learn of and have access to his or her record.

Record access procedures: Individual may secure or obtain information on procedures for gaining access to records by (1) referral to the information sheet issued to him or (2) addressing a written query to the offices cited under System Location (except the Facility Manager, FAA Records Center, West King Street and Maple Avenue, Martinsburg, WV 25401 who maintains duplicate files in storage only) or (3) presenting himself to those offices.

Contesting record procedures: Same as 'Record Access Procedures'.

Record source categories: Office or Agency of employment.

DOT/OST 054.

System name: Time and Attendance Report (FHWA Form 320 (7-73)) for the Office of Emergency Transportation. DOT/OST.

System location: Department Transportation (DOT),

Office of the Secretary (OST),
Office of Emergency Transportation (OET), TAD-80,
400 7th Street, SW, Room 9114,
Washington, DC 20590.

Categories of individuals covered by the system: Professional and clerical employees, permanent and temporary, and consultants employed in OET.

Categories of records in the system: Record consists of a computer punch card with a tissue carbon.

Routine uses of records maintained in the system, including categories of users and the purposes of such uses: Used to maintain record of attendance at duty station and leave accounts of employees concerned.

See Prefatory Statement of General Routine Uses.

Policies and practices for storing, retrieving, accessing, retaining, and disposing of records in the system:

Storage: Records are maintained alphabetically in desk of the administrative secretary to the Director.

Retrievability: Maintained alphabetically; retrieved manually.

Safeguards: Maintained in a locked file room in a building under 24 hour guard; admission by building pass only.

Retention and disposal: Hard copy forwarded to paymaster every pay period; tissue retained indefinitely.

System manager(s) and address: Director of Emergency Transportation, TAD-80,

Department of Transportation,
Office of the Secretary,
400 7th Street, SW,
Washington, DC 20590.

Notification procedure: Inquiries may be addressed to the System Manager. Individuals requesting such information must sign the request and provide suitable identification.

Alternatively, a personal request to the System Manager or his representative will enable the individual to have access to his record, to have access to his record.

Record access procedures: Individual may obtain information on procedures for gaining access by addressing a written query to the system manager or by presenting himself to the office cited in location above.

Contesting record procedures: Individual may obtain information on contest by request to the System Manager.

Record source categories: U.S. Coast Guard, Veterans Administration, individual applicants.

DOT/OST 060.

System name: Medical Records of Participants in Study of Health Effects of Bicycling in Polluted Air. DOT/OST.

System location: Department of Transportation (DOT), Office of the Secretary (OST), Office of Environmental Affairs (TES-70), 400 7th Street, S.W., Washington, D.C. 20590.

Categories of individuals covered by the system: None.

Categories of records in the system: Volunteers who bicycle in selected urban transportation corridors.

Routine uses of records maintained in the system, including categories of users and the purposes of such uses: Department of Transportation Act of 1966, 49 U.S.C. 1651 et seq.
Records may be released to the Department of Justice in defending claims against the United States when the claim is based upon an individual's mental or physical condition, and is alleged to have arisen because of activities of the Department of Transportation in connection with such individual. See also prefatory statement of General Routine Uses.
Records will be used in preparation of the Final Report for this study and by Project Officer in reviewing contractor's Final Report.

V 42 181 SEP 19 77 UMI

Policies and practices for storing, retrieving, accessing, retaining, and disposing of records in the system:

Storage: File folders, locked file cabinets.

Retrievability: Personal name is the identifier which is used to retrieve a record from this system. The purpose of this system of records is to identify and evaluate any adverse health effects caused by bicycling in polluted air.

Safeguards: Disclosure of records is limited to the Department's consultants involved in collection and analysis of medical data. Safeguards include locked building, guard service, and locked file cabinets.

Retention and disposal: The records will be retained at contractor's facilities until completion of study, and thereafter transmitted to contract Project Officer (TES-70) to be held for one year. Contractor's facilities will have security provisions in accordance with the government standards. Subjects will sign consent forms allowing disposal of records one year after completion of the approved Final Report.

System manager(s) and address: Project Officer, Research and Coordination Division (TES-74), Office of Environmental Affairs, Office of the Assistant Secretary for Environment, of Environmental Affairs, Office of the Assistant Secretary for Environment, Safety, and Consumer Affairs, U.S. Department of Transportation, 400 7th Street, S.W., Washington, D.C. 20590.

Notification procedure: Inquiries should be directed to the:

Department of Transportation,
Office of the Secretary,
Office of Environmental Affairs (TES-70),
400 7th Street, S.W.,
Washington, D.C. 20590.

Record access procedures: Contact or write to System Manager for information on procedures for gaining access to records.

Contesting record procedures: Write the Privacy Act Officer, Office of Management Systems, Office of the Secretary, Department of Transportation, 400 7th Street, S.W., Washington, D.C. 20590. Reasonably identify the record and specify the information to be contested.

Record source categories: Information is obtained directly from the individual and from results of medical tests.

DOT/SLS 150.

System name: Biographical Files. DOT/SLS.

System location: Department of Transportation (DOT),

Saint Lawrence Seaway Development Corporation (SLSDC),
Administration Building,
180 Andrews Street,
Massena, NY 13662.

Categories of individuals covered by the system: Employees of SLSDC.

Categories of records in the system: Biographical sketches.

Routine uses of records maintained in the system, including categories of users and the purposes of such uses: To provide current information for public appearances and speeches.

See Prefatory Statement of General Routine Uses.

Policies and practices for storing, retrieving, accessing, retaining, and disposing of records in the system:

Storage: File folders.

Retention and disposal: Files are retained during period of employment; are then destroyed.

System manager(s) and address: Public Information Officer,

Department of Transportation,
Saint Lawrence Seaway Development Corporation,
P. O. Box 520,
Massena, NY 13662.

Notification procedure: The individual may inquire, in writing, to the above system manager to inquire whether this system of records applies to him.

Record access procedures: An individual may gain access to his records by written request to:

Department of Transportation,
Saint Lawrence Seaway Development Corporation,
Director of Administration,
P.O. Box 520,
Massena, NY 13662.

Contesting record procedures: Contest of these records will be directed to the Director of Administration, and if not resolved at that level, may be appealed in writing to the Secretary of Transportation addressed as follows:

Department of Transportation,
Saint Lawrence Seaway Development Corporation,
Administrator, SLSDC,
P.O. Box 520,
Massena, NY 13662.

Record source categories: Information obtained from employees.

DOT/SLS 151.

System name: Claimants under Federal Tort Claims Act. DOT/SLS.

System location: Department of Transportation (DOT),

Saint Lawrence Seaway Development Corporation (SLSDC),
Administration Building,
180 Andrews Street,
Massena, NY 13662.

Categories of individuals covered by the system: Persons who make claims against the Corporation.

Categories of records in the system: Claims forms on which are recorded name, address, age and marital status of claimants.

Routine uses of records maintained in the system, including categories of users and the purposes of such uses: Used by General Counsel to determine allowability of claims.

See Prefatory Statement of General Routine Uses.

Policies and practices for storing, retrieving, accessing, retaining, and disposing of records in the system:

Storage: File folders.

Retrievability: Indexed by subject and name.

Safeguards: Records are kept in locked file cabinets and are accessible only to the General Counsel and his secretary.

Retention and disposal: Records are retained indefinitely since they are not extensive and are used for reference.

System manager(s) and address: General Counsel,

Department of Transportation,
Saint Lawrence Seaway Development Corporation,
P. O. Box 520,
Massena, NY 13662.

Notification procedure: The individual may inquire, in writing, to the above System Manager to inquire whether this system of records applies to him/her.

Record access procedures: An individual may gain access to his/her records by written request to the:

Department of Transportation,
Saint Lawrence Seaway Development Corporation,
Director of Administration,
P.O. Box 520,
Massena, NY 13662.

Contesting record procedures: Contest of these records will be directed to the Director of Administration, as under 'Record Access Procedure',and if not resolved at that level, may be appealed in writing to the Secretary of Transportation addressed as follows:

Department of Transportation,
Saint Lawrence Seaway Development Corporation,
Administrator, SLSDC,
P.O. Box 520,
Massena, NY 13662.

Record source categories: Claimants.

DOT/SLS 152.

System name: Data Automation Program Records. DOT/SLS.

System location: Department of Transportation (DOT),

Saint Lawrence Seaway Development Corporation (SLSDC),
Administration Building,
180 Andrews Street,
Massena, NY 13662.

Categories of individuals covered by the system: Employees and consultants.

Categories of records in the system: Payroll and leave records, work measurement records, travel vouchers.

Routine uses of records maintained in the system, including categories of users and the purposes of such uses: Payroll and voucher disbursement:

GAO audits.
See Prefatory Statement of General Routine Uses.

Policies and practices for storing, retrieving, accessing, retaining, and disposing of records in the system:

Storage: Magnetic tape reels, punch cards, micro-film cassettes and supporting documents.

Retrievability: Indexed by social security number and name.

Safeguards: Records are kept in locked file cabinets or locked rooms accessible to appropriate supervisor, his immediate assistants and secretary.

Retention and disposal: Records are retained in accordance with GAO and GSA schedules.

System manager(s) and address: Comptroller,

Department of Transportation,
Saint Lawrence Seaway Development Corporation,
P.O. Box 520,
Massena, NY 13662.

Notification procedure: The individual may inquire, in writing, to the System Manager to inquire whether this system of records applies to him.

Record access procedures: An individual may gain access to his records by written request to:

Department of Transportation,
Saint Lawrence Seaway Development Corporation,
Director of Administration,
P.O. Box 520,
Massena, NY 13662.

Contesting record procedures: Contest of these records will be directed to the Director of Administration, at the address given in 'Record Access Procedure'.

If not resolved at that level, may be appealed in writing to the Secretary of Transportation addressed as follows:
Department of Transportation,
Saint Lawrence Seaway Development Corporation,
Administrator, SLSDC,
P.O. Box 520,
Massena, NY 13662.

Record source categories: Information obtained from employees, personnel records, consultants.

DOT/SLS 153.

System name: Employees' Compensation Records. DOT/SLS.

System location: Department of Transportation (DOT),

Saint Lawrence Seaway Development Corporation (SLSDC),
Administration Building,
180 Andrews Street,
Massena, NY 13662.

Categories of individuals covered by the system: Employees.

Categories of records in the system: Claim forms on which are recorded employees' personal statistics, medical record.

Routine uses of records maintained in the system, including categories of users and the purposes of such uses: For determining allowability of claims.

See Prefatory Statement of General Routine Uses.

Policies and practices for storing, retrieving, accessing, retaining, and disposing of records in the system:

Storage: File folders and micro-film cassette.

Retrievability: Indexed by name.

Safeguards: Records are kept in locked file cabinets and are accessible to cognizant Personnel Officers.

Retention and disposal: Retained indefinitely for possible future use.

System manager(s) and address:

Director of Administration,
Department of Transportation,
Saint Lawrence Seaway Development Corporation,
P.O. Box 520
Massena, NY 13662.

Notification procedure: The individual may inquire, in writing, to the above System Manager to inquire whether this system of records applies to him.

Record access procedures: An individual may gain access to his records by written request to:

Department of Transportation,
Saint Lawrence Seaway Development Corporation,
Director of Administration,
P.O. Box 520,
Massena, NY 13662.

Contesting record procedures: Contest of these records will be directed to the System Manager and if not resolved at that level, may be appealed in writing to the:

Secretary of Transportation,
Saint Lawrence Seaway Development Corporation,
Administrator, SLSDC,

Director of Administration,
P.O. Box 520,
Massena, NY 13662.

Contesting record procedures: Contest of these records will be directed to the Director of Administration and if not resolved at that level, may be appealed in writing to the Secretary of Transportation, addressed as follows:

Department of Transportation,
Saint Lawrence Seaway Development Corporation,
Administrator, SLSDC,
P.O. Box 520,
Massena, NY 13662.

Record source categories: Federal employees and supervisors.

DOT/SLS 157.

System name: Vehicle Operator Identification System. DOT/SLS.

System location: Department of Transportation (DOT),

Saint Lawrence Seaway Development Corporation (SLSDC),
Safety & Security Division, Eisenhower Lock,
Massena, NY 13662.

Categories of individuals covered by the system: Employees.

Categories of records in the system: This record contains personal identification, vehicle limitations and driving record; also contains information on employee's physical condition.

Routine uses of records maintained in the system, including categories of users and the purposes of such uses: To ensure safe operation of government owned vehicles on government business.

See Prefatory Statement of General Routine Uses.

Policies and practices for storing, retrieving, accessing, retaining, and disposing of records in the system:

Storage: Card and file folders.

Retrievability: Indexed by name and identification number.

Safeguards: Records kept in locked file cabinets accessible only to Safety and Security Officer.

Retention and disposal: Maintained for tenure of the employee plus 1 year, then destroyed.

System manager(s) and address: Safety and Security Officer,

Department of Transportation,
Saint Lawrence Seaway Development Corporation,
P.O. Box 520,
Massena, NY 13662.

Notification procedure: The individual may inquire, in writing, to the System Manager to inquire whether this system of records applies to him.

Record access procedures: An individual may gain access to his records by written request to:

Department of Transportation,
Saint Lawrence Seaway Development Corporation,
Director of Administration,
P. O. Box 520,
Massena, NY 13662.

Contesting record procedures: Contest of these records will be directed to the Director of Administration and, if not resolved at that level, may be appealed in writing to the Secretary of Transportation, addressed as follows:

Department of Transportation,
Saint Lawrence Seaway Development Corporation,
Administrator,
P.O. Box 520,
Massena, NY 13662.

Record source categories: Information obtained from employee and from records maintained in the Personnel Division.

DOT/TSC 700.

System name: Automated Management Information System. DOT/TSC.

System location: Department of Transportation (DOT),

Transportation Systems Center (TSC),
Data Services Division, Code 840,
Kendall Square,
Cambridge, MA 02142.

Categories of individuals covered by the system: All TSC employees.

Categories of records in the system: Contains job related information associated with the following applications: ADP services, property management, procurement requests, contract information, travel information, program and related job plans, patent data, space utilization, park control and other pertinent management information.

Routine uses of records maintained in the system, including categories of users and the purposes of such uses: The general pruposes of this system are intended for internal management and control, including:

Computer facility planning.
ADP cost distribution.
Budget and planning analysis.
Procurement tracking.
Procurement statistics and analysis.
Information of travel incurred.
Contract administration.
Control of property.
Control of building space.
Control of parking facilities.
See Prefatory Statement of General Routine Uses.

Policies and practices for storing, retrieving, accessing, retaining, and disposing of records in the system:

Storage: Punched cards, magnetic tape and disk.

Retrievability: Indexed by employee's name.

Safeguards: Access to the systems and their associated data banks is available through the utilization of the unique project and programmer numbers, and the passwords known only by the authorized custodians.

Access to reports is controlled by the Reports Distribution function of the Administrative Directorate on a need-to-know basis. For normal working requirements, the reports are distributed to the functional areas responsible for the data generation.
Access to the computer room and its associated areas where data and reports are stored is delineated in the TSC ADP Facility Document on Safeguards and Controls.

Retention and disposal: The systems are permanent unless replaced.

The data banks, for the most part, are related to fiscal year activity.
Subsequent to the fiscal year, the data banks become either part of the history file of the system or are maintained by themselves for historical reasons.
Data records are deleted from the data banks on an as-required basis, and subsequently are eliminated from associated reports.

Reports used as daily working papers are retained only until updated reports are produced and then the old reports are discarded. Official closing reports corresponding to month-end and fiscal-year-end periods are retained for longer periods and are not subject to any rigid disposal procedure.

System manager(s) and address: Director of Administration, Code 800,

Department of Transportation,
Transportation Systems Center,
Kendall Square,
Cambridge, MA 02142.

Notification procedure: Information may be obtained through the Director of Administration from the

Department of Transportation,
Transportation Systems Center,
Chief, Data Services Division, Code 840,
Kendall Square,
Cambridge, MA 02142.

Record access procedures: Requests from individuals should be addressed to the System Manager.

An individual may gain access to his data by written request.

Contesting record procedures: Contest of this data will be made to the System Manager. If administrative resolvement is not satisfactory to the individual, appeals may be filed in writing with the Secretary of Transportation addressed to the General Counsel as follows:

Department of Transportation,
Office of the Secretary,
Office of the General Counsel,
400 7th Street, SW,
Washington, DC 20590.

Record source categories: Administrative functional areas and technical directorates utilizing standard forms and special TSC forms such as the ADP Job Order form, the Procurement Request form, the TSC Contract, the Property Control form the Project Program Agreement (PPA form, and the Work Plan Budget (WP) form.

DOT/TSC 701.

System name: Employee Travel Records. DOT/TSC.

System location: Department of Transportation (DOT),

Transportation Systems Center (TSC),
Administrative Services Division,
Accounting Branch, Code 831,
Kendall Square,
Cambridge, MA 02142.

Categories of individuals covered by the system: TSC employees and other Government employees and private persons issued invitational travel orders to confer on Government problems.

Categories of records in the system: Travel records pertaining to reimbursements to individuals, consisting of:

Copies of travel orders.
Per diem vouchers.
Transportation requests.
Hotel reservations and all supporting papers relating to official travel of TSC employees or others authorized to travel by law.
Travel logs.
Travel reservation record card.
ADP travel reports.
Teletype ticket listing.

Routine uses of records maintained in the system, including categories of users and the purposes of such uses: The general purposes of these records are intended for internal management and control, and also to authorize travel and reimbursement of expenses incurred.

See Prefatory Statement of General Routine Uses.

Policies and practices for storing, retrieving, accessing, retaining, and disposing of records in the system:

Storage: Travel forms, logs, card files, basic documents and other paper records, including ADP printouts.

Retrievability: Indexed by employee's name.

Safeguards: Records are maintained in locked file cabinets. Logs are generally maintained in locked desk drawer.

Retention and disposal: Travel administration unit copies are maintained two (2) years then forwarded to the Federal Records Center where they are disposed of after one (1) additional year.

Obligation copies are disposed of when funds are obligated, generally by shredding.

System manager(s) and address: Chief, Administrative Services Division, Code 830,

Department of Transportation,
Transportation Systems Center,
Kendall Square,
Cambridge, MA 02142.

Notification procedure: Information may be obtained from the System Manager.

Record access procedures: Requests from individuals should be addressed to the System Manager. An individual may gain access to his records by written request.

Contesting record procedures: Contest of this data will be made to the System Manager. If administrative resolvement is not satisfactory to the individual, appeals may be filed in writing with the Secretary of Transportation addressed to the General Counsel as follows:

Department of Transportation,
Office of the Secretary,
Office of the General Counsel,

Budget Branch, Code 811,
Kendall Square,
Cambridge, MA 02142.

Categories of individuals covered by the system: TSC technical directorate personnel currently not fully assigned to authorized projects.

Categories of records in the system: Employee work project status and request for approval for stand-by time.

Routine uses of records maintained in the system, including categories of users and the purposes of such uses: The general purposes of these files are intended for internal management and control, including administrative reference and scheduling of work projects, budgeting and overhead classification.

See Prefatory Statement of General Routine Uses.

Policies and practices for storing, retrieving, accessing, retaining, and disposing of records in the system:

Storage: Paper records.

Retrievability: Indexed by employee's name and subject classification 'Stand-By Time.'

Safeguards: Records are maintained in secured desk drawers and cabinets.

Retention and disposal: Records are maintained for one (1) additional year following completion of current fiscal year. Records are then destroyed.

System manager(s) and address: Chief, Management Services Division, Code 810,

Department of Transportation,
Transportation Systems Center,
Kendall Square,
Cambridge, MA 02142.

Notification procedure: Information may be obtained from the System Manager.

Record access procedures: Requests from individuals should be addressed to the System Manager.

An individual may gain access to his records by written request.

Contesting record procedures: Contest of this data will be made to the System Manager. If administrative resolvement is not satisfactory to the individual, appeals may be filed in writing with the Secretary of Transportation addressed to the General Counsel as follows:

Department of Transportation
Office of the Secretary
Office of the General Counsel,
400 7th Street, SW,
Washington, DC 20590.

Record source categories: Supervisor.

DOT/TSC 706.

System name: Automated Planning System. DOT/TSC.

System location: Department of Transportation (DOT),

Transportation Systems Center (TSC),
Data Services Division, Code 840,
Kendall Square,
Cambridge, MA 02142.

Categories of individuals covered by the system: All TSC technical personnel, i.e., those personnel working on direct projects.

Categories of records in the system: Information on all current and anticipated programs/projects and respective limits of man-years and dollars (total) budgeted.

Personnel information on all technical personnel.
Information on each technical person, based upon the planning/assignment of an individual to a program/project.

Routine uses of records maintained in the system, including categories of users and the purposes of such uses: The general purpose of this system is to aid in the planning for an analysis of the loading (assignment) of manpower to the numerous programs/projects undertaken by the TSC.

See Prefatory Statement of General Routine Uses.

Policies and practices for storing, retrieving, accessing, retaining, and disposing of records in the system:

Storage: Punched cards, magnetic tape and disk.

Retrievability: Indexed by employee's name.

Safeguards: Access to the system and its associated data banks is available through the utilization of the unique project and programmer numbers, and the passwords known only by the authorized custodians:

Access to reports is controlled by the Reports Distribution function of the Administrative Directorate on a need-to-know basis. For normal working requirements, the reports are distributed to the functional areas responsible for the data generation.

Access to the computer room and its associated areas where data and reports are stored is delineated in the TSC ADP Facility Document on safeguards and controls.

Retention and disposal: The system is permanent unless replaced. The data banks, for the most part, are related to fiscal year activity. Subsequent to the fiscal year, the data banks become either part of the history file of the system or are maintained separately for historical reasons.

Reports used as daily working papers are retained only until updated reports are produced and then the old reports are discarded. Official closing reports corresponding to month-end and fiscal-year-end periods are retained for longer periods and are not subject to any rigid disposal procedure.

System manager(s) and address: Director of Administration, Code 800,

Department of Transportation,
Transportation Systems Center,
Kendall Square,
Cambridge, MA 02142.

Notification procedure: Information may be obtained through the Director of Administration from the Chief, Data Services Division, Code 840:

Department of Transportation,
Transportation Systems Center,
Kendall Square,
Cambridge, MA 02142.

Record access procedures: Requests from individuals should be addressed to the System Manager

Contesting record procedures: An individual may gain access to his data by written request. Contest of this data will be made to the System Manager. If administrative resolvement is not satisfactory to the individual, appeals may be filed in writing with the Secretary of Transportation addressed to the General Counsel as follows:

Department of Transportation,
Office of the Secretary,
Office of the General Counsel,
400 7th Street, SW,
Washington, DC 20590.

Record source categories: Program/Project files.

Personnel files.
Assignment forms.

DOT/TSC 707.

System name: Automated Manpower Distribution System. DOT/TSC.

System location: Department of Transportation (DOT),

Transportation Systems Center (TSC),
Data Services Division, Code 840,
Kendall Square,
Cambridge, MA 02142.

Categories of individuals covered by the system: All TSC employees.

Categories of records in the system: Contains information delineating the time and charges, including fringe and overhead, that TSC employees worked. The main association of the time and charges is with employee job assignment.

Routine uses of records maintained in the system, including categories of users and the purposes of such uses: The general purposes of this system are intended for internal management and control, including:

Administrative reference.
Cost management.
Labor assignments and expenditures as they relate to both the job and the employee.

See Prefatory Statement of General Routine Uses.

Policies and practices for storing, retrieving, accessing, retaining, and disposing of records in the system:

Storage: Punched cards, magnetic tape and disk.

Retrievability: Indexed by employee's number and job number.

Safeguards: Access to the system and its associated data bank is available through the utilization of the unique project and programmer numbers, and the passwords known only by the authorized custodians.

Access to reports is controlled by the Reports Distribution function of the Administrative Directorate on a need-to-know basis. For normal working requirements, the reports are distributed to the functional area responsible for the data generation.

Access to the computer room and its associated areas where data and reports are stored is delineated in the TSC ADP Facility Document on Safeguards and Controls.

Retention and disposal: The system is permanent unless replaced.

The data bank is related to fiscal year activity. Subsequent to the fiscal year, the data bank becomes part of the system's history file.

Data records are deleted from the data bank on an as required basis, and subsequently are eliminated from associated reports.

Reports used as daily working papers are retained only until updated reports are produced and then the old reports are discarded.

Official record copy reports are subject to retirement in accordance with General Records Schedules (GRS).

System manager(s) and address: Director of Administration, Code 800,

Department of Transportation,
Transportation Systems Center,
Kendall Square,
Cambridge, MA 02142.

Notification procedure: Information may be obtained through the Director of Administration from the Chief, Data Services Division/Code 840 at the address under 'System Location'.

Record access procedures: Requests from individuals should be addressed to the System Manager.

Contesting record procedures: An individual may gain access to his data by written request.

Contest of this data will be made to the System Manager.

If administrative resolvement is not satisfactory to the individual, appeals may be filed in writing with the Secretray of Transportation addressed to the General Counsel as follows:

Department of Transportation,
Transportation Systems Center,
Office of the General Counsel,
400 7th Street, SW,
Washington, DC 20590.

Record source categories: TSC form entitled 'Manpower Distribution'.

DOT/TSC 708.

System name: Combined Federal Campaign Information. DOT/TSC.

System location: Department of Transportation (DOT),

Transportation Systems Center (TSC),
Office of Public Affairs, Code 130,
Kendall Square,
Cambridge, MA 02142.

Categories of individuals covered by the system: All TSC employees.

Categories of records in the system: A record of how much, if anything, each employee has contributed.

Routine uses of records maintained in the system, including categories of users and the purposes of such uses: The general purpose of this system is to gather and disseminate statistics and information on the donations to the Combined Federal Campaign.

See Prefatory Statement of General Routine Uses.

Policies and practices for storing, retrieving, accessing, retaining, and disposing of records in the system:

Storage: Form filled out by keyman.

Retrievability: Indexed by employee's name.

Safeguards: Records are maintained in locked file cabinet.

Retention and disposal: Records are maintained for five years and then destroyed by shredding.

System manager(s) and address: Public Affairs Officer,

Department of Transportation,
Transportation Systems Center,
Office of Public Affairs, Code 130,
Kendall Square,
Cambridge, MA 02142,

Washington, DC 20590.

Record source categories: Combined Federal Campaign forms filled out by employees.

DOT/TSC 709.

System name: Minority Information Files. DOT/TSC.

System location: Department of Transportation (DOT),

Transportation Systems Center (TSC),
Equal Opportunity Officer, Code 120,
Kendall Square,
Cambridge, MA 02142.

Categories of individuals covered by the system: TSC minority employees.

Potential minority hires in New England.

Categories of records in the system: Counselor records, Potential employee applications, minority skills bank, ADP reports - minority evaluation, personnel changes, minority reports, skills bank - resume card file, minority training records.

Routine uses of records maintained in the system, including categories of users and the purposes of such uses: The general purpose of these files is for: Use by the Civil Rights Office in DOT, administrative reference, and statistical reporting.

See Prefatory Statement of General Routine Uses.

Policies and practices for storing, retrieving, accessing, retaining, and disposing of records in the system:

Storage: Card files, paper records, ADP reports.

Retrievability: Indexed by name, skills, standard personnel subject classification.

Safeguards: Records are maintained in locked file cabinet.

Retention and disposal: Records are maintained for 2 years and then destroyed.

System manager(s) and address: Equal Opportunity Officer, Code 120,

Department of Transportation,
Transportation Systems Center,
Kendall Square,
Cambridge, MA 02142.

Notification procedure: Information may be obtained from the System Manager.

Record access procedures: Requests from individuals should be addressed to the System Manager.

Contesting record procedures: An individual may gain access to his records by written request.

Contest of this data will be made to the System Manager.
If administrative resolvement is not satisfactory to the individual, appeals may be filed in writing with the Secretary of Transportation addressed to the General Counsel as follows:
Department of Transportation,
Office of the Secretary,
Office of the General Counsel,
400 7th Street, SW,
Washington, DC 20590.

Record source categories: Equal Opportunity Officer.

Equal Opportunity Counselors.
Personnel Office.
Individual potential federal employees.

DOT/TSC 711.

System name: Blood Donor Information File. DOT/TSC.

System location: Department of Transportation (DOT),

Transportation Systems Center (TSC),
Office of Public Affairs, Code 130,
Kendall Square,
Cambridge, MA 02142.

Categories of individuals covered by the system: All TSC employees and on-site contractor personnel.

Categories of records in the system: Blood Donors Phone Book (name, organization and telephone number of donor).

Blood Donors Schedule.
Requests for Blood Form (from hospital for employee or dependent).

Routine uses of records maintained in the system, including categories of users and the purposes of such uses: The general purposes of these records is for the donation of blood by TSC employees and on-site contractor personnel to ensure coverage for themselves, spouses, dependent children, parents and grandparents of both employee and spouse, and all other people living in the employee's household for whom the member has responsibility.

The routine use of this system of records is to respond to requests for blood from employees and their dependents by furnishing information to the Red Cross to ensure the availability of blood.
See Prefatory Statement of General Routine Uses.

Policies and practices for storing, retrieving, accessing, retaining, and disposing of records in the system:

Storage: Paper record.

Retrievability: Indexed by employee's name.

Safeguards: Records maintained in locked file cabinet.

Retention and disposal: Blood Donors Phone Book and Blood Donors Schedule maintained for one year and then destroyed. Request for Blood Form maintained until individual terminates employment with TSC, records are then destroyed.

System manager(s) and address: Public Affairs Officer, Code 130,

Department of Transportation,
Transportation Systems Center,
Kendall Square,
Cambridge, MA 02142.

Notification procedure: Information may be obtained from the System Manager.

Record access procedures: Requests from individuals should be addressed to the System Manager.

Contesting record procedures: An individual may gain access to his data by written request.

Contest of this data will be made to the System Manager.
If administrative resolvement is not satisfactory to the individual, appeals may be filed with the Secretary of Tranportation addressed to the General Counsel as follows:
Department of Transportation,
Office of the Secretary,
Office ot the General Counsel,
400 7th Street, SW,
Washington, DC 20590.

Record source categories: Blood Donors Phone Book and Blood Donors Schedule are filled out by solicitors.

Request for Blood Form completed by employee or dependent requesting blood.

DOT/TSC 712.

System name: Automated Payroll/Personnel/Communications/Security System. DOT/TSC.

System location: Department of Transportation (DOT),

Transportation Systems Center (TSC),
Data Services Division, Code 840,
Kendall Square,
Cambridge, MA 02142.

Categories of individuals covered by the system: All TSC employees and tenants from other government agencies.

Categories of records in the system: Contains the pertinent information for activities involved with Payroll, Personnel, Communications, and Security.

Contains information about an individual relating to:
Social security number.
Salary, including current and calendar year-to-date data.
Birthdate.

Veteran preference.
Tenure.
Handicap.
Grade.
Marital status.
Service computation date.
Home address and telephone number.
TSC location including building and telephone number.
Security clearance level and date granted.
CSC title and classification code.
Competitive level.

Routine uses of records maintained in the system, including categories of users and the purposes of such uses: The general purposes of this system are intended for internal management and control, including:

Administrative reference.
Source for management information for producing summary statistics and registers in support of the Payroll, Personnel, Communications and Security functions.
The routine uses of the Payroll portion of this system are for:
(1) Submission of data to the Federal Disbursing Office for check issuance.
(2) Submission of employee's salary data, including gross, and withholdings, to the Internal Revenue Service for income tax purposes.
(3) Submission of employee's salary data to State Income Tax Bureau for income tax purposes.
(4)Transfer of information of Health and Life Insurance companies for insurance coverage.
(5) Transfer of information to financial institutions and labor unions.
See Prefatory Statement of General Routine Uses.

Policies and practices for storing, retrieving, accessing, retaining, and disposing of records in the system:

Storage: Punched cards, magnetic tape and disk.

Retrievability: Indexed by employee's number.

Safeguards: Access to the systems and their associated data banks is available through the utilization of the unique project and programmer numbers, and the passwords known only by the authorized custodians.

Access to reports is controlled by the Reports Distribution function of the Administrative Directorate on a need-to-know basis. For normal working requirements, the reports are distributed to the functional areas responsible for the data generation.
Access to the computer room and its associated areas where data and reports are stored is delineated in the TSC ADP Facility Document on Safeguards and Controls.

Retention and disposal: The systems are permanent unless replaced.

The data banks are related to both fiscal year and calendar year activity. Subsequent to the appropriate period, the data banks become either part of the history file of the system or are maintained by themselves for historical reasons.
Data records are deleted from the data banks on an as-required basis, and subsequently are eliminated from associated reports.
Reports used as daily working papers are retained only until updated reports are produced and then the old reports are discarded. Official closing reports corresponding to month-end, fiscal-year-end and calendar year-end periods are retained for longer periods and are not subject to any rigid disposal procedure.

System manager(s) and address: Director of Administration, Code 800,

Department of Transportation,
Transportation Systems Center,
Kendall Square,
Cambridge, MA 02142.

Notification procedure: Information may be obtained through the Director of Administration from the:

Department of Transportation,
Transportation Systems Center,
Chief, Data Services Division, Code 840,
Kendall Square,
Cambridge, MA 02142.

Record access procedures: Requests from individuals should be addressed to the System Manager.

Contesting record procedures: An individual may gain access to his data by written request.

Contest of this data will be made to the System Manager.
If administrative resolvement is not satisfactory to the individual, appeals may be filed in writing with the Secretary of Transportation addressed to the General Counsel as follows:
Department of Transportation,
Office of the Secretary,
Office of the General Counsel,
400 7th Street, SW,
Washington, DC 20590.

Record source categories: Employee, Personnel Office, Payroll Office, Communications Office, Security Office.

DOT/TSC 713.

System name: Employee Payroll - Manpower Distribution System. DOT/TSC.

System location: Department of Transportation (DOT),

Transportation Systems Center (TSC),
Administrative Services Division,
Accounting Branch, Code 831,
Kendall Square,
Cambridge, MA 02142.

Categories of individuals covered by the system: All TSC employees.

Categories of records in the system: Payroll and pay administration records pertatining to TSC employees for personal services, consisting of leave cards, manpower distribution cards, payroll change slips, retirement records, time and attendance reports, withholding tax and savings bank records, ADP reports, etc.

Routine uses of records maintained in the system, including categories of users and the purposes of such uses: The general purposes of these records are intended for internal management and control; to authorize disbursements to employees for personal services and to charge labor to the appropriate direct or overhead job orders.

The routine uses of these records are as follows:
Transfer of information to the Treasury Department to complete payroll checks.
The receipt of information by the Social Security Administration to complete quarterly posting of accounts.
The receipt of information by the Internal Revenue Service and Massachusetts Income Tax Bureau for income tax purposes.
Transfer of information to Health and Life Insurance companies for insurance coverage.
Transfer of retirement records to the Bureau of Retirement, Insurance, and Occupational Health of the Civil Service Commission.
Transfer of information to the Department of Labor, Office of Employees Compensation, for payment of workmen's compensation.
See Prefatory Statement of General Routine Uses.

Policies and practices for storing, retrieving, accessing, retaining, and disposing of records in the system:

Storage: Payroll and Manpower Distribution forms, cards, registers, basic documents and other paper records, including ADP printouts.

Retrievability: Indexed by employee's name and number.

Safeguards: Employee's payroll folders are maintained in a locked file cabinet.

Payroll office is locked during other than normal working hours.
Manpower Distribution records are maintained in a locked file cabinet.
Access to and use of all these records are limited to individual employee and those persons whose official duties require such access.

Retention and disposal: Payroll System Records common to all federal agencies are retained and disposed of in accordance with General Records Schedule (GRS) No. 2.

Manpower Distribution cards are maintained one fiscal year and then forwarded to the Federal Records Center (FRC) where they are destroyed after 2

V 42 181
SEP 19 77
UMI

All ADP reports are maintained one fiscal year and then additional years, destroyed except the year-end reports which are maintained three fiscal years and then forwarded to the FRC where they are destroyed in accordance with GRS No. 2.

System manager(s) and address: Chief, Administrative Services Division, Code 830,
Department of Transportation,
Transportation Systems Center,
Kendall Square,
Cambridge, MA 02142.

Notification procedure: Information may be obtained from the System Manager.

Record access procedures: Requests from individuals should be addressed to the Systems Manager.

Contesting record procedures: An individual may gain access to his data by written request.
Contest of this data will be made to the System Manager.
If administrative resolvement is not satisfactory to the individual, appeals may be filed in writinthe Secretary of Transportation addressed to the General Counsel as follows:
Department of Transportation,
Office of the Secretary,
Office of the General Counsel,
400 7th Street, SW,
Washington, DC 20590.

Record source categories: Basic payroll and manpower documents (standard and TSC forms); duplicate copies provided by Personnel and Training Division; individual employee on whom record is maintained.

DOT/TSC 714.

System name: Health Unit Employee Medical Records. DOT/TSC.

System location:
Department of Transportation (DOT),
Transportation Systems Center (TSC),
Personnel and Training Division, Code 820,
Health Unit/Building 1, 9th Floor,
Kendall Square,
Cambridge, MA 02142.

Categories of individuals covered by the system: TSC employees and support service contractor personnel.

Categories of records in the system: Individual Health Record Cards.
Individual Health Record Case Files.
Register of Visits.
Laser Eye Tests and Government Driver's Tests.
Pre-employment Physical Examinations, Health Justification Placement Records, Disability Retirement Examinations.

Routine uses of records maintained in the system, including categories of users and the purposes of such uses: The general purposes of these records are to maintain a medical history of any TSC employee, including contractor personnel, who receives services from the Health Unit; ensure applicants for licenses to drive Government Vechiles meet physical requirements; and lasers are not adversely affecting employee's eyes.
The routine uses of these records are to respond to requests from other Doctors, Universities and Insurance Companies, and to submit medical reports to the Department of Labor, Office of Employees Compensation, to meet requirements of the Occupational Safety and Health Act of 1970 and DOT/TSC Safety Program.
See Prefatory Statement of General Routine Uses.

Policies and practices for storing, retrieving, accessing, retaining, and disposing of records in the system:

Storage: Cards, forms, logs and other paper records.

Retrievability: Indexed by employee's name.

Safeguards: Records are maintained in locked file cabinets and room secured when no one is there.
Information from records is provided only with consent of employee.

Retention and disposal: (In accordance with GRS No. 1):
Individual Health Record Cards are maintained until 6 years after date of last entry on the card.
Individual Health Record Case Files are maintained until 6 years after date of last papers in the file.
Registers of visits maintained until 2 years after last date in log or register.
Upon termination of employment with TSC, latest Laser Eye Tests and Government Driver's Tests records are combined with Health Record Case Files and disposed of as part of these files.
Pre-employment Physical Examinations, Health Justification Placement Records, and Disability Retirement Examinations become part of the official personnel folder (OPF) upon separation, and are transferred to the NPRS, St. Louis, MO., 30 days after separation, where they are disposed of in accordance with GRS No. 1, Item 1.

System manager(s) and address: Chief, Personnel and Training Division, Code 820,
Department of Transportation,
Transportation Systems Center,
Kendall Square,
Cambridge, MA 02142.

Notification procedure: Information may be obtained through the Chief, Personnel and Training Division, from resident physician or nurse, TSC Health Unit.

Record access procedures: Request from individuals should be addressed to the System Manager.

Contesting record procedures: An individual may gain access to his data by written request.
Contest of this data will be made to the System Manager.
If administrative resolvement is not satisfactory to the individual, appeals may be filed in writing with the Secretary of Transportation addressed to the General Counsel as follows:
Department of Transportation,
Office of the Secretary,
Office of the General Counsel,
400 7th Street, SW,
Washington, DC 20590.

UMI

Categories of individuals covered by the system: Contributing authors of UMTA sponsored reports.

Categories of records in the system: Author's name and address of organization at time of report submission to UMTA.

Routine uses of records maintained in the system, including categories of users and the purposes of such uses: For technical information dissemination.

See Prefatory Statement of General Routine Uses.

Policies and practices for storing, retrieving, accessing, retaining, and disposing of records in the system:

Storage: Records are maintained on card file.

Retrievability: Access by author's name.

Access by author's organization.
Access by report title.
Access by project number.
Access by geographical location of research.

Safeguards: Available for use under control of System Manager.

Card files are maintained in a locked office.

Retention and disposal: Retained as archive files of UMTA-sponsored report information.

System manager(s) and address: Human Resources and Technical Development Manager, UTM-50, (address as in 'System Location' above).

Notification procedure: Inquiries are addressed to the System Manager, UTM-50, (address as in 'System Location ' above).

Record access procedures: Access is permitted by written or personal request. Direct control is maintained by the System Manager.

Contesting record procedures: Contest of these records is at the Headquarter's level, (i.e., to the System Manager).

Unsatisfactory resolvement by the individual may be appealed in writing to the Secretary of Transportation addressed as follows:
Department of Transportation,
Urban Mass Transportation Administration,
Office of the Administrator,
400 7th Street, SW, Room 9324,
Washington, DC 20590.

Record source categories: Authors of UMTA-sponsored reports.

DOT/UMTA 178.

System name: Minority Recruitment File. DOT/UMTA. 4

Department of Transportation (DOT),
Urban Mass Transportation Administration (UMTA).
Office of Civil Rights,
2100 2nd Street, SW, Room 6204,
Washington, DC 20590.

Categories of individuals covered by the system: Minority applicants interested in UMTA employment.

Categories of records in the system: Resumes and Personal Qualifications Statements (S.F. 171).

Card file summarizing general information on each applicant.

Routine uses of records maintained in the system, including categories of users and the purposes of such uses: Referrals for UMTA position vacancies.

See Prefatory Statement of General Routine Uses.

Policies and practices for storing, retrieving, accessing, retaining, and disposing of records in the system:

Storage: Records are maintained in original and photocopied form.

Retrievability: Retrieved by name or position classification.

Safeguards: Source documents are maintained in the Office of Civil Rights storage facilities.

Only persons authorized by the Director of Civil Rights or the Chief, Division of Internal Programs, are permitted access to these files.

Retention and disposal: Records held for a year's period at which time applicants are requested to update their forms; those forms updated are retained and the forms of those non-responding destroyed.

System manager(s) and address: Chief, Division of Internal Programs, UCR-20,

Department of Transportation,
Urban Mass Transportation Administration,
Office of Civil Rights,
2100 2nd Street, SW, Room 6204,
Washington, DC 20590.

Notification procedure: Inquiries are addressed to the System Manager.

Record access procedures: Access is permitted by written or personal request. Direct control is maintained by the System Manager.

Contesting record procedures: Contest of these records is at Headquarter's level (i.e., to the System Manager at the address shown in 'System Manager' above).

Unsatisfactory resolvement by the individual may be appealed in writing to the Secretary of Transportation addressed as follows:
Department of Transportation,
Urban Mass Transportation Administration,
Office of the Administrator,
400 7th Street, SW, Room 9324,
Washington, DC 20590.

Record source categories: Resumes and Personal Qualifications Statements (S.F. 171) submitted by applicants.

Resumes and Personal Qualifications Statements (S.F. 171) submitted by the DOT Office of Civil Rights, DOT modal administrations, and other Federal agencies.
Established recruitment sources, e.g., community organizations, national civil rights groups, professional societies, colleges and universities, etc.

DOT/UMTA 179.

System name: Application for U.S. Government Motor Vehicles Operator's Identification Card. DOT/UMTA.

System location: Department of Transportation (DOT),

Urban Mass Transportation Administration (UMTA),
Personnel Office, UAD-60,
400 7th Street, SW,
Washington, DC 20590.

Categories of individuals covered by the system: All UMTA employees who apply for a Government Motor Vehicle Operator's license.

Categories of records in the system: Applications for Motor Vehicle Operator's license and related documents.

Routine uses of records maintained in the system, including categories of users and the purposes of such uses: To verify applicants' qualifications.

To issue I.D. Cards.
See Prefatory Statement of General Routine Uses.

Policies and practices for storing, retrieving, accessing, retaining, and disposing of records in the system:

Storage: Records are maintained in a metal file cabinet.

Retrievability: The system is maintained by individual's name.

Safeguards: File cabinet is in records room, with approved security lock on door.

Retention and disposal: Records are retained unitil the expiration of three year period or until employee leaves UMTA.

Documents destroyed by tearing or shredding.

System manager(s) and address: Director, Personnel Division, UAD-60,

Department of Transoportation,
Urban Mass Transportation Administration,
400 7th Street, SW, Room 4116,
Washington, DC 20590.

Notification procedure: Inquiries should be addressed to the System Manager.

Record access procedures: If requestor applies in person be prepared to furnish adequate identification.

Written requests should be sent to the System Manager.

Contesting record procedures: Should be submitted to the System Manager.

Record source categories: Past driving record as to accidents, arrests, citations and physical condition.

DOT/UMTA 180.

System name: Occupational Safety and Health Accident Reporting System. DOT/UMTA.

System location: Department of Transportation (DOT),

Urban Mass Transportation Administration (UMTA),
Personnel Office, UAD-60,
400 7th Street, SW, Room 4116,
Washington, DC 20590.

Categories of individuals covered by the system: Any UMTA employee involved in an accident while on duty status which results in injury to an individual or property damage.

Categories of records in the system: This system contains documents pertaining to occupational accidents involving injury to employees and/or non-employees. It will also contain documents pertaining to accidents involving employees of UMTA when no injury is involved but property damage has occurred.

Routine uses of records maintained in the system, including categories of users and the purposes of such uses: Accumulate accident information and statistics per DOT Order.

Develop accident cause trends.
For accident reports.
For accident prevention program.
See Prefatory Statement of General Routine Uses.

Policies and practices for storing, retrieving, accessing, retaining, and disposing of records in the system:

Storage: Records are maintained in a metal file cabinet.

Retrievability: Folders are in alphabetic order by name.

Safeguards: File cabinets are located in records room which has a security approved lock on door.

Retention and disposal: Records are maintained for five years and then destroyed by tearing or shredding.

System manager(s) and address: Director, Personnel Division, UAD-60,

Department of Transportation,
Urban Mass Transportation Administration,
400 7th Street, SW, Room 4116,
Washington, DC 20590.

Notification procedure: Inquiries should be addressed to the System Manager at the address above.

If in person, proper identification will be required.
If written, notarized signature and social security number of the individual involved in the accident must be presented.

Record access procedures: Same as 'Notification Procedure.'

Contesting record procedures: Same as 'Notification Procedure.'

Record source categories: Individuals involved in accidents.

Witnesses to accidents.
Supervisor of the UMTA employee involved in an accident.
Doctors of medical facility where treated.

DOT/UMTA 181.

System name: Attendees Names and Addressees for R&D Priorities Conference. DOT/UMTA.

System location: UMTA Office of Research and Development and American Public Transit Association (acting as contractor to UMTA).

Categories of individuals covered by the system: Persons attending first R&D Priorities Conference in February 1976; those to be invited to the second and subsequent annual conferences, and those to whom copies of the proceedings of each conference are to be sent.

Categories of records in the system: These records contain names, organizational affiliation and addresses only.

Routine uses of records maintained in the system, including categories of users and the purposes of such uses: Including categories of users and the purposes of such uses:

To communicate plans for planned conferences to likely participants.
To distribute to participants and those who have requested, or are likely to benefit from, informational materials, proceedings, and other documents related to UMTA's research, development and demonstration activity.
Records are subject to examination by federal officials concerned with the dissemination of research and development information, but are not disclosed to members of the public (except through publication in the proceedings of names of individuals who actually participate in each conference).

Policies and practices for storing, retrieving, accessing, retaining, and disposing of records in the system:

Storage: Paper documents in file system.

Retrievability: Alphabetically by name.

Safeguards: Access is restricted to officials of UMTA and APTA involved in planning and disseminating information about conferences.

Retention and disposal: Records are maintained in current status. Deleted names and addresses are discarded completely. The system itself will be discarded within two years after the last R&D priorities conference of the current series has been concluded.

System manager(s) and address: Official responsible is Executive Assistant to Associate Administrator for Research and Development,

URD-3,
UMTA,
Washington, DC 20590.

Notification procedure: Individual may contact the systems manager to confirm whether or not the system contains a record on them.

Record access procedures: Same as Notification Procedure.

Contesting record procedures: Content of these records may be settled with the system manager. If this is unsatisfactory to the individual, the person may appeal in writing to:

Privacy Act Officer, UAD-60
Urban Mass Transportation Administration
Room 4116, Nassif Building
400 7th Street, S. W.
Washington, D. C. 20690

Record source categories: Names of individuals who have attended past R & D Priorities Conferences and individuals who have requested copies of the proceedings.

DOT/UMTA 190.

System name: Employee Travel Records. DOT/UMTA.

System location: Department of Transportation (DOT),

Urban Mass Transportation Administration (UMTA),
Office of Financial Management,
Accounting Division,
2100 2nd Street, SW,
Washington, DC 20590.

Categories of individuals covered by the system: All UMTA employees.

Private persons, congressional committee members or other persons issued invitational travel orders to confer on government matters.

Categories of records in the system: Individual travel folders.

Routine uses of records maintained in the system, including categories of users and the purposes of such uses: Maintain accounting records.

Analysis of travel trends.
See Prefatory Statement of General Routine Uses.

Policies and practices for storing, retrieving, accessing, retaining, and disposing of records in the system:

Storage: Records are maintained in a file cabinet secured with lock and key.

Retrievability: System is indexed by name.

Safeguards: Individuals requesting individual travel folders are screened by Accounting Branch personnel.

Records are maintained by Accounting Branch personnel in secured file.

Retention and disposal: Retained three years, then forwarded to Federal Records Center with other accounting records.

System manager(s) and address: Fiscal Officer, Accounting Branch,

Department of Transportation,
Urban Mass Transportation Administration,
2100 2nd Street, SW, Room 6613,
Washington, DC 20590.

Notification procedure: Individuals may contact the System Manager to confirm whether or not the system contains a record on them.

Record access procedures: An individual may gain access to his records by request to the System Manager.

Contesting record procedures: Content of these records may be settled with the System Manager. If this is unsatisfactory to the individual, the person may appeal in writing to the Secretary of Transportation addressed to the following:

V 42 I 181 SEP 1977 UMI

Department of Transportation,
Urban Mass Transportation Administration,
Office of the Chief Counsel,
400 7th Street, SW, Room 9320,
Washington, DC 20590.

Record source categories: Travel orders, individual travel vouchers.

DOT/UMTA 191.

System name: Travel Advance File. DOT/UMTA.

System location: Department of Transportation (DOT),
Urban Mass Transportation Administration (UMTA),
Office of Financial Management,
Accounting Division,
2100 2nd Street, SW,
Washington, DC 20590.

Categories of individuals covered by the system: Recipients of travel advances.

Categories of records in the system: Records of travel advances and liquidation and repayment thereof.

Routine uses of records maintained in the system, including categories of users and the purposes of such uses: Maintain accounting records.

Ensure collection of amounts due the United States.
See Prefatory Statement of General Routine Uses.

Policies and practices for storing, retrieving, accessing, retaining, and disposing of records in the system:

Storage: Maintained on 5 x 8 card form.

Retrievability: By name.

Safeguards: Records are maintained by Accounting Branch personnel in locked file.

Retention and disposal: Retained three years then forwarded to Federal Records Center with other accounting records.

System manager(s) and address: Fiscal Officer, Accounting Branch,
Department of Transportation,
Urban Mass Transportation Administration,
2100 2nd Street, SW, Room 6613,
Washington, DC 20590.

Notification procedure: Individuals may contact the System Manager to confirm whether or not the system contains records on them.

Record access procedures: An individual may gain access to his records by request to the System Manager.

Contesting record procedures: Content of these records may be settled with the System Manager. If this is unsatisfactory to the individual, the person may appeal in writing to the Secretary of Transportation, addressed to the following:

Department of Transportation,
Urban Mass Transportation Administration,
Office of the Chief Counsel,
400 7th Street, SW, Room 9320,
Washington, DC 20590.

Record source categories: Travel advance card signed by individual.

DOT/UMTA 192.

System name: Urban Transportation Planning System (UTPS) Address File. DOT/UMTA.

System location: Department of Transportation (DOT),
Urban Mass Transportation Administration (UMTA),
Office of Transit Planning,
Planning Methodology and Technical Support Division, UTP-40,
400 7th Street, SW, Room 9311,
Washington, DC 20590.

Categories of individuals covered by the system:
UTPS users.
Persons indicating continuing interest in UTPS developments.
Federal Highway Administration (FHWA) Planning Package users.

Categories of records in the system: Individual's name, business address, telephone number, UTPS or FHWA Planning Package version date, UTPS course/symposium/conference attendance.

Routine uses of records maintained in the system, including categories of users and the purposes of such uses: For technical information dissemination.

See Prefatory Statement of General Routine Uses.

Policies and practices for storing, retrieving, accessing, retaining, and disposing of records in the system:

Storage: Records are maintained in a computer file.

Retrievability: Access by computer terminal by any item.

Safeguards: Available for use under the control of the System Manager.

Computer file is protected by account number and code words.

Retention and disposal: Records are retained until notified that individual no longer desires information and then record is destroyed.

System manager(s) and address: Director, Planning Methodology and Technical Support Division, UTP-40,
Department of Transportation,
Urban Mass Transportation Administration,
Office of Transit Planning,
400 7th Street, SW, Room 9311,
Washington, DC 20590.

Notification procedure: Inquiries are addressed to the System Manager, UTP-40 (address same as above).

Record access procedures: Direct control is maintained by the System Manager.

Contesting record procedures: Contest of these records is at Headquarter's level (i.e. the System Manager). Individual may appeal adverse decision to the Secretary of Transportation, addressed as follows:

Department of Transportation,
Urban Mass Transportation Administration,
Office of the Administrator,
400 7th Street, SW, Room 9324,
Washington, DC 20590.

Record source categories: UTPS order forms, UTPS course registration forms, letter and/or verbal request to be place on mailing list.

DOT/UMTA 193.

System name: Docket. DOT/UMTA.

System location: Department of Transportation (DOT),
Urban Mass Transportation Administration (UMTA),
Office of the Chief Counsel,
400 7th Street, SW, Room 9320,
Washington, DC 20590.

Categories of individuals covered by the system: Individuals who have commented on notices of UMTA appearing in the Federal Register; authors of reports which are added to the Docket as background information.

Categories of records in the system: Summary of the nature of the comment or the report, date written and filed, author affiliation.

Routine uses of records maintained in the system, including categories of users and the purposes of such uses: To gather information in response to rules promulgated by UMTA. Users are both UMTA staff members and the public.

See Prefatory Statement of General Routine Uses.

Policies and practices for storing, retrieving, accessing, retaining, and disposing of records in the system:

Storage: Legal-size file folders stored in file cabinets.

Retrievability: By name and Docket number assigned at the time of receipt.

Safeguards: None required. Publically available file.

Retention and disposal: Indefinite.

System manager(s) and address: Docket Clerk, Office of the Chief Counsel,
Department of Transportation,
Urban Mass Transportation Administration,
400 7th Street, SW, Room 9300,
Washington, DC 20590.

Notification procedure: Same as 'System Manager.'

Record access procedures: Same as 'System Manager.'

Contesting record procedures: Same as 'System Manager.'

Record source categories: Correspondence freely sent by the public to UMTA.

DOT/UMTA 194.

System name: Litigation and Claims Files. DOT/UMTA.

System location: Department of Transportation (DOT),
Urban Mass Transportation Administration (UMTA),
Office of the Chief Counsel,
400 7th Street, SW, Room 9320,
Washington, DC 20590.

Categories of individuals covered by the system: Persons who are involved in litigation or claims actions.

Categories of records in the system: Litigation and claim pleadings, discovery material, related documents (including background data on individuals involved), memoranda, correspondence, and other material necessary to respond to claims or prepare for litigation or hearings.

Routine uses of records maintained in the system, including categories of users and the purposes of such uses: The documents are produced or used in and for litigation and claims.

These documents are disclosed to the Department of Justice.
See Prefatory Statement for Genaral Routine Uses.

Policies and practices for storing, retrieving, accessing, retaining, and disposing of records in the system:

Storage: Legal-size file folders stored in lockable and unlockable file cabinets and individual attorney's offices.

Retrievability: Retrieved by caption of the particular litigation.

Safeguards: Data from these files are retrievable only by persons within the Office of the Chief Counsel.

Retention and disposal: Litigation files are kept for two years after case is closed, then sent to Federal Records Center. All other records in the system are retained indefinitely.

System manager(s) and address: Chief Counsel,
Department of Transportation,
Urban Mass Transportation Administration,
400 7th Street, SW, Room 9320,
Washington, DC 20590.

Notification procedure: Individuals wishing to know if their records appear in this system of records may inquire in person or in writing to the System Manager.

Record access procedures: Individuals who desire access to the information about themselves in this system of records should contact or address their inquiries to the System Manager.

Contesting record procedures: Individuals who desire to contest information about themselves contained in this system of records should contact or address their inquiries to the System Manager.

Record source categories: Federal courts, individuals and their attorneys, UMTA records, litigation files, etc.

DOT/UMTA 195.

System name: Confidential Statement of Employment and Financial Interests. DOT/UMTA.

System location: Department of Transportation, (DOT),
Urban Mass Transportation Administration, (UMTA),
Office of the Chief Counsel,
400 7th Street, SW, Room 9320,
Washington, DC 20590.

Categories of individuals covered by the system: Employees of the Urban Mass Transportation Administration in supervisory positions where a conflict of interest or the appearance of a conflict of interest might occur. Also included in this category are consultants and experts of the Urban Mass Transportation Administration.

Categories of records in the system: Information on employment and financial interests and debts.

Routine uses of records maintained in the system, including categories of users and the purposes of such uses: The information to be furnished is required by Executive Order 11222 and the requlations of the Civil Service Commission issued thereunder and may not be disclosed except as the Commission or the agency head may determine.

The purpose of the use of this information is to avoid a conflict of interest or the appearance of a conflict of interest in UMTA employees.
See Prefatory Statement of General Routine Uses.

Policies and practices for storing, retrieving, accessing, retaining, and disposing of records in the system:

Storage: Legal size folders.

Retrievability: Indexed by name in alphabetical sequence.

Safeguards: Records are stored in locked file cabinet.

Retention and disposal: Records are kept 3 years and then transferred to Federal Records Center for 6 years.

System manager(s) and address: Chief Counsel,
Department of Transportation,
Urban Mass Transportation Administration,
Office of the Chief Counsel,
400 7th Street, SW, Room 9320,
Washington, DC 20590.

Notification procedure: Department of Transportation,
Urban Mass Transportation Administration,
Office of the Chief Counsel,
400 7th Street, SW, Room 9320,
Washington, DC 20590.
Inquiries may be addressed to the Chief Counsel either in person or in writing. If written the individual must provide a notarized signature.

Record access procedures: Access to records requires the individual to contact in person or write the Chief Counsel at the address in 'Notification Procedure.'

Contesting record procedures: Contest of a record is also through the Chief Counsel.

Record source categories: Statements of employment and financial interests, creditors, interests in real property are submitted by employees and consultants of the Urban Mass Transpor- tation Administration.

Initial requests for submission of statements are through the Personnel Division, Office of Administration, Urban Mass Transportation

V 42 I 181 SEP 19 77 UMI

Title 49—Transportation

SUBTITLE A—OFFICE OF THE SECRETARY OF TRANSPORTATION

PART 10—MAINTENANCE OF AND ACCESS TO RECORDS PERTAINING TO INDIVIDUALS

Subpart A—Applicability and Policy

Sec.
10.1 Applicability.
10.3 Policy.
10.5 Definitions.

Subpart B—General

10.11 Administration of part.
10.12 Privacy Act Officer.
10.13 Protection of records.

Subpart C—Maintenance of Records

10.21 General.
10.23 Accounting of disclosures.
10.25 Mailing lists.
10.27 Government contractors.
10.29 Social Security numbers.

Subpart D—Availability of Records

10.31 Requests for records.
10.32 Acknowledgement and access.
10.33 Conditions of disclosure.
10.35 Identification of individual making request.
10.37 Location of records.

Subpart E—Correction of Records

10.41 Requests for correction of records.
10.43 Time limits.
10.45 Statement of disagreement.

Subpart F—Procedures for Reconsidering Decisions Not To Disclose or Amend Records

10.51 General.

Subpart G—Exemptions

10.81 General exemptions.
10.63 Specific exemptions.

Appendix B—Office of the Secretary.
Appendix C—United States Coast Guard.
Appendix D—Federal Aviation Administration.
Appendix E—Federal Highway Administration.
Appendix F—Federal Railroad Administration.
Appendix G—National Highway Traffic Safety Administration.
Appendix H—Urban Mass Transportation Administration.
Appendix I—Saint Lawrence Seaway Development Corporation.
Appendix J—Materials Transportation Bureau.

AUTHORITY: Pub. L. 93-579, sec. 9, Department of Transportation Act, Pub. L. 89-670; 49 U.S.C. 1657.

SOURCE: 40 FR 45729, Oct. 2, 1975, as amended at 40 FR 54001, Nov. 20, 1975; 40 FR 57361, Dec. 9, 1975; 41 FR 22564, June 4, 1976; 41 FR 24822, June 18, 1976.

Subpart A—Applicability and Policy

§ 10.1 Applicability.

(a) This part implements section 552a of Title 5, United States Code (the Privacy Act) and prescribes rules governing the availability of those records of the Department of Transportation which relate to citizens of the United States and aliens lawfully admitted for permanent residence.

(b) Appendices B through J to this part:

(1) Describe the places and times at which records will be available for inspection and copying;

(2) Indicate the systems of records located at each facility;

(3) Identify the officials having authority to deny requests for disclosure of records under this part.

(4) Describe the procedures to be followed in requesting correctioin of a record in accordance with § 10.41 of this part.

(5) List additional personal identification requirements in accordance with § 10.35 of this part.

(c) The Assistant Secretary for Administration may amend Appendix A to this part to reflect any changes in the items covered by that appendix. The head of the operating administration concerned may amend the appendix applicable to that administration to reflect any changes in the terms covered by that appendix.

(d) Appendix A to this part identifies systems of records which are exempt from some of the requirements of this part, in accordance with Subpart G and 5 U.S.C. 552 (a), (j) and (k). Appendix A may be amended by the General Counsel upon the request of the Assistant Secretary for Administration in the case of a system of records maintained by the Office of the Secretary or the Administrator in the case of a system of records maintained by an operating administration.

§ 10.3 Policy.

It is the policy of the Department of Transportation to comply with the letter and the spirit of the Privacy Act (the Act). Therefore, personal data contained in each system of records will be afforded adequate protection against unauthorized access, will be as accurate as is feasible, and will be limited to that necessary to accomplish the stated use or uses of the system. Further, no system of records will be exempted from the requirements of the Act unless it is determined that to do so is in the best interest of the government with due concern for individual rights.

§ 10.5 Definitions.

Unless the context requires otherwise, the following definitions apply in this part:

"Administrator" means the head of an operating administration and includes the Commandant of the Coast Guard and the Director of the Materials Transportation Bureau.

"Department" means the Department of Transportation, including the Office of the Secretary and the following operating administrations:

(a) The United States Coast Guard.

(b) The Federal Aviation Administration.

(c) The Federal Highway Administration.

(d) The Federal Railroad Administration.

(e) The National Highway Traffic Safety Administration.

(f) The Urban Mass Transportation Administration.

(g) The St. Lawrence Seaway Development Corporation.

(h) The Materials Transportation Bureau.

"He" includes she;

"Includes" means "includes but is not limited to;"

"May" is used in a permissive sense to state authority or permission to do the act prescribed;

"Secretary" means the Secretary of Transportation or any person to whom he has delegated his authority in the matter concerned;

"Individual" means a citizen of the United States or an alien lawfully admitted;

"Maintain" includes maintain, collect, use, or disseminate;

"Record" means any item, collection, or grouping of information about an individual that is maintained by the Department including, but not limited to, his education, financial transactions, medical history, and criminal or employment history and that contains his name, or an identifying number, symbol, or other identifying particular assigned to the individual, such as a finger or voice print or a photograph;

"System of records" means a group of any records under the control of the Department from which information is retrieved by the name of the individual or by some identifying number, symbol, or other identifying particular assigned to the individual;

"Statistical record" means a record in a system of records maintained for statistical research or reporting purposes only and not in whole or in part in making any determination about an identifiable individual, except as provided by section 8 of Title 13; and

"Routine use" means, with respect to the disclosure of a record, the use of such record for a purpose which is compatible with the purpose for which it was collected.

Subpart B—General

§ 10.11 Administration of part.

Except as provided in Subpart F of this part, authority to administer this part in connection with the records of the Office of the Secretary is delegated to the Assistant Secretary for Administration. Authority to administer this part in connection with records in each operating administration is delegated to the head of that administration. The head of any operating administration may redelegate to officers of that administration the authority to administer this part in connection with defined systems of records. The head of an operating administration, however, may redelegate his duties under Subparts F and G of this part only to his deputy and to not more than one other officer who reports directly to the head and who is located at the headquarters of that administration or at the same location as the majority of that administration's systems of records.

§ 10.12 Privacy Act Officer.

(a) To assist him in the oversight of the implementation, continuing administration and in evaluating the effectiveness of compliance with the Act, the Assistant Secretary for Administration will appoint a principal coordinating official with the title Privacy Act Officer, and one Assistant Privacy Act Officer from his staff. (Until further notice, the Director of Management Systems is designated the Privacy Act Officer. He will designate an appropriate member of his staff as his Assistant.)

(b) Inquiries concerning Privacy Act matters, or requests for assistance, may be addressed to the Privacy Act Officer (TAD-20), Department of Transportation, 400 Seventh Street SW., Washington, D.C. 20590.

(c) Heads of operating Administrations may designate Privacy Act Officers to act as central coordinators within their Administrations to assist them in administering the Act.

§ 10.13 Protection of records.

(a) No person may, without permission, remove any record made available to him for inspection or copying under this part from the place where it is made available. In addition, no person may steal, alter, multilate, obliterate, or destroy, in whole or in part, such a record.

(b) Section 641 of Title 18 of the United States Code provides, in pertinent part, as follows:

> Whoever * * * steals, purloins, or knowingly converts to his use or the use of another, or without authority, sells, conveys or disposes of any record * * * or thing of value of the United States or of any department or agency thereof * * * shall be fined not more than $10,000 or imprisoned not more than 10 years or both; but if the value of such property does not exceed the sum of $100, he shall be fined not more than $1,000 or imprisoned not more than one year or both * * *.

(c) Section 2071 of Title 18 of the United States Code provides, in pertinent part, as follows:

> Whoever willfully and unlawfully conceals, removes, multilates, obliterates, or destroys, or attempts to do so, or with intent to do so takes and carries away any record, proceeding, map, book, paper, document, or other thing, filed or deposited * * * in any public office, or with any * * * public officer of the United States, shall be fined not more than $2,000 or imprisoned not more than 3 years, or both.

Subpart C—Maintenance of Records

§ 10.21 General.

Except to the extent that a system of records is exempt in accordance with Subpart G of this part, the Department shall, with respect to each system of records:

(a) Maintain in its records only such information about an individual as is relevant and necessary to accomplish a purpose of the Department required to be accomplished by statute or by executive order of the President;

(b) Collect information to the greatest extent practicable directly from the subject individual when the information may result in adverse determinations about an individual's rights, benefits, or privileges under Federal programs;

(c) Inform each individual whom it asks to supply information, on the form which it uses to collect the information or on a separate form that can be retained by the individual of:

(1) The authority (whether granted by statute, or by executive order of the President) which authorizes the solicitation of the information and whether disclosure of such information is mandatory or voluntary;

(2) The principal purpose or purposes for which the information is intended to be used;

(3) The routine uses, as published pursuant to (d)(4) of this subsection, which may be made of the information; and

(4) The effects, if any, on the individual of not providing all or any part of the requested information;

(d) Publish in the FEDERAL REGISTER at least annually a notice of the existence and character of the system of records, which notice shall include:

(1) The name and location of the system;

(2) The categories of individuals on whom records are maintained in the system;

(3) The categories of records maintained in the system;

(4) Each routine use of the records contained in the system, including the categories of users and the purpose of such use;

(5) The policies and practices regarding storage, retrievability, access controls, retention, and disposal of the records;

(6) The title and business address of the official who is responsible for the system of records;

(7) The procedures whereby an individual can be notified at his request if the system of records contains a record pertaining to him;

(8) The procedures whereby an individual can be notified at his request how he can gain access to any record pertaining to him contained in the system of records, and how he can contest its content; and

(9) The categories of sources of records in the system;

(e) Maintain all records which are used in making any determination about any individual with such accuracy, relevancy, timeliness, and completeness as is reasonably necessary to assure fairness to the individual in the determination;

(f) Prior to disseminating any record about an individual to any person other than an agency, unless the dissemination is made pursuant to section 10.33(a)(2), make reasonable efforts to assure that such records are accurate, complete, timely, and relevant for the Department's purposes;

(g) Maintain no record describing how any individual exercises rights guaranteed by the First Amendment unless—

(1) Expressly authorized by the General Counsel; and

(2) Expressly authorized by statute or by the individual about whom the record is maintained or unless pertinent to and within the scope of an authorized law enforcement activity;

(h) Make reasonable efforts to serve notice on an individual when any record on such individual is made available to any person under compulsory legal process when such process becomes a matter of public record.

§ 10.23 Accounting of disclosures.

Each operating administration and the Office of the Secretary, with respect to each system of records under its control, shall:

(a) Except for disclosures made under § 10.33(a) (1) or (2) of this part, keep an accurate accounting of:

(1) The date, nature, and purpose of each disclosure of a record to any person or to another agency made under § 10.33; and

(2) the name and address of the person or agency to whom the disclosure is made;

(b) Retain the accounting made under paragraph (a) of this section for at least five years or the life of the record, whichever is longer, after the disclosure for which the accounting is made;

(c) Except for disclosures made under § 10.33(a)(7) of this part, make the accounting made under paragraph (a)(1) of this section available to the individual named in the record at his request; and

(d) Inform any person or other agency about any correction or notation of dispute made by the agency in accordance with § 10.45 of any record that has been disclosed to the person or agency if an accounting of the disclosure was made.

§ 10.25 Mailing lists.

An individual's name and address shall not be sold or rented unless such action is specifically authorized by law. This provision shall not be construed to require the withholding of names and addresses otherwise permitted to be made public.

§ 10.27 Government contractors.

When the Department provides by a contract for the operation by or on behalf of the Department of a system of records to accomplish a function of the Department, the requirements of this part shall be applied to such system. For purposes of Subpart I, *Criminal Penalties*, any such contractor and any employee of the contractor, if the contract is agreed to on or after the effective date of this part, shall be considered, in accordance with section 3(m) of the Privacy Act, to be an employee of the Department.

§ 10.29 Social Security numbers.

(a) No individual shall be denied any right, benefit, or privilege provided by law because of such individual's refusal to disclose his Social Security account number.

(b) The provisions of paragraph (a) of this section shall not apply with respect to:

V 42 I 181 SEP 19 77 UMI

(1) Any disclosure which is required by Federal statute; or

(2) The disclosure of a Social Security number when such disclosure was required under statute or regulation adopted prior to January 1, 1975, to verify the identity of an individual.

(c) When an individual is requested to disclose his Social Security account number, that individual shall be informed whether that disclosure is mandatory or voluntary, by what statutory or other authority such number is solicited, what uses will be made of it, and what detriments, including delay in the location of records, will be incurred if the number is not provided.

Subpart D—Availability of Records

§ 10.31 Requests for records.

(a) Ordinarily, each person desiring to determine whether a record pertaining to him is contained in a system of records covered by this part or desiring access to a record covered by this part, or to obtain a copy of such a record, shall make his request in writing as provided in the pertinent appendix to this part. In exceptional cases oral requests will be accepted.

(b) Each request shall specify the name of the requesting individual and the system of records in which the subject record is located or thought to be located. If assistance is required to determine the system of records identification number assigned in the systems notices, such assistance may be obtained from the appropriate Privacy Act Officer or his Assistant. Refer to § 10.12 for procedures for requesting assistance.

§ 10.32 Acknowledgement and access.

(a) Requests by an individual to determine whether he is the subject of a record in a system of records, or requesting access to his record in a system of records, should be acknowledged within 10 working days, where the request is by mail. For requests in person, an immediate response will be given, either granting access or informing such individual when notification or access may be expected.

(b) If the response granting access or copies of the record is made within 10 working days, separate acknowledgement is not required.

(c) Although requests for access to a record will normally be in writing, e.g. by filing a written form or letter, it is the option of the individual to mail or present the request form in person.

§ 10.33 Conditions of disclosure.

(a) No record which is contained within a system of records within the Department shall be disclosed by any means of communication to any person, or to another agency, except pursuant to a written request by, or with the prior written consent of, the individual to whom the record pertains, unless disclosure of the record would be:

(1) To those officers and employees of the Department who have a need for the record in the performance of their duties;

(2) Required under Part 7 of this title which implements the Freedom of Information Act;

(3) For a routine use as defined in § 10.5 and described pursuant to § 10.21 (d)(4);

(4) To the Bureau of the Census for purposes of planning or carrying out a census or survey or related activity pursuant to the provisions of Title 13, United States Code;

(5) To a recipient who has provided the Department with advance adequate written assurance that the record will be used solely as a statistical research or reporting record, and the record is to be transferred in a form that is not individually identifiable;

(6) To the National Archives of the United States as a record which has sufficient historical or other value to warrant its continued preservation by the United States Government, or for evaluation by the Administrator of General Services or his designee to determine whether the record has such value;

(7) To another agency or to an instrumentality of any governmental jurisdiction within or under the control of the United States for a civil or criminal law enforcement activity if the activity is authorized by law, and if the head of the agency or instrumentality has made a written request to the agency which maintains the record specifying the particular portion desired and the law enforcement activity for which the record is sought;

(8) To a person pursuant to a showing of compelling circumstances affecting the health or safety of an individual if upon such disclosure notification is transmitted to the last known address of such individual;

(9) To either House of the Congress, or, to the extent of matters within its jurisdiction, any committee or subcommittee thereof, any joint committee of the Congress or subcommittee of any such joint committee;

(10) To the Comptroller General, or any of his authorized representatives, in the course of the performance of the duties of the General Accounting Office; or

(11) Pursuant to the order of a court of competent jurisdiction.

(b) Any individual requesting access to his record or to any information pertaining to him which is contained within a system of records within the Department shall have access to that record or information unless the system of records within which the record or information is contained is exempted from disclosure in accordance with Subpart G, provided, however, that nothing in this part shall be deemed to require that an individual be given access to any information compiled in reasonable anticipation of a civil action or proceeding. No exemption contained in Subpart G of Part 7 of the Regulations of the Office of the Secretary shall be relied upon to withhold from an individual any record which is otherwise accessible to such individual under the provisions of this part. Any individual who is given access to a record or information pertaining to him shall be permitted to have a person of his own choosing accompany him and to have a copy made of all or any portion of the record or information in a form comprehensible to him. When deemed appropriate, the individual may be required to furnish a written statement authorizing discussion of his record in the accompanying person's presence. If the release of a record containing medical information (including psychological information furnished by a physician) directly to the individual to whom the record pertains may, in the judgment of the cognizant medical office or a medical doctor and with the concurrence of the General Counsel, have an adverse effect on the health or well-being of the individual, the record will be released to the individual only through a physician designated by the individual and upon a written request by that physician for that record.

(c) Any person requesting access to records or to any information pertaining to other individuals shall not be granted such access unless he can show that he has obtained permission for such access from the individual to whom the record pertains, unless the request comes within one of the exceptions of § 10.33(a).

§ 10.35 Identification of individual making request.

No record or information contained in a system of records shall be disclosed to an individual nor shall any correction of a record in accordance with Subpart E be made at the request of an individual unless that individual demonstrates that he is who he claims to be. Normally, identity can be proven for individuals who appear in person by the presentation of an identifying document issued by recognized organization (e.g., a driver's license or a credit card) and which contains a means of verification such as a photograph or a signature. For requests by mail, the unique identifier used in the system should be included if known. Responses to mail requests will normally be sent only to the name and address listed in the system of records. In the case of particularly sensitive records, additional identification requirements may be imposed. In such cases, these additional requirements shall be listed in the public notice for the system and in the appropriate appendix to this part.

§ 10.37 Location of records.

Each record made available under this subpart is available for inspection and copying during regular working hours at the place where it is located or, upon reasonable notice, at the document inspection facilities of the Office of the Secretary or each administration as set forth in the appendix applicable to that office or administration. Original records may be copied but may not be released from custody. Upon payment of the appropriate fee, copies will be mailed to the requester.

Subpart E—Correction of Records

§ 10.41 Requests for correction of records.

Any person who desires to have a record pertaining to him corrected shall submit a written request detailing the correction and the reasons the record should be so corrected. Requests for correction of records shall be submitted in accordance with the procedures set forth in Appendices B through J to this part.

§ 10.43 Time limits.

Within ten days (excluding Satuday, Sunday, and legal holidays) of the receipt in accordance with § 10.41 of a request by an individual to amend a record pertaining to him, the receipt of the request shall be acknowledge in writing. If a determination is made to correct the record as requested, the correction shall be promptly made. If a determination is made not to correct a record the individual shall be informed promptly of his right to appeal in accordance with Subpart F. If an appeal of a refusal to correct a record is in accordance with Subpart F, a determination whether to correct the record shall be made within thirty days (excluding Saturday, Sunday and legal holidays) of the receipt of the appeal unless, for good cause shown, the head of the operating administration concerned, or in the case of the Office of the Secretary, the General Counsel, extends such period. Where an extension is taken, the party taking the appeal shall be promptly notified of such fact.

§ 10.45 Statement of disagreement.

If a determination is made not to amend a record, the requester shall be informed that he may file a concise statement setting forth the reasons for his disagreement with the refusal to amend. In any disclosure containing information about which an individual has filed such a statement of disagreement, the portions of the record which are disputed shall be noted clearly and copies of the statement of disagreement shall be provided. If the head of the operating administration concerned or his delegee, or in the case of the Office of the Secretary, the General Counsel or his delegee, deems it appropriate, copies of a concise statement of the reasons for not making the amendments requested may be provided along with the statement of disagreement.

Subpart F—Procedures for Reconsidering Decisions Not To Grant Access to or Amend Records

§ 10.51 General.

(a) Each officer or employee of the Department who, upon a request by a member of the public for a record under this part, makes a determination that access is not to be granted or who determines not to amend a record in a requested manner, shall give a written statement of the reasons for that determination to the person making the request and indicate the name and title or position of each person responsible for the denial of such request and the procedure for appeal within the Department.

(b) Any person:

(1) Who has been given a determination pursuant to paragraph (a) of this section, that access will not be granted; or

(2) Who has been informed that an amendment to a requested record will not be made;

may apply to the head of the operating administration concerned, or in the case of the Office of the Secretary, to the General Counsel of the Department, for reconsideration of the request. A determination that access will not be granted or a record amended is not administratively final for the purposes of judicial review unless it was made by the head of the operating administration concerned or his delegee, or the General Counsel or his delegee, as the case may be. Upon a determination that an appeal will be denied, the requester shall be informed in writing of the reasons for the determination, and the names and titles or positions of each person responsible for the determination, and that the determination may be appealed to the District Court of the United States in the district in which the complainant resides, or has his principal place of business, or in which the records are located, or in the District of Columbia.

(c) Each application for reconsideration must be made in writing and must include all information and arguments relied upon by the person making the request. It is recommended that such request be made within 180 days of the date of the initial denial; however exceptions to this time period will be considered in the event that a longer time is required for good reasons.

(d) Upon a determination that a request for the correction of a record will be denied, the requester shall be informed that he may file a concise statement in accordance with § 10.45.

(e) Each application for reconsideration must indicate that it is an appeal from a denial of a request made under the Privacy Act. The envelope in which the application is sent should be marked prominently with the words "Privacy Act". If these requirements are not met, the time limits described in § 10.43 will not begin to run until the application has been identified by an employee of the Department as an application under the Privacy Act and has been received by the appropriate office.

(f) The head of the operating administration concerned, or the General Counsel, as the case may be, may require the person making the request to furnish additional information, or proof of factual allegations, and may order other proceedings appropriate in the circumstances. The decision of the head of the operating administration concerned, or the General Counsel, as the case may be, as to the availability of the record or whether to amend the record is administratively final.

(g) The decision by the head of the operating administration concerned, or the General Counsel, as the case may be, not to disclose a record under this part is considered a determination for the purposes of section 552a(3)(g) of Title 5, United States Code.

(h) Any final decision by the head of an operating administration on his delegee identified in Appendices B through H of this part, not to grant access to or amend a record under this part, is subject to concurrence by the General Counsel or his delegee.

Subpart G—Exemptions

§ 10.61 General exemptions.

(a) The Assistant Secretary for Administration, with regard to the Investigations Division, the Federal Aviation Administration, with regard to the police functions of the National Capital Airport Police, the U.S. Coast Guard, with regard to the Intelligence and Security Division, and the Federal Railroad Administration, with regard to the Alaska Railroad Special Agents, may exempt from any part of the Act and this part, except subsections (b), (c) (1) and (2), (e)(4)(A) through (f), (e) (6), (7), (9), (10) and (11), and (i) of the Act, and implementing §§ 10.33, 10.23 (a) and (b), 10.21(d) (1) through (6), 10.81, 10.83, and 10.85, any system of records, or portion thereof, which it maintains which consists wholly of:

(1) Information compiled for the purpose of identifying individual criminal offenders and alleged offenders and consisting only of identifying data and notations of arrests, the nature and disposition of criminal charges, sentencing, confinement, release, and parole and probation status;

(2) Information compiled for the purpose of a criminal investigation, including reports of informants and investigators, and associated with an identifiable individual; or

(3) Reports identifiable to an individual compiled at any stage of the process of enforcement of the criminal laws from arrest or indictment through release from supervision.

(b) The requirements (including general notice) of sections 553(b) (1), (2), and (3), and (c) and (e) of title 5, United States Code, will be met by publication in Appendix A to this part, which must, at a minimum, specify:

(1) The name of the system; and

(2) The specific provisions of the Act from which the system is to be exempted and the reasons therefor.

(c) Any decision to exempt a system of records under this section is subject to concurrence by the General Counsel.

(d) Any person may petition the Secretary in accordance with the provisions of Part 5 of this Title, to institute a rulemaking proceeding for the amendment or repeal of any exemptions established under this section.

§ 10.63 Specific exemptions.

The Secretary or his delegee, in the case of the Office of the Secretary, or the Administrator or his delegee, in the case of an operating administration, may exempt any system of records which is maintained by the Office of the Secretary or the administration, as the case may be, from subsections (c)(3), (d),

V 42 I 181 SEP 19 77 UMI

(e)(1) and (4) (G), (H), and (I), and (f) of the Act and implementing §§ 10.23 (c); 10.33(b); 10.41; 10.43; 10.45; 10.21 (a) and 10.21(d) (6), (7) and (8) of this part, under the following conditions:

(a) The system of records must consist of:

(1) Records subject to the provisions of section 552(b)(1) of Title 5, United States Code;

(2) Investigatory material compiled for law enforcement purposes, other than material within the scope of paragraph (a)(2) of § 10.61: *Provided, however*, That if any individual is denied any right, privilege, or benefit to which he would otherwise be entitled by Federal law, or for which he would otherwise be eligible, as a result of the maintenance of such material, such material shall be provided to such individual, except to the extent that the disclosure of such material would reveal the identity of a source who furnished information to the Government under an express promise that the identity of the source would be held in confidence, or, prior to the effective date of this section, under an implied promise that the identity of the source would be held in confidence;

(3) Records maintained in connection with providing protective services to the President of the United States or other individuals pursuant to section 3056 of Title 18, United States Code;

(4) Records required by statute to be maintained and used solely as statistical records;

(5) Investigatory material compiled solely for the purpose of determining suitability, eligibility, or qualifications for Federal civilian employment, military service, Federal contracts, or access to classified information, but only to the extent that the disclosure of such material would reveal the identity of a source who furnished information to the Government under an express promise that the identity of the source would be held in confidence, or, prior to the effective date of this section, under an implied promise that the identity of the source would be held in confidence;

(6) Testing or examination material used solely to determine individual qualifications for appointment or promotion in the Federal service the disclosure of which would compromise the objectivity or fairness of the testing or examination process; or

(7) Evaluation material used to determine potential for promotion in the armed services, but only to the extent that the disclosure of such material would reveal the identity of a source who furnished information to the Government under an express promise that the identity of the source would be held in confidence, or, prior to the effective date of this section, under an implied promise that the identity of the source would be held in confidence.

(b) The requirements (including general notice) of sections 553(b) (1), (2) and (3), and (c) and (e) of title 5, United States Code, will be met by publication in Appendix A to this part, which must, at a minimum, specify:

(1) The name of the systems; and

(2) The specific provisions of the Act from which the system is to be exempted and the reasons therefor.

(c) Any decision to exempt a system of records under this section is subject to the concurrence of the General Counsel.

(d) Any person may petition the Secretary in accordance with the provisions of 49 CFR Part 5, to institute a rule making for the amendment or repeal of any exemptions established under this section.

Subpart H—Fees

§ 10.71 General.

This subpart prescribes fees for services performed for the public under this part by the Department.

§ 10.73 Payment of fees.

The fees prescribed in this subpart may be paid by check, draft, or postal money order payable to the Treasury of the United States.

§ 10.75 Fee schedule.

(a) Copies of documents by photocopy or similar method:

Each page not larger than 11 x 17 inches:	
First page	.25
Each additional page	.05

(b) Copies of documents by typewriter:

Each page	2.00

(c) Certified copies of documents:

(1) With Department of Transportation seal	3.00
(2) True copy, without seal	1.00

(d) Photographs:

(1) Black and white print (from negative)	1.25
(2) Black and white print (from print)	3.15
(3) Color print (from negative)	3.50
(4) Color print (from print)	6.25

(e) Duplicate data tapes—each reel of tape or fraction thereof 36.00

The applicant must furnish the necessary number of blank magnetic tapes. The tapes must be compatible for use in the supplier's computer system, ½ inch wide and 2,400 feet long, and must be capable of recording data at a density of 556 or 800 characters per inch. Unless otherwise designated, the tapes will be recorded at 556 CPI density. The Department of Transportation is not responsible for damaged tape. However, if the applicant furnishes a replacement for a damaged tape, the duplication process is completed at no additional charge.

(f) Microreproduction fees are as follows:

(1) Microfilm copies, each 100 foot roll or less	3.75
(2) Microfiche copies, each standard size sheet (4" x 6" containing up to 65 frames)	.15

(g) Computerline printer output, each 1,000 lines or fraction thereof 1.00

§ 10.77 Services performed without charge.

(a) No fee is charged for time spent in searching for records or reviewing or preparing correspondence related to records subject to this part.

(b) No fee is charged for documents furnished in response to:

(1) A request from an employee or former employee of the Department for copies of personnel records of the employee;

(2) A request from a Member of Congress for his official use;

(3) A request from a State, territory, U.S. possession, county or municipal government, or an agency thereof;

(4) A request from a court that will serve as a substitute for the personal court appearance of an officer or employee of the Department;

(5) A request from a foreign government or an agency thereof, or an international organization.

(c) Documents will be furnished without charge or at a reduced charge, if the Assistant Secretary of Administration or the head of the operating administration concerned, as the case may be, determines that waiver or reduction of the fee is in the public interest, because furnishing the information can be considered as primarily benefiting the general public.

(d) When records are maintained in computer-readable form rather than human-readable form, one printed copy will be made available without charge.

Subpart I—Criminal Penalties

§ 10.81 Improper disclosure.

Any officer or employee of the Department who by virtue of his employment or official position, has possession of, or access to, agency records which contain individually identifiable information the disclosure of which is prohibited by this part and who knowing that disclosure of the specific material is so prohibited, willfully discloses the material in any manner to any person or agency not entitled to receive it, shall be guilty of a misdemeanor and fined not more than $5,000 in accordance with 5 U.S.C. 552a(i)(1).

§ 10.83 Improper maintenance of records.

Any officer or employee of the Department who willfully maintains a system of records without meeting the notice requirements of § 10.21(d) of this part shall be guilty of a misdemeanor and fined not more tha $5,000 in accordance with 5 U.S.C. 552a(i)(2).

§ 10.85 Wrongfully obtaining records.

Any person who knowingly and willfully requests or obtains any record concerning an individual from the Department under false pretenses shall be guilty of a misdemeanor and fined not more than $5,000 in accordance with 5 U.S.C. 552a(i)(3).

Appendix A—Exemptions

Part I. General exemptions.

Those portions of the following systems of records that consist of (a) information compiled for the purpose of identifying individual criminal offenders and alleged offenders and consisting only of identifying data and notations of arrests, the nature and disposition of criminal charges, sentencing, confinement, release, and parole and probation status; (b) information compiled for the purpose of a criminal investigation, including reports of informants and investigators, and associated with an identifiable individual; or (c) reports identifiable to an individual compiled at any stage of the process of enforcement of the criminal laws from arrest or indictment through release from supervision, are exempt from all parts of 5 U.S.C. 552(a) except subsections (b), (c) (1) and (2), (e)(4) (A) through (F), (e) (6), (7), (9), (10), and (11), and (i):

A. The Investigations Record System maintained by the Investigations Division, Office of Investigations and Security, Office of the Secretary.

B. Police Warrant Files and Central Files maintained by the Police Branches, Washington National and Dulles International Airports, Federal Aviation Administration.

C. Intelligence and Security Investigative Case Systems (DOT/CG 611), maintained by the Intelligence and Security Division, U.S. Coast Guard, at headquarters and district offices.

The purpose of these exemptions is to prevent the compromise or impairment of criminal investigations conducted by the Office of Investigations and Security, OST, the Airport Police Branches, and the Investigations and Security Division, USCG.

Part II. Specific exemptions. A. The following systems of records are exempt from subsection (c)(3) (Accounting of Certain Disclosures), (d) (Access to Records), (e)(4) (G), (H), and (I) (Agency Requirements), and (f) (Agency Rules) of 5 USC 552a, to the extent that they contain investigatory material compiled for law enforcement purposes, in accordance with 5 USC 552a(k)(2):

1. Investigative Record System maintained by the Federal Aviation Administration at FAA Regional and Center Air Transportation Security Divisions, the Investigations and Security Division, Aeronautical Center; and Office of Investigations and Security, FAA Headquarters, Washington, D.C.

2. FHWA Investigations Case File System, maintained by the Office of Program Review and Investigations, Federal Highway Administration.

3. FHWA Motor Carrier Safety Proposed Civil and Criminal Enforcement Cases, maintained by the Bureau of Motor Carrier Safety, Federal Highway Administration.

4. Recreational Boating and Law Enforcement Cases (DOT/CG 505), maintained by the Office of Boating Safety, U.S. Coast Guard.

5. Port Safety Reporting System—Individual Violation Histories (DOT/CG 561), maintained by the Office of Marine Environment and Systems, U.S. Coast Guard.

6. Marine Pollution Case Files (DOT/CG 583), maintained by the U.S. Coast Guard.

7. Merchant Vessel Casualty Reporting System (DOT/CG 590), maintained by the Office of Merchant Marine Safety, U.S. Coast Guard.

8. U.S. Merchant Seaman's Records (DOT/CG 589), maintained by the Office of Merchant Marine Safety, U.S. Coast Guard.

9. Intelligence and Security Investigative Case Systems (DOT/CG 611), maintained by the Office of Operations, U.S. Coast Guard.

10. Port Security Case System (DOT/CG 612), maintained by the Office of Operations, U.S. Coast Guard.

11. DOT/NHTSA Investigations of Alleged Misconduct or Conflict of Interest, maintained by the Associate Administrator for Administration, National Highway Traffic Safety Administration.

12. Investigations of Violations of Marine Safety Laws (DOT/CG 587), maintained by the Office of Merchant Marine Safety, U.S. Coast Guard.

13. Civil Aviation Security System (DOT/FAA 813), maintained by the Civil Aviation Security Service, Federal Aviation Administration.

The purpose of these exemptions is to protect investigatory materials compiled for law enforcement purposes. Disclosure of such material would hamper law enforcement by prematurely disclosing the knowledge of illegal activity and the evidentiary basis for possible enforcement actions.

B. The following systems of records are exempt from subsections (c)(3) (Accounting of Certain Disclosure), and (d) (Access to Records) of 5 U.S.C. 552a:

1. Alaska Railroad Security and Freight Claims Investigatory Files maintained by the Alaska Railroad, Federal Railroad Administration.

2. Administrative Action and Legal Enforcement System (DOT/FAA), maintained by the Chief Counsel, Federal Aviation Administration.

3. Investigations Record System, maintained by the Investigations Division, Office of Investgiations and Security, Office of the Secretary.

The purpose of these exemptions is to prevent the compromise or impairment of law enforcement investigations by altering individuals that they are the subject of investigation, and to prevent the disclosure of the identity or sources of information promised confidentiality, in accordance with 5 U.S.C. 552a(k)(2).

C. The system of records known as the Alaska Railroad Examination of Operating Personnel, maintained by the Alaska Railroad, Federal Railroad Administration, is exempt from the provisions of subsection (d) of 5 U.S.C. 552a. The release of these records would compromise their value as impartial measurement standards for appointment and promotion within the Federal Service.

D. Those portions of the following systems of records consisting of investigatory material compiled for the purpose of determining suitability, eligibility, or qualifications for Federal civilian employment, military service, or access to classified information or used to determine potential for promotion in the armed services, are exempt from sections (c)(3) (Accounting of Certain Disclosures), (d) (Access to Records), (e)(4) (G), (H), and (I) (Agency Requirements), and (f) (Agency Rules) of 5 USC 552a to the extent that disclosure of such material would reveal the identity of a source who provided information to the Government under an express or, prior to September 27, 1975, an implied promise of confidentiality (5 USC 552a(k)(5) and (7)):

1. Personnel Security Record Systems, maintained by the Investigations Division, Office of Investigations and Security, Office of the Secretary.

2. Intelligence and Security Investigative Case System (DOT/CG 611), maintained by the Office of Operations, U.S. Coast Guard.

3. Officer Selection and Appointment System (DOT/CG 625), maintained by the Office of Personnel, U.S. Coast Guard.

4. Official Officer Service Records (DOT/CG 626), maintained by the Office of Personnel, U.S. Coast Guard.

5. Enlisted Recruiting Selection Record System maintained by the Office of Personnel, U.S. Coast Guard.

6. Officer, Enlisted, and Recruiting Selection Test Files (DOT/CG 628), maintained by the Office of Personel, U.S. Coast Guard.

7. Enlisted Personnel Record System, (DOT/CG 629), maintained by the Office of Personnel, U.S. Coast Guard.

8. Coast Guard Personnel Security Program (DOT/CG 633), maintained by the Office of Personnel, U.S. Coast Guard.

9. Official Coast Guard Reserve Service Record System (DOT/CG 676), maintained by the Office of Reserve, U.S. Coast Guard.

10. Investigative Record System, maintained by the Federal Aviation Administration at FAA Regional and Center Air Transportation Security Divisions; the Investigations and Security Division, Aeronautical Center; and Office of Investigations and Security, Headquarters, Washington, D.C.

11. Military Training and Education Records (DOT/CG 622), maintained by the Office of Personnel, U.S. Coast Guard.

The purpose of these exemptions is to prevent disclosure of the identities of sources who provide information to the government concerning the suitability, eligibility, or qualifications of individuals for Federal civilian employment, contracts, access to classified information, or appointment or promotion in the armed services, and who are expressly or, prior to September 27, 1975, impliedly promised confidentiality (5 U.S.C. 552a(k)(5) and (7)).

The purpose of these exemptions is to prevent disclosure of the identities of sources who provide information to the government concerning the suitability, eligibility or qualifications of individuals for Federal civilian employment, contracts, access to classified information, or appointment or promotion in the armed services, and who are expressly or, prior to September 27, 1975, impliedly promised confidentiality (5 U.S.C. 552a(k)(5) and (7)).

E. Those portions of the following systems of records consisting of testing or examination material used solely to determine individual qualifications for appointment or promotion in the Federal Service are exempt from subsections (c)(3) (Accounting of Certain Disclosures), (d) (Access to Records), (e)(4) (G), (H) and (I) (Agency Requirements), and (f) (Agency Rules) of 5 U.S.C. 552a:

1. Officer, Enlisted and Recruiting Selection Test Files (DOT/CG 628), maintained by the Office of Personnel, U.S. Coast Guard.

2. Official Coast Guard Reserve Service Record System (DOT/CG 676), maintained by the Office of Reserve, U.S. Coast Guard.

3. Military Training and Education Records (DOT/CG 622), maintained by the Office of Personnel, U.S. Coast Guard.

The purpose of these exemptions is to preserve the value of these records as impartial measurement standards for appointment and promotion within the Federal service.

F. Those portions of the following systems of records which consist of information properly classified in the interest of national defense or foreign policy in accordance with 5 U.S.C. 552(b)(1) are exempt from sections (c)(3) (Accounting of Certain Disclosures), (d) (Access to Records), (e)(4) (G), (H) and (I) (Agency Requirements), and (f) (Agency Rules) of 5 U.S.C. 552:

1. Investigations Records System maintained by the Investigations Division, Office of Investigations and Security, Office of the Secretary.

2. Personnel Security Records System, maintained by the Office of Investigations and Security, Office of the Secretary.

3. Civil Aviation Security System (DOT/FAA 813), maintained by the Civil Aviation Security Service, Federal Aviation Administration.

The purpose of these exemptions is to prevent the disclosure of material authorized to be kept secret in the interest of national defense or foreign policy, accordance with 5 U.S.C. 552(b)(1) and 552a(k)(1).

G. Those portions of the following systems of records which consist of information properly classified in the interest of national defense or foreign policy in accordance with 5 U.S.C. 552a(b)(1) are exempt from subsections (c)(3) (Accounting of Certain Disclo-

V 42 181 SEP 19 77 UMI

sures) and (d) (Access to Records) of 5 U.S.C. 552a:

1. Investigative Records System (DOT/FAA 815), maintained by the Federal Aviation Administration at FAA Regional and Center Air Transportation Security Divisions; the Investigations and Security Division, Aeronautical Center; and Office of Investigations and Security, Headquarters, Washington, D.C.

The purpose of these exemptions is to prevent the disclosure of material authorized to be kept secret in the interest of national defense or foreign policy, in accordance with 5 U.S.C. 552(b)(1) and 552a(k)(1.

APPENDIX B

OFFICE OF THE SECRETARY

1. *Introduction.* This Appendix, with respect to the Office of the Secretary,

a. Describes the places and times at which records will be available for inspection and copying;

b. Indicates the systems of records maintained in the Office of the Secretary;

c. Identifies the officials having authority to deny requests for access to records;

d. Describes the procedures to be followed in requesting correction of a record; and

e. Describes identification requirements which may be in addition to those delineated in paragraph 10.35 of these regulations.

An individual requiring assistance, concerning this Appendix or systems maintained in the Office of the Secretary, may contact the Privacy Act Officer, Office of the Assistant Secretary for Administration, TAD–20, at 400 Seventh Street SW., Washington, D.C. 20590.

2. *Availability for Inspection and Copying.*

a. Records in systems maintained in the Office of the Secretary (OST) are available at 400 Seventh Street SW., Washington, D.C., except as follows:

(1) Records are maintained at 2100 Second Street SW., Washington, D.C., for the following systems:

(a) DOT/OST 011 Discrimination Complaint Investigative Files;

(b) DOT/OST 042 Technical Pipeline Safety Complaint File;

(c) DOT/OST 051 Applications for Employment with Office of Pipeline Safety Operations;

(d) DOT/OST 052 Informational Work Folders on Employees of the Office of Pipeline Safety Operations; and

(e) DOT/OST 053 Personnel Data Convenience File, Office of Hazardous Materials Operations.

(2) DOT/OST 013 Employee Management Files: Records for the employees at each location are located as delineated in the system notice.

(3) DOT/OST 015 Funds Management Records: Central records are maintained at 400 Seventh Street SW., Washington, D.C. Records for the applicable region are maintained in the office of each of the eleven Regional Emergency Transportation Coordinators, as delineated in the system notice.

(4) DOT/OST 022 National Defense Executive Reserve File: Complete records are maintained at 400 Seventh Street SW., Washington, D.C. Applicable records are maintained in a wide variety of field offices as delineated in the system notice.

(5) DOT/OST 027 Personnel Data Convenience Files: Records applicable to the Office of Transportation Security of the Office of the Assistant Secretary for Environment, Safety and Consumer Affairs are maintained at 800 Independence Avenue SW., Washington, D.C. All other records in the system are located at 400 Seventh Street SW., Washington, D.C.

(6) DOT/OST 028 Personnel Convenience Files: Employee records applicable to the Complaints Division of the Office of Civil Rights of the Office of the Secretary are located at 2100 Second Street SW., Washington, D.C. All other records are located at 400 Seventh Street SW., Washington, D.C.

(7) DOT/OST 043 Telephone Directory and Locator System: Records are stored on magnetic tape at 13 Massachusetts Avenue NW., Washington, D.C. However, access is controlled by the System Manager: Chief, Accounting Operations Center, Room 2228, 400 Seventh Street SW., Washington, D.C.

(8) DOT/OST 048 Transportation Research Activities Information System: Records are stored on magnetic tape at the Transportation Systems Center, Cambridge, Massachusetts. Individuals desiring access to their own personal data should contact the System Manager: R&D Information Officer, TST–25.1, Department of Transportation, 400 Seventh Street SW., Washington, D.C.

(9) DOT/OST 049 Transportation Research Information System: Records are maintained on magnetic tape at the Battelle Laboratories, Columbus, Ohio. Individuals desiring access to their own personal data should contact the System Manager: R&D Information Officer, TST–25.1, Department of Transportation, 400 Seventh Street SW., Washington, D.C.

(10) DOT/OST 050 Executive Team Cadre Listings: Records are maintained at 400 Seventh Street SW., Washington, D.C., and at the offices of the Regional Emergency Transportation Coordinators, as delineated in the system notice.

(11) Records are maintained at the Transportation Systems Center, Kendall Square, Cambridge, Massachusetts, for the following systems:

(a) DOT/TSC 700 Automated Management Information Systems;

(b) DOT/TSC 701 Employee Travel Records;

(c) DOT/TSC 702 Legal Counsel Information Files;

(d) DOT/TSC 703 Occupational Safety and Health Reporting System;

(e) DOT/TSC 704 Stand-by Personnel Information;

(f) DOT/TSC 705 Automated Personnel Skills Reporting System;

(g) DOT/TSC 706 Automated Planning System;

(h) DOT/TSC 707 Automated Manpower Distribution System;

(i) DOT/TSC 708 Combined Federal Campaign Information;

(j) DOT/TSC 709 Minority Information Files;

(k) DOT/TSC 710 Personnel Management Convenience Files;

(l) DOT/TSC 711 Blood Donor Information File;

(m) DOT/TSC 712 Automated Payroll/Personnel/Communications/Security System;

(n) DOT/TSC 713 Employee Payroll-Manpower Distribution System;

(o) DOT/TSC 714 Health Unit Employee Medical Records;

(p) DOT/TSC 715 Bi-Weekly Personnel Status Report.

b. Records are available for inspection and copying at the applicable locations delineated above between the hours of 9 A.M. and 5:30 P.M., except on Saturdays, Sundays, and holidays. Access to certain records may be restricted in accordance with exemptions applied and noticed in accordance with sections 3 (j) and (k) of the Privacy Act of 1974. Individuals desiring access to their own records should follow the instructions contained in the system notice published for each system of records. Requests for access shall be submitted to the System Manager having responsibility for the system in which the records are maintained, unless the system notice describing the system prescribes or permits submission to some other official or officials.

3. *Systems of Records.* A compilation of notices describing the systems of records maintained in the Department of Transportation is published annually in the FEDERAL REGISTER. The notices describing the systems maintained in the Office of the Secretary are published in a block within the overall compilation and each is identified by a three-digit number preceded by the acronym, OST; e.g., OST 013 (except those maintained at the Transportation Systems Center which uses the acronym, TSC; e.g., TSC 701). The basic compilation of system notices, for systems subject to the Privacy Act of 1974, which are maintained in the Office of the Secretary, was published in the FEDERAL REGISTER of August 27, 1975, on pages 38868–38886. An addendum to the compilation was published in the FEDERAL REGISTER of September 24, 1975, pages 44105–44109. The final notice adopting the aforementioned compilation was published in the FEDERAL REGISTER of November 19, 1975 on pages 53965–53991.

4. *Access to Records.* Requests for access to records shall be processed in accordance with the rules provided in section 10.33 of these regulations.

a. A request from an individual for access to a record pertaining to such individual shall be granted promptly unless:

(1) The record was compiled in reasonable anticipation of a civil action or proceeding; or

(2) The system of records is one which has been exempted from the notification and access provisions of the Privacy Act by rule-making; or

(3) The record is not part of a system of records required to be noticed in accordance with the provisions of the Privacy Act and is not otherwise required to be made available by a law or regulation; or

(4) The System Manager or other cognizant official determines that the particular circumstances justify denial of access; or

(5) The information requested is contained in and is inseparable from another individual's record.

b. When information sought from a system of records in the Office of the Secretary includes information that has been furnished by an operating element of the Department or by another agency, as the case may be, the Systems Manager or other cognizant official shall consult the operating element or the other agency, as the case may be, before granting access. If referral of the request to the operating element or the other agency, as the case may be, will provide a more expeditious decision with resulting probable access, the request may be referred to the operating element or the other agency, as the case may be, but the requester shall be notified of the referral.

c. When a Systems Manager or other cognizant official in the Office of the Secretary determines that a request for access should be denied, the request and the reason(s) for the determination shall be referred to the Assistant Secretary for Administration for decision. In the event of a decision to deny access, the Office of the Assistant Secretary for Administration will notify the requester in writing in accordance with section 10.51 of these regulations.

5. *Requests to Correct or Alter Records.* An individual may request that a record pertaining to such individual be amended to correct any portion thereof which such individual believes is not accurate, relevant, timely, or complete.

a. A request to amend a record must:

(1) Be in writing and signed by the individual to whom the record pertains;

(2) Be clearly marked "Request for Amendment of Record";

(3) Contain a statement that the request is being made under the provisions of the Privacy Act of 1974;

(4) Contain the name and address of the individual making the request;

(5) Specify the name and location of the systems of records, as set forth in the system notice, in which the record is maintained;

(6) Specify the title and business address of the official designated in the "Contesting Record Procedures" paragraph of the applicable system notice;

(7) Specify the particular record in the system which the individual is seeking to amend;

(8) Clearly state the specific changes which the individual wishes to make in the record and a concise explanation of the reason for the changes. If the individual wishes to correct or add any information, the request shall contain specific language making the desired correction or addition; and

(9) Be addressed to or delivered in person to the office of the official designated in the "Contesting Records Procedures" paragraph of the applicable system notice. A request delivered to an office in person must be delivered during the regular office hours of that office.

6. *Personal Identification Requirements.* Generally, the identification rules in paragraph 10.35 of these regulations apply to systems maintained in the Office of the Secretary. In addition, specific requirements for some systems are delineated below:

a. The notarized signature of the requester is required for requests by mail for notification and access to records in the following systems:

(1) OST 001 General Employee Records System;

(2) OST 017 General Personnel Management Files; and

(3) OST 030 Personal Management Convenience Files.

(NOTE: An individual's social security number is an optional means of identification, which may be supplied in lieu of notarization. Social security numbers are used on these records as authorized under the provisions of Executive Order 9397, dated November 22, 1943.)

b. The notarized signature of the requester is required for requests by mail for notification and access to records in the following systems:

(1) OST 006 Confidential Statement of Employment and Financial Interests; and

(2) OST 037 Records of Confirmation Proceeding Requirements.

c. The number of the Federal Emergency Assignee Identification Card (SF 138) issued to the requester is required for requests by mail for notification and access to records in the following systems:

(1) OST 022 National Defense Executive Reserve File;

(2) OST 036 Planning Officials for Emergency Functions; and

(3) OST 050 Executive Team Cadre Listings.

d. The name of the applicable advisory committee is required for notification and access to records in the following system: OST 008 Departmental Advisory Committee Files.

APPENDIX C

UNITED STATES COAST GUARD

1. *Introduction.* This Appendix supplements the procedures set forth for the Department of Transportation in Subparts A through I of 49 CFR Part 10.

2. *Availability for Inspection and Copying.*

a. Individuals who wish the Coast Guard to screen its systems of records covered by this part to determine whether a system contains information about them, or who wish to gain access to records which contains information about them, should address written requests either to the appropriate system manager as listed in the annual description of Coast Guard record systems appearing in the FEDERAL REGISTER or to: Commandant (G–CMA), U.S. Coast Guard Headquarters, 400 Seventh Street SW., Washington, D.C. 20590. Requests may also be delivered in person to the above address between 7:30 A.M. and 4 P.M. (Monday through Friday, excluding holidays). Requests for notification of the existence of, or access to, a record must specifically identify the system of records involved.

b. The Coast Guard will acknowledge requests for notification of the existence of a record within ten working days (excluding Saturdays, Sundays and holidays) after receipt of a completed request. The Coast Guard will make every effort within 30 days of the receipt of a request for access to a record to:

(1) make the record available;

(2) notify the requester of the need for additional information; or

(3) notify the requester of any denial, either in whole or in part, of access to a record. Para. 3 of this Appendix sets forth the addresses of Coast Guard district offices and headquarters units where records in decentralized systems may be located.

3. *Systems of Records.* The annual notice of systems of records required by 5 U.S.C. 552a(e)(4) with respect to records maintained by the Coast Guard is set forth in the FEDERAL REGISTER. Assistance may be requested in exercising his rights by an individual addressing the Privacy Act Coordinator at one of the following U.S. Coast Guard offices nearest his residence:

a. Commander, 1st Coast Guard District, 150 Causeway Street, Boston, MA 02114.

b. Commander, 2nd Coast Guard District, Federal Building, 1520 Market Street, St. Louis, MO 63013.

c. Commander, 3rd Coast Guard District, Governors Island, New York, NY 10004.

d. Commander, 5th Coast Guard District, Federal Building, 431 Crawford Street, Portsmouth, VA 23705.

e. Commander, 7th Coast Guard District, Federal Building, 51 S.W. 1st Avenue, Miami, FL 33130.

f. Commander, 8th Coast Guard District, Customhouse, New Orleans, LA 70130.

g. Commander, 9th Coast Guard District, 1240 East 9th Street, Cleveland, OH 44199.

h. Commander, 11th Coast Guard District, Heartwell Building, 19 Pine Avenue, Long Beach, CA 90802.

i. Commander, 12th Coast Guard District, 630 Sansome Street, San Francisco, CA 94126.

j. Commander, 13th Coast Guard District, Federal Building, 915 Second Avenue, Seattle, WA 98174.

k. Commander, 14th Coast Guard District, P.O. Box 48, FPO San Francisco 96610.

l. Commander, 17th Coast Guard District, FPO Seattle 98771.

m. Superintendent, U.S. Coast Guard Academy, New London, CT 06320.

n. Commanding Officer, U.S. Coast Guard Yard, Curtis Bay, Baltimore, MD 21225.

o. Commanding Officer, U.S. Coast Guard Training Center, Governors Island, New York, NY 10004.

p. Commanding Officer, U.S. Coast Guard Training Center, Cape May, NJ 08204.

q. Commanding Officer, U.S. Coast Guard Training Center, Government Island, Alameda, CA 94501.

r. Commanding Officer, U.S. Coast Guard Supply Center, 830 3rd Avenue, Brooklyn, NY 11232.

s. Commanding Officer, U.S. Coast Guard Institute, P.O. Substation 18, Oklahoma City, OK 73169.

t. Commanding Officer, U.S. Coast Guard Aircraft Repair & Supply Center, Elizabeth City, NC 27909.

u. Commanding Officer, U.S. Coast Guard Aviation Training Center, Mobile AL 36608.

v. Commanding Officer, U.S. Coast Guard Radio Station (NMH), 7723 Telegraph Road, Alexandria, VA 22310.

w. Commanding Officer, U.S. Coast Guard Reserve Training Center, Yorktown, VA 23490.

x. Officer in Charge, Record Depot, U.S. Coast Guard Air Station, Elizabeth City, NC 27909.

y. Commander, Coast Guard Activities, Europe, London, Box 50, FPO New York 09510.

z. Commanding Officer, U.S. Coast Guard Training Center, Petaluma, CA 94952.

aa. Commander, U.S. Coast Guard Air Base, Elizabeth City, NC 27909.

bb. Commanding Officer, U.S. Coast Guard Electronics, Engineering Center, Wildwood, NJ 08260.

cc. Commanding Officer, Research & Development Center, Avery Point, Groton, CT 06340.

dd. Commanding Officer, U.S. Coast Guard Oceanographic Unit, Building 159E, Navy Yard Annex, Washington, D.C. 20590.

4. *Access to Records.*

a. The Coast Guard will honor only those requests for notification, access, or amendment made by:

(1) the individudal to whom the record pertains;

(2) the parent or guardian of a minor to whom the record pertains;

(3) the legal guardian of a person to whom the record pertains when that person has been declared incompetent by reason of physical or mental disability by a court having jurisdiction of the matter; or

(4) the executor or personal representative of the estate of a deceased person to whom the record pertains.

If made by a person other than the individual to whom the record pertains, the request must specify the relationship of the requester to that individual.

b. Written requests for information or amendment must be signed by the requester. Requests for access to records containing sensitive or detailed personnel information (including, but not limited to, earnings and tax statements, employee payroll records, employee grievance and appeal files, civilian, officer, and enlisted personnel files, and health and medical records (subject to the conditions of 49 CFR 10.33(b)) may be required to contain the following notarized certification:

I, ----------, do hereby certify that I am the individual to whom the record in question pertains.

(or)

I am the parent or guardian of the minor to whom the record in question pertains.

(or)

I am the legal guardian of the individual determined by a court to be incompetent to whom the record in question pertains.

(or)

I am the executor or personal representative of the estate of the deceased individual to whom the record in questions pertains.

Notarization

(Signature)

(Date)

5. *Requests to Correct or Alter Records.* The official responsible for administering a system of records, in consultation as appropriate with the System Manager, Privacy Act

V 42 I 181 SEP 19 77 UMI

Coordinator, and Privacy Act Officer, will initially determine whether to grant requests under 49 CFR § 10.41 to amend records. Requests must be made as provided in paragraph 2a. of this Appendix. Requests for amendment must contain a complete description of the item sought to be changed and documentation to substantiate the grounds for the requested change. The Coast Guard will acknowledge the receipt of completed requests for amendment within ten working days. As promptly as possible the Coast Guard will advise the requester whether or not the change has been made, and in cases where a change has been made, transmit a copy of the amended record to the requester.

a. When a request for access to a record or amendment of a record is denied, in whole or in part, the manager of the system of records involved will notify the requester in writing, of the reasons for the denial and furnish him a statement of the name and position or title of each person responsible for the denial. The requester will also be advised of the right to file a written appeal of the adverse decision within 180 days of receipt of the initial denial. Appeals must be addressed to: Commandant (G-CMA), U.S. Coast Guard Headquarters, 400 Seventh Street SW., Washington, D.C. 20590.

b. Within 30 working days of the receipt of a written appeal, the Commandant or his designee will make an independent review of the record and decide whether or not to make the requested disclosure or amendment. If the appeal is granted, the Coast Guard will promptly notify the requester of the decision in writing and transmit to him a copy of the record or amended record. If the appeal is denied, the Coast Guard will promptly notify the requester, in writing, of the reasons for the denial and furnish him a statement of the name and position or title of each person responsible for the denial. The Coast Guard will also inform the requester of his right to seek judicial review of the adverse decision pursuant to 5 U.S.C. 552a(g)(1).

c. In addition to appealing an adverse determination of a request to amend a record, the requester may file a concise "statement of disagreement" setting forth the reasons for disagreeing with the refusal of the Coast Guard to amend the record. The notification by the Coast Guard of the denial of an initial request for amendment or the denial of an administrative appeal for an amendment informs the requester of his right to file a statement of disagreement.

d. The Commandant of the Coast Guard, by Commandant Instruction 5212.11 (26 September 1975), has redelegated to the Chief of Staff his authority under 49 CFR Part 10 to:

(1) exempt systems of records from certain provisions of the Privacy Act;

(2) make final administrative determinations not to disclose or amend a record; and

(3) issue extensions of review time.

This authority may not be redelegated further.

6. *Personal Identification Requirements.*

a. When an individual requests notification, access, or amendment in person, he must show identification such as a driver's license, military or employment identification card, credit card, or medicare card. An individual requesting in person information about or amendment to a "sensitive" record may be required to complete the notarized certification set forth in paragraph 4.b. of this Appendix.

b. The Coast Guard may require more specific information in order to establish the identity of a requester. For example, the Coast Guard may require that a legal guardian or personal representative produce certified copies of court documents appointing him to his position. The Coast Guard may independently verify the identity of a requester by telephone contact with him, personal identification by Coast Guard employees who may know him, or any other lawful means considered appropriate under the circumstances.

c. An individual may be accompanied by a person of his choosing while reviewing records to which he has been granted access, provided that he signs a statement authorizing the person accompanying him to do so. An individual granted access to a record may be required to sign and notarize a statement authorizing the Coast Guard to release the record to a person (e.g., his attorney) designated by him.

d. No request for information or amendment will be considered complete until all necessary identification material has been provided. No copies of records will be provided to individuals until they pay appropriate fees as set forth in 49 CFR Subpart H.

APPENDIX D

FEDERAL AVIATION ADMINISTRATION

1. *Introduction.* This Appendix:

a. Describes the procedures for determining if an individual is the subject of a record maintained by the Federal Aviation Administration;

b. Describes the availability of records and prescribes requirements for identifying an individual who requests a record pertaining to him;

c. Prescribes procedures for granting access to an individual upon his request for the record pertaining to him;

d. Prescribes procedures for reviewing a request from an individual concerning the amendment of any record pertaining to him;

e. Prescribes procedures for making a determination on the request for an individual for amendment of any record pertaining to him; and

f. Prescribes procedures for an appeal within the FAA of a determination not to grant access to or amendment of records.

2. *Availability for Inspection and Copying.* Records may be inspected at the FAA facility identified for the particular system of records appearing in the systems notices published in the FEDERAL REGISTER. These facilities are open to the public during regular business hours, except Saturdays, Sundays, and Federal holidays.

3. *Systems of Records.*

a. A list of FAA systems of records pertaining to the Privacy Act indicating the geographic locations and the responsible systems managers has been published in the FEDERAL REGISTER and appears as follows:

(1) August 27, 1975 on pages 38629–38639;

(2) November 19, 1975 on pages 53967–53978; and

(3) March 1, 1976 on pages 8620–8621.

b. Any individual who is unable to determine in which FAA-maintained system the records pertaining to him may be found, may submit a written request for assistance to the attention of the Privacy Act Coordinator located at the region or center nearest to his residence. The addresses for the regional and center facilities of the FAA are listed below:

(1) FAA Headquarters, 800 Independence Avenue SW., Washington, D.C. 20591;

(2) Alaskan Region, 632 Sixth Avenue, Anchorage, AK 99501;

(3) Central Region, 601 East 12th Street, Kansas City, MO 64106;

(4) Southern Region, 3400 Whipple Street, East Point, GA (Mailing address: P.O. Box 20636, Atlanta, GA 30320);

(5) Southwest Region, 4400 Blue Mound Road (Mailing address: P.O. Box 1689, Fort Worth, TX 76101);

(6) Western Region, 5651 West Manchester Avenue (Mailing address: P.O. Box 92007, Los Angeles, CA 90009);

(7) Eastern Region, Federal Building, JFK International Airport, Jamaica, NY 11430;

(8) Pacific Region, 1833 Kalakaua Avenue (Mailing address: P.O. Box 4009, Honolulu, HI 96813);

(9) Aeronautical Center, 6400 South MacArthur Boulevard (Mailing address: P.O. Box 25082, Oklahoma City, OK 73125);

(10) National Aviation Facilities Experimental Center, Tilton Road, Route 563 (near Pomona, NJ), (Mailing address: Atlantic City, NJ 08405);

(11) New England Region, 12 New England Executive Park, Burlington, MA 01803;

(12) Great Lakes Region, 2300 East Devon, Des Plaines, IL 60018;

(13) Rocky Mountain Region, Park Hill Station, P.O. Box 7213, Denver, CO 80207; and

(14) Northwest Region, FAA Building, 9010 East Marginal Way South, King County International Airport (Boeing Field), Seattle, WA 98108.

4. *Access to Records.*

a. Any individual desiring to inspect a record or obtain a copy thereof to determine if it contains information pertaining to him, must present a written request in accordance with the provisions of this section. An individual making a request under this section, may either appear in person or submit his request by mail to the address and attention of the system manager as it appears in the list of systems of records published in the FEDERAL REGISTER. The individual must first determine in which system of records he believes the particular records pertaining to him are maintained by examining the categories of records and routine uses in the list of the systems of records published in the FEDERAL REGISTER and available at the addresses set forth in paragraph 3.b. of this Appendix.

b. The individual must include in his request the information necessary to identify the specific system of records as it appears in the list of the systems of records of the FAA published in the FEDERAL REGISTER.

c. Upon request by any individual to gain access to an FAA record that contains information pertaining to him, the FAA official responsible for the record informs the individual whether or not the requested record is exempt under subpart G of this part.

d. An individual making a request under this section is permitted to inspect and have a copy made of any record pertaining to him in a form comprehensible to him, if—

(1) He has identified himself in accordance with section 6 of this Appendix;

(2) The record is not exempt under subpart G of this part; and

(3) The record was not compiled in reasonable anticipation of a civil action or proceeding.

e. Notwithstanding paragraph d of this section, if an individual requesting a record pertaining to him is accompanied by a person of his own choosing to review the record, the individual making the request must submit a signed statement authorizing the discussion of the record in the presence of the person accompanying him.

f. Each request for a record determined to be releasable under paragraph d of this section is complied with within ten days, excluding Saturdays, Sundays, and Federal holidays. If additional time is necessary to make the requested record comprehensible to the individual requesting it, the FAA official responsible for the record notifies the individual within ten days of the request of the estimated time required to fill the request.

g. Any individual whose request for access to a record pertaining to him is denied, may file a written appeal to the Administrator, Federal Aviation Administration, 800 Independence Avenue SW., Washington, D.C. 20591. Appeals submitted under this section must comply with the requirements of § 10.51 of this part.

5. *Requests to Correct or Alter Records.*

a. Any individual may request an amendment of any record pertaining to him maintained by the FAA in a system of records, by submitting the request in writing to the attention of the FAA official responsible for the record at the address appearing in the list of systems of records published in the FEDERAL REGISTER.

b. Each request for an amendment of a record must be accompanied by a written explanation as to why the individual believes the present record is not accurate, timely, relevant, or complete. The individual making the request may submit any documentation he wishes in support of his request.

c. Upon receipt of a request for an amendment of a record, the FAA official responsible for the record reviews the record and supporting documentation and determines if there is a sufficient basis upon which to make a decision to make the requested amendment.

d. If the FAA official responsible for the record determines under paragraph c of this section that additional information is necessary before a deecision can be made as to whether to make the requested amendment, he notifies the individual making the request to amend specifying what additional information is necessary.

e. If the FAA official responsible for the record determines that the requested amendment should be made, he amends the record, notifies the individual making the request, and sends to that individual a copy of the corrected record, as well as to other persons or agencies to whom the record may have been disclosed (See 49 CFR 10.23(d)).

f. If the FAA official responsible for the record determines that the requested amendment should be denied, he forwards to his supervisor the request for amendment with all supporting documentation and his reasons for the denial.

g. If the supervisor determines that the requested amendment should be made, he follows the procedures in paragraph e of this section.

h. If the supervisor determines that the requested amendment should be denied, he notifies the individual making the request of the denial, the reasons therefor, and informs the individual of the FAA procedures for appealing the denial.

i. Any individual whose request for correction or alteration of a record pertaining to him is denied, may file a written appeal to the Administrator, Federal Aviation Administration, 800 Independence Avenue SW., Washington, D.C. 20591. Appeals submitted under this section must comply with the requirements of § 10.51 of this part.

6. *Personal Identification Requirements.*

a. Each individual making a request under this Appendix for a record pertaining to him, must present appropriate identification before the record he has requested will be released. Types of appropiate identification include—

(1) For requests made in person, a driver's license or employee identification card; and

(2) For requests made by mail, name (printed or typed, and signature) and date or birth, or the unique identifier used in the system of records.

(b) If an individual cannot provide appropriate identification as required in paragraph 6.a. of this Appendix, or if the record requested is particularly sensitive, the FAA official responsible for the record may require him to sign a statement certifying his identity and his understanding that to knowingly and willfully request or obtain any record concerning an individual from the FAA under false pretenses is a misdemeanor punishable by a fine of up to $5,000 as provided in 5 U.S.C. 52a(i)(3).

APPENDIX E

FEDERAL HIGHWAY ADMINISTRATION

1. *Introduction.* This Appendix, with respect to the Federal Highway Administration:

a. Describes the places and times at which records will be available for inspection and copying;

b. Indicates the systems of records maintained in the Federal Highway Administration;

c. Identifies the officials having authority to deny requests for access to records;

d. Describes the procedures to be followed in requesting correction of a record; and

e. Describes identification requirements which may be in addition to those delineated in paragraph 10.35 of these regulations.

2. *Availability for Inspection and Copy.* Places and times at which records will be available for inspection and copying, and the system of records and systems managers having authority at each place.

a. *Headquarters:* The Federal Highway Administration, 400 7th Street SW., Washington, D.C. 20590. Time: 7:45 a.m.–4:15 p.m.

Systems of Records and Responsible Systems Managers:

1. Accounts Receivable DOT/FHWA–Chief General Ledger and Funds Control Section.

2. Applications for U.S. Government Motor Vehicle Operator's Identification Card (U.S. Government Drivers License) DOT/FHWA—Occupational Safety Engineer.

3. Driver Waiver File (BMCS) DOT/FHWA—Chief, Driver Requirements Branch.

4. Employee Utilization Monthly Report DOT/FHWA—Chief, Data Systems Division.

5. Investigation Case File DOT/FHWA–Chief, Investigations and Special Inquiry Division.

6. Medal of Honor File DOT/FHWA—Chief, Compliance Division.

7. Memorandum of Monthly Performance of Key Punch Operators DOT/FHWA—Chief, TCC Operation (Groups A and B).

8. Motor Carrier Accident File (BMCS) Property and Passenger—Chief, Accident Analysis Branch.

9. Occupational Safety and Health Accident Reporting System DOT/FHWA—Occupational Safety Engineer.

10. Payroll Administration DOT/FHWA—Chief, Payroll and Employee Records Section.

11. Personnel Records—(CSC Government-wide) DOT/FHWA Chief, Personnel Programs Division.

12. Travel Advance File DOT/FHWA—Chief, Voucher Review and Disbursement Section.

13. Travel Order (Change of Duty Station) DOT/FHWA—Chief, Review and Disbursement Section.

14. University and Industry Programs Coding and Filing Systems DOT/FHWA—Administrative Assistant—National Highway Institute.

b. *Regional Offices:* Region 1—Federal Highway Administration, Leo N. O'Brien Federal Building, Albany, New York 12207. Time: 8:00 a.m.–4:30 p.m.

Systems of Records:

1. Applications for U.S. Government Motor Vehicle Operator's Identification Card (U.S. Government Drivers License)—DOT/FHWA–Executive Officer.

2. Motor Carrier Safety Proposed Civil and Criminal Enforcement Cases for DOT/FHWA—Chief, Regional Counsel.

3. Travel Advance File—Executive Officer DOT/FHWA, Region 3—Federal Highway Administration, George H. Fallon, Federal Office Building, 31 Hopkins Plaza, Baltimore, Maryland 21201. Time: 8:00 a.m.–4:30 p.m.

Systems of Records and Responsible Systems Managers:

1. Applications for U.S. Government Motor Vehicle Operator's Identification Card (U.S. Government Drivers License) DOT/FHWA—Executive Officer.

2. Motor Carrier Safety Proposed Civil and Criminal Enforcement Cases—DOT/FHWA—Regional Counsel.

3. Travel Advance File—DOT/FHWA—Executive Officer, Region 4—Federal Highway Administration, 1720 Peachtree Road, NW., Atlanta, Georgia 30309. Time 7:45 a.m.—4:15 p.m.

Systems or Records and Responsible Systems Managers:

1. Application for U.S. Government Motor Vehicle Operator's Identification Card (U.S. Government Drivers License) DOT/FHWA—Executive Officer.

2. Motor Carrier Safety Proposed Civil and Criminal Enforcement Cases—DOT/FHWA—Regional Counsel.

3. Travel Advance File—DOT/FHWA—Executive Officer. Region 5—Federal Highway Administration, 18209 Dixie Highway, Homewood, Illinois 60430. Time: 8:50 a.m.–4:30 p.m.

Systems of Records and Responsible Systems Managers:

1. Applications for U.S. Government Motor Vehicle Operator's Identification Card (U.S. Government Drivers License) DOT/FHWA—Executive Officer.

2. Motor Carrier Safety Proposed Civil and Criminal Enforcement Cases—DOT/FHWA—Regional Counsel.

3. Travel Advance File—DOT/FHWA—Executive Officer. Region 6—Federal Highway Administration, 819 Taylor Street, Fort Worth, Texas 76102. Time: 8:00 a.m.–4:30 p.m.

Systems of Records and Responsible Systems Managers:

1. Applications for U.S. Government Motor Vehicle Operator's Identification Card (U.S. Government Drivers License) DOT/FHWA—Executive Officer.

2. Motor Carrier Safety Proposed Civil and Criminal Enforcement Cases—DOT/FHWA—Regional Counsel.

3. Travel Advance File—DOT/FHWA—Executive Officer. Region 7—Federal Highway Administration, 6301 Rockhill Road, Kansas City, Missouri 64131. Time: 7:45 a.m.–4:15 p.m.

Systems of Records and Responsible Systems Managers:

1. Application for U.S. Government Motor Vehicle Operator's Identification Card (U.S. Government Drivers License) DOT/FHWA—Executive Officer.

2. Motor Carrier Safety Proposed Civil and Criminal Enforcement Cases—DOT/FHWA—Regional Counsel.

3. Travel Advance File—DOT/FHWA—Executive Officer. Region 8—Federal Highway Administration, P.O. Box 25246, Denver Federal Records Center, Denver, Colorado 80225. Time: 7:45 a.m.–4:15 p.m.

Systems of Records and Responsible Systems Managers:

1. Applications for U.S. Government Motors Vehicle Operator's Identification Card (U.S. Government Drivers License) DOT/FHWA—Executive Officer.

2. Motor Carrier Safety Proposed Civil and Criminal Enforcement Cases—DOT/FHWA—Regional Chief Counsel.

3. Payroll Administration DOT/FHWA—Appropriate Finance Officer.

4. Travel Advance File—DOT/FHWA—Executive Officer. Region 9—Federal Highway Administration, 2 Embarcadero Center, P.O.

V 42 I 181
SEP 19 77
UMI

Box 7614, San Francisco, California 94120. Time: 7:45 a.m.–4:15 p.m.

Systems of Records and Responsible Systems Managers:

2. Motor Carrier Safety Proposed Civil and Criminal Enforcement Cases—DOT/FHWA—Regional Chief Counsel.

3. Travel Advance File DOT/FHWA—Executive Officer. Region 10—Federal Highway Administration, 222 SW. Morrison Street, Portland, Oregon 97204. Time: 8:00 a.m.–4:45 p.m.

Systems of Records and Responsible Systems Managers:

1. Applications for U.S. Government Motor Vehicle Operator's Identification Card (U.S. Government Drivers License)—DOT/FHWA—Executive Officer.

2. Driver Accident Cross-Reference File (BMCS) DOT/FHWA—Regional Director.

3. Motor Carrier Safety Proposed Civil and Criminal Enforcement Cases—DOT/FHWA—Regional Chief Counsel.

4. Payroll Administration DOT/FHWA—Appropriate Finance Officer.

5. Travel Advance File—Executive Officer. Region 15—Federal Highway Administration, 1000 North Glebe Road, Arlington, Virginia 22201. Time: 7:45 a.m.–4:15 p.m.

Systems of Records and Responsible Systems Manager: Applications for U.S. Government Motor Vehicle Operator's Identification Card (U.S. Government Drivers License) DOT/FHWA—Executive Officer.

c. Places: Division Offices (For location see 49 CFR Part 7). Time: See 49 CFR Part 7 for Hours of Duty.

Systems of Records and Responsible Systems Managers: Applications for U.S. Government Motor Vehicle Operator's Identification Card (U.S. Government Drivers License) DOT/FHWA—Executive Officers.

3. *Access to Records:*

a. Each individual desiring to determine whether a record pertaining to him is contained in a system of records, or desiring access to such record, or to obtain a copy of such record, shall make his request to the appropriate System Manager. In appropriate circumstances, oral requests will be acted upon. Each request must specify the name of the requesting must specify the name of the the requesting individual and the system of records in which the subject record is located or thought to be located.

4. *Requests to Correct or Alter Records:*

a. The FHWA will allow individuals to request amendment of their personal records to the extent that such amendment does not violate existing statutes, regulations, or administrative procedures. Requests to amend personnel records of active employees should be addressed to the responsible system managers specified in A(1)–(3).

b. The System Managers will provide a written acknowledgment of the receipt of a request to amend a record to the individual within 10 days. However, if the request can be reviewed, processed and the individual notified of compliance or denial within the 10-day working period, no acknowledgment is required.

c. If the System Manager agrees with an individual's request to amend the person's record, the following steps will be taken:

1. Correct the record accordingly.

2. Advise the individual in writing, and

3. If an accounting of disclosure has been made, advise all previous recipients of the record of the fact that the correction was made and the substance of the correction.

d. If the System Manager disagrees with all or any portion of the request to amend a record, he will:

1. Proceed as described above with respect to those portions of the record which will be amended.

2. Advise the individual of the refusal and the reason for not amending a record, indicating the name and title or position of each person responsible for the denial, and

3. Inform the individual that he may appeal the decision not to amend a record to:

Associate Administrator for Administration, Federal Highway Administration, Washington, D.C. 20590.

e. If after this review the FHWA refuses to amend the record on the individual requested, the FHWA will advise the individual:

1. Of the refusal and the reason for it,

2. Of the individual's right to file a concise statement of the reasons for disagreeing with the decision of the FHWA,

3. The procedures for filing the statement of disagreement,

4. That the statement which is filed will be made available to anyone to whom the record is subsequently disclosed, and

5. Of the individual's right to seek judicial review of the FHWA's refusal to amend a record.

f. The final FHWA determination on the individual's request must be concluded within 30 days of the receipt of the appeal unless for good cause shown, the Associate Administrator for Administration extends such period. Such final administrative decision must address all information and arguments relied upon by the individual.

g. Each applicant for reconsideration must indicate that it is an appeal from a denial of a request made under the Privacy Act. The envelope in which the application is sent should be marked prominently with the words "Privacy Act".

If these requirements are not met, the time limits described in Chapter 4, paragraph 2 will not begin until the application has been identified by an employee of the FHWA as an application under the Privacy Act and has been received by the appropriate office.

h. The Associate Administrator for Administration may require the person making a request to furnish additional information, or proof of factual allegations, and may order other appropriate proceedings. His decision as to the availability of a record or whether to amend a record will be administratively final subject to the concurrence of the DOT General Counsel or his delegate. However, requests for reconsideration of denials of information contained in Government-wide systems of personnel records, which includes the FHWA Personnel Records System, will be handled by the Civil Service Commission in accordance with 5 CFR 294.108 and 5 CFR 297.108.

i. If the Associate Administrator for Administration also refuses to grant access or to correct the individual's record, he shall advise the individual of:

1. the reason(s) for the refusal, the names, and titles or positions of each person responsible for the denial.

2. the individual's right to file a statement of disagreement; that the statement will be made available to anyone to whom the record is subsequently disclosed, and to prior recipients of the record (see Section 10.23(d) of the Rules), and

3. the right to bring suit in the District Court of the United States in the district in which the individual resides, the district in which his principal place of business is located, the district in which the record(s) is located, or the District of Columbia.

5. *Personal Identification Requirements:*

a. When a record is applied for in person, the person so applying must, unless personally known to the custodian of the records, furnish adequate identification. Such identification may consist of an employee identification card, Medicare Card, driver's license, or a similar document.

b. When a record is applied for by mail, sufficient information to identify the individual must be furnished, and a notarized statement as to the identity of the requestor may be required in some instances when the record involved contains particularly sensitive information in the judgment of the systems manager.

APPENDIX F

FEDERAL RAILROAD ADMINISTRATION

1. *Introduction.* This Appendix, with respect to the Federal Railroad Administration.

a. Describes the places and times at which records will be available for inspection and copying;

b. Indicates the systems of records maintained in the Federal Railroad Administration;

c. Identifies the officials having authority to deny requests for access to records;

d. Describes the procedures to be followed in requesting correction of a record; and

e. Describes identification requirements which may be in addition to those delineated in paragraph 10.35 of these regulations.

2. *Availability for Inspection and Copying.* Places and times at which records will be available for inspection and copying; and, the systems of records and systems managers having authority to deny requests for disclosure at each facility.

a. Records in systems maintained in the Federal Railroad Administration are available at the Alaska Railroad, Anchorage, Alaska 99510, 9:00 a.m.–4:00 p.m.

Systems of Records and Responsible Systems Managers:

1. Alaska Railroad Examination of Operating Personnel; DOT/FRA Operations Officer (System Manager).

2. Alaska Railroad Personnel and Pay Management Information System; DOT/FRA—General Manager (System Manager).

3. Alaska Railroad Security and Freight Claims Investigatory Files; DOT/FRA—Chief, Security and Claims Office (Systems Manager).

b. *Places:* The Alaska Railroad, Anchorage, Alaska 99510. Hours: 9:00 a.m.–4:00 p.m.

Systems of Records and Responsible Systems Managers:

1. Application for (Vehicle) Operator's Identification Card; DOT/FRA—Director, Office of Administrative Operations (System Manager).

2. Confidential Statement of Employment and Financial Interest; DOT/FRA—Chief Counsel, Office of the Chief Counsel (System Manager).

3. Employee Travel Records; DOT/FRA—Accounting Officer, Accounting Division (System Manager).

4. Occupational Safety and Health Reporting System; DOT/FRA—FRA Safety Manager, Office of Administrative Operations (System Manager).

5. Office of Policy and Program Development Internal Work Reference File; DOT/FRA—Associate Administrator for Policy and Program Development (System Manager).

6. Office of Chief Internal Personnel Data File; DOT/FRA—Chief Counsel, Office of Chief (System Manager).

7. Office of Research and Development Internal Work Reference File; DOT/FRA—Administrative Officer, Office of Research and Development (System Manager).

8. Office of Safety Past Employees Files; DOT/FRA—Deputy Associate Administrator for Safety (System Manager)

9. Office of Safety Performance Evaluation Convenience File; DOT/FRA Deputy Associate Administrator for Safety (System Manager)

10. Office of Safety Personnel Convenience File; DOT/FRA—Deputy Associate Administrator for Safety (System Manager)

11. Personnel and Pay Management Information Systems; DOT/FRA—Director, Office of Personnel and Training (System Manager)

12. Travel Advance Records; DOT/FRA—Director, Office of Administrative Operations (System Manager)

13. Work Measurement System; DOT/FRA—Director, Office of Management Systems

c. Places: Regional Office as follows:

Region 2, Federal Railroad Administration, Philadelphia, Pa. 19106.

Region 3, Federal Railroad Administration, College Park, Ga. 30337.

Region 4, Federal Railroad Administration, Chicago, Illinois 60605.

Region 5, Federal Railroad Administration, Ft. Worth, Texas 76102.

Region 6, Federal Railroad Administration, Portland, Oregon 97204.

Region 7, Federal Railroad Administration, San Francisco, California 94102.

Region 8, Federal Railroad Administration, Kansas City, Missouri 64106.

Hours: 9:00 a.m.–4:00 p.m.

Systems of Records and Responsible Systems Managers at each Region:

Regional Personnel Convenience Files; DOT/FRA—Regional Directors (Systems Manager)

d. Place: Transportation Test Center (TTC) Pueblo, Colorado 81001. Hours: 9:00 a.m.–4:00 p.m.

System of Records and Responsible System Manager:

Transportation Test Center Employee Service Record File—Director, TTC (System Manager)

3. *Access to Records.*

a. Each individual desiring to determine whether a record pertaining to him is contained in a system of records or to obtain a copy of such a record, shall make his request in writing to the appropriate official listed in Section 2.3 of this Appendix. Each request shall specify the name of the requesting individual and the system of records in which the subject record is located or thought to be located.

b. The Administration will allow individuals to request amendment of their personal records to the extent that such amendment does not violate existing statutes, regulations, or administrative procedures. Requests to amend personal records of active employees should be addressed to the responsible system managers specified in 2.3A–D.

c. The system managers will provide a written acknowledgment of the receipt of a request to amend a record to the individual within ten days. However, if the request can be reviewed, processed and the individual notified of compliance or denial within the ten-day working period, no acknowledgment is required.

d. If the Administration agrees with an individual's request to amend the person's record, the following steps will be taken:

1. Advise the individual in writing;

2. Correct the record accordingly; and

3. If a prior disclosure has been made, advise all previous recipients of the record of the correction and its substance.

e. If the Administration, after an initial review by the system manager of a request to amend a personal record, disagrees with all or any portion of it; the Administration will:

1. Advise the individual of refusal and the reasons for it;

2. Inform the individual of procedures to request a further review;

f. If an individual disagrees with the initial determination, the individual may file a request for a further review of that determination. The request for a review should be addressed to:

Attn: Privacy Act of 1974, Office of the Chief Counsel, Federal Railroad Administration, Washington, D.C. 20590.

g. If after this review the Administration refuses to amend the record as the individual requested, the Administration will advise the individual:

1. of refusal and the reasons for it;

2. of the individual's right to file a concise statement of the reasons for disagreeing with the decision of the Administration;

3. the procedures for filing the statement of disagreement;

4. that the statement which is filed will be made available to anyone to whom the record is subsequently disclosed;

5. of the individual's right to seek judicial review of the Administration's refusal to amend a record.

h. The final Administration determination on the individual's request must be concluded within thirty (30) working days unless the FRA Administrator determines that a fair and equitable review cannot be completed in that time-frame. If additional time is required, the individual will be informed in writing of reasons for the delay and of the Administration's estimated date on which the review is expected to be completed.

i. For personnel related records final Civil Service Commission determination may apply within 30 working days following the procedures explained above.

4. *Procedures for Establishing Identity of Individual Making a Request:*

a. Disclosure of personnel records requires that the individual produce an identification card; employee identification, annuitant identification, Medicare cards, or driver's license are examples. For records disclosed by mail, the Administration will require identifying information to locate the record, i.e., employee identification number, name, date of birth or social security number. A comparison of the signature of the requestor and those in the record will be used to determine identity.

b. If an individual can provide no suitable documents for identification, the Administration requires a signed statement asserting identity and stipulating that the individual understands that knowingly or willfully seeking or obtaining access to records about another person under false pretenses is punishable by a fine of up to $5,000 under 5 U.S.C. 552a(i)(3).

APPENDIX G

NATIONAL HIGHWAY TRAFFIC SAFETY ADMINISTRATION

1. *Introduction.* This Appendix, with respect to the National Highway Traffic Safety Administration:

a. Describes the places and time at which records will be available for inspection and copying;

b. Indicates the systems of records maintained in the National Highway Traffic Safety Administration;

c. Identifies the officials having authority to deny requests for access to records;

d. Describes the procedures to be followed in requesting correction of a record; and

e. Describes identification requirements which may be in addition to those delineated in paragraph 10.35 of these regulations.

2. *Availability for Inspection and Copying.* Records of the National Highway Traffic Safety Administration, hereafter referred to as NHTSA, are located at NHTSA headquarters, Washington, D.C., and at regional office locations, both described below. Records created, collected, maintained and used in various demonstration and research projects as contract requirements of NHTSA are located at various points in the several States and the Commonwealth of Puerto Rico.

a. All NHTSA headquarters offices are open from 7:45 A.M. to 4:15 P.M., each day except Saturdays, Sundays, and Federal legal holidays. The main headquarters office is located at 400 Seventh Street SW., Washington, D.C. 20590. The Office of Standards Enforcement, Motor Vehicle Programs; the Vehicle Ratings Division, Office of Crashworthiness, Motor Vehicle Programs; the Office of State Vehicle Programs and the National Driver Register, Traffic Saftey Programs, are located at the Trans Point Building, 2100 2nd Street SW., Washington, D.C. 20590.

b. NHTSA Regional offices are located at the following addresses and are open during the indicated hours each day, except for Saturdays, Sundays, and Federal legal holidays:

(1) Region I (Connecticut, Maine, Massachusetts, New Hampshire, Rhode Island, Vermont), 55 Broadway, Cambridge, Massachusetts 02142 (7:45 A.M.–4:15 P.M.).

(2) Region II (New Jersey, New York, Puerto Rico, Virgin Islands), 200 Mamaroneck Avenue (Room 200), White Plains, New York 10601 (7:45 A.M.–4:15 P.M.).

(3) Region III (Delaware, District of Columbia, Maryland, Pennsylvania, Virginia, West Virginia), Airport Plaza Building, 6701 Elkridge Landing Road, Linthicum, Maryland 21090 (8 A.M.–4:30 P.M.).

(4) Region IV (Alabama, Florida, Georgia, Kentucky, Mississippi, North Carolina, South Carolina, Tennessee), Suite 501, 1720 Peachtree Road, N.W., Atlanta, Georgia 30309 (7:45 A.M.–4:15 P.M.).

(5) Region V (Illinois, Indiana, Michigan, Minnesota, Ohio, Wisconsin), Suite 214, Executive Plaza, 1010 Dixie Highway, Chicago Heights, Illinois 60411 (8 A.M.–4:30 P.M.).

(6) Region VI (Arkansas, Louisiana, New Mexico, Oklahoma, Texas), 819 Taylor Street, Room 11A26, Fort Worth, Texas 76102 (8 A.M.–4:30 P.M.).

(7) Region VII (Iowa, Kansas, Missouri, Nebraska), 6301 Rockhill Road, Kansas City, Missouri 64111 (7:45 A.M.–4:15 P.M.).

(8) Region VIII (Colorado, Montana, North Dakota, South Dakota, Utah, Wyoming), 330 South Garrison Street, Lakewood, Colorado 80226 (7:45 A.M.–4:15 P.M.).

(9) Region IX (American Samoa, Arizona, California, Guam, Hawaii, Nevada), Suite 610, Two Embarcadero Center, San Francisco, California 94111 (7:45 A.M.–4:15 P.M.).

(10) Region X (Alaska, Idaho, Oregon, Washington), 3140 Federal Building, 915 Second Avenue, Seattle, Washington 98174 (7:45 A.M.–4:15 P.M.).

c. NHTSA demonstration and research project records may be created, collected, maintained, and used for the purposes of NHTSA contract requirements. These records are maintained at various points in the several States and the Commonwelth of Puerto Rico. Since these project contractors only act as agents for NHTSA, and to prevent unauthorized disclosure of information that may be subject to the provisions of the Privacy Act of 1974, management of the systems has been retained by appropriate officials of NHTSA. Access to the published systems may be obtained by corresponding with the systems manager indicated for the system of records found in the citations in paragraph 3 of this Appendix. Appropriate personal identification must be furnished in accordance with paragraph 4. These officials should be notified of any inaccuracy of the record and, also, are responsible for considering requests for correction or alteration of the record.

V 42 I 181
SEP 19 77
UMI

3. *Systems of Records.* A list of NHTSA systems of records pertaining to the Privacy Act indicating the geographic locations and the responsible systems managers has been published in the FEDERAL REGISTER and appears as follows:

a. Federal Register Document 75–22441, Vol. 40, No. 167, dated August 27, 1975, beginning on page 38852;

b. Federal Register Document 75–24710, Vol. 40, No. 186, Part V, dated September 24, 1975, beginning on page 44101; and

c. Federal Register Document 75–30613, Vol. 40, No. 220, dated November 19, 1975, beginning on page 53978.

4. *Access to Records.*

a. Individuals desiring to determine whether records pertaining to them are contained in systems of records covered by this Appendix or desiring access to records covered by this Appendix, or to obtain copies of such records, shall make written requests providing appropriate identification of the system and proof of their identity in the same manner as former employees described in 4.c. below. When an individual is not capable of personally providing the required information, a second party request may be honored that a duly attested authorization, power of attorney, or appropriate court order is submitted with the request.

b. Decision to release or deny requested records will be made by the systems manager, identified in the citations of paragraph 3 of this Appendix, within ten working days of the receipt of the request. A person seeking reconsideration of a denial of the disclosure of a record may appeal to the NHTSA Associate Administrator for Administration, 400 Seventh Street SW., Washington, D.C. 20590, under the DOT Freedom of Information Act Procedures, 49 CFR Part 7. Decision on the request for reconsideration will be made in writing within 30 working days from the receipt of the request for reconsiderstion of disclosure.

c. Employees and former employees of NHTSA may obtain access to and consideration of the amendment of their records by providing a current Department of Transportation (DOT) identification card (Form D–1600.1.9), a DOT retired employee identification card (Form D–1680.2), Medicare card, attested signed request, or such other identification that may prove the validity of their claims.

d. Since nearly all NHTSA systems of records are maintained on electronic data processing equipment, it may require up to 48 hours to obtain individual records due to computer scheduling requirements. It is in the interest of the individual, therefore, to request information in writing rather than in person.

5. *Requests to Correct or Alter Records.*

a. Individuals may request correction or alteration of records pertaining to them by addressing such requests to the systems managers or the NHTSA Privacy Act Coordinator, the addresses of whom are contained in the citation of paragraph 3 of this Appendix.

b. Since the records of the National Driver Register merely contain partial records of the States' motor vehicle records, they are susceptible to correction or alteration only to the extent that such records are at variance with the State records. Persons seeking to correct their State motor vehicle records should address requests to their respective States' motor vehicle licensing authorities.

c. The system manager, in accordance with 49 CFR 10.41, will provide written acknowledgement of the receipt of a request to amend a record to the individual within ten working days. If the request can be reviewed, processed, and the individual notified of compliance or denial of the request within the ten working day period, no acknowledgement is required.

d. When decision is made by the systems manager to comply with an individual's request to amend the person's record, the following steps will be taken within 30 working days from the date of acknowledgement of the request:

(1) Advise the individual of the decision in writing;

(2) Correct the record accordingly; and

(3) Advise all previous recipients of the record, if an accounting of disclosure has been made, of the correction.

e. When decision is made, after initial review by the systems manager of a request to amend a personal record, to disagree with all or any portion of the requested amendment, the following steps will be taken within 30 working days from the date of acknowledgement of the request.

(1) Advise the individual of refusal and the reasons therefore; and

(2) Inform the individual of the procedures for appeal to the NHTSA Administrator for further review.

f. If the individual disagrees with the initial determination of the system manager, the individual may file a request for further review of that determination. This request for review should be addressed to the Chief Counsel, National Highway Traffic Safety Administration, 400 Seventh Street SW., Washington, D.C. 20590.

g. If after review the Administrator agrees to the amendment of the record, the procedures of subparagraph 5.d. of this Appendix will be followed. If amendment of the record is refused as requested by the individual, the individual will be advised:

(1) Of the refusal and reasons therefore, and the names and titles of positions of each person responsible for the determination;

(2) Of the individual's right to file, together with the appropriate procedures, a concise statement of the reasons for disagreeing with the decision of the Administrator;

(3) Of the fact that the statement which is filed by the requester will be made available to prior recipients and anyone to whom the record is subsequently disclosed; and

(4) Of the individual's right to seek judicial review of the administrator's refusal to amend a record.

h. The final determination to refuse an individual's request for amendment of a record must be concluded within 30 working days after the receipt of the appeal to the Administrator. If a fair and equitable review cannot be completed by the stipulated time, the Administrator will inform the individual in writng of the reasons for delay and provide an estimated date on which completion of the review is expected.

6. *Personal Identification Requirements.* The NHTSA does not demand any personal identification beyond that specified by § 10.35 of this part.

APPENDIX H

URBAN MASS TRANSPORTATION ADMINISTRATION

1. *Introduction.* This Appendix, with respect to the Urban Mass Transportation Administration:

a. Describes the places and times at which records will be available for inspection and copying;

b. Indicates the systems of records maintained in the Urban Mass Transportation Administration;

c. Identifies the officials having authority to deny requests for access for records;

d. Describes the procedures to be followed in requesting correction of a record; and

e. Describes identification requirements which may be in addition to those delineated in paragraph 1035 of these regulations.

2. *Availability for Inspection and Copying.* In acordance with Title 49, Part 10, Subpart A, Section 10.1, dealing with the maintenance of and access to records pertaining to individuals under the Privacy Act of 1974 (Pub. L. 93–579), the following places and times at which individual's records will be available for inspection and copying, and the titles of the officials who are responsible systems managers are submitted.

a. Regional Offices as follows:

(1) Region I, Urban Mass Transportation Administration, Cambridge, MA 02142;

(2) Region II, Urban Mass Transportation Administration, New York, NY 10007;

(3) Region III, Urban Mass Transportation Administration, Philadelphia, PA 19106;

(4) Region IV, Urban Mass Transportation Administration, Atlanta, GA 30309;

(5) Region V, Urban Mass Transportation Administration, Chicago, IL 60606;

(6) Region VI, Urban Mass Transportation Administration, Ft. Worth, TX 76102;

(7) Region VII, Urban Mass Transportation Administration, Kansas City, MO 64131;

(8) Region VIII, Urban Mass Transportation Administration, Denver, CO 80202;

(9) Region IX, Urban Mass Transportation Administration, San Francisco, CA 94111; and

(10) Region X, Urban Mass Transportation Administration, Seattle, WA 98174.

b. Hours: 8:30 A.M. to 5 P.M., local time.

c. System of Records: Regional Personnel Convenience Files at each location.

d. Systems Manager: Regional Directors or Chiefs are Systems Managers

e. Headquarters: Urban Mass Transportation Administration, Washington Headquarters, Washington, D.C. 20590; Hours: 8:30 A.M. to 5 P.M.

3. *Systems of Records.*

a. Confidential Statement of Employment and Financial Interest—DOT/UMTA, Chief Counsel, Office of the Chief Counsel;

b. Occupational Safety and Health Reporting System, Director of Personnel Division;

c. Litigation and Claims File—Chief Counsel, Office of Chief Counsel;

d. Grant Applicants List, Director, Grant Management Division;

e. Contract Information System, Director, Procurement Division;

f. Unsolicited Research and Development Grants, Director, Grant Management Division;

g. Complaints if Discrimination, Director, Office of Civil Rights;

h. Employee Travel Vouchers, Chief, Accounting Branch;

i. Accounts Receivable Chief, Accounting Branch;

j. Equal Employment Opportunity, Minority/Female Statistical Reporting System, Director, Office of Civil Rights;

k. Minority Recruitment File, Director, Office of Civil Rights;

l. UMTA Sponsored Reports—Authors File, Director, Office of Transit Management;

m. Blood Donors File, Director, Administrative Services Division;

n. Approved Grants, Director, Administrative Services Division;

o. Closed-Out Grants, Director, Administrative Services Division; and

p. Docket DOT/UMTA, Chief Counsel, Office of Chief Counsel.

4. *Access to Records.* Each individual desiring to determine whether a record pertaining to him is contained in a system of records or to obtain a copy of such a record, shall make his request in writing to the official specified in paragraph 1 of this Appendix. Each request shall specify the name of the requesting individual and the system of records in which the subject record is located or thought to be located.

5. *Requests to Correct or Alter Records.*

a. The Administration will allow individuals to request amendment of their personal records to the extent that such amendment does not violate existing statutes, regulations, or administrative procedures. Requests to amend personal records of active employees should be addressed to the responsible system manager specified in paragraph 1.

b. The system managers will provide a written acknowledgement of the receipt of a request to amend a record to the individual within ten days. However, if the request can be reviewed, processed and the individual notified of compliance or denial within the ten-day working period, no separate acknowledgement is required.

c. If the Administration agrees with an individual's request to amend the person's record, the following steps will be taken:

(1) advise the individual in writing;

(2) correct the record accordingly; and

(3) advise all previous recipients of the record which was corrected of the correction and its substance.

d. If the Administration, after an initial review by the system manager of a request to amend a personal record, disagrees with all or any portion of it, the Administration will:

(1) advise the individual of refusal and the reasons for it; and

(2) inform the individual of procedures to request a further review.

e. If an individual disagrees with the initial determination, the individual may file a request for a further review of that determination. This request for a review should be addressed to: Privacy Act Officer, UAD–60, 400 Seventh Street SW., Washington, D.C. 20590.

f. If after this review the Administration refuses to amend the record as the individual requested, the Administration will advise the individual:

(1) of refusal and the reasons for it;

(2) of the individual's right to file a concise statement of the reasons for disagreeing with the decision of the Administration;

(3) the procedures for filing the statement of disagreement;

(4) that the statement which is filed will be made available to anyone to whom the record is subsequently disclosed; and

(5) of the individual's right to seek judicial review of the Administration's refusal to amend a record.

g. The final Administration determination on the individual's request must be concluded within 30 working days unless the UMTA Administrator determines that a fair and equitable review cannot be completed in that period. If additional time is required, the individual will be informed in writing of reasons for the delay and of the Administration's estimated date on which the review is expected to be completed.

h. For personnel related records final Civil Service Commission determination may apply within 30 working days following the procedures explained above.

6. *Personal Identification Requirements.*

a. Disclosure of personal records requires that the individual produce an identification card; employee identification, annuitant identification, Medicare card, or driver's license are examples. For records disclosed by mail, the Administration will require identifying information to locate the record, i.e., employee identification number, name, date of birth, or social security number. A comparison of the signature of the requester and those in the record will be used to determine identity.

b. If an individual can provide no suitable documents for identification, the Administration requires a signed statement asserting identity and stipulating that the individual understands that knowingly or willfully seeking or obtaining access to records about another person under false pretenses is punishable by a fine of up to $5,000 under citation 3(i)3 of the Privacy Act.

APPENDIX I

SAINT LAWRENCE SEAWAY DEVELOPMENT CORPORATION

1. *Introduction.* This Appendix, with respect to the Saint Lawrence Seaway Development Corporation:

a. Describes the places and times at which records will be available for inspection and copying;

b. Indicates the systems of records maintained;

c. Identifies the officials having authority to deny requests for access to records;

d. Describes the procedures to be followed in requesting correction of a record; and

e. Describes identification requirements which may be in addition to those delineated in paragraph 10.35 of these regulations.

2. *Availability for Inspection and Copying.* a. Place and time for records inspection and copying: Saint Lawrence Seaway Development Corporation, Administration Building, Andrews Street, Massena, New York 13662, Massena Office: 9:00 a.m.–4:00 p.m.

b. Systems of records located at each facility: *Administration Building:* Biographical Files, Claimants under Federal Tort Claims Act, Data Automation Program Records, Employees' Compensation Records, Personnel Convenience Files. *Operations Building:* Personnel Convenience Files. *Maintenance Building:* Personnel Convenience Files. *Office of Administrator:* Personnel Convenience Files.

c. Official having authority to deny requests for disclosure of records under this part:

Resident Manager, Saint Lawrence Seaway Development Corporation, Administration Building, Andrews Street, Massena, New York 13662.

3. *Systems of Records:* A complete listing of the systems of records maintained by the Saint Lawrence Seaway Development Corporation has been published in the FEDERAL REGISTER as follows:

a. August 27, 1975, pages 38887–38888

b. November 19, 1975, pages 53989–53990

4. *Access to Records:* Each individual desiring to determine whether a record pertaining to him is contained in a system of records or to obtain a copy of such record, shall make his request in writing to the address provided in Section 2 of this Appendix. Each request should specify the name of the requesting individual and the system of records in which the subject record is located or thought to be located.

5. *Requests to correct or alter a record:*

a. Any person who desires to have their own record corrected, shall submit a written request.

b. Only the individual to whom the record pertains may make the written request and it must be signed by that person.

c. Request should state the reasons the record should be corrected.

d. State that the request is made pursuant to the Privacy Act or mark Privacy Act Amendment Request on the envelope.

e. Requests for correction of records shall be submitted to the Personnel Officer, Saint Lawrence Seaway Development Corporation, Administration Building, Andrews Street, Massena, New York 13662.

6. *Personal identification requirements:* Refer to subsection 10.35 for normal requirements. In those cases involving mail requests for sensitive records, i.e.—medical records, the requestor's signature shall be notarized.

AGENCY PUBLICATION ON ASSIGNED DAYS OF THE WEEK

The six-month trial period ended August 6. The program is being continued on a voluntary basis (see OFR notice, 41 FR 32914, August 6, 1976). The following agencies have agreed to remain in the program:

Monday	Tuesday	Wednesday	Thursday	Friday
NRC	USDA/ASCS		NRC	USDA/ASCS
DOT/COAST GUARD	USDA/APHIS		DOT/COAST GUARD	USDA/APHIS
DOT/NHTSA	USDA/FNS		DOT/NHTSA	USDA/FNS
DOT/FAA	USDA/REA		DOT/FAA	USDA/REA
DOT/OHMO	CSC		DOT/OHMO	CSC
DOT/OPSO	LABOR		DOT/OPSO	LABOR
	HEW/ADAMHA			HEW/ADAMHA
	HEW/CDC			HEW/CDC
	HEW/FDA			HEW/FDA
	HEW/HRA			HEW/HRA
	HEW/HSA			HEW/HSA
	HEW/NIH			HEW/NIH
	HEW/PHS			HEW/PHS

Documents normally scheduled on a day that will be a Federal holiday will be published the next work day following the holiday.

Comments on this program are still invited. Comments should be submitted to the Day-of-the-Week Program Coordinator, Office of the Federal Register, National Archives and Records Service, General Services Administration, Washington, D.C. 20408.

ATTENTION: For questions, corrections, or requests for information please see the list of telephone numbers appearing on opposite page.

federal register Area Code 202 Phone 523-5240

Published daily, Monday through Friday (no publication on Saturdays, Sundays, or on official Federal holidays), by the Office of the Federal Register, National Archives and Records Service, General Services Administration, Washington, D.C. 20408, under the Federal Register Act (49 Stat. 500, as amended; 44 U.S.C., Ch. 15) and the regulations of the Administrative Committee of the Federal Register (1 CFR Ch. I). Distribution is made only by the Superintendent of Documents, U.S. Government Printing Office, Washington, D.C. 20402.

The FEDERAL REGISTER provides a uniform system for making available to the public regulations and legal notices issued by Federal agencies. These include Presidential proclamations and Executive orders and Federal agency documents having general applicability and legal effect, documents required to be published by Act of Congress and other Federal agency documents of public interest. Documents are on file for public inspection in the Office of the Federal Register the day before they are published, unless earlier filing is requested by the issuing agency.

The FEDERAL REGISTER will be furnished by mail to subscribers, free of postage, for $5.00 per month or $50 per year, payable in advance. The charge for individual copies is 75 cents for each issue, or 75 cents for each group of pages as actually bound. Remit check or money order, made payable to the Superintendent of Documents, U.S. Government Printing Office, Washington, D.C. 20402.

There are no restrictions on the republication of material appearing in the FEDERAL REGISTER.

Title 3—The President

PROCLAMATION 4520

General Pulaski's Memorial Day, 1977

By the President of the United States of America

A Proclamation

Exactly two centuries ago, in 1777, the Polish patriot Casimir Pulaski arrived on our shores to help secure the liberty of the American colonies.

In exile from his native land, he fought courageously at Brandywine and in other battles. He formed and commanded the Pulaski Legion, the famous cavalry unit which contributed valiantly to the achievement of our independence.

In October, 1779, General Pulaski died of wounds received in the siege of Savannah. In commemoration of his heroic sacrifice on behalf of American independence, our Nation has for generations paid grateful tribute to him and to the millions of Americans of Polish descent who have played a role of enduring significance in the life of our country.

NOW, THEREFORE, I, JIMMY CARTER, President of the United States of America, do hereby designate Tuesday, October 11, 1977, as General Pulaski's Memorial Day, and I direct the appropriate Government officials to display the flag of the United States on all Government buildings on that day.

I also invite the people of the United States to honor the memory of General Pulaski by holding appropriate exercises and ceremonies in suitable places throughout our land.

IN WITNESS WHEREOF, I have hereunto set my hand this sixteenth day of September, in the year of our Lord nineteen hundred seventy-seven, and of the Independence of the United States of America the two hundred and second.

Jimmy Carter

Memorandum of September 15, 1977

Designation of Senior Intergovernmental Officials in Federal Agencies

Memorandum for the Heads of Executive Departments and Agencies

THE WHITE HOUSE,
Washington, September 15, 1977.

To simplify the procedures of the Federal government and to make its programs more responsive to public needs, I have asked the head of each Federal agency having extensive contact with State and local leaders to designate a senior official for liaison with them in the development of policy. These intergovernmental officials are listed at the end of this notice.

I have also asked the agency heads to ensure that these officials respond to matters referred to them within two weeks. If a problem cannot be solved in this two week period, I have asked that the response indicate a definite plan of action and a timetable for reaching a resolution. State and local governments should, of course, direct their questions about pending applications to the appropriate grants offices and should take reasonable steps to resolve all questions at that level before enlisting the aid of the intergovernmental officials.

Where intergovernmental officials find that a problem raised by a grantee requires a decision by more than one Federal department, it is their responsibility to contact the other agencies to reach a decision. Matters that cannot be resolved at this level will be referred to Under Secretaries.

I invite comments and suggestions for improving this process; these should be sent to my Assistant for Intergovernmental Relations, Jack Watson, at the White House, Washington, D.C. 20500; telephone (202) 456–2335.

This document shall be published in the FEDERAL REGISTER.

Jimmy Carter

ACTION

For contacts with State and local officials:

Dan Maldonado
Assistant Director for Legislative and Intergovernmental Affairs
806 Connecticut Avenue, N.W.
Washington, D.C. 20525

rules and regulations

This section of the FEDERAL REGISTER contains regulatory documents having general applicability and legal effect most of which are keyed to and codified in the Code of Federal Regulations, which is published under 50 titles pursuant to 44 U.S.C. 1510.

The Code of Federal Regulations is sold by the Superintendent of Documents. Prices of new books are listed in the first FEDERAL REGISTER issue of each month.

Title 4—Accounts

CHAPTER I—GENERAL ACCOUNTING OFFICE

SUBCHAPTER A—GENERAL PROCEDURES

PART 6—CODE OF ETHICS

Including Employee Responsibilities and Conduct

AGENCY: General Accounting Office.

ACTION: Final rule.

SUMMARY: This rule revises Part 6 to prescribe a code of ethics and standards of conduct and responsibilities for employees of the U.S. General Accounting Office. It is intended to strengthen safeguards for preventing conflicts of interest and thereby maintain GAO's reputation for integrity and objectivity in carrying out its mission.

EFFECTIVE DATE: September 20, 1977.

FOR FURTHER INFORMATION CONTACT:

Charles O. Magnetti, Deputy Director, Office of Personnel Development and Services, General Accounting Office, Washington, D.C. 20548 (202-275-5540).

SUPPLEMENTARY INFORMATION: Government service requires unusually high standards of honesty, integrity, impartiality, and conduct by Government employees and special Government employees. This assures the proper performance of Government business and confidence in the Government on the part of the citizens.

Over the years, the General Accounting Office has achieved a reputation for integrity and objectivity in carrying out its mission. All employees of GAO have a stake in maintaining this reputation. This revision of Part 6 is primarily an effort to strengthen our safeguards for preventing financial conflicts of interest.

Each employee has an obligation to apprise his supervisor of any circumstances which, because of a personal or private situation—financial or otherwise—could create an appearance of our being less than objective when involved in our work. There are many types of relationships which need to be considered in addition to financial interests. Among these are close relatives and friends, organizational affiliations, debtor-creditor relationships, directorships and memberships in organizations, and many other situations which might lead to charges of bias or favoritism.

Each supervisor has a responsibility to determine any relationships which could place a staff member in a conflict-of-interest or potential conflict-of-interest situation. The supervisor shall take the initiative in such situations to remove the employee from the work situation involved or otherwise eliminate the conflict of interest or apparent conflict of interest.

This part requires many employees and special Government employees to submit confidential statements of employment and financial interests to a designated reviewing official. These statements will then be reviewed to determine whether such employment or financial interests conflict with assigned duties. In addition to this requirement, each employee and special Government employee has a continuing obligation to report any situation which may involve him in a conflict of interest or apparent conflict of interest. The submission of a statement of employment and financial interests in no way relieves an employee or special Government employee from this latter responsibility.

Accordingly, 4 CFR Part 6 is revised to read as follows:

Subpart A—Purpose and General Information

Sec.
6.1 Purpose, scope, and applicability.
6.2 Forms.
6.3 Definitions.
6.4 Standards of conduct for Government service.
6.5 General policy on conduct for GAO employees.
6.6 Proscribed actions.
6.7 Interpretation and advisory service—Ethics counselor.
6.8 Appointment of deputy ethics counselors.
6.9 Compliance.
6.10 Disciplinary and other remedial action.
6.11 Effecting disciplinary and remedial action.
6.12 Access to pertinent laws and related materials.
6.13 Miscellaneous statutory provisions.

Subpart B—Policy Pertaining to Gifts, Entertainment, and Favors

6.14 When an employee shall not accept gifts, entertainment, and favors.
6.15 Permissible gifts, entertainment, and favors.
6.16 Gifts to superiors.
6.17 Gifts and decorations from foreign Governments.
6.18 Reimbursement of travel and living expenses.

Subpart C—Miscellaneous Prohibited Practices

6.19 Indebtedness of employees.
6.20 Gambling, betting, and lotteries.
6.21 Use of Government property.
6.22 Misuse of information.
6.23 Prohibited financial interests.
6.24 Bribery, graft, and conflicts of interest.
6.25 Nondisqualifying interests.
6.26 General conduct prejudicial to the Government.

Subpart D—Employment Outside the General Accounting Office

Sec.
6.27 Policy.
6.28 Engaging in teaching, lecturing, and writing.
6.29 Permissible participation by employees.
6.30 Criteria for considering outside employment.
6.31 Requesting permission to engage in outside employment.
6.32 The head of division or office will evaluate executed GAO Form 256 and make recommendations.
6.33 Review by the Director, OPDS.
6.34 Expiration of permission for outside employment.
6.35 Permission applies only to a specific request to engage in outside employment.
6.36 Prohibited practices.
6.37 Employees in grade GS-13 and above.
6.38 When an employee desires to engage in income tax work.

Subpart E—Instructions Governing Ethical and Other Conduct and Responsibilities of Special Government Employees

6.39 Use of Government employment.
6.40 Use of inside information.
6.41 Teaching, lecturing, and writing.
5.42 Coercion.
6.43 Gifts, entertainment, and favors.
6.44 Miscellaneous statutory provisions.

Subpart F—Prohibited Activities by Former Employees

6.45 Prohibited activity at any time after termination of Government employment.
6.46 Prohibited activity for 1 year after termination of Government employment.

Subpart G—Disqualification Procedures for Avoiding Conflicts of Interest in Connection With Assignments

6.47 Definitions.
6.48 Prohibitions.
6.49 Committee on ethics and conflicts of interest.
6.50 Disqualification procedure.

Subpart H—Confidential Statements of Employment and Financial Interests

6.51 Purpose of the submission.
6.52 Effect of disqualifications, statements, and certifications on other requirements.
6.53 Employee's complaint about filing requirement.
6.54 Those who are required to submit confidential statements of employment and financial interests.
6.55 When to submit initial statements.
6.56 To whom to submit statements (reviewing officials).
6.57 Additional statements.
6.58 Additional information about the contents of statements.
6.59 Review of statements by reviewing officials.
6.60 No conflict of interest or apparent conflict of interest.
6.61 Retention and inspection of statements.
6.62 Findings of conflict of interest.
6.63 Remedial action.

Sec.

6.64 Request for reconsideration of decisions.
6.65 Access to statements and documents.
6.66 Those who are not required to submit statements.
6.67 Responsibilities in connection with the submission of statements.
6.68 Personal copies of statements.

AUTHORITY: Sec. 311, 42 Stat. 25, as amended (31 U.S.C. 52, interpret to apply 18 U.S.C. 201–218).

§ 6.1 Purpose, scope, and applicability.

This part sets forth the code of ethics of the U.S. General Accounting Office (GAO) and the policies which prescribe standards of conduct and responsibilities for its employees and special Government employees.

§ 6.2 Forms.

This part prescribes:

(a) GAO Form 256, Request for Permission to Engage in Outside Employment.

(b) GAO Form 310, Confidential Statement of Employment and Financial Interests (For Use by Employees).

(c) GAO Form 311, Confidential Statement of Employment and Financial Interests (For Use by Special Government Employees).

(d) GAO Form 523, Certification of Review of Confidential Statement of Employment and Financial Interests for a Special Government Employee and Finding of No Conflicts of Interest.

§ 6.3 Definitions.

In this part:

(a) "Employee" means an officer or employee of GAO other than a special Government employee.

(b) "Special Government employee" means—

(1) An officer or employee who is retained, designated, appointed or employed to perform, with or without compensation, for a period not to exceed 130 days during any period of 365 consecutive days, temporary duties either on a full-time or intermittent basis (18 U.S.C. 202);

(2) An officer or employee whose intermittent appointment—described in paragraph (b)(1) of this section—is converted to a temporary appointment, thus allowing him to work for up to 1 year, beginning with the date upon which his intermittent appointment began; and

(3) Experts and consultants appointed under section 401, Pub. L. 93–604 and section 702(a), Pub. L. 99–344.

(c) "Person" means an individual, a corporation, a company, an association, a firm, a partnership, a society, a joint stock company, or any other organization or institution.

(d) "Former employee" means a former GAO employee or former special Government employee as defined in paragraph (b) of this section. (Special provisions relating to former employees are discussed in Subpart F of this part.)

(e) Words importing the masculine gender include the feminine as well, and words importing the plural include the singular.

§ 6.4 Standards of conduct for Government service.

The Government service requires the maintenance of unusually high standards of honesty, integrity, impartiality, and conduct by employees and special Government employees, to assure the proper performance of Government business and the maintenance of confidence by citizens in their Government. This is especially true of service in GAO because of the unique functions and special trust placed upon GAO. GAO employees and special Government employees are therefore expected and required to exercise informed judgments to avoid misconduct.

§ 6.5 General policy on conduct for GAO employees.

The personal demeanor of employees of GAO is subject to the closest public and official scrutiny, and as representatives of GAO they are judged by their personal associates and activities as well as by their official actions and conduct. In all their dealings employees of GAO shall so conduct themselves as to permit no reasonable basis for suspicion of unethical conduct or practices. The obligation to protect fully the interests of the Government as a whole and GAO as an agency of the Congress, demands the avoidance of circumstances which invite conflict between self-interest and the integrity of employment with GAO. Loyalty to GAO and its programs and purposes is a necessary attribute.

§ 6.6 Proscribed actions.

An employee shall avoid any action, whether or not specifically prohibited by this part, which might result in, or create the appearance of:

(a) Using public office for private gain;

(b) Giving improper preferential treatment to any person;

(c) Impeding Government efficiency or economy;

(d) Losing complete independence or impartiality;

(e) Making a Government decision outside official channels; or

(f) Affecting adversely the confidence of the public in the integrity of the Government or its operations.

§ 6.7 Interpretation and advisory service—ethics counselor.

The General Counsel, with the approval of the Comptroller General, shall designate an ethics counselor for GAO. An important responsibility of the ethics counselor shall be to keep abreast of developments in the field of conflicts of interest and to give advice and counsel, on conflicts-of-interest matters, to reviewing officials, employees, and special Government employees. He shall also provide counsel and interpretations on questions of conflicts-of-interest matters covered by this part, to deputy ethics counselors designated under § 6.8.

§ 6.8 Appointment of deputy ethics counselors.

Subject to the approval of the Comptroller General, the ethics counselor, named under § 6.7 may designate, when appropriate and needed, deputy ethics counselors to assist GAO employees and special Government employees. Deputy ethics counselors designated under this section shall be qualified and in a position to give authoritative advice and guidance to employees and special Government employees on conflicts-of-interest questions.

§ 6.9 Compliance.

The heads of divisions and offices shall be responsible for assuring that this order is fully complied with in their respective divisions or offices. Except as otherwise specifically provided for in this part, any matter coming within the provisions of this part—arising in GAO—will be referred immediately, by the head of the division or office or other official concerned, to the Director, Office of Personnel Development and Services (OPDS), for appropriate disposition.

§ 6.11 Effecting disciplinary and remedial action.

A violation of any of these regulations by an employee or special Government employee may be cause for appropriate disciplinary action, which may be in addition to any penalty prescribed by law.

§ 6.11 Effecting disciplinary and remedial action.

Remedial action, whether disciplinary or otherwise, shall be effected in accordance with applicable laws and regulations.

§ 6.12 Access to pertinent laws and related materials.

Copies of pertinent laws; Executive Order No. 11222, as amended; GAO orders; and Civil Service regulations and instructions relating to ethical and other conduct will be made available upon request by employees and special Government employees. Requests should be directed to the Director, Office of Personnel Development and Services, room 7830, GAO Building.

§ 6.13 Miscellaneous statutory provisions.

Each employee will acquaint himself with each statute that relates to his ethical and other conduct as an employee of GAO, with particular reference to the following:

(a) House Concurrent Resolution 175, 85th Congress, 2d Session, 72 Stat. B12, Gode Ethics for Government Service.

(b) The prohibition against bribery of public officials (18 U.S.C. 201) which imposes a maximum penalty of a $20,000 fine or three times the money or thing received, whichever is greater; 15 years' imprisonment; or both; and removal.

(c) The prohibition against receiving compensation for claims, contracts, etc. (18 U.S.C. 203), which imposes a maximum penalty of a $10,000 fine; 2 years' imprisonment; or both; and removal.

(d) The prohibition against prosecuting claims against and other matters affecting the Government (18 U.S.C. 205), which imposes a maximum penalty of a $10,000 fine; 2 years' imprisonment; or both.

(e) The prohibition against prosecuting claims, involving matters connected with former duties—disqualification of partners (18 U.S.C. 207), which imposes a maximum penalty of a $10,000 fine; 2 years' imprisonment; or both.

(f) The prohibition against an employee or special Government employee acting or participating in any matter in which he, his immediate family, his partner, or an organization with which he is connected or is seeking employment has a financial interest (18 U.S.C. 208), which imposes a maximum penalty of a $10,000 fine; 2 years' imprisonment; or both.

(g) The prohibition against an employee receiving salaries or contributions from other than Government sources for his Government services (18 U.S.C. 209), which imposes a maximum penalty of a $5,000 fine; 1 year's imprisonment; or both.

(h) The prohibition against acceptance or solicitation of anything of value to obtain public office for another (18 U.S.C. 211) which imposes a maximum penalty of a $1,000 fine; 1 year's imprisonment; or both.

(i) The prohibition against lobbying with appropriated funds (18 U.S.C. 1913) which imposes a maximum penalty of a $500 fine; 1 year's imprisonment; or both; and removal.

(j) The prohibition against disloyalty and striking (5 U.S.C. 7311, and 18 U.S.C. 1918), which imposes a maximum penalty of a $1,000 fine; 1 year and a day's imprisonment; or both; and removal.

(k) The prohibition against employment of a member of a Communist organization (50 U.S.C. 784) which imposes a maximum penalty of a $10,000 fine; 5 years' imprisonment; or both; and removal.

(l) The prohibition against disclosure of classified information (18 U.S.C. 798), which imposes a maximum penalty of a $10,000 fine; 10 years' imprisonment; or both.

(m) The prohibition against disclosure of confidential information (18 U.S.C. 1905), which imposes a maximum penalty of a $1,000 fine; 1 year's imprisonment; or both; and removal.

(n) The prohibition against habitual use of intoxicants to excess (5 U.S.C. 7352), which imposes a maximum penalty of removal.

(o) The prohibition against the misuse of Government vehicles (31 U.S.C. 638a(c)), which imposes a maximum penalty of removal.

(p) The prohibition against the misuse of the franking privilege (18 U.S.C. 1719), which imposes a maximum penalty of a $300 fine.

(q) The prohibition against deceit in examination or personnel action (18 U.S.C. 1917), which imposes a maximum penalty of a $1,000 fine; 1 year's imprisonment; or both.

(r) The prohibition against fraud and false statement (18 U.S.C. 1001), which imposes a maximum penalty of a $10,000 fine; 5 years' imprisonment; or both.

(s) The prohibition against mutilating or destroying public records (18 U.S.C. 2071), which imposes a maximum penalty of a $2,000 fine; 3 years' imprisonment; or both; and removal.

(t) The prohibition against counterfeiting and forging transportation requests (18 U.S.C. 508), which imposes a maximum penalty of a $5,000 fine; 10 years' imprisonment; or both.

(u) The prohibition against embezzlement and theft of Government money, property, or records (18 U.S.C. 641), which imposes a maximum penalty of a $10,000 fine; 10 years' imprisonment; or both.

(v) The prohibition against failure to account for public money (18 U.S.C. 643), which imposes a maximum penalty of a fine equal to the amount embezzled; imprisonment not more than 10 years; or both.

(w) The prohibition against wrongfully converting property of another (18 U.S.C. 654), which imposes a fine equal to the amount embezzled; imprisonment not more than 10 years; or both.

(x) The prohibition against unauthorized use of documents relating to duties (18 U.S.C. 285), which imposes a maximum penalty of a $5,000 fine; 5 years' imprisonment; or both.

(y) The prohibition against political activity (5 U.S.C. 7323, 7324, and 7325), which imposes a maximum penalty of removal.

(z) The prohibition against solicitation of political contributions (18 U.S.C. 602), which imposes a maximum penalty of a $5,000 fine; 3 years' imprisonment; or both.

(aa) The prohibition against solicitation of political contributions in Federal buildings (18 U.S.C. 603), which imposes a maximum penalty of a $5,000 fine; 3 years' imprisonment; or both.

(bb) The prohibition against making political contributions through a Government employee or Senator or Representative (18 U.S.C. 607), which imposes a maximum penalty of a $5,000 fine; 3 years' imprisonment; or both.

(cc) The prohibition limiting political contributions and purchases (18 U.S.C. 608), which imposes a maximum penalty of a $25,000 fine; 1 year's imprisonment; or both.

(dd) The prohibition against an employee acting as an agent of a foreign principal registered under the Foreign Agents Registration Act (18 U.S.C. 219), which imposes a maximum penalty of a $10,000 fine; 2 years' imprisonment; or both.

(ee) The prohibition against the employment of a person convicted of participating in or promoting a riot or civil disorder (5 U.S.C. 7313).

(ff) The prohibition against knowingly disclosing information pursuant to the exercise of responsibilities or authorities relating to geological or geophysical information which imposes civil and criminal penalties (42 U.S.C. 6382(e)(2)).

Subpart B—Policy Pertaining to Gifts, Entertainment, and Favors

§ 6.14 When an employee shall not accept gifts, entertainment, and favors.

Except as provided in §§ 6.15 and 6.18 an employee shall not solicit or accept, directly or indirectly, any gift, gratuity, favor, entertainment, loan, or any other thing of monetary value, from a person who:

(a) Has, or is seeking to obtain, contractual or other business or financial relations with the Federal Government;

(b) Conducts operations or activities that are subject to audit, investigation, decision or regulation by GAO; or

(c) Has interests that may be substantially affected by the performance or nonperformance of the employee's official duty.

§ 6.15 Permissible gifts, entertainment, and favors.

Despite the limitations established by § 6.14, the following exceptions are made:

(a) A gift, gratuity, favor, entertainment, loan, or other similar favor of monetary value may be accepted by the employee when it or they stem from a family relationship, such as that between the employee and his parents, children, or spouse, and when the circumstances make it clear that it is that relationship which is the motivating factor.

(b) Food and refreshments of nominal value may be accepted on infrequent occasions in the ordinary course of a luncheon or dinner meeting or other meeting, or on an inspection tour where the employee may properly be in attendance.

(c) Loans from banks and other financial institutions may be accepted on customary terms to finance the proper and usual activities of employees, such as home mortgage loans.

(d) Unsolicited advertising or promotional material, such as pens, pencils, note pads, calendars and other items of nominal intrinsic value may be accepted.

§ 6.16 Gifts to superiors.

An employee shall not solicit a contribution from another employee for a gift to an official superior, make a donation as a gift to an official superior, or accept a gift presented by an employee receiving less pay than himself (5 U.S.C. 7351).

§ 6.17 Gifts and decorations from foreign governments.

(a) An employee may not request or otherwise encourage the tender of a gift or decoration from a foreign government or an official thereof.

(b) An employee may accept: (1) A gift of minimal value tendered or received as a souvenir or mark of courtesy;

(2) A gift of more than minimal value when it appears that to refuse the gift would be likely to cause offense or embarrassment or otherwise adversely affect the foreign relations of the United States. However, a gift of more than minimal value is deemed to have been accepted on behalf of the U.S. Government and must be deposited with the Chief of Protocol of the Department of State for disposal. (A gift of minimal value is defined as "any present or other thing, other than a decoration, which has a retail value not in excess of $50 in the United States.")

(c) An employee may accept, retain and wear a decoration tendered in recognition of active field service in time of

UMI
V 42 182
SEP 20 77
UMI

combat operations or awarded for other outstanding or unusually meritorious performance, subject to the approval of the Comptroller General and the concurrence of the Secretary of State.

(d) Members of an employee's family and household are also subject to the regulations contained in this section. A member of an employee's family and household is defined as "a relative by blood, marriage, or adoption who is a resident of the household."

§ 6.18 Reimbursement of travel and living expenses.

(a) Neither § 6.14, nor § 6.27, precludes an employee from receipt of bona fide reimbursement, unless prohibited by law, for expenses of travel and such other necessary subsistence as is compatible with this part when not engaged on official business. However, this section does not allow an employee to be reimbursed, or payment to be made on his behalf, for excessive personal living expenses, gifts, entertainment, or other personal benefits.

(b) When traveling on official business, no reimbursement may normally be accepted from private sources. If an employee is authorized by GAO to participate in the activities of a professional organization and the authorized per diem is insufficient to cover his expenses, he shall not accept reimbursement for all or part of the expenses incurred while he was on duty as a Government employee. The employee may either take annual leave while participating and accept reimbursement from the professional organization or pay the difference out of his pocket.

(c) Notwithstanding this section, the requirements relating to the acceptance of contributions and awards, travel, subsistence and other expenses in section 4111, title 5, United States Code, and the regulations thereunder in the Federal Personnel Manual, Supplement 990–1, Book III, Part 410, Subpart G, continue to apply. While this provision in chapter 41 of title 5 generally deals with the training of Federal employees, GAO has held that it is the statutory authority for employees to receive contributions for travel and subsistence from tax-exempt organizations described in 26 U.S.C. 501 (c)(3) incident to attendance at meetings. (See 49 Comp. Gen. 572 (1970).)

Subpart C—Miscellaneous Prohibited Practices

§ 6.19 Indebtedness of employees.

(a) *An Employee Is Expected To Manage Just Financial Obligations in a Proper Manner.* An employee shall pay each just financial obligation in a proper and timely manner, especially one imposed by law such as Federal, State, or local taxes. For the purposes of this paragraph, a "just financial obligation" means one acknowledged by the employee or reduced to judgment by a court or one imposed by law such as Federal, State, or local taxes; "in a timely manner" means in a manner in which GAO determines does not, under the circumstances, reflect adversely on the Government as his employer. In the event of a dispute between an employee and an alleged creditor, this section does not require the agency to determine the validity or amount of that disputed debt. GAO is interested when one of its employees is involved in a bankruptcy proceeding; however, this remedy is available to employees on the same basis as it is to all citizens.

(b) *Reports on Indebtedness.* While GAO will not become a collection agency for private creditors of an employee, each complaint of nonpayment of a debt will be referred to the employee concerned, and the employee will be requested to report, in writing, what he proposes to do about the debt.

(c) *Garnishment of Government Salaries.* The Government salaries of GAO employees are subject to garnishment for the following purposes:

(1) Payment of delinquent Federal income taxes (26 U.S.C. 6331).

(2) Legal obligation to provide child support (section 459 of Pub. L. 93–647, enacted January 4, 1975, 88 Stat. 2357).

(3) Legal obligation to make alimony payments (section 459 of Pub. L. 93–647, enacted January 4, 1975, 88 Stat. 2357).

§ 6.20 Gambling, betting, and lotteries.

An employee shall not participate, while on Government-owned or leased property or while on duty for the Government, in any gambling activity including the operation of a gambling device, in conducting a lottery or pool, in a game for money or property, or in selling or purchasing a numbers slip or ticket.

§ 6.21 Use of Government property.

An employee shall not directly or indirectly use or allow the use of Government property of any kind, including property leased to the Government, for other than officially approved activities. An employee has a positive duty to protect and conserve Government property, including equipment, supplies, and other property entrusted or issued to him.

§ 6.22 Misuse of information.

For the purpose of furthering a private interest, an employee shall not, except as provided in § 6.28, directly or indirectly use or allow the use of official information obtained through or in connection with his Government employment which has not been made available to the general public.

§ 6.23 Prohibited financial interests.

An employee shall not: (a) Have a direct or indirect financial interest that conflicts substantially or appears to conflict substantially with his Government duties and responsibilities;

(b) Engage in, directly or indirectly, a financial transaction as a result or primarily relying on information obtained through his Government employment.

§ 6.24 Bribery, graft, and conflicts of interest.

An employee shall not engage in acts prohibited by chapter 11 of title 18, United States Code, relating to bribery, graft, and conflicts of interest as appropriate to the employee concerned. Three of the more important "conflict of interest" provisions are summarized as follows:

(a) An employee may not, except as provided by law for the proper discharge of his official duties, ask or seek any compensation for services by him or another in connection with any proceeding, request for a ruling, or other determination before any Government agency or officer in which the United States is a party or has a direct and substantial interest (18 U.S.C. 203)

(b) An employee may not, except in the discharge of his official duties, represent anyone else (with or without compensation) before a court or Government agency in a matter in which the United States is a party or has a direct or substantial interest. However, this does not prevent an employee, if not inconsistent with the faithful performance of his duties, from acting without compensation as agent or attorney for any person who is the subject of disciplinary, loyalty, or other personnel administration proceedings in connection with those proceedings (18 U.S.C. 205).

(c) An employee shall not receive any salary or anything of monetary value from a private source as compensation for his services to the Government (18 U.S.C. 209).

§ 6.25 Nondisqualifying interests.

This part does not preclude an employee from having a financial interest or engaging in financial transactions to the same extent as a private citizen not employed by the Government so long as it is not prohibited by applicable law or regulations.

§ 6.26 General conduct prejudicial to the Government.

An employee shall not engage in criminal, infamous, immoral, or notoriously disgraceful conduct, or other conduct prejudicial to the Government, nor shall he conduct himself in such a manner as to give rise to a reasonable belief that he is engaging in criminal, infamous, immoral, or notoriously disgraceful conduct.

Subpart D—Employment Outside the General Accounting Office

§ 6.27 Policy.

An employee shall not engage in outside employment or other activity, for or without compensation, not compatible with the full and proper discharge of the duties and responsibilities of his Government employment. Incompatible activities include but are not limited to:

(a) Acceptance of a fee, compensation, gift, payment of an expense, or any other thing of monetary value in circumstances in which acceptance may result in or create the appearance of a conflict of interest.

(b) Outside employment which tends to impair his mental or physical capacity to perform his Government duties and responsibilities in an acceptable manner; or

(c) Outside employment or activity that is likely to result in criticism of, or cause embarrassment to, GAO.

§ 6.28 Engaging in teaching, lecturing, and writing:

Employees may (subject to the provisions of § 6.29(c)) engage in teaching, lecturing, and writing that is not prohibited by law, regulations, or order. An employee shall not, however, either for or without compensation, engage in teaching, lecturing, or writing, including teaching, lecturing, or writing for the purpose of the special preparation of a person or class of persons for an examination of the Civil Service Commission or Board of Examiners for the Foreign Seervice, that depends on information obtained as a result of his Government employment, except when that information has been made available to the general public or will be made available on request, or when the Comptroller General gives written authorization for the use of nonpublic information on the basis that such use is in the public interest. In addition, the Comptroller General shall not receive compensation or anything of monetary value for any consultation, lecture, discussion, writing, or appearance, the subject matter of which is devoted substantially to the responsibilities, programs, or operations of GAO, or which draws substantially on official data or ideas which have not become part of the body of public information.

§ 6.29 Permissible participation by employees.

This order does not preclude an employee from:

(a) Participation in the activities of national or State political parties not prohibited by law.

(b) Participation in the affairs of or acceptance of an award for a meritorious public contribution or achievement, given by a charitable, religious, professional, social, fraternal, nonprofit, educational and recreational, public service, or civic organization.

(c) Outside employment when permission has been granted in advance by the Director, OPDS, or his designee, and the employee has been notified in writing of the approval. This permission will be granted in accordance with the policies, procedures, and limitations set forth in this part.

§ 6.30 Criteria for considering outside employment.

In considering requests for outside employment, the following criteria will be applied:

(a) The provisions of applicable law.

(b) The policies incorporated in this order including the possibility of conflicts of interest.

(c) The general attendance record of the employee.

(d) The nature of his official duties in relation to the nature of the duties which will comprise the outside employment.

(e) The financial need or other justification for such outside employment.

(f) The amount of time and hours of work required by the outside employment.

§ 6.31 Requesting permission to engage in outside employment.

An employee will request permission to engage in outside employment by executing, in full, GAO Form 256, Request for Permission to Engage in Outside Employment, and forwarding it through his immediate supervisor to the head of his division or office.

§ 6.32 The head of division or office will evaluate executed GAO Form 256 and make recommendations.

The head of the employee's division or office will, upon receipt of a fully executed GAO Form 256, evaluate the request in the light of existing law, policies, and regulations provided by this part. Should the request be found proper and in the best interests of GAO and not in violation of law, policies, and regulations, the head of the division or office will transmit the request with his favorable recommendation to the Director, OPDS, or his designee. If the head of the employee's division or office finds otherwise, he will recommend that the request be denied, record his reasons, and transmit the request and related papers to the Director, OPDS, or his designee.

§ 6.33 Review by the Director, OPDS.

The Director, OPDS, or his designee shall review requests to engage in outside employment, including the recommendation of the head of the division or office involved, for the proper, fair, and uniform application of this part. If the head of the division or office involved, and the Director, OPDS, or his designee, agree, the request may be officially approved or disapproved and the employee shall be notified. If they do not agree, the request and all recommendations shall be submitted to the Director of Management Services for ultimate determination. (If the employee is one who reports to the Director of Management Services, the request and all recommendations shall be submitted to the Deputy Comptroller General for ultimate determination.) The Director of Management Services (or the Deputy Comptroller General, if appropriate) shall thereupon consider the entire record, make the final determination, and cause the employee to be notified.

§ 6.34 Expiration of permission for outside employment.

Grants of permission to engage in outside employment will normally expire 3 calendar years from the date of the last issue, unless sooner revoked or modified. Permission, to engage in outside employment, which is about to expire will be considered for renewal upon receipt of a request on GAO Form 256. Procedures for renewal will be the same as those for an original application and should be made, if continuity of permission is desired, from 30 to 60 days before the expiration of the current permission.

§ 6.35 Permission applies only to a specific request to engage in outside employment.

Permission to engage in outside employment extends only to the specific employment described in the request considered. New requests must be made in writing in accordance with these procedures to cover any changes or modifications in outside employment.

§ 6.36 Prohibited practices.

Prohibited practices are stated below:

(a) An employee with permission to engage in outside employment will not hold himself out to the public as an attorney, accountant or other professional practitioner by such means as:

(1) Placing his name on an office door;

(2) Having his name listed in the classified section of the telephone directory; or

(3) Using business stationery with his name on letterheads or envelopes.

(b) Permission to engage in outside employment will not be granted for the purpose of representing clients in court or before Government agencies except in rare cases (when not prohibited by law) when permission may be granted for specific appearances.

(c) An employee may not use his employment with GAO as a means of soliciting or obtaining outside employment.

(d) An employee may not engage in outside employment while he is on sick leave from his duties. Deviations from this policy may be permitted in rare instances when prior approval is obtained from the Director, OPDS, upon a favorable recommendation from the head of the division or office involved.

§ 6.37 Employees in grade GS–13 and above.

Employees in grade GS–13 and above will not normally be given permission to engage in outside employment except as provided in § 6.28. Exceptions will be made for good and sufficient reasons, such as where a critical need exists for addition income by the employee or where the employment is found to be in the public interest in terms of opportunity for valuable experience, beneficial both to the employee and to GAO. Each request for an exception under this section shall be in sufficient detail to permit a judgment that is merited. If an exception is made for employees in grade GS–13 and above, permission will be granted for 1-year intervals.

§ 6.38 When an employee desires to engage in income tax work.

An employee may be permitted to engage in income tax work and to sign income tax returns as a preparer provided:

(a) The taxpayer has no Government contracts and has no business with the U.S. Government;

(b) The employee does not in any manner intercede with or appear for the taxpayer before the Internal Revenue

V 42 I 182 SEP 20 77 UMI

Service, the courts, or other Government body;

(c) The employee is not engaged in the audit of the Internal Revenue Service by GAO.

Subpart E—Instructions Governing Ethical and Other Conduct and Responsibilities of Special Government Employees

§ 6.39 Use of Government employment.

A special Government employee shall not use his Government employment for a purpose that is or gives the appearance of being motivated by the desire for private gain for himself or another person, particularly one with whom he has family, business, or financial ties.

§ 6.40 Use of inside information.

A special Government employee shall not use inside information obtained as a result of his Government employment for private gain for himself or another person either by direct action on his part or by counsel, recommendation, or suggestion to another person, particularly one with whom he has family, business, or financial ties. For the purposes of this section, "inside information" means information obtained by reason of his Government employment which has not become part of the body of public information.

§ 6.41 Teaching, lecturing, and writing.

A special Government employee may, without prior approval, teach, lecture, or write in a manner not otherwise inconsistent with § 6.22.

§ 6.42 Coercion.

A special Government employee shall not use his Government employment to coerce, or give the appearance of coercing, a person to provide financial benefit to himself or another person, particularly one with whom he has family, business, or financial ties.

§ 6.43 Gifts, entertainment, and favors.

Except as provided in § 6.15 (as in the case of employees), a special Government employee, while so employed or in connection with his employment, shall not receive nor solicit, either for himself or another person, particularly one with whom he has family, business, or financial ties, anything of value as a gift, gratuity, loan, entertainment, or favor from a person who:

(a) Has, or is seeking to obtain, contractual or other business or financial relations with GAO;

(b) Has interests which may be substantially affected by the performance or nonperformance of his official duties.

§ 6.44 Miscellaneous statutory provisions.

Each special Government employee shall acquaint himself with each statute that relates to his ethical and other conduct as a special Government employee of GAO and the Government, with particular reference to the statutes cited in § 6.13 and the following:

(a) A special Government employee may not, otherwise than as provided by law for the proper discharge of his official duties, receive or agree to receive or solicit any compensation for any services by himself or another; and may not, except in the proper discharge of his duties, represent or assist anyone, with or without compensation, before a department, agency, court, court-martial, officer, or any civil, military, or naval commission, in connection with a particular matter in which the United States is a party or has a direct or substantial interest: *Provided, however,* That these restrictions apply to a special Government employee only in relation to a particular matter involving a specific party or parties—

(1) In which he has at any time participated personally and substantially as a Government employee or special Government employee through decision, approval, disapproval, recommendation, the rendering of advice, investigation or otherwise, or

(2) Which is pending in the department or agency of the Government in which he is serving, except that this provision (§ 6.44(a)(2)) shall not apply when he has served in such department or agency no more than 60 days during the immediately preceding period of 365 consecutive days. He is bound by the restraint of this provision (§ 6.44(a)(2)) despite the fact that the matter is not one in which he has ever participated personally and substantially (18 U.S.C. 203 and 205).

(b) A special Government employee shall not participate in his Government capacity in any matter in which to his knowledge he, his spouse, minor child, partner, organization in which he is serving as officer, director, trustee, partner, or employee, or any person or organization with whom he is negotiating or has any arrangement concerning prospective employment, has a financial interest (18 U.S.C. 208), unless the special Government employee first obtains written approval as provided in § 6.50 (c)(2).

(c) After his Government employment had ended, a special Government employee is subject to the prohibition pertaining to a "former employee" in matters connected with his former duties (18 U.S.C. 207).

Subpart F—Prohibited Activities by Former Employees

§ 6.45 Prohibited activity at any time after termination of Government employment.

A former employee shall not at any time after his Government employment has ended, knowingly represent anyone other than the United States in connection with a matter in which the United States is a party or has an interest and in which he participated personally and substantially for the Government (18 U.S.C. 207(a)).

§ 6.46 Prohibited activity for 1 year after termination of Government employment.

For 1 year after his Government employment has ended, a former employee shall not appear personally before any court or Government agency as agent or attorney for anyone other than the Government in connection with a matter in which the Government is a party or has a substantial interest and which was under his official responsibility as an employee of the Government at any time during the last year of his Government employment (18 U.S.C. 202(b) and 207(b)).

Subpart G—Disqualification Procedures for Avoiding Conflicts of Interest in Connection With Assignments

§ 6.47 Definitions.

The following definitions shall apply in Subparts G and H:

(a) A "conflict of interest" exists whenever a private interest (financial, personal, or one resulting from non-Government employment) of an employee or special Government employee might cause him (1) to perform his official duties in a way other than he would have if he did not have the private interests, or (2) to use information gained through his official duties for his personal benefit.

(b) An "apparent conflict of interest" exists whenever a reasonable person might suspect that a private interest (financial, personal, or one resulting from non-Government employment) of an employee or special Government employee might cause him (1) to perform his official duties in a way other than he would have if he did not have the private interest, or (2) to use information gained through his official duties for his personal benefit.

(c) "Financial interest" means:

(1) Interest in a corporation, company, firm, mutual fund or other business enterprise, partnership, nonprofit organization, and educational or other institution, through ownership of stock, stock options, bonds, securities, or other arrangements including trusts; or

(2) A continued interest in one of the entities listed above through a pension or retirement plan, shared income, or other arrangement as a result of any current or prior employment or business or professional association.

(d) A "close relative" means a spouse, parent, son, daughter, brother, or sister while members of the immediate household. However, employees should be sensitive to the fact that other distant relationships, not members of the immediate household, may create a conflict of interest or apparent conflict of interest, depending on such factors as the personal relationship of the employee and the distant relative, the amount of financial interest owned by the relative, and/or the importance of the position held by the relative in relation to the subject matter of the assignment.

(e) "Employment" means connections with a corporation, company, firm, partnership, or other business enterprise; nonprofit organization; or educational or other institution as an employee, owner, director, member, trustee, partner, advisor, or consultant.

(f) "Reviewing officials" are defined as those officials to whom employees and special Government employees shall submit their statements in accordance with § 6.56.

§ 6.48 Prohibitions.

(a) An employee or special Government employee shall not participate in any GAO assignment in which he, his spouse, minor child, partner, organization in which he is serving as officer, director, trustee, partner, or employee, or any person or organization with whom he is negotiating or has any arrangement concerning prospective employment, has a financial interest, with the following exception: If the employee first obtains written approval as provided in § 6.50(c)(2).

(b) The basic responsibility for avoiding conflicts and apparent conflicts of interest rests with employees and special Government employees. The submission of a confidential statement of employment and financial interests in no way relieves them or their obligation to disqualify themselves whenever their assignments conflict with a financial or personal interest, including one derived from non-Government employment. This is particularly true with respect to personal interests which involve situations which are not reported in a confidential statements of employment and financial interests.

§ 6.49 Committee on Ethics and Conflicts of Interest.

(a) *Purpose of the committee.* The Committee on Ethics and Conflicts of Interest (Committee) is established and delegated authority to make determinations for the Comptroller General in cases submitted by reviewing officials: (1) In doubtful cases of conflicts of interest or apparent conflicts of interest, and (2) as to whether conflicts of interest or apparent conflicts of interest are or are not so substantial as to affect or give the appearance of affecting the integrity of the services which the Government may expect of the employee or special Government employee, pursuant to 18 U.S.C. 208.

(b) *Committee composition.* This Committee shall be comprised of 5 voting members:

(1) *Permanent members.* (i) The General Counsel for the General Accounting Office, Charpersion;

(ii) The Director of Management Services; and

(iii) The Director, Field Operations Division.

(2) *Rotating members.* Two other members on a rotating basis as appointed by the Comptroller General.

§ 6.50 Disqualification procedure.

(a) Whenever an employee or special Government employee finds that an assignment involves him or may involve him in a conflict of interest or an apparent conflict of interest, the employee shall submit the details of the case, in writing, to the appropriate reviewing official and shall be considered disqualified from the assignment in question until the matter is resolved. These details shall include a description of: The interest concerning which a conflict of interest or apparent conflict of interest exists, the duties including the assignment of the employee or special Government employee, and the nature of the conflict of interest or apparent conflict of interest.

(b) Upon receiving the submission from the employee or special Government employee, the reviewing official shall develop any additional information about the case which he deems necessary and may consult with the ethics counselor for GAO. If there is no conflict of interest or apparent conflict of interest, the reviewing official will notify the employee or special Government employee, in writing, that he may participate in the assignment. Otherwise the reviewing official shall, depending upon his finding:

(1) Decide that a conflict of interest or apparent conflict of interest exists and requires the employee or special Government employee to divest himself of the conflicting interest, reassign the employee or special Government employee, or take other remedial action in accordance with § 6.63; or

(2) Find that a conflict of interest or apparent conflict of interest exists but that it is not so substantial as to be deemed likely to affect the integrity of the employee's or special Government employee's services. In this case, the reviewing official shall submit the facts in the case and his recommendations, in writing, to the Committee for a determination under paragraph (c) of this section in accordance with § 6.62(b)(2). See paragraph (d) of this section.

(c) In the case of paragraph (b)(2) of this section, the Committee or the Comptroller General, as the case may be, shall make a determination as to whether the conflict of interest or apparent conflict of interest is so substantial as to preclude the employee or special Government employee from participating in the assignment.

(1) If the determination is that the conflict of interest or apparent conflict of interest is substantial enough to disqualify the employee or special Government employee and if divestiture in accordance with § 6.63 cannot be accomplished, his assignment shall be changed. If reassignment is not possible he shall be given the opinion of resigning or facing disciplinary action. A memorandum of disqualification shall be prepared by the Chairperson of the Committee, and forwarded to the employee or special Government employee, with copies to the reviewing official, the ethics counselor for GAO, the Director, Office of Personnel Development and Services (OPDS).

(2) If the determination is that the conflict of interest or apparent conflict of interest is not so substantial as to affect the integrity of the employee's or special Government employee's services, the Chairperson of the Committee shall so notify him, in writing, and the employee or special Government employee is not considered disqualified.

(d) The Committee, the Deputy Comptroller General, and the Comptroller General are the only officials authorized to make a determination that a conflict of interest or apparent conflict of interest is not so substantial as to affect the integrity of the services which the Government may expect from such employee or special Government employee. Heads of divisions and offices and other reviewing officials are not authorized to waive the determination process because the conflict of interest appears to be minor. (See 18 U.S.C. 208.)

Subpart H—Confidential Statements of Employment and Financial Interests

§ 6.51 Purpose of the submission.

(a) The submission of confidential statements of employment and financial interests (GAO Form 310 or 311) is required of the employees and special Government employees listed in § 6.54. The purpose of the submission is to enable reviewing officials (see § 6.47(f) for the definition of "Reviewing Officials") to compare the financial interests and non-Government employment of their staff members with their official duties and assignments in order to avoid the possibility of conflict of interest or apparent conflict of interest. (See § 6.47(a) for the definition of "Conflict of Interest" and § 6.47(b) for the definition of "Apparent Conflict of Interest.") When requested, in order to assist the reviewing official in making these determinations, the employee or special Government employee will explain, in writing, the extent and nature of each interest identified by the reviewing official as requiring amplification. This may include the type and primary function or functions of each corporate or other interests reported. (See also § 6.59(a).)

(b) GAO Form 310 and GAO Form 311 may be referred to as "statements" hereafter in this subpart.

§ 6.52 Effect of disqualifications, statements, and certifications on other requirements.

The requirements listed below are in addition to and not in substitution for or in derogation of any similar requirement imposed by law, order, or regulation.

(a) *Requirements.* (1) If there is a possibility of conflict of interest, each employee and special Government employee shall submit the details of the case, in writing, to his reviewing official. (See § 6.50.)

(2) Specified employees and special Government employees must submit confidential statements of employment and financial interests. (See §6.54)

(b) *Observation of above requirements does not permit participation when prohibited by law.* Observation of the above requirements does not permit an employee or special Government employee to participate in a matter in which his participation is prohibited by law.

§ 6.53 Employee's complaint about filing requirement.

An employee who thinks that his position has been improperly included under this subpart as one requiring the submission of a statement may obtain a

V 42 1182
SEP 20 77
UMI

review of that decision by writing to the Comptroller General in accordance with § 6.64. The section does not apply to special Government employees.

§ 6.54 Those who are required to submit confidential statements of employment and financial interests.

(a) *Employees.* Submission of GAO Form 310, Confidential Statement of Employment and Financial Interests (For Use by Employees), is required of the following GAO employees. (See § 6.3 (a) for the definition of "Employee.")

(1) All GAO professional employees. For the purposes of this part, professional employees include those in statutory positions, positions in grade GS–7 and above in 2-grade interval series, and all other positions in grade GS–13 and above.

(2) The incumbents of certain nonprofessional positions which are particularly susceptible to conflicts of interest because the nature of their work involves decisions or actions which have an economic impact on any non-Federal enterprise. Each reviewing official shall designate any such positions under his supervision.

(b) *Special Government employees.* (1) All special Government employees, including those appointed under Pub. L. 93–604 and Pub. L. 93–344, except for those exempted under § 6.66(b) shall submit GAO Form 311, Confidential Statement of Employment and Financial Interests (For use by Special Government Employees). (See § 6.3(b) for the definition of "Special Government Employee.")

(2) The requirement of paragraph (b)(1) of this section becomes applicable to a special Government employee who is already employed but was exempted therefrom under § 6.66(b) at the time of his employment if the special Government employee is to be assigned to work on a specific review, audit, survey, legal case, or other assignment that is not within the scope of the exemption provided under § 6.66(b).

§ 6.55 When to submit initial statements.

(a) *Employees.* (1) An employee who assumes a position subject to the reporting requirements of § 6.54(a) is required to submit an initial statement to the appropriate reviewing official within 30 days of his assumption of that position.

(2) Employees who are required for the first time to submit statements under § 6.54(a)(1) shall submit initial statements to the appropriate reviewing official within 30 days of the effective date of this part.

(3) Employees who are required for the first time to submit statements under § 6.54(a)(2) shall submit initial statements to the appropriate reviewing official within 30 days of the designation of the position they occupy as one requiring submission of a statement.

(b) *New hires.* New hires to positions in grades GS–13 and above are required to submit statements to the appropriate reviewing official prior to the effective date of their initial appointments to GAO. Before the new hire may be appointed, the appropriate reviewing official must certify that he has reviewed the new hire's statement and that no conflict of interest or apparent conflict of interest exists.

(c) *Special Government employees.* Each special Government employee who is required to submit a statement shall submit it to the appropriate reviewing official prior to the effective date of his initial appointment to GAO. Before a special Government employee may be so appointed, the appropriate reviewing official must certify that he has reviewed the special Government employee's statement and that no conflict of interest or apparent conflict of interest exists.

§ 6.56 To whom to submit statements. (Reviewing officials.)

(a) *Employees.* (1) The Comptroller General shall file his statement with the Director, OPDS, who shall retain it with other such statements.

(2) The following employees shall submit their statements to the Comptroller General.

(i) Deputy Comptroller General;

(ii) General Counsel for the General Accounting Office;

(iii) Assistant comptrollers general;

(iv) Director of Management Services;

(v) Heads of divisions, offices, and staffs who report direct to the Comptroller General; and

(vi) Any other employee who is required to submit a statement, who reports direct to the Comptroller General.

(3) All employees of the Office of the General Counsel who are required to submit statements shall submit their statements to the General Counsel for the General Accounting Office.

(4) The following employees shall submit their statements to the appropriate assistant comptroller general.

(i) Heads of divisions, offices, and staffs who report direct to an assistant comptroller general.

(ii) Any other employee who is required to submit a statement, who reports direct to an assistant comptroller general.

(5) The following employees shall submit their statements to the Director of Management Services.

(i) Heads of offices and staffs who report direct to the Director of Management Services.

(ii) Any other employee who is required to submit a statement, who reports direct to the Director of Management Services.

(6) Regional Managers of the Field Operations Division (FOD) shall submit their statements to the Director, FOD.

(7) Directors of overseas branches of the International Division (ID) shall submit their statements to the Director, ID.

(8) Other employees, except for those described in paragraph (a) (9) and (10) of this section, who are required to submit statements, shall submit them to the heads of their division or office:

(9) Each employee of FOD who is assigned to a regional office who is below the level of regional manager, and who is required to submit a statement, shall submit it to the regional manager.

(10) Each employee of ID who is assigned to an overseas branch, who is below the level of overseas branch director, and who is required to submit a statement, shall submit it to the director of the overseas branch.

(11) Each employee assigned to a Congressional assignment who is required to submit a statement, shall submit it to the Director, Office of Congressional Relations.

(b) *Special government employees.* (1) Special Government employees who report direct to an official above the level of head of division or office (e.g., the Comptroller General, the General Counsel for the General Accounting Office, an assistant comptroller general, etc.), shall submit their statements to the official to whom they report.

(2) Special Government employees who report direct to the Director of Management Services shall submit their statements to that official.

(3) All other special Government employees except those described in paragraph (b)(4) and (5) of this section, shall submit their statements to the head of their division or office.

(4) Each special Government employee who is assigned to a regional office of FOD, shall submit his statement to the regional manager.

(5) Each special Government employee assigned to an overseas branch of ID shall submit his statement to the director of the overseas branch.

(6) A special Government employee who is assigned to more than one of the organizational entities mentioned above (e.g., to two or more divisions or offices), shall submit a copy of his statement to the head of each of the organizational entities to which assigned.

§ 6.57 Additional statements.

(a) *Employees.*—(1) *Annual Additional Statements.* Each employee subject to the reporting requirement of § 6.54(a) shall submit an additional statement to the appropriate reviewing official (see § 6.56) by June 30 of each year. The statement shall consist of a completely executed up-to-date GAO Form 310. It is permissible to submit a copy of the most recently submitted GAO Form 310, initialed under the current date and amended to reflect any changes in or additions to previously submitted material or unamended if no change has taken place. (Each amendment should be initialed and dated by the employee.) However, a brief statement of changes or a statement that no change has occurred is not acceptable. This requirement does not relieve the employee from reporting any conflict of interest or apparent conflict of interest to his reviewing official immediately upon its occurrence. (See § 6.50)

(2) Additional Statements Required Upon Reassignment or Detail. Each employee subject to the reporting requirement of § 6.54(a) shall submit an additional statement to the appropriate reviewing official whenever he is reassigned

or detailed for a period of 30 days or more to a different division or office or to an organizational entity above the level of division or office. The appropriate reviewing official shall request submission of the statement when the employee is reassigned or detailed to his organizational entity. The employee shall submit the statement no later than 15 calendar days after the effective date of the reassignment or detail. The statement shall consist of a completely executed, up-to-date GAO Form 310. It is permissible to submit a copy of the most recently submitted GAO Form 310, initialed under the current date and amended to reflect any changes in or additions to previously submitted material or unamended if no change has taken place. (Each amendment should be initialed and dated by the employee.) However, a brief statement of changes or a statement that no change has occurred is not acceptable.

(b) *Special Government Employees.*—(1) *Annual Additional Statements.* As long as a special Government employee is subject to the reporting requirements of § 6.54(b), he shall submit an additional statement to the appropriate reviewing official (see § 6.56) by June 30 of each year. The statement shall consist of a completely executed, up-to-date GAO Form 311. It is permissible to submit a copy of the most recently submitted GAO Form 311, initialed under the current date and amended to reflect any changes in or additions to previously submitted material or unamended if no change has taken place. (Each amendment should be initialed and dated by the special Government employee.) However, a brief statement of changes or a statement that no change has occurred is not acceptable. This requirement does not relieve the special Government employee from reporting any conflict of interest or apparent conflict of interest to his reviewing official immediately upon its occurrence. (See § 6.50.)

(2) *GAO Form 523.* The appropriate reviewing official shall execute and submit a GAO Form 523 (Certification of Review of Confidential Statement of Employment and Financial Interest for a Special Government Employee and Finding of No Conflicts of Interest) with each initial statement and additional statement from a special Government employee. (See § 6.60 for information on GAO Form 523.)

(3) *Other Additional Statements.* At any other time during his period of service, if there is a substantial change in or an addition to information previously submitted, a special Government employee shall submit a brief statement describing the change or addition. Questions as to what constitutes a substantial change or addition should be directed to the appropriate reviewing official. If that official has further questions, the matter should be referred to the ethics counselor for GAO. (See § 6.7 for information on the ethics counselor for GAO.)

§ 6.58 Additional information about the contents of statements.

(a) *Interests of relatives of employees.* The interest of a spouse, minor child, or other member of an employee's or special Government employee's immediate household is considered to be an interest of the employee or special Government employee. "Member of an employee's or special Government employee's immediate household" means those relatives by blood, marriage, or adoption who are residents of his household. Beyond this, the financial or other interests known to the employee or special Government employee which might cause him to be less than fully objective or give that appearance is also reportable (part V of statements).

(b) *Information not known by an employee or special Government employee.* If any information required to be included in an initial or additional statement, including holdings placed in trust, is not known by an employee or special Government employee but is known to another person, the employee or special Government employee shall request that other person to submit information on his behalf.

(c) *Information not required.* This part does not require employees or special Government employees to include in their initial or additional statements any information relating to their connection with, or interest in, professional societies or charitable, religious, social, fraternal, recreational, public service, civic, or political organizations or similar organizations not conducted as business enterprises. (Educational and other institutions doing research and development or related work involving grants of money from or contracts with the Government are considered to be "business enterprises" and must be included in an employee's or special Government employee's statement.)

§ 6.59 Review of Statements by Reviewing Officials.

(a) The reviewing official (defined in § 6.47(f)), for employees and special Government employees under his jurisdiction, shall review each initial statement of employment and financial interests and each additional statement, together with all relevant information known to him, within 15 calendar days of the date of submission, to determine whether there are any conflicts of interest or apparent conflicts of interest on the part of the individual submitting the statement. If there are no conflicts of interest or apparent conflicts of interest the statement shall be disposed of, immediately thereafter, in accordance with § 6.61. If there is a question of conflict of interest or apparent conflict of interest the 15 calendar days requirement does not apply, but all such cases should be resolved as quickly as possible. If it is pertinent to a conflict-of-interest decision, the reviewing official may request an employee or Special Government employee to supplement the information in the statement by stating the number or amount of shares, stock options, bonds, and other securities owned by him, his spouse, minor child, or other member of his immediate household. (See also § 6.51.)

(b) Reviewing officials shall also review statements on file when employees change duties or assignments within their divisions or offices to determine whether conflicts of interest or apparent conflicts of interest exist in the light of the new duties or assignments.

(c) Reviewing officials do not have the authority to waive conflicts of interest or apparent conflicts of interest as being inconsequential. All such cases must be processed in accordance with § 6.62.

§ 6.60 No conflict of interest or apparent conflict of interest.

(a) When there is no conflict of interest or apparent conflict of interest, the reviewing official will sign the certification on the employee's or special Government employee's GAO Form 310 or 311, respectively.

(b) In connection with special Government employees, the reviewing official shall also complete and sign GAO Form 523, Certification of Review of Confidential Statement of Employment and Financial Interests for Special Government Employee and Finding of No Conflicts of Interest. (This duplicate certification is necessary to meet United States Civil Service Commission requirements that documentation of such certification be maintained in each special Government employee's Official Personnel Folder.)

§ 6.61 Retention and inspection of statements.

(a) *Retention of Statements.* Statements of employees and special Government employees shall be forwarded or retained as follows:

(1) The Comptroller General shall forward his statement to the Director, OPDS, who shall retain it, in confidence, in a safe-lock file.

(2) The statements of all other employees and special Government employees shall be retained, in confidence, by the appropriate reviewing official in a safe-lock file.

(3) A GAO Form 523 shall be sent to OPDS for each special Government employee whose statement is reviewed and signed by a reviewing official.

(4) Reviewing officials shall retain each statement for 3 years and then destroy it, except in an appropriate case when there is written justification to hold it for a longer period.

(b) *Inspection by OPDS.* The statements of employees and special Government employees, retained in confidence by reviewing officials, shall be inspected periodically by the staff of OPDS to insure that all those who are required to submit statements have submitted them. (See § 6.65.)

V 42 182 SEP 20 77 UMI

§ 6.62 Findings of conflict of interest.

If the reviewing officials believes that a statement or other information known to him discloses a conflict of interest or apparent conflict of interest, the employee or special Government employee concerned shall be asked to explain the conflict of interest or apparent conflict of interest. Reviewing officials do not have the authority to waive conflicts of interest or apparent conflicts of interest as being inconsequential. All such cases must be processed, as appropriate, in accordance with the remainder of this section.

(a) *If the Explanation Indicates No Conflict.* If after considering the employee's or special government employee's explanation, no conflict of interest or apparent conflict of interest, in fact, exists, the reviewing official will follow the procedures outlined in § 6.60. (In arriving at this conclusion the reviewing official may, at his discretion, have consulted with the ethics counselor for GAO.)

(b) *If the Explanation Indicates a Conflict.* (1) If the reviewing official determines that there is a substantial conflict of interest or apparent conflict of interest, the shall take remedial action in accordance with § 6.63. (In arriving at this decision the reviewing official may, at his discretion, have consulted with the ethics counselor for GAO.)

(2) If the reviewing official is in doubt as to whether a conflict of interest or apparent conflict of interest exists or believes that the conflict of interest or apparent conflict of interest is not so substantial as to affect the integrity of the employee's or special Government employee's services, he shall report the case to the Committee for final disposition, in accordance with § 6.49. The report shall include:

(i) A description of the interest concerning which a conflict of interest or apparent conflict of interest exists:

(ii) A statement summarizing the duties or the assignment of the employee or special Government employee;

(iii) The nature of the conflict of interest or apparent conflict of interest;

(iv) A summary of the employee's or special Government employee's explanation, if any; and

(v) The conclusions of the reviewing official including reasons therefor and recommendations.

(c) *Decision by the Committee.* (1) Upon receipt of the report, the Committee may, if necessary, give the employee or special Government employee concerned or other interested parties an opportunity to explain the situation. After careful consideration, the Committee shall then make a determination that there is:

(i) No conflict of interest or apparent conflict of interest;

(ii) A conflict of interest or apparent conflict of interest but that it is not so substantial as to be deemed likely to affect the integrity of the services which the Government may expect from such employee or special Government employee; or

(iii) A conflict of interest or apparent conflict of interest that is substantial enough to affect the integrity of the employee's services, in which case, appropriate remedial action should be taken in accordance with § 6.63.

(2) Decisions of the Committee will require the assent of at least four members present and voting. Cases wherein there is agreement of less than four members shall be transmitted with appropriate comments to the Comptroller General or Deputy Comptroller General for final determination.

(3) The Committee will notify the employee or special Government employee, in writing, of its decision, and issue (as an advisory service) periodic reports to the reviewing officials on decisions made by it.

(d) *Decisions by the Comptroller General.* The Comptroller General or the Deputy Comptroller General will notify the employee or special Government employee, in writing, of his determination in cases submitted to him for decision by the Committee in accordance with paragraph (c)(2) of this action.

(e) *Distribution and retention of documents after determination.* (1) The appropriate reviewing official, the ethics counselor for GAO, and the Director, OPDS, shall receive copies of the notice of determination, sent in confidence.

(2) If the reviewing official is a regional manager; the Director, FOD, and the appropriate regional manager, shall receive copies of the notice of determination, sent in confidence.

(3) If the reviewing official is an overseas branch director; the Director, ID, and the appropriate overseas branch director, shall receive copies of the notice of determination, sent in confidence.

(4) The employee's GAO Form 310 or the special Government employee's GAO Form 311 and GAO Form 523, properly executed and signed, plus any documents produced by the employee or special Government employee, shall be disposed of in accordance with the appropriate provisions of § 6.61.

§ 6.63 Remedial action.

(a) When, after consideration of the explanation of the employee or special Government employee, the Committee, the Comptroller General, or the Deputy Comptroller General decides that remedial action is required, the reviewing official shall take immediate steps to end the conflict of interest or the apparent conflict of interest (see § 6.50(b)(1)). Remedial action may include but is not limited to:

(1) Changing the assigned duties of the employee or special Government employee.

(2) Causing the employee or special Government employee to divest himself of the conflicting interest.

(3) Permitting the employee the option of resigning or facing disciplinary action, and a special Government employee the option of resigning or being separated from the rolls.

(b) An employee or special Government employee, who is notified that he must divest himself of a conflicting interest (see paragraph (a)(2) of this section) shall do so within a reasonable period of time after receiving the notification. A reasonable period of time shall be at least 30 calendar days.

§ 6.64 Request for reconsideration of decisions.

(a) Any employee or special Government employee who believes that he has been aggrieved by a conflict-of-interest or apparent conflict-of-interest decision by a head of a division or office, a reviewing official, or the Committee, may request review of his case by the Comptroller General. He may do this by addressing a memorandum to the Comptroller General in which he will identify himself, his position and assignment, the decision appealed from, the area of conflict of interest or apparent conflict of interest, if any, and his reasons for requesting relief. The employee or special Government employee will not be entitled to a hearing.

(b) After careful consideration the Comptroller General will notify the employee or special Government employee, in writing, of his decision which will be final. A copy of this final decision letter will be sent to the pertinent head of division or office, the reviewing official, and the Committee, so that appropriate action may be taken in accordance with the final decision.

(c) Remedial action, whether disciplinary or otherwise, shall be effected in accordance with applicable laws and regulations.

§ 6.65 Access to statements and documents.

Only those persons listed below shall have access to the statements and documents (covered under this subpart) submitted by employees and special Government employees, and then only to carry out the purposes of this part. No disclosure of information shall be made from such statements and documents except as specifically authorized by the Comptroller General for good cause shown.

(a) Comptroller General.

(b) Deputy Comptroller General.

(c) General Counsel for the General Accounting Office.

(d) Assistant comptrollers general.

(e) Director of Management Services.

(f) Appropriate head of division or office.

(g) Ethics Counselor and Deputy Ethics Counselors.

(h) Regional Managers for employees and special Government employees assigned to their respective regional offices.

(i) Directors of overseas branches for employees and special Government employees assigned to their respective overseas branches.

(j) Members of the Committee.

(k) Director and Deputy Director, OPDS, and designee(s) to conduct periodic inspections to insure that all those required to submit statements have submitted them. (See § 6.61(b).)

(1) Director, Office of Internal Review, to conduct periodic evaluations of the ethics and conflicts of interest system.

§ 6.66 Those who are not required to submit statements.

(a) *Nonprofessional Employees.* Nonprofessional employees of GAO are not required by this part to submit statements. They may, however, be required by their respective reviewing officials to submit statements. (See § 6.54(a)(2).) This paragraph does not in any way modify or limit an employee's responsibility under § 6.23, § 6.24, and § 6.56. See also § 6.25.

(b) *Special Government employees.* (1) By reason of 18 U.S.C. 208(b)(2), the provision of § 6.54(b)(1) is waived for special Government employees who are employed to render advice, counsel, or expert services on recruiting or staff development because the nature of their employment and level of responsibility is such that any financial interest which they might have would be too remote or too inconsequential to affect the integrity of their services to the Government.

(2) The Comptroller General or the General Counsel for the General Accounting Office may waive the requirement of § 6.54(b)(1) when either finds that the nature of the special Government employee's work is such that the submission of the statement is not necessary to protect the integrity of his services to the Government.

§ 6.67 Responsibilities in connection with the submission of statements.

All reviewing officials shall insure that statements are submitted by the employees and special Government employees under their supervision by June 30 of each year (or earlier if applicable under § 6.55). After appropriate action has been taken on the statements they shall be retained in accordance with the appropriate provisions of § 6.61.

§ 6.68 Personal copies of statements.

All employees or special Government employees who are required to submit statements under this subpart should make and retain copies thereof for future reporting (see § 6.57), and for their own use.

ELMER B. STAATS,
Comptroller General of the United States.

Title 7—Agriculture

CHAPTER IX—AGRICULTURAL MARKETING SERVICE (MARKETING AGREEMENTS AND ORDERS; FRUITS, VEGETABLES, NUTS), DEPARTMENT OF AGRICULTURE

[Lemon Regulation 109, Amendment 1]

PART 910—LEMONS GROWN IN CALIFORNIA AND ARIZONA

Limitation of Handling

AGENCY: Agricultural Marketing Service, USDA.

ACTION: Amendment to final rule.

SUMMARY: This amendment increases the quantity of California-Arizona lemons that may be shipped to fresh market during the weekly regulation period September 11-17, 1977. The amendment recognizes that demand for lemons has improved, since the regulation was issued. This action will increase the supply of lemons available to consumers.

DATES: Weekly regulation period September 11-17, 1977.

FOR FURTHER INFORMATION CONTACT:

Charles R. Brader, Deputy Director, Fruit and Vegetable Division, Agricultural Marketing Service, U.S. Department of Agriculture, Washington, D.C. 20250, (202-447-3545).

SUPPLEMENTARY INFORMATION: (a) *Findings.* (1) Pursuant to the amended marketing agreement and Order No. 910, as amended (7 CFR Part 910), regulating the handling of lemons grown in California and Arizona, effective under the Agricultural Marketing Agreement Act of 1937, as amended (7 U.S.C. 601-674), and upon the basis of recommendations and information submitted by the Lemon Administrative Committee, established under the marketing agreement and order, and other available information, it is found that the limitation of handling of lemons, as provided in this amendment will tend to effectuate the declared policy of the act.

(2) Demand in the lemon markets has improved since the regulation was issued. Amendment of the regulation is necessary to permit lemon handlers to ship a larger quantity of lemons to market to supply the increased demand. The amendment will increase the quantity permitted to be shipped by 25,000 cartons, in the interest of producers and consumers.

(3) It is further found that it is impracticable and is contrary to the public interest to give preliminary notice, engage in public rulemaking procedure, and postpone the effective date of this amendment until 30 days after publication in the FEDERAL REGISTER (5 U.S.C. 553), because the time intervening between the date when information upon which this amendment is based became available and the time when this amendment must become effective in order to effectuate the declared policy of the act is insufficient, and this amendment relieves restrictions on the handling of lemons.

§ 910.409 [Amended]

(b) *Order, as amended.* Paragraph (a)(1) of § 910.409 (Lemon Regulation 109 (42 FR 45325)) is amended to read as follows: "The quantity of lemons grown in California and Arizona which may be handled during the period September 11, 1977, through September 17, 1977, is established at 240,000 cartons."

(Secs. 1-19, 48 Stat. 31, as amended; 7 U.S.C. 601-674.)

Dated: September 14, 1977.

CHARLES R. BRADER,
Deputy Director, Fruit and Vegetable Division, Agricultural Marketing Service.

PART 981—ALMONDS GROWN IN CALIFORNIA

Expenses of the Board and Rate of Assessment for the 1977-78 Crop Year

AGENCY: Agricultural Marketing Service, USDA.

ACTION: Final rule.

SUMMARY: This regulation authorizes expenses of $6,401,620 and a rate of assessment of 2.18 cents per pound (Kernelweight basis) for the maintenance and functioning of the Almond Board of California. This regulation enables the Board to collect assessments from handlers on all almonds handled and use the resulting funds for its expenses.

EFFECTIVE DATE: For the 1977-78 crop year beginning July 1, 1977.

FOR FURTHER INFORMATION CONTACT:

Charles R. Brader, Deputy Director, Fruit and Vegetable Division, AMS, U.S. Department of Agriculture, Washington, D.C. 20250, Telephone 202-447-3545.

V 42 182 SEP 20 77 UMI

SUPPLEMENTARY INFORMATION: The marketing agreement, and Order No. 981, both as amended (7 CFR 981), regulate the handling of almonds grown in California. They are effective under the Agricultural Marketing Agreement Act of 1937, as amended (7 U.S.C. 01–674). The Board, established under the order, is responsible for its local administration.

Notice was published in the August 22, 1977, FEDERAL REGISTER (42 FR 42227) inviting written comments by September 7, 1977. No comments were received.

Findings. After consideration of all relevant matters, including the proposals in the notice, it is found that the following expenses and rate of assessment should be approved.

It is further found that good cause exists for not postponing the effective time of this action until 30 days after publication in the FEDERAL REGISTER (5 U.S.C. 553) in that: (1) The relevant provisions of said marketing agreement and this part require that the rate of assessment fixed for a particular crop year shall be applicable to all almonds received by handlers for their own accounts during such crop year; and (2) the current crop year began July 1, 1977, and the rate of assessment herein fixed will automatically apply to all such almonds beginning with that date.

The expenses and assessment rate as set forth in § 981.327 are as follows:

§ 981.327 Expenses of the Board and rate of assessment for the 1977–78 crop year.

(a) *Expenses.* Expenses in the amount of $6,401,620 are reasonable and likely to be incurred by the Board during the crop year beginning July 1, 1977, for its maintenance and functioning and for such purposes as the Secretary may, pursuant to the provisions of this part, determine to be appropriate.

(b) *Rate of assessment.* The rate of assessment for said crop year, payable by each handler in accordance with § 981.81, less any amount credited pursuant to § 981.41 but not to exceed 2 cents per pound of almonds (kernal weight basis), is fixed at 2.18 cents per pound of almonds (kernel weight basis).

(Secs. 1–19, 48 Stat. 31, as amended; 7 U.S.C. 601–674.)

Dated: September 14, 1977.

CHARLES R. BRADER,
Deputy Director,
Fruit and Vegetable Division.

[FR Doc.77–27264 Filed 9–19–77;8:45 am]

PART 981—HANDLING OF ALMONDS GROWN IN CALIFORNIA

Salable and Reserve Percentages for 1977–78 Crop Year

AGENCY: Agricultural Marketing Service, USDA.

ACTION: Final rule.

SUMMARY: This rule establishes marketing percentages for California almonds for the 1977–78 crop year. Under the rule, 100 percent of the marketable almonds are salable, and handlers can ship almonds freely to all markets. The anticipated marketable supply is expected to equal the market needs.

EFFECTIVE DATE: For the 1977–78 crop year beginning July 1, 1977.

FOR FURTHER INFORMATION CONTACT:

Charles R. Brader, Deputy Director, Fruit and Vegetable Division, Agricultural Marketing Service, U.S. Department of Agriculture, Washington, D.C. 20250 (202–447–3545).

SUPPLEMENTARY INFORMATION: Notice was published in the August 22, 1977, issue o fthe FEDERAL REGISTER (42 FR 42227) of a proposal to establish salable and reserve percentages of 100 percent and 0 percent, respectively, for the 1977–78 crop year, beginning July 1, 1977.

The proposal was unanimously recommended by the Almond Board of California. The Board is established under the marketing agreement, as amended, and Order No. 981, as amended (7 CFR Part 981), regulating the handling of almonds grown in California. The amended marketing agreement and order are effective under the Agricultural Marketing Agreement Act of 1937, as amended (7 U.S.C. 601–674).

The notice afforded interested persons the opportunity to submit written data, views, or arguments with respect to the proposal. No comments were received.

In arriving at its recommendation, the Board estimated production, handler carryover as of July 1, 1977, and other factors as prescribed in § 981.49 related to the establishing of salable and reserve percentages.

The Board estimated the total 1977 marketable production at 288 million pounds, which is 30 million pounds more than last year's record redetermined production of 258 million pounds. The total marketable supply is expected to be 361 million, 44 million pounds more than last year's record marketable supply. The Board noted that even with such abundant supplies, it expects to ship 280 million pounds of almonds to domestic and export markets during the 1977–78 crop year. This is 36 million pounds more than last year's record shipments. The Board anticipates a continued strong demand for almonds through the current crop year.

After consideration of all relevant matter presented, including that in the notice, the Board's recommendation and supporting information, and other available information, it is found that to establish salable and reserve percentages as hereinafter set forth will tend to effectuate the declared policy of the act.

It is also found that good cause exists for not postponing the effective time of this action until 30 days after publication in the FEDERAL REGISTER (5 U.S.C. 553) in that: (1) The relevant provisions of said amended marketing agreement and this part require that salable and reserve percentages designated for a particular crop year shall be applicable to all almonds received by handlers for their own accounts during such year; (2) the current crop year began on July 1, 1977, and the percentages established herein will automatically apply to all such almonds beginning with such date; and (3) this action places no restriction on handlers.

Therefore, the salable and reserve percentages for almonds received by handlers for their own account during the 1977–78 crop year are established as follows:

§ 981.227 Salable and reserve percentages for almonds during the crop year beginning July 1, 1977.

The salable and reserve percentages during the crop year beginning July 1, 1977, shall be 100 percent and 0 percent, respectively.

(Secs. 1–19, 48 Stat. 31, as amended (7 U.S.C. 601–674).)

Dated: September 15, 1977.

CHARLES R. BRADER,
Deputy Director,
Fruit and Vegetable Division.

[FR Doc.77–27279 Filed 9–19–77;8:45 am]

PART 991—HOPS OF DOMESTIC PRODUCTION

Expenses of the Hop Administrative Committee and Rate of Assessment for the 1977–78 Marketing Year

AGENCY: Agricultural Marketing Service, USDA.

ACTION: Final rule.

SUMMARY: This regulation authorizes expenses of $195,230 and a rate of assessment of 0.3 cent per pound of salable hops handled, for the maintenance and functioning of the Hop Administrative Committee. This regulation enables the Committee to collect assessments from handlers on all hops handled and use the resulting funds for its expenses.

EFFECTIVE DATE: For the 1977–78 marketing year beginning August 1, 1977.

FOR FURTHER INFORMATION CONTACT:

Charles R. Brader, Deputy Director, Fruit and Vegetable Division, AMS, U.S. Department of Agriculture, Washington, D.C. 20250, Telephone 202–447–3545.

SUPPLEMENTARY INFORMATION: Order No. 991, as amended (7 CFR 991), regulates the handling of hops of domestic production, and is effective under the Agricultural Marketing Agreement Act of 1937, as amended (7 U.S.C. 601–674). The Committee, established under the order, is responsible for its local administration.

Notice was published in the August 22, 1977, FEDERAL REGISTER (42 FR 42227) inviting written comments by September 7, 1977. No comments were received.

Findings. After consideration of all relevant matters, including the proposals in the notice, it is found that the following expenses and rate of assessment should be approved.

It is further found that good cause exists for not postponing the effective time of this action until 30 days after publication in the FEDERAL REGISTER (5 U.S.C. 553) in that: (1) The relevant provisions of the amended marketing order require that the rate of assessment fixed for a particular marketing year shall be applicable to all salable hops handled during such year; and (2) the current marketing year began on August 1, 1977, and the rate of assessment herein fixed will automatically apply to all such hops beginning with that date.

The expenses and assessment rate as set forth in § 991.312 are as follows:

§ 991.312 Expenses of the Hop Administrative Committee and rate of assessment for the 1977–78 marketing year.

(a) *Expenses.* Expenses in the amount of $195,230 are reasonable and likely to be incurred by the Hop Administrative Committee during the marketing year beginning August 1, 1977, for its maintenance and functioning and for such purposes as the Secretary may, pursuant to the provisions of this part, determine to be appropriate.

(b) *Rate of assessment.* The rate of assessment for said marketing year. Payable by each handler in accordance with § 991.56 is fixed at 0.3 cent per pound of salable hops.

(Secs. 1–19, 48 Stat. 31, as amended; 7 U.S.C. 601–674.)

Dated: September 14, 1977.

CHARLES R. BRADER,
Deputy Director,
Fruit and Vegetable Division.

[FR Doc.77–27265 Filed 9–19–77;8:45 am]

Title 9—Animals and Animal Products

CHAPTER I—ANIMAL AND PLANT HEALTH INSPECTION SERVICE, DEPARTMENT OF AGRICULTURE

SUBCHAPTER C—INTERSTATE TRANSPORTATION OF ANIMALS (INCLUDING POULTRY) AND ANIMAL PRODUCTS

PART 82—EXOTIC NEWCASTLE DISEASE; AND PSITTACOSIS OR ORNITHOSIS IN POULTRY

Area Released From Quarantine

AGENCY: Animal and Plant Health Inspection Service, USDA.

ACTION: Final rule.

SUMMARY: The purpose of this amendment is to release a portion of Kern County in California from the areas quarantined because of exotic Newcastle disease. Surveillance activity indicates that exotic Newcastle disease no longer exists in the area quarantined. No areas remain under quarantine in the State of California.

EFFECTIVE DATE: September 15, 1977.

FOR FURTHER INFORMATION CONTACT:

Dr. M. A. Mixson, USDA, APHIS, VS, Federal Building, Room 748, Hyattsville, Md. 20782 (301–436–8073).

SUPPLEMENTARY INFORMATION: This amendment excludes a portion of Kern County in California from the areas quarantined because of exotic Newcastle disease under the regulations in 9 CFR Part 82, as amended. Therefore the restrictions pertaining to the interstate movement of poultry, mynah, and psittacine birds, and birds of all other species under any form of confinement, and their carcasses and parts thereof, and certain other articles from quarantined areas, as contained in 9 CFR Part 82, as amended, will not apply to the excluded area.

Accordingly, Part 82, Title 9, Code of Federal Regulations, is hereby amended in the following respects.

§ 82.3 [Amended]

In § 82.3, paragraph (a) (3) relating to the State of California is deleted.

(Secs. 4–7, 23 Stat. 32, as amended; Secs. 1 and 2, 32 Stat. 791–792, as amended; secs. 1–4, 33 Stat. 1264, 1265, as amended; secs. 3 and 11, 76 Stat. 130, 132 (21 U.S.C. 111–113, 115, 117, 120, 123–126, 134b, 134f); 37 FR 28464, 28477; 38 FR 19141.)

The amendment relieves certain restrictions no longer deemed necessary to prevent the spread of exotic Newcastle disease, and must be made effective immediately to be of maximum benefit to affected persons. It does not appear that public participation in this rulemaking proceeding would make additional relevant information available to the Department.

Accordingly, under the administrative procedure provisions in 5 U.S.C. 553, it is found upon good cause that notice and other public procedure with respect to the amendment are impracticable and unnecessary, and good cause is found for making it effective less than 30 days after publication in the FEDERAL REGISTER.

Done at Washington, D.C., this 15th day of September, 1977.

NOTE.—The Animal and Plant Health Inspection Service has determined that this document does not contain a major proposal requiring preparation of an Inflation Impact Statement under Executive Order 11821 and OMB Circular A–107.

PIERRE A. CHALOUX,
Deputy Administrator
Veterinary Services.

Title 12—Banks and Banking

CHAPTER II—FEDERAL RESERVE SYSTEM

SUBCHAPTER A—BOARD OF GOVERNORS OF THE FEDERAL RESERVE SYSTEM

PART 201—EXTENSIONS OF CREDIT BY FEDERAL RESERVE BANKS

Changes in Rates

AGENCY: Board of Governors of the Federal Reserve System.

ACTION: Change in discount rates.

SUMMARY: The Board of Governors has amended its Regulation A, "Extensions of Credit By Federal Reserve Banks," for the purpose of adjusting discount rates with a view to accommodating commerce and business in accordance with other related rates and the general credit situation of the country.

EFFECTIVE DATE: The changes were effective on the dates specified below.

FOR FURTHER INFORMATION CONTACT:

Theodore E. Allison, Secretary, Board of Governors of the Federal Reserve System, Washington, D.C. 20551 (202–452–3257).

Pursuant to section 14(d) of the Federal Reserve Act (12 U.S.C. 357), Part 201 is amended as set forth below:

1. Section 201.51 is amended to read as follows:

§ 201.51 Advances and discounts for member banks under sections 13 and 13a.

The rates for all advances and discounts under sections 13 and 13a of the Federal Reserve Act (except advances under the last paragraph of such section 13 to individuals, partnerships, or corporations other than member banks) are:

Federal Reserve Bank of—	Rate	Effective
Boston	5½	Sept. 2, 1977
New York	5½	Aug. 31, 1977
Philadelphia	5½	Aug. 30, 1977
Cleveland	5½	Do.
Richmond	5½	Do.
Atlanta	5½	Do.
Chicago	5½	Do.
St. Louis	5½	Do.
Minneapolis	5½	Do.
Kansas City	5½	Sept. 2, 1977
Dallas	5½	Do.
San Francisco	5½	Do.

2. Section 201.52 is amended to read as follows:

§ 201.52 Advances to member banks under section 10(b).

(a) The rates for advances to member banks under section 10(b) of the Federal Reserve Act are:

Federal Reserve Bank of—	Rate	Effective
Boston	6¼	Sept. 2, 1977
New York	6¼	Aug. 31, 1977
Philadelphia	6¼	Aug. 30, 1977
Cleveland	6¼	Do.
Richmond	6¼	Do.
Atlanta	6¼	Do.
Chicago	6¼	Do.
St. Louis	6¼	Do.
Minneapolis	6¼	Do.
Kansas City	6¼	Sept. 2, 1977
Dallas	6¼	Do.
San Francisco	6¼	Do.

(b) The rates for advances to member banks for prolonged periods and significant amounts under section 10(b) of the Federal Reserve Act and § 201.2(e)(2) of Regulation A are:

Federal Reserve Bank of—	Rate	Effective
Boston	6¼	Sept. 2, 1977
New York	6¼	Aug. 31, 1977
Philadelphia	6¼	Aug. 30, 1977
Cleveland	6¼	Do.
Richmond	6¼	Do.
Atlanta	6¼	Do.
Chicago	6¼	Do.
St. Louis	6¼	Do.
Minneapolis	6¼	Do.
Kansas City	6¼	Sept. 2, 1977
Dallas	6¼	Do.
San Francisco	6¼	Do.

V 42 182 SEP 20 77 UMI

3. Section 201.53 is amended to read as follows:

§ 201.53 Advances to persons other than member banks.

The rates for advances under the last paragraph of section 13 of the Federal Reserve Act to individuals, partnerships, or corporations other than member banks secured by direct obligations of, or obligations fully guaranteed as to principal and interest by, the United States or any agency thereof are:

Federal Reserve Bank of—	Rate	Effective
Boston	8½	Sept. 2, 1977
New York	8½	Aug. 31, 1977
Philadelphia	8½	Aug. 30, 1977
Cleveland	8½	Do.
Richmond	8½	Do.
Atlanta	8½	Do.
Chicago	8½	Do.
St. Louis	8½	Do.
Minneapolis	8½	Do.
Kansas City	8½	Sept. 2, 1977
Dallas	8½	Do.
San Francisco	8½	Do.

((12 U.S.C. 248(i)). Interprets or applies 12 U.S.C. 357.)

By order of the Board of Governors, September 12, 1977.

GRIFFITH L. GARWOOD,
Deputy Secretary of the Board.

[FR Doc.77-27081 Filed 9-19-77;8:45 am]

Title 13—Business Credit and Assistance

CHAPTER I—SMALL BUSINESS ADMINISTRATION

[Amdt. 7]

PART 113—NONDISCRIMINATION IN FINANCIAL ASSISTANCE PROGRAMS OF SMALL BUSINESS ADMINISTRATION—EFFECTUATION OF POLICIES OF FEDERAL GOVERNMENT AND SBA ADMINISTRATOR

Inclusion of the Nondiscrimination Sanctions Contained in the Equal Credit Opportunity Act Amendments of 1976, and Addition of Appendix A

AGENCY: Small Business Administration.

ACTION: Final rule.

SUMMARY: This amendment will put into effect the requirements of the Equal Credit Opportunity Act, as amended, by making it unlawful for any recipient creditor to discriminate against any applicant with respect to any aspect of a credit transaction because of race, color, religion, national origin, sex, marital status, age; *Provided*, The applicant has the capacity to contract, because all or part of the applicant's income derives from any public assistance program, or because the applicant has in good faith exercised any right under the Consumer Credit Protection Act. It also adds a listing of the types of Federal financial assistance which are covered by this part.

EFFECTIVE DATE: September 20, 1977.

FOR FURTHER INFORMATION CONTACT:

J. Arnold Feldman, Chief, Compliance Division, Small Business Administration, 1441 L Street NW., 12th Floor, Vermont Building, Washington, D.C. 20416 (202-653-6054).

SUPPLEMENTARY INFORMATION: On June 8, 1977, there was published in the FEDERAL REGISTER a notice that the Small Business Administration (SBA) proposed to extend its nondiscrimination coverage to effectuate the requirements of the Equal Credit Opportunity Act, as amended, and to add a listing of the types of Federal financial assistance which are to be covered by 13 CFR Part 113. Interested parties were given until June 30, 1977, to submit comments, suggestions, or objections regarding the proposed amendment. Following publication, a comment was received, objecting to SBA's proposed enforcement of the nondiscrimination sanctions under the Equal Credit Opportunity Act, as amended. However, because of a prior agreement allowing SBA to enforce this Act with respect to its recipients, the proposed amendment was not changed. Accordingly, Part 113 of Chapter I of Title 13 CFR is hereby amended by:

1. Redesignating § 113.1(b) as § 113.1 (c) and adding the following as § 113.1 (b):

§ 113.1 Purpose.

* * * * *

(b) In accordance with Pub. L. 94-239, 15 U.S.C. 1691, cited as the Equal Credit Act Amendments of 1976, it is unlawful for any recipient creditor to discriminate against any applicant, with respect to any aspect of a credit transaction because of race, color, religion, national origin, sex, marital status, age; *Provided*, The applicant has the capacity to contract, because all or part of the applicant's income derives from any public assistance program, or because the applicant has in good faith exercised any right under the Consumer Credit Protection Act.

* * * * *

2. Adding § 113.3(e) to read as follows:

§ 113.3 Discrimination prohibited.

* * * * *

(e) With regard to the granting of credit by all recipient creditors, discriminate against any applicant, with respect to any aspect of a credit transaction, because of race, color, religion, national origin, sex, marital status, age; *Provided*, The applicant has the capacity to contract, because all or part of the applicant's income derives from any public assistance program, or because the applicant has in good faith exercised any right under the Consumer Credit Protection Act.

3. Adding Appendix A to the end of Part 113.

APPENDIX A

Name of program	*Authority*

Title 14—Aeronautics and Space

CHAPTER II—CIVIL AERONAUTICS BOARD

SUBCHAPTER B—PROCEDURAL REGULATIONS

[Procedural Regulation Docket No. 30247; PR-167, Enactment of Part]

PART 313—IMPLEMENTATION OF THE ENERGY POLICY AND CONSERVATION ACT

AGENCY: Civil Aeronautics Board.

ACTION: Final rule.

SUMMARY: This rule adopts a new Part 313 of the Board's Procedural Regulations implementing the Board's role under the Energy Policy and Conservation Act, Pub. L. 94-163, 42 U.S.C. 6201 et seq. (EPCA). The purpose of these regulations is to establish procedures and guidelines for carrying out the Board's responsibility under EPCA to include in any major regulatory action taken by the Board a statement of the probable impact of such action on energy efficiency and energy conservation.

DATES: Effective: October 20, 1977. Adopted: September 8, 1977.

FOR FURTHER INFORMATION CONTACT:

Ivars V. Mellups, Office of the General Counsel, Civil Aeronautics Board, 1825 Connecticut Avenue NW., Washington, D.C. 20428 (202-673-5208).

SUPPLEMENTARY INFORMATION: On December 22, 1976, the Board issued a Notice of Proposed Rulemaking (NPRM) which stated that it had under consideration the adoption of a new Part 313 of its Procedural Regulations entitled "Implementation of The Energy Policy and Conservation Act" (PDR-42, 41 FR 56669 (December 29, 1976)). The notice was accompanied by a proposed regulation and an explanatory statement. Interested persons were afforded an opportunity to participate in the rulemaking by filing written comments on or before March 14, 1977.[1] Comments were filed by Continental Air Lines, Inc., Braniff Airways, Inc., and the Federal Energy Administration.[2]

The Board has considered the filed comments, which are discussed below, and has determined to issue the proposed rule as its final regulation, with only minor stylistic changes. In reaching this conclusion, the Board, except to the extent modified here, adopts and makes final the tentative findings and analysis set forth in the explanatory statement accompanying the NPRM.

For the most part the comments, while recommending some changes in the Board's proposed regulation, do not present striking departures from the Board's approach. Thus, Braniff agrees with the Board's view that many Board actions are not of "major" regulatory significance and do not require the preparation of an energy impact statement. Moreover, it agrees that "the suggested threshold test of a net annual change in aircraft fuel consumption of ten million gallons or more, compared to the probable consumption of fuel were the action not to be taken, is a reasonable figure to use in gaining required experience." It also agrees with the Board's reservations on how energy efficiency should be evaluated and weighed. Nevertheless, it admonishes that there are two areas the Board suggests for measurement of energy efficiency that are "unacceptable without difficult and possibly unachievable qualifications," namely, "(1) load factors and (2) a 1972 base year." We cannot agree with this extreme conclusion. For the reasons stated in the explanatory statement accompanying the NPRM we believe these factors are entitled to consideration in the determination of energy efficiency, although we recognize that Braniff has presented rational bases for limiting the weight to be accorded to load factors and the 1972 base period. In any event, we have made it clear that neither load factor nor the 1972 base year should be exclusive or necessarily controlling. Braniff itself "recognize[s] that the Board plans to closely scrutinize all allegedly quantifiable efficiency criteria in any action taken under" EPCA. In sum, we believe that the rule is sufficiently flexible to take account of the limitations of any particular means of measuring energy efficiency.

Continental's suggestions for changes in the proposed rules are directed to minimizing the weight to be accorded to findings on energy conservation and energy efficiency in determining the balance to be drawn between such factors and those enumerated in section 102 of the Act for determining the "public interest" and the "public convenienc eand necessity." Thus, it would strike the first sentence of section 313.2, which states that the Board will view the conservation of energy and the neergy efficiency improvement goals of EPCA as part of the Board's overall mandate, to be considered along with the public interest and public convenience and necessity factors enumerated in section 102 of the Act. Likewise, Continental would strike subparagraph (3) of section 313.6(a), which provides that energy impact statements shall normally include findings and conclusions about "the balance struck between energy factors and other public interest and public convenience and necessity factors in the decision." We reject these proposed changes. We see no reason to obscure what should be seen and understood. EPCA objectives represent a Congressional mandate to the Board which the Board will follow. The determination of whether the factors set forth in section 102, such as competition, are entitled to greater or conclusive weight as against the EPCA factors, is a fruitless exercise in the abstract, in which we will not indulge. As a practical matter, the issue will always be presented in a concrete situation and both the 102 factors and the EPCA factors will be considered together, with the outcome depending on the factual situation presented. The Board's regulation should, as it now does, describe the course of action that will in fact be followed.[3]

Continental also disagrees with the proposed rule because of "its inflexibility in dictating that a case is a 'major regulatory action' when it gives rise to the consumption of 10 million gallons of fuel." It fears that in competitive route proceedings short-term consumption of fuel will assume a measure of importance far beyond the long-range impact. In view of the Board's detailed analysis of this situation in the explanatory statement, there is little reason for Continental to be fearful. The fact is that Continental cannot reasonably expect the Board to decide, in a procedural regulation, cases which have not yet arisen.

The comments of the Federal Energy Administration (FEA) are more sympathetic to the goals of EPCA. It made three recommendations for changes in the proposed rule which will be discussed. First, it suggests that the Board's procedures be revised to require applicants to submit multi-year estimates of fuel requirements and load factors in the initial application submitted to the Board. This is consistent with Continental's approach in first competitive service cases, although Continental thinks such data will show reduced fuel consumption over time and FEA the opposite. We need not speculate on the result. The question is whether multi-year estimates of fuel consumption and load factors should be required of all applicants at the time applications are filed. We think not. The Board's judgment was, and remains, that such matters should be left to the direction of the administrative law judge, who will be fully informed of the circumstances in the particular case. The evidence requests may thus be tailored to the particular circumstances so that adequate evidence is secured and wasted time and effort avoided. Nothing in the comments challenges the soundness of our previous judgment.

An additional consideration is that the objective of realistic multi-year forecasts of fuel consumption and load factors (or any other reasonable measure of energy efficiency), while a worthy one, is likely to be difficult to achieve in the typical Board route case, given the nature of the licensing in which the Board engages and the statutory limitations on the Board's authority to regulate carrier decisions with respect to either

[1] The time was extended to this date by PDR-42A, February 9, 1977 (42 FR 9184, February 15, 1977).

[2] The U.S. Department of the Interior stated that it had no comment.

[3] The regulation deals with the decisional process rather than the outcome of a case. Nothing in *Continental Air Lines, Inc. v. CAB*, 519 F. 2d 944 (D.C. Cir. 1975), cert. denied, 424 U.S. 958 (1976), is to the contrary.

V 42 I 182 SEP 20 77 UMI

equipment or schedules. A certificate of public convenience and necessity granted by the Board ordinarily encompasses operations which may range from none to many. Most of the authority granted by the Board is permissive, and insofar as any specific city-pair market is concerned, does not necessarily result in the provision of any service at all.[4] On the other hand, the authority is typically unlimited in that it includes no ceiling on the amount of service which may be offered by the carrier. In short, the licenses granted by the Board authorize carriers to engage in operations largely as they see fit in responding to the conditions of the marketplace. The open-ended nature of certificate authority reflects the congressional judgment that private enterprise, rather than governmental regulation, should determine the amount of services provided in air transportation. This judgment is embodied in section 401(e)(4) of the Act, which directs the Board that no "term, condition, or limitation of a certificate shall restrict the right of an air carrier to add to or change schedules, equipment, accommodations, and facilities for performing the authorized transportation and service as the development of the business and the demands of the public shall require * * *."

As can be seen from the above, it may well be difficult, if not impossible, to forecast with any degree of reliability the actual operations which newly licensed carriers will conduct or which incumbent carriers will schedule in response to new competition. The problem is exacerbated by the relative ease with which carriers may switch resources—planes, personnel, ground equipment, fuel—from market to market as conditions require. In fact, air carriers' commitments of resources to individual markets are commonly made on a short-term basis, and they have the discretion to alter that commitment on short notice if the need exists. This is in sharp contrast to other common types of activities requiring federal licenses, in which multi-year forecasts of certain consequences, such as fuel consumption or environmental impact, can be quantified with some certainty, since there is often involved a long-term dedication of physical resources to one specific use, such as a highway, a dam, or a nuclear power station. In such cases, it is theoretically feasible to predict with a fair degree of certainty the most direct consequences of the actions and to project those consequences into the future over the predictable life of the facility.

These same considerations affect the economic analysis of the public convenience and necessity factors bearing upon a decision to license or not to license in a route proceeding. Recognizing this, the Board has for many years confined such economic analysis to a single forecast year—or at most two years—selected in advance as the likely first year of operations. Even so, there are limitations on the reliability of such single-year forecasts, since carriers may operate different services than the specific services which they propose in licensing proceedings.[5] Rather, the actual schedules operated if a certificate award is made are subject to the economic conditions prevailing at the time of their implementation, primarily the actual traffic available in the market. These conditions may be substantially different from the assumptions and forecasts on which the forecast year schedules were predicated and, accordingly, the schedules actually operated may differ significantly from those used in economic forecasts. Naturally, the fuel consequences, in terms of consumption or efficiency, will also vary from the proposals. Thus, even the single-year forecasts used in route cases are not to be understood as being precise, but only as "ballpark" estimates of operations under the proposed certificate authority. Given the above, it can be seen that multi-year forecasts, particularly when made before a carrier has marshalled its economic case for hearing, may be no more than a statistical exercise unrelated to reality.

A second recommendation of FEA is that the Board adopt its current load factor standard of 55 percent as a measure of energy efficiency. It will be recognized that this is directly contrary to the position of Braniff. The Board is still satisfied that a passenger load factor or ton load factor is valuable as a measurement of energy efficiency, but as Braniff has pointed out, there are many differences between carrier route systems (stage length, traffic density, operational limitations, etc.) which make the use of a single load factor alone as the measure of energy efficiency unwise. We do not reject load factor as a measure of energy efficiency. But load factors can be determined separately for systems, routes, segments, markets, etc. And a comparison in any particular case with our present 55-percent standard, which is an industry average factor for ratemaking purposes only, may not, therefore, be meaningful. For these reasons, we are not persuaded by FEA that the other considerations we discussed at length in the explanatory statement, to which FEA has not addressed itself, should be abandoned at this time. For the present, we shall retain an open position on the ways to measure efficiency in the use of fuel. Certainly, load factors will be one of the ways.

Finally, FEA recommends that the Board alter the threshold test that triggers the issuance of an energy statement from the 10 million gallon net annual change in aviation fuel consumption embodied in the Board proposal to a dual test: if (1) the net annual increase in fuel consumption resulting from a proposed action were five million gallons, or (2) the proposed action resulted in a load factor below 55 percent. We do not deem it desirable to adopt this recommendation. The 55-percent load factor is a trunkline industry rate-making standard. It is an average against which the industry as a whole is measured for purposes of determining whether or not fares should be adjusted to acheive the regulated rate of return. Employed in this way, it provides an incentive to carriers to avoid excessive capacity on a system basis and a means of guarding consumers from paying for any excess capacity actually operated. However, even though a carrier reaches or exceeds the load factor systemwide for ratemaking purposes, it will inevitably have load factors in numerous city-pair markets exceeding and falling short of 55 percent. Whether the certification of new services in a particular market, or any other Board action, produces a 55-percent load factor will depend on a host of factors unrelated to energy conservation or efficiency. Under the FEA suggestion, a proposed action that increases the load factor in the affected area from 40 to 45 percent would trigger an energy impact statement. The same would be true if the load factor projected for a proposal was only 50 percent, even though the additional annual fuel consumption was only 45,000 gallons.[6] In our judgment the projected load factor cannot alone be used to determine whether an energy statement should be prepared, because (1) it is unrelated to whether a regulatory action is "major"; and (2) it would, in our opinion, impose an undue and unjustified burden on the Board and the parties appearing before it.

The other prong of FEA's triggering device, taken alone, is the same as the one used by the Board, except that FEA would reduce the trigger from 10 million to five million gallons net change in consumption of aviation fuel. The difference between the Board and FEA is a difference in judgment about where a somewhat arbitrary line should be drawn. The Board picked a consumption figure "sufficiently sensitive to encompass virtually all cases in which energy considerations could matter and yet high enough to exclude the vast bulk of Board actions which have little if any meaningful energy impact." The 10 million gallon figure, the Board noted, is "arbitrary to some extent" and should be viewed as an "experimental figure" which "may well be adjusted in the light of experience."

[4] Even where the authority is not permissive, the level of service required from any one carrier to meet the adequacy-of-service requirements of the Federal Aviation Act may be quite minimal, since adequacy of service is measured in terms of the overall services available in any particular market.

[5] Indeed, the schedules presented for Board consideration are often formulated in such a way as to maximize the likelihood of the carriers obtaining the route awards they seek—for example, by maximizing promised service benefits or minimizing the competitive impact on other carriers.

[6] The amount is that calculated by FEA for Apple Valley-Palmdale Nonstop Service authorized by Order 71-6-70. See FEA Comments, Appendix A, p. 6. There are 19 other cases, out of 25 cases analyzed in Appendix A, where the increase in fuel consumption was less than five million gallons a year. Energy statements could have been triggered in all 19 cases by a projected load factor under 55 percent if FEA's proposal were adopted.

The Board found that "this threshold would cover approximately one-half of the route cases currently being handled."

FEA based its proposal for a lower figure on a study of the 25 route awards by the Board between April 1971 and November 1975 and one major route proceeding in 1969, which demonstrated that the net number of additional gallons of fuel required annually as a result of the awards exceeded the Board's threshold level of 10 million gallons in only three of the 25 awards, or 12 percent of the cases. Only 6 of the awards, or 24 percent, exceeded FEA's proposed 5 million gallons.

We find the study enlightening. Unfortunately, as FEA notes, the Board's route activity "was substantially curtailed after 1971," and remained so until 1976. As a result, the FEA study is not representative of our much more active current route program. We adhere to the tentative view expressed in our proposal that approximately half of the route cases currently being handled are of such magnitude as to trigger the preparation of energy impact statements under the Board's proposed threshold. Moreover, we still view our 10 million gallon figure as experimental and we shall not hesitate to change it should the circumstances warrant. For the present we shall adhere to our earlier judgment.

Accordingly, the Board adopts a new Part 313 of the Board's Procedural Regulations (14 CFR Part 313) to read as follows:

Sec.

313.1 Purpose, Scope, and Authority.
313.2 Policy.
313.3 Definitions.
313.4 Major Regulatory Actions.
313.5 Energy Information.
313.6 Energy Statements.
313.7 Integration with Environmental Procedures.

AUTHORITY: Sec. 204 of the Federal Aviation Act of 1958, as amended, 72 Stat. 743, 49 U.S.C. 1324; and section 382(b) of the Energy Policy and Conservation Act, 89 Stat. 940, 42 U.S.C. 6362(b).

§ 313.1 Purpose, Scope, and Authority

(a) The Energy Policy and Conservation Act (42 U.S.C. 6201 et seq., hereinafter "EPCA") authorizes and directs certain actions to conserve energy supplies through energy conservation programs and where necessary, the regulation of certain energy uses, and to provide for improved energy efficiency of motor vehicles, major appliances, and certain other consumer products. In furtherance of these purposes, section 382 of EPCA requires several transportation regulatory agencies, including the Board, to submit a number of reports to the Congress with respect to energy conservation and efficiency, and, where practicable and consistent with the exercise of the Board's authority under other law, to include in any major regulatory action a statement of its probable impact on energy efficiency and energy conservation. Section 382(b) of EPCA directs the Board to define the term "major regulatory action" by rule.

(b) Section 204(a) of the Federal Aviation Act of 1958, as amended (hereinafter "Act"), authorizes the Board to establish such rules, regulations, and procedures as are necessary to the exercise of its functions and are consistent with the purposes of the Act.

(c) The purpose of these regulations is to establish procedures and guidelines for the implementation of the Board's responsibility under EPCA to include in any major regulatory action taken by the Board a statement of the probable impact on energy efficiency and energy conservation.

(d) These regulations apply to all proceedings before the Board, as provided herein.

§ 313.2 Policy.

(a) *General.* It is the policy of the Board to view the conservation of energy and the energy efficiency improvement goals of EPCA as part of the Board's overall mandate, to be considered along with the several public interest and public convenience and necessity factors enumerated in section 102 of the Federal Aviation Act (49 U.S.C. 1302). To the extent practicable and consistent with the Board's authority under the Act and other law, energy conservation and efficiency are to be weighed in the decision-making process just as are the Board's traditional policies and missions.

(b) *Implementation.* Implementation of this policy is through the integration of energy findings and conclusions into decisions, opinions, or orders in proceedings involving a major regulatory action, as defined in this part.

(c) *Proceedings in progress.* The provisions of this Part are intended primarily for prospective application. Proceedings in progress on the effective date of this Part, in which an application has been docketed but no final decision made public, shall adhere to § 313.6(a) of this Part, provided that the fair, efficient, and timely administration of the Board's regulatory activities is not compromised thereby. Nothing herein shall imply a requirement for new or additional hearings, a reopening of the record, or any other procedures which would tend to delay a timely decision in proceedings in progress.

(d) *Hearings.* Public hearings will not normally be held for the purpose of implementing EPCA, particularly in connection with proposed actions which do not require notice and hearing as a prerequisite to decision under the Act. Hearings may be ordered in exceptional circumstances where the proposed action is of great magnitude or widespread public interest and, in addition, presents complex issues peculiarly subject to resolution through evidentiary hearings and the process of cross examination.

§ 313.3 Definitions.

As used in this Part: (a) "Act" means the Federal Aviation Act of 1958, as amended.

(b) "Energy efficiency" means the ratio of the useful output of services in air transportation to the energy consumption of such services.

(c) "Energy statement" is a statement of the probable impact of a major regulatory action on energy efficiency and energy conservation, contained in a decision, opinion, order, or rule.

(d) "EPCA" means the Energy Policy and Conservation Act.

(e) "Major regulatory action" is any decision by the Board or administrative law judge requiring an energy statement pursuant to section 313.4 of this Part.

(f) "NEPA" means the National Environmental Policy Act of 1969.

§ 313.4 Major Regulatory Actions.

(a) Any initial, recommended, tentative or final decision, opinion, order, or final rule is a major regulatory action requiring an energy statement, if it:

(1) May cause a near-term net annual change in aircraft fuel consumption of 10 million (10,000,000) gallons or more, compared to the probable consumption of fuel were the action not to be taken; or

(2) Is specifically so designated by the Board because of its precedential value, substantial controversy with respect to energy conservation and efficiency, or other unusual circumstances.

(b) Notwithstanding section (a)(1), above, the following types of actions shall not be deemed as major regulatory actions requiring an energy statement:

(1) Tariff suspension orders under Section 1002(g) or 1002(j) of the Act, temporary suspensions under Section 401(j) of the Act, emergency exemptions or temporary exemptions not exceeding 24 months under Sections 101(3) or 416(b) of the Act, interim approval of agreements under Section 412, and other proceedings in which timely action is of the essence;

(2) Orders instituting or declining to institute investigations or rulemaking, setting or declining to set applications for hearing, on reconsideration, or on requests for stay;

(3) Other procedural or interlocutory orders; and

(4) Actions taken under delegated authority.

(c) Notwithstanding section (a)(1), above, the Board may provide that an energy statement shall not be prepared in a proceeding which may result in a major regulatory action, if it finds that:

(1) The inclusion of an energy statement is not consistent with the exercise of the Board's authority under the Act or other law;

(2) The inclusion of an energy statement is not practicable because of time constraints, lack of information, or other unusual circumstances; or

(3) The action is taken under laws designed to protect the public health or safety.

§ 315 Energy Information.

(a) It shall be the responsibility of applicants and other parties or participants to a proceeding which may involve a major regulatory action to submit sufficient information about the energy consumption and energy efficiency consequences of their proposals or positions in the proceeding to enable the administra-

V 42 I 182
SEP 20 77
UMI

tive law judge or the Board, as the case may be, to determine whether the proceeding will in fact involve a major regulatory action for purposes of this Part, and if so, to consider the relevant energy factors in the decision and prepare the energy statement.

(b) In proceedings involving evidentiary hearings, the energy information shall be usbmitted at such hearings pursuant to the Board's usual procedural regulations and practices, under control of the administrative law judge or other hearing officer.

(c) In proceedings not involving evidentiary hearings, the energy information shall be submitted at such time as other materials in justification of an application are submitted. Where an application itself is intended as justification for Board action, the energy information shall be submitted with the application. In rulemakings not involving hearings, the energy information shall normally be submitted along with comments on the notice of proposed rulemaking, or as directed in any such notice or any advance notice.

§ 313.6 Energy Statements.

(a) Each major regulatory action shall include, to the extent practicable, consideration of the probable impact of the action taken or to be taken upon energy efficiency and conservation. The administrative law judge or the Board, as the case may be, shall normally make findings and conclusions about:

(1) The net change in energy consumption;

(2) The next change in energy efficiency; and

(3) The balance struck between energy factors and other public interest and public convenience and necessity factors in the decision.

(b) Energy findings and conclusions contained in any initial or recommended decision are a part of that decision and thus subject to discretionary review by the Board.

(c) In the case of orders to show cause initiated by the Board, energy findings and conclusions may be omitted if adequate information is not available. In such instances the energy statement shall be integrated into the final decision.

§ 313.7 Integration with Environmental Procedures.

(a) In proceedings in which an environmental impact statement or a detailed environmental negative declaration is prepared by a responsible official pursuant to the Board's Procedural Regulations implementing the National Environmental Policy Act of 1969 (NEPA), the energy information called for by this Part may be included in that statement or declaration in order to yield a single, comprehensive document. In such instances, the procedures of the Board's NEPA regulations shall govern the submission of the energy information. However, it shall remain the responsibility of the administrative law judge or the Board, as the case may be, to make the findings and conclusions required by §313.6(a) of this Part.

(b) A determination that a major regulatory action within the meaning of EPCA and this Part may be involved in a proceeding is independent from any determination that the proceeding is a "major Federal action significantly affecting the quality of the human environment" within the meaning of NEPA, and vice versa.

By the Civil Aeronautics Board.

PHYLLIS T. KAYLOR,
Secretary.

Title 19—Customs Duties

CHAPTER I—UNITED STATES CUSTOMS SERVICE; DEPARTMENT OF THE TREASURY

[T.D. 77-232]

PART 1—GENERAL PROVISIONS

Ports of Entry

AGENCY: United States Customs Service, Department of the Treasury.

ACTION: Final Rule.

SUMMARY: To obtain more efficient use of Customs personnel, facilities, and resources, and to provide better service to carriers, importers and the public, the United States Customs Service has determined to make certain changes in its field organization. This document extends the Customs port of entry limits of Akron, Ohio; Cleveland, Ohio; and Louisville, Kentucky. Further, the Customs ports of entry of Ashtabula, Ohio, and Conneaut, Ohio, are consolidated into one Customs port of entry.

EFFECTIVE DATE: October 20, 1977.

FOR FURTHER INFORMATION CONTACT:

Robert Schenarts, Inspection and Control Division, United States Customs Service, 1301 Constitution Avenue, NW., Washington, D.C. 20229, (202-566-8151).

SUPPLEMENTARY INFORMATION:

BACKGROUND

As part of its continuing program to obtain more efficient use of personnel, facilities, and resources, and to provide better service to carriers, importers and the public, the United States Customs Service determined that it would be desirable to make certain changes in the field organization of Customs Region IX (Chicago, Illinois). However, prior to making any of these changes, a notice of each proposed change was published in the FEDERAL REGISTER giving interested persons an opportunity to submit relevant data, views, or arguments concerning the proposed changes. After consideration of the comments received in response to the notices, the Customs Service has decided to make the changes set forth in this document.

AKRON, OHIO

On December 15, 1976, notice of a proposal to extend the Customs port of entry limits to Akron, Ohio, was published in the FEDERAL REGISTER (41 FR 54777). No comments were received in response to this proposal.

Accordingly, the port limits of Akron, Ohio, are extended to include all of Summit County, Ohio, and Lake Township in Stark County, Ohio.

CLEVELAND, OHIO

On December 3, 1976, notice of a proposal to extend the Customs port of entry limits of Cleveland, Ohio, was published in the FEDERAL REGISTER (41 FR 53039). One favorable comment was received in response to this proposal.

Accordingly, the port limits of Cleveland, Ohio, are extended to include all of Cuyahoga County, Ohio.

LOUISVILLE, KENTUCKY

Also on December 3, 1976, notice of a proposal to extend the Customs port of entry limits of Louisville, Kentucky was published in the FEDERAL REGISTER (41 FR 53039). The one comment which was received was in favor of the proposed change since the extension would assist many firms located beyond the city limits that are actively engaged in foreign trade. The commenter also noted that the extension would assist in the development of international trade in the publicly-owned industrial park located along the Ohio River in southwestern Jefferson County.

Accordingly, the port limits of Louisville, Kentucky, are extended to include all of Jefferson County, Kentucky, Twelve Mile Island, Kentucky, the townships of Utica, Jeffersonville, and Silver Creek in Clark County, Indiana, and the township of New Albany in Floyd County, Indiana.

ASHTABULA AND CONNEAUT, OHIO

On January 11, 1977, notice of a proposal to consolidate the ports of Ashtabula, Ohio and Conneaut, Ohio, into one Customs port of entry to be known as the Ashtabula/Conneaut Customs port of entry was published in the FEDERAL REGISTER (42 FR 2329). No comments were received in response to this proposal.

Accordingly, the Customs port of entry limits of Ashtabula, Ohio, and Conneaut, Ohio, are consolidated into the Ashtabula/Conneaut Customs port of entry. The geographical limits of the consolidated port of entry include all of the territory within the corporate limits of Ashtabula and Conneaut, Ohio, as well as all the territory located between Ohio State Route 531, also known as Lake Road, and Lake Erie from the western city limits of Conneaut to the eastern city limits of Ashtabula.

AUTHORITY

These organizational changes are made under the authority vested in the President by section 1 of the Act of August 1, 1914, 38 Stat. 623, as amended (19 U.S.C. 2), and delegated to the Secretary of the Treasury by Executive Order No. 10289, September 17, 1951 (3 CFR, 1949-1953 Comp., Ch. II), and pursuant to the authority provided by Treasury Department Order No. 190, Rev. 14 (42 FR 35239).

DRAFTING INFORMATION

The principal author of this document was Marvin M. Amernick, Attorney, Regulations and Legal Publications Division of the Office of Regulations and Rulings, United States Customs Service. However, personnel from other offices of the Customs Service participated in its development, both on matters of substance and style.

AMENDMENTS TO THE CUSTOMS REGULATIONS

§ 1.2 [Amended]

To reflect these changes, the table in section 1.2(c) of the Customs Regulations (19 CFR 1.2(c)) is amended by adding the language "(including the territory described in T.D. 77-232)" directly after "Akron, Ohio (E.O. 4597, Feb. 25, 1927)"; by deleting the language "(including territory described in T.D. 54734)," which appears directly after place the language "(including the territory described in T.D. 77-232)"; by deleting the language "Ashtabula, Ohio" and adding in its place the language "Ashtabula/Conneaut, Ohio (including the territory described in T.D. 77-232)"; by deleting the language "Conneaut, Ohio" and by adding the language "including the territory described in T.D. 77-232)" directly after "Louisville, Ky." all in the column headed "Ports of entry" in the Cleveland, Ohio, Customs district (Region IX).

(Sec. 1, 37 Stat. 434, sec. 1, 38 Stat. 623, as amended (5 U.S.C. 301, 19 U.S.C. 1, 2).)

Dated: September 12, 1977.

BETTE B. ANDERSON,
Under Secretary of the Treasury.

Title 21—Food and Drugs

CHAPTER I—FOOD AND DRUG ADMINISTRATION, DEPARTMENT OF HEALTH, EDUCATION, AND WELFARE

SUBCHAPTER A—GENERAL

[Docket No. 77C-0206]

PART 73—LISTING OF COLOR ADDITIVES EXEMPT FROM CERTIFICATION

Mica

Correction

In FR Doc. 77-21792 appearing at page 38561 in the issue for Friday, July 29, 1977, make the following changes:

1. Some of the subscripts are illegible in the formula at the end of the fifth line of § 73.1496(a)(1), middle column, page 38561. That formula should read "K_2Al_4 (Al_6Si_6)".

2. In the formula at the end of the sixth line of § 73.1496(a)(1), "AL_4" should read "Al_3".

SUBCHAPTER B—FOOD FOR HUMAN CONSUMPTION

[Docket No. 75N-0107]

PART 101—FOOD LABELING

Subpart A—General Provisions

TYI SIZE EXEMPTIONS

AGENCY: Food and Drug Administration.

ACTION: Final rule.

SUMMARY: The agency is amending this regulation to provide that dietary supplements may qualify for the type-size exemptions for small packages. Manufacturers have recently expressed some confusion as to whether dietary supplements qualify for these exemptions. The effect of this amendment will be to make clear that dietary supplements are eligible for these type-size exemptions.

EFFECTIVE DATE: September 20, 1977.

FOR FURTHER INFORMATION CONTACT:

Howard N. Pippin, Bureau of Foods (HFF-312), Food and Drug Administration, Department of Health, Education, and Welfare, 200 C St. SW., Washington, D.C. 20204 (202-245-3092).

SUPPLEMENTARY INFORMATION: Section 101.2 establishes certatin type size and placement requirements with respect to information appearing on packaged foods. Paragrph (c) (1), (2), and (3) of that section, however, provides exemptions from type size requirements for smaller packages meeting certain specific criteria.

One of the criteria required for each of these exemptions is that the label information include "nutrition information • • • in accordance with regulations in this part", i.e., 21 CFR Part 101.

In the FEDERAL REGISTERS of October 19, 1976 (41 FR 46156) and April 19, 1977 (42 FR 20292), the Commissioner of Food and Drugs published final regulations governing composition and labeling of dietary supplements. In the October 19 FEDERAL REGISTER, the Commissioner established a format under 21 CFR 105.85 for the presentation of nutrient information on the labels of dietary supplements that differs from the format established for nutrition labeling of conventional foods under 21 CFR 101.9.

After publication of the final rules on dietary supplements, the Commissioner received inquiries concerning alternate labeling for small packages of dietary supplements. Manufacturers were concerned that because dietary supplements are required by § 105.85 to provide nutrient information in a different format from that established for nutrition labeling under § 101.9, dietary supplements might not qualify for the type-size exemptions for small packages of food established in § 101.2(c) (1), (2), and (3). They assumed that, in order to meet the criteria for the exemption, nutrition information in the format established by § 101.9 must be provided on the label.

The Commissioner did not intend that the format requirements in § 105.85 should preclude small packages of dietary supplements from qualifying for the type-size exemptions established in § 101.2.

He therefore concludes that § 101.2(c) (1), (2), and (3) should be amended to clarify the meaning of "nutrition information" so that dietary supplements will not appear to be excluded because of format requirements.

The Commissioner is amending § 101.2 in paragraph (c) (1) (iii), (2) (iii), and (3) (ii) to read as follows: "The label information includes: (*a*) Nutrition labeling in accordance with § 101.9 of this part or, in the case of a dietary supplement, nutrient information in accordance with § 105.85 of this chapter, and (*b*) A full list of ingredients in accordance with regulations in this part and the policy expressed in § 101.6 of this part."

The Commissioner concludes that these amendments are essentially a clarification of the intended scope of the existing regulations and that, accordingly, under the Administrative Procedure Act (5 U.S.C. 553(b)(B)) prior notice and public procedure are unnecessary for their promulgation. Also, under the Administrative Procedure Act (5 U.S.C. 553(d)(1)) the amendments shall be effective upon publication in the FEDERAL REGISTER because they recognize an exemption.

The Commissioner has considered the environmental effects of the issuance of these amendments and has concluded that under 21 CFR 25.1 these amendments do not constitute a substantial change from existing regulations and that neither an environmental impact statement nor additional environmental assessment is required.

Therefore, under the Federal Food, Drug, and Cosmetic Act (secs. 403, 701 (a), 52 Stat. 1047-1048 as amended, 1055 (21 U.S.C. 343, 371 (a)) and under authority delegated to the Commissioner (21 CFR 5.1), Part 101 is amended in § 101.2 by revising paragraphs (c) (1) (iii), (2) (iii), and (3) (ii) to read as follows:

§ 101.2 Information panel of package form food.

• • • • • •

(c) • • •

(1) • • •

(iii) The label information includes:

(*a*) Nutrition labeling in accordance with § 101.9 or, in the case of a dietary supplement, nutrient information in accordance with § 105.85 of this chapter, and

V 42 I 182
SEP 20 77
UMI

(b) A full list of ingredients in accordance with regulations in this part and the policy expressed in § 101.6.

(2) • • •

(iii) The label information includes:

(a) Nutrition labeling in accordance with § 101.9 or, in the case of a dietary supplement, nutrient information in accordance with § 105.85 of this chapter, and

(b) A full list of ingredients in accordance with regulations in this part and the policy expressed in § 101.6.

(3) • • •

(ii) The label information includes:

(a) Nutrition labeling in accordance with § 101.9 or, in the case of a dietary supplement, nutrient information in accordance with § 105.85 of this chapter, and

(b) A full list of ingredients in accordance with regulations in this part and the policy expressed in § 101.6.

Effective date: These amendments shall be effective September 20, 1977.

(Secs. 408, 701(a), 52 Stat. 1047-1048 as amended (21 U.S.C. 343, 371(a)).)

Dated: September 12, 1977.

JOSEPH P. HILE,
Associate Commissioner for Compliance.

[Docket No. 76P-0128]

PART 133—CHEESES AND RELATED CHEESE PRODUCTS

Provolone, Caciocavallo Siciliano, Mozzarella, and Low Moisture Mozzarella Cheeses; Standards of Identity

Correction

In FR Doc.77-22210 appearing at page 39101 in the issue for Tuesday, August 2, 1977 in the third column, page 39102, the heading of § 133.11, now reading "*§ 133.-111 Caciocavallos siciliano cheese, identity; label statement of optional ingredients.*" should read "*§ 133.111 Caciocavallo siciliano cheese.*

SUBCHAPTER E—ANIMAL DRUGS, FEEDS, AND RELATED PRODUCTS

PART 520—ORAL DOSAGE FROM NEW ANIMAL DRUGS NOT SUBJECT TO CERTIFICATION

Haloxon Drench

AGENCY: Food and Drug Administration.

ACTION: Final rule.

SUMMARY: This rule approves safe and effective use of an intermediate size haloxon packet used for control of gastrointestinal roundworms in sheep and goats. The supplemental application for this use was filed by Burroughs Wellcome Co. The animal drug regulations are amended to reflect this approval.

EFFECTIVE DATE: September 20, 1977.

FOR FURTHER INFORMATION CONTACT:

William D. Price, Bureau of Veterinary Medicine (HFV-123), Food and Drug Administration, Department of Health, Education, and Welfare, 5600 Fishers Lane, Rockville, Md. 20857 (301-443-3442).

SUPPLEMENTARY INFORMATION: Burroughs Wellcome Co., 3030 Cornwallis Rd., Research Triangle Park, NC 27709, filed a supplemental new animal drug application (48-913V) proposing safe and effective use of an intermediate size packet containing 70.7 grams of haloxon used for control of gastrointestinal roundworms in sheep and goats.

This application provides for making an intermediate size packet and corresponding directons for use. This approval does not require a review of the new animal drug application or reaffirmation of the underlying safety and effectiveness data.

In addition, editorial changes are made to reflect current labeling.

Therefore, under the Federal Food, Drug, and Cosmetic Act (sec. 512(i), 82 Stat. 347 (21 U.S.C. 360b(i))) and under authority delegated to the Commissioner (21 CFR 5.1), Part 520 is amended in § 520.1120a by revising paragraph (f) (2) to read as follows:

§ 520.1120a Haloxon drench.

• • • • • •

(f) • • •

(2) *Sheep and goats*—(i) *Amount.*—44.9, 70.7, or 141.5 grams or haloxon per packet.

(ii) *Indications for use.* Control of gastrointestinal roundworms of the genera *Haemonchus, Ostertagia,* and *Cooperia* in sheep and *Haemonchus* in goats.

(iii) *Limitations.* (a) Dissolve the contents of a packet containing 44.9 grams of haloxon in 32 ounces of water and administer as follows:

Weight of animal (pounds)	Dose (fluid ounces)	Milliliters
Up to 50	½	15
50 to 90	1	30
90 to 150	1½	45
Over 150	2	60

(b) Dissolve the contents of a packet containing 70.7 grams of haloxon in 32 ounces of water and administer as follows:

Weight of animal (pounds)	Dose (fluid ounces)	Milliliters
30 to 35	¼	8
35 to 65	½	15
65 to 95	¾	23
95 to 130	1	30
Over 130	1¼	38

(c) Dissolve the contents of a packet containing 141.5 grams of haloxon in 32 fluid ounces of water and administer as follows:

Weight of animal (pounds):	(*Milliliters*)
Up to 21	2.5
22 to 30	4
30 to 50	6
50 to 80	10
80 to 120	15
Over 120	20

(d) Do not treat within 1 week of slaughter; do not treat dairy goats of breeding age; animals should be retreated in 3 to 4 weeks.

Effective date: This regulation becomes effective September 20, 1977.

(Sec. 512(i), 82 Stat. 347 (21 U.S.C. 360b(i)).)

Dated: September 13, 1977.

C. D. VAN HOUWELING,
Director, Bureau of Veterinary Medicine.

PART 548—CERTIFIABLE PEPTIDE ANTIBIOTIC DRUGS FOR ANIMAL USE

Bacitracin Methylene Disalicylate and Streptomycin Sulfate Oral Powder

Correction

In FR Doc. 77-21967 appearing at page 38565 in the issue for Friday, July 29, 1977:

1. In the fifth line of § 548.112d(b)(1)(ii), third column, page 38565, "0.1 M" should read "0.1 *M*".

2. In the fourth line of § 548.112d(c)(3)(i)(b), first column, page 38566, "facitracin" should read "bacitracin".

PART 548—CERTIFIABLE PEPTIDE ANTIBIOTIC DRUGS FOR ANIMAL USE

Bacitracin Methylene Disalicylate and Streptomycin Sulfate Tablets

Correction

In FR Doc. 77-21968 appearing at page 38566 in the issue for Friday, July 29, 1977:

1. In the fourteenth line of § 548.113b(a)(1), middle column, page 38566, "1,000 units" should read "1,000 units".

2. "Spp.", which appears in italics once in the fifth line and twice in the sixth line of § 548.112b(c)(3)(i)(b), should be printed in Roman.

Title 26—Internal Revenue

CHAPTER I—INTERNAL REVENUE SERVICE, DEPARTMENT OF THE TREASURY

SUBCHAPTER A—INCOME TAX

[TD 7508]

PART 1—INCOME TAX: TAXABLE YEARS BEGINNING AFTER DECEMBER 31, 1953

Minimum Participation Standards

AGENCY: Internal Revenue Service, Treasury.

ACTION: Final regulations.

SUMMARY: This document provides final regulations relating to minimum participation standards for qualified retirement plans. Changes in the applicable tax law were made by the Employee Retirement Income Security Act of 1974. These regulations provide necessary guidance to the public for compliance with the law and affect employees covered by qualified retirement plans.

DATE: The regulations have varying effective dates. Most of the effective date rules are dependent upon the time when

a retirement plan came into existence. For plans in existence on January 1, 1974, the regulations are effective for plan years beginning after December 31, 1975. For plans not in existence on January 1, 1974, the regulations are effective for plan years beginning after September 2, 1974.

FOR FURTHER INFORMATION CONTACT:

Richard J. Wickersham of the Legislation and Regulations Division, Office of the Chief Counsel, Internal Revenue Service, 1111 Constitution Avenue NW., Washington, D.C. 20224 (Attention: CC:LR:T) (202-566-3289) (not a toll-free number).

SUPPLEMENTARY INFORMATION:

BACKGROUND

On October 3, 1975, the FEDERAL REGISTER published proposed amendments to the Income Tax Regulations (26 CFR Part 1) under section 410 of the Internal Revenue Code of 1954, 40 FR 45838. The amendments were proposed to conform the regulations to section 1011 of the Employee Retirement Income Security Act of 1974 (88 Stat. 898). A public hearing was held on February 26, 1976. After consideration of all comments regarding the proposed amendments, these amendments are adopted as revised by this Treasury decision.

STATUTORY PROVISIONS

Section 410 of the Code prescribes minimum participation standards for pension, stock bonus, or profit-sharing plans (and their related trusts) seeking to qualify under section 401(a), 403(a), or 405(a) of the Code. These new participation standards impose various requirements on plans. A principal requirement relates to the limitations on age and service conditions which plans may impose for plan participation. Another requirement relates to the minimum coverage of employees in plans.

AGE AND SERVICE REQUIREMENTS

Paragraph (e) of § 1.410(a)-3 relates to certain plan provisions which may be treated as imposing prohibited age and service requirements. This paragraph has been revised to clarify the rules with respect to certain plans for retired employees. In general, a plan which provides supplemental benefits for retired employees to take into account cost-of-living increases will not be treated as imposing a prohibited age and service requirement.

TIME FOR PARTICIPATION

Paragraph (b) of § 1.410(a)-4 relates to the time when an employee must participate in a plan. This provision has been revised to make clear the time at which certain separated employees must participate in a plan.

NONDISCRIMINATORY COVERAGE TEST

Paragraph (d)(2) of proposed § 1.410(b)-1, relating to the nondiscriminatory coverage test, has been withdrawn. The Service intends to repropose regulations at a later date relating to this test. Temporary regulations, which are the same as the withdrawn regulation, will remain in effect.

ELIGIBILITY REQUIREMENTS

Paragraph (d)(7) of proposed § 1.410(b)-1, relating to different eligibility requirements for present and future employees, has been withdrawn. The Service intends to repropose regulations at a later date which will generally allow plans to have different eligibility requirements for present and future employees.

WITHDRAWAL OF SECTIONS MERELY REPRODUCING STATUTORY MATERIAL

As part of the effort to reduce the bulk of the Code of Federal Regulations, those sections of the proposed regulations which merely reproduced various provisions of the Internal Revenue Code are withdrawn.

DRAFTING INFORMATION

The principal author of these regulations was Richard J. Wickersham of the Legislation and Regulations Division of the Office of Chief Counsel, Internal Revenue Service. However, personnel from other offices of the Internal Revenue Service and Treasury Department participated in developing the regulations, both on matters of substance and style.

ADOPTION OF AMENDMENTS TO THE REGULATIONS

Accordingly—

1. The following provisions, as set forth in paragraph 1 of the appendix to the notice of proposed rulemaking, are withdrawn: § 1.410(a); § 1.410(b); paragraph (d) (2) and (7) of § 1.410(b)-1; § 1.410(c); and § 1.410(d).

2. The amendments to 26 CFR Part 1 are hereby adopted, subject to the changes indicated below.

PARAGRAPH 1. Section 1.410(a)-1, as set forth in paragraph 1 of the appendix to the notice of proposed rulemaking, is changed by adding a new paragraph (d) at the end thereof to read as set forth below.

PARAGRAPH 2. Section 1.410(a)-3, as set forth in paragraph 1 of the appendix to the notice of proposed rulemaking, is changed by revising subparagraph (e)(1) and example (4) in subparagraph (e)(2) and adding new examples (5) and (6) in subparagraph (e)(2). These revised and added provisions read as set forth below.

PARAGRAPH 3. Section 1.410(a)-4, as set forth in paragraph 1 of the appendix to the notice of proposed rulemaking, is changed by revising so much of paragraph (b)(1) which follows subdivision (ii) thereof to read as set forth below.

PARAGRAPH 4. Section 1.410(a)-5, as set forth in paragraph 1 of the appendix to the notice of proposed rulemaking, is changed by revising the second sentence of paragraph (a), by revising paragraph (b), by revising the first sentence in the example under paragraph (c)(2)(ii), by revising the first sentence in example (1) under paragraph (c)(3)(ii), by adding a new sentence after the first sentence in paragraph (c)(4)(i), and by revising pararagraph (d). These revised provisions read as set forth below.

PARAGRAPH 5. Section 1.410(b)-1, as set forth in paragraph 1 of the appendix to the notice of proposed rulemaking, is changed by reserving paragraphs (d)(2) and (d)(7) and by adding a new paragraph (d)(9). These reserved and added provisions read as set forth below.

PARAGRAPH 6. Section 1.413-1, as set forth in paragraph 2 of the appendix to the notice of proposed rulemaking, is changed by redesignating paragraph (a) as paragraph (b) and reserving paragraph (a) to read as set forth below.

PARAGRAPH 7. Section 1.413-2, as set forth in paragraph 3 of the appendix to the notice of proposed rulemaking, is changed by redesignating paragraph (a) as paragraph (b) and reserving paragraph (a) to read as set forth below.

(Secs. 410, 7805, Internal Revenue Code of 1954 (88 Stat. 898, 68A Stat. 917 (26 U.S.C. 410, 7805)).)

JEROME KURTZ,
Commissioner of Internal Revenue.

Approved: September 3, 1977.

LAURENCE N. WOODWORTH,
Assistant Secretary of the Treasury.

PARAGRAPH 1. The following new sections are added immediately after § 1.405-3:

§ 1.410(a)-1 Minimum participation standards; general rules.

(a) *In general.* A plan is not a qualified plan (and a trust forming a part of such plan is not a qualified trust) unless the plan satisfies—

(1) The minimum age and service requirements of section 410(a)(1) and § 1.410(a)-3,

(2) The maximum age requirements of section 410(a)(2) and § 1.410(a)-4, and

(3) The minimum coverage requirements of section 410(b)(1) and § 1.410(b)-1.

(b) *Organization of regulations relating to minimum participation standards*—(1) *General rules.* This section prescribes general rules relating to the minimum participation standards provided by section 410.

(2) *Effective dates.* Section 1.410(a)-2 provides rules under section 1017 of the Employee Retirement Income Security Act of 1974 relating to effective dates under section 410.

(3) *Age and service conditions.* Section 1.410(a)-3 provides rules under section 410(a)(1) relating to minimum age and service conditions.

(4) *Maximum age and time of participation.* Section 1.410(a)-4 provides rules under section 410(a)(2) and (4) relating to maximum age and time of participation.

(5) *Year of service; breaks in service.* For rules relating to years of service and breaks in service, see 29 CFR Part 2530 (Department of Labor regulations relating to minimum standards for employee pension benefit plans). See § 1.410(a)-5 for rules under section 410(a)(3)(B)

V 42 I 182
SEP 20 77
UMI

relating to seasonal industries and for certain rules under section 410(a)(5) relating to breaks in service.

(6) *Breaks in service.* Section 1.410(a)-6 provides special rules under section 1017(f) of the Employee Retirement Income Security Act of 1974 relating to amendment of break in service rules.

(7) *Coverage.* Section 1.410(b)-1 provides rules relating to the minimum coverage requirements provided by section 410(b)(1).

(8) *Church election.* Section 1.410(d)-1 provides rules relating to the election by a church to have participation, vesting, funding, etc., provisions apply.

(c) *Application of participation standards to certain plans*—(1) *General rule.* Except as provided in subparagraph (2) of this paragraph, section 410 does not apply to—

(i) A governmental plan (within the meaning of section 414(d) and the regulations thereunder),

(ii) A church plan (within the meaning of section 414(e) and the regulations thereunder) which has not made the election provided by section 410(d) and the regulations thereunder,

(iii) A plan which has not provided for employer contributions at any time after September 2, 1974, and

(iv) A plan established and maintained by a society, order, or association described in section 501(c)(8) or (9), if no part of the contributions to or under such plan are made by employers of participants in such plan.

(2) *Participation requirements.* A plan described in subparagraph (1) of this paragraph shall, for purposes of section 401(a), be treated as meeting the requirements of section 410 if such plan meets the coverage requirements resulting from the application of section 401(a)(3) as in effect on September 1, 1974.

(d) *Supersession.* Section 11.410(a)-1 through 11.410(d)-1 (other than § 11.410(b)-1(d)(2)), inclusive, of the Temporary Income Tax Regulation under the Employee Retirement Income Security Act of 1974 are superseded by this section and §§ 1.410(a)-2 through 1.410(d)-1.

§ 1.410(a)-2 Effective dates.

(a) *Plans not in existence on January 1, 1974.* Under section 1017(a) of the Employee Retirement Income Security Act of 1974, in the case of a plan which was not in existence on January 1, 1974, section 410 and the regulations thereunder apply for plan years beginning after September 2, 1974. See paragraph (c) of this section for time plan is considered in existence.

(b) *Plans in existence on January 1, 1974.* Under section 1017(b) of the Employee Retirement Income Security Act of 1974, in the case of a plan which was in existence on January 1, 1974, section 410 and the regulations thereunder apply for plan years beginning after December 31, 1975. See paragraph (c) of this section for time plan is considered to be in existence.

(c) *Time of plan existence*—(1) *General rule.* For purposes of this section, a plan is considered to be in existence on a particular day if—

(i) The plan on or before that day was reduced to writing and adopted by the employer (including, in the case of a corporate employer, formal approval by the employer's board of directors and, if required, shareholders), even though no amounts had been contributed under the plan as of such day, and

(ii) The plan was not terminated on or before that day.

(2) *Collectively bargained plan.* Notwithstanding subparagraph (1) of this paragraph, a plan described in section 413(a), relating to a plan maintained pursuant to a collective bargaining agreement, is considered to be in existence on a particular day if—

(i) On or before that day there is a legally enforceable agreement to establish such a plan signed by the employer, and

(ii) The employer contributions to be made to the plan are set forth in the agreement.

(3) *Special rule.* If a plan is considered to be in existence on January 1, 1974, under subparagraph (1) of this paragraph, any other plan with which such existing plan is merged or consolidated shall also be considered to be in existence on such date.

(d) *Certain existing plans may elect new provisions*—(1) *In general.* The plan administrator (as defined in section 414(g)) of a plan that was in existence on January 1, 1974, may elect to have the provisions of the Code relating to participation, vesting, funding, and form of benefit (as in effect from time to time) apply to a plan year selected by the plan administrator which begins after September 2, 1974, but before the otherwise applicable effective dates determined under section 1017 (b) or (c), 1021, or 1024 of the Employee Retirement Income Security Act of 1974, and to all subsequent plan years. The provisions referred to are the amendments to the Code made by sections 1011, 1012, 1013, 1015, 1016(a)(1) through (11) and (13) through (27), 1021, and 1022(b) of the Employee Retirement Income Security Act of 1974.

(2) *Election is irrevocable.* Any election made under this paragraph, once made, shall be irrevocable.

(3) *Procedure and time for making election.* An election under this paragraph shall be made by attaching a statement to either the annual return required under section 6058(a) (or an amended return) with respect to the plan which is filed for the first plan year for which the election is effective or to a written request for a determination letter relating to the qualification of the plan under section 401(a), 403(a), or 405(a) of the Code and, if trusteed, the exempt status under section 501(a) of the Code of a trust constituting a part of the plan. If the election is made with a written request for a determination letter, the election may be conditioned upon issuance of a favorable determination letter and will become irrevocable upon issuance of such letter. The statement shall indicate that the election is made under section 1017(d) of the Employee Retirement Income Security Act of 1974 and the first plan year for which the election is effective.

(e) *Examples.* The rules of this section are illustrated by the following examples:

Example (1). A plan is adopted on January 2, 1974, effective as of January 1, 1974. The plan is not considered to have been in existence on January 1, 1974.

Example (2). A plan was in existence on January 1, 1974, and was amended on November 1, 1974, to increase benefits. The fact that the plan was amended is not relevant and the amended plan is considered to be in existence on January 1, 1974.

Example (3). (i) A subsidiary business corporation is a member of a controlled group of corporations within the meaning of IRC section 1563(a). On November 1, 1974, the plan of the parent corporation is amended to provide coverage for employees of the subsidiary corporation. This amendment of the parent corporation's plan does not affect the effective date of section 410 with respect to the parent corporation's plan. No distinction is made for this purpose between employees of the parent corporation and employees of the subsidiary corporation.

(ii) If the subsidiary adopted a separate plan on November 1, 1974, under paragraph (a) of this section, section 410 would apply to that plan for its first plan year beginning after September 2, 1974. However, the adoption of a different plan by the subsidiary would not affect the time section 410 applies to the plan of the parent corporation. If, instead of adopting its own separate plan, the subsidiary merely executed an adoption agreement under the terms of the parent plan providing that a subsidiary, upon the execution of an adoption agreement, will become part of the parent plan, the effective date of section 410 with respect to such plan will not be affected by the adoption of the plan by the subsidiary.

§ 1.410(a)-3 Minimum age and service conditions.

(a) *General rule.* Except as provided by paragraph (b) or (c) of this section, a plan is not a qualified plan (and a trust forming a part of such plan is not a qualified trust) if the plan requires, as a condition of participation in the plan, that an employee complete a period of service with the employer or employers maintaining the plan extending beyond the later of—

(1) *Age 25.* The date on which the employee attains the age of 25; or

(2) *One year of service.* The date on which the employee completes 1 year of service.

(b) *Special rule for plan with 3 year-100 percent vesting.* A plan which provides that after not more than 3 years of service each participant's right to his accrued benefit under the plan is completely nonforfeitable (within the meaning of section 411 and the regulations thereunder) at the time such benefit accrues satisfies the requirements of paragraph (a) of this section if the period of service required by the plan as a condition of participation does not extend beyond the later of—

(1) *Age 25.* The date on which the employee attains the age of 25; or

(2) *Three years of service.* The date on which the employee completes 3 years of service.

(c) *Special rule for employees of certain educational institutions.* A plan maintained exclusively for employees of an educational institution (as defined in section 170(b)(1)(A)(ii)) by an employer exempt from tax under section 501(a) which provides that after 1 year of service each participant's right to his accrued benefit under the plan is completely nonforfeitable (within the meaning of section 411 and the regulations thereunder) at the time such benefit accrues satisfies the requirements of paragraph (a) of this section if the period of service required by the plan as a condition of participation does not extend beyond the later of—

(1) *Age 30.* The date on which the employee attains the age of 30; or

(2) *One year of service.* The date on which the employee completes 1 year of service.

(d) *Other conditions.* Section 410(a), § 1.410(a)-4, and this section relate solely to age and service conditions and do not preclude a plan from establishing conditions, other than conditions relating to age or service, which must be satisfied by plan participants. For example, such provisions would not preclude a qualified plan from requiring, as a condition of participation, that an employee be employed within a specified job classification. See section 410(b) and the regulations thereunder for rules with respect to coverage of employees under qualified plans.

(e) *Age and service requirements*—(1) *General rule.* For purposes of applying the rules of this section, plan provisions may be treated as imposing age or service requirements even though the provisions do not specifically refer to age or service. Plan provisions which have the effect of requiring an age or service requirement with the employer or employers maintaining the plan will be treated as if they imposed an age or service requirement. In general, a plan under which an employee cannot participate unless he retires will impose an age and service requirement. However, a plan may provide benefits which supplement benefits provided for employees covered under a pension plan, as defined in section 3(2) of the Employee Retirement Income Security Act of 1974, satisfying the requirements of section 410(a)(1) without violating the age and service rules.

(2) *Examples.* The rules of this paragraph are illustrated by the following examples:

Example (1). Corporation A is divided into two divisions. In order to work in division 2 an employee must first have been employed in division 1 for 5 years. A plan provision which required division 2 employment for participation will be treated as a service requirement because such a provision has the effect of requiring 5 years of service.

Example (2). Plan B requires as a condition of participation that each employee have had a driver's license for 15 years or more. This provision will be treated as an age requirement because such a provision has the effect of requiring an employee to attain a specified age.

Example (3). A plan which requires 1 year of service as a condition of participation also excludes a part-time or seasonal employee if his customary employment is for not more than 20 hours per week or 5 months in any plan year. The plan does not qualify because the provision could result in the exclusion by reason of a minimum service requirement of an employee who has completed a year of service. The plan would not qualify even though after excluding all such employees, the plan satisfied the coverage requirements of section 410(b).

Example (4). Employer A establishes a plan which covers employees after they retire and does not cover current employees unless they retire. Any employee who works past age 60 is treated as retired. The plan fails to satisfy the requirements of section 410(a) because the plan imposes a minimum age and service requirement in excess of that allowed by this section.

Example (5). Employer B establishes plan X, which provides that employees covered by qualified plan Y will receive benefits supplementing their benefits under plan Y to take into account cost of living increases after retirement. Plan X is not treated as imposing an age or service requirement.

Example (6). Employer C establishes a qualified plan satisfying the minimum age and service requirements. At a later time, entry into the plan is frozen so that employees not covered at that time cannot participate in the plan. The limitation on new participants is not treated as imposing a minimum age and service requirement.

§ 1.410(a)-4 Maximum age conditions and time of participation.

(a) *Maximum age conditions*—(1) *General rule.* A plan is not a qualified plan (and a trust forming a part of such plan is not a qualified trust) if the plan excludes from participation (on the basis of age) an employee who has attained an age specified by the plan unless—

(i) The plan is a defined benefit plan or a target benefit plan, and

(ii) The employee begins employment with the employer after the employee has attained an age specified by the plan, which age is not more than 5 years before normal retirement age (within the meaning of section 411(a)(8) and § 1.411(a)-7).

For purposes of this paragraph, a target benefit plan is a defined contribution plan under which the amount of employer contributions allocated to each participant is determined under a plan formula which does not allow employer discretion and on the basis of the amount necessary to provide a target benefit specified by the plan for such participant. Such target benefit must be the type of benefit which is provided by a defined benefit plan and the targeted benefit must not discriminate in favor of employees who are officers, shareholders, or highly compensated. For purposes of this paragraph, in the determination of the time an employee begins employment, any such time which is included in a period of service which may be disregarded under the break in service rules need not be taken into account.

(2) *Examples.* The rules provided by this paragraph are illustrated by the following examples:

Example (1). A defined benefit plan provides that an employee will become a participant upon completion of 3 years of service if at such time the employee is less than age 60. The normal retirement age under the plan is age 65. The plan also provides full and immediate vesting for each of the plan's participants. Under the plan, an employee hired at age 58 would be denied participation on account of service for the first 3 years and on account of maximum age for the remaining years even though the employee was hired more than 5 years prior to the normal retirement date. The plan therefore does not satisfy section 410(a)(2).

Example (2). A defined benefit plan provides a normal retirement age of the later of age 65 or completion of 10 years of service. Because no employee could ever be hired within 5 years of his normal retirement age, the plan could not exclude employees for being over a specified age.

Example (3). Prior to the effective date of section 410, a defined benefit plan with a normal retirement age of 65 contained a maximum age 55 requirement for participation. Because of the maximum age requirement, an employee hired at age 58 was excluded from the plan. This employee is age 61 at the time that section 410 first applies to the plan. The employee cannot be excluded from participation because of age. The exclusion under section 410(a)(2) is not applicable in this instance because the employee's age at the time of hire, 58, was not within 5 years of the normal retirement age specified in the plan.

Example (4). Employee A was hired at age 50 and participated in a defined benefit plan until separating from service at age 55 with 5 years of service and with no vested benefit. At age 61, employee A was rehired within 5 years of the normal retirement age of 65 after he incurred 6 consecutive breaks in service. Because A's consecutive number of 1-year breaks (6) exceeds his years of service prior to such breaks (5), his service before the breaks may be disregarded. Consequently, A's initial employment date falling within such period may be disregarded and the plan could exclude A on account of his age because his employment commenced within 5 years of normal retirement age.

(b) *Time of participation*—(1) *General rule.* A plan is not a qualified plan (and a trust forming a part of such plan is not a qualified trust) unless under the plan any employee who has satisfied the applicable minimum age and service requirements specified in § 1.410(a)-3, and who is otherwise entitled to participate in the plan, commences participation in the plan no later than the earlier of—

(i) The first day of the first plan year beginning after the date on which such employee first satisfied such requirements, or

(ii) The date 6 months after the date on which he first satisfied such requirements,

unless such employee was separated from service and has not returned before the date referred to in subdivision (i) or (ii), whichever is applicable. If such separated employee returns to service after either of such dates without incurring a 1-year break in service, the employee must commence participation immediately upon his return. In the case of a plan using the elapsed time method described in Department of Labor regulations, such an employee who has a period of absence commencing before the date referred to in subdivision (i) or (ii) (whichever is applicable) must commence participation as of such applicable date no later than the date such

V 42 I 182 SEP 20 77 UMI

absence ended. However, if an employee's prior service is disregarded on account of the plan's break-in-service rules then, for purposes of this subparagraph, such service is also disregarded for purposes of determining the date on which such employee first satisfied the minimum age and service requirements.

(2) *Examples.* The rules provided by this paragraph are illustrated by the following examples:

Example (1). A calendar year plan provides that an employee may enter the plan only on the first semi-annual entry date, January 1 or July 1, after he has satisfied the applicable minimum age and service requirements specified in section 410(a)(1). The plan satisfies the requirements of this paragraph because an employee is eligible to participate no later than the earlier of (1) the first day of the first plan year beginning after he satisfied the applicable minimum age and service requirements, or (2) the date 6 months after he satisfied such requirements.

Example (2). A plan provides that an employee is not eligible to participate until the first day of the first plan year beginning after he has satisfied the minimum age and service requirements of section 410(a)(1). In this case, an employee who satisfies the "6 month" rule described in subparagraph (1) of this paragraph will not be eligible to participate in the plan. Therefore, the plan does not satisfy the requirements of this paragraph.

Example (3). A calendar year plan provides that an employee may enter the plan only on the first semi-annual entry date, January 1 or July 1, after he has satisfied the applicable minimum age and service requirements specified in section 410(a)(1). Employee A after 10 years of service separated from service in 1976 with a vested benefit. On February 1, 1990, A returns to employment covered by the plan. Assuming A completes a year of service after his return, A must participate immediately on his return, February 1. A's prior service cannot be disregarded, because he had a vested benefit when he separated from service. Therefore, the plan may not postpone his participation until July 1.

Example (4). Assume the same facts as in example (3). The plan has the break-in-service rule described in section 410(a)(5)(D) and § 1.410(a)-5(c)(4). Employee B, after he had 5 years of service but no vested benefit incurs 5 consecutive 1-year breaks. Because B's prior service can be disregarded, the plan may postpone B's participation in the plan under the rule described in section 410(a)(4) and this paragraph.

§ 1.410(a)-5 Year of service; break in service.

(a) *Year of service.* For the rules relating to years of service under subparagraphs (A), (C), and (D) of section 410(a)(3), see regulations prescribed by the Secretary of Labor under 29 CFR Part 2530, relating to minimum standards for employee pension benefit plans.

Rules relating to a general rule for a year of service, elapsed time, hours of service, and maritime industries apply for purposes of section 410(a) and the regulations thereunder.

(b) *Seasonal industries.* For rules which relate to seasonal industries under section 410(a)(3)(B), see regulations prescribed by the Secretary of Labor under 29 CFR Part 2530, relating to minimum standards for employee pension benefit plans.

(c) *Breaks in service*—(1) *General rule.* This paragraph provides rules with respect to breaks in service under section 410(a)(5). Except as provided in subparagraphs (2), (3), (4), and (5) of this paragraph, all of an employee's years of service with the employer or employers maintaining a plan are taken into account in computing his period of service under the plan for purposes of section 410(a)(1) and § 1.410(a)-3.

(2) *Employees under 3-year 100 percent vesting schedule*—(i) *General rule.* In the case of an employee who incurs a 1-year break in service under a plan which provides that after not more than 3 years of service, each participant's right to his accrued benefit under the plan is completely nonforfeitable (within the meaning of section 411 and the regulations thereunder) at the time such benefit accrues, the employee's service before the break in service is not required to be taken into account after the break in service in determining the employee's years of service under section 410(a)(1) and § 1.410(a)-3 if such employee has not satisfied such service requirement.

(ii) *Example.* The rules of this subparagraph are illustrated by the following example:

Example. A qualified plan computing service by the actual counting of hours provides full and immediate vesting. The plan can not require as a condition of participation that an employee complete 3 consecutive years of service with the employer because the requirement as to consecutive years is not permitted under section 410 (a) (5). However, such a plan can require 3 years without a break in service, i.e., 3 years with no intervening years in which the employee fails to complete more than 500 hours of service. Under a plan containing such a participation requirement, the following example illustrates when employees would become eligible to participate.

Year	Hours of service completed		
	Employee A	Employee B	Employee C
1	1,000	1,000	1,000
2	1,000	1,000	500
3	1,000	700	1,000
4	1,000	1,000	700
5	1,000	1,000	1,000
6	1,000	1,000	1,000

NOTE.—Employee A will have satisfied the plan's service requirement at the end of year 3, Employee B at the end of year 4, and Employee C at the end of year 6.

(3) *One-year break in service*—(i) *In general.* In computing the period of service of an employee who has incurred a 1-year break in service, for purposes of section 410(a)(1) and § 1.410(a)-3, a plan may disregard the employee's service before the break until the employee completes a year of service after such break in service.

(ii) *Examples.* The rules provided by this subparagraph are illustrated by the following examples:

Example (1). Employee A completes a year of service under a plan computing service by the actual counting of hours for the 12-month period ending December 31, 1980, and incurs a 1-year break in service for the 12-month period ending December 31, 1981. The plan does not contain the provisions permitted by section 410(a)(5)(B) (relating to 3-year 100 percent vesting) and section 410(a)(5)(D) (relating to nonvested participants). Thereafter, he does not complete a year of service. As of January 1, 1982, in computing his period of service under the plan his service prior to December 31, 1981, is not required to be taken into account for purposes of section 410(a)(1) and § 1.410(a)-3.

Example (2). The employee in example (1) completes a year of service for the 12-month period ending December 31, 1982. Prior to December 31, 1982, in computing the employee's period of service as of any date occurring in 1982, the employee's service before December 31, 1981, is not required to be taken into account for purposes of section 410(a)(1) and § 11.410(a)-3. Because the employee completed a year of service for the 12-month period ending December 31, 1982, however, his period of service is redetermined as of January 1, 1982. Upon completion of a year of service for 1982, the employee's period of service, determined as of any date occurring in 1982, includes service prior to December 31, 1981.

(4) *Nonvested participants*—(i) *General rule.* In the case of a participant in a plan who does not have any nonforfeitable right under the plan to his employer-derived accrued benefit and who incurs a 1-year break in service, for purposes of section 410 (a) (1) and § 1.410 (a)-3 the plan may disregard his years of service prior to such break if the number of his consecutive 1-year breaks in service equals or exceeds his aggregate number of years of service prior to such break. In the case of a plan using the elapsed time method described in Department of Labor regulations, the plan may disregard such years of service prior to such break if the period of severance is at least 1 year and the period of severance equals or exceeds the prior period of service, whether or not consecutive, completed before such period of severance. The plan may in computing such aggregate number of years of service prior to such break disregard any years of service which could have been disregarded under this subparagraph by reason of any prior break in service.

(ii) *Examples.* The rules of this subparagraph are illustrated by the following example:

Example. In 1980, A, who was hired at age 35, separates from the service of X Corporation after completing 4 years of service. At this time A had no vested benefits. In 1985, after incurring 5 consecutive one-year breaks in service, A was reemployed. Under section 410 (a) (5) (D), A's 4 years of service may be disregarded because they are exceeded by the number of years of consecutive one-year breaks (5) after such service.

(c) *Special continuity rule for certain plans.* For special rules for computing years of service in the case of a plan maintained by more than one employer, see regulations prescribed by the Secretary of Labor under 29 CFR Part 2530, relating to minimum standards for employee pension benefit plans.

§ 11.410(a)-6 Amendment of break in service rules; Transitional period.

(a) *In general.* Under section 1017(f)(1) of the Employee Retirement Income Security Act of 1974, a plan is not a qualified plan (and a trust forming a part of such plan is not a qualified trust) if the rules of the plan relating to breaks in service are amended, and—

(1) Such amendment is effective after January 1, 1974, and before the date on which section 410 becomes applicable to the plan, and

(2) Under such amendment, any employee's participation in the plan commences at any date later than the later of—

(i) The date on which his participation would commence under the break in service rules of section 410(a)(5), or

(ii) The earliest date on which his participation would commence under the plan as in effect on or after January 1, 1974.

(b) *Break in service rules.* For purposes of paragraph (a), the term "break in service rules" means the rules provided by a plan relating to circumstances under which a period of an employee's service or plan participation is disregarded for purposes of determining his rights to participate in the plan, if under such rules such service is disregarded by reason of the employee's failure to complete a required period of service within a specified period of time.

§ 1.410(b)-1 Minimum coverage requirements.

(a) *In general.* A plan is not a qualified plan (and a trust forming a part of such plan is not a qualified trust) unless the plan satisfies the requirements of section 410(b)(1). A plan satisfies the requirements of section 410(b)(1) if it satisfies the requirements of paragraph (b)(1) or (2) of this section. This section does not apply in the case of a plan which provides contributions or benefits for any individual who is an owner-employee (as defined in section 401(c)(3) and the regulations thereunder).

(b) *Coverage tests*—(1) *Percentage test.* A plan satisfies the requirements of this subparagraph if it benefits—

(i) Seventy percent or more of all employees, or

(ii) Eighty percent or more of all employees who are eligible to benefit under the plan if 70 percent or more of all the employees are eligible to benefit under the plan,

excluding in each case employees who have not satisfied the minimum age and service requirements (if any) prescribed by the plan, as of the date coverage is tested, as a condition of participation and employees permitted to be excluded under paragraph (c) of this section. The percentage requirements of this subparagraph refer to a percentage of active employees, including employees temporarily on leave, such as those in the Armed Forces of the United States, if such employees are eligible under the plan.

(2) *Classification test.* A plan satisfies the requirements of section 410(b)(1) and this subparagraph if it benefits such employees as qualify under a classification of employees set up by the employer, which classification is found by the Internal Revenue Service not to be discriminatory in favor of employees who are officers, shareholders, or highly compensated. For purposes of this subparagraph, except as provided by paragraph (c) of this section, all active employees (including employees who do not satisfy the minimum age or service requirements of the plan) are taken into account.

(c) *Exclusion of certain employees.* Under section 410(b)(2), for purposes of section 410(b)(1) and paragraph (b) of this section, there shall be excluded from consideration employees described in subparagraphs (1), (2), and (3) of this paragraph.

(1) *Bargaining unit.* Under section 410(b)(2)(A) and this paragraph, there may be excluded from consideration employees not included in the plan who are included in a unit of employees covered by an agreement which the Secretary of Labor finds to be a collective bargaining agreement between employee representatives and one or more employers, if the Internal Revenue Service finds that retirement benefits were the subject of good faith bargaining between such employee representatives and such employer or employers. For purposes of determining whether such bargaining occurred, it is not material that such employees are not covered by another plan or that the plan was not considered in such bargaining.

(2) *Air pilots.* Under section 410(b)(2)(B) and this paragraph there may be excluded from consideration, in the case of a plan established or maintained pursuant to an agreemcnt which the Secretary of Labor finds to be a collective bargaining agreement between air pilots represented in accordance with title II of the Railway Labor Act and one or more employers all employees not covered by such agreement. Section 410(b)(2)(B) and this subparagraph do not apply to a plan if the plan provides contributions or benefits for employees whose principal duties are not customarily performed aboard aircraft in flight.

(3) *Nonresident aliens.* Under section 410(b)(2)(C) and this paragraph, there may be excluded from consideration employees who are nonresident aliens and who receive no earned income (within the meaning of section 911(b) and the regulations thereunder) from the employer which constitutes income from sources within the United States (within the meaning of section 861(a)(3) and the regulations thereunder).

(d) *Special rules*—(1) *Highly compensated.* The classification of an employee as highly compensated for purposes of section 410(b)(1)(B) and § 1.410(b)-1(b)(2) is made on the basis of the facts and circumstances of each case, taking into account the level of the employee's compensation and the level of compensation paid by the employer to other employees, whether or not covered by the plan. Average compensation levels determined on a local, regional, or national basis, are not relevant for this purpose. Further, the classification of an employee as highly compensated is not made solely on the basis of the number or percentage of employees whose compensation exceeds, or is exceeded by, the employee's.

(2) [Reserved]

(3) *Multiple plans*—(i) An employer may designate two or more plans as constituting a single plan which is intended to qualify for purposes of section 410(b)(1) and this section, in which case all plans so designated shall be considered as a single plan in determining whether the requirements of such section are satisfied by each of the separate plans. A determination that the combination of plans so designated does not satisfy such requirements does not preclude a determination that one or more of such plans, considered separately, satisfies such requirements.

(ii) Notwithstanding subdivision (i) of this subparagraph, a plan which is subject to the limitations of section 401(a)(17) of the Code or section 301(d)(3) of the Tax Reduction Act of 1975 cannot be considered with any other plan which covers any employee covered by such plan.

(4) *Profit-sharing plans.* Employees under a profit-sharing plan who receive the amounts allocated to their accounts before the expiration of a period of time or the occurrence of a contingency specified in the plan shall not be considered covered by the plan. Thus, in case a plan permits employees to receive immediately the amounts allocated to their accounts, or to have such amounts paid to a profit-sharing plan for them, the employees who receive the shares immediately shall not be considered covered by the plan.

(5) *Certain classifications.* See section 401(a)(5) and the regulations thereunder for rules relating to classifications of employees which are not considered to be discriminatory per se for purposes of section 410(b)(1)(B) and § 1.410(b)-1(b)(2).

(6) *Integration with Social Security Act.* See section 401(a)(5) and the regulations thereunder for rules relating to integration of plans with the Social Security Act.

(7) [Reserved]

(8) *Certain controlled groups.* In applying the percentage test and classification test described in paragraph (b)(1) and (2) of this section for a year, all the employees of corporations or trades and businesses whose employees are treated as employed by a single employer by reason of section 414 (b) or (c) must be taken into account. The preceding sentence shall apply for a plan year if, on 1 day in each quarter of such plan year, such corporations are members of a controlled group of corporations (within the meaning of section 414(b)) of such trades or businesses are under common control (within the meaning of section 414(c)).

(9) *Transitional rule.* In the case of a cash and deferred profit-sharing plan, in existence on June 27, 1974, the requirements of paragraph (b)(2) of this section are satisfied if over one-half of the participants in the plan are among

V 42 1182 SEP 20 77 UMI

the lowest paid two-thirds of all eligible employees. This subparagraph shall not apply after December 31, 1977.

(e) *Example.* The rules provided by this section are illustrated by the following example:

Example. An employer established a noncontributory defined benefit plan covering all employees of its ABC Division who are hired prior to age 60 and who are at least 25 years old. The normal retirement age under the plan is age 65. The employer has 100 employees including 20 employees who are under age 25 and 10 employees who were hired over age 60. The plan does not cover 15 employees who are over age 25 and were hired before age 60 because they are not in the ABC Division. Of these 15 excluded employees, 3 have less than 1 year of service. In addition, 12 of the 55 employees covered have less than one year of service. The plan can be shown not to satisfy the requirements of IRC section 410(b)(1)(A) as follows:

(i) Number of Employees	100
(ii) Number of employees excluded on account of minimum age and service	30
(iii) (i)–(ii)	80
(iv) Number of employees who must be covered if plan is to satisfy IRC section 410(b)(1)(A), 70% of (iii)	56
(v) Number of employees actually covered	55

Because the number of employees covered is less than the number of employees who must be covered, the plan does not satisfy the percentage coverage requirements of IRC section 410(b)(1)(A).

§ 1.410(d)–1 Election by church to have participation, vesting, funding, etc. provisions apply.

(a) *In general.* If a church or convention or association of churches which maintains any church plan, as defined in section 414(e), makes an election under this section, certain provisions of the Code and Title I of the Employee Retirement Income Security Act of 1974 (the "Act") shall apply to such church plan as if such plan were not a church plan. The provisions of the Code referred to are section 410 (relating to minimum participation standards), section 411 (relating to minimum vesting standards), section 412 (relating to minimum funding standards), section 4975 (relating to prohibited transactions), and paragraphs (11), (12), (13), (14), (15), and (19) of section 401(a) (relating to joint and survivor annuities, mergers and consolidations, assignment or alienation of benefits, time of benefit commencement, certain social security increases, and withdrawals of employee contributions, respectively).

(b) *Election is irrevocable.* An election under this section with respect to any church plan shall be binding with respect to such plan and, once made, shall be irrevocable.

(c) *Procedure for making election*—(1) *Time of election.* An election under this section may be made for plan years for which the provisions of section 410(d) of the Code apply to the church plan. By reason of section 1017(b) of the Act section 410(d) does not apply to a plan in existence on January 1, 1974, for plan years beginning before January 1, 1976. Section 1017(d) of the Act permits a plan administrator to elect to have certain provisions of the Code (including section 410(d)) apply to a plan before the otherwise applicable effective dates of such provisions. See § 1.410(a)–2(d). Therefore, for a plan in existence on January 1, 1974, an election under section 410(d) of the Code may be made for a plan year beginning before January 1, 1976, only if an election has been made under section 1017(d) of the Act with respect to that plan year.

(2) *By whom election is to be made.* The election provided by this section may be made only by the plan administrator of the church plan.

(3) *Manner of making election.* The plan administrator may elect to have the provisions of the Code described in paragraph (a) of this section apply to the church plan as if it were not a church plan by attaching the statement described in subparagraph (5) of this paragraph to either (i) the annual return required under section 6058(a) (or an amended return) with respect to the plan which is filed for the first plan year for which the election is effective or (ii) a written request for a determination letter relating to the qualification of the plan under section 401(a), 403(a), or 405(a) of the Code and, if trusteed, the exempt status under section 501(a) of the Code of a trust constituting a part of the plan.

(4) *Conditional election.* If an election is made with a written request for a determination letter, the election may be conditioned upon issuance of a favorable determination letter and will become irrevocable upon issuance of such letter.

(5) *Statement.* The statement described in subparagraph (3) of this paragraph shall indicate (i) that the election is made under section 410(d) of the Code and (ii) the first plan year for which it is effective.

PAR. 2. Section 1.413–1 is amended by adding the following new paragraph immediately before paragraph (e) thereof:

§ 1.413–1 Special rules for collectively bargained plans.

(a) [Reserved]

(b) *Participation.* Section 410 and the regulations thereunder shall be applied as if all employees of each of the employers who are parties to the collective-bargaining agreement and all such employees who are subject to the same benefit computation formula under the plan were employed by a single employer.

* * * * * *

PAR. 3. Section 1.413–2 is amended by adding immediately before paragraph (d) thereof:

§ 1.413–2 Special rules for plans maintained by more than one employer.

(a) [Reserved]

(b) *Participation.* Section 410 (a) and the regulations thereunder shall be applied as if all employees of each of the employers who maintain the plan were employed by a single employer.

Title 29—Labor

CHAPTER XXV—OFFICE OF EMPLOYEE BENEFITS SECURITY, DEPARTMENT OF LABOR

PART 2550—RULES AND REGULATIONS FOR FIDUCIARY RESPONSIBILITY

Acquisition and Holding of Employer Securities and Employer Real Property

AGENCY: Department of Labor.

ACTION: Final regulation.

SUMMARY: The Department of Labor is adopting final regulations in order to implement certain requirements of the Employee Retirement Income Security Act of 1974. The regulations set forth rules relating to the acquisition and holding of employer securities and employer real property, and explain how a plan can comply with the requirement that certain employer securities and employer real property be divested no later than December 31, 1979.

EFFECTIVE DATE: January 1, 1975.

FOR FURTHER INFORMATION CONTACT:

Rhea Schwartz, Plan Benefits Security Division, U.S. Department of Labor, Washington, D.C. 20210, (202–523–6855).

SUPPLEMENTARY INFORMATION: The supplementary information on these rules is divided into two parts. Part I, "Description of the Regulations," is a general, nontechnical description of the provisions of the regulations. It is written for the reader who is not a professional or an expert in the field of employee benefit plans. Part II, "Technical Explanation of the Regulations," contains a more detailed explanation of the regulations as well as discussion of the public comments on the proposals.

PART I—DESCRIPTION OF THE REGULATIONS

SCOPE

These regulations set forth rules relating to the acquisition and holding of employer securities and employer real property and the requirement that certain employer securities and employer real property be divested no later than December 31, 1979.

Under section 407(a) of the Act, a plan cannot acquire or hold any employer securities which are not qualifying employer securities or any employer real property which is not qualifying employer real property. An employer security is a security issued by an employer of employees covered by the plan or by an affiliate of the employer. A qualifying employer security is stock or a marketable obligation of the employer (as that term is defined in the Act). Employer real property is real property which is leased to an employer of employees covered by the plan or to an affiliate of the employer. Qualifying employer real property is defined as parcels of employer real property if a substantial number of the parcels are dispersed geographically and each parcel and its improvements are suitable (or adaptable without excessive cost) for more than one use.

Section 407(a) also provides that after December 31, 1984, all plans except eligible individual account plans (such as certain profit sharing and stock bonus plans) cannot hold qualifying employer securities and qualifying employer real property if the aggregate fair market value of such investments represents more than 10 percent of plan assets. Section 407(a) further provides that by December 31, 1979, a plan must dispose of 50 percent of the employer securities and employer real property which it must dispose by 1984.

Certain holdings of employer securities and employer real property, however, may be exempt from these requirements. Section 414(c) (1) and (2) of the Act provides transitional relief until June 30, 1984 for certain loan and lease transactions between a plan and a party in interest with respect to the plan. (An employer of employees covered by the plan is included within the definition of the term "party in interest"). If a loan or lease between a plan and the employer satisfies the conditions of the transitional rules, none of the restrictions of section 407(a) would apply to such loan or lease until June 30, 1984. The loan or lease could be held until that date even if it were not a qualifying employer security or qualifying employer real property and even if the plan would otherwise have to dispose of part of such holdings by December 31, 1979.

There is another exception to the requirement that a plan can hold only employer securities which are qualifying employer securities. That exception is available for a very small number of plans which made an election under section 407(c) before January 1, 1976, of an alternative way of satisfying the requirements of section 407(a) regarding the holding of employer securities.

HOLDING REQUIREMENTS

The regulations provide that after December 31, 1984, a plan other than an eligible individual account plan cannot hold qualifying employer securities or qualifying employer real property if the aggregate fair market value of the securities and real property is more than 10 percent of plan assets. A plan can meet this requirement on any date between December 31, 1974, and January 1, 1985. If a plan complies with the holding requirement on any such date, and subsequent changes in the value of plan assets cause the plan to exceed the 10 percent limitation, the plan will not have to dispose of additional employer securities or employer real property. However, if as a result of changes in the value of plan assets, the plan's holdings of employer securities and employer real property fall below 10 percent, the plan may acquire additional employer securities and employer real property so long as its holdings do not exceed 10 percent of plan assets.

DIVESTITURE BY DECEMBER 31, 1979

The regulations explain how a plan can comply with the requirement that one-half of the qualifying employer securities and qualifying employer real property which must be divested by December 31, 1984, are divested by December 31, 1979. A plan must determine the amount by which the qualifying employer securities and qualifying employer real property exceed 10 percent of plan assets on a valuation date. A plan can select any date between December 31, 1974, and January 1, 1980, as the valuation date. The value of plan assets on the valuation date can be either the actual value on that date or a good faith actuarial estimate of the value of plan assets on any date between December 31, 1979, and January 1, 1985. After selecting a valuation date, the plan should determine the amount of employer securities and employer real property which exceeds 10 percent of plan assets on that date and divide that excess by one-half. The plan then should subtract from that amount those loans and leases between the plan and the employer which satisfy the transitional rules in section 414(c)(1) and (2). The difference represents the amount of employer securities and employer real property which must be divested by December 31, 1979.

Separate regulations have been adopted for plans which have made an election under section 407(c). Those regulations are substantially similar to the regulations for plans which have not made the election, but have been modified to reflect the specific requirements of section 407(c).

FAIR MARKET VALUE

In determining whether a plan is in compliance with the percentage requirements of section 407(a) and these regulations, a plan first must determine the fair market value of plan assets. The figure to be used is the fair market value of plan assets less any indebtedness incurred in connection with the acquisition of such assets. However, the fair market value of qualifying employer securities and qualifying employer real property for purposes of determining compliance with the percentage limitations of section 407(a) is not reduced by any such indebtedness. The regulations contain examples illustrating the operation of these rules.

MULITIPLE EMPLOYER PLANS

For a discussion of the application of section 407(a) to multiple employer plans, see the comments received section of Part II of this preamble.

PART II—TECHNICAL EXPLANATION OF THE REGULATION

On January 7, 1977, notice was published in the FEDERAL REGISTER (42 FR 1618) of a proposal to adopt regulations 29 CFR 2550.407a–1, 2550.407a–2, 2550.407a–3, and 2550.407a–4 under sections 407(a)(1), 407(a)(2), 407(a)(3), and 407(a)(4) of the Act, relating to the acquisition and holding of employer securities and employer real property and to the requirement that certain employer securities and employer real property be divested no later than December 31, 1979. Interested persons were invited to submit written comments on the proposed regulation.

Preliminarily, the following points should be noted, which were included in the Preamble to the proposed regulations:

Although the regulations prescribe certain rules for determining the fair market value of employer real property, employer securities and other plan assets for purposes of section 407(a) of the Act, the Department ordinarily will not issue opinions as to whether the value ascribed to any parcel of employer real property, any employer security or any other plan asset constitutes fair market value. In this regard, reference is made to section 5.02(p) of the Department's Advisory Opinion Procedure, ERISA Procedure 76–1 (41 FR 36281, August 27, 1976).

(2) Section 407(a)(4)(B) requires divestiture of 50 percent of the holdings of employer securities and employer real property which are required to be divested before January 1, 1985, "under paragraph (2) (of section 407(a)) or subsection (c) (whichever is applicable)." However, section 407(a)(2) does not refer to "holding" of employer securities and employer real property, but refers to the acquisition of qualifying employer securities and qualifying employer real property. The "holding" limitation of section 407(a) is contained in paragraph (3). The regulations take the position that the statutory reference to "paragraph (2)" is erroneous, and should have been to "paragraph (3)." See the last sentence of § 2550.407a–4(a). Not only is the position consistent with the Joint Explanatory Statement of the Managers of the Committee of Conference (H.R. Rep. No. 93–1280, 93d Cong., 2d Sess. (1974) 318–320), but is also necessary to give meaning to the divestiture requirements of section 407(a)(4).

(3) Section 407(b)(1) provides that the 10 percent limitation and related rules contained in section 407(a) with respect to the acquisition, holding and divestiture of qualifying employer securities and qualifying employer real property do not apply to the acquisition or holding of qualifying employer securities or qualifying employer real property by an eligible individual account plan. Section 407(d)(3) defines an eligible individual account plan as an individual account plan which is a profit sharing, stock bonus, thrift or savings plan, an employee stock ownership plan, or a money purchase plan which was in existence on the date of the enactment of the Act and which on such date invested primarily in qualifying employer securities. In addition, section 407(d)(3) provides that a plan shall be treated as an eligible individual account plan with respect to the acquisition or holding of qualifying employer real property or qualifying employer securities only if such plan explicitly provides for the acquisition and holding of qualifying employer securities or qualifying employer real property. Because eligible individual account plans are not subject to the limitations of section 407(a)(2) and (3),

V 42 I 182 SEP 20 77 UMI

such plans are not subject to the divestiture requirements of section 407 (a) (4) of the Act.

(4) Section 407 does not distinguish between single employer plans and multiple employer plans[1] regarding its acquisition, holding and divestiture rules and, consequently, the proposed regulations contain no such distinction. However, the Department recognizes that the 10 percent limitation, applied to qualifying employer securities of all contributing employers in the aggregate, may impose a restraint on investment that is not administratively feasible or is otherwise inappropriate for certain multiple employer plans. Accordingly, the Department specifically solicited comments regarding the particular problems multiple employer plans have encountered or will encounter in complying with the 10 percent limitation in section 407(a) and the manner in which the Department should deal with those problems. For a discussion of the comments which the Department received and its treatment of this issue in the regulation as adopted, see Comments Received section below.

COMMENTS RECEIVED

In response to the Department's specific solicitation of comments with respect to multiple employer plans, three comment were received. One comment argued that a limited exception to the 10 percent requirement should be granted for multiple employer plans in certain situations. Two comments urged that the Act be interpreted so that the 10 percent limitation would be applicable only to the holding or acquisition of employer securities of any single contributing employer or its affiliates. If this interpretive position is not adopted in the final regulation, one of the comments requested an opportunity to submit to the Department an application for a class exemption with respect to the acquisition and holding of qualifying employer securities by multiple employer plans.

The Department has considered the comments in light of the statutory language in section 407 and has decided not to adopt the suggested interpretation. Given the statutory definition of an "employer security" as a security issued by an employer of employees covered by the plan or an affiliate of such employer and "employer real property" as real property and related personal property which is leased to an employer of employees covered by the plan or an affiliate of such employer, the Department does not believe that it can interpret the percentage limitation of section 407(a), which applies to the aggregate fair market value of employer securities and employer real property, to be limited to the securities issued by and leases of real property to a single employer. In addition, the Department believes that the application of the 10 percent limitation separately to the securities of each employer in situations in which a multiple employer plan covers employees in a single industry or limited geographic area might present a risk to plan participants that is inconsistent with the purposes of section 407(a). The Department recognizes, however, that in many cases the 10 percent limitation may be unnecessarily burdensome to multiple employer plans when applied to the holding of employer securities in the aggregate. Accordingly, the Department will consider an application for class exemption containing adequate protections for plan participants which covers the acquisition and holding of qualifying employer securities by multiple employer plans.

One comment, which was not adopted as unnecessary in light of provisions in the regulation, requested clarification of § 2550.407a–4(c)(1) (i) and (i) with respect to whether the amount of employer real property which must be divested pursuant to paragraph (c)(i) of that section can be reduced by an amount equal to the fair market value of any employer real property which is not qualifying employer real property but is leased to the employer pursuant to a lease that satisfies the requirements of section 414(c)(2) of the Act. The commentator suggests that a question arises as to whether a plan which owns such employer real property must divest the property, or a portion thereof, on or before December 31, 1979. Section 2550.407a–1(b)(2) permits a plan to hold employer real property which is not qualifying employer real property if the employer real property is leased to the employer pursuant to a lease which satisfies the requirements of section 414(c)(2) of the Act. Employer real property leased to the employer pursuant to such a lease may be held by a plan, in accordance with the terms of section 414(c)(2) of the Act, until June 30, 1984. Such property need not be included in determining the amount of employer securities and employer real property which must be divested no later than December 31, 1979, pursuant to § 2550.407a–4(c)(1).

One comment requested clarification of the relationship between section 408(b)(4) and sections 406 and 407(a) of the Act. Section 408(b)(4) provides an exemption for the investment of all or part of a plan's assets in deposits which bear a reasonable rate of interest in a bank or similar financial institution if such bank or other institution is a fiduciary of such plan and certain conditions are satisfied. The comment expressed concern that the 10 percent limitation in section 407(a) might still apply to investments in bank deposits which are exempt under section 408(b)(4). However, because section 408(b)(4) provides an exemption from, among other things, the prohibitions of section 406 (a)(1)(E) and (a)(2), which prohibit a fiduciary from causing a plan to acquire or permitting a plan to hold employer securities or employer real property if the acquisition or holding violates section 407(a), the restrictions of section 407(a) would not apply with respect to investments which are exempt under section 408(b)(4).

Corrections were made in response to two comments which pointed out typographical errors in § 2550.407a–1(b)(2) of the proposed regulation. In addition, it should be noted that on January 21, 1977, the Department published in the FEDERAL REGISTER (42 FR 3871) a complete list of corrections for the typographical errors which appeared in the January 7, 1977 publication of the proposed regulation. The final regulations reflect those corrections.

Finally, three comments, which objected to substantive provisions of the Act, were not adopted as beyond the scope of the regulation. The first objected to the 10 percent limitation in section 407(a) regarding the acquisition and holding of qualifying employer real property because it deprives participants of defined benefit pension plans of advantageous investments. The second objected to the definition of the term "marketable obligation", as set forth in section 407(e) of the Act, because it prohibits plan investment in certain employer debt instruments which may be more secure than employer equity securities which would be permissible investments. The third objected to the definition of the term "eligible individual account plan" in section 407(d)(3) of the Act and requested that it be expanded to include all money purchase plans.

TECHNICAL EXPLANATION

After consideration of all the comments received, §§ 2550.407a–1, 2550.407a–2, 2550.407a–3 and 2550.407a–4 are adopted in the form set forth below, pursuant to the authority of sections 407(a)(4)(B) and 505 of the Act.

Section 2550.407a–1 sets out the general rule that a plan may not hold or acquire employer securities or employer real property which are not qualifying employer securities or qualifying employer real property, except to the extent that the employer security is held by a plan which has made an election under section 407(c)(3) or the employer security or employer real property satisfies the conditions of sections 414(c)(1) or (2) respectively.

Section 2550.407a–2 provides a limitation with respect to the acquisition of qualifying employer securities and qualifying employer real property. Paragraph (a) sets forth the general rule that a plan cannot acquire qualifying employer securities or qualifying employer real property if, immediately after the acquisition, the aggregate fair market value of qualifying employer securities and qualifying employer real property held by the plan exceeds 10 percent of the fair market value of plan assets. Paragraph (b) explains the scope of the term "acquisition".

Paragraph (c) provides that for purposes of section 407(a) and these regulations, (1) the fair market value of total plan assets is the fair market value of such assets less the unpaid amount of any indebtedness incurred by the plan in connection with the acquisition of those assets; and (2) the fair market value of qualifying employer securities and qualifying employer real property is the fair market value of such assets without any reduction for the unpaid amount of any indebtedness incurred by the plan in connection with the acquisition of such employer securities or employer real property. The same definition of fair market value is contained in §§ 2550.407a–3 and 2550.407a–4.

Section 2550.407a–3 sets forth the limitation with respect to the holding of qualifying employer securities and qualifying employer real property. Paragraph (a)(1) states the general rule of section 407(a)(3)(A) that after December 31, 1984, a plan may not hold any qualifying employer securities or qualifying employer real property (or both) to the extent their aggregate fair market value on December 31, 1984, exceeds 10 percent of the greater of the fair market value of plan assets determined on December 31, 1984, or determined on January 1, 1975. Paragraph (a)(2) explains that the holding limitation of section 407(a)(3)(A) will not apply to a plan which on any date after December 31, 1974, and before January 1, 1985, did not hold qualifying employer securities or qualifying employer real property (or both) whose aggregate fair market value determined on such date exceeded 10 percent of the greater of the fair market value of plan assets determined on such date, or determined on January 1, 1975.

Paragraph (b) provides that the requirement that a plan hold no more than 10 percent of its assets in qualifying employer securities or qualifying employer real property (or both) can be met at any time between December 31, 1974 and January 1, 1985. If a plan complies with the holding requirement on any date between December 31, 1974 and January 1, 1985, the plan will satisfy the holding requirements of paragraph (b), notwithstanding any subsequent increase in the percentage because of a change in the fair market value of either the qualifying employer securities or qualifying employer real property or other assets of the plan. However, if changes in the fair market value of plan assets cause such percentage to fall below 10 percent, the plan may acquire additional qualifying employer securities or qualifying employer real property in accordance with the limitation on such acquisitions contained in section 407(a)(2).

Section 2550.407a–4 sets forth the requirements of section 407(a)(4) regarding the divestiture of certain employer securities and employer real property by December 31, 1979. Paragraph (a) explains the general rule that plans must divest, by December 31, 1979, 50 percent of the qualifying employer securities and qualifying employer real property which they would be required to divest before January 1, 1985, under section 407(a)(3) or section 407(c) of the Act.

Paragraph (c) provides a means for plans to comply with the 50 percent divestiture requirement of section 407(a)(4). A plan will be in compliance with such divestiture requirement if it divests by December 31, 1979, qualifying employer securities and qualifying employer real property which have, on any date between December 31, 1974, and January 1, 1980, a fair market value equal to 50 percent of the amount by which such securities and real property exceeds 10 percent of the fair market value of plan assets on that date. The fair market value of plan assets on such date (referred to as the "valuation date") is either the fair market value of plan assets on that date, or a good faith actuarial estimate, whose basis is set forth in writing, of the value of the plan assets on any date between December 31, 1979 and January 1, 1985.

Paragraph (c)(1)(ii) allows a plan to reduce the fair market value of qualifying employer securities and qualifying employer real property which would otherwise be divested under this section by an amount equal to the fair market value of any qualifying employer securities and qualifying employer real property held by the plan which satisfy the conditions of sections 414(c)(1) and (2) of the Act.

A plan which has made a valid election under section 407(c)(3) of the Act must divest certain employer securities by December 31, 1979 in accordance with section 407(a)(4) and paragraph (c)(2)(i). Under that subparagraph, a plan must divest employer securities which have, on any date between December 31, 1974, and January 1, 1980 (the valuation date), a fair market value determined as of December 31, 1974, equal to 50 percent of the amount in excess of 10 percent of the lesser of: (A) The fair market value of the assets of the plan determined on the valuation date (disregarding any portion of the fair market value of employer securities which is attributable to appreciation of such securities after December 31, 1974) but not less than the fair market value of plan assets on January 1, 1975; or (B) an amount equal to the sum of (1) the total contributions to the plan received after December 31, 1974 and prior to the valuation date, and (2) the fair market value of plan assets determined as of January 1, 1975.

The valuation date may be any date between December 31, 1974 and January 1, 1980 and the fair market value of plan assets on the valuation date shall be either the fair market value of plan assets on the valuation date, or a good faith actuarial estimate, whose basis is set forth in writing, of the value of plan assets on any date between December 31, 1979 and January 1, 1985.

Paragraph (c)(2)(ii) allows a plan to reduce the fair market value of employer securities which would otherwise be divested under this section by an amount equal to the fair market value of any employer security held by the plan which satisfies the conditions of section 414(c)(1) of the Act.

Accordingly, Part 2550 of Chapter XXV of Title 29 of the Code of Federal Regulations is amended by adding §§ 2550.407a–1, 2550.407a–2, 2550.407a–3 and 2550.407a–4 as set forth below.

PAR. 1. Section 2550.407a–1 is added in the appropriate place to read as set forth below.

§ 2550.407a–1 General rule for the acquisition and holding of employer securities and employer real property.

(a) *In General.* Section 407(a)(1) of the Employee Retirement Income Security Act of 1974 (the Act) states that except as otherwise provided in section 407 and section 414 of the Act, a plan may not acquire or hold any employer security which is not a qualifying employer security or any employer real property which is not qualifying employer real property. Section 406(a)(1)(E) prohibits a fiduciary from knowingly causing a plan to engage in a transaction which constitutes a direct or indirect acquisition, on behalf of a plan, of any employer security or employer real property in violation of section 407(a), and section 406(a)(2) prohibits a fiduciary who has authority or discretion to control or manage assets of a plan to permit the plan to hold any employer security or employer real property if he knows or should know that holding such security or real property violates section 407(a).

(b) *Requirements applicable to all plans.* A plan may hold or acquire only employer securities which are qualifying employers securities and employer real property which is qualifying employer real property. A plan may not hold employer securities and employer real property which are not qualifying employer securities and qualifying employer real property, except to the extent that:

(1) The employer security is held by a plan which has made an election under section 407(c)(3) of the Act; or

(2) The employer security is a loan or other extension of credit which satisfies the requirements of section 414(c)(1) of the Act of the employer real property is leased to the employer pursuant to a lease which satisfies the requirements of section 414(c)(2) of the Act.

Par. 2. Section 2550.407a–2 is added in the appropriate place to read as set forth below:

§ 2550.407a–2 Limitation with respect to the acquisition of qualifying employer securities and qualifying employer real property.

(a) *In general.* Section 407(a)(2) of the Employee Retirement Income Security Act of 1974 (the Act) provides that a plan may not acquire any qualifying employer security or qualifying employer real property, if immediately after such acquisition the aggregate fair market value of qualifying employer securities and qualifying employer real property held by the plan exceeds 10 percent of the fair market value of the assets of the plan.

(b) *Acquisition.* For purposes of section 407(a) of the Act, an acquisition by a plan of qualifying employer securities or qualifying employer real property shall include, but not be limited to, an acquisition by purchase, by the exchange of plan

[1] The term "multiple employer plan", as used herein, means an employee benefit plan which is a multiemployer plan within the meaning of section 3(37) of the Act, or a plan which meets the requirements of at least subsection 3(37)(A)(i), (ii) and (v) of the Act.

SAFETY FILM KODAK
V 421 182

UMI

assets, by the exercise of warrants or rights, by the conversion of a security (except any acquisition pursuant to a conversion exempt under section 406(b)(7) of the Act), by default of a loan where the qualifying employer security or qualifying employer real property was security for the loan, or by the contribution of such securities or real property to the plan. However, an acquisition of a security shall not be deemed to have occured if a plan acquires the security as a result of a stock dividend or stock split.

(c) *Fair market value—Indebtedness incurred in connection with the acquisition of a plan asset.* In determining whether a plan is in compliance with the limitation on the acquisition of qualifying employer securities and qualifying employer real property in section 407(a)(2), the limitation on the holding of qualifying employer securities and qualifying employer real property in section 407(a)(3) and § 2550.407a–3 thereunder, and the requirement regarding the disposition of employer securities and employer real property in section 407(a)(4) and § 2550.407a–4 thereunder, the fair market value of total plan assets shall be the fair market value of such assets less the unpaid amount of:

(1) Any indebtedness incurred by the plan in acquiring such assets;

(2) Any indebtedness incurred before the acquisition of such assets if such indebtedness would not have been incurred but for such acquisition; and

(3) Any indebtedness incurred after the acquisition of such assets if such indebtedness would not have been incurred but for such acquisition and the incurrence of such indebtedness was reasonably foreseeable at the time of such acquisition. However, the fair market value of qualifying employer securities and qualifying employer real property shall be the fair market value of such assets without any reduction for the unpaid amount of any indebtedness incurred by the plan in connection with the acquisition of such employer securities and employer real property.

(d) *Examples.* (1) Plan assets have a fair market value of $100,000. The plan has no liabilities other than liabilities for vested benefits of participants and does not own any employer securities or employer real property. The plan proposes to acquire qualifying employer securities with a fair market value of $10,000 by paying $1,000 in cash and borrowing $9,000. The fair market value of plan assets would be $100,000 ($100,000 of plan assets less $1,000 cash payment plus $10,000 of employer securities less $9,000 indebtedness), the fair market value of the qualifying employer securities would be $10,000, which is 10 percent of the fair market value of plan assets. Accordingly, the acquisition would not contravene section 407(a).

(2) Plan assets have a fair market value of $100,000. The plan has liabilities of $20,000 which were incurred in connection with the acquisition of those assets, and does not own any employer securities or employer real property. The plan proposes to pay cash for qualifying employer securities with a fair market value of $10,000. The fair market value of plan assets would be $80,000 ($100,000 of plan assets less $10,000 cash payment plus $10,000 of employer securities less $20,000 indebtedness), the fair market value of the qualifying employer securities would be $10,000, which is 12.5 percent of the fair market value of plan assets. Accordingly, the acquisition would contravene section 407(a).

PAR. 3. Section 2550.407a–3 is added in the appropriate place to read as set forth below:

§ 2550.407a–3 Limitation with respect to the holding of qualifying employer securities and qualifying employer real property.

(a) *In general.* (1) Section 407(a)(3) of the Employee Retirement Income Security Act of 1974 (the Act) provides that a plan (other than an eligible individual account plan) may not hold, after December 31, 1984, any qualifying employer securities or qualifying employer real property (or both) to the extent that the aggregate fair market value of such securities and property, determined on December 31, 1984, exceeds 10 percent of the greater of:

(i) The fair market value of the assets of the plan, determined on December 31, 1984, or

(ii) The fair market value of the assets of the plan determined on January 1, 1975.

(2) Section 407(a)(3)(B) makes section 407(a)(3)(A) inapplicable to a plan which on any date after December 31, 1974, and before January 1, 1985, did not hold qualifying employer securities or qualifying employer real property (or both) the aggregate fair market value of which determined on such date exceeded 10 percent of the greater of:

(i) The fair market value of the assets of the plan, determined on such date, or

(ii) The fair market value of the assets determined on January 1, 1975.

(b) *Ten percent limitation.* (1) The requirement of section 407(a)(3) that a plan hold no more than 10 percent of the fair market value of its assets in qualifying employer securities or qualifying employer real property (or both) can be met at any time between December 31, 1974, and January 1, 1985. In accordance with section 407(a)(3)(B) of the Act, if at any time between December 31, 1974 and January 1, 1985, the fair market value of qualifying employer securities and qualifying employer real property does not exceed 10 percent of the fair market value of total plan assets, the plan will be in compliance with the holding requirements of section 407(a)(3), notwithstanding any subsequent increase in such percentage above 10 percent which occurs as the result of changes in the fair market value of either the qualifying employer securities or qualifying employer real property, or the other assets of the plan. Moreover, if such percentage falls below 10 percent, the plan may acquire additional qualifying employer securities or qualifying employer real property not to exceed the limitation on such acquisitions contained in section 407(a)(2).

(2) *Example.* On January 1, 1975 a plan holds qualifying employer real property with a fair market value of $200,000 and has total assets with a fair market value of $1,000,000. The plan would have to divest qualifying employer securities or qualifying employer real property with a value of $100,000 to comply with section 407(a)(3). If, however, there is a substantial rise in the market value of the plan's other assets in 1976 and the first quarter of 1977 so that the fair market value of total plan assets on March 31, 1977, is $2,000,000, but the aggregate fair market value of the qualifying employer securities and qualifying employer real property is still $200,000, the 10 percent holding requirement of section 407(a)(3) would have been met on March 31, 1977. Henceforth, the plan would not be subject to the holding limitations of section 407(a)(3), but only the limitations regarding the acquisition of qualifying employer securities and qualifying employer real property set forth in section 407(a)(2) of the Act. If the plan does not acquire any additional employer securities or employer real property, and if in 1978, the fair market value of other plan assets decreases to $1,500,000 while the fair market value of qualifying employer securities and qualifying employer real property held by the plan remains at $200,000, or even increases to $300,000, the plan will not contravene the holding requirement of section 407(a)(3), inasmuch as the plan was in compliance with that requirement on March 31, 1977. If, on February 1, 1980, the fair market value of total plan assets is $2,500,000 and the fair market value of qualifying employer securities and qualifying employer real property is $200,000, the plan may acquire additional qualifying employer securities and qualifying employer real property in the amount of $50,000.

(c) *Fair market value—Indebtedness incurred in connection with the acquisition of a plan asset.*—In determining whether a plan is in compliance with the limitation on the holding of qualifying employer securities and qualifying employer real property in section 407(a)(3), the fair market value of total plan assets, qualifying employer securities and qualifying employer real property for purposes of section 407(a)(3) and this section shall be determined in accordance with the provisions of § 2550.407a–2(c).

PAR. 4. Section 2550.407a–4 is added in the appropriate place to read as set forth below:

§ 2550.407a–4 Divestiture of employer securities and real property by December 31, 1979.

(a) *In general.* Section 407(a)(4)(A) of the Employee Retirement Income Security Act of 1974 (the Act) provides that a plan may not hold, after December 31, 1979, any employer securities or employer real property in excess of the amount specified in regulations promulgated by the Secretary of Labor under

section 407(a)(4)(B) of the Act. That section directs the Secretary to prescribe regulations which shall have the effect of requiring a plan to divest 50 percent of the holdings of employer securities and employer real property which the plan would be required to divest before January 1, 1985, under sections 407(a)(3) or 407(c) of the Act.

(b) *Fair market value—Indebtedness incurred in connection with the acquisition of a plan asset.*—In determining whether a plan is in compliance with the requirement regarding the disposition of employer securities and employer real property set forth in section 407(a)(4), the fair market value of total plan assets, employer securities and employer real property for purposes of section 407(a)(4) and this section shall be determined in accordance with the provisions of § 2550.407a–2(c).

(c) *Fifty percent divestiture—(1) Divestiture which would be required under section 407(a)(3).*—(i) A plan which would be required to divest qualifying employer securities or qualifying employer real property before January 1, 1985, pursuant to section 407(a)(3), and which has not met the requirements of that section by December 31, 1979, will be in compliance with the requirements of section 407(a)(4) of the Act and this section if the plan divests by December 31, 1979, qualifying employer securities and qualifying employer real property which have, on any date between December 31, 1974, and January 1, 1980 (hereafter referred to as the "valuation date"), a fair market value equal to 50 percent of the amount by which such qualifying employer securities and qualifying employer real property exceed 10 percent of the fair market value of plan assets as of the valuation date. For purposes of this section, the fair market value of plan assets on the valuation date shall be deemed to be an amount equal to:

(A) The fair market value of the assets of the plan on the valuation date, or

(B) An actuarial estimate of the fair market value of the assets of the plan on any date between December 31, 1979 and January 1, 1985. The actuarial estimate under paragraph (c)(1)(i)(B) of this section must be made in good faith and its basis must be set forth in writing.

(ii) The fair market value of qualifying employer securities and qualifying employer real property which must be divested pursuant to paragraph (c)(1)(i) of this section shall be reduced by an amount equal to the fair market value of any qualifying employer security which is a loan or other extension of credit that satisfies the requirements of section 414(c)(1) of the Act or any qualifying employer real property leased to the employer pursuant to a lease that satisfies the requirements of section 414(c)(2) of the Act.

(iii) *Examples.* (A) On January 1, 1975, the assets of a plan have a fair market value of $800,000. On December 31, 1977, plan assets have a fair market value of $900,000 and the actuarial estimate of the fair market value of plan assets as of December 31, 1984, is $1,000,000. The plan has chosen December 31, 1977, as the valuation date, and has decided that for purposes of section 407(a)(4) and § 2550.407a–4 the fair market value of plan assets on the valuation date shall be the actuarial estimate of the fair market value of plan assets as of December 31, 1984, which is $1,000,000. The qualifying employer securities and qualifying employer real property held by the plan on December 31, 1977 have a fair market value of $200,000. A qualifying employer security, which has a fair market value of $25,000, is a loan by the plan which meets the conditions of section 414(c)(1) of the Act. The fair market value of qualifying employer securities and qualifying employer real property held by the plan exceed by $100,000 10 percent of the greater of the fair market value of plan assets on January 1, 1975, or the valuation date. In order to comply with section 407(a)(4) of the Act and this section, the plan ordinarily would have to divest, by December 31, 1979, $50,000 of qualifying employer securities or qualifying employer real property, which would be 50 percent of the amount which exceeds 10 percent of plan assets. However, because qualifying employer securities which have a fair market value of $25,000 are held by the plan pursuant to the transitional rules of section 414(c)(1) of the Act, the plan will have to divest by December 31, 1979, only $25,000 of qualifying employer securities and qualifying employer real property because it may subtract the fair market value of any qualifying employer securities or qualifying employer real property held by the plan which satisfies the requirements of the transitional rules of section 414(c)(1) or (2) of the Act from any amounts which it is required to divest.

(B) Same facts as example (A), except that the plan has $100,000 in indebtedness outstanding, which was incurred in connection with the acquisition of a plan asset (other than qualifying employer securities or qualifying employer real property). For purposes of determining the percentage of plan assets represented by the investment in qualifying employer securities and qualifying employer real property, the fair market value of plan assets on the valuation date is $900,000 ($1,000,000 less $100,000 in indebtedness). The fair market value of qualifying employer securities and qualifying employer real property (i.e., $200,000) held by the plan exceeds 10 percent (i.e., $90,000) of the fair market value of plan assets by $110,000. In order to comply with section 407(a)(4) of the Act and this section, the plan would be required to divest $30,000 of qualifying employer securities or qualifying employer real property by December 31, 1979, which would be 50 percent of $110,000, less the fair market value of qualifying employer securities or qualifying employer real property held pursuant to section 414(c)(1) or (2) of the Act.

(2) *Divestiture which would be required under section 407(c).* (i) Notwithstanding the prohibition of section 407(a)(1)(A) of the Act regarding the holding of employer securities, and subject to the limitations of section 407(c)(1) of the Act, section 407(c) permits a plan which has made a valid election under section 407(c)(3) to hold an employer security which is neither a qualifying employer security nor a loan or other extension of credit covered by the transitional provisions of section 414(c)(1) of the Act. An election under section 407(c) must have been made before January 1, 1976, and in accordance with § 2550.407c–3 (41 FR 43726, September 23, 1975). A plan which has made a valid election under section 407(c)(3) will be in compliance with the requirements of section 407(a)(4) of the Act and this section if, by December 31, 1979, the plant divests employer securities which have on any date between December 31, 1974 and January 1, 1980 (hereafter referred to as the "valuation date"), a fair market value determined as of December 31, 1974 equal to 50 percent of the amount in excess of 10 percent of the lesser of:

(A) The fair market value of the assets of the plan determined on the valuation date (disregarding any portion of the fair market value of employer securities which is attributable to appreciation of such securities after December 31, 1974) but not less than the fair market value of the plan assets on January 1, 1975, or

(B) An amount equal to the sum of (1) The total amount of the contributions to the plan received after December 31, 1974 and prior to the valuation date, plus (2) The fair market value of the assets of the plan, determined as of January 1, 1975.

For purposes of this paragraph (c)(2), the fair market value of plan assets on the valuation date shall be deemed to be an amount equal to (1) the fair market value of the assets of the plan on the valuation date, or (2) an actuarial estimate of the fair market value of the assets of the plan on any date between December 31, 1979 and January 1, 1985. The actuarial estimate must be made in good faith and its basis must be set forth in writing.

(ii) The fair market value of employer securities which must be divested pursuant to this section shall be reduced by an amount equal to the fair market value of any employer security which is a loan or other extension of credit that satisfies the requirements of section 414(c)(1) of the Act.

(iii) *Examples.* (A) A plan has made a valid election under section 407(c) of the Act and has been in compliance with the requirements of section 407(c)(3). On January 1, 1975, total plan assets have a fair market value of $105,000 and employer securities have a fair market value of $15,000. On June 30, 1975, the fair market value of plan assets is $105,000, and the actuarial estimate of the fair market value of plan assets as of December 31, 1984 is $145,000. The plan has

V 42 182 SEP 20 77 UMI

chosen June 30, 1975 as the valuation date and has decided that for purposes of section 407(a)(4) and § 2550.407a-4 the fair market value of plan assets on the valuation date shall be the actuarial estimate of the fair market value of assets as of December 31, 1984, which is $145,000. No contributions have been made to the plan from December 31, 1974, to June 30, 1975, and the employer securities held by the plan on June 30, 1975, are the same employer securities held on January 1, 1975. Five thousand dollars of employer securities held by the plan is a loan which meets the conditions of section 414(c)(1) of the Act. One thousand dollars of employer securities is neither qualifying employer securities nor a loan or other extension of credit covered by the provisions of section 414(c)(1). Ten percent of the fair market value of plan assets on the valuation date is $14,500; and 10 percent of the sum of the amount of contributions received after December 31, 1974, and prior to July 1, 1975 (nothing, because no contributions were received) plus the fair market value of plan assets on January 1, 1975 ($105,000) is $10,500. Ordinarily, as of December 31, 1979, the plan would have to divest employer securities in excess of 50 percent of the fair market value of the lesser of these amounts. The fair market value of employer securities held by the plan exceeds the lesser of these amounts by $4,500 and 50 percent of $4,500 is $2,250. However, because $5,000 of employer securities is a loan covered by the provisions of section 414(c)(1), the amount of employer securities which would have to be divested is reduced by $5,000. Accordingly, the plan is not required to divest any employer securities by December 31, 1979.

(B) A plan has made a valid election under section 407(c) and has been in compliance with the requirements of section 407(c)(3). On January 1, 1975, total plan assets have a fair market value of $100,000 and employer securities have a fair market value of $30,000. On April 30, 1977, the fair market value of total plan assets is $110,000, none of which is attributable to appreciation of employer securities after December 31, 1974. The actuarial estimate of the fair market value of plan assets as of December 31, 1984 is $160,000. Contributions to the plan from December 31, 1974, through April 30, 1977, total $12,000. The plan has chosen April 30, 1977 as the valuation date and has decided that the fair market value of plan assets on the valuation date shall be the actuarial estimate of the fair market value of plan assets as of December 31, 1984, which is $160,000. The employer securities held on April 30, 1977, are the same employer securities held on January 1, 1975. Ten percent of the fair market value of plan assets on the valuation date is $16,000; and 10 percent of the sum of the amount of contributions received after December 31, 1974, and prior to May 1, 1977, plus the fair market value of plan assets on January 1, 1975, is $11,200. The fair market value of employer securities held by the plan exceeds the lesser of these two amounts by $16,800. In order to comply with section 407(a)(4) of the Act and this section, the plan would be required to divest, by December 31, 1979, $9,400 of employer securities.

Signed at Washington, D.C., this 15th day of September 1977.

IAN D. LANOFF,
Administrator, Pension and Welfare Benefit Programs, Labor-Management Services Administration.

Title 33—Navigable Waters

CHAPTER II—CORPS OF ENGINEERS, DEPARTMENT OF THE ARMY

[ER 1110-2-100]

PART 222—ENGINEERING AND DESIGN

Periodic Inspection and Continuing Evaluation of Completed Civil Works Structures

AGENCY: Corps of Engineers, DOD.

ACTION: Final rule.

SUMMARY: This regulation describes objectives, policy, responsibilities and procedures for the Corps of Engineers to follow in assuring the continuing structural adequacy of Civil Works projects by performing periodic inspections. This amendment to 33 CFR Part 222 requires that any deviation from the scheduled frequency of inspections for any project must be approved by the Office of the Chief of Engineers (OCE). This applies to projects where less frequent inspections are warranted. The intended effect of this program is to aid the Corps in detecting conditions of significant structural distress or operational inadequacy and provide a basis for restoration and the timely initiation of remedial measures.

EFFECTIVE DATE: July 1, 1977.

FOR FURTHER INFORMATION CONTACT:

Mr. Philip M. Brown, HQDA (DAEN-CWE-BB) Washington, D.C. 20314, telephone 202-693-7360.

NOTE.—The U.S. Army Corps of Engineers has determined that this document does not contain a major proposal requiring preparation of an Inflation Impact Statement under Executive Order 11821 and OMB Circular A-107.

Date: September 8, 1977.

JAMES N. ELLIS,
Colonel, Corps of Engineers, Executive Director, Engineer Staff.

Accordingly, 33 CFR § 222.2 is amended by revising paragraph (g) of Appendix A to read as follows:

§ 222.2 Periodic inspection and continuing evaluation of completed civil works structures.

• • • • • •

APPENDIX A—PROCEDURES FOR INSPECTION AND EVALUATION PROGRAM

• • • • • •

(g) *Frequency of Inspections.* The interval of inspections outlined below are for guidance in developing projected inspection schedules. These indicated intervals do not preclude more frequent inspections if deemed necessary, or less frequent inspections (subject to OCE approval and not to exceed each five years) for those structures where condition or structural integrity warrants.

(1) Initial Inspections. The first general field inspection will be carried out immediately after topping out for new earth and rock-fill dams. The initial inspection of concrete structures will be accomplished immediately prior to impoundment of reservoir water.

(2) Subsequent Inspections. The second inspection for earth and rock-fill dams will be made at a reasonable stage of reservoir filling, but in no case later than attainment of normal operating pool. The second inspection of concrete structures will be made when the reservoir water attains the normal operation pool but in no case later than one year after initial impoundment has begun. Subsequent inspections for concrete structures, and earth and rock-fill dams and embankments will be made at one-year intervals for the next four years, at two-year intervals for the following four years, and then may be extended to each five years if warranted by the results of the previous inspections. Intervals between inspections of existing structures may be increased up to five years, (subject to OCE approval) depending upon the results of the initial inspection and the size and importance of the structure.

Title 40—Protection of Environment

CHAPTER I—ENVIRONMENTAL PROTECTION AGENCY

SUBCHAPTER E—PESTICIDE PROGRAMS

[FRL 790-8; OPP-300012A]

PART 180—TOLERANCES AND EXEMPTIONS FROM TOLERANCES FOR PESTICIDE CHEMICALS IN OR ON RAW AGRICULTURAL COMMODITIES

Exemptions From Requirement of a Tolerance for Certain Inert Ingredients in Pesticide Formulations

AGENCY: Office of Pesticide Programs, Environmental Protection Agency (EPA).

ACTION: Final rule.

SUMMARY: This rule establishes exemptions from the requirement of a tolerance for certain additional inert (or occasionally active) ingredients in pesticide formulations. The amendment was requested by various firms. The intended effect of this regulation is to improve how pesticides work.

EFFECTIVE DATE: Effective on September 20, 1977.

FOR FURTHER INFORMATION CONTACT:

Mr. David Ritter, Registration Division (WH-567), Office of Pesticide Programs, EPA, 401 M Street, SW., Washington, D.C. (202-426-2680).

SUPPLEMENTARY INFORMATION: On May 24, 1977, the EPA published a notice of proposed rulemaking in the FEDERAL REGISTER (42 FR 26440) to

amend Part 180, Subpart D, by exempting certain pesticide chemicals which are additional inert (or occasionally active) ingredients in pesticide formulations from tolerance requirements under provisions of Section 408(e) of the Federal Food, Drug, and Cosmetic Act. One comment was received from Air Products and Chemicals, Piscataway NJ, objecting to the limitation on 3,6-dimethyl-4-octyn-3,6-diol and 2,4,7,9-tetramethyl-5-decyne-4,7-diol that prohibits herbicides containing them from being applied during the early postemergence stage of plants. The Agency has concluded that since there is no reasonable expectation of residues in human food, provided that the inerts are applied to growing crops before edible parts form, the limitation should be changed to restrict application to soil prior to planting or to plants before the edible parts form, regardless of the type of pesticide. No requests for referral to an advisory committee were received by the Agency with regard to this notice, and it has been concluded that the proposed amendment to the regulations will protect the public health and, therefore, that the proposed amendment to the regulations should be adopted as corrected with minor editorial changes.

Any person adversely affected by this regulation may, on or before October 20, 1977, file written objections with the Hearing Clerk, EPA, Room 1019, East Tower, 401 M St. SW., Washington, DC 20460. Such objections should be submitted in quintuplicate and should specify both the provisions of the regulation deemed to be objectionable and the grounds for the objections. If a hearing is requested, the objections must state the issues for the hearing. A hearing will be granted if the objections are supported by grounds legally sufficient to justify the relief sought.

Effective on September 20, 1977, Part 180, Subpart D, is amended as set forth below.

(Sec. 408(e), Federal Food, Drug, and Cosmetic Act (21 U.S.C. 346a(e)).)

Dated: September 9, 1977.

EDWIN L. JOHNSON,
Deputy Assistant Administrator for Pesticide Programs.

Part 180, Subpart D, is amended by alphabetically inserting new items in paragraph (d) and adding the new §§ 180.1036, 180.1037, and 180.1038 as follows:

§ 180.1001 Exemptions from the requirement of a tolerance.

• • • • • •

(d) • • •

Inert Ingredients	Limits	Uses
• • •	• • •	• • •
3,6-Dimethyl-4-octyn-3,6-diol.	In pesticide formulations, for soil prior to planting or to plants before edible parts form.	Surfactants, related adjuvants of surfactants.
• • •	• • •	• • •
Maleic acid-butadiene copolymer.	3 pct of pesticide formulation.	Surfactants, related adjuvants surfactants.
• • •	• • •	• • •
Propane		Propellant.
• • •	• • •	• • •
2,4,7,9-Tetramethyl-5-decyne 4,7-diol.	In pesticide formulations, for application to soil prior to planting or to plants before edible parts form.	Surfactants, related adjuvants of surfactants.
• • •	• • •	• • •

§ 180.1035 Hydrogenated castor oil; exemption from the requirement of a tolerance.

The adhesive hydrogenated castor oil is exempt from the requirement of a tolerance for residues in or on the raw agricultural commodity cottonseed when used as an inert adhesive for formulations of the attractant gossyplure (1:1 mixture of (*Z,Z*)- and (*Z,E*)-7,11-hexadecadien-1-ol acetate) to disrupt the mating of the pink bollworm.

§ 180.1036 Polybutenes; exemption from the requirement of a tolerance.

Polybutenes are exempt from the requirement of a tolerance for residues in or on the raw agricultural commodity cottonseed when used as a sticker agent for formulations of the attractant gossyplure (1:1 mixture of (*Z,Z*)- and (*Z,E*)-7,11-hexadecadien-1-ol acetate) to disrupt the mating of the pink bollworm.

§ 180.1037 Polyoxymethylene copolymer; exemption from the requirement of a tolerance.

Polyoxymethylene copolymer, conforming to 21 CFR 121.2637, is exempt from the requirement of a tolerance for residues in or on the raw agricultural commodity cottonseed when used as an inert controlled-release dispenser for formulations of the attractant gossyplure (1:1 mixture of (*Z,Z*)- and (*Z,E*)-7-11-hexadecadien-1-ol acetate) to disrupt the mating of the pink bollworm.

Title 41—Public Contracts and Property Management

CHAPTER 101—FEDERAL PROPERTY MANAGEMENT REGULATIONS

SUBCHAPTER H—UTILIZATION AND DISPOSAL

[FPMR Amdt. H-105]

PART 101-47—UTILIZATION AND DISPOSAL OF REAL PROPERTY

Subpart 101-47.3—Surplus Real Property Disposal

SURPLUS REAL PROPERTY DISPOSAL FOR CREDIT

AGENCY: General Services Administration.

ACTION: Final rule.

SUMMARY: This rule prescribes the policy for the sale of surplus real property. Sales of surplus property will generally be for cash rather than credit. The exceptions to general policy for cash sales are authorized when circumstances dictate that the granting of credit is in the best interests of the government.

EFFECTIVE DATE: This rule is effective September 20, 1977.

FOR FURTHER INFORMATION CONTACT:

James R. Bergdahl, Office of Real Property, Public Buildings Service, General Services Administration, Washington, D.C. 20405, (202-566-1339).

1. Section 101-47.301(b) is revised to read as follows:

§ 101-47.301-1 Policy.

• • • • • •

(b) That surplus real property shall ordinarily be disposed of for cash consistent with the best interests of the Government.

2. Section 101-47.301-4 is revised to read as follows:

§ 101-47.301-4 Credit disposals and leases.

Where credit is extended in connection with any disposal of surplus property, the disposal agency shall offer credit pursuant to the provisions of § 101-47.304-4. The disposal agency shall administer and manage the credit, lease, or permit and any security therefor and may enforce, adjust, or settle any right of the Government with respect thereto in such manner and upon such terms as that agency considers to be in the best interest of the Government.

3. Section 101-47.304-4 is amended to read as follows:

§ 101-47.304-4 Invitation for offers.

In all advertised and negotiated disposals, the disposal agency shall prepare and furnish to all prospective purchasers or lessees written invitations to make an offer, which shall contain or incorporate by reference all the terms and conditions under which the property is offered for disposal, including all provisions required by statute to be made a part of the offer. The invitation shall further specify the form of the disposal instrument, which specifications shall be in accordance with the appropriate provisions of §§ 101-47.307-1 and 101-47.307-2.

(a) When the disposal agency has determined that the sale of specific property on credit terms is necessary to avoid retarding the salability of the property and the price obtainable, the invitation shall provide for submission of offers on the following terms:

• • • • • •

(7) [Reserved]

(b) Where the disposal agency has determined that an offering of the property on credit terms that do not meet the standards set forth in § 101-47.304-4(a) is essential to permit disposal of the property in the best interests of the Gov-

V 42 182 SEP 20 77 UMI

ernment, the invitation may provide for submission of offers on such alternate terms of payment as may be recommended by the disposal agency and approved by the Administrator of General Services on the basis of a detailed written statement justifying the need to deviate from the standard terms. The justification shall be based on the needs of the Federal Government as distinguished from the interests of the purchaser. The sale in those cases where the downpayment is less than 20 percent shall, unless otherwise authorized by the Administrator of General Services, be under a land contract which shall provide, in effect, for conveyance of title to the purchaser by quitclaim deed or other form of conveyanve in accordance with the appropriate provisions of §§ 101–47.307–1 and 101–47.307–2 upon payment of one-third of the total purchase price and accrued interest, or earlier if the Government so elects, and execution and delivery of purchaser's note and purchase money mortgage (or bond and deed of trust) satisfactory to the Government, to secure payment of the unpaid balance of the purchase price.

• • • • • •

(Sec. 205(c), 63 Stat. 390; 40 U.S.C. 486(c).)

NOTE.—The General Services Administration has determined that this document does not contain a major proposal requiring preparation of an Economic Impact Statement under Executive Orders 11821 and 11949 and OMB Circular A–107.

Dated: September 9, 1977.

JAY SOLOMON,
Administrator of General Services.

Corrections

In FR Doc. 77–26189 appearing at page 45308 in the issue for Friday, September 9, 1977, the following corrections should be made.

On page 45309, third column, paragraph (l) should read as set forth below.

(l) Region 1: 3.5–3.8 MHz, 7.0–7.1 MHz, 14.0–14.35 MHz, 21.0–21.45 MHz, 28.0–29.7 MHz, 144–146 MHz, 430–440 MHz, 1215–1300 MHz, 2300–2450 MHz.

Region 3: 1.8–2.0 MHz, 3.5–3.9 MHz, 7.0–7.1 MHz, 14.0–14.35 MHz, 21.0–21.45 MHz, 28.0–29.7 MHz, 50.0–54.0 MHz, 144–148 MHz, 420–450 MHz, 1215–1300 MHz, 2300–2450 MHz.

Title 50—Wildlife and Fisheries

CHAPTER I—UNITED STATES FISH AND WILDLIFE SERVICE, DEPARTMENT OF THE INTERIOR

PART 32—HUNTING

Opening of Lacassine National Wildlife Refuge, Louisiana to Hunting

AGENCY: Fish and Wildlife Service, Interior.

ACTION: Special Regulations.

SUMMARY: The Director has determined that the opening to hunting of Lacassine National Wildlife Refuge is compatible with the objectives for which the area was established, will utilize a renewable natural resource, and will provide additional recreational opportunity to the public.

DATES: November 5, 1977 through December 4, 1977 and December 17, 1977 through January 5, 1978.

FOR FURTHER INFORMATION CONTACT:

Bobby W. Brown, Refuge Manager, Lacassine National Wildlife Refuge, Route 1, Box 186, Lake Arthur, La. 70549, telephone 318–774–2750.

SUPPLEMENTARY INFORMATION:

§ 32.12 Special regulations; migratory game birds; for individual wildlife refuge areas.

Public hunting for ducks, geese, and coots is permitted on the Lacassine National Wildlife Refuge, Louisiana, only on the areas designated by signs as being open to public hunting. These areas comprising 6,400 acres are delineated on maps available at the refuge headquarters and from the office of the Regional Director, 17 Executive Park Drive, NE., Atlanta, Ga. 30329. Waterfowl hunting shall be in accordance with all applicable State Regulations subject to the following conditions:

1. All hunters must have a Federal refuge hunting permit in their possession in order to hunt on the refuge.

2. Hunting is restricted to the use of steel shot shells only. No lead or other toxic shot shells will be permitted on the refuge.

3. Hunting Schedule: Hunting is permitted 5 half-days per week—Wednesday through Sunday. No hunting on Mondays or Tuesdays and no hunting on December 25.

4. Shooting Hours: One-half hour before sunrise until 11 a.m. Hunters may enter the hunting area no earlier than two hours before legal shooting time and must be off the refuge by 12 noon.

5. Hunting is restricted to ducks, geese, and coots. No other species of birds, mammals, or reptiles may be shot or taken on the refuge.

6. Hunters under 18 years of age must be under the close supervision of an adult. For safety reasons the ratio should be one adult to one juvenile, but in no case should one adult have more than two juveniles under his/her supervision.

7. Hunting parties may not hunt closer than 100 yards apart.

8. Firearms must be encased or dismantled when carried in transit through refuge waters.

9. Temporary blinds made of native vegetation are required, but may not contain boards, netting, lumber, poles, or wire. Portable blinds may be used but must be removed from the refuge after each day's hunt.

10. Use of retriever dogs is permitted and encouraged, but they must be under control of the hunter at all times.

11. Furbearing animals or trapping equipment present in the hunting areas shall not be molested or disturbed by hunters.

12. Hunters cannot hunt closer than 50 yards to canals or waterways.

13. Airboats and all-terrain vehicles (ATVs) will not be permitted on the hunting area. Operation of boats shall be in accordance with all State and Federal regulations.

The provisions of this special regulation supplement the regulations which govern hunting on wildlife refuge areas generally which are set forth in Title 50, Code of Federal Regulations, Part 32. The public is invited to offer suggestions and comments at any time.

NOTE.—The U.S. Fish and Wildlife Service has determined that this document does not contain a major proposal requiring preparation of an Economic Impact Statement under Executive Order 11949 and OMB Circular A–107.

Dated: September 13, 1977.

HAROLD W. BENSON,
Acting Regional Director.

PART 32—HUNTING

Opening of St. Vincent National Wildlife Refuge, Florida, to Public Hunting

AGENCY: Fish and Wildlife Service, Interior.

ACTION: Special Regulation.

SUMMARY: The Director has determined that the opening to public resident big game hunting of St. Vincent National Wildlife Refuge is compatible with the objectives for which the area was established, will utilize a renewable natural resource, and will provide additional recreational opportunity to the public.

DATES: *Archery:* October 20–23, 1977 and November 17–20, 1977. *Primitive gun:* December 8–11, 1977.

FOR FURTHER INFORMATION CONTACT:

Harry T. Stone, Refuge Manager, St. Vincent National Wildlife Refuge, P.O. Box 447, Apalachicola, Fla. 32320, telephone 904–653–8808.

SUPPLEMENTARY INFORMATION:

§ 32.32 Special regulations; big game; for individual wildlife refuge areas.

Public hunting of white-tailed deer, feral (wild) hogs, raccoon, and opossum is permitted on 12,358 acres of St. Vincent National Wildlife Refuge. The area open to hunting includes all of St. Vincent Island. This open area is delineated on a map available at the refuge headquarters and from the office of the Regional Director, 17 Executive Park Drive, NE., Atlanta, Ga. 30329. Hunting shall be in accordance with all applicable State and Federal regulations subject to the following conditions:

1. *Species permitted to be taken.* (a) White-tailed deer—either sex (except spotted fawn) on the archery hunts; antlered (minimum 5") bucks only on the primitive gun hunt. (b) Hogs (minimum 15" shoulder height), raccoon, and opossum.

2. *Bag limits.* White tailed deer—1 per day, 2 per season; Hogs, raccoon, and opossum—no bag limits.

3. *Open seasons.* (a) Bow and arrow—October 20–23, 1977 and November 17–20, 1977; (b) Primitive gun—December 8–11, 1977.

4. *Permitted methods of hunting*—(a) *Bow and arrow seasons.* Long bows capable of casting a one (1) ounce hunting arrow 150 yards and sharp broadhead arrows. Firearms and cross bows are prohibited. Hunters must be on stands from ½ hour before sunrise to 1½ hours after sunrise. No stalking or movement through the woodlands is permitted during the stand hunt hours. There will be no required afternoon stand period although still hunting is encouraged from 4 p.m. until sunset.

(b) *Primitive gun season.* Weapons permitted are muzzle loading percussion cap or flint lock rifles with a single or double rifled barrel of .40 caliber minimum and a .58 caliber maximum bore. Minimum barrel length is 20".

5. *Permit requirements.* A non-transferable hunting permit must be obtained at one of the check stations on the Island before hunting. This permit must be kept in possession while hunting.

6. *Access.* Initial entry onto St. Vincent Island is restricted to two check stations throughout the hunts. These are designated Campsite 1 and Campsite 2 on the hunting area map. Each hunter must check-in upon initial entry and check-out before he leaves the Island on his last hunting day. Participants are to have their game inspected by refuge personnel at the check station where they received their permits. The use of boats to gain access at other designated locations is permitted following check-in. Boats to be used to gain access at points other than check stations must first be registered at one of the check stations. The use of boats for ingress and egress at unauthorized locations is prohibited.

7. During the primitive gun hunt; hunters are required to wear outer garments above the waist which contain a minimum total of 500 square inches of daylight fluorescent orange colored material. Bow hunters are required to wear red, orange, or yellow outer garment (hat, vest, etc.) while hunting.

8. Each hunter under age 18 must be under the close supervision of an adult. For safety reasons the ratio should be one adult to one juvenile, but in no case should one adult have more than two juveniles under his/her supervision.

9. Camping and fires are restricted to two designated camping areas. Participants may set up camp one day prior to the opening of each hunt season, but are not permitted to leave the campsite area to set up stands, "scout", etc. Campers must remove all camping equipment from St. Vincent Island by 3 p.m. following the last day of each hunt season.

10. Dogs are not permitted on the Island.

11. No motorized vehicles or equipment such as scooters, tote bikes, beach buggies, jeeps, portable electric generators, chain saws, etc., will be permitted.

12. Littering and cutting of live trees is prohibited. Only dead wood may be cut.

13. It is unlawful to drive a nail, spike, or other metal object into any tree or to hunt from any tree in which a nail, spike, or other metal object has been driven.

14. Apprehension of a participant for any infraction of regulations shall be cause for immediate revocation of his hunting permit.

The provisions of this special regulation supplements the regulations which govern hunting on wildlife refuge areas generally which are set forth in Title 50, Code of Federal Regulations, Part 32. The public is invited to offer suggestions and comments at any time.

NOTE.—The U.S. Fish and Wildlife Service has determined that this document does not contain a major proposal requiring preparation of an Economic Impact Statement under Executive Order 11949 and OMB Circular A–107.

Dated: September 13, 1977.

HAROLD W. BENSON,
Acting Regional Director.

PART 32—HUNTING

Opening of Ottawa National Wildlife Refuge, Ohio to Goose Hunting

AGENCY: Fish and Wildlife Service, Interior.

ACTION: Special Regulation.

SUMMARY: The Director has determined that the opening to goose hunting of Ottawa National Wildlife Refuge is compatible with the objectives for which the area was established, will utilize a renewable natural resource, and will provide additional recreational opportunity to the public.

DATES: October 14, 1977 through November 26, 1977.

FOR FURTHER INFORMATION CONTACT:

Leland E. Herzberger, Refuge Manager, Ottawa National Wildlife Refuge, 14000 W. State Route 2, Oak Harbor, Ohio 43449, telephone number 419–897–0211.

SUPPLEMENTARY INFORMATION:

§ 32.12 Special regulations; migratory game birds; for individual wildlife refuge areas.

Hunting of Canada, snow (including blue color phase) and white-fronted geese is permitted on the Ottawa National Wildlife Refuge, Ohio, only on the areas designated by signs as being open to hunting. These areas comprising 640 acres are delineated on maps available at the refuge headquarters and from the office of the Regional Director, U.S. Fish and Wildlife Service, Federal Building, Fort Snelling, Twin Cities, Minn. 55111. Hunting shall be in accordance with all applicable State regulations subject to the following conditions:

(1) Hunting shall be by State permit and only from assigned blinds. Blind assignments will be determined by drawings.

(2) A fee of five dollars per hunter will be required for blind rental.

(3) No more than two persons per blind (permit holder and one guest) are permitted.

(4) Hunters must report to the check station at least one hour before legal shooting time.

(5) Each hunter may possess not more than 10 shells. Only non-toxic steel shot in shot sizes no larger than No. 1 will be permitted. Hunters may not have shotgun shells containing lead or other toxic shot in their possession.

(6) Hunters will be permitted to pursue and shoot downed geese only within 75 yards of their assigned blind.

(7) Hunting hours shall be from the legal opening time in the morning until 12 noon.

(8) All hunters must be out of their assigned blinds by 1 p.m.

(9) All hunters must report to the check station and submit their geese for examination by 2 p.m.

(10) Vehicle travel is restricted to designated routes of travel and parking areas.

(11) Foot travel is restricted to the designated public use areas only.

(12) Overnight camping and open fires are prohibited.

(13) The use of trained dogs to retrieve downed geese within the hunting area is permitted.

The provisions of this special regulation supplement the regulations which govern hunting on wildlife refuge areas generally which are set forth in Title 50, Code of Federal Regulations, Part 32, and are effective through November 26, 1977. The public is invited to offer suggestions and comments at any time.

NOTE.—The U.S. Fish and Wildlife Service has determined that this document does not contain a major proposal requiring preparation of an Economic Impact Statement under Executive Order 11949 and OMB Circular A–107.

Dated: September 12, 1977.

WILLIAM E. DAUGHERTY,
Acting Regional Director.

PART 32—HUNTING

Opening of Tamarac National Wildlife Refuge, Minn., to Migratory Game Bird Hunting

AGENCY: Fish and Wildlife Service, Interior.

ACTION: Special regulation.

SUMMARY: The Director has determined that the opening of the Tamarac National Wildlife Refuge to waterfowl and coot hunting is compatible with the objectives for which the area was estab-

V 42 182 SEP 20 77 UMI

lished, will utilize a renewable natural resource, and will provide recreational opportunity to the public.

DATES: October 1, 1977 through November 14, 1977.

FOR FURTHER INFORMATION CONTACT:

Omer N. Swenson, Refuge Manager, Tamarac National Wildlife Refuge, Rochert, Minn. 56578; telephone 218–847–4355.

SUPLEMENTARY INFORMATION:

§ 32.12 Special regulations; migratory game birds; for individual wildlife refuge areas.

Public hunting of ducks, geese, and coots on the Tamarac National Wildlife Refuge, Rochert, Minn., is permitted in the area designated by signs as public hunting area. This area comprising 12,500 acres is delineated on maps available at the Refuge Headquarters and from the office of the Regional Director, U.S. Fish and Wildlife Service, Federal Building, Fort Snelling, Twin Cities, Minn. 55111.

Hunting shall be in accordance with all applicable State regulations subject to the following special conditions:

(1) The hunting of other migratory game bird species as may be authorized by Minnesota State regulations is prohibited.

(2) No person shall, for the purpose of hunting, enter or leave the refuge except by designated roads or trails.

(3) Use of steel shot is required for hunting waterfowl and coots. Possession of shot shells containing lead or other toxic shot while hunting waterfowl and coots is prohibited.

(4) Construction of permanent blinds, platforms, or scaffolds is prohibited. Temporary blinds may be constructed, but if left overnight, such blinds will be available on a first come, first served basis.

(5) The use of dogs to retrieve downed waterfowl and coots is permitted.

(6) Boats are permitted for waterfowl and coot hunting.

The provisions of this special regulation supplement the regulations which govern hunting on wildlife refuge areas generally which are set forth in Title 50 Code of Federal Regulations, Part 32. The public is invited to offer suggestions and comments at any time.

NOTE.—The U.S. Fish and Wildlife Service has determined that this document does not contain a major proposal requiring preparation of an Economic Impact Statement under Executive Order 11949 and OMB Circular A-107.

Dated: September 12, 1977.

PART 32—HUNTING

Opening of Lake Nettie National Wildlife Refuge, N. Dak., to Deer Hunting

AGENCY: Fish and Wildlife Service, Interior.

ACTION: Special regulation.

SUMMARY: The Director has determined that the opening to deer hunting of Lake Nettie National Wildlife Refuge is compatible with the objectives for which the area was established, will utilize a renewable natural resource, and will provide additional recreational opportunity to the public.

DATES: November 21, 1977 through December 31, 1977.

FOR FURTHER INFORMATION CONTACT:

David C. McGlauchlin, Refuge Manager, Audubon National Wildlife Refuge, Coleharbor, N. Dak. 58531. Phone 701–442–5474.

SUPPLEMENTARY INFORMATION:

§ 32.32 Special regulations; big game; for individual wildlife refuge areas.

Deer Bow Hunting is permitted on the Lake Nettie National Wildlife Refuge, N. Dak., only on the areas designated by signs as being open to hunting. These areas comprising 2,265 acres are delineated on maps available at the refuge headquarters and from the office of the Area Manager, 1500 Capitol Avenue, Bismarck, N. Dak. 58501. Hunting shall be in accordance with all applicable State regulations subject to the following conditions:

(1) Hunting is permitted from 12 noon, C.S.T. November 21, 1977, to sunset that day, and from sunrise to sunset each day from November 22 through December 31, 1977.

(2) All hunters must exhibit their hunting license, deer tag, game, and vehicle contents to Federal and State officers upon request.

(3) Vehicular traffic, including the use of boats, is prohibited by hunters on the refuge during the deer season.

The provisions of this special regulation supplement the regulations which govern hunting on wildlife refuge areas generally which are set forth in Title 50, Code of Federal Regulations, Part 32. The public is invited to offer suggestions and comments at any time.

NOTE.—The U.S. Fish and Wildlife Service has determined that this document does not contain a major proposal requiring preparation of an Economic Impact Statement under Executive Order 11949 and OMB Circular A-107.

DAVID C. MCGLAUCHLIN,
Refuge Manager, Audubon National Wildlife Refuge, Coleharbor, N. Dak. 58531.

proposed rules

This section of the FEDERAL REGISTER contains notices to the public of the proposed issuance of rules and regulations. The purpose of these notices is to give interested persons an opportunity to participate in the rule making prior to the adoption of the final rules.

DEPARTMENT OF AGRICULTURE

Agricultural Marketing Service

[7 CFR Part 966]

TOMATOES GROWN IN FLORIDA

Proposed Expenses and Rate of Assessment

AGENCY: Agricultural Marketing Service, USDA.

ACTION: Proposed rule.

SUMMARY: This notice invites written comments on proposed expenses of $119,500 and a rate of assessment of 0.35 cent ($0.0035) per 30-pound equivalent of tomatoes for the functioning of the Florida Tomato Committee. The regulation would enable the committee to collect assessments from first handlers on all assessable tomatoes handled and to use the resulting funds for its expenses.

DATE: Comments due October 4, 1977.

ADDRESS: Comments should be sent to: Hearing Clerk, Room 1077, South Building, U.S. Department of Agriculture, Washington, D.C. 20250. Two copies of all written materials shall be submitted. Comments will be made available for public inspection at the office of the Hearing Clerk during regular business hours.

FOR FURTHER INFORMATION CONTACT:

Charles R. Brader, Deputy Director, Fruit and Vegetable Division, AMS, U.S. Department of Agriculture, Washington, D.C. 20250. Telephone 202–447–3545.

SUPPLEMENTARY INFORMATION: Marketing Agreement No. 125 and Order No. 966, both as amended, regulate the handling of tomatoes grown in designated counties in Florida. It is effective under the Agricultural Marketing Agreement Act of 1937, as amended (7 U.S.C. 601–674). The Florida Tomato Committee, established under the order, is responsible for its local administration.

The proposals are as follows:

§ 966.214 Expenses and rate of assessment.

(a) The reasonable expenses that are likely to be incurred during the fiscal period ending July 31, 1978, by the Florida Tomato Committee for its maintenance and functioning and for such other purposes as the Secretary may determine to be appropriate will amount to $119,500.

(b) The rate of assessment to be paid by each handler in accordance with this part shall be 0.35 cent ($0.0035) per 30-pound container or equivalent quantity, of tomatoes handled by him as the first handler thereof during the fiscal period.

(c) Unexpended income in excess of expenses for the fiscal period may be carried over as a reserve.

(d) Terms used in this section have the same meaning as when used in the marketing agreement and this part.

Dated: September 14, 1977.

CHARLES R. BRADER,
Deputy Director, Fruit and Vegetable Division, Agricultural Marketing Service.

[FR Doc.77-27267 Filed 9-19-77;8:45 am]

Rural Electrification Administration

[7 CFR Part 1701]

RURAL TELEPHONE PROGRAM

Proposed Revision of REA General Specification for Private Automatic Branch Exchanges and REA Specification for Equipment for Direct Distance Dialing

AGENCY: Rural Electrification Administration.

ACTION: Proposed rule.

SUMMARY: REA proposes to revise REA Bulletin 384–3, Central Office Equipment Contracts and Specifications, to announce the revision of REA Form 528, General Specification for Private Automatic Branch Exchanges, and REA Form 538, Specification for Equipment for Direct Distance Dialing. On issuance of REA Bulletin 384–3, Appendix A to Part 1701 will be modified accordingly.

DATE: Public comments must be received by REA no later than October 20, 1977.

ADDRESS: Persons interested in the revision of REA Form 528 and/or REA Form 538 may submit written data, views, or comments to the Director, Telephone Operations and Standards Division, Rural Electrification Administration, Room 1355, South Building, U.S. Department of Agriculture, Washington, D.C. 20250. All written submissions made pursuant to this notice will be made available for public inspection at the Office of the Director, Telephone Operations and Standards Division during regular business hours.

FOR FURTHER INFORMATION CONTACT:

Mr. Maynard S. Knapp, Chief, Central Office Equipment Branch, Telephone Operations and Standards Division, Rural Electrification Administration, Room 1334, South Building, U.S. Department of Agriculture, Washington, D.C. 20250, telephone number 202–447–5773.

SUPPLEMENTARY INFORMATION: Notice is hereby given that pursuant to the Rural Electrification Act, as amended (7 U.S.C. 901 et seq.), REA proposes to revise REA Bulletin 384–3. A copy of the proposed revised REA Form 528 and/or of the proposed revised REA Form 538 may be secured in person or by written request from the Director, Telephone Operations and Standards Division. The text of the revised REA Bulletin 384–3 announcing the issuance of revised REA Form 528 and REA Form 538 is as follows:

REA BULLETIN 384–3

SUBJECT: CENTRAL OFFICE EQUIPMENT CONTRACTS AND SPECIFICATIONS

I. *Purpose.* To announce the revision of REA Form 528, General Specification for Private Automatic Branch Exchanges, and REA Form 538, Specification for Equipment for Direct Distance Dialing, and list current editions of central office equipment contracts and specifications.

II. *General.* The standard forms and specifications are to be used by borrowers for all purchases of central office equipment for the initial system. For further detail, see REA Bulletin 384–1, Purchasing and Installing Central Office Equipment.

III. *Contracts and Amendment*—A. *REA Form 525 (9–66), Central Office Equipment Contract (Including Installation),* for use when the equipment is installed by the supplier.

B. *REA Form 545 (9–66), Central Office Equipment Contract (Excluding Installation),* for use when the equipment is installed by the borrower's own forces or by others under a separate contract.

C. *REA Form 400 (10–65), Telephone Equipment Contract (Installation Only),* for use when the equipment is to be installed by others than the supplier under a separate contract.

D. *REA Form 238 (4–72), Construction or Equipment contract Amendment,* for use in amending the contracts to provide for any necessary changes in the equipment and materials or specifications and for any additional equipment and materials required in connection with the central offices included in the contract.

IV. *Specifications.*—A. REA Form 524 (1–76), General Specification for Common Control Central Office Equipment.

B. REA Form 528 (10–77), General Specification for Private Automatic Branch Exchanges.

C. REA Form 537 (4–77), Specification for Equipment for Automatic Number Identification—CAMA.

D. REA Form 538 (10–77), Specification for Equipment for Direct Distance Dialing.

E. REA Form 542 (4–63), Specification for Toll Office Equipment.

F. REA Form 558 (9–66), Specification for Dial Central Office Equipment.

V 42 I 182
SEP 20 77
UMI

V. *Revision of REA Form 523, General Specification for Private Automatic Branch Exchanges.* This revision becomes effective January 1, 1978. All applicable equipment furnished REA projects through bids or negotiations or on orders placed by REA borrowers after that date shall comply with the revised specification. This does not preclude the adoption of the revised specification by manufacturers prior to the effective date. The principal reasons for the reissue are:

A. To include more specific requirements for the parameters of transmission, traffic, features, surge protection and general switching requirements.

B. To bring the specification more in line with other REA performance type switching specifications.

VI. *Revision of REA Form 538, Specification for Equipment for Direct Distance Dialing.* This revision becomes effective January 1, 1978. All applicable equipment furnished REA projects through bids or negotiations or on orders placed by REA borrowers after that date shall comply with the revised specification. This does not preclude the adoption of the revised specification by manufacturers prior to the effective date. The principal reasons for the reissue are:

A. To specify DDD equipment for all common control offices, new or existing.

B. To recognize various changes in the latest issue of REA Form 524, General Specification for Common Control Central Office Equipment.

C. To reword various requirements throughout the specification for purposes of clarification.

VII. *Source of Central Office Equipment Contracts, Specifications, Amendment, and Contractor's Bonds.*—A. REA Form 525, Central Office Equipment Contract (A copy of REA Form 558, Specification for Dial Central Office Equipment is attached to each copy of the Form 525 Contract) is to be purchased from the Superintendent of Documents, Public Documents Distribution Center, Pueblo Industrial Park, Pueblo, Colo. 81008. Orders for the purchase of Form 525 should be prepared on REA Form 33. Copies of Form 33 are available from REA upon request.

B. All other forms referred to in this bulletin are available from REA upon request. Each contract Form 400 and 525 contains one copy of the Contractor's Bond, REA Forms 400a and 525a, respectively. Additional copies of these bond forms are available from REA upon request.

C. Questions concerning the revised specifications may be referred to the Chief, Central Office Equipment Branch, Telephone Operations and Standards Division, Rural Electrification Administration, U.S. Department of Agriculture, Washington, D.C. 20250, telephone number 202–447–5773.

Dated: September 12, 1977.

C. R. BALLARD,
Assistant Administrator—Telephone.

[FR Doc.77-27143 Filed 9-19-77;8:45 am]

FEDERAL ENERGY ADMINISTRATION

[10 CFR Parts 205 and 303]

ADMINISTRATIVE PROCEDURES REGARDING APPLICATIONS FOR EXCEPTIONS

Amendments

AGENCY: Federal Energy Administration.

ACTION: Notice of Proposed Rulemaking.

SUMMARY: The Federal Energy Administration (FEA) hereby gives notice of a proposal to amend its administrative procedure regulations regarding applications for exception. The purpose of the proposed amendments is to revise the procedures governing the exceptions process so as to provide a fuller administrative review of the issues raised in each application for exception and afford interested parties a greater opportunity for comment during the consideration of the application. FEA will receive written comments with respect to this proposal.

DATES: Comments by October 4, 1977.

ADDRESSES: Written comments to: Federal Energy Administration, Executive Communications, Room 3317, Federal Building, Box PQ, Washington, D.C. 20461.

FOR FURTHER INFORMATION CONTACT:

Deanna Williams (FEA Reading Room), 12th and Pennsylvania Avenue NW., Room 2107, Washington, D.C., 202–566–9161.

Ed Vilade (Media Relations), 12th and Pennsylvania Avenue NW., Room 3104, Washington, D.C. 20461 (202–566–9833).

Melvin Goldstein (Office of Exceptions and Appeals), 2000 M Street NW., Room 8002, Washington, D.C. 20461 (202–254–5134).

Paul L. Bloom (Office of General Counsel), 12th and Pennsylvania Avenue NW., Room 5210, Washington, D.C. 20461 (202–566–9472).

SUPPLEMENTARY INFORMATION

I. BACKGROUND

The present procedures which govern the issuance of administrative determinations with regard to applications for exception are found in Subpart D of the FEA Administrative Procedures and Sanctions Regulations which apply to Mandatory Petroleum Allocation and Price Regulations (10 CFR Part 205) and in Subpart E of the FEA Administrative Procedures and Sanctions Regulations which apply to regulations issued pursuant to the Energy Supply and Environmental Coordination Act of 1974, as amended (10 CFR Part 303). It is the FEA's current view that those procedures should be revised so as to produce a more fully developed administrative record. The development of that type of record through the hearing process described below will enable any reviewing authority to consider arguments on appeal in a more effective and efficient manner. These new procedures will also enhance the opportunity of applicants to present factual data and legal arguments in support of the position which they state the FEA should adopt.

II. DISCUSSION

Under existing procedures an applicant who has filed a request for exception becomes aware of the agency's determination with respect to that request only when a copy of the formal decision and order is served upon him. Although an applicant is usually requested to provide additional factual information during the pendency of the proceeding in order to assist the agency in its analysis of the application and to establish a foundation upon which relief can be granted, these contacts with the Office of Exceptions and Appeals are more limited than the formal hearings contemplated by the procedures outlined below. Under these new procedures, a proposed Decision and Order would be served upon all parties to the proceeding, and comments would be requested.

After receiving the proposed Decision any aggrieved party will have the opportunity to file a further document in the proceeding in which it specifies the errors in fact which it believes appear in the proposed Decision. Parties will also have the opportunity to request that an evidentiary hearing be convened in the matter. An opportunity for oral argument would in addition be provided as a matter of right in the regulations themselves. After the completion of these proceedings the proposed Decision would be reassessed and an exception decision would then be issued in final form.

It should also be noted that the proposed regulations will provide the Office of Exceptions and Appeals with an opportunity which does not exist under present procedures to easily correct minor or inadvertent errors. If, for example, a mathematical error occurs in the decision issued with respect to a particular application for exception, a party that is adversely affected by that error may find that its only remedy is to undertake a lengthy appeal of the decision. Under the proposed procedures, a comment on the proposed decision would suffice to correct the error.

The procedures that are conducted with respect to exception applications will be greatly expanded in nature under the proposed regulations. An opportunity for a full evidentiary hearing will have already been provide prior to the issuance of the exception decision, and parties will have an ample opportunity to present argument and evidence to demonstrate that the proposed decision and order which is issued in the exception proceeding is erroneous. Accordingly, interested parties will be required to raise any issue of fact or law which they intend to contest in the matter during the course of the exception proceeding itself. Under that type of arrangement, the scope of review on appeals may generally be limited to issues which were raised in the prior exception proceeding and which the parties contend were erroneously decided.

III. PROCEDURES FOR RECEIVING WRITTEN COMMENTS AND PUBLIC HEARING

A. WRITTEN COMMENT PROCEDURES

Interested persons are invited to participate in this rulemaking by submitting data, views, or arguments with respect to the proposals set forth in this notice to Executive Communications, Federal Energy Administration.

B. PUBLIC HEARINGS NOT REQUIRED

It has been determined that the requirements of section 7(i) (1) (C) of the Federal Energy Administration Act of 1974 (Pub. L. 93–275), as amended, relating to opportunities for oral presentations, do not apply because the proposed regulations are procedural in nature and are not likely to have a substantial impact on the Nation's economy or large numbers of individuals or businesses.

C. OTHER PROCEDURAL CONSIDERATIONS

Since the proposed regulations are not regulations affecting the quality of the environment, the provisions of section 7 (c) (1) of the Federal Energy Administration Act of 1974 (Pub. L. 93–275), as amended, have been determined to be inapplicable to the proposal.

Additionally, the FEA has determined that this document does not contain a major proposal requiring preparation of an Inflation Impact Statement under Executive Order 11821 and Office of Management and Budget Circular A–107.

D. INTERIM REQUIREMENTS

In order to avoid a situation in which the FEA is applying two different sets of procedures in exception proceedings that are being conducted at the same time, the FEA will conduct exception proceedings in accordance with the proposed procedures subsequent to the date of issuance of these proposed regulations. It is not anticipated, however, that parties will be adversely affected by the immediate implementation of these new procedures since the proceedings provide a greater opportunity for a party to submit factual data and legal arguments in support of the position which it urges the agency to adopt.

(Federal Energy Administration Act of 1974 (Pub. L. 93–275) (15 U.S.C. 761 et seq.), as amended by Pub. L. 94–385 and Pub. L. 95–70; Emergency Petroleum Allocation Act of 1973, Pub. L. 93–159 as amended; Energy Supply and Environmental Coordination Act of 1974 (Pub. L. 93–319) (15 U.S.C. 791 et seq.), as amended.)

In consideration of the foregoing it is proposed to amend Subpart D of Part 205 and Subpart E of Part 303 of Chapter II of Title 10 of the Code of Federal Regulations as set forth below.

Issued in Washington, D.C., September 14, 1977.

ERIC J. FYGI,
Acting General Counsel,
Federal Energy Administration.

PART 205—ADMINISTRATIVE PROCEDURES AND SANCTIONS

1. a. The table of contents for Part 205 is amended by revising the entries for §§ 205.56 through 205.58 and by adding §§ 205.59 through 205.67.

Subpart D—Exception

• • • • •

Sec.
205.56 Issuance of Proposed Decision and Order.
205.57 Statement of objections to Proposed Decision and Order.
205.58 Motion for evidentiary hearing.
205.59 Statement of collateral factual representations.
205.60 Response.
205.61 Motion to dismiss.
205.62 Decision with respect to motion for evidentiary hearing.
205.63 Evidentiary hearing.
205.64 Hearing for the purpose of oral argument only.
205.65 Extension of time; interim and ancillary orders.
205.66 Issuance of decision and order with respect to exception proceeding.
205.67 Appeal of exception decision.

1. b. Sections 205.56, 205.57 and 205.58 are revised and §§ 205.59 through 205.67 are added to read as follows:

§ 205.56 Issuance of Proposed Decision and Order.

(a) After considering the submissions of the parties, and any other relevant information received or obtained during the proceeding, the Office of Exceptions and Appeals shall issue a Proposed Decision and Order with respect to the Application for Exception. The proposed determination shall include a written statement setting forth the relevant facts and legal basis supporting the conclusions reached in the proposed order.

(b) The FEA shall serve a copy of the Proposed Decision and Order upon the applicant, any other person who participated in the proceeding and upon any other person readily identifiable by the FEA as one who would be aggrieved by such order. A copy of each Proposed Decision and Order with such modification as is necessary to insure the confidentiality of information protected from disclosure under 18 U.S.C. 1905 and 5 U.S.C. 552, shall also be placed on file in the Public Docket Room described in § 205.15.

(c) Within 10 days of service of the proposed Decision and Order any person who would be aggrieved by the issuance of the Order may state his opposition to the finalization of the Proposed Decision and Order by filing a Notice of Objection in the matter. Any such Notice shall be filed with the National Office of Exceptions and Appeals at the address stated in § 205.12, and shall contain a brief statement describing the manner in which the person filing the Notice would be aggrieved by the issuance of the proposed Order. The person filing the Notice shall also state his intention to establish through the procedures set forth in this subpart that the proposed Decision and Order is erroneous in fact or law or is arbitrary or capricious.

(d) Any aggrieved party who fails to file a Notice of Objection within the prescribed time period shall be deemed to consent to the finalization of the proposed Decision and Order.

(e) Any person that files a Notice of Objection shall serve a copy of the Notice upon any other person who is reasonably ascertainable as a person who would be aggrieved by the action sought including those parties who participated in the exception proceeding prior to the issuance of the proposed Decision and Order. The service required by this paragraph shall be made on the same date that the person files the Notice with the Office of Exceptions and Appeals. The Notice shall include a certification that the provisions of this paragraph have been complied with and shall include the names and addresses of each person to whom a copy of the Notice was sent and the date and manner of service.

(f) Unless the Office of Exceptions and Appeals otherwise directs, a proposed Decision and Order shall be issued in final form as a matter of course if no aggrieved party has filed the Notice referred to in paragraph (c) of this section in a timely manner.

(g) An aggrieved party shall not be deemed to have properly exhausted his administrative remedies with respect to an Application for Exception unless he files the Notice referred to in paragraph (c) of this section in a timely manner.

§ 205.57 Statement of objections to Proposed Decision and Order.

(a) *Filing Requirement.* A Statement of Objections to a Proposed Decision and Order must satisfy the general filing requirements specified in other provisions of this Part and must be filed within 30 days of service of the Proposed Decision and Order. A request for an extension of the date by which such Statement must be filed must be submitted in writing and may be granted in the discretion of the Office of Exceptions and Appeals for good cause shown.

(b) *Filing and Service of Statement of Objections and Related Documents.* (1) A Statement of Objections to a proposed Decision and Order, comments filed by aggrieved parties regarding the Statement, any motions or supporting documents referred to in this subpart and any other document filed in connection with the proceeding shall be filed with the National Office of Exceptions and Appeals at the address provided in § 205.12. A copy of each such document shall also be served upon any other person who is reasonably ascertainable as a person who would be aggrieved by the action sought including those parties who participated in the exception proceeding which preceded the issuance of the Proposed Decision and Order.

(2) Service of the documents referred to in § 205.57(b) (1) shall be made on the same date the filing is made with the Office of Exceptions and Appeals. The party filing any such document shall also file a certification of service with the Office of Exceptions and Appeals. The certification shall contain a statement that the provisions of this subparagraph have been complied with and shall include the names and addresses of each person upon whom service was made and the date and manner of service.

(3) Two additional copies of the submission referred to in subsection (b) (1) of this section shall also be filed with the Office of Exceptions and Appeals. If a party claims confidential treatment with respect to any portion of a submission referred to in subsection (b) (1) of this section, the party shall delete the con-

V 42 182 SEP 20 77 UMI

fidential portion in the copies of its submission which it files pursuant to this subsection. The FEA shall place one copy of the submission received pursuant to this subsection in the Public Docket Room described in § 303.13 of this chapter.

(c) *Content of Statement of Objections.* The Statement of Objections shall contain a full and detailed discussion of the basis upon which the person filing the Statement is objecting to the issuance of the Proposed Decision and Order, and persons are required to specify in the statement each issue of fact or law which they intend to contest in the matter during the course of the exception proceeding. The Statement shall include a discussion of all relevant authorities, including, but not limited to, FEA rulings, regulations, interpretations, and previous Decisions issued by the Office of Exceptions and Appeals. The Statement shall also include a separate specification of the particular findings of fact contained in the Proposed Decision and Order which the person filing the Statement contends are incorrect. That specification shall refer to the particular page and line of the Proposed Decision and Order in which the disputed findings of fact appears, shall set forth the alternative finding which the person filing the Statement contends should properly be made with respect to the disputed matter and shall further specify the manner in which the applicant proposes to establish the validity of the position which it advances.

§ 205.58 Motion for evidentiary hearing.

If a person who has filed a Statement of Objection to the finalization of a Proposed Decision and Order contends that it can properly establish the validity of its position only through the introduction of evidence at an evidentiary hearing, the person shall file a Motion for an Evidentiary Hearing. That motion shall be filed at the same time that the person files a Statement of Objection and shall with respect to each disputed finding of fact:

(i) Identify each witness whose testimony is required;

(ii) State the relevancy of the testimony and the reasons why the testimony of the witness is necessary in order to establish the asserted position; and

(iii) State the reasons why the asserted position cannot be established in a manner other than through the direct questioning of witnesses at an evidentiary hearing.

§ 205.59 Statement of collateral factual representations.

At the time it files a motion for an evidentiary hearing, a person may also file a specification of particular factual representations which are not expressly referred to in the Proposed Decision and Order and which the person contends are material and relevant in establishing that the proposed Decision and order is either erroneous in fact or law or is arbitrary or capricious. With respect to each such factual representation the person filing the Statement shall set forth the particular finding of fact which it asserts should be made with respect to the matter, the reasons why the factual representation is relevant and material to a determination of the matter, and the manner in which it proposes to establish the validity of the factual representation which it claims to be correct. In the event the person filing the Statement of Collateral Factual Representations contends that it can properly establish the validity of the asserted position only through the introduction of evidence at an evidentiary hearing, it shall with respect to each such disputed finding of fact:

(i) Identify each witness whose testimony is required;

(ii) State the relevance of the testimony and the reasons why the testimony of the witness is necessary in order to establish the asserted position; and

(iii) State the reasons why the asserted position cannot be established in a manner other than through the direct questioning of witnesses at an evidentiary hearing.

§ 205.60 Response.

Within ten (10) days of receipt of a Statement of Objections, Motion for Evidentiary Hearing or accompanying Statements, any aggrieved party may file its comments with respect to those documents. In the event the party filing such comments wishes to respond to specific factual representations that appear in the material it has received, the party shall identify:

(i) The particular factual representations which it considers to be correct;

(ii) The particular factual representations which it asserts is incorrect;

(iii) The particular factual representations whose validity it is not in a position to either accept or deny;

(iv) The particular factual representations whose validity it challenges and wishes proven by the submission of evidence; and

(v) The particular factual representations which it is prepared to dispute through the submission of testimony of its own witnesses or through the submission of verified documents.

§ 205.61 Motion to dismiss.

At the time it files the Response referred to in § 205.60 an aggrieved party may also file a motion to dismiss any factual representation propounded by the person that has filed a Statement of Objections on the grounds of vagueness, immateriality, or irrelevance.

§ 205.62 Decision with respect to motion for evidentiary hearing.

(a) After receiving the submissions of the parties with respect to a Motion for Evidentiary Hearing, the Office of Exceptions and Appeals may in its discretion conduct conferences with the parties for the purpose of resolving any differences of view and may convene a hearing pursuant to the provisions of § 205.172 in order to hear oral argument with respect to the motion.

(b) After considering the motion, supporting documents and any other relevant information received or obtained during the proceeding, the Office of Exceptions and Appeals shall enter an appropriate Order with respect to the motion. In the event the motion is granted in whole or in part, the Order which the Office of Exceptions and Appeals issues shall expressly or by reference to another document filed in the course of the proceeding specify the particular issues of fact which will be set forth for an evidentiary hearing.

(c) The Order of the Office of Exceptions and Appeals with respect to a Motion for Evidentiary Hearing shall be deemed to be an Interlocutory Order which is subject to further administrative review or appeal only upon the issuance of the Decision and Order referred to in § 205.66.

§ 205.63 Evidentiary hearing.

(a) All evidentiary hearings convened pursuant to this section shall be conducted by the Director of the Office of Exceptions and Appeals or by his designee.

(b) The presiding officer of the evidentiary hearing shall afford the parties an opportunity to present evidence which:

(i) Directly relates to a particular issue of fact which has been set forth for hearing; and

(ii) Is material and relevant in establishing the validity of the position which the party asserts the FEA should adopt.

(c) The presiding officer may take reasonable measures to exclude duplicative material from the hearing. The presiding officer may also require that evidence be submitted through affidavits or other written form if he concludes that the presentation of evidence through the direct testimony of witnesses will unduly delay the orderly progress of the hearing and would add little substantive value in resolving the issues involved in the hearing.

(d) In all instances in which a party presents evidence through the testimony of a witness, the presiding officer of the hearing shall ensure that reasonable opportunity is provided to the other parties for cross-examination.

(e) In general, the presiding officer of the hearing may administer oaths and affirmations, rule on objections to dispose of procedural requests, determine the format of the hearing, direct that written motions or briefs be provided with respect to issues raised during the course of the hearing and otherwise regulate the course of the hearing.

(f) The provisions of § 205.8 of this Part which relate to subpoenas and witness fees shall apply to any hearing conducted pursuant to this section.

(g) Following the presentation of all evidence the presiding officer shall afford the parties an opportunity to present oral argument as to the Decision and Order which the FEA should issue with respect to the matter. The presiding officer may direct that written memoranda, briefs or other documentary material be submitted in support of any position which a party advances or with respect to any issue otherwise specified by the presiding officer. In the event written submissions of that nature are requested by the presiding officer, an opportunity shall also be provided for other parties to file responsive memoranda, briefs or documents.

§ 205.64 Hearing for the purpose of oral argument only.

(a) In those instances in which an evidentiary hearing is not convened, any party may nevertheless request that a hearing be convened in order to afford an opportunity for oral argument in connection with the finalization of a Proposed Decision and Order in an exception proceeding. Any such request shall be filed by a person that files a Statement of Objections at the same time that the Statement is filed. A request for a hearing for the purpose of oral argument shall be filed by any other party within 10 days after service of a Statement of Objections upon that party.

(b) Upon a timely request by any party or on its own initiative the Office of Exceptions and Appeals shall conduct a hearing for the purposes of receiving oral argument with respect to the finalization of a Proposed Decision and Order in an exception proceeding. The hearing shall be convened at a time and place determined by the Office of Exceptions and Appeals and will generally be conducted only after the issues involved in the proceeding have been sufficiently delineated and the parties have submitted the written material, if any, which the Office of Exceptions has requested as a supplement to the Statement of Objections.

(c) Hearings convened pursuant to this subsection shall be conducted by the Director of the Office of Exceptions and Appeals or by his designee. The procedures specified in § 205.172 shall generally apply to such hearings.

(d) At the direction of the presiding officer of the hearing, the parties shall file written memoranda, briefs and other documentary material in support of a position that a party advances at the hearing or with respect to any other issue specified by the presiding officer. An opportunity shall also be afforded to other parties to file responsive memoranda, briefs or documents.

(e) In the event an evidentiary hearing is held with respect to the finalization of a Proposed Decision and Order in an exception proceeding, the proceeding conducted pursuant to § 205.63(g) shall be regarded as the hearing that satisfies the provisions of this subsection.

§ 205.65 Extension of time; interim and ancillary orders.

The Director of the Office of Exceptions and Appeals or his designee may in his discretion permit a document referred to in this Subpart to be filed at a time which is different from the time period specified in a particular provision of this Subpart. The Director or his designee may also issue any interim or ancillary Orders or make any ruling or determination which he deems necessary to ensure that the proceedings specified in this Subpart are conducted in an appropriate manner and that the resolution of the issues presented in the proceeding are not unduly delayed.

§ 205.66 Issuance of decision and order with respect to exception proceeding.

(a) After considering the submissions of the parties, the transcript of any hearing, and any other relevant information received or obtained during the proceeding, the Director of the Office of Exceptions and Appeals or his designee shall issue an appropriate Decision and Order with respect to the exception proceeding. The determination shall include a written statement setting forth the relevant facts and legal basis supporting the order.

(b) The order shall provide that any person aggrieved thereby may file an appeal pursuant to the procedures set forth in § 205.67.

(c) The FEA shall serve a copy of the order upon the applicant, any other person who participated in the proceeding and upon any other person readily identifiable by the FEA as one who is aggrieved by such order. A copy of each order, with such modification as is necessary to insure the confidentiality of information protected from disclosure under 18 U.S.C. 1905 and 5 U.S.C. 552, will also be placed on file in the Public Docket Room described in § 205.15.

§ 205.67 Appeal of exception decision.

(a) An Appeal from a Decision and Order which the FEA issues pursuant to § 205.66 must be filed within 30 days of issuance of the Decision and Order.

(b) All such Appeals that are filed prior to October 1, 1977 shall be filed with and decided by the National Office of Exceptions and Appeals in accordance with the procedures established in Subpart H of this part.

(c) All Appeals from a Decision and Order which the FEA issues pursuant to § 205.66 that are filed on or after October 1, 1977 shall be filed with the Federal Energy Regulatory Commission in accordance with the procedures to be established by the Commission.

(d) There has not been a proper exhaustion of administrative remedies until an Appeal has been filed pursuant to the procedures set forth in this section and the appellate proceeding is completed by the issuance of an order granting or denying the appeal.

PART 303—ADMINISTRATIVE PROCEDURES AND SANCTIONS

2.a. The table of contents for Part 303 is amended by revising the entries for §§ 303.76 through 303.78 and by adding §§ 303.79A through 303.79I.

Subpart E—Exception

* * * * *

Sec.	
303.76	Issuance of Proposed Decision and Order.
303.77	Statement of objections to Proposed Decision and Order.
303.78	Motion for evidentiary hearing.
303.79A	Statement of collateral factual representations.
303.79B	Response.
303.79C	Motion to dismiss.
303.79D	Decision with respect to Motion for Evidentiary Hearing.
303.79E	Evidentiary hearing.

303.79H	Issuance of Decision and Order with respect to exception proceeding.
303.79I	Appeal of exception decision.

2.b. Sections 303.76, 303.77 and 303.78 are revised and §§ 303.79A through 303.79I are added to read as follows:

§ 303.76 Issuance of Proposed Decision and Order.

(a) After considering the submissions of the parties, and any other relevant information received or obtained during the proceeding, the Office of Exceptions and Appeals shall issue a Proposed Decision and Order with respect to the Application for Exception. The proposed determination shall include a written statement setting forth the relevant facts and legal basis supporting the conclusions reached in the proposed order.

(b) The FEA shall serve a copy of the Proposed Decision and Order upon the applicant, any other person who participated in the proceeding and upon any other person readily identifiable by the FEA as one who would be aggrieved by such order. A copy of each Proposed Decision and Order with such modification as is necessary to insure the confidentiality of information protected from disclosure under 18 U.S.C. 1905 and 5 U.S.C. 552, shall be placed on file in the Public Docket Room described in § 303.13.

(c) Within 10 days of service of the proposed Decision and Order any person who would be aggrieved by the issuance of the Order may state his opposition to the finalization of the Proposed Decision and Order by filing a Notice of Objection in the matter. Any such Notice shall be filed with the National Office of Exceptions and Appeals at the address stated in § 303.12, and shall contain a brief statement describing the manner in which the person filing the Notice would be aggrieved by the issuance of the proposed Order. The person filing the Notice shall also state his intention to establish through the procedures set forth in this subpart that the proposed Decision and Order is erroneous in fact or law or is arbitrary or capricious.

(d) Any aggrieved party who fails to file a Notice of Objection within the prescribed time period shall be deemed to consent to the finalization of the proposed Decision and Order.

(e) Any person that files a Notice of Objection shall serve a copy of the Notice upon any other person who is reasonably ascertainable as a person who would be aggrieved by the action sought including those parties who participated in the ex-

V 42 182

UMI

ception proceeding prior to the issuance of the proposed Decision and Order. The service required by this paragraph shall be made on the same date that the person files the Notice with the Office of Exceptions and Appeals. The Notice shall include a certification that the provisions of this paragraph have been complied with and shall include the names and addresses of each person to whom a copy of the Notice was sent and the date and manner of service.

(f) Unless the Office of Exceptions and Appeals otherwise directs, a proposed Decision and Order shall be issued in final form as a matter of course if no aggrieved party has filed the Notice referred to in paragraph (c) of this section in a timely manner.

(g) An aggrieved party shall not be deemed to have properly exhausted his administrative remedies with respect to an Application for Exception unless he files the Notice referred to in paragraph (c) of this section in a timely manner.

§ 303.77 Statement of objections to Proposed Decision and Order.

(a) *Filing requirement.* A Statement of Objections to a Proposed Decision and Order must satisfy the general filing requirements specified in other provisions of this Part and must be filed within 30 days of service of the Proposed Decision and Order. A request for an extension of the date by which such Statement must be filed must be submitted in writing and may be granted in the discretion of the Office of Exceptions and Appeals for good cause shown.

(b) *Filing and service of Statement of Objections and related documents.* (1) A Statement of Objections to a proposed Decision and Order, comments filed by aggrieved parties regarding the Statement, any motions or supporting documents referred to in this subpart and any other document filed in connection with the proceeding shall be filed with the National Office of Exceptions and Appeals at the address provided in § 303.12. A copy of each such document shall also be served upon any other person who is reasonably ascertainable as a person who would be aggrieved by the action sought including those parties who participated in the exception proceeding which preceded the issuance of the Proposed Decision and Order.

(2) Service of the documents referred to in § 303.77(b) (1) shall be made on the same date the filing is made with the Office of Exceptions and Appeals. The party filing any such document shall also file a certification of service with the Office of Exceptions and Appeals. The certification shall contain a statement that the provisions of this subparagraph have been complied with and shall include the names and addresses of each person upon whom service was made and the date and manner of service.

(3) Two additional copies of the submission referred to in subsection (b) (1) of this section shall also be filed with the Office of Exceptions and Appeals. If a party claims confidential treatment with respect to any portion of a submission referred to in subsection (b) (1) of this section, the party shall delete the confidential portion in the copies of its submission which it files pursuant to this subsection. The FEA shall place one copy of the submission received pursuant to this subsection in the Public Docket Room described in § 303.13.

(c) *Content of Statement of Objections.* The Statement of Objections shall contain a full and detailed discussion of the basis upon which the person filing the statement is objecting to the issuance of the Proposed Decision and Order and persons are required to specify in the statement each issue of fact or law which they intend to contest in the matter during the course of the exception proceeding. The Statement shall include a diseussion of all relevant authorities, including, but not limited to, FEA rulings, regulations, interpretations, and previous Decisions issued by the Office of Exceptions and Appeals. The Statement shall also include a separate specification of the particular findings of fact contained in the Proposed Decision and Order which the person filing the Statement contends are incorrect. That specification shall refer to the particular page and line of the Proposed Decision and Order in which the disputed findings of fact appears, shall set forth the alternative finding which the person filing the Statement contends should properly be made with respect to the disputed matter and shall further specify the manner in which the applicant proposes to establish the validity of the position which it advances.

§ 303.78 Motion for evidentiary hearing.

If a person who has filed a Statement of Objection to the finalization of a Proposed Decision and Order contends that it can properly establish the validity of its position only through the introduction of evdince at an evidentiary hearing, the person shall file a Motion for an Evidentiary Hearing. That motion shall be filed at the same time that the person files a Statement of Objection and shall with respect to each disputed finding of fact:

(i) Identify each witness whose testimoney is required;

(ii) State the relevancy of the testimony and the reasons why the testimony of the witness is necessary in order to establish the asserted position; and

(iii) State the reasons why the asserted position cannot be established in a manner other than through the direct questioning of witnesses at an evidentiary hearing.

§ 303.79A Statement of collateral factual representations.

At the time it files a motion for an evidentiary hearing, a person may also file a specification of particular factual representations which are not expressly referred to in the Proposed Decision and Order and which the person contends are material and relevant in establishing that the proposed Decision and Order is either erroneous in fact or law or is arbitrary or capricious. With respect to each such factual representation the person filing the statement shall set forth the particular finding of fact which it asserts should be made with respect to the matter, the reasons why the factual representation is relevant and material to a determination of the matter, and the manner in which it proposes to establish the validity of the factual representation which it claims to be correct. In the event the person filing the Statement of Collateral Factual Representations contends that it can properly establish the validity of the asserted position only through the introduction of evidence at an evidentiary hearing, it shall act with respect to each such disputed finding of fact:

(i) Identify each witness whose testimony is required;

(ii) State the relevance of the testimony and the reasons why the testimony of the witness is necessary in order to establish the asserted position; and

(iii) State the reasons why the asserted position cannot be established in a manner other than through the direct questioning of witnesses at an evidentiary hearing.

§ 303.79B Response.

Within ten (10) days of receipt of a Statement of Objections, Motion for Evidentiary Hearing or accompanying Statements, any aggrieved party may file its comments with respect to those documents. In the event the party filing such comments wishes to respond to specific factual representations that appear in the material it has received, the party shall identify:

(i) The particular factual representations which it considers to be correct;

(ii) The particular factual representations which it asserts is incorrect;

(iii) The particular factual representations whose validity it is not in a position to either accept or deny;

(iv) The particular factual representations whose validity it challenges and wishes proven by the submission of evidence; and

(v) The particular factual representations which it is prepared to dispute through the submission of testimony of its own witnesses or through the submission of verified documents.

§ 303.79C Motion to dismiss.

At the time it files the Response referred to in § 303.79B an aggrieved party may also file a motion to dismiss any factual representation propounded by the person that has filed a Statement of Objections on the grounds of vagueness, immateriality, or irrelevance.

§ 303.79D Decision with respect to Motion for Evidentiary Hearing.

(a) After receiving the submissions of the parties with respect to a Motion for Evidentiary Hearing, the Office of Exceptions and Appeals may in its discretion conduct conferences with the parties for the purpose of resolving any differences of view and may convene a hearing pursuant to the provisions of § 303.172 in order to hear oral argument with respect to the motion.

(b) After considering the motion, supporting documents and any other relevant information received or obtained during the proceeding, the Office of Exceptions and Appeals shall enter an appropriate Order with respect to the motion. In the event the motion is granted in whole or in part, the Order which the Office of Exceptions and Appeals issues shall expressly or by reference to another document filed in the course of the proceeding specify the particular issues of fact which will be set forth for an evidentiary hearing.

(c) The Order of the Office of Exceptions and Appeals with respect to a Motion for Evidentiary Hearing shall be deemed to be an Interlocutory Order which is subject to further administrative review or appeal only upon the issuance of the Decision and Order referred to in § 303.79H.

§ 303.79E Evidentiary hearing.

(a) All evidentiary hearings convened pursuant to this section shall be conducted by the Director of the Office of Exceptions and Appeals or by his designee.

(b) The presiding officer of the evidentiary hearing shall afford the parties an opportunity to present evidence which:

(i) Directly relates to a particular issue of fact which has been set forth for hearing; and

(ii) Is material and relevant in establishing the validity of the position which the party asserts the FEA should adopt.

(c) The presiding officer may take reasonable measures to exclude duplicative material from the hearing. The presiding officer may also require that evidence be submitted through affidavits or other written form if he concludes that the presentation of evidence through the direct testimony of witnesses will unduly delay the orderly progress of the hearing and would add little substantive value in resolving the issues involved in the hearing.

(d) In all instances in which a party presents evidence through the testimony of a witness, the presiding officer of the hearing shall ensure that reasonable opportunity is provided to the other parties for cross-examination.

(e) In general, the presiding office of the hearing may administer oaths and affirmations, rule on objections to dispose of procedural requests, determine the format of the hearing, direct that written motions or briefs be provided with respect to issues raised during the course of the hearing and otherwise regulate the course of the hearing.

(f) The provisions of § 303.8 of this Part which relate to subpoenas and witness fees shall apply to any hearing conducted pursuant to this section.

(g) Following the presentation of all evidence the presiding officer shall afford the parties an opportunity to present oral argument as to the Decision and Order which the FEA should issue with respect to the matter. The presiding officer may direct that written memoranda, briefs or other documentary material be submitted in support of any position which a party advances or with respect to any issue otherwise specified by the presiding officer. In the event written submissions of that nature are requested by the presiding officer, an opportunity shall also be provided for other parties to file responsive memoranda, briefs or documents.

§ 303.79F Hearing for the purpose of oral argument only.

(a) In those instances in which an evidentiary hearing is not convened, any party may nevertheless request that a hearing be convened in order to afford an opportunity for oral argument in connection with the finalization of a Proposed Decision and Order in an exception proceeding. Any such request shall be filed by a person that files a Statement of Objections at the same time that the Statement is filed. A request for a hearing for the purpose of oral argument shall be filed by any other party within 10 days after service of a Statement of Objections upon that party.

(b) Upon a timely request by any party or on its own initiative the Office of Exceptions and Appeals shall conduct a hearing for the purposes of receiving oral argument with respect to the finalization of a Proposed Decision and Order in an exception proceeding. The hearing shall be convened at a time and place determined by the Office of Exceptions and Appeals and will generally be conducted only after the issues involved in the proceeding have been sufficiently delineated and the parties have submitted the written material, if any, which the Office of Exceptions has requested as a supplement to the Statement of Objections.

(c) Hearings convened pursuant to this subsection shall be conducted by the Director of the Office of Exceptions and Appeals or by his designee. The procedures specified in § 303.172 shall generally apply to such hearings.

(d) At the direction of the presiding officer of the hearing, the parties shall file written memoranda, briefs and other documentary material in support of a position that a party advances at the hearing or with respect to any other issue specified by the presiding officer. An opportunity shall also be afforded to other parties to file responsive memoranda, briefs or documents.

(e) In the event an evidentiary hearing is held with respect to the finalization of a Proposed Decision and Order in an exception proceeding, the proceeding conducted pursuant to § 303.79E(g) shall be regarded as the hearing that satisfies the provisions of this subsection.

§ 303.79G Extension of time; interim and ancillary orders.

The Director of the Office of Exceptions and Appeals or his designee may in his discretion permit a document referred to in this Subpart to be filed at a time which is different from the time period specified in a particular provision of this Subpart. The Director or his designee may also issue any interim or ancillary Orders or make any ruling or determination which he deems necessary to ensure that the proceedings specified in this Subpart are conducted in an appropriate manner and that the resolution of the issues presented in the proceding are not unduly delayed.

§ 303.79H Issuance of decision and order with respect to exception proceeding.

(a) After considering the submissions of the parties, the transcript of any hearing, and any other relevant information received or obtained during the proceeding, the Director of the Office of Exceptions and Appeals or his designee shall issue an appropriate Decision and Order with respect to the exception proceeding. The determination shall include a written statement setting forth the relevant facts and legal basis supporting the order.

(b) The order shall provide that any person aggrieved thereby may file an appeal pursuant to the procedures set forth in § 303.79I.

(c) The FEA shall serve a copy of the order upon the applicant, any other person who participated in the proceeding and upon any other person readily identifiable by the FEA as one who is aggrieved by such order. A copy of each order, with such modification as is necessary to insure the confidentiality of information protected from disclosure under 18 U.S.C. 1905 and 5 U.S.C. 552, will also be placed on file in the Public Docket Room described in § 303.13.

§ 303.79I Appeal of exception decision.

(a) An Appeal from a Decision and Order which the FEA issues pursuant to § 303.79H must be filed within 30 days of issuance of the Decision and Order.

(b) All such Appeals that are filed prior to October 1, 1977, shall be filed with and decided by the National Office of Exceptions and Appeals in accordance with the procedures established in Subpart H of this part.

(c) All Appeals from a Decision and Order which the FEA issues pursuant to § 303.79H that are filed on or after October 1, 1977, shall be filed with the Federal Energy Regulatory Commission in accordance with the procedures to be established by the Commission.

(d) There has not been a proper exhaustion of administrative remedies until an Appeal has been filed pursuant to the procedures set forth in this section and the appellate proceeding is completed by the issuance of an order granting or denying the appeal.

CULTURED AND ACIDIFIED BUTTERMILK, YOGURTS, CULTURED AND ACIDIFIED MILKS, AND EGGNOG

Proposal To Establish New Identity Standards; Extension of Comment Period

AGENCY: Food and Drug Administration.

V 421182 SEP 2077 UMI

ACTION: Proposed rule; extension of comment period.

SUMMARY: The comment period on a proposal to establish standards of identity for several dairy products (42 FR 29919) is extended, based on requests for extension to provide additional time for submitting comments.

DATE: Comments by October 10, 1977.

ADDRESS: Written comments to the Hearing Clerk (HFC–20), Food and Drug Administration, Room 4–65, 5600 Fishers Lane, Rockville, Md. 20857.

FOR FURTHER INFORMATION CONTACT:

Eugene T. McGarrahan, Bureau of Foods (HFF–415), Food and Drug Administration, Department of Health, Education, and Welfare, 200 C St. SW., Washington, D.C. 20204, (202–245–1155).

SUPPLEMENTARY INFORMATION: The Commissioner of Food and Drugs proposed, in the FEDERAL REGISTER of June 10, 1977 (42 FR 29919), identity standards for cultured buttermilk, acidified buttermilk, yogurt, lowfat yogurt, nonfat yogurt, cultured milk, acidified lowfat milk, and eggnog. Interested persons were invited to submit comments on the proposal by September 8, 1977.

The Commissioner has received written requests for extension of the comment period (on file with the Hearing Clerk, Food and Drug Administration) from the National Milk Producers Federation, Washington, DC, whose request asserts that additional time is necessary for completing surveys within its membership, and from The Delmark Co., Inc., Minneapolis, MN, whose request states that vacation schedules have left insufficient time for preparing and submitting full and complete comments by September 8, 1977.

Good reason therefor appearing, the Commissioner extends the comment period in this matter to October 10, 1977.

Interested persons may, on or before October 10, 1977, submit to the Hearing Clerk (HFC–20), Food and Drug Administration, Rm. 4–65, 5600 Fishers Lane, Rockville, MD 20857, written comments regarding this proposal. Four copies of all comments shall be submitted, except that individuals may submit single copies of comments, and shall be identified with the Hearing Clerk docket number found in brackets in the heading of this document. Received comments may be seen in the above-named office between 9 a.m. and 4 p.m., Monday through Friday.

Dated: September 14, 1977.

WILLIAM F. RANDOLPH,
Acting Associate Commissioner for Compliance.

[FR Doc.77-27221 Filed 9-15-77;11:27 am]

[21 CFR Parts 182, 184, 186]

[Docket No. 77N–0177]

SODIUM THIOSULFATE

Proposed Affirmation of GRAS Status as a Direct and Indirect Human Food Ingredient

AGENCY: Food and Drug Administration.

ACTION: Proposed rule.

SUMMARY: This is a proposal to affirm sodium thiosulfate as generally recognized as safe (GRAS) as a direct and indirect human food ingredient. The safety of this ingredient has been evaluated pursuant to a comprehensive safety review being conducted by the agency. The proposal would list the ingredient as a direct and indirect food substance affirmed as GRAS.

DATE: Comments by November 21, 1977.

ADDRESS: Written comments to the Hearing Clerk (HFC–20), Food and Drug Administration, Room 4–65, 5600 Fishers Lane, Rockville, Md. 20857.

FOR FURTHER INFORMATION CONTACT:

Corbin I. Miles, Bureau of Foods (HFF–335), Food and Drug Administration, Department of Health, Education, and Welfare, 200 C St. SW., Washington, D.C. 20204 (202–472–4750).

SUPPLEMENTARY INFORMATION: The Food and Drug Administration is conducting a comprehensive safety review of direct and indirect human food ingredients classified as generally recognized as safe (GRAS) or subject to a prior sanction. The Commissioner of Food and Drugs has issued several notices and proposed regulations, published in the FEDERAL REGISTER of July 26, 1973 (38 FR 20040), initiating this review. Pursuant to this review, the safety of sodium thiosulfate has been evaluated. In accordance with the provisions of § 170.35 (21 CFR 170.35, formerly 21 CFR 121.40 prior to recodification published in the FEDERAL REGISTER of March 15, 1977 (42 FR 14302)), the Commissioner proposes to affirm the GRAS status of this ingredient.

Sodium thiosulfate is a synthetic, crystalline, efflorescent, water-soluble compound that occurs naturally in the urine of humans at a concentration of 2 to 17 milligrams per day. Thiosulfate is formed in very small amounts by bacterial action in plants, and it is found in certain sulfur spring water at 1 to 3 ppm. Sodium thiosulfate is prepared synthetically by the reaction of sulfides and sulfur dioxide, the reaction of sulfur and sulfite, or the oxidation of metal sulfides and hydrosulfides. It decomposes slowly in acid solution to sulfur and sulfite.

Sodium thiosulfate is listed in § 182.6807 (21 CFR 182.6807, formerly 21 CFR 121.101(d) prior to recodification published in the FEDERAL REGISTER of March 15, 1977 (42 FR 14302)) as GRAS for use as a sequestrant in salt, pursuant to regulations published in the FEDERAL REGISTER of November 20, 1959 (24 FR 9368). It is also listed in § 182.90 (21 CFR 182.90, formerly 21 CFR 121.101(h) prior to recodification published in the FEDERAL REGISTER of March 15, 1977 (42 FR 14302)) as a GRAS substance migrating to food from paper and paperboard products used in food packaging, pursuant to regulations published in the FEDERAL REGISTER of June 17, 1961 (26 FR 5421).

A representative cross section of food manufacturers was surveyed to determine the specific foods in which sodium thiosulfate was used and the levels of usage. Information from surveys of consumer consumption was obtained and combined with the manufacturing information to obtain an estimate of consumer exposure to this substance. It was reported that the amount of sodium thiosulfate used in food in 1970 was about 2,000 pounds. Also, the data indicate that use of this substance in 1970 was one-third of that used in 1960.

Sodium thiosulfate has been the subject of a search of the scientific literature from 1920 to the present. The criteria used in the search were chosen to discover any articles that considered (1) chemical toxicity, (2) occupational hazards, (3) metabolism, (4) reaction products, (5) degradation products, (6) any reported carcinogenicity, teratogenicity, or mutagenicity, (7) dose response (8) reproductive effects, (9) histology, (10) embryology, (11) behavioral effects, (12) detection, and (13) processing. A total of 66 abstracts was reviewed and 51 particularly pertinent reports have been summarized in a scientific literature review.

The scientific literature review shows, among other studies, the following information as summarized in the report of the Select Committee on GRAS Substances (hereinafter referred to as the Select Committee), selected by the Life Sciences Research Office of the Federation of American Societies for Experimental Biology:

Sodium thiosulfate is a normal constituent of human body fluids and is excreted in the urine of man and higher animals. Quantitative studies have demonstrated the consistent presence of 2 to 17 mg of thiosulfate sulfur in 24-hour urine specimens of healthy young adults. Variations in excretion of thiosulfate are related to the extent of protein metabolism, activity of the intestinal flora, and the sulfur-amino acid content of the diet. The sulfur-containing amino acids of dietary protein are the source of the endogenous thiosulfate pool. In the rat, 33 percent of the radioactive sulfur of D, L-[^{35}S] cystine, administered subcutaneously (0.8 mg of radioactive cystine and 200 mg of nonradioactive thiosulfate per rat), was excreted in the urine as thiosulfate. Rat liver and kidney extracts catalyzed the oxidation of sulfide to thiosulfate and/or the conversion of sulfite and B-mercaptopyruvate to thiosulfate.

Orally administered thiosulfate that is absorbed from the gastrointestinal tract is excreted in the urine unchanged or after oxidation to sulfate. After oral administration of sodium thiosulfate (about 800 mg per kg of body weight), 23 percent was excreted as sulfate in the urine of rats. From 5 to 70 percent of an oral dose of sodium thiosulfate is considered to be absorbed from the gastrointestinal tract of man and the remainder to be excreted in the feces. When a human **subject received a 10 g oral dose of sodium thiosulfate (about 170 mg per kg), 60 percent** appeared in the urine as sulfate within 48 hours, and about 5.5 percent was excreted unchanged. In the same series of experiments, after intravenous doses of 1 g of sodium thiosulfate, about 35 percent of the thiosulfate was excreted unchanged in the urine.

Three female dogs, trained for urine collection studies, received intravenous injections of doses of sodium thiosulfate that produced arterial plasma concentrations of 18 to 55 mg per 100 ml, without producing toxic effects. Because glomerular filtration of sodium thiosulfate occurs without appreciable tubular resorption, "thiosulfate clearance" can be used as a measure of the glomerular filtration rate, especially in acidotic conditions.

The intraperitoneal LD_{50} of sodium thiosulphate for male mice has been reported to be 7.5±0.75 g per kg.

Eight male rats were injected intramuscularly with 50 mg of sodium thiosulphate per day for 1 to 3 months. The dose, estimated to be about 125 mg per kg per day, produced histologic evidence of atrophy of the glomeruli with diminished number of cells, dilatation of the proximal tubules and the glomerular capillaries, and eosinophilic infiltration of the capillaries in the loops of Henle of the kidneys. A decreased permeability of the capillary walls of the vasculature of the liver and an increased number of Kupffer stellate cells in the liver sinusoids were noted.

The antineoplastic properties of sodium thiosulfate were studied in a strain of albino mice that develops spontaneous sarcomas and pulmonary adenomas. The addition of 0.4 percent of ground, crystalline sodium thiosulfate to their diet, one week prior to challenging these mice with a single 0.9 mg subcutaneous injection of methylcholanthrene or ethylurethane (0.15 mg parenterally or 0.15 percent in the diet), halved the number of tumors as compared with control mice. No untoward effects of feeding a dose of sodium thiosulfate (estimated to be about 600 mg per kg per day) for four months were observed; the food intakes and body weights were similar to those in the control animals. A similar anticarcinogenic effect was noted when mice were fed 0.4 percent thiosulfate and 0.015 percent p-dimethylaminoazobenzene in their diet. A delay in the appearance of methylcholanthrene-induced tumors was produced in white rats injected subcutaneously every three to six days for four months with 0.01 to 0.02 g of sodium thiosulfate (about 80 to 160 mg per kg of body weight).

In another study, 3 g of sodium thiosulfate pentahydrate per kg of body weight was administered intravenously over a 20-minute period to five mongrel dogs. Metabolic acidosis, hypoxemia, hypernatremia, electrocardiographic changes (T-wave flattening and inversion) and arterial and venous pressure increases were noted. Four of the dogs survived the experimental period and two were alive 24 hours thereafter. These investigators concluded that the metabolic and hemodynamic effects were due to the sodium loading. In other experiments in this study, dogs tolerated a dose of 1.6 g of sodium thiosulfate pentahydrate per kg of body weight administered intravenously over a 30 minute period.

Various biochemical effects have been reported following the administration of sodium thiosulfate. These include: an increase in the glutathione level in blood following the parenteral administration of 2.5 to 5 g of sodium thiosulfate per kg of body weight to pigeons, an inhibition of the activity of streptomycin in vitro, an increase of 30 to 40 percent in the activity of histaminase and cholinesterase in humans receiving therapeutic injections (2 g) of sodium thiosulfate, an antianaphylactic effect in guinea pigs administered 50 mg of sodium thiosulfate intraperitoneally at least 20 minutes prior to challenge with horse serum, and an anticlotting effect on human blood in vitro and in vivo after therapeutic injection (100 ml of a 6.5 percent solution) of sodium thiosulfate.

Sodium thiosulfate was found to cause no mutagenic effects when tested by the following procedures and in the doses indicated: host-mediated assay in mice, 50 to 5,000 mg per kg orally; observations of aberrations in bone marrow metaphase chromosomes in the rat, 50 to 5,000 mg per kg orally; observation of aberrations in anaphase chromosomes of human embryonic lung cells in tissue culture, 8 to 8,000 micrograms per ml; dominant lethal assay in rats, 50 to 5,000 mg per kg orally.

Oral intubation of maximum daily doses of 550 mg sodium thiosulfate per kg of body weight to pregnant mice on day 6 through day 15 of gestation, or 400 mg per kg to pregnant rats on day 6 through day 15 of gestation, or 400 mg per kg to pregnant hamsters on day 6 through day 10 of gestation, had no effect on nidation, maternal or fetal survival, or fetal development.

In teratogenicity studies in avian embryos, sodium thiosulfate did not significantly increase mortality at a dose of 220 mg per kg when injected into the air cell at 0 hours, but did significantly increase embryo deaths at a dose of 556 mg per kg. When injected into the air cell after 96 hours of incubation, a significant increase in embryo mortality was observed at doses of 110 mg per kg and above. When injected into the yolk at both 0 hours and after 96 hours of incubation, sodium thiosulfate was toxic only at a dose of 556 mg per kg. A statistically significant increase in the incidence of abnormalities occurred at doses of 110 mg per kg and above after air cell injection. The dose relationship was linear only in treatments at 0 hours and the data yielded an estimate of 77,503 mg per kg as the level which would produce a 50 percent incidence of abnormal embryos.

It is to be noted in connection with the mutagenic and teratogenic studies reported above, that estimated average daily human consumption of sodium thiosulfate added to food is of the order of 0.05 to 0.2 microgram per kg.

The toxicity of sodium thiosulfate has been studied in connection with its use as a poison antidote. Two volunteers took 200 and 250 g intravenously over a period of two weeks; no changes were observed in blood morphology or biochemistry in the ensuing four months. Patients receiving a single injection of 50 ml of a 50 percent solution of sodium thiosulfate (about 400 mg per kg body weight) showed no significant changes other than a prolonged blood clotting time. Patients receiving lower dosages did not exhibit any hematologic changes or blood chemical abnormalities. However, twelve patients who ingested relatively low doses (about 50 mg per kg per day) of sodium thiosulfate for 1 to 2 weeks developed a moderate degree of cyanosis. It was concluded that the unsaturation of hemoglobin was caused by a decreased affinity of hemoglobin for oxygen and not by deterioration of the red cell hemoglobin.

Sodium thiosulfate has been used to measure extracellular water in women by the intravenous injection of sodium thiosulfate in a 6.7 percent solution (about 73 mg sodium thiosulfate per kg of body weight) over a period of 8 to 14 minutes. In three studies, 26 patients received this treatment; no comment was made concerning any untoward effects.

In another study, forty patients with multiple sclerosis received 50 to 70 intravenous doses, over a period of several weeks. Doses ranged from 10 to 33 mg sodium thiosulfate per kg of body weight. No untoward effects related to the administration of the thiosulfate were reported, but minor to significant improvement was reported in 95 percent of the patients. One 45-year-old patient received a total of 22.5 g of sodium thiosulfate (presumably six injections intravenously) for treatment of eczema. Edema of the legs and feet resulted and the medication was discontinued.

An examination was made of the effects of daily intravenous doses of 2 g sodium thiosulfate in cancer patients. While various effects on several types of cancer were noted, no toxic effects were considered attributable to the sodium thiosulfate administered.

All of the available safety information on sodium thiosulfate has been carefully evaluated by qualified scientists of the Select Committee. It is the opinion of the Select Committee that:

Thiosulfate is a normal constituent of human body fluids, and is a metabolite of dietary constituents. Experimental animal studies show that sodium thiosulfate is well tolerated. All investigations in which it has been administered to normal and diseased persons, clearly show that very large therapeutic doses cause no advrese effects. The reported use of sodium thiosulfate as a stabilizer of potassium iodide in iodized salt, as a sequestrant in alcoholic beverages, and as a substance that may migrate to foods from packaging materials, results in human exposure far below that needed to produce untoward biological effects.

It is the conclusion of the Select Committee that there is no evidence in the available information on sodium thiosulfate that demonstrates, or suggests reasonable grounds to suspect, a hazard to the public when it is used at levels that are now current or that might reasonably be expected in the future. Based upon his own evaluation of all available information on sodium thiosulfate (including a teratogenic evaluation in rabbits, which was not available when the Select Committee formed its conclusion), the Commissioner concurs with this conclusion. The Commissioner therefore concludes that no change in the current GRAS status of sodium thiosulfate is justified.

A survey of the food industry on the use of GRAS ingredients in food did not indicate that sodium thiosulfate was used in salt as a sequestrant. However, the Commissioner believes that this may have been due to confusion over the intended technical effect because information from other sources indicates that

V 4211 82
SEP 20 77
UMI

sodium thiosulfate is used in iodized salt as a stabilizer. Also, since the intended technical effect of this substance is to prevent the oxidation of iodide (I^-) to iodine (I_2), it is proper to refer to it as a reducing agent as defined in § 170.3(o)(22) (21 CFR 170.3(o)(22)), formerly 21 CFR 121.1(o)(22) prior to recodification published in the FEDERAL REGISTER of March 15, 1977 (42 FR 14302)). Therefore, it is concluded that the use of this substance in salt has not changed. Further, the survey indicated that sodium thiosulfate is used in alcoholic beverages as a formulation aid that was not specifically authorized by § 182.6807. The Commissioner feels, however, that the safety information developed for the safety review of sodium thiosulfate provides a sound scientific basis for also affirming this limited use as GRAS.

Copies of the scientific literature review, the mutagenic and teratogenic evaluations, and the report of the Select Committee on sodium thiosulfate are available for review at the office of the Hearing Clerk, Room 4–65, Food and Drug Administration, 5600 Fishers Lane, Rockville, Md. 20857, and may be purchased from the National Technical Information Service, 5285 Port Royal Rd., Springfield, Va. 22151, as follows:

Title	Order No.	Price code	Price[1]
Sodium thiosulfate (scientific literature review)	PB-223-854/AS	A04	$4.50
Sodium thiosulfate (mutagenic evaluation)	PB-245-446/AS	A05	5.00
Sodium thiosulfate (teratogenic evaluation)	PB-221-779	A03	4.00
Sodium thiosulfate (teratogenic evaluation, rabbit)	PB-264-830/AS	A02	3.50
Sodium thiosulfate (Select Committee report)	PB-254-526/AS	A02	3.50

[1] Price subject to change.

This proposed action does not affect the present use of sodium thiosulfate for pet food or animal feed.

Therefore, under the Federal Food, Drug, and Cosmetic Act (secs. 201(s), 409, 701(a), 52 Stat. 1055–1056, 72 Stat. 1784–1788 as amended (21 U.S.C. 321(s), 348, 371(a))), and under authority delegated to the Commissioner (21 CFR 5.1), it is proposed that Parts 182, 184, and 186 be amended as follows:

PART 182—SUBSTANCES GENERALLY RECOGNIZED AS SAFE

§ 182.90 [Amended]

1. By amending § 182.90 Substances migrating to food from paper and paperboard products by deleting from the listing the entry "Sodium thiosulfate (additive in salt)" therein.

§ 182.6807 [Deleted]

2. By deleting § 182.6807 Sodium thiosulfate.

PART 184—DIRECT FOOD SUBSTANCES AFFIRMED AS GENERALLY RECOGNIZED AS SAFE

3. By adding new § 184.1807 to read as follows:

§ 184.1807 Sodium thiosulfate.

(a) Sodium thiosulfate ($Na_2S_2O_3 \cdot 5H_2O$, CAS Reg. No. 010102–17–7) is also known as sodium hyposulfite. It is prepared synthetically by the reaction of sulfides and sulfur dioxide (SO_2), the reaction of sulfur and sulfite, or the oxidation of metal sulfides and hydrosulfides.

(b) The ingredient meets the specifications of the Food Chemicals Codex, 2d Ed. (1972), as amended by the first (1974) supplement.[1]

(c) The ingredient is used as a formulation aid as defined in § 170.3(o)(14) of this chapter and reducing agent as defined in § 170.3(o)(22) of this chapter.

(d) The ingredient is used in alcoholic beverages and table salt at levels not to exceed good manufacturing practice. Current good manufacturing practice results in a maximum level, as served, of 0.00005 percent for alcoholic beverages as defined in § 170.3(n)(2) of this chapter and 0.1 percent for table salt as defined in § 170.3(n)(26) of this chapter.

PART 186 INDIRECT FOOD SUBSTANCES AFFIRMED AS GENERALLY RECOGNIZED AS SAFE

4. By adding new § 186.1807 to read as follows:

§ 186.1807 Sodium thiosulfate.

(a) Sodium thiosulfate ($Na_2S_2O_3 \cdot 5H_2O$, CAS Reg. No. 010102–17–7) is also known as sodium hyposulfite. It is prepared synthetically by the reaction of sulfides and sulfur dioxide (SO_2), the reaction of sulfur and sulfite, or the oxidation of metal sulfides and hydrosulfides.

(b) The ingredient meets the specifications of the Food Chemicals Codex, 2d Ed. (1972), as amended by the first supplement.[1]

(c) The ingredient is used or is intended for use as a constituent of paper and paperboard food packaging materials.

(d) The ingredient is used at levels not to exceed good manufacturing practice.

The Commisioner hereby gives notice that he is unaware of any prior sanction for the use of this ingredient in food under conditions different from those proposed herein. Any person who intends to assert or rely on such a sanction shall submit proof of its existence in response to this proposal. The regulation proposed above will constitute a determination that excluded uses would result in adulteration of the food in violation of section 402 of the act, and the failure of any person to come forward with proof of such an applicable prior sanction in response to this proposal constitutes a waiver of the right to assert or rely on such sanction at any later time. This notice also constitutes a proposal to establish a regulation under Part 181, incoprorating the same provisions, in the even that such a regulation is determined to be appropriate as a result of submission of proof of such an applicable prior sanction in response to this proposal.

Interested persons may, on or before November 21, 1977, submit to the Hearing Clerk (HFC–20), Food and Drug Administration, Room 4–65, 5600 Fishers Lane, Rockville, Md. 20857, written comments regarding this proposal. Four copies of all comments shall be submitted, except that individuals may submit single copies of comments, and shall be identified with the Hearing Clerk docket number found in brackets in the heading of this document. Received comments may be seen in the above office between the hours of 9 a.m. and 4 p.m., Monday through Friday.

NOTE.—The Food and Drug Administration has determined that this document does not contain a major proposal requiring preparation of an inflation impact statement under Executive Order 11821 and OMB Circular A–107. A copy of the inflation impact statement is on file with the Hearing Clerk, Food and Drug Administration.

Dated: September 12, 1977.

JOSEPH P. HILE,
Associate Commissioner for Compliance.

NOTE.—Incorporations by reference approved by the Director of the Office of the Federal Register on July 10, 1973 and June 27, 1977. Copies of referenced material are on file in the Federal Register library.

[Docket No. 77N–0164]

NEW ANIMAL DRUG APPLICATIONS

Criteria For Adequate and Well-Controlled Investigations

AGENCY: Food and Drug Administration.

ACTION: Proposed rule.

SUMMARY: This is a proposal to update the new animal drug regulations to provide for the use of untreated controls as an alternate basis to establish the effectiveness of new animal drugs. As amended, the regulations would more closely conform to those for human drugs.

DATE: Comments by November 21, 1977.

ADDRESS: Written comments to the Hearing Clerk (HFC–20), Food and Drug Administration, Room 4–65, 5600 Fishers Lane, Rockville, Md. 20857.

FOR FURTHER INFORMATION CONTACT:

Ann Holt, Bureau of Veterinary Medicine (HFV–120), Food and Drug Administration, Department of Health, Education, and Welfare, 5600 Fishers Lane, Rockville, Md. 20857 (301–443–3134).

SUPPLEMENTARY INFORMATION: The Federal Food, Drug, and Cosmetic Act requires that, to be marketed, a new animal drug must be the subject of an approved new animal drug application. Section 512(b)(1) of the act (21 U.S.C. 360b(b)(1)) requires, among other things, that such application include full reports of investigations which show that such drug is effective for use. Section 512(d) of the act (21 U.S.C. 360b(d)), which enumerates the criteria that must be met before a new animal drug may be approved, includes a requirement that a drug's effectiveness be shown by "substantial evidence", which, in section 512(d)(3), is defined in restrictive terms:

> The term "substantial evidence" means evidence consisting of adequate and well-controlled investigations, including field investigation, by experts qualified by scientific training and experience to evaluate the effectiveness of the drug involved, on the basis of which it could fairly and reasonably be concluded by such experts that the drug will have the effect it purports or is represented to have under the conditions of use prescribed, recommended, or suggested in the labeling or proposed labeling thereof.

This statutory standard, a part of the Animal Drug Amendments of 1968 (Pub. L. 90–399), is modeled after section 505(d) of the act, which was included as a part of the Drug Amendments of 1962 (Pub. L. 87–781).

Pursuant to enactment of the Animal Drug Amendments of 1968, § 514.111 Refusal to approve an application (21 CFR 514.111, formerly 21 CFR 135.12 prior to recodification in the FEDERAL REGISTER of March 27, 1975 (40 FR 13802)) was promulgated in 1971. This section was intended to be modeled closely after the corresponding regulation regarding human drugs in § 314.111 Refusal to approve the application (21 CFR 314.111). The provisions of § 514.111 were patterned after the provisions of § 314.111 (published in the FEDERAL REGISTER of September 16, 1969 (34 FR 14596)). Subsequently, § 314.111 was revised (FEDERAL REGISTER of May 8, 1970 (35 FR 7250)) regarding the criteria that constitute adequate and well-controlled investigations. Consequently, the two corresponding sections are no longer parallel.

Section 314.111 states that, generally, four kinds of studies are used to establish substantial evidence of effectiveness.

1. *No treatment.* Where objective measurements of effectiveness are available and placebo effect is negligible, comparison of the objective results in comparable groups of treated and untreated patients.

2. *Placebo control.* Comparison of the results of use of the new drug entity with an inactive praparation designed to resemble the test drug as far as possible.

3. *Active treatment control.* An effective regimen of therapy may be used for comparison, e.g., where the condition treated is such that no treatment or administration of a placebo would be contrary to the interest of the patient.

4. *Historical control.* In certain circumstances, such as those involving diseases with high and predictable mortality (acute leukemia of childhood), with signs and symptoms of predictable duration or severity (fever in certain infections), or in case of prophylaxis where morbidity is predictable, the results of use of a new drug entity may be compared quantitatively with prior experience historically derived from the adequately documented natural history of the disease or condition in comparable patients or populations with no treatment or with a regimen (therapeutic, diagnostic, prophylactic) the effectiveness of which is established.

Section 514.111 lists only three kinds of studies for establishing substantial evidence of effectiveness:

1. *Placebo control.* The new animal drug entity may be compared quantitatively with an inactive placebo control. The level of blinding may affect the validity of the observation and comparisons.

2. *Active drug control.* The new animal drug entity may be compared quantitatively with another drug or modality known to be effective.

3. *Historical control.* In some circumstances involving diseases with high and predictable mortality or with signs and symptoms of predictable duration or severity, the results of use of a new animal drug entity may be compared quantitatively with prior experience historically derived from the adequately documented natural history of the disease in comparable animals with no treatment or with treatment with an established effective therapeutic regimen.

Thus, § 514.111 does not expressly provide for the submission of data derived from studies in which untreated controls are used for comparison purposes, as is provided for by § 314.111. Studies using such untreated comparisons are recognized as appropriate to provide adequate and well-controlled investigations that yield valid data upon which the effectiveness of a drug may reasonably be determined. In these studies, results from groups of treated animals are compared with those that are untreated in situations where objective measurements of effectiveness are available and placebo effect is negligible, e.g., to show increased rate of weight gain and improved feed efficiency. For this reason, the Commissioner is proposing to amend § 514.111 to provide for the use of these kinds of studies for the evaluation of effectiveness of animal drugs as is currently provided for in efficacy data regarding human drugs.

In addition he is also proposing to revise editorially § 514.111 to conform with § 314.111 regarding the kinds of required studies that constitute adequate and well-controlled investigations necessary to establish "substantial evidence" of effectiveness, and to more closely reflect the wording and format in that section.

Therefore, under the Federal Food, Drug, and Cosmetic Act (secs. 512, 701(a), 52 Stat. 1055, 82 Stat. 343–351 (21 U.S.C. 360b, 371(a))) and under authority delegated to the Commissioner (21 CFR 5.1), it is proposed that Part 514 be amended in § 514.111 by revising paragraph (a)(3) through (5) to read as follows:

PART 514—NEW ANIMAL DRUG APPLICATIONS

§ 514.111 Refusal to approve an application.

(a) • • •

(3) The methods used in and the facilities and controls used for the manufacture, processing, and packing of such drug are inadequate to preserve its identity, strength, quality, and purity; or

(4) Upon the basis of the information submitted to the Food and Drug Administration as part of the application, or upon the basis of any other information before it with respect to such drug, it has insufficient information to determine whether such drug is safe for use under such conditions. In making this determination the Commissioner shall consider, among other relevant factors:

(i) The probably consumption of such drug and of any substances formed in or on food because of the use of such drug;

(ii) The accumulative effect on man or animal of such drug, taking into account any chemically or pharmacologically related substances;

(iii) Safety factors which, in the opinion of experts qualified by scietific training and experience to evaluate the safety of such drugs, are appropriate for the use of animal experimentation data; and

(iv) Whether the conditions of use prescribed, recommended, or suggested in the proposed labeling are reasonably certain to be followed in practice; or

(5) (i) Evaluated on the basis of information submitted as part of the application and any other information before the Food and Drug Administration with respect to such drug, there is lack of substantial evidence consisting of adequate and well-controlled investigations, including clinical (field) investigation, by experts qualified by scientific training and experience to evaluate the effectiveness of the drug involved, on the basis of which it could fairly and reasonably be concluded by such experts that the drug will have the effect it purports or is represented to have under the conditions of use prescribed, recommended, or suggested in the proposed labeling.

(ii) The following principles have been developed over a period of years and are recognized by the scientific community as the essentials of adequate and well-controlled clinical (field) investigations. They provide the basis for the determination whether there is "substantial evidence" to support the claims of effectiveness for "new animal drugs".

(a) The plan or protocol for the study and the report of the results of the effectiveness study must include the following:

(1) A clear statement of the objective of the study.

(2) A method of selection of the subjects that does the following:

(i) Provides adequate assurance that they are suitable for the purposes of the

V 421182 SEP 20 77 UMI

study, diagnostic criteria of the condition to be treated or diagnosed, confirmatory laboratory tests where appropriate, and, in the case of prophylactic agents, evidence of susceptibility and exposure, to the condition against which prophylaxis is desired.

(ii) Assigns the subjects to test groups in such a way as to minimize bias.

(iii) Assures comparability in test and control groups of pertinent variables, such as species, age, sex, duration, and severity of disease, management practices, and use of drugs other than those being studied.

(3) Explains the methods of observation and recording of the animal response variables studied and the means of excluding bias or minimizing bias in the observations.

(4) Provides a comparison of the results of treatment or diagnosis with a control in such a fashion as to permit quantitative evaluation. The precise nature of the control must be stated and an explanation given of the methods used to minimize bias on the part of the observers and the analysists of the data. Level and methods of "blinding," if used, are to be documented. Generally, four types of comparison are recognized:

(i) No treatment: Where objective measurements of effectiveness are available and placebo effect is negligible, comparison of the objective results in comparable groups of treated and untreated animals.

(ii) Placebo control: Comparison of the results of use of the new animal drug entity with an inactive preparation designed to resemble the test drug as far as possible.

(iii) Active treatment control: An effective regimen of therapy may be used for comparison, e.g., where the condition treated is such that no treatment or administration of a placebo would be contrary to the well being of the animals.

(iv) Historical control: In some circumstances involving diseases with high and predictable mortality (leukemia or tetanus) or with signs and symptoms of predictable duration or severity (some forms of parasitism, bovine hypocalcemia, canine eclampsia) or in the case of prophylaxis where morbidity is predictable, the results of use of a new animal drug entity may be compared quantitatively with prior experience historically derived from the adequately documented natural history of the disease or condition in comparable animals with no treatment or with a regimen (therapeutic, diagnostic, prophylactic the effectiveness of which is established.

(5) A summary of the methods of analysis and an evaluation of data derived from the study, including any appropriate statistical methods.

Provided, however, That any of the above criteria in this paragraph (a)(5) of this section may be waived in whole or in part, either prior to the investigation or in the evaluation of a completed study, by the Director of the Bureau of Veterinary Medicine with respect to a specific clinical (field) investigation. A petition for such a waiver may be filed by any person who would be adversely affected by application of the criteria to a particular clinical investigation. The petition should show that some or all of the criteria are not reasonably applicable to the investigation and that alternative procedures can be or have been followed, the results of which will or have yielded data that can and should be accepted as substantial evidence of the drug's effectiveness. A petition for a waiver shall set forth clearly and concisely the specific provision or provisions in the criteria from which waiver is sought, why the criteria are not reasonably applicable to the particular clinical (field) investigation, what alternative procedures, if any, are to be or have been employed, what results have been obtained, and the basis on which it can be or has been concluded that the clinical (field) investigation will or has yielded substantial evidence of effectiveness, notwithstanding nonconformance with the criteria for which waiver is requested.

(b) Standardized test drug: For such an investigation to be considered adequate for consideration for approval of a new animal drug, the test drug must be standardized as to identity, strength, quality, purity, and dosage form to give significance to the results of the investigation.

(c) Uncontrolled studies or partially controlled studies are not acceptable as the sole basis for the approval of claims of effectiveness. Such studies, carefully conducted and documented, may provide corroborative support of well-controlled studies regarding efficacy and may yield valuable data regarding safety of the test drug. Such studies will be considered on their merits in the light of the principles listed here, with the exception of the requirement for the comparison of the treated subjects with controls. Isolated case reports, random experience, and reports lacking the details which permit scientific evaluation will not be considered.

* * * * *

Interested persons may, on or before November 21, 1977 submit to the Hearing Clerk (HFC–20), Food and Drug Administration, Room 4–65, 5600 Fishers Lane, Rockville, Md. 20857, written comments regarding this proposal. Four copies of all comments shall be submitted, except that individuals may submit single copies of comments, and shall be identified with the Hearing Clerk docket number found in brackets in the heading of this document. Received comments may be seen in the above office between the hours of 9 a.m. and 4 p.m., Monday through Friday.

NOTE.—The Food and Drug Administration has determined that this document does not contain a major proposal requiring preparation of an inflation impact statement under Executive Order 11821 and OMB Circular A–107. A copy of the inflation impact assessment is on file with the Hearing Clerk, Food and Drug Administration.

Dated: September 12, 1977.

JOSEPH P. HILE,
Associate Commissioner for Compliance.

[21 CFR Part 544]

[Docket No. 76N–0332]

STREPTOMYCIN/DIHYDROSTREPTOMYCIN TABLETS

Certification Provision; Termination of Proposed Rule

AGENCY: Food and Drug Administration.

ACTION: Termination of proposed rulemaking.

SUMMARY: This document terminates a proposal to delete from the regulations a provision that permits the certification of streptomycin/dihydrostreptomycin tablets that contain a sulfonamide. The proposal is being terminated because it would delete the provision that permits certification of an approved product.

EFFECTIVE DATE: September 20, 1977.

FOR FURTHER INFORMATION CONTACT:

Donald Gable, Bureau of Veterinary Medicine (HFV–100), Food and Drug Administration, Department of Health, Education, and Welfare, 5600 Fishers Lane, Rockville, Md. 20857 (301–443–4313).

SUPPLEMENTARY INFORMATION: In the FEDERAL REGISTER of September 16, 1976 (41 FR 39823), the agency issued a notice of opportunity for hearing proposing the withdrawal of streptomycin or dihydrostreptomycin boluses and tablets with sulfonamides. Consistent with this action, the Director proposed in the same FEDERAL REGISTER (41 FR 39765) to delete from § 544.173a (21 CFR 544.173a) the provision that permits the certification of these products.

In a separate document appearing elsewhere in this issue of the FEDERAL REGISTER, the Director of the Bureau of Veterinary Medicine (Director) is amending the notice of opportunity for hearing as it pertains to Merck & Co. only and is also withdrawing certain new animal drug applications for which no response to the notice was submitted. The amendment of the notice of opportunity for hearing excludes Merck & Co. from the proposed withdrawal because it has been determined that Merck should not have been included in the notice.

Consistent with this action, the Director is terminating the proposal to amend the regulations because it would delete the provision that permits the certification of the Merck product.

Therefore, under the Federal Food, Drug, and Cosmetic Act (secs. 507, 512, 59 Stat. 463 as amended, 82 Stat. 343–351 (21 U.S.C. 357, 360b)) and under authority delegated to the Commissioner (21 CFR 5.1), the proposal that Part 544 be amended by amending § 544.173a Streptomycin/dihydrostreptomycin tablets by deleting from the first sentence in paragraph (a)(1) the phrase "and one or more suitable sulfonamides" is terminated, effective September 20, 1977.

Dated: September 13, 1977.

C. D. VAN HOUWELING,
Director, Bureau of Veterinary Medicine.

DEPARTMENT OF THE TREASURY

Internal Revenue Service

[26 CFR Parts 1 and 7]

[CC:LR–175–76]

INCOME TAX

Livestock Sold on Account of Drought

AGENCY: Internal Revenue Service, Treasury.

ACTION: Notice of proposed rulemaking.

SUMMARY: This document contains proposed regulations relating to the year in which amounts received from the sale of livestock on account of drought are included in income. Changes in the applicable tax law were made by the Tax Reform Act of 1976. The regulations provided farms with the guidance needed to determine the year in which certain amounts received are to be included in income. The regulations would also provide guidance with respect to amounts received under the Agricultural Act of 1949.

DATES: Written comments and requests for a public hearing must be delivered or mailed by November 4, 1977. The amendments are proposed to be effective for taxable years beginning after December 31, 1975, except as otherwise provided.

ADDRESS: Send comments and requests for a public hearing to: Commissioner of Internal Revenue, Attention: CC:LR:T, (CC:LR–175–76), Washington, D.C. 20224.

FOR FURTHER INFORMATION CONTACT:

David Jacobson of the Legislation and Regulations Division, Office of the Chief Counsel, Internal Revenue Service, 1111 Constitution Avenue N.W., Washington, D.C. 20224, Attention: CC:LR:T (202–566–3923).

SUPPLEMENTARY INFORMATION:

BACKGROUND

This document contains proposed amendments to the Income Tax Regulations (26 CFR Part 1) under section 451 of the Internal Revenue Code of 1954. These amendments are proposed to conform the regulations to sections 2102 and 2141 of the Tax Reform Act of 1976 (90 Stat. 1900 and 1933) and are to be issued under the authority contained in section 7805 of the Internal Revenue Code of 1954 (68A Stat. 917; 26 U.S.C. 7805).

EXPLANATION OF REGULATIONS

Under section 451(d) insurance proceeds received as the result of crop damage may in certain cases be treated as received in the year after they were actually received. The proposed regulations provide that payments received under the Agricultural Act of 1949 may also be given similar treatment.

Under section 451(e) of the Internal Revenue Code of 1954, income received due to the early sale of livestock sold on account of drought may in some cases be treated as having been received in the taxable year after the year it was actually received. The proposed regulations describe the conditions under which, the manner in which, and the classifications of livestock for which the election may be made.

COMMENTS AND REQUESTS FOR A PUBLIC HEARING

Before adopting these proposed regulations, consideration will be given to any written comments that are submitted (preferably six copies) to the Commissioner of Internal Revenue. All comments will be available for public inspection and copying. A public hearing will be held upon written request to the Commissioner by any person who has submitted written comments. If a public hearing is held, notice of the time and place will be published in the FEDERAL REGISTER.

DRAFTING INFORMATION

The principal author of these proposed regulations was David Jacobson of the Legislation and Regulations Division of the Office of Chief Counsel, Internal Revenue Service. However, personnel from other offices of the Internal Revenue Service and Treasury Department participated in developing the regulation, both on matters of substance and style.

PROPOSED AMENDMENTS TO THE REGULATIONS

The proposed amendments to 26 CFR Part 1 are as follows:

§ 1.451 [Deleted]

PARAGRAPH 1. Section 1.451 is deleted.

PAR. 2. Section 1.451–6 is amended by adding the following immediately after the last sentence in paragraph (a)(1):

§ 1.451–6 Election to include crop insurance proceeds in gross income in the taxable year following the taxable year of destruction or damage.

(a) *In general.* (1) * * * For the purposes of this section, payments received under the Agricultural Act of 1949 as amended, as the result of (i) destruction or damage to crops caused by drought, flood, or any other natural disaster, or (ii) the inability to plant crops because of such a natural disaster, shall be treated as insurance proceeds received as a result of destruction or damage to crops. The preceding sentence shall apply to payments which are received by the taxpayer after December 31, 1973.

* * * * *

PAR. 3. A new § 1.451–7 is added immediately following § 1.451–6. The new section reads as follows:

§ 1.451–7 Election relating to livestock sold on account of drought.

(a) *In general.* Section 451(e) provides that for taxable years beginning after December 31, 1975, a taxpayer whose principal trade or business is farming (within the meaning of § 6420 (c)(3)) and who reports taxable income on the cash receipts and disbursements method of accounting may elect to defer for one year a certain portion of income. The income which may be deferred is the amount of gain realized during the taxable year from the sale or exchange of that number of livestock sold or exchanged solely on account of a drought which caused an area to be designated as eligible for assistance by the Federal Government (regardless of whether the designation is made by the President or by an agency or department of the Federal Government). That number is equal to the excess of the number of livestock sold or exchanged over the number which would have been sold or exchanged had the taxpayer followed its usual business practices in the absence of such drought. For example, if in the past it has been a taxpayer's practice to sell or exchange annually 400 head of beef cattle but due to qualifying drought conditions 500 head were sold in a given taxable year, only income from the sale of 150 head may qualify for deferral under this section. The election is not available with respect to livestock described in section 1231(b)(3) (relating to cattle, horses (and other livestock) held by the taxpayer for 24 months (12 months) and used for draft, breeding, dairy, or sporting purposes).

(b) *Usual business practice.* The determination of the number of animals which a taxpayer would have sold if it had followed its usual business practice in the absence of drought will be made in light of all the facts and circumstances. In the case of taxpayers who have not established a usual business practice, reliance will be placed upon the usual business practice of similarly situated taxpayers in the same general region as the taxpayer.

(c) *Special rules.*—(1) *Connection with drought area.* To qualify under section 451(e) and this section, the livestock need not be raised, and the sale or exchange need not take place, in a drought area. However, the sale or exchange of the livestock must occur solely on account of drought conditions, the existence of which affected the water, grazing, or other requirements of the livestock so as to necessitate their sale or exchange.

(2) *Sale prior to designation of area as eligible for Federal assistance.* The provisions of this section will apply regardless of whether all or a portion of the excess number of animals were sold or exchanged before an area becomes eligible for Federal assistance, so long as the drought which caused such dispositions also caused the area to be designated as eligible for Federal assistance.

(d) *Classifications of livestock with respect to which the election may be made.* The election to have the provisions of section 451(e) apply must be made separately for each broad generic classification of animals (e.g., hogs, sheep, cattle) for which the taxpayer wishes the provisions to apply. Separate elections shall not be made solely by reason of the animals' age, sex, or breed.

(e) *Computation.*—(1) *Determination of amount deferred.* The amount of income which may be deferred for a classification of livestock pursuant to this section shall be determined in the follow-

V 42 1182 SEP 20 77 UMI

ing manner. The total amount of income realized from the sale or exchange of all livestock in the classification during the taxable year shall be divided by the total number of all such livestock sold. The resulting quotient shall then be multiplied by the excess number of such livestock sold on account of drought.

(2) *Example.* The provisions of this paragraph may be illustrated by the following example:

Example. A, a calendar year taxpayer, normally sells 100 head of beef cattle a year. As the result of drought conditions existing during 1976, A sells 135 head during that year. A realizes $35,100 of income from the sale of the 135 head. On August 9, 1976, as a result of the drought, the affected area was declared a disaster area thereby eligible for Federal assistance. The amount of income which A may defer until 1977, presuming the other provisions of this section are met, is determined as follows:

$$\frac{\$35,100 \text{ (total income from sales of beef cattle)}}{135 \text{ (total number of beef cattle sold)}} \times 35 \text{ (excess number of beef cattle sold, i.e. } 135-100) = \$9,100 \text{ (amount which A may defer until 1977)}$$

(f) *Successive elections.* If a taxpayer makes an election under section 451(e) for successive years, the amount deferred from one year to the next year shall not be deemed to have been received from the sale or exchange of livestock during the later year. In addition, in determining the taxpayer's normal business practice for the later year, earlier years for which an election under section 451(e) was made shall not be considered.

(g) *Time and manner of making election.* The election provided for in this section must be made by the later of (1) the due date for filing the income tax return (determined with regard to any extensions of time granted the taxpayer for filing such return) for the taxable year in which the early sale of livestock occurs, or (2) (the 90th day after the date these regulations are published as a Treasury decision in the FEDERAL REGISTER). The election must be made separately for each taxable year to which it is to apply. It must be made by attaching a statement to the return or an amended return for such taxable year. The statement shall include the name and address of the taxpayer and shall set forth the following information for each classification of livestock for which the election is made:

(1) A declaration that the taxpayer is making an election under section 451(e);

(2) Evidence of the existence of the drought conditions which forced the early sale or exchange of the livestock and the date, if known, on which an area was designated as eligible for assistance by the Federal Government as a result of the drought conditions;

(3) A statement explaining the relationship of the drought area to the taxpayer's early sale or exchange of the livestock;

(4) The total number of animals sold in each of the three preceding years;

(5) The number of animals which would have been sold in the taxable year had the taxpayer followed its normal business practice in the absence of drought;

(6) The total number of animals sold, and the number sold on account of drought, during the taxable year; and

(7) A computation, pursuant to paragraph (e) of this section, of the amount of income to be deferred for each such classification.

(h) *Revocation of election.* Once an election under this section is made for a taxable year, it may be revoked only with the approval of the Commissioner.

(i) *Cross reference.* For provisions relating to the involuntary conversion of livestock sold on account of drought see section 1033(e) and the regulations thereunder.

§ 7.0 [Revoked]

Par. 4. Section 7.0 of this chapter (26 CFR Part 7), promulgated by Treasury Decision 7459, is hereby revoked to the extent it applies to elections under section 451(e).

JEROME KURTZ,
Commissioner of Internal Revenue.

[26 CFR Part 1]

INCOME TAX

Reporting Requirements for Non-Qualified Stock Options

AGENCY: Internal Revenue Service. Treasury.

ACTION: Notice of proposed rulemaking.

SUMMARY: This document contains proposed regulations relating to reporting requirements for nonqualified stock options. Changes to the applicable tax law were made by the Tax Reform Act of 1969. These regulations provide necessary guidance to the public for compliance with the law, and affect all employers, employees, and independent contractors with respect to nonqualified stock options.

DATES: Written comments and requests for a public hearing must be delivered or mailed by November 4, 1977. The amendments are proposed to be effective for options granted after 30 days after the date final regulations are filed by the FEDERAL REGISTER.

ADDRESS: Send comments and requests for a public hearing to: Commissioner of Internal Revenue, Attention: CC:LR:T, Washington, D.C. 20224.

FOR FURTHER INFORMATION CONTACT:

Geoffrey B. Lanning of the Legislation and Regulations Division of the Office of Chief Counsel, Internal Revenue Service, by mail at 1111 Constitution Avenue NW., Washington, D.C. 20224, (Attention: CC:LR:T) (202-566-3295).

SUPPLEMENTARY INFORMATION:

BACKGROUND

On June 3, 1971, the FEDERAL REGISTER published proposed amendments to the Income Tax Regulations (26 CFR Part 1) under section 83 of the Internal Revenue Code of 1954, 36 FR 10787, in order to conform the regulations to section 321 of the Tax Reform Act of 1969 (83 Stat. 588). The amendments contained in that notice of proposed rulemaking are not withdrawn by this document.

This document contains additional proposed amendments to the Income Tax Regulations (26 CFR Part 1) under section 83 of the Internal Revenue Code of 1954. These amendments are proposed to conform the regulations to section 321 of the Tax Reform Act of 1969 (83 Stat. 588) and are to be issued under the authority contained in section 7805 of the Internal Revenue Code of 1954 (68A Stat. 917; 26 U.S.C. 7805).

EXPLANATION OF THE REGULATIONS

The proposed regulations in this document concern the situation of a compensatory option not actively traded on an established market that is believed to have a readily ascertainable fair market value at the time of grant. A person that claims a deduction for the grant of such an option, or a person including such an option in gross income at the time of grant, must satisfy certain reporting requirements, as provided in these proposed regulations.

COMMENTS AND REQUESTS FOR A PUBLIC HEARING

Before adopting these proposed regulations, consideration will be given to any written comments that are submitted (preferably six copies) to the Commissioner of Internal Revenue. All comments will be available for public inspection and copying. A public hearing will be held upon written request to the Commissioner by any person who has submitted written comments. If a public hearing is held, notice of the time and place will be published in the FEDERAL REGISTER.

DRAFTING INFORMATION

The principal author of this regulation was Geoffrey B. Lanning of the Legislation and Regulations Division of the Office of Chief Counsel, Internal Revenue Service. However, personnel from other offices of the Internal Revenue Service and Treasury Department participated in developing the regulation, both on matters of substance and style.

PROPOSED AMENDMENTS TO THE REGULATIONS

The proposed amendments to 26 CFR Part 1 are as follows:

PAR 1. The following new paragraphs are added to § 1.83-6 to read as set forth below:

§ 1.83-6 Deduction by employer.

* * * * *

(e) *Options.* A deduction is allowable according to the rules of this section for the grant of an option, in connection with the performance of services, to the person for whom such services were performed, but only if, at the time of grant, the option has a readily ascertainable fair market value (determined in accordance with the rules of § 1.83-7(b)). An option granted after (insert date, 30 days after the date final regulations are filed by the FEDERAL REGISTER) that is not actively traded an an established market will be presumed not to have a readily ascertainable fair market value at the time of grant, unless the reporting requirements of § 1.83-7(c) and paragraph (f) of this section are satisfied with respect to such option. However, if the facts show that an option does have a readily ascertainable fair market value under § 1.83-7(b) when granted, failure to comply with such reporting requirements will not preclude the taxpayer from taking a deduction for the grant of such option.

(f) *Reporting requirements.* A person for whom services were performed, who claims a deduction for an option granted after (insert date, 30 days after the date final regulations are filed by the FEDERAL REGISTER) that is not actively traded on an established market, must submit with the return on which such claim is made, the following:

(1) A statement that the option has a readily ascertainable fair market value at the time of grant for purposes of determining the deductibility of the grant of the option;

(2) An explanation of why the option has a readily ascertainable fair market value (including why the fair market value of the option privilege is readily ascertainable);

(3) A statement of the option's fair market value at the time of grant, and an explanation of the method used by the taxpayer to determine the fair market value of the option at the time of grant (including the fair market value of its option privilege) for purposes of determining the amount of the deduction;

(4) A list of the names of all employees (or independent contractors) who have been compensated by the taxpayer with the grant of an option that is deductible on this return (if includible in gross income at the time of grant) and has the same material terms (other than the exercise price) as an option for which the taxpayer is claiming a deduction on this return;

(5) A statement that each such employee (or independent contractor) agrees with the taxpayer that the option granted to such employee (or independent contractor) has a readily ascertainable fair market value, and is includible in the gross income of the employee (or independent contractor), at the time of grant; and

(6) A statement that each such employee (or independent contractor) agrees with the taxpayer as to the fair market value at the time of grant of the option granted to such employee (or independent contractor), and agrees to use such value in determining the amount includible in the gross income of the employee (or independent contractor).

PAR. 2. The following new paragraph is added to § 1.83-7 to read as set forth below:

§ 1.83-7 Taxation of nonqualified stock options.

* * * * *

(c) *Reporting requirements.* An option granted after (insert date, 30 days after the date final regulations are filed by the FEDERAL REGISTER) that is not actively traded on an established market will be presumed not to have a readily ascertainable fair market value when granted unless the reporting requirements of § 1.83-6(f) and this paragraph are satisfied with respect to such option. However, if the facts show that an option does have a readily ascertainable fair market value under § 1.83-7(b) when granted, failure to comply with such reporting requirements will not relieve the taxpayer from having to include such option in gross income at the time of grant. An employee (or independent contractor) who includes in gross income the value of such an option must submit with the return on which such option is reported, the following:

(1) A copy of the information and statements described in § 1.83-6 (f) (1), (2), (3), and (5) that were submitted with a claim for a deduction for the grant of such option by the person for whom the taxpayer performed services;

(2) A statement by the taxpayer that the option has a readily ascertainable fair market value, and is includible in the taxpayer's gross income, at the time of grant; and

(3) A statement by the taxpayer that the taxpayer agrees to the determination of the option's fair market value by the person for whom the taxpayer performed services (which determination is described in § 1.83-6(f)(3)) for purposes of determining the amount includible in the taxpayer's gross income at the time of grant.

JEROME KURTZ,
Commissioner of Internal Revenue.

ARMED SERVICES PROCUREMENT REGULATIONS

Organizational Conflicts of Interest; Proposed Policy

CROSS REFERENCE.—For a proposed rule issued by the Office of Procurement Policy, Office of Management and Budget, concerning amendments to the Armed Services Procurement Regulations in 32 CFR Ch. I on the subject of organizational conflicts of interest, see FR Doc. 77-27419 appearing in the Proposed Rules section of this issue under the Office of Management and Budget.

OFFICE OF MANAGEMENT AND BUDGET

Office of Federal Procurement Policy

[32 CFR Ch. I]

[41 CFR Ch. I]

ORGANIZATIONAL CONFLICTS OF INTEREST

Proposed Policy; Invitation for Public Comment

AGENCY: Office of Federal Procurement Policy, Office of Management and Budget.

ACTION: Notice of a proposed regulation governing Organizational Conflicts of Interest.

SUMMARY: This proposed policy would amend the Federal Procurement Regulations by adding a Section 24 and would supersede Appendix G of the Armed Service Procurement Regulation (ASPR).

The problem of organizational conflicts of interest has received much recent attention by Federal executive agencies and Congress. It is the view of this Office that any attempted solution to this problem—to the extent it involves imposing procurement regulations and contractual requirements—should be uniformly applicable Government-wide.

This policy is directed to the avoidance of contractual relationships which might encourage contractors to give biased advice and, secondly, the reduction of opportunities for contractors to gain an unfair competitive advantage. The policy would require contractors to disclose existing organizational conflicts when submitting an offer, and to stay free of conflicts during performance or be terminated.

DATE: Comments must be received on or before November 22, 1977.

ADDRESS: Comments should be addressed to the Administrator for Federal Procurement Policy, Office of Management and Budget, Washington, D.C. 20503.

FOR FURTHER INFORMATION CONTACT:

Mr. Jack Nadol, Deputy Administrator for Regulations, telephone 202-395-6987.

SUPPLEMENTARY INFORMATION: Under Pub. L. 93-400, authority for Federal procurement policy is vested in the Administrator for Federal Procurement Policy. All executive agency procurement policies, regulations, procedures, and forms are subject to those prescribed by the Administrator.

The Office of Federal Procurement Policy, Office of Management and Budget, is considering the adoption of a policy which would require the use by all Federal executive agencies of regulations and contract clauses governing organizational conflicts of interest.

The problem of organizational conflicts of interest has received much recent attention by Federal executive

V 42 1182 SEP 20 77 UMI

agencies and Congress. It is the view of this Office that any attempted solution to this problem—to the extent it involves imposing procurement regulations and contractual requirements—should be uniformly applicable Government-wide.

This proposed policy would amend the Federal Procurement Regulations by adding a Section 24 and would supersede Appendix G of the Armed Service Procurement Regulation (ASPR).

The policy is directed to the avoidance of contractual relationships which might encourage contractors to give biased advice and, secondly, the reduction of opportunities for contractors to gain an unfair competitive advantage. The policy would require contractors to disclose existing organizational conflicts when submitting an offer, and to stay free of conflicts during performance or be terminated.

It requires contracting officers to make determinations regarding the existence and elimination of organizational conflicts of interest. The policy would also require the incorporation of organizational conflicts of interest solicitation notices and contract clauses.

The "Organizational Conflict of Interest" regulations and clauses which follow are proposed for mandatory use by all Federal executive agencies.

Comments should be addressed to the Administrator for Federal Procurement Policy, Office of Management and Budget, Washington, D.C. 20503 and should be received by November 22, 1977.

Questions may be referred to Mr. Jack Nadol, Deputy Assistant Administrator for Regulations, telephone 202-395-6987.

LESTER A. FETTIG,
Administrator.

SECTION ANALYSIS

Section 2402. Defines organizational conflict of interest (OCI) as an interest that may diminish objectivity or give unfair competitive advantage. This definition includes the interest of chief executives and directors of an organization to insure that (OCI) rules will not be circumvented by creation of a sister corporation by directors who have no legal affiliation. It also includes subcontractors and consultants so as to reduce another opportunity for abuse.

Section 2403. Lists possible situations where OCI may exist or arise. This is to overcome the belief by many that OCI covers only "hardware exclusion" and restrictive specifications.

Section 2404. Requires offerors to disclose potential OCI. One of the major weaknesses of the current regulation is that no disclosure is required and contracting officers are making awards with little knowledge of potential OCI.

Section 2405. Requires notice in the solicitation that if an OCI could result, a clause to eliminate OCI will be incorporated into the contract. Such a clause could prohibit a contractor from some future work and he should be advised of this prior to making a proposal.

Section 2406. Requires that a solicitation representation be included in all evaluation, consultant, management support, research and development contracts, and other contracts over $100,000. This coverage is agreed to by DOD and GSA; however, DOD would cover only negotiated contracts, while GSA would cover both negotiated and formally advertised. Our draft covers the latter. OCI type prohibitions are not self executing and may be applied only if specifically incorporated into a solicitation or contract clause. We therefore require wide application of solicitation representation so the contracting officer will have the knowledge on which to make his determination and to incorporate a contract clause to avoid OCI.

Section 2407-1. The general conflict clause requires the contractor to warrant there is no conflict of interest and requires notice to the C.O. if one arises. It also gives the C.O. authority to terminate.

Section 2407-2. Lists areas where OCI may be avoided by special clauses, e.g. "hardware exclusion."

Section 2403. Requires a D&F when OCI is present or an exception is granted.

Section 2411. Requires pass through to subcontracts and consultant agreements.

Section 2412. Provides that in addition to other remedies for violation of OCI rules a contractor may be disqualified from subsequent agency contracting.

Section 2413. Explains and gives examples of OCI. This is similar to the current appendix G provisions of ASPR. It provides help to C.O.s in making determinations as to whether or not OCI is present.

EDITORIAL NOTE.—This proposed policy would supersede Appendix G of Title 32, Chapter I, Armed Services Procurement Regulations, and would amend Title 41, Chapter 1, Federal Procurement Regulations, by adding the following new regulations. When adopted, the numbering of these regulations will correspond to the numbering systems of 32 CFR Ch. I and 41 CFR Ch. I.

SUBPART 1.24—ORGANIZATIONAL CONFLICTS OF INTEREST

1.2400 Scope of subpart.

This subpart sets forth policies and procedures regarding organizational conflicts of interest.

1.2401 Policy.

It is the policy of the Government that organizational conflicts of interest connected with the procurement of supplies and services be identified, prior to award if possible, and be adequately avoided, eliminated, or neutralized.

1.2402 Definitions.

(a) The term "organizational conflict of interest" means that a relationship exists whereby an offeror or a contractor (including his chief executives, directors, proposed consultants or subcontractors) has interests which (1) may diminish his capacity to give impartial, technically sound, objective assistance and advice or may otherwise result in a biased work product or, (2) may result in an unfair competitive advantage. It does not include the "normal flow of benefits" from the performance of a contract.

(b) The term "contractor" means any person, firm, unincorporated association, joint venture, partnership, corporation or affiliate thereof, which is a party to a contract with the United States of America. As used in this definition, the term "affiliate" has the same meaning as provided in 41 CFR 1-1.601-1(e).

1.2403 Conflict of interest.

(a) In addition to other situations, an organizational conflict of interest may exist or arise:

(1) Even if there is no follow-on procurement;

(2) Even if a contract is awarded on a noncompetitive or a sole source basis;

(3) Even though a hardware exclusion clause may not be appropriate;

(4) From prior and prospective interests as well as current interests.

(5) Whenever the contractor's judgment or performance may be biased even though there is no competitive advantage.

(6) From benefits which later accrue to the industry even if the contractor receives no more benefits than any other contractor in the industry.

(7) From benefits which are not directly financial in character.

(b) The fact that the Government can identify and later eliminate or neutralize any potential bias arising from the performance of or affecting the work product of a contract, is not relevant to a determination regarding the existence and elimination of an organizational conflict of interest prior to award.

(c) The existence of an organizational conflict of interest is more likely to be disclosed if a contract results from competition. Accordingly, greater care shall be exercised in the absence of competition, particularly whenever a contract may result from an unsolicited proposal.

(d) It is not relevant that the contractor has the professional reputation of being able to resist temptations which may arise from an organizational conflict of interest.

(e) An organizational conflict of interest is presumed to exist whenever one of the contractual relationships prohibited by paragraph 1-2413 would appear to result.

1.2404 Disclosure of potential organizational conflicts of interest.

When submitting offers (bids and proposals) in connection with the procurement of supplies and services, offerors and contractors (with respect to modifications) shall be required to disclose any organization conflicts of interest by completing the representation required by 1.2406. When a contracting officer finds that an organizational conflict of interest exists or may exist with respect on an offeror or contractor, no contract or contract modification award shall be made until the organizational conflict of interest has been adequately avoided, eliminated or neutralized, except as provided in 1.2408 below.

1.2405 Notices and representations; action required of contracting officers.

(a) The representation required by 1.2406 is designed to alert the contracting officer to situations or relationships which may constitute either present or future organizational conflicts of interest with respect to a patricular offeror or contractor. However, this representation may not identify a potential organizational conflict of interest involvign a successful offeror that could affect his participation in subsequent procurements arising out of or related to work performed under a contract that results from a solicitation currently under consideration. Accordingly, whenever such potential conflicts are foreseeable by the contracting officer, a special notice also shall be included in the solicitation informing offerors of the fact that such a potential conflict is foreseen and that a special contract clause designed to eliminate the conflict will be included in any resultant contract as required by 1.2407(.2). Such notice shall specify the proposed extent and duration of restrictions to be imposed with respect to participation in subsequent procurements. A fixed term of reasonable duration is measured by the time required to eliminate what would otherwise constitute an unfair competitive advantage. This is a variable; for example, it may run to the date of award of a first production contract or for a stated period of time. Except in the few instances where a permanent exclusion is appropriate, in no event shall an exclusion be stated which is not related to a specific expiration date or an event certain.

1.2406 Representation.

(a) The representation prescribed by this section shall be included in (1) all solicitations for the conduct of evaluation services and for technical, consulting and management support services, (2) solicitations, modifications and unsolicited proposals involving research and development and (3) all other solicitations, modifications, and unsolicited proposals which may exceed $100,000 in value.

It also may be employed as otherwise deemed desirable by the heads of agencies.

ORGANIZATIONAL CONFLICTS OF INTEREST REPRESENTATION

(a) The offeror represents, to the best of his knowledge and belief, that:

The award to him of a contract or the modification of an existing contract does ( ) or does not ( ) involve an organizational conflict of interest as defined in the Federal Procurement Regulations (see 41 CFR 1.2402(a) and the Armed Services Procurement Regulation (see paragraph 1-2402(a)).

(b) If the representation, as completed, or other information indicates the existence of an organizational conflict of interest, the contracting officer will determine whether a conflict does exist. If the contracting officer determines that a conflict exists, the offeror will be disqualified unless a special clause is included in the contract which is designed to adequately avoid, eliminate, or neutralize the conflict. The offeror will be permitted to negotiate the terms of the clause.

(c) When a solicitation involves a formally advertised procurement and the representation of the otherwise successful offeror indicates a conflict of interest, the contracting officer will discuss the matter with the offeror and will determine whether it is reasonable to expect that the conflict can be adequately avoided, eliminated or neutralized by the offeror. If the determination is negative, he will find that the offeror is not responsible. If the determination is affirmative, he will enter into an agreement with the contractor which adequately avoids, eliminates or neutralizes the conflict and subsequently award the contract.

(b) Failure to execute the representation will be deemed to be a minor informality and the offeror or contractor will be permitted to correct the omission.

(c) Refusal to provide the representation and any additional information required, or the nondisclosure or misrepresentation of any relevant interest shall disqualify the offeror or contractor for award.

1.2407 Contract Clauses.

1.2407-1 General Contract Clause.

All contract actions subject to the solicitation representation required by 1.2406 shall include the following clause:

ORGANIZATIONAL CONFLICTS OF INTEREST—GENERAL

(a) The contractor warrants that, to the best of his knowledge and belief, and except as otherwise set forth in this contract, he does not have any organizational conflict of interest, as defined in the Federal Procurement Regulations (see 41 CFR 1.2402(a)) and the Armed Services Procurement Regulation (see paragraph 1-2402(a)).

(b) The contractor agrees that, if after award he discovers an organizational conflict of interest with respect to this contract, he shall make an immediate and full disclosure in writing to the contracting officer which shall include a description of the action which the contractor has taken or proposes to take to avoid, eliminate or neutralize the conflict. The Government may, however, terminate the contract for the convenience of the Government if it would be in the best interests of the Government.

(c) The contractor agrees further that, if the award follows a formally advertised solicitation and a conflict of interest was identified prior to award, he will adequately avoid, elimniate or neutralize the conflict in a manner satisfactory to the contracting officer.

(d) In the event that the contractor was aware of organizational conflict of interest prior to the award of this contract and intentionally did not disclose the conflict to the Contracting Officer, the Government may terminate the contract at no cost to the Government.

END OF CLAUSE

1.2407-2 Special Contract Clause.

When an organizational conflict of interest is found to exist, it shall be adequately avoided, eliminated, or neutralized through the use of an appropriate special contract clause. Examples of the types of clauses which may be employed include but are not limited to the following:

(a) Hardware exclusion clauses which prohibit the acceptance of production contracts which follow a related nonproduction contract previously performed by the contractor;

(b) Software exclusion clauses;

(c) Clauses which require the contractor, members of his Board of Directors, or his chief executives to avoid, eliminate, or neutralize an organizational conflict of interest; and

(d) Clauses which provide for the protection of the confidentiality of data and guard against its unauthorized use.

The prospective contractor shall be given the opportunity to negotiate the terms and conditions of the clause and its application. The extent and time period of any restrictions shall be specified in the clause.

1.2407-3 Records of use of special notices and clauses.

Agencies shall maintain, in accordance with agency procedures, and for an appropriate period of time as determined by the circumstances, a record of all special solicitation notices used pursuant to 1.2405 and of all special contract clauses incorporated in contracts pursuant to 1.2407-2.

1.2408 Contract award when an organizational conflict of interest is present.

(a) When an organizational conflict of interest is present, an award shall not be made to an offeror who has a conflict unless:

(1) The conflict has been adequately avoided, eliminated or neutralized; or

(2) The head of the agency determines that the award of the contract would be otherwise in the best interests of the Government. Where such a determination is made, an appropriate written finding and determination shall be placed in the contract file.

(b) Examples of circumstances justifying the determination permitted by 1.2408(a)(2) include but are not necessarily limited to:

(1) (Situations where) the public exigency will not otherwise permit; and

(2) (Situations where) the requirement cannot otherwise be obtained.

1.2409 Action in lieu of termination.

If the contracting officer determines that it would not be in the best interests of the Government to terminate a contract as provided in the clause required by 1.2407, the contracting officer shall take every reasonable action to avoid, eliminate, or otherwise neutralize the organizational conflict of interest.

1.2410 Architect-engineering and construction contracts.

The award of related architect-engineering and construction contracts to the same contractor can result in self-inspection of construction work and permit the contractor to render biased decisions. Such contract awards are prohibited.

1.2411 Subcontracts.

The contractor shall require a representation in accordance with Section 1.2406 from subcontractors and consultants and shall include in consultant agreements or in subcontracts involving performance of work under a prime contract covered by this section, contract clauses in accordance with 1.2407.

V 42 1182
SEP 20 77
UMI

1.2112 Remedies.

In addition to other remedies, as may be permitted by law or contract for a knowing breach of the restriction in this section or for nondisclosure or misrepresentation of any relevant interest required to be disclosed by this section, the agency shall disqualify the contractor from subsequent agency contracts.

1.2113 Specific examples of contractual relationships which constitute an inherent organizational conflict of interest and rules for their avoidance.

Introduction. The following examples illustrate types of organizational conflicts of interest which frequently arise, but [they] are not all inclusive. They are not rules in the literal sense, but are only examples of the two principles enumerated in the definition of an "organizational conflict of interest" set forth in paragraph 1–2402(a) above. These two basic principles ((1) preventing conflicting roles and competing interests which might bias a contractor's judgment and (2) preventing a contractor from gaining an unfair competitive advantage over others) are the fundamental goals which must always be borne in mind in reaching a determination as to the presence or absence of an organizational conflict of interest. Organizational conflicts may involve not just hardware production but also software and services in many forms. Many consulting and engineering firms, for example, have no hardware capability but may nevertheless perform work under contractual situations giving rise to potential conflicts under the two principles mentioned above. Attention must be given therefore to the possible need for using both hardware and software exclusion clauses in appropriate cases, particularly in the fields of research, development, test, and evaluation, where objectivity may be influenced or a competitive advantage gained through access to information regarding future Government plans or programs.

(a) If a contractor agrees to provide systems engineering and technical direction (SE/TD) for a system, without at the same time assuming overall contractual responsibility for:

(1) Development, or

(2) Integration, assembly, and checkout (IAC), or

(3) Production of the system, then that contractor shall not later be allowed to supply the system or any major components thereof, or to be a subcontractor or consultant to a supplier of the system or any major components thereof.

Explanation. The SE/TD contractor occupies a highly influential and responsible position as an agent of the Government, both in determining basic concepts of a system and in supervising their execution by other contractors. To assure the objectivity of its services and hence a more soundly planned system, the SE/TD contractor must not be in a position to make decisions which could favor its own products. Furthermore, it would be inconsistent with the managerial responsibility of an SE/TD contractor for it to be concurrently one of the component suppliers.

Illustration A. Company A agrees to provide SE/TD for the Navy on the power plant for a group of submarines (i.e., turbine, drive shafts, props, etc.). Company A shall not be allowed to supply any power plant components. Company A can, however supply components of the submarine unrelated to the power plant, (not the submarine) and the ban on the supply of components is coterminous with the system only.

Illustration B. Company A is the SE/TD contractor for system X. After some progress, but prior to completion, the system is canceled. Later, system Y is developed to achieve the same purposes as system X, but in a fundamentally different fashion. Company B is the SE/TD contractor for system Y. Company A may bid to produce system Y or its components.

(b) If a contractor agrees to prepare and furnish complete specifications covering nondevelopmental items to be used in competitive procurement, that contractor shall not be allowed to furnish such items, either as a prime or subcontractor, for a reasonable period of time including, at least, the initial procurement. This rule shall not apply to:

(1) Contractors who furnish at Government request specifications or data with respect to the product they furnished, even though the specifications or data may have been paid for separately or in the price of the product.

(2) Situations where one or more contractors acting as industry representatives assist Government agencies in preparing, refining, or coordinating specifications, regardless of source, which assistance is supervised and controlled by Government representatives.

(3) Contracts for developmental or prototype items.

Explanation. If a single contractor is engaged by the Government to draft complete specifications for nondevelopmental equipment, he should be eliminated for a reasonable time from competition for production based on the specifications. This should be done in order to avoid a situation where he could draft specifications which would favor his own products or capabilities. In this way the Government can be assured of getting unbiased advice as to the content of its specifications and can avoid allegations of favoritism in the award of production contracts.

In development work it is normal to select firms which have done the most advanced work in the field. It is to be expected that these firms will design and develop around their own prior knowledge. Development contractors can frequently start production earlier and more knowledgeably than firms which did not participate in the development, and this affects the time and quality of production, both of which are important to the Government. In many instances the Government may have financed such development. Thus, the development contractor may have an unavoidable competitive advantage which is not considered unfair and no prohibition should be imposed.

In instances of cooperation between industry and Government agencies to prepare, refine, or coordinate specifications, there is continuous participation and supervision by Government representatives and, usually, more than one contractor concerned. In these circumstances Government supervision prevents the establishment of specifications oriented to favor a given contractor's products or capabilities.

Illustration A. Company A prepares updated Government specifications for a standard refrigerator to be procured competitively. Company A shall not be allowed for a reasonable period of time to compete for supply of the refrigerator.

Illustration B. Company A designs or develops a new electronic equipment and, as a result of the design or development, prepares specifications. Company A may supply the electronics equipment.

Illustration C. XYZ Tool Co. and/or KLM Machinery Co. representing the American Tool Institute work under the supervision and control of Government representatives to refine specifications or to clarify the requirements of a specific procurement. These companies may supply the item.

Illustration D. Prior to selection of the Automatic Data Processing (ADP) Equipment, Company A is awarded a contract to develop software to automate an Air Force function. Since software can be written to favor a particular vendor's commercial ADP hardware, a potential conflict of interest exists. Accordingly, Company A should be barred from at least the initial follow-on ADP hardware procurement using the software developed under its development contract.

Illustration E. A System Engineering and Integration contract is awarded to Company A. As part of its effort it is required to identify and modify commercially available software packages, integrate them into a system, and identify and provide performance specifications for the commercial hardware requirements to operate the resulting system. Since the identified packages and modifications can be biased toward a particular vendor's hardware when used in a follow-on acquisition, Company A should be barred from at least the initial follow-on computer hardware procurement.

Illustration F. A study contract is awarded to Company A to solve a computer interface problem. The effort will require the identification of commercial equipment that will solve the interface problem. Since the vendor's judgment could be biased if allowed to recommend its own equipment, it should be barred from at least the initial follow-on procurement resultant from its interface effort.

(c) If a single contractor, other than a company which has participated in the development or design of a system, agrees to assist a Government agency or a contractor of a Government agency in the preparation of a statement of work, or agrees to provide material leading directly, predictably, and without delay to a statement of work, to be used in the competitive procurement of a system or services, that contractor shall not be allowed to supply the services, or the system or major components thereof, unless it is the sole source. The content of a statement of work shall not be considered predictable if more than one contractor is involved in the preparation of material leading to it.

Explanation. The various services related to a statement of work to be used in competitive procurement should normally be performed by the Government agency. However, when it is necessary to seek the assistance of contractors, they may often be in a position to favor their own products or capabilities. To overcome this possibility of bias, such contractors are to be prohibited from supplying a system or services procured on the basis of work statements growing out of their services.

No prohibitions are imposed on development contractors for the reasons given in the explanation to rule (b).

Illustration A. Company A receives a contract to define the detailed performance characteristics a Government agency will require for the purchase of rocket fuels. A has not developed the particular fuels. At the time the contract is awarded, it is clear to both parties that the performance characteristics arrived at will be used by the Government agency to choose competitively a contractor to develop or produce the fuels. Company A shall not be permitted to bid on this procurement.

Illustration B. Company A receives a contract to prepare a detailed plan for the procurement of services aimed at the advanced scientific and engineering training of a Government agency's personnel. It suggests a curriculum which the agency endorses and incorporates in requests for proposals to various institutions to establish and conduct such training. Company A shall not be permitted to bid on this procurement.

Illustration C. Company A prepares a feasibility study of a new weapons system without proposing in detail the characteristics of a possible final device. It may bid to produce the system or components thereof.

(d) If a contractor gains access to proprietary data of other companies incidental to the performance of a Government contract, the contractor must agree with such companies to protect such data from unauthorized use or disclosure so long as it remains proprietary. In addition, the contractor shall not be permitted to utilize the data for any purpose other than that for which it was furnished to him, unless otherwise specifically provided for in his contract or unless written authorization from the owner of the data has been obtained.

Explanation. Proprietary data is information considered so valuable by its owners that it is held secret by them and their licensees. Where a contractor must obtain such data from others for purposes of performing a Government contract, and can obtain it by the leverage of that contract, he will gain an advantage over other companies unless there are restrictions upon his use of the data. Such restrictions are necessary both to protect the data, and to encourage companies to furnish it to contractors when necessary for the performance of a Government contract. The rule is not intended to protect proprietary data furnished voluntarily by companies without limitations as to use, or data which falls into the public domain.

Illustration A. Company A is selected to study the use of lasers in military communications. The Government agency will request that firms doing research in the field make proprietary data available to A. In order to receive the contract, A must agree with such firms to protect any proprietary data it obtains, so long as the data remains proprietary, and shall not be permitted to utilize the data in supplying any lasers to the Government agency. While A could not receive a competitively awarded contract to perform additional studies of lasers using such data, it may receive a contract award if it is the sole source.

(e) A contractor who in connection with the performance of a study, consulting or similar contract will be given information by a Department regarding the Department's plans or programs, which is not available to other interested potential contractors shall not be permitted to compete with such firms for work relating to such plans or programs.

(f) A contractor shall not, without making a full disclosure to the contracting officer, and in the absence of adequate safeguards, be allowed to evaluate or give other consulting services:

(1) Which will necessarily require the evaluation of the contractor's own work product or (2) with respect to the product or services of any other contractor with which the contractor has an existing consulting relationship.

(g) A contractor performing evaluation or consulting services for the Government in connection with a competitive procurement shall not be permitted to enter into a contractual relationship with the successful offeror with respect to work arising out of or related to the performance of the contract resulting from the competition.

ENVIRONMENTAL PROTECTION AGENCY

[40 CFR Part 52]

[FRL 794–5]

APPROVAL AND PROMULGATION OF IMPLEMENTATION PLANS

Revision to Yolo-Solano Air Pollution Control District Rules and Regulations in State of California

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice of proposed rulemaking.

SUMMARY: It is the purpose of the notice to acknowledge receipt of and invite public comments on the revision to the Yolo-Solano Air Pollution Control District Rules and Regulations which was submitted to EPA by the California Air Resources Board (ARB) for inclusion in the California State Implementation Plan (SIP). The EPA solicits comments regarding the desirability of approving or disapproving the rule being considered, especially as to its consistency with the Clean Air Act.

DATES: Comments may be submitted on or before October 20,1977.

ADDRESSES: *Send comments to:* Regional Administrator, Attn.: Air and Hazardous Materials Division, Air Programs Branch (A–4), EPA Region IX, 100 California Street, San Francisco Calif. 94111.

Availability of documents. Copies of the proposed revision are available for public inspection during normal business hours at the EPA Region IX office at the above mentioned address and at the following locations:

Yolo-Solano Air Pollution Control District, 323 First Street, Woodland, Calif. 95695.

California Air Resources Board, 1709 11th Street, Sacramento, Calif. 95814.

Public Information Reference Unit, Room 2922 (EPA Library), 401 M Street SW., Washington, D.C. 20460.

FOR FURTHER INFORMATION CONTACT:

David R. Souten, Chief, California SIP Section (415–556–7288).

SUPPLEMENTARY INFORMATION: The June 6, 1977, submittal contained only a revision to Rule 2.21, Vapor Control for Organic Liquid Transfer and Storage. This rule was previously submitted on July 19, 1974, and was proposed to be disapproved in the March 21, 1977, FEDERAL REGISTER (42 FR 15344) because the regulation contained no final compliance date. The March 1977 notice also requested the California Air Resources Board to submit the most recent version of Rule 2.21 for EPA review, and this amended rule is the rule being acted upon by this notice. No final action was taken of the previous proposed disapproval because this rule was submitted as an SIP revision during the comment period.

Pursuant to section 110 of the Clean Air Act as amended, and 40 CFR Part 51, the Administrator is required to approve or disapprove the regulations as an SIP revision. The Regional Administrator hereby issues this notice setting forth this revision as a proposed rulemaking and advises the public that interested persons may participate by submitting written comments to the Region IX office. Comments received will be available for public inspection at the Region IX office and the EPA Public Information Reference Unit.

(Secs. 110 and 301 of the Clean Air Act, as amended, 40 U.S.C. 1857c–5 and 1857 g.)

Dated: August 16, 1977.

FRANK M. COVINGTON,
Acting Regional Administrator,
Region IX.

[40 CFR Part 205]

[FRL 793–5]

NEW TRUCK-MOUNTED SOLID WASTE COMPACTORS

Noise Emission Standards; Change of Public Hearing Dates

AGENCY: U.S. Environmental Protection Agency.

ACTION: Notice of change of public hearing dates.

SUMMARY: By this notice the Environmental Protection Agency (EPA) announces that the scheduled public hearings on the recently proposed noise emission standards for new truck-mounted solid waste compactors have been rescheduled. The dates of the hearings announced in the FEDERAL REGISTER of August 26, 1977 (42 FR 43226), were September 27, 1977, in New York City, N.Y., and September 29, 1977, in Salt Lake City, Utah. The revised dates and locations are:

V 42 182 SEP 20 77 UMI

DATES:

NEW YORK CITY HEARING

Date: October 18, 1977.

Place: United Nations Plaza Hotel, 1 United Nation Plaza, New York City, N.Y. 10017.

Time: 9 a.m. to 9 p.m. (or until all parties are heard).

SALT LAKE CITY HEARING

Date: October 20, 1977.

Place: Salt Palace, 100 South West Temple Street, Salt Lake City, Utah 84101.

Time: 9 a.m. to 9 p.m. (or until all parties are heard).

The final public comment date will not change, it remains November 25, 1977.

The Agency considers it in the best interest of the public to extend the period prior to public hearings so that more time is allowed: (1) To review the proposed regulation, (2) to prepare testimony, and (3) to permit maximum public participation in its rulemaking action.

ADDRESSES: Those persons wishing to make statements at the hearing should notify the EPA at the following address by October 4, 1977, so that presentations may be scheduled: Director, Standards and Regulations Division (AW 471), Office of Noise Abatement and Control, Attn. Truck-Mounted Solid Waste Compactor Hearings, Docket No. ONAC–77–1, U.S. Environmental Protection Agency, Washington, D.C. 20460.

FOR FURTHER INFORMATION CONTACT:

Mr. Fred Mintz, Project Officer, Standards and Regulations Division (AW 471), U.S. Environmental Protection Agency, Washington, D.C. 20460 (703–557–2710).

SUPPLEMENTARY INFORMATION: See following text.

In the FEDERAL REGISTER of May 28, 1975 (40 FR 23105), the Administrator of EPA identified truck-mounted solid waste compactors, generally known as garbage trucks, as a major source of environmental noise. On August 26, 1977 the EPA published a proposed noise emission standard for these products in the FEDERAL REGISTER (42 FR 43226). Compliance with the proposed standard should, on the average, reduce noise from new conventional truck-mounted solid waste compactors by from 4 to 8 decibels in 1979, and by an additional 3 decibels in 1982. In terms of reduced noise impact on the nation's population, the proposed not-to-exceed noise emission standard, when considered in combination with existing Federal noise standards for new medium and heavy trucks, should result in a reduction of approximately 71 percent in the severity and extensiveness of noise impact due to solid waste collection by the year 1991.

A final regulation for the truck-mounted solid waste compactors will be promulgated after critical review of all comments and data received in response to the published proposal. The information gained from the hearings is necessary, in order for the Agency to ensure that all issues associated with the regulation have been identified and adequately addressed.

It is the Agency's policy to solicit public participation in its rulemaking. The EPA is especially interested in hearing from private citizens and consumer and public interest groups, in addition to product manufacturers and retailers, during the formal comment period and at the public hearings scheduled.

All interested persons will be given an opportunity to make a statement at the hearings. Such persons should notify the EPA of their intentions to make a statement at the address and by the date indicated above. Persons who have not given such notice will be heard as time permits following the scheduled statements. If possible, it is requested that speakers submit a copy of their statement no later that the day on which they appear. The hearings will be conducted informally. Technical rules of evidence will not apply. The hearings are scheduled to include some evening sessions to facilitate testimony by the general public. Persons wishing to be heard in the evening hours should so specify when notifying the EPA of their desire to make a statement.

The transcript of the hearings and any material submitted for the record will become part of the official docket for the Proposed New Truck-Mounted Solid Waste Compactor Noise Emission Standards, Docket No. ONAC–77–1.

Dated: September 13, 1977.

EDWARD F. TUERK,
Acting Assistant Administrator for Air and Waste Management.

FEDERAL PROCUREMENT REGULATIONS

Organizational Conflicts of Interest; Proposed Policy

CROSS REFERENCE.—For a proposed rule issued by the Office of Procurement Policy, Office of Management and Budget, concerning amendments to the Federal Procurement Regulations in 41 CFR Ch. 1 on the subject of organizational conflicts of interest, see FR Doc. 77–27419 appearing in the Proposed Rules section of this issue under the Office of Management and Budget.

DEPARTMENT OF HEALTH, EDUCATION, AND WELFARE

Office of Education

[45 CFR Part 172]

TEACHER CORPS

Clarification of 1976 Amendments

AGENCY: Office of Education, HEW.

ACTION: Proposed regulations.

SUMMARY: The Commissioner of Education, with the approval of the Secretary of Health, Education, and Welfare, proposes to amend the Code of Federal Regulations by adding a new part for the Teacher Corps. This will clarify the new directions established for Teacher Corps in the extensive 1976 amendment.

In general the amendment proposes: (1) Increased attention to improving the school/learning climate through Teacher Corps projects, (2) emphasis on the reform of the training and retraining of educational personnel through Teacher Corps projects, and (3) a greater focus on demonstration, documentation, institutionalization, and dissemination of the results of Teachers Corps projects. Major procedural changes made by the amendment include: (1) Lengthened Teacher Corps projects, (2) increased collaboration among local educational agencies, institutions of higher education; and communities in the development and carrying out of projects, and (3) greater emphasis on local determination of project objectives and design.

DATES: Comments must be received on or before October 20, 1977. A public hearing on all provisions of the proposed regulations is scheduled for October 5, 1977, from 9 a.m. to 12 noon.

ADDRESSES: Comments should be addressed to Russell Wood, Deputy Director, Teacher Corps, Office of Education, 400 Maryland Avenue SW., Washington, D.C. 20202. The public hearing will be held at New Gage Elementary School, Third and Elm Streets NW., Washington, D.C. Participants may call Area Code 202–737–7868 for directions.

FOR FURTHER INFORMATION CONTACT:

Russell Wood, 202–245–8224.

SUPPLEMENTARY INFORMATION: Section 503 of the Education Amendments of 1973 requires the Commissioner to study all rules, regulations, guidelines, or other published interpretations or orders issued by him or by the Secretary after June 30, 1965, in connection with, or affecting the administration of Office of Education programs; to report to the Committee on Labor and Public Welfare of the Senate and the Committee on Education and Labor of the House of Representatives, concerning this study; and to publish in the FEDERAL REGISTER these rules, regulations, guidelines, interpretations, and orders with an opportunity for public hearing on the matters published. The regulations proposed below reflect the results of this study as it relates to the Teacher Corps. Upon publication of Part 172 in final form, after comments and hearing, all preceding rules regulations, guidelines, and other published interpretations and orders issued in connection with or affecting the program will be superseded.

Reference to "Sec.," in the citations of authority following provisions of the proposed regulations, refer to sections of the Higher Education Act of 1965, as amended.

Emphasis and purpose. The proposed regulations set forth rules and criteria governing grant awards by the Commissioner of Education to institutions of

higher education, local educational agencies and State educational agencies. These awards are designed to (a) strengthen the educational opportunities available to children in areas having concentrations of low-income families and (b) encourage colleges and universities to broaden their programs of teacher preparation and (c) encourage institutions of higher education and local educational agencies to improve programs of training and retraining for teachers, teacher aides, and other educational personnel. The proposed regulations apply to all grant awards made with funds appropriated to carry out the "Teacher Corps" program.

Resolution of issues. Certain provisions of the proposed regulations make significant changes in the Teacher Corps program. The following changes are particularly significant and stem primarily from the Education Amendments of 1976 (Pub. L. 94–482):

(1) *Project length.* In § 172.30 of the proposed regulations, the term of a Teacher Corps project is extended from the present two years to the newly authorized five years. The two-year limitation was placed on projects before 1974 when they were primarily concerned with graduate level pre-service training of teacher-interns in master or arts-type projects. Sec. 513(a)(1) of the Education Amendments of 1976 specifically authorizes a project length of five years. So that all parties concerned with a Teachers Corps project (i.e., an institution of higher education, a local educational agency and a community council) have sufficient time to plan a worthwhile project, carry it out, document it, and disseminate the results, the authorized five year project duration is implemented.

(2) *Community council.* Sec. 513(e) of the Education Amendments of 1976 requires the full participation of an elected community council in planning, carrying out, and evaluating a Teacher Corps project. Section 172.15 of the proposed regulations permits the temporary use of a community council elected for purposes other than the Teacher Corps project (e.g., a community council elected to participate in a Title I, ESEA or a bilingual education project) to serve as a Teacher project council for a maximum of three months after the date of award of a Teacher Corps project grant. This provides for useful community contributions to early project planning, without requiring a special community election before the award of a project grant.

Past experience shows that only one out of every two or three project applications is finally approved for a grant award. Therefore, postponing the election of a community council minimizes the creation of unwarranted expectations on the part of communities that are seeking projects. At the same time, a Teacher Corps community council must be elected early in the planning year (the first year of every project) so as to participate in designing the project in collaboration with the participating local educational agency and institution of higher education.

Section 172.104 describes the community council for the Youth Advocacy projects which is intended to promote the involvement of the parents of juvenile delinquents and youth offenders who may be participating in a Teacher Corps project.

(3) *Reduction of Federal support.* Under § 172.31 of the proposed regulations, Federal support of a Teacher Corps project is reduced during the fourth and fifth years of the project term. One persistent criticism of Federal project grant programs is that the effects rarely last after Federal project funding terminates. The reduction of Federal funding in the latter project years is designed to contribute to an orderly assumption of funding responsibility by the institutions of higher education, local education agencies, and other agencies participating in the project.

(4) *Released time compensation.* Compensation of local educational agencies, for the time they release educational personnel from their duties during the regular school day to participate in Teacher Corps project training, is permitted by Sec. 152 of the Education Amendments of 1976. Section 172.92 of the proposed regulations restricts the payment of released time. Released time compensation would only be paid in cases where the continuation of the project is jeopardized without the payment.

Section 172.92 implements the intent of Congress that, "* * * the Commissioner will use the authority in a limited way only when he determines that a particular local education agency is confronted with unusual financial difficulties such that the continuation of the Teacher Corps program would be jeopardized without federal compensation. The managers further expect that compensation will be necessary for only a few days per month during the school year." (p. 204, Conference Report 94–1701, U.S. House of Representatives, September 27, 1976).

(5) *Number of teacher-interns.* Section 172.83 requires at least four interns for each project. This regulation continues the Teacher Corps practice of requiring teacher-interns in each project. The requirement assures that a project will be able to integrate the training of new teachers with the in-service training existing staff and, thus, broaden programs of teacher preparation.

If a participating local educational agency provides an assurance (§ 172.81) that each teacher-intern in the project will be employed by the local educational agency at the end of the internship, the project may include a ratio of up to one teacher-intern for each five teachers in the Teacher Corps project. Sec. 513(f) of the Education Amendments of 1976 requires the Teacher Corps to work toward a nationwide Teacher Corps membership ratio of approximately five teachers to each individual not yet employed as a teacher. This section also authorizes the Commissioner to waive this goal if there is an insufficient number of qualified teacher applicants, or if there are insufficient employment opportunities for the preservice traineess (the teacher-interns). It is unlikely that there would be an insufficient number of qualified teacher-intern applicants. However, the market for teachers in many parts of the nation offers little proposect of employment of teacher-interns after their period of training. Therefore, if an assurance of employment of the pre-service trainee is not given in the project application (§ 172.124), the project will be required to have only the minimum of four teacher-interns.

(6) *Local development of objectives.* Section 172.62 of the proposed regulations requires local educational agencies, institutions of higher education, and communities to jointly establish their own local objectives. Previously published funding criteria for the Teacher Corps (see FEDERAL REGISTER, Vol. 42, No. 1, January 3, 1977, p. 77) required a project to adopt one of five broadly defined strategies which included: (a) Establishment of training complexes including teacher centers; (b) implementing competency-based teacher education; (c) training for implementing alternative school designs; (d) interdisciplinary training; and (e) training for the systematic adaptation of research findings. While these strategies remain useful, they are not project requirements in the proposed regulations. It is anticipated that the commitment of people involved in a project and the prospects of achieving lasting benefits will be enhanced if much of the substance of a project is left to local determination.

(7) The Trust Territory of the Pacific is included in the Teacher Corps statute as eligible for allocations of Teacher Corps members, but not defined as a "State" in the general provisions regulations for the Office of Education. Therefore, in § 172.155 of these proposed regulations the Trust Territory of the Pacific is included in the definition of "State."

(8) Sections 172.82(c) and 172.113(b) direct grantees to give consideration to persons who are broadly representative of the ethnic and cultural characteristics of the community served by the project in recruiting Corps members and staff. This is consistent with Congressional intent as expressed in S. Rep. No. 94–882, 94th Cong., 2d Sess. (1976).

Notice of intent to publish regulations and public hearings. A notice of intent to publish regulations for the Teacher Corps appeared in the FEDERAL REGISTER on November 22, 1976. Public hearings on the notice of intent were held in the following cities between December 10, 1976 and December 16, 1976: New York, New York; Atlanta, Georgia; Chicago, Illinois; Denver, Colorado; San Francisco, California. Comments received at the hearings and through the mail strongly supported: (1) The extension of project length to five years, (2) the inclusion of all school educational staff in training, (3) the provision of planning time at the start of a project, (4) the provision of latitude for a local project to develop its own objectives, (5) placing increased

V 42 I 182 SEP 20 77 UMI

emphasis on ways to ensure the persistence of project effects, and (6) increasing the demonstration and dissemination efforts. There was substantial comment, but less agreement, on the role of the community, of teacher-interns, and of undergraduate teacher education in a Teacher Corps project. The public comments were valuable in the development of the proposed regulations.

Invitation to comment. Interested persons are invited to submit comments, suggestions, and recommendations to be considered prior to the issuance of the final regulations. Comments, suggestions, or recommendations may be presented at the public hearing or be sent to the address given at the beginning of this notice, or both. All comments received on or before October 20, 1977 will be considered. All comments submitted will be available for public inspection both during and after the comment period, in Room 1700, Donohoe Building, 6th and D Streets, S.W., Washington, D.C., between 8:30 a.m. and 4:00 p.m., Monday through Friday of each week.

Authority. The proposed regulations are issued under the authority of Title V-A of the Higher Education Act of 1965 (Pub. L. 89-329), as amended by Pub. L. 90-35, Pub. L. 90-575, Pub. L. 91-230, Pub. L. 92-318, Pub. L. 93-380, and Pub. L. 94-482.

(20 U.S.C. 1101 et seq.)

NOTE.—*Inflation Impact.* The Office of Education has determined that this document does not contain a major proposal requiring preparation of an Inflation Impact Statement under Executive Order 11821 and OMB Circular A-107.

(Catalog of Federal Domestic Assistance No. 13.489, Teacher Corps.)

Dated: June 22, 1977.

ERNEST L. BOYER,
United States Commissioner of Education.

Approved: August 30, 1977.

HALE CHAMPION,
Acting Secretary of Health, Education, and Welfare.

It is proposed that Title 45 of the Code of Federal Regulations be amended by adding a new part 172 to read as follows:

PART 172—TEACHER CORPS

Subpart A—General

Sec.
172.1 Scope.
172.2 Purpose.
172.3 Definitions.

Subpart B—Elements of a Teacher Corps Project

PARTICIPANTS

172.10 Joint participants.
172.11 Institution of higher education.
172.12 Project schools.
172.13 Involvement of all educational school personnel in the project.
172.14 Elected community council required.
172.15 Use of existing council.
172.16 Election of community council.
172.17 Policy board.
172.18 Other participating institutions and agencies.
172.19 Involvement of State educational agency personnel.

GRANTS

172.30 Project duration.
172.31 Size of grants.
172.32 Separate grants.
172.33 Time period before agencies or institutions may apply for a new project.

PROJECT PROGRAM

172.40 Initial development year.
172.41 Achievement of objectives during the remaining four years.
172.42 Functions of each participant.
172.43 Institution of higher education functions.
172.44 Local educational agency functions.
172.45 Training by institutions of higher education.
172.46 Pre-service and in-service training.
172.47 Training program for teacher-interns.
172.48 Graduate level training for teachers and teacher-interns.
172.49 Degree and certification for teacher-interns.
172.50 Field and community based training.
172.51 Training for volunteers.
172.52 Plan for dissemination.
172.53 Documentation of project experience.

BASIC OUTCOMES AND PROJECT OBJECTIVES

172.60 Basic outcomes.
172.61 Project objectives.
172.62 Development and adoption of project objectives.
172.63 School objectives.
172.64 Educational personnel development system objectives.
172.65 Institutionalization objectives.
172.66 Demonstration and dissemination objectives.

TEACHER CORPS MEMBERS

172.80 Educational personnel, teacher-interns, and volunteers.
172.81 Number of teacher-interns.
172.82 Recruiting teacher-interns.
172.83 Teacher-interns teams.
172.84 Teacher-interns may not replace teachers.
172.85 Federal employees.
172.86 Other Federal student assistance programs.
172.87 Compensation of team leaders.
172.88 Teacher-interns compensation during their term of service with the project.
172.89 Teacher-interns training stipends.
172.90 Teacher-interns and team leader medical insurance.
172.91 Training stipends for teachers and other educational personnel.
172.92 Released time for educational personnel.
172.93 Compensation of volunteers.
172.94 Travel expenses of Teacher Corps members.

Subpart C—Youth Advocacy Projects

172.100 Purpose and project design.
172.101 Other regulations in this part apply to youth advocacy projects.
172.102 Youth advocacy project joint participation.
172.103 Project schools.
172.104 Youth advocacy project community council.
172.105 Policy board.
172.106 Youth advocacy projects—separate grants.
172.107 Time period before correctional facility may apply for a new project.
172.108 Correctional facility functions.
172.109 Youth advocacy teacher-intern training.

Subpart D—Project Administration

172.110 Management Plan.
172.111 Project director.
172.112 Compensation of project director and staff.
172.113 Employment of project administrative staff.
172.114 Supervision of Teacher Corps members.
172.115 Services provided by the Commissioner.

Subpart E—Applications

172.120 Length of application.
172.121 Jointly signed application.
172.122 Policy board.
172.123 Institution of higher education.
172.124 Project schools.
172.125 Community council.
172.126 Correctional facility.
172.127 Project objectives.
172.128 Management and staffing plans.
172.129 Compensation.
172.130 Released time.
172.131 Training; community council expenses.
172.132 Project activities.
172.133 Youth advocacy projects.
172.134 Information responding to evaluation criteria.
172.135 Approval of applications by the State educational agency.
172.136 Continuation grant application.
172.137 Annual publication of application submission date.

Subpart F—Evaluation Criteria

172.150 Evaluation procedure.
172.151 School learning climate criterion.
172.152 Educational personnel development system criterion.
172.153 Institutionalization criteria.
172.154 Adaptation criterion.
172.155 Geographical allocation of Teacher Corps members.

APPENDIX—PART A OF TITLE V OF THE HIGHER EDUCATION ACT OF 1965, AS AMENDED—TEACHER CORPS PROGRAM STATEMENT OF PURPOSE AND AUTHORIZATION OF APPROPRIATIONS

AUTHORITY: Title V-A of the Higher Education Act of 1965 (Pub. L. 89-329), as amended by Pub. L. 90-35 in 1967; Pub. L. 90-575 in 1968; Pub. L. 91-230 in 1970; Pub. L. 92-318 in 1972; Pub. L. 93-380 in 1974; and Pub. L. 94-482 in 1976 (20 U.S.C. 1101 et sec.), unless otherwise noted.

Subpart A—General

§ 172.1 Scope.

(a) This part applies to the Teacher Corps program authorized under Title V-A of the Higher Education Act of 1965, as amended (set forth in the appendix to this part).

(b) Each grant under this part is subject to applicable provisions contained in the general provisions regulations of the Office of Education (Parts 100 and 100a of this chapter). The criteria in § 100a.26(b) of this chapter do not apply to applications under this part.

(Secs. 511 et seq.; 20 U.S.C. 1101 et seq.)

§ 172.2 Purpose.

The purpose of the Teacher Corps program is to strengthen the educational opportunities available to children in areas having concentrations of low income families, to encourage colleges and universities to broaden their programs of teacher preparation, and to encourage

institutions of higher education and local educational agencies to improve programs of training and retraining for teachers, teacher aides, and other educational personnel.

(Secs. 511(a); 20 U.S.C. 1101(a).)

§ 172.3 Definitions.

As used in this part: "Institution of higher education" means an institution of higher education as defined in Section 1201(a) of the Higher Education Act of 1965, as amended.

(Secs. 1201(a); 20 U.S.C. 1141(a).)

"Local educational agency" means a local educational agency as defined in section 1201(g) of the Higher Education Act of 1965, as amended. The term includes a State educational agency or other public or private nonprofit agency which provides a program or project designed to meet the special educational needs of migratory children of migratory agricultural workers.

(Sec. 1201(g), 20 U.S.C. 1141(g); Secs. 517A, 20 U.S.C. 1107a).)

"Low-income family" means a family with a child the local educational agency may count under Section 103 of Title I of the Elementary and Secondary Education Act of 1965, as amended.

(Sec. 513(a)(3); 20 U.S.C. 1103(a)(3).)

"Other educational personnel" means administrators, supervisors, and other specialized educational personnel.

(Sec. 513(a)(1); 20 U.S.C. 1103(a)(1).)

"State" means the several States of the Union, the Commonwealth of Puerto Rico, the District of Columbia, Guam, American Samoa, the Virgin Islands, and the Trust Territory of the Pacific Islands.

(Sec. 513(c)(2); 20 U.S.C. 1103(c)(2); Sec. 1201(b); 20 U.S.C. 1141(b).)

"State educational agency." means the State board of education or other agency or officer primarily responsible for the State supervision of public elementary and secondary schools, or, if there is no such officer or agency, an officer or agency designated by the Governor or by State law.

(Sec. 1201(h); 20 U.S.C. 1141(h).)

"Teacher" means a person who has a teaching certificate valid in the State in which the Teacher Corps project is located, and who has had full-time paid teaching experience.

(Sec. 513(a)(1), 20 U.S.C. 1103(a)(1).)

"Teacher aide" means a person employed as a paraprofessional in a school or correctional facility who assists a teacher in performing educational duties. The term does not include teacher-interns or non-educational personnel. State and local rules determine whether certification is required for a teacher aide.

(Sec. 513(a)(1); 20 U.S.C. 1103(a)(1).)

"Teacher-intern" means a person recruited to serve in a Teacher Corps project who has a bachelors degree or its equivalent, with or without a teaching certificate, but who has not had full-time paid teaching experience.

(Sec. 513(a)(1); 20 U.S.C. 1103(a)(1).)

Subpart B—Elements of a Teacher Corps Project

PARTICIPANTS

§ 172.10 Joint Participants.

(a) Each project must be carried out jointly by:

(1) One or more institutions of higher education;

(2) One or more local educational agencies; and

(3) A community council established under §§ 172.14–172.16.

(b) A project may also include participation by a State educational agency. The State educational agency may participate by providing training to the Teacher Corps members.

(c) The institutions, agencies and community council which participate in a project shall collaborate in planning, carrying out, and evaluating the project.

(Sec. 513(a), (e), (g); 20 U.S.C. 1103(a), (e), (g).)

§ 172.11 Institution of higher education.

Each project must include at least one institution of higher education which offers academic course work at the graduate level leading to a graduate degree in the field of education.

(Sec. 513(a)(2), (b); 20 U.S.C. 1103(a)(2), (b).)

§ 172.12 Project schools.

(a) A project must include: (1) Two to four complete schools within a feeder system of the local educational agency (A feeder system is one or more elementary school, a junior high or intermediate school, and a senior high school, through which a student would normally progress.); or

(2) A single school of the local educational agency, if that school serves grades one through twelve.

(b) Only schools eligible for a project under Title I of the Elementary and Secondary Education Act of 1965, as amended, may be included inthe project.

(Sec. 513(a)(3), 20 U.S.C. 1103(a)(3).)

§ 172.13 Involvement of all educational school personnel in the project.

All educational personnel employed by a project school must be involved in planning and carrying out the project in that school.

(Sec. 513(a)(3); 20 U.S.C. 1103(a)(3).)

§ 172.14 Elected community council required.

(a) Each project must include an elected community council of at least seven members.

(b) The community council must be representative of:

(1) Parents of the children attending the project schools; and

(2) Other residents of the areas served by the project schools.

(Sec. 513(c)(1); 20 U.S.C. 1103(c)(1).)

§ 172.15 Use of existing council.

An existing council which meets the requirements in § 172.14 may serve as the community council under this part for up to three months after the date of the initial grant award.

(Sec. 513(c)(1), (g); 20 U.S.C. 1103(c)(1), (g).)

§ 172.16 Election of community council.

A community-wide election must be held to elect a community council for the project within the three months after the date of the initial grant award (community-wide means within the attendance boundaries of the project schools).

(Sec. 513(c)(1), (g); 20 U.S.C. 1103(c)(1), (g).)

§ 172.17 Policy board.

(a) Each project assisted under this part must be planned and operated under the supervision of a policy board which represents the grantees and the community council.

(b) The policy board must include the following members:

(1) The dean of the school of education, or other component that offers graduate training, in the institution of higher education;

(2) The superintendent or an associate superintendent (or his or her equivalent) of the local educational agency; and

(3) The chairperson of the community council.

(4) Teacher-interns; or

ticipates under § 172.10(b), a State Teacher Corps liaison.

(c) The three policy board members listed in paragraph (b) of this section may agree to add members to the board who represent:

(1) Organizations which represent teachers in the local educational agency;

(2) Organizations which represent principals in the local educational agency;

(3) Students;

(4) Teacher-interns; or

(5) Other persons or organizations which the three board members determine would be appropriate.

(d) Each policy board decides its own voting procedures.

(Sec. 513(a), (e), (g); 20 U.S.C. 1103(a), (e), (g).)

§ 172.18 Other participating institutions and agencies.

A project may include the participation of other groups, such as teacher organizations, professional associations, students, and teacher-interns.

(Sec. 513(a), (g); 20 U.S.C. 1103(a), (g).)

§ 172.19 Involvement of State educational agency personnel.

(a) The State educational agency must be kept informed of the progress and experience of the project.

(b) State educational agency personnel must be involved in all project matters which would contribute to the im-

V 42 182 SEP 20 77 UMI

provement of State teacher certification requirements.

(Sec: 512(a) (2), (3), (5); 20 U.S.C. 1103(a) (2), (3), (5).)

GRANTS

§ 172.30 Project duration.

(a) Each application must be for a five year project. The Commissioner awards separate grants for each of those five years, subject to the availability of funds and continued effectiveness of the project.

(b) The Commissioner's assistance to a project may not continue after the fifth year.

(Sec. 513(g); 20 U.S.C. 1103(g).)

§ 172.31 Size of grants.

The total amount which the Commissioner awards to the grantees under a project is limited to:

(a) $150,000 for the first year of a five year project;

(b) Approximately $300,000 for each of the second and third years; and

(c) Approximately $200,000 for the fourth year; and

(d) Approximately $100,000 for the fifth year.

(Sec. 513(g); 20 U.S.C. 1103(g).)

§ 172.32 Separate grants.

(a) If an application is selected for assistance under this part the Commissioner awards a grant to the institution of higher education and a grant to the local educational agency. If a State educational agency participates in a project under § 172.10(b), the Commissioner awards a separate grant to the State educational agency.

(b) If more than one institution of higher education, or local educational agency apply for a project, the Commissioner may award a grant to one or more of those institutions or agencies.

(Sec. 513 (a), (g); 20 U.S.C. 1103 (a), (g).)

§ 172.33 Time period before agencies or institutions may apply for a new project.

If an institution of higher education or a local educational agency participate in a project, it may not apply for a new project until five years after the end of that participation. In a case in which a local education agency is subdivided into districts, this restriction applies only to the district within the local educational agency which participates in the project.

(Sec. 513(g); 20 U.S.C. 1103(g).)

PROJECT PROGRAM

§ 172.40 Initial developmental year.

During the first year of a project:

(a) The project must be developed and organized;

(b) The community council must be elected;

(c) The team leader must be hired;

(d) The teacher-interns must be recruited; and

(e) Any revisions of the objectives adopted under §§ 172.61–172.66 must be planned and developed.

§ 172.41 Achievement of objectives during the remaining four years.

(a) During the remaining four years of a project, activities must be carried out which are designed to achieve the objectives adopted under §§ 172.61–172.66.

(b) Activities during this period must consist primarily of training.

(Sec. 513 (a)(1), (g); 20 U.S.C. 1103 (a)(1), (g).)

§ 172.43 Functions of each participant.

The applicants must agree to the functions each will perform, subject to §§ 172.43–172.45.

(Sec. 513(g); 20 U.S.C. 1103(g).)

§ 172.43 Institution of higher education functions.

An institution of higher education may perform the following functions under its grant:

(a) Recruiting, selecting, and enrolling Teacher Corps members.

(b) Training Teacher Corps members.

(c) Paying the administrative and secretarial costs of the community council.

(d) Paying the costs of project administration, including planning, documentation, evaluation, and dissemination.

(Sec. 513 (a), (e); 20 U.S.C. 1103 (a), (e).)

§ 172.44 Local educational agency functions.

A local educational agency may perform the following functions under its grant:

(a) Recruiting, selecting and enrolling Teacher Corps members.

(b) Training Teacher Corps members.

(c) Paying the compensation of Teacher Corps members.

(d) Paying the compensation for released time for educational personnel while in training, within the limitations in § 172.92.

(e) Paying the administrative and secretarial costs of the community council.

(f) Paying the costs of project administration, including planning, documentation, evaluation, and dissemination.

(Sec. 513 (a), (e); 20 U.S.C. 1103 (a), (e); Sec. 541(f); 20 U.S.C. 1104(f).)

§ 172.45 Training by institutions of higher education.

(a) Each institution of higher education which receives a grant under this part shall provide training to Teacher Corps members. This must include training designed to achieve the objectives under § 172.63(b).

(b) An institution of higher education which does not offer academic coursework beyond the bachelor's degree level may provide training for volunteers and teacher aides, if this type of training is designed to achieve the objectives adopted under § 172.63.

(Sec. 513(a)(2), (5), (b), (g); 20 U.S.C. 1103 (a)(2), (5), (b), (g).)

§ 172.46 Pre-service and in-service training.

Training under this part must include pre-service training for teacher-interns and in-service training for other educational personnel employed by the project schools.

(Sec. 513(a)(2); 20 U.S.C. 1103(a)(2))

§ 172.47 Training program for teacher-interns.

(a) The training program for a teacher-intern must be developed by the project director in consultation with the team leader and the institution of higher education which provides the training.

(b) The training must include:

(1) Practical classroom experience in each of the project schools;

(2) Academic study; and

(3) Practical experiences and training in the community served by the project.

(c) The practical classroom experience of a teacher-intern during any school day may not last more than one-half of that day.

(d) Training may also be provided in a pre-school early childhood setting if that training is consistent with the objectives adopted under §§ 172.61–172.66.

(Sec. 513 (a)(2), (g); 20 U.S.C. 1103 (a)(2), (g).)

§ 172.48 Graduate level training for teachers and teacher-interns.

All training for teachers and teacher-interns must be at the graduate level.

(Sec. 513 (a)(1), (b), (g); 20 U.S.C. 1103 (a)(1), (b), (g).)

§ 172.49 Degree and certification for teacher-interns.

Training must be designed so that a teacher-intern begins his or her internship at the beginning of the second year of the project and has the opportunity to complete the internship, and receive a degree and a teaching certification, by the end of the third year of the project.

(Sec. 513 (a)(2), (b); 20 U.S.C. 1103 (a)(2), (b).)

§ 172.50 Field and community based training.

Training of Teacher Corps members must be primarily field based and carried out in the community served by the project.

(Sec. 513(a)(2); 20 U.S.C. 1103(a)(2).)

§ 172.51 Training for volunteers.

A grantee may provide training to volunteers to prepare them for service in the project.

(Sec. 513 (a)(5), (b); 20 U.S.C. 1103 (a)(5), (b).)

§ 172.52 Plan for dissemination.

Each project must include a plan to meet the objectives developed under §§ 172.61–172.66.

(Sec. 511; 20 U.S.C. 1101; Sec. 513(g); 20 U.S.C. 1103(g).)

§ 172.53 Documentation of project experience.

(a) Each project must include documentation of all significant factors which influence project experience and results, including:

(1) The characteristics and condition of the local setting; and

(2) The usefulness of project processes, practices, and products in the project schools.

(b) The documentation under paragraph (a) of this section must be used to:

(1) Review progress in accomplishing the objectives developed under §§ 172.61–172.66; and

(2) Revise those objectives if necessary.

(Sec. 511; 20 U.S.C. 1101; Sec. 513(g); 20 U.S.C. 1103(g).)

BASIC OUTCOMES AND PROJECT OBJECTIVES

§ 172.60 Basic outcomes.

Each project must be designed to achieve the following outcomes:

(a) An improved school climate which fosters the learning of children of low-income families.

(b) An improved educational personnel development system for persons who serve or who are preparing to serve in schools for children of low-income families.

(c) The continuation of educational improvements (including products, processes, and practices) made as a result of the project, after Federal funding ends.

(d) The adoption or adaptation of those educational improvements by other educational agencies and institutions.

(Sec. 511; 20 U.S.C. 1101; Sec. 513(g); 20 U.S.C. 1103(g).)

§ 172.61 Project objectives.

Each project must include objectives which are designed to achieve the outcomes described in § 172.60.

(Sec. 511; 20 U.S.C. 1101; Sec. 513(g); 20 U.S.C. 1103(g).)

§ 172.62 Development and adoption of project objectives.

(a) Project objectives must be developed jointly by the institution of higher education, the local educational agency, and the community council.

(b) Each project objective must be adopted by the policy board.

(Sec. 513(g); 20 U.S.C 1103(g).)

§ 172.63 School objectives.

(a) Each project must include specific objectives designed to achieve the outcome under § 172.60(a) in each of the project schools. These objectives may include curriculum, organizational or other changes that affect an entire school.

(b) In addition to the objectives under paragraph (a) of this section, each project school must have objectives designed to:

(1) Improve the competency of all educational personnel employed by the project schools (and the teacher-interns) to provide education that is multicultural and to be knowledgeable of and sensitive to the needs of diverse cultures, regardless of the pupil population served by the project;

(2) Improve the competency of these educational personnel, the teacher interns, and the project schools, to deal with a wide range of variability in children; and

(3) Provide all educational personnel employed by the project schools (and the teacher-interns) with the opportunity to improve ther competency to identify children with learning and behavioral problems, diagnose the special needs of those children, and prescribe learning activities to meet those needs.

(Sec. 511(a); 20 U.S.C. 1101(a); Sec. 513(g); 20 U.S.C. 1103(g).)

§ 172.64 Educational personnel development system objectives.

Each project must include specific objectives designed to achieve the outcome under § 172.60(b), including objective to achieve:

(a) Basic and systemic improvements in the methods used by the institution of higher education and the local educational agency to train educational personnel;

(b) The development of the capacity of the institution of higher education to provide training that will achieve the objectives under § 172.63(b); and

(c) Provision of pre-service and in-service training as an integral process.

(Sec. 511(a); 20 U.S.C. 1101(a); sec. 513(g); 20 U.S.C. 1103(g).)

§ 172.65 Institutionalization objectives.

Each project must include specific objectives designed to achieve the outcome under § 172.60(c).

(Sec. 511(a); 20 U.S.C. 1101(a); sec. 513(g); 20 U.S.C. 1103(g).)

§ 172.66 Demonstration and dissemination objectives.

Each project must include specific objectives designed to achieve the outcome under § 172.60(d) by demonstrating and disseminating project processes, practices, and products found useful in the project schools to:

(a) Persons involved in the project;

(b) Schools of the local educational agency and components of the institution of higher education which are not involved in the project;

(c) Other local educational agencies, institutions of higher education, and communities; and

(d) Others interested in educational policy.

(Sec. 511(a); 20 U.S.C. 1101(a); sec. 513(g); 20 U.S.C. 1103(g).)

TEACHER CORPS MEMBERS

§ 172.80 Educational personnel, teacher-interns, and volunteers.

The following persons are Teacher Corps members:

(a) Teachers and other educational personnel who are employed by a project school;

(b) Volunteers who serve as part-time tutors of full-time instructional assistants in project schools; and

(c) Teacher-interns.

(Sec. 513(a)(1); 20 U.S.C. 1103(a)(1).)

§ 172.81 Number of teacher-interns.

(a) Each project must include at least four teacher-interns.

(b) Each project may include up to one teacher-intern for each five teachers in the project schools if the local educational agency will employ all teacher-interns who complete their internships.

(Sec. 513(f); 20 U.S.C. 1103(g).

§ 172.82 Recruiting teacher-interns.

(a) The Commissioner provides each grantee with a national listing of qualified applicants for teacher-internships.

(b) A grantee may recruit teacher-interns from the national listing of qualified applicants, but is not required to do so.

(c) A grantee must design its recruitment of teacher-interns so that it gives consideration to persons who are broadly representative of the ethnic and cultural characteristics of the community served by the project.

(d) The Commissioner publishes a notice annually in the FEDERAL REGISTER that explains how to apply for teacher-internships.

(Sec. 513(a) (1), (3); 20 U.S.C. 1103(a) (1), (3).)

§ 172.83 Teacher-intern teams.

Teacher-interns must be organized into teams that include at least four teacher-interns and one experienced teacher who serves as leader of the team. This team must spend a portion of the internship in each project school.

(Sec. 513(a)(3); 20 U.S.C. 1103(a)(3).)

§ 172.84 Teacher-interns may not replace teachers.

(a) A grantee shall not use a teacher-intern to replace, or carry out the functions of, a teacher who is or would otherwise have been employed in a project school.

(b) A teacher-intern may not be used as a substitute teacher.

(Sec. 517; 20 U.S.C. 1107.)

§ 172.85 Federal employees.

Members of the Teacher Corps are not considered Federal employees except for the purposes of the Federal tort claims provisions of Title 28 of the United States Code.

(Sec. 515 (a), (c); 20 U.S.C. 1104 (a), (c).)

§ 172.86 Other Federal student assistance programs.

Members of the Teacher Corps may not receive a loan under the National Direct Student Loan Program authorized by Title IV–E of the Higher Education Act of 1965 (20 U.S.C. 1087–aa–1087–ff), nor may they receive a grant under the Supplemental Educational Opportunity Grant Program authorized by Title IV–A–2 of the Higher Education Act of 1965 (20 U.S.C. 1070b–1070b–3).

(Sec. 515(d); 20 U.S.C. 1105(d).)

V 42 I 182 SEP 20 77 UMI

§ 172.87 Compensation of team leaders.

(a) The local educational agency shall employ each teacher-intern team leader.

(b) The local educational agency shall compensate a team leader at a rate comparable to that being paid to other personnel in the same agency who perform similar work.

(c) A local educational agency shall use funds under its grant to pay up to 90 percent of the compensation paid under paragraph (b) of this section.

(Sec. 513(a)(3); 20 U.S.C. 1103(a)(3); sec. 514(a)(1); 20 U.S.C. 1104(a)(1).)

§ 172.88 Teacher-intern compensation during their term of service with the project.

(a) The local educational agency shall compensate a teacher-intern during each period he or she serves in the project schools at a rate of $150 per week.

(b) This compensation must include an additional $15 per week for each dependent who receives more than half of his or her support from the teacher-intern.

(c) A local educational agency shall use funds under its grant to pay up to 90 percent of the compensation paid under paragraphs (a) and (b) of this section.

(Sec. 513(a)(3); 20 U.S.C. 1103(a)(3); sec. 514(a)(2); 20 U.S.C. 1104(a)(2).)

§ 172.89 Teacher-intern training stipends.

(a) The institution of higher education shall pay a training stipend at $150 per week to each teacher-intern during each period he or she receives training at that institution. The institution of higher education may not pay this stipend during the periods when the teacher-intern serves in the project schools.

(b) The training stipend must include an additional $15 per week for each dependent who receives more than one-half of his or her support from the teacher-intern.

(c) An institution of higher education shall use funds under its grant to pay up to 100 percent of the cost of the amounts paid under paragraphs (a) and (b) of this section.

(Sec. 514(b); 20 U.S.C. 1104(b).)

§ 172.90 Teacher-intern and team leader medical insurance.

(a) The grantees shal provide teacher-interns and team leaders with medical insurance coverage (including hospitalization) during their participation in a project.

(b) Dependents who receive more than one half of their support from a teacher-intern must be included in the coverage provided under paragraph (a) of this section.

(c) A grantee which provides medical insurance coverage under paragraphs (a) and (b) of this section shall use funds under its grant to pay up to 100 percent of the cost of that coverage.

(Sec. 514 (d), (e); 20 U.S.C. 1104 (d), (e).)

§ 172.91 Training stipends for teachers and other educational personnel.

(a) The institution of higher education or local educational agency shall pay a training stipend to each of the teachers and other educational personnel employed by a project school who participate in training under this part during a period of the year (if any) not covered by a local employment contract.

(b) The training stipend must be at a rate of $100 per individual per week, prorated if the training is part-time.

(c) A local educational agency shall use funds under its grant to pay up to 100 percent of the cost of stipends paid under paragraphs (a) and (b) of this section.

(Sec. 514(b); 20 U.S.C. 1104(b).)

§ 172.92 Released time for educational personnel.

(a) If authorized by the Commissioner, the local educational agency may use funds under its grant to pay the cost of releasing educational personnel from their regular duties in a project school to participate in training under this part.

(b) The Commissioner may authorize a local educational agency to use funds under paragraph (a) of this section if the local educational agency demonstrates in its application that the project is or will be placed in jeopardy by the lack of compensation for released time.

(Sec. 514(f); 20 U.S.C. 1104(f).)

§ 172.93 Compensation of volunteers.

(a) Volunteers who serve as part-time tutors or full-time instructional aides in project schools are paid or unpaid, according to local policy.

(b) If volunteers are paid, they must be compensated at a rate equal to that being paid other volunteers for similar work.

(c) A grantee which pays any compensation under paragraph (b) of this section shall use funds under its grant to pay up to 90 percent of that compensation.

(Sec. 513(a)(5); 20 U.S.C. 1103(a)(5); sec. 514(a)(3); 20 U.S.C. 1104(a)(3).)

§ 172.94 Travel expenses of Teacher Corps members.

(a) The grantees shall pay, subject to paragraph (b) of this section:

(1) The necessary travel expenses of Teacher Corps members and their dependents;

(2) The necessary expenses of the transportation of the household goods and personal effects of Teacher Corps members and their dependents; and

(3) Other necessary expenses of Teacher Corps members and their dependents which are directly related to their service in the project, including readjustment allowances proportionate to that service.

(b) A teacher-intern, whose last permanent address before coming to a project is outside the community served by the project, shall be paid:

(1) By the institution of higher education for his or her necessary travel expenses to the project (by the lease expensive common carrier or by private automobile subject to any institutional rules on reimbursement for mileage); and

(2) By the local educational agency for:

(i) The necessary travel expenses of teacher-intern dependents to the project (by the least expensive common carrier or by private automobile subject to any agency limits on reimbursement for mileage); and

(ii) The necessary expenses of shipment of up to 11,000 pounds of household goods and personal effect owed by the teacher-intern or his or her dependents to the project.

(Sec. 514(c); 20 U.S.C. 1104(c).)

Subpart C—Youth Advocacy Projects

§ 172.100 Purpose and project design.

(a) *Purpose.* Under this subpart, the Commissioner provides assistance to projects designed to attract and train educational personnel who provide remedial, basic, and secondary educational training (including literacy and communication skill training) to juvenile delinquents or youth offenders.

(b) *Project design.* A youth advocacy project must be designed to meet the special educational needs of juvenile delinquents, or youth offenders.

(Sec. 513(a)(6); 20 U.S.C. 1103(a)(6).)

§ 172.101 Other regulations in this part apply to youth advocacy projects.

Subject to the regulations in this subpart, all of the regulations in this part apply to youth advocacy projects.

(Secs. 551 et seq; 20 U.S.C. 1103 et seq.)

§ 172.102 Youth advocacy project joint participation.

(a) Section 172.10 does not apply to youth advocacy projects.

(b) Each project assisted under the subpart must be carried out jointly by:

(1) One or more institutions of higher education;

(2) One or more local educational agencies;

(3) A community council established under § 172.104; and

(4) One or more of the following correctional facilities:

(i) A detention center;

(ii) An incarceratory institution;

(iii) A public or private non-profit alternative school for delinquent youth; or

(iv) A special center, within a public school, which serves the special needs of juvenile delinquents or youth offenders, or both.

(c) The correctional facility must participate equally under each section of the regulations in this part that require joint participation or collaboration.

(Sec. 513(a)(6)(e); 20 U.S.C. 1103 (a)(6), (e).)

§ 172.103 Project schools.

(a) Section 172.12 does not apply to youth advocacy projects.

(b) A youth advocacy project must include one or more junior high schools or senior high schools, or both, of the local educational agency.

(c) A youth advocacy project may include one or more schools of the correctional facility.

(Sec. 513(a)(6); 20 U.S.C. 1103(a)(6).)

§ 172.104 Youth advocacy project community council.

(a) Each youth advocacy project must include an elected community council of at least seven members.

(b) The community council must be representative of:

(1) The parents of the juvenile delinquents or youth offenders participating in the project; and

(2) The residents of the areas served by the project schools.

(Sec. 513 (e)(1), (g); 20 U.S.C. 1103 (e)(1), (g).)

§ 172.105 Policy board.

The policy board under § 172.17 must include as a member the director of the correctional facility (or his or her equivalent).

(Sec. 513(a)(6); 20 U.S.C. 1103(a)(6).)

§ 172.106 Youth advocacy projects—separate grants.

(a) If an application is selected for assistance under this subpart, the Commissioner awards a grant to the institution of higher education, a grant to the local educational agency, and a grant to the correctional facility.

(b) If the application includes more than one institution of higher education, local educational or correctional facility, the Commissioner may award grants to one or more of those institutions, agencies, or facilities.

(Sec. 513(a)(6); 20 U.S.C. 1103 (a)(6).)

§ 172.107 Time period before correctional facility may apply for a new project.

If a correctional facility participates in a project, it may not apply for a new project until five years after the end of that participation.

(Sec. 513(a)(6); 20 U.S.C. 1103(a)(6).)

§ 172.108 Correctional facility functions.

A correctional facility may perform the following functions under its grant:

(a) Recruiting, selecting, and enrolling Teacher Corps members.

(b) Training Teacher Corps members.

(c) Paying the compensation of Teacher Corps members.

(d) Paying compensation for released time for educational personnel while in training, within the limitations in § 172.92.

(e) Paying the administrative and secretarial costs of the community council.

(f) Project administration, including planning, documentation, evaluation, and dissemination.

(Sec. 513(a)(6); 20 U.S.C. 1102(a)(6).)

§ 172.109 Youth Advocacy teacher-intern training.

In addition to the training required under § 172.47, a youth advocacy project must include teacher-intern training in a correctional facility where youth are:

(a) Incarcerated; or

(b) Having problems adjusting to traditional educational programs; or

(c) Preparing to return to the school-community environment.

(Sec. 513(a)(6); 20 U.S.C. 1103(a)(6).)

Subpart D—Project Administration

§ 172.110 Management Plan.

(a) Each project must have a management plan for all five project years, which includes:

(1) A description of the activities to be carried out;

(2) A description of the sequence and timing of the activities;

(3) The assignment of responsibilities;

(4) A description of the resources to be devoted to each activity;

(5) A detailed budget for following year, beginning with the initial project year;

(6) A budget for subsequent project years in outline form; and

(7) An analysis of how the activities contribute to achieving each of the four categories of objectives developed under §§ 172.61–172.66.

(b) The management plan must be revised at least annually.

(c) The management plan must show in detail how it contributes to meeting each of the objectives developed under §§ 172.63–172.66.

§ 172.111 Project director.

(a) Each project must have a project director.

(b) A temporary project director must be appointed at the beginning of the initial project year.

(c) A permanent project director must be appointed before the end of the initial project year.

(Sec. 513(g); 20 U.S.C. 1103(g).)

§ 172.112 Compensation of project director and staff.

(a) The project director and other project administrative staff are not Teacher Corps members and must be employed by a grantee.

(b) A grantee may use funds under its grant to pay the salaries of the project director and project staff.

(Sec. 513(a); 20 U.S.C. 1103(a).)

§ 172.113 Employment of project administrative staff.

(a) The project administrative staff must be hired from the grantees' regular employees whenever possible.

(b) A grantee must design its hiring of project administrative staff so that it gives consideration to persons who are broadly representative of the ethnic and cultural characteristics of the community served by the project.

(Sec. 513(g); 20 U.S.C. 1103(g).)

§ 172.114 Supervision of Teacher Corps members.

(a) Teacher Corps members are under the direct supervision of the local educational agency to which they are assigned.

(b) Subject to the requirements in §§ 172.81–172.84, the local educational agency retains the authority to:

(1) Assign Teacher Corps members within its system;

(2) Transfer Teacher Corps members within its system;

(3) Determine the terms and continuance of the assignment of Teacher Corps members within its system.

(Sec. 516; 20 U.S.C. 1106.)

§ 172.115 Services provided by the Commissioner.

The Commissioner provides planning, technical assistance, monitoring, documenting, dissemination, and evaluation services for projects under this part.

(Sec. 513(a)(7); 20 U.S.C. 1103(a)(7).

Subpart E—Applications

§ 172.120 Length of application.

(a) An application for the initial project year may not be more than 100 double-spaced typewritten pages, including appendices.

(b) An application for continuation of funding after the initial project year is not subject to the limitation on length in paragraph (a) of this section.

(Sec. 513(g); 20 U.S.C. 1103(g))

§ 172.121 Jointly signed application.

An application must be signed by: (a) The president or other authorized official of each institution of higher education;

(b) The superintendent or other authorized official of each local educational agency;

(c) The chairperson of the community council; and

(d) If a State educational agency participates under § 172.10(b), the Chief State School Officers; and

(e) In the case of an application for a youth advocacy project, the authorized official of each correctional facility.

(Sec. 513(g); 20 U.S.C. 1103(g))

§ 172.122 Policy board.

An application must include a description of the members, method of selection, and operating procedures of the policy board.

(Sec. 513(g); 20 U.S.C. 1103(g))

§ 172.123 Institution of higher education.

(a) An application must include a description of each institution of higher education, including:

(1) Its degree offerings in education; and

(2) Its pre-service and in-service graduate training program.

(b) An application must also include a description of past and current efforts by the institution of higher education to improve its educational personnel training and retraining programs, and the way those efforts relate to the project.

V 42 182 SEP 20 77 UMI

(Sec. 511(a); 20 U.S.C. 1101(a); Sec. 513(b); 20 U.S.C. 1103(b).)

§ 172.124 Project schools.

An application must include: (a) A brief description of each project school, including the size of the educational staff and the relationships among the schools in the feeder system;

(b) A description of past and current efforts to improve each project school, and the way those efforts relate to the project;

(c) A statement that each project school meets the low-income criterion in § 172.13;

(d) A statement that all educational personnel employed by the project schools will be involved in planning and carrying out the project in that school; and

(e) If the project includes more than four teacher-interns, an assurance that the local educational agency will employ all of the teacher-interns who complete their internships.

(Sec. 511(a); 20 U.S.C 1101(a); Sec 513(a)(3); 20 US.C. 1103(a)(3).)

§ 172.125 Community council.

An application must include:

A description of the temporary community council, including:

(1) The purpose for which the council was originally established;

(2) The boundaries and composition of the community represented by the council;

(3) The terms of the council members;

(4) The date and methods of election of the council members; and

(5) The number of council members.

(b) A description of the permanent community council, including:

(1) The boundaries and composition of the community represented by the council;

(2) The number of council members;

(3) The terms of the council members;

(4) The date and method of election of the council members; and

(5) The activities to be carried out by the council.

(c) An assurance that the community council participates with the other applicants in planning, carrying out, and evaluating the project.

(Sec. 513(e); 20 U.S.C. 1103(e).)

§ 172.126 Correctional facility.

An application for a youth advocacy project must include a description of each correctional facility.

(Sec. 513(e); 20 U.S.C. 1103(e).)

§ 172.127 Project objectives.

An application must include a description of each project objective developed and adopted under §§ 172.61–172.66, including the basis for each objective in research, theory, or practical experience.

(Sec. 511(a); 20 U.S.C. 1101(a); Sec. 513(a); 20 U.S.C. 1103(g).)

§ 172.128 Management and staffing plans.

An application must include: (a) The management plan required under § 172.110; and

(b) A staffing plan.

(Sec. 513(g); 20 U.S.C. 1103(g).)

§ 172.129 Compensation.

An application must describe the stipends and compensation (including insurance and travel expenses) which will be paid to: (a) Teacher-interns; (b) Teachers; (c) Volunteers; (d) Other educational personnel; (e) Project staff; and (f) The project director.

(Sec. 514; 20 U.S.C. 1104.)

§ 172.130 Released time.

A local educational agency which wishes to use grant funds under § 172.92 must demonstrate in the application that the project is or will be placed in jeopardy by the lack of compensation for released time.

(Sec. 514(f); 20 U.S.C. 1104(f).)

§ 172.131 Training; community council expenses.

An application must describe the amount and proposed use of funds requested for:

(a) Training Teacher Corps members; and

(b) Secretarial and administrative expenses of the community council.

(Sec. 513(a)(2), (5), (b), (c)(3); 20 U.S.C. 1103(a)(2), (5), (b), (c)(3).)

§ 172.132 Project activities.

An application must include a description of: (a) The teacher-intern recruitment methods;

(b) The organization of each teacher-intern team in each project school.

(c) The training program for teacher-interns;

(d) The training program for volunteers, teachers, and other educational personnel;

(e) The project plans and methods for achieving each of the objectives developed under §§ 172.51–172.66; and

(f) Project evaluation to date.

(Sec. 513; 20 U.S.C. 1103.)

§ 172.133 Youth advocacy projects.

In addition to the other requirements in this subpart, an application for a youth advocacy project must describe:

(a) The persons receiving training in the project in remedial, basic, and secondary education;

(b) The special educational needs of the persons described under paragraph (a) of this section;

(c) How the project is designed to:

(1) Meet the needs of those persons; and

(2) Attract and train educational personnel who provide educational training to juvenile delinquents or youth offenders.

(Sec. 513(a)(6); 20 U.S.C. 1103(a)(6).)

§ 172.134 Information responding to evaluation criteria.

An application must include information which provides a basis for evaluating it under each of the criteria in Subpart F.

(Sec. 513(g); 20 U.S.C. 1103(g).)

§ 172.135 Approval of applications by the State educational agency.

(a) The Commissioner may not approve an application submitted under this part unless the State educational agency of the State in which the project is located has approved the application.

(b) The approval by the State educational agency must be:

(1) In writing and signed by the chief State school officer; and

(2) Attached to the application before the application is submitted to the Commissioner.

(c) The State educational agency shall approve an application that is:

(1) In conformance with all applicable State laws, rules, and regulations; and

(2) Consistent with overall plans for teacher education in that State.

(Sec. 512(a)(2), (3), (5); 20 U.S.C. 1103(a)(2), (3), (5).)

§ 172.136 Continuation grant application.

In addition to meeting all of the other requirements of this subpart, an application for a continuation grant must include a description of:

(a) Planning done during the initial project year;

(b) Project experience to date; and

(c) Any revisions of or additions to the project objectives.

(Sec. 512(a)(2), (3), (5); 20 U.S.C. 1103(a) 20 U.S.C. 1103(g).)

§ 172.137 Annual publication of application submission date.

The Commissioner publishes the date and place to submit project applications annually in the FEDERAL REGISTER.

(Sec. 513(g); 20 U.S.C. 1103(g).)

Subpart I—Evaluation Criteria

§ 172.150 Evaluation procedure.

(a) Applications for grants under this part are evaluated by the Commissioner on the basis of the criteria in this subpart.

(b) Each application for initial project funding is evaluated in competition with all other applications for initial project funding.

(c) Each application for a continuation grant is evaluated noncompetitively based on the effectiveness of the project and the availability of appropriations.

(d) The evaluation of applications for initial project funding is based on a point system. Each criterion is weighted as indicated. The highest possible score under these criteria is 100 points.

(Sec. 513(g); 20 U.S.C. 1103(g).)

§ 172.151 School learning climate criterion (25 points).

In evaluating an application the Commissioner considers the extent to which:

(a) The objectives developed under § 172.63 are likely to achieve the outcomes in § 172.60(a) (8 points);

(b) The project activities are likely to accomplish the objectives developed under § 172.63 (9 points); and

(c) The management plan for accomplishing the objectives developed under § 172.63 is realistic and economical (8 points).

(Sec. 513(g); 20 U.S.C. 1103(g).)

§ 172.152 Educational personnel development system criterion (36 points).

In evaluating an application, the Commissioner considers the extent to which:

(a) The objectives developed under § 172.64 are likely to achieve the outcome in § 172.60(b) (9 points);

(b) The project training activities are likely to accomplish the objectives developed under § 172.63(b) (9 points);

(c) The project activities are likely to accomplish the objectives developed under § 172.64 (9 points); and

(d) The management plan for accomplishing the objectives developed under § 172.64 is realistic and economical (9 points).

(Sec. 513(g); 20 U.S.C. 1103(g).)

§ 172.153 Institutionalization criterion (21 points).

In evaluating an application, the Commissioner considers the extent to which:

(a) The objectives developed under § 172.65 are likely to achieve the outcome in § 172.60(c) (7 points);

(b) The project activities are likely to accomplish the objectives developed under § 172.65 (8 points); and

(c) The management plan for accomplishing the objectives developed under § 172.65 is realistic and economical (6 points).

(Sec. 513(g); 20 U.S.C. 1103(g).)

§ 172.154 Adaptation criterion (18 points).

In evaluating an application, the Commissioner considers the extent to which:

(a) The objectives developed under § 172.66 are likely to achieve the outcome in § 172.60(d) (6 points);

(b) The project activities are likely to accomplish the objectives developed under § 172.66 (6 points); and

(c) The management plan for achieving the objectives developed under § 172.66 is realistic and economical (6 points).

(Sec. 513(g); 20 U.S.C. 1103(g).)

§ 172.155 Geographical allocation of Teacher Corps members.

The Commissioner allocates Teacher Corps members as follows:

(a) Not more than five percent of the Teacher Corps members are allocated to Puerto Rico, the Virgin Islands, Guam, American Samoa, and the Trust Territory of the Pacific Islands.

(b) Not more than five percent of the Teacher Corps members are allocated to the elementary and secondary schools operated for Indian children by the Department of the Interior.

(c)(1) The remainder of Teacher Corps members are allocated among the States (excluding the areas included under paragraph (a) of this section).

(2) The number of Teacher Corps members available to any State must have the same ratio to the total number of Teacher Corps members being allocated, as the number of children enrolled in the public and private elementary and secondary schools of that State have to the total number of children so enrolled in all States (excluding areas included under paragraph (a) of this section).

(Sec. 513(c); 20 U.S.C. 1103(b).)

APPENDIX—PART A OF TITLE V OF THE HIGHER EDUCATION ACT OF 1965, AS AMENDED—TEACHER CORPS PROGRAM STATEMENT OF PURPOSE AND AUTHORIZATION OF APPROPRIATIONS

SEC. 511. (a) The purpose of this part is to strengthen the educational opportunities available to children in areas having concentrations of low-income families and to encourage colleges and universities to broaden their programs of teacher preparation and to encodrage institutions of higher education and local educational agencies to improve programs of training and retraining for teachers, teacher aides, and other educational personnel by—

(1) Attracting and training qualified teachers who will be made available to local educational agencies for teaching in such areas;

(2) Attracting and training inexperienced teacher-interns who will be made available for teaching and in-service training to local educational agencies in such areas in teams led by an experienced teacher;

(3) Attracting volunteers to serve as part-time tutors or full-time instructional assistants in programs carried out by local educational agencies and institutions of higher education serving such areas;

(4) Attracting and training educational personnel to provide relevant remedial, basic, and secondary educational training, including literacy and communications skills, for juvenile delinquents, youth offenders, and adult criminal offenders;

(5) Supporting demonstration projects for retraining experienced teachers, teacher aides, and other educational personnel serving in local educational agencies.

(b) For the purpose of carrying out the provisions of this part there are authorized to be appropriated $50,000,000 for the fiscal year 1977, $75,000,000 for the fiscal year 1978, and $100,000,000 for the fiscal year 1979.

ESTABLISHMENT OF TEACHER CORPS

SEC. 512. In order to carry out the purposes of this part, there is hereby established in the Office of Education a Teacher Corps. The Teacher Corps shall be headed by a Director who shall be compensated at the rate prescribed for grade 17 of the General Schedule of the Classification Act of 1949, and a Deputy Director who shall be compensated at the rate prescribed for grade 16 of such General Schedule. The Director and the Deputy Director shall perform such duties as are delegated to them by the Commissioner; except that (1) the Commissioner may delegate his functions under this part only to the Director, and (2) the Director and Deputy Director shall not be given any function authorized by law other than that granted by this part.

TEACHER CORPS PROGRAM

SEC. 513. (a) For the purpose of carrying out this part, the Commissioner is authorized to—

(1) Enter into contracts or other arrangements with institutions of higher education or local educational agencies under which they will recruit, select, and enroll in the Teacher Corps for periods of up to five years, experienced teachers, teacher aides, and other educational personnel, persons who have a bachelor's degree or its equivalent, and persons who have successfully completed two years of a program for which credit is given toward a baccalaureate degree and, for such periods as the Commissioner may prescribe by regulation, persons who volunteer to serve as part-time tutors or full-time instructional assistants;

(2) Enter into arrangements, through grants or contracts, with institutions of higher education or local educational agencies (upon approval in either case by the appropriate State educational agency) or with State educational agencies to provide members of the Teacher Corps with such training as the Commissioner may deem appropriate to carry out the purpose of this part, including not more than three months of training for members before they undertake their teaching duties under this part;

(3) Enter into arrangements (including the payment of the cost of such arrangements) with local educational agencies upon approval by the appropriate State educational agency and, after consultation in appropriate cases with institutions of higher education, to furnish to local educational agencies, for service during regular or summer sessions, or both, in the schools of such agencies in areas having concentrations of children from low-income families, Teacher Corps programs each of which shall include teacher-interns teams lead by experienced teachers, and may include additional experienced teachers, teacher aides, and other educational personnel, who may be afforded time by the local educational agency for a training program carried out in cooperation with an institution of higher education;

(4) Pay to local educational agencies such part of the amount of the compensation which such agencies pay to or on behalf of members of the Teacher Corps assigned to them pursuant to arrangements made pursuant to the preceding clause as may be agreed upon after consideration of their ability to pay such compensation, but not in excess of 90 per centum thereof, except that, in exceptional cases, the Commissioner may provide more than 90 per centum of such compensation during the first year of any agency's participation in the program;

(5) Enter into contracts or other arrangements with local educational agencies or institutions of higher education, upon approval by the appropriate State educational agency, under which provisions (including payment of the cost of such arrangements) will be made (A) to carry out programs serving disadvantaged areas in which volunteers (including high school and college students) serve as part-time tutors or full-time instructional assistants in teams with other Teacher Corps members, under the guidance of experienced teachers, but not in excess of 90 per centum of the cost of compensation for such tutors and instructional assistants may be paid from federal funds, and (B) to provide appropriate training to prepare tutors and instructional assistants for service in such programs;

UMI
V 42 I 182
SEP 2077
UMI

(6) Enter into arrangements, through grants or contracts, with State and local educational agencies, and with institutions of higher education, and such other agencies or institutions approved by the Commissioner according to criteria which shall be established by him to carry out the purposes of this paragraph, under which provisions (including payments of the cost of such arrangements) will be made to furnish to such agencies members of the Teacher Corps to carry out projects designed to meet the special educational needs of juvenile delinquents, youth offenders, and adult criminal offenders, and persons who have been determined by a State or local educational agency, court of law, law enforcement agency or any other State or local public agency to be predelinquent juveniles, but not in excess of 90 per centum of the cost of compensation for Teacher Corps members serving in such projects may be paid from Federal funds;

(7) (A) Make available technical assistance to State and local educational agencies and institutions of higher education for carrying out arrangements entered into under this title; and

(B) Provide planning, technical assistance, monitoring, documenting, dissemination, and evaluation services for arrangements made under this title;

(8) Acquaint qualified persons of teaching opportunities and needs in disadvantaged areas and encourage qualified persons to apply to appropriate educational agencies or institutions for enrollment in the Teacher Corps; and

(9) Accept and employ in the furtherance of the purposes of this subpart (A) voluntary and uncompensated services notwithstanding the provisions of section 3679(b) of the Revised Statutes, as amended (31 U.S.C. 665(b)), and (B) any money or property (real, personal, or mixed, tangible or intangible) received by gift, device [sic,] bequest, or otherwise.

(b) Arrangements with institutions of higher education to provide training for Teacher Corps members while serving in schools for local education agencies under the provisions of this part shall provide, wherever possible, for training leading to an appropriate degree.

(c) (1) Whenever the Commissioner determines that the demand for the services of members of the Teacher Corps exceeds the number available, he shall, to the extent practicable, allocate the number of members of the Teacher Corps who are available among the States in accordance with paragraph (2).

(2) Not to exceed 5 per centum of the number of members of the Teacher Corps who are available shall be allocated to Puerto Rico, the Virgin Islands, Guam, American Samoa, and the Trust Territory of the Pacific Islands and not to exceed 5 per centum of such members shall be allocated to the elementary and secondary schools operated for Indian children by the Department of Interior, according to their respective needs. The remainder of such number of Teacher Corps members shall be allocated among the States so that the number of members available to any State shall bear the same ratio to the number being allocated as the number of children enrolled in the public and private elementary and secondary schools of that State bears to the total number of children so enrolled in all of the States. The number of children so enrolled shall be determined by the Commissioner on the basis of the most recent satisfactory data available to him. For purposes of this subsection, the term "State" shall not include Puerto Rico, the Virgin Islands, Guam, American Samoa, or the Trust Territory of the Pacific Islands.

(3) If the Commissioner determines that a State will not require the number of Teacher Corps members allocated to it under paragraph (2), he shall, from time to time, reallot the number not required, on such dates as he may fix, to other States in proportion to the original allocation to such States under paragraph (2), but with such proportionate number for any of such other States being reduced to the extent it exceeds the number the Commissioner determines such State needs and will be able to use for such year; and the total of such reductions shall be similarly reallocated among the States whose proportionate numbers were not so reduced.

(d) A local educational agency may utilize members of the Teacher Corps assigned to it in providing, in the manner described in section 205(a)(2) of Pub. L. 874, Eighty-first Congress, as amended, educational services in which children enrolled in private elementary and secondary schools can participate.

(e)(1) No arrangement may be entered into under the provisions of paragraph (1), (2), (3), (5), or (6) of subsection (a) of this section unless that arrangement is prepared with the participation of an elected council which shall be representative of the community in which the project subject to that arrangement is located and of the parents of the students of the elementary or secondary schools or both, to be served by such project.

(2) Each council selected pursuant to this subsection shall participate with the local educational agency or institution of higher education, or both, in the planning, carrying out, and evaluation of projects subject to arrangements under paragraphs (1), (2), (3), (5), and (6) of subsection (a) of this section.

(3) The Commissioner is authorized in each fiscal year to arrange for the payment of necessary secretarial and administration expenses of each council elected pursuant to the provisions of this subsection for the purposes of carrying out its functions under this subsection.

(f) The Commissioner shall establish procedures seeking, with respect to the Teacher Corps members enrolled after the date of enactment of the Education Amendments of 1976, [a] goal of having approximately five individuals who are at the time of enrollment, or who previously have been, employed as teachers by local educational agencies to one individual who has not been so employed. The Commissioner may waive the procedure established under this subsection if he makes a determination that there are insufficient qualified applicants to maintain the goal sought by this subsection, or that there are insufficient employment opportunities for individuals who are not so employed, and submits a report to the Congress of such a determination.

(g) Notwithstanding any other provision of law, the Commissioner shall develop and establish specific criteria for entering into arrangements under this part in order to assist applicants for assistance under this part to develop proposals to be submitted. Criteria established under this subsection shall be used by the Commissioner in selecting proposals under this title.

COMPENSATION

SEC. 514. (a) An arrangement made with a local educational agency pursuant to paragraph (3) of section 513 (a) or arrangement with a local educational agency or institution of higher education pursuant to paragraph (5) of section 513(a), or an arrangement with any agency pursuant to paragraph (6) of section 513(a), shall provide for compensation by such agency of Teacher Corps member during the period of their assignment to it at the following rates:

(1) An experienced teacher who is leading a teaching team shall be compensated at a rate agreed to by such agency and the Commissioner.

(2) A teacher intern shall be compensated at such rates as the Commissioner may determine to be consistent with the nature of the program and with prevailing practices under comparable federally supported work-study programs.

(b) For any period of training under this part the Commissioner shall pay to members of the Teacher Corps such stipends (including allowances for subsistence and other expenses for such members and their dependents) as he may determine to be consistent with prevailing practices under comparable federally supported training programs.

(c) The Commissioner shall pay the necessary travel expenses of members of the Teacher Corps and their dependents and necessary expenses for the transportation of the household goods and personnel effects of such members and their dependents, and such other necessary expenses of such members as are directly related to their services in the Corps, including readjustment allowances proportionate to service.

(d) The Commissioner is authorized to make such arrangements as may be possible, including the payment of any costs incident thereto, to protect the tenure, retirement rights, participation in a medical insurance program, and such other similar employee benefits as the Commissioner deems appropriate, of a member of the Teacher Corps who participates in any program under this part and who indicates his intention to return to the local educational agency or institution of higher education by which he was employed immediately prior to his service under this part.

(e) The Commissioner is authorized to provide medical (including hospitalization) insurance for members of the Teacher Corps who do not otherwise obtain such insurance coverage either under an arrangement made pursuant to subsection (d) of this section or as an incident of an arrangement between the Commissioner and an institution or a State or local educational agency pursuant to section 513.

(f) The Commissioner is authorized to compensate local educational agencies for released time for educational personnel of the agency who are being trained in Teacher Corps projects assisted under this title.

APPLICATION OF PROVISIONS OF FEDERAL LAW

SEC. 515. (a) Except as otherwise specifically provided in this section, a member of the Teacher Corps shall be deemed not to be a Federal employee and shall not be subject to the provisions of laws relating to Federal employment, including those relating to hours of work, rates of compensation, leave, unemployment compensation, and Federal employee benefits.

NOTE.—Subsection (b) was repealed by Pub. L. 90-83.

(c) Such members shall be deemed to be employees of the Government for the purposes of the Federal tort claims provisions of title 28, United States Code.

(d) Members of the Teacher Corps shall not be eligible to receive payment of a student loan under title II of the National Defense Education Act of 1958 or of an educational opportunity grant under title IV of this Act.

LOCAL CONTROL PRESERVED

SEC. 516. Members of the Teacher Corps shall be under the direct supervision of the appropriate officials of the local educational agencies to which they are assigned. Except as otherwise provided in clause (3) of section 513(a), such agencies shall retain the authority to—

(1) Assign such members within their systems;

(2) Make transfers within their systems;

(3) Determine the subject matter to be taught;

(4) Determine the terms and continuance of the assignment of such members within their systems.

MAINTENANCE OF EFFORT

SEC. 517. No member of the Teacher Corps shall be furnished to any local educational agency under the provisions of this part if such agency will use such member to replace any teacher who is or would otherwise be employed by such agency.

TEACHING CHILDREN OF MIGRATORY AGRICULTURE WORKERS

SEC. 517A. For purposes of this part the term "local educational agency" includes any State educational agency or other public or private nonprofit agency which provides a program or project designed to meet the special educational needs of migratory children of migratory agricultural workers, and any reference in this part to (1) teaching in the schools of a local educational agency includes teaching in any such program or project and (2) "migratory children of migratory agricultural workers" shall be deemed to continue to refer to such children for a period, not in excess of five years, during which they reside in the area served by the local educational agency.

FEDERAL COMMUNICATIONS COMMISSION

[47 CFR Part 68]

[Docket No. 19538]

INTERSTATE AND FOREIGN MESSAGE TOLL TELEPHONE SERVICE (MTS) AND WIDE AREA TELEPHONE SERVICE (WATS)

Opinion and Order Extending Time for Filing Reply Comments

AGENCY: Federal Communications Commission.

ACTION: Extension of time.

SUMMARY: An eight day extension of time for the filing of reply comments on the issues of the July 20, 1977 Supplemental Notice of Proposed Rulemaking in Docket No. 19528 (concerning PBX and key telephone systems) (42 FR 38195, July 27, 1977) is granted on motion of Continental Telephone Corporation.

DATE: Reply comments must be received on or before September 23, 1977.

ADDRESS: Federal Communications Commission, Washington, D.C. 20554.

FOR FURTHER INFORMATION CONTACT:

Michael S. Slomin, Policy and Rules Division, Common Carrier Bureau, (202-632-9342).

OPINION AND ORDER

Adopted: September 12, 1977.

Released: September 13, 1977.

In the matter of proposals for new or revised classes of Interstate and Foreign Message Toll Telephone Service (MTS) and Wide Area Telephone Service (WATS), Docket No. 19528.[1]

1. We have before us a motion for extension of time for the filing of reply comments on the issues designated in our June 20, 1977 Supplemental Notice of Proposed Rulemaking in this proceeding, FCC 77-395. By a September 7, 1977 filing, Continental Telephone Corporation is seeking an eight day extension of time and argues that such additional time is required to ensure adequate analysis of the various and complex comments which previously were filed herein on August 15, 1977.

2. While extensions of time are not routinely granted,[2] we note that no party would be prejudiced by a grant of this short extension as this is the final round of comments to be filed on the issues of the Supplemental Notice. The public interest would best be served by the preparation of adequate comments by Continental, and accordingly the requested extension will be granted. Therefore, pursuant to authority delegated under §0.303 of the Commission's rules[3]: *It is hereby ordered*, That reply comments may be filed on the issues delineated in paragraphs 41 and 44 of the Supplemental Notice of Proposed Rulemaking released June 20, 1977, FCC 77-395, on or before September 23, 1977.

PHILIP V. PERMUT,
Acting Deputy Chief,
Common Carrier Bureau.

Agricultural Marketing Service

SHIPPERS ADVISORY COMMITTEE

Public Meetings

Pursuant to the provisions of § 10(a)(2) of the Federal Advisory Committee Act (86 Stat. 770), notice is hereby given of meetings of the Shippers Advisory Committee established under Marketing Order No. 905 (7 CFR Part 905). This order regulates the handling of oranges, grapefruit, tangerines, and tangelos grown in Florida and is effective pursuant to the provisions of the Agricultural Marketing Agreement Act of 1937, as amended (7 U.S.C. 601–674.) The committee will meet in the A. B. Michael Auditorium of the Florida Citrus Mutual Building, 302 South Massachusetts Avenue, Lakeland, Florida, at 10:30 am. on October 18 and 25, 1977.

The meetings will be open to the public and a brief period will be set aside for public comments and questions. The agenda of the committee includes analysis of current information concerning market supply and demand factors, and consideration of recommendations for regulation of shipments of the named fruits.

The names of committee members, agenda, summary of the meetings and other information pertaining to the meetings may be obtained from Frank D. Trovillion, Manager, Growers Administrative Committee, P.O. Box R, Lakeland, Florida 33802; telephone 813–682–3103.

Dated: September 14, 1977.

WILLIAM T. MANLEY,
Deputy Administrator, Program Operations.

Forest Service

DESCHUTES NATIONAL FOREST LAND MANAGEMENT PLAN

Availability of Draft Environmental Statement

Pursuant to Section 102(2)(C) of the National Environmental Policy Act of 1969, the Forest Service, Department of Agriculture, has prepared a draft environmental statement for the Deschutes National Forest Land Management Plan USDA–FS–R6–DES(Adm)–77–16.

The environmental statement concerns a proposed comprehensive Land Management Plan for the Deschutes National Forest.

The draft environmental statement was transmitted to CEQ on September 12, 1977.

Copies are available for inspection during regular working hours at the following locations:

USDA, Forest Service, South Agriculture Bldg., Room 3210, 12th Street & Independence Ave., SW. Washington D.C. 20013.
USDA, Forest Service, Pacific Northwest Region, 319 S.W. Pine St., Portland, Oregon 97204.
USDA, Forest Service, Deschutes National Forest, 211 N.E. Revere St., Bend, Oregon 97701.
USDA, Forest Service, Deschutes National Forest, Sisters Ranger District, Sisters, Oregon 97759.
USDA, Forest Service, Deschutes National Forest, Crescent Ranger District, Crescent, Oregon 97733.

A limited number of single copies are available upon request to Earl E. Nichols, Forest Supervisor, Deschutes National Forest, 211 N.E. Revere Street, Bend, Oregon 97701.

Copies of the environmental statement have been sent to various Federal, State, and local agencies as outlined in the CEQ guidelines.

Comments are invited from the public, and from State and local agencies which are authorized to develop and enforce environmental standards, and from Federal agencies having jurisdiction by law or special expertise with respect to any environmental impact involved for which comments have not been requested specifically.

Comments concerning the proposed action and requests for additional information should be addressed to Earl E. Nichols, Forest Supervisor, Deschutes National Forest, 211 N.E. Revere St., Bend, Oreg. 97701. Comments must be received by November 11, 1977, in order to be considered in the preparation of the final environmental statement.

JOHN POPPINO,
Acting Regional Environmental Coordinator, Planning, Programming and Budgeting.

SEPTEMBER 12, 1977.

Soil Conservation Service

TIDBURY CREEK PARK RC&D MEASURE, DELAWARE

Intent To Not Prepare an Environmental Impact Statement

Pursuant to Section 102(2)(C) of the National Environmental Policy Act of 1969; the Council on Environmental Quality Guidelines (40 CFR Part 1500); and the Soil Conservation Service Guidelines (7 CFR Part 650); the Soil Conservation Service, U.S. Department of Agriculture, gives notice that an environmental impact statement is not being prepared for the Tidbury Creek Park RC&D Measure, Kent County, Delaware.

The environmental assessment of this Federal action indicates that the project will not cause significant local, regional, or national impacts on the environment. As a result of these findings, Mr. Otis D. Fincher, State Conservationist, has determined that the preparation and review of an environmental impact statement is not needed for this project.

The measure concerns a plan for the installation of basic facilities for a water-based recreational development. The planned works of improvement include a pedestrian trail, a bike trail, a parking lot, a picnic pavillion with tables, fencing, benches, a sanitary facility with sewer line and pump, an access road, a maintenance road, play areas, a boat docking and fishing pier on Tidbury Creek, modification of two small ponds, and critical eroding area stabilization.

The notice of intent to not prepare an environmental impact statement has been forwarded to the Council on Environmental Quality. The basic data developed during the environmental assessment is on file and may be reviewed by interested parties at the Soil Conservation Service, Treadway Towers, Suite 2–4, 9 East Loockerman Street, Dover, Delaware 19901. An environmental impact appraisal has been prepared and sent to various Federal, State, and local agencies and interested parties. A limited number of copies of the environmental impact appraisal is available to fill single copy requests.

No administrative action on implementation on the proposal will be taken until October 20, 1977.

Dated: September 13, 1977.

ED THOMAS,
Assistant Administrator for Land Resources Soil Conservation Service.

(Catalog of Federal Domestic Assistance Program No. 10.901, National Archives Reference Services.)

Adopted by the Civil Aeronautics Board at its office in Washington, D.C. on the 23rd day of August, 1977.

Application of Allegheny Airlines for Cincinnati-Cleveland Nonstop Authority; application of Wright Air Lines, Inc. for a certificate of public convenience and necessity in the Cincinnati-Cleveland Nonstop Route Proceeding.

In FR Doc. 77–25578, appearing at page 44002 in the issue of Thursday, September 1, 1977, through clerical error, issues (d) and (e) which should appear in ordering paragraph 2 were merged. Accordingly, the language currently appearing in ordering paragraph 2 as condition (d) should be disregarded and the following two subparagraphs added:

(d) Should Trans World Airlines' nonstop authority between Cincinnati and Cleveland be altered, amended, modified or suspended pursuant to section 401(g) of the Act?[1]

(e) Should Trans World Airlines' nonstop authority between Cincinnati and Cleveland be suspended pursuant to section 401(j) of the Act?

By the Civil Aeronautics Board.

Dated: September 14, 1977.

PHYLLIS T. KAYLOR,
Secretary.

[Order 77-9-43; Docket 31363]

NORTH ATLANTIC STANDBY, BUDGET AND SUPER-APEX FARES

Order of Suspension and Investigation

Adopted by the Civil Aeronautics Board at its office in Washington, D.C. on the 7th day of September, 1977.

North Atlantic Standby, Budget, and Super-APEX Fares proposed by: Pan American World Airways, Inc., Trans World Airlines, Inc., British Airways, Air-India, Iran National Airlines Corporation, Aerlinte Eireann Teoranta.

By unilateral tariff revisions filed for travel to commence on September 15, 23 or 26, 1977, Pan American World Airways, Inc. (Pan American), Trans World Airlines, Inc. (TWA), British Airways, Air-India, and Iran National Airlines Corporation (Iran-Air) propose new standby, budget and super-APEX (advance purchase excursion) fares for use between New York and London. The budget and standby fares are proposed at $256 round trip, and the super-APEX at $290 round trip; all are intended to compete with Laker Airways' "Skytrain" service which is expected to begin operations September 26, 1977, at a New York-London fare of $236.48.[1] The proposals were later incorporated, with some changes, into an agreement among the members of the International Air Transport Association (IATA).

Numerous complaints have been filed by various parties. Answers have been received from the carrier proponents. The U.S. supplemental (charter only) carriers and several charter tour organizers contend that the proposed fares are uneconomic and predatory, and will destroy the North Atlantic charter market. Laker Airways alleges that the proposals will destroy the Skytrain experiment as well as decimate the charter market. The American Society of Travel Agents (ASTA) supports the super-APEX and budget fares but opposes the standby fare. The U.S. Department of Justice opposes all the proposed fares for the same reasons as the charter parties, alleging generally that the fares are predatory and will drive the supplemental carriers out of business. Finally, the Board's Office of the Consumer Advocate (OCA) supports the standby fare as a reasonable competitive response to Skytrain, but only if the standby fare level is raised; and OCA opposes the budget and super-APEX fares.

Skytrain and the proposed competitive fares, and the arguments presented by their proponents and opponents, raise serious questions about the future of the North Atlantic air travel market. Thus on August 30 the Board gave notice that it would hear oral argument on the IATA agreement and the tariff filings. The oral argument was set for September 7, 1977.

The Board concludes that the tariff proposals should be investigated and suspended at this time. The Board is considering the various pleadings in support of, and in opposition to, the proposals, and expects to issue a decision shortly, which will either vacate or affirm the suspension and investigation ordered here. In the meantime, to preserve stability in the marketplace and considering also that Laker's Skytrain, with which these fares are intended to compete, is not expected to begin operating before September 26 in any event, we will not permit these proposals to become effective before we have completed our review of the record and issued a decision on the merits.

Accordingly, pursuant to the Federal Aviation Act of 1958 and particularly sections 102, 204(a), 403, 801 and 1002(j) thereof,

It is ordered That: 1. An investigation be instituted to determine whether the fares and provisions set forth in the Appendix hereof, and rules, regulations, or practices affecting such fares and provisions, are or will be unjust, unreasonable, unjustly discriminatory, unduly preferential, unduly prejudicial, or otherwise unlawful, and if found to be unlawful, to take appropriate action to prevent the use of such provisions or rules, regulations, or practices;

2. Pending hearing and decision by the Board, the tariff provisions specified in the Appendix hereof are suspended and their use deferred from September 15, 1977, to and including September 15, 1978, unless otherwise ordered by the Board, and that no changes be made therein during the period of suspension except by order or special permission of the Board;

3. This order shall be submitted to the President[2] and shall become effective on September 14, 1977.

4. The investigation ordered herein be assigned for hearing before an Administrative Law Judge of the Board at a time and place hereafter to be designated; and

5. Copies of this order be filed in the aforesaid tariffs and be served upon Aerlinte Eireann Teoranta; Air-India; British Airways Board carrying on business under the firm name and style of British Airways; Iran National Airlines Corporation (Iran Air), Pan American World Airways, Inc.; and Trans World Airlines, Inc.

This order will be published in the FEDERAL REGISTER.

By the Civil Aeronautics Board.

All Members concurred.

PHYLLIS T. KAYLOR,
Secretary.

[Order 77–9–44; Docket 31363]

NORTH ATLANTIC STANDBY, BUDGET AND SUPER-APEX FARES

Order

● Adopted by the Civil Aeronautics Board at its office in Washington, D.C., on the 13th day of September 1977.

North Atlantic Standby, Budget, and Super-APEX Fares proposed by: Pan American World Airways, Inc., Trans World Airlines, Inc., British Airways, Air-India, Iran National Airlines Corp., Aerlinte Eireann Teoranta.

By tariff revisions filed for travel to commence on September 15, 23, or 26, or October 1 or 6, 1977, Pan American World Airways, Inc. (Pan American), Trans World Airlines, Inc. (TWA), British Airways, Air-India, and Iran National Airlines Corp. (Iran-Air) propose new standby, budget and super-APEX (advance purchase excursion) fares for use between New York and London. The budget and standby fares are proposed at $256 round trip, and the super-APEX at $290 round trip, all are intended to compete with Laker Airways' "Skytrain" service which is expected to begin operations September 26, 1977, at a New York-London fare of $236.48.[1]

Numerous complaints were filed by various parties, and the fares were later incorporated, with some changes, into an agreement among the carrier members of the International Air Transport Association (IATA).[2] On August 30 the Board gave notice that it would hear oral argument on the IATA agreement and the tariff filings. The oral argument was heard on September 7, 1977.

On September 8, 1977, the Board sent a letter to the President recommending suspension of the tariff filings that were to have become effective before September 26, 1977. The Board proposed this action as a temporary, interim measure while we were considering the extensive pleadings of the parties, presented in their written comments and at the oral argument. The Board then carefully considered the parties' positions and other information available to us, and on September 9, 1977, concluded that the standby fare should be approved; that the super-APEX fare should be disapproved; and that the budget fare should not be approved in its present form because of its level and conditions of travel relative to the other fares.

Having decided that the standby fare should be approved, the Board sees no reason to preclude its becoming effective before September 26, and this order therefore vacates the portion of our previous, recommended suspension order which involves the standby fare. We are also amending that order so that the suspensions of the budget and super-APEX fares will terminate on October 1, 1977. This will provide ample time for the Board to prepare and submit our recommendation to the President that the budget and super-APEX fares be suspended for the usual one-year period pending investigation.

Accordingly, pursuant to the Federal Aviation Act of 1958 and particularly sections 102, 204(a), 403, 801, and 1002(j) thereof,

It is ordered, that: 1. The suspension ordered by Order 77–9–43, September 7, 1977, is vacated insofar as it relates to the tariff fares and provisions set forth in Appendix A hereto;

2. The suspension ordered by Order 77–9–43, September 7, 1977, shall expire on October 1, 1977, insofar as it relates to the tariff fares and provisions set forth in Appendix B hereto;

3. This order shall be submitted to the President[3] and shall become effective on September 14, 1977; and

4. Copies of this order shall be filed in the aforesaid traiffs and be served upon Pan American World Airways, Inc., Trans World Airlines, Inc., British Airways, Air-India, Iran National Airways Corp., Aerlinte Eireann Teoranta, the National Air Carrier Association, Brendan Tours, Inc., Charter Travel Corp., the Educational Cooperative, the Air Charter Tour Operators of America, United Buying Service, Inc., Unitours, a California corporation, Vouga Travel Agency, Laker Airways, Ltd., the American Society of Travel Agents, the U.S. Department of Justice, and the Office of the Consumer Advocate.

This order will be published in the FEDERAL REGISTER.

By the Civil Aeronautics Board.

All Members concurred.

PHYLLIS T. KAYLOR,
Secretary.

APPENDIX A

The proposed reference mark "(b)" on 21st Revised Page 172 and the double-dagger reference mark on 23rd and 24th Revised Pages 172 shown in connection with the $350 and $440 Advance Purchase Excursion Fares between New York and London, and the explanation thereof;

On 32nd and 33rd Revised Pages 185 all fares and provisions.

THE WHITE HOUSE,
Washington, September 14, 1977.

Honorable ALFRED E. KAHN,
Chairman, Civil Aeronautics Board, Washington, D.C. 20428.

Dear Mr. Chairman: I have received your proposed order (Docket 31363) which suspends until October 1 passenger fares filed by Pan American World Airways, Inc., Trans World Airlines, Inc., British Airways, Air-India, Iran National Airlines Corporation, and Aerlinte Eireann Teoranta for foreign air transportation.

I understand that this suspension is merely designed to give the Board time to issue its opinion before the fares go into effect.

Because the North Atlantic aviation fare structure is important to our foreign economic policy, I am approving this temporary suspension for foreign policy reasons, on the ground that I have not received the decision of the Board.

By approving this temporary suspension I do not intend to indicate my ultimate decision on the merits of the final order which I expect to receive by September 16.

Sincerely,

JIMMY CARTER

CIVIL SERVICE COMMISSION

FEDERAL EMPLOYEES PAY COUNCIL

Meeting

In accordance with the Federal Advisory Committee Act, Pub. L. 92–463, the President's Pay Agent announces the following meeting:

NAME: Federal Employees Pay Council.

DATE AND TIME: October 7, 1977, 2 p.m.

PLACE: U.S. Civil Service Commission, 1900 E Street NW., Washington, D.C., Room 5A06A.

TYPE OF MEETING: Open.

CONTACT PERSON: Merlin S. Berry, Committee Management staff for the President's Pay Agent, U.S. Civil Service Commission, 1900 E Street NW., Washington, D.C., telephone 202–632–5595.

PURPOSE OF COMMITTEE: To make recommendations to the President's Pay Agent with respect to the process and procedures leading to, and amounts of, annual comparability adjustments in Federal white-collar pay.

AGENDA: Discussions on the 1978 comparability adjustment for the statutory pay systems of the Federal Government, which are defined in section 5301 of title 5, United States Code.

For the President's Pay Agent.

RICHARD H. HALL,
Committee Management Officer for the President's Pay Agent.

National Oceanic and Atmospheric Administration

ERNST K. GUSTKE

Receipt of Application for Certificate of Exemption

Notice is hereby given that the following applicant has applied in due form for a Certificate of Exemption under Pub. L. 94–359, and the regulations issued thereunder (50 CFR Part 222, Subpart B), to engage in certain commercial activities with respect to pre-Act endangered species parts or products.

Applicant: Ernst K. Gustke, 106 N. 17th Street East, Bradenton, Fla. 33508.

Period of exemption. The applicant requests that the period of time to be covered by the Certificate of Exemption begin on the date of the original issuance of the Certificate of Exemption and be effective for a 3-year period.

Commercial activities exempted. (i) The prohibition, as set forth in section 9(a)(1)(A) of the Act, to export any such species part from the United States;

(ii) The prohibitions, as set forth in section 9(a)(1)(E) of the Act, to deliver, receive, carry, transport, or ship in interstate or foreign commerce, by any means whatsoever and in the course of a commercial activity any such species part;

(iii) The prohibitions, as set forth in section 9(a)(1)(F) of the Act, to sell or offer for sale in interstate or foreign commerce any such species part.

Parts or products exempted. Finished scrimshaw products consisting of approximately 30 engraved whale teeth and finished scrimshaw products to be made from approximately 220 whale teeth and nine pieces of whale teeth.

NEW ENGLAND FISHERY MANAGEMENT COUNCIL AND MID-ATLANTIC FISHERY MANAGEMENT COUNCIL

Public Meeting

Notice is hereby given of a joint meeting of the New England and Mid-Atlantic Fishery Management Councils established by Section 302 of the Fishery Conservation and Management Act of 1976 (P.L. 94-265).

The two Councils have authority, effective March 1, 1977, over fisheries within the fishery conservation zone. The Councils will, among other things, prepare and submit to the Secretary of Commerce fishery management plans with respect to fisheries within its area of authority, prepare comments on foreign fishing applications, and conduct public hearings.

This joint meeting will be held on October 19 and 20, 1977, from 10 a.m. to 5 p.m., and 9 a.m. to 12 noon, respectively, at the Northeast Fisheries Center, National Marine Fisheries Service, Woods Hole, Massachusetts.

PROPOSED AGENDA

1. Operational responsibilities of the Center.
2. Scientific and technical interrelations between the Center and the Councils.
3. Other business.

This meeting is open to the public and there will be limited seating for public attendance available on a first-come, first-serve basis. Members of the public having an interest in specific items for discussion are also advised that agenda changes are at times made prior to the meeting. Interested members of the public should contact either Spencer Apollonio, Executive Director, New England Fishery Management Council, Peabody Office Building, One Newbury Street, Peabody, Massachusetts 01960, or John C. Bryson, Executive Director, Mid-Atlantic Fishery Management Council, Federal Building, Room 2115, North and New Streets, Dover, Delaware 19901, on or about 10 days before the meeting to receive information on changes in the agenda, if any.

Dated: September 15, 1977.

WINFRED H. MEIBOHM,
Associate Director, National Marine Fisheries Service.

ENVIRONMENTAL PROTECTION AGENCY

[FRL 794-4; (OPP-42018B)]

FLORIDA

State Plan for Certification of Commercial and Private Applicators of Restricted Use Pesticides, Approval Status

Section 4(a)(2) of the Federal Insecticide, Fungicide, and Rodenticide Act (FIFRA), as amended (86 Stat. 973; 7 U.S.C. 136 et seq.) and the implementing regulations of 40 CFR Part 171, require each State desiring to certify applicators to submit a plan for such purpose, subject to approval by the Environmental Protection Agency (EPA). On June 24, 1976, the Florida State Plan was approved contingent upon the promulgation of regulations by the Florida Department of Agriculture and the Florida Department of Health and Rehabilitative Services necessary for the implementation of the Florida State Plan. Notice of conditional approval was published in the FEDERAL REGISTER on August 11, 1976 (41 FR 33940). Subsequently, on December 2, 1976 and January 1, 1977, final regulations to amend the Florida Pesticide Laws (FS 487), Florida Pest Control Act (FS 482), and Florida Mosquito Control Act (FS 388) became effective. Having reviewed the legislation and the regulations and finding that legal authorities required by FIFRA and 40 CFR Part 171, are now enacted and promulgated, the Regional Administrator, EPA Region IV, hereby gives notice that the Florida State Plan is now a fully approved State Plan.

Dated: September 13, 1977.

JOHN A. LITTLE,
Deputy Regional Administrator.

HAWAII

Approval of State Application Drinking Water Primary Enforcement Responsibility

This public notice is issued pursuant to section 1413 of the Safe Drinking Water Act, Pub. L. 93-523, December 16, 1974, and § 142.10 of the National Interim Primary Drinking Water Regulations, published in the FEDERAL REGISTER on January 20, 1976.

An application has been received from the Director of Health, dated August 10, 1977, requesting that the Hawaii State Department of Health be granted primary enforcement responsibility for public water systems in the State of Hawaii, in accordance with the provisions of this Act.

In response, I have determined that the Hawaii State Department of Health has met all conditions of the Safe Drinking Water Act and subsequent regulations for the assumption of primary enforcement responsibility for public water systems in the State of Hawaii. The State:

(1) Has adopted drinking water regulations which are no less stringent than the National Interim Primary Drinking Water Regulations;

(2) Has adopted and will implement adequate procedures for the enforcement of such State regulations, including adequate monitoring and inspections;

(3) Will keep such records and make such reports as required;

(4) If it permits variances or exemptions from the requirements of its regulations, will issue such variances and exemptions in accordance with the provisions of the National Interim Primary Drinking Water Regulations;

(5) Has adopted and can implement an adequate plan for the provision of safe drinking water under emergency conditions.

All documents relating to this determination are available for public inspection between the hours of 8 a.m. and 4:30 p.m., Monday through Friday, at the following offices:

Deputy Director for Environmental Health, Hawaii State Department of Health, 1250 Punchbowl Street, Honolulu, Hawaii 96801.
Regional Administrator, Environmental Protection Agency, Region IX, 100 California Street, San Francisco, Calif. 94111.

All interested parties are invited to submit written comments on this determination and may request a public hearing. Written comments and/or a request for a public hearing must be submitted on or before October 20, 1977. A request for a public hearing shall include the following information:

(1) The name, address and telephone number of the individual, organization, or other entity requesting a hearing.

(2) A brief statement of the resuesting person's interest in the Regional Administrator's determination and information that hte requesting person intends to submit at such hearing.

(3) The signature of the individual making the request; or, if the request is made on behalf of an organization or other entity, the signature of a responsible official of the organization or other entity.

Frivolous or insubstantial requests for a hearing may be denied by the Regional Administrator. However, if a substantial request for a public hearing is made on or before October 20, 1977, a public hearing will be held. The Regional Administrator will give further notice in the FEDERAL REGISTER and in a newspaper or newspapers of general circulation in the State of Hawaii of any hearing to be held pursuant to a request submitted by an interested person, or on his own motion. Notice of the hearing shall be given not less than fifteen (15) days prior to the time scheduled for the hearing. In addition to publication as described above, notice will be sent to the person requesting a hearing and to the State. Notice of the hearing will include a statement of the purpose of the hearing, information regarding the time and location for the hearing, and the address and telephone number of an office at which interested persons may obtain further information concerning the hearing.

After receiving the record of the hearing, the Regional Administrator will issue an order affirming or rescinding his determination. If the determination is affirmed, it shall become effective as of the date of this order.

If no timely and appropriate request for a hearing is received and the Regional Administrator does not elect to hold a hearing on his own motion, this determination shall become effective on October 20, 1977.

Please bring this notice to the attention of any persons known by you to have an interest in this determination.

Dated: August 29, 1977.

PAUL DE FALCO, JR.,
Regional Administrator, Region IX, Environmental Protection Agency.

[FR Doc.77-27216 Filed 9-19-77;8:45 am]

[FRL 793-8 (PP 6G1690/T131)]

PESTICIDE PROGRAMS

2-Chloro-1(3-exthoxy-4-nitrophenoxy) - 4-trifluoromethyl benzene; Renewal of Temporary Tolerances

On May 6, 1976, the Environmental Protection Agency (EPA) gave notice (41 FR 18707) that in response to a pesticide petition (PP 6G1690) submitted to the Agency by Rohm and Haas Co., Independence Mall West, Philadelphia, Pa. 19105, temporary tolerances were established for combined residues of the herbicide 2-chloro - 1 - (3 - ethoxy - 4 - nitrophenoxy) - 4 - trifluoromethyl benzene and its metabolites containing the diphenyl ether linkage in or on the raw agricultural commodities almonds, apricots, grapes (intended for the fresh fruit market only), nectarines, peaches, and plums (fresh prunes) (intended for the fresh fruit market only) at 0.05 part per million (ppm). (The original notice erred in giving the tolerance at 0.5 ppm.) These temporary tolerances expired April 29, 1977.

Rohm and Haas Co. has requested a one-year renewal of these temporary tolerances both to permit continued testing to obtain additional data and to permit the marketing of the above raw agricultural commodities when treated in accordance with the provisions of an experimental use permit that is being extended concurrently under the Federal Insecticide, Fungicide, and Rodenticide Act (FIFRA), as amended (86 Stat. 973; 89 Stat. 751; 7 U.S.C. 136(a) et seq.).

The scientific data reported and all other relevant material have been evaluated, and it has been determined that a renewal of the temporary tolerances will protect the public health. Therefore, the temporary tolerances are renewed on condition that the pesticide is used in accordance with the experimental use permit with the following provisions:

1. The total amount of the pesticide to be used must not exceed the qunatity authorized by the experimental use permit.
2. Rohm and Haas Co. must immediately notify the EPA of any findings from the experimental use that have a bearing on safety. The firm must also keep records of production, distribution, and performance and on request make the records available to any authorized officer or employee of the EPA or the Food and Drug Administration.

These temporary tolerances expire September 12, 1978. Residues not in excess of 0.05 ppm remaining in or on almonds, apricots, grapes (intended for the fresh fruit market only), nectarines, peaches, and plums (fresh prunes) (intended for the fresh fruit market only) after this expiration date will not be considered actionable if the pesticide is legally applied during the term of and in accordance with the provisions of the experimental use permit and temporary tolerances. These temporary tolerances may be revoked if the experimental use permit is revoked or if any scientific data or experience with this pesticide indicate such revocation is necessary to protect the public health. Inquiries concerning this notice may be directed to Special Registrations Section, Registration Division (WH-567), Office of Pesticide Programs, Room 315, East Tower, 401 M Street SW., Washington, D.C. 20460 (202-755-4851).

(Section 408(j) of the Federal Food, Drug, and Cosmetic Act (21 U.S.C. 356a(j)).)

Dated: September 12, 1977.

DOUGLAS D. CAMPT,
Acting Director, Registration Division.

[FR Doc.77-27213 Filed 9-19-77;8:45 am]

[FRL 794-1; (PP 3G1316 & 3G1349/T128)]

PESTICIDE PROGRAMS

Oxamyl; Renewal of Temporary Tolerances

On May 6, 1976, the Environmental Protection Agency (EPA) announced (41 FR 18707) a renewal of temporary tolerances for residues of the insecticide oxamyl (methyl-*N'*,*N'*-dimenthyl-*N*-[(methylcarbamol)oxy] - 1 - thiooxamidate) in or on the raw agricultural commodities citrus fruits at 3 parts per million (ppm) and apples at 2 ppm (in response to Pesticide Petition (PP) 3G1349), and peanut hulls at 0.2 ppm and peanuts and potatoes at 0.1 ppm (in response to PP 3G1316). These tolerances were established (40 FR 13334) in response to the above pesticide petitions submitted by E. I. du Pont de Nemours & Co., Inc., Wilmington, Del. 19898. This renewal expired April 29, 1977.

E. I. du Pont de Nemours & Co., Inc., requested a one-year renewal of these temporary tolerances both to permit continued testing to obtain additional data and to permit the marketing of the above raw agricultural commodities when of the above raw agricultural commodities when treated in accordance with the provisions of the experimental use permit that was renewed under the Federal Insecticide, Fungicide, and Rodenticide Act (FIFRA), as amended (86 Stat. 973; 89 Stat. 751; 7 U.S.C. 136(a) et seq.).

The scientific data reported and all other relevant material were evaluated, and it was determined that a renewal of the temporary tolerances would protect the public health. Therefore, the temporary tolerances have been renewed on condition that the pesticides be used in accordance with the

1. The total amount of the pesticide to be used must not exceed the quantity authorized by the experimental use permit.
2. E. I. du Pont de Nemours & Co., Inc., must immediately notify the EPA of any findings from the experimental use that have a bearing on safety. The firm must also keep records of production, distribution, and performance and on request make the records available to any authorized officer or employee of the EPA or the Food and Drug Administration.

[FRL 794-2; (PP 5G1626 T129)]

PESTICIDE PROGRAMS

Sodium Azide; Renewal of Temporary Tolerances

On September 15, 1976, the Environmental Protection Agency (EPA) announced (41 FR 39378) an extension of temporary tolerances for residues of the fungicide sodium azide (expressed as the azide ion (N_3)) in or on the raw agricultural commodities green beans (pole and snap), tomatoes, and potatoes at 0.1 part per million (ppm). These tolerances were established (40 FR 44186) in response to a pesticide petition (PP 5G1626) submitted by PPG Industries, Inc., One Gateway Center, Pittsburgh, Pa. 15222. This extension expired September 19, 1976.

PPG Industries requested a one-year renewal of these temporary tolerances both to permit continued testing to obtain additional data and to permit the marketing of the above raw agricultural commodities when treated in accordance with the provisions of the experimental use permit that was renewed under the Federal Insecticide, Fungicide, and Rodenticide Act (FIFRA), as amended (86 Stat. 973; 89 Stat. 751; 7 U.S.C. 136(a) et seq.).

The scientific data reported and all other relevant material were evaluated, and it was determined that a renewal of the temporary tolerances would protect the public health. Therefore, the temporary tolerances have been renewed on condition that the pesticide be used in accordance with the experimental use permit with the following provisions:

1. The total amount of the pesticide to be used must not exceed the quantity authorized by the experimental use permit.
2. PPG Industries, Inc., must immediately notify the EPA of any findings from the experimental use that have a bearing on safety. The firm must also keep records of production, distribution, and performance and on request make the records available to any authorized officer or employee of the EPA or the Food and Drug Administration.

These temporary tolerances expire August 1, 1978. Residues not in excess of 0.1 ppm in or on green beans (pole and snap), tomatoes, and potatoes after this expiration date will not be considered actionable if the pesticide is legally applied during the term of and in accordance with the provisions of the experimental use permit and temporary tolerances.

These temporary tolerances may be revoked if the experimental use permit is revoked or if any scientific data or experience with this pesticide indicate such revocation is necessary to protect the public health. Inquiries concerning this notice may be directed to the Special Registrations Section, Registration Division (WH-567), Office of Pesticide Programs, Room 315, East Tower, 401 M Street SW., Washington D.C. (202-755-4851).

[Docket Nos. 21344, 21345; File Nos. BPH-9791, BPH-9914]

DEAN HARDEN ET AL.

Memorandum Opinion and Order Designating Applications for Consolidated Hearing on Stated Issues

Adopted: September 13, 1977.

Released: September 15, 1977.

In re applications of Dean Harden, J. B. Crawley, Frank O. Schooler, Jr. and Joel David Sonnheim, d.b.a. J.-Town Radio Company, Jeffersontown, Kentucky, Docket No. 21344, File No. BPH-9791, Req: 101.7 MHz, Channel No. 269; 3 kW (H&V); 300 feet (H&V); Publicast Communications, Inc., Jeffersontown, Kentucky, Docket No. 21345, File No. BPH-9914, Req: 101.7 MHz, Channel No. 269; 3 kW (H&V); 300 feet (H&V), for construction permit.

1. The Commission, by the Chief, Broadcast Bureau, has before it for consideration the above-captioned mutually exclusive applications of Dean Harden, J. B. Crawley, Frank O. Schooler, Jr., and Joel David Sonnheim d/b/a J.-Town Radio Company (hereinafter "J.-Town") and Publicast Communications, Inc. (hereinafter "Publicast") both seeking a construction permit for a new FM station at Jeffersontown, Kentucky.

2. Data submitted by the applicants indicate that there would be a significant difference in the size of the areas and population which would receive service from the proposals. Consequently, for purposes of comparison, the areas and population which would receive FM service of 1 mV/m or greater intensity together with the availability of other primary aural services in such areas will be considered under the standard comparative issue, to determine whether a comparative preference should accrue to either of the applicants.

3. Section 73.315(a) of the Commission's rules requires that a 70 dBu (3.16 mV/m) signal be placed over the entire principal community to be served. Both applicants propose a 70 dBu signal which would not encompass the entire city of Jeffersontown. Hence, an issue will be specified to determine whether waivers of the rule would be justified.

4. Except as indicated above, the applicants are qualified to construct and operate as proposed. However, because the proposals are mutually exclusive, they must be designated for hearing in a consolidated proceeding.

5. *Accordingly, it is ordered,* That, pursuant to Section 309(e) of the Communications Act of 1934, as amended, the above-captioned applications are designated for hearing in a consolidated proceeding, at a time and place to be specified in a subsequent Order, upon the following issues:

1. To determine, with respect to both proposals, whether circumstances exist which warrant a waiver of § 73.315(a) of the rules.

2. To determine which of the proposals would, on a comparative basis, better serve the public interest.

3. To determine, in light of the evidence adduced pursuant to the foregoing issues, which, if either, of the applications should be granted.

6. *It is further ordered,* That to avail themselves of the opportunity to be heard, the applicants, pursuant to § 1.221 (c) of the Commission's rules, in person, or by attorney shall, within twenty (20) days of the mailing of this order, file with the Commission in triplicate, a written appearance stating an intention to appear on the date fixed for the hearing and present evidence on the issues specified in this order.

7. *It is further ordered,* That the applicants herein shall, pursuant to Section 311(a)(2) of the Communications Act of 1934, as amended, and § 1.594 of the Commission's rules, give notice of the hearing, either individually or, if feasible and consistent with the rules, jointly, within the time and in the manner prescribed in such rule, and shall advise the Commission of the publication of such notice as required by § 1.594(g) of the rules.

FEDERAL COMMUNICATIONS COMMISSION,
WALLACE E. JOHNSON,
Chief, Broadcast Bureau.

[FR Doc.77-27281 Filed 9-19-77;8:45 am]

FEDERAL ENERGY ADMINISTRATION

CANADIAN ALLOCATION PROGRAM

Allocation Notice for the October Through December 1977 Allocation Period

In accordance with the provisions of FEA's Mandatory Canadian Crude Oil Allocation Regulations, 10 CFR Part 214, the allocation notice specified in §-214.32 for the allocation period commencing October 1, 1977 is hereby published.

The issuance of Canadian crude oil rights for the October through December 1977 allocation period to refiners and other firms, pursuant to § 214.31, is set forth in the Appendix to this notice. As to this allocation period, the Appendix lists: (1) the name of each refiner and other firm to which rights have been issued; (2) the base period volume[1] of Canadian crude oil for each refiner's first or second priority refinery; (3) the base period volume of Canadian light and heavy crude oil, respectively, for each refiner's first or second priority refinery; (4) the nominations to FEA for Canadian light and heavy crude oil, respectively, of each refiner or other firm; (5) the number of rights for Canadian light and heavy crude oil, respectively, expressed in barrels per day, issued to each such refiner or other firm; and (6) the specific first or second priority refineries for which rights are applicable.

The listing contained in the Appendix also reflects any adjustments made by FEA to base period volumes to compensate for reductions in volumes due to unusual or nonrecurring operating conditions as provided by § 214.31(d).

Based on its review of the affidavits, supplemental affidavits and reports filed pursuant to Subpart D of Part 214, and other information available to the agency, FEA has designated each refinery or other facility listed in the Appendix as a first or second priority refinery as defined in § 214.21. If a refinery or other facility has not been designated as a priority refinery by FEA, such refinery or other facility is not entitled to process or otherwise consume Canadian crude oil subject to allocation under the program.

As provided by § 214.31(e), in the allocation period commencing October 1, 1977, each refiner or other firm which has been issued Canadian crude oil rights for light and heavy crude oil, respectively, is entitled to process, consume or otherwise utilize in the priority refinery or refineries specified in the Appendix to this notice a number of barrels of Canadian light and heavy crude oil, respectively, subject to allocation under Part 214 equal to the number of rights specified in the Appendix.

The Canadian National Energy Board (NEB) has advised FEA that the total volumes of Canadian light and heavy crude oil authorized for export to the United States, and therefore subject to allocation under Part 214, for the three-month allocation period commencing October 1, 1977, will be at the average level of 137,000 barrels per day (B/D) of Canadian light crude oil and 123,261 B/D of Canadian heavy crude oil. Any change in the average export levels for Canadian light crude oil, including condensate, and Canadian heavy crude oil anticipated for this allocation period will be reflected in revised allocations for this period pursuant to a supplemental allocation notice.

The NEB has further advised FEA of the following operational constraints with respect to the export of Canadian light crude oil for the allocation period:

50 B/D of light crude oil must be delivered through the Union Oil pipeline from the Dragon field in Canada to the Thunderbird refinery at Cutbank, Montana.

Pursuant to 10 CFR 214.35, FEA has given effect to these operational constraints in the allocations set forth in the Appendix.

ALLOCATION OF CANADIAN LIGHT CRUDE OIL

The authorized export level for Canadian light crude oil for this allocation period is 137,000 B/D. The adjusted base period volumes of Canadian light crude oil for all first priority refineries nominating for light crude oil total 169,271 B/D. Accordingly, with the exception of the operational constraint of 50 B/D to the Thunderbird refinery at Cutbank, Montana, a second priority refinery, no allocations of light crude oil are shown for second priority refineries and the export level of light crude oil, as adjusted to reflect the operational constraint as to the Thunderbird refinery, was allocated among first priority refineries on a pro-rata basis in the following manner.

[1] "Base period volume" for the purposes of this notice means average number of barrels of Canadian crude oil included in a refinery's crude oil runs to stills or consumed or otherwise utilized by a facility other than a refinery during the base period on a barrels per day basis.

UMI
V 42 182
SEP 20 77
UMI

First, a factor of 0.809058 [2] was applied to each first priority refinery's base period volume of light crude oil. Second, the allocation for Consumers Power was reduced to conform to its nominations for light crude oil for its Marysville facility. Third, the factor was recomputed [3] to reflect this adjustment and was reapplied to each first priority refinery's (excluding Consumers Power's Marysville facility) base period volume of light crude oil to arrive at the final allocations.

Allocation of Canadian Heavy Crude Oil

The authorized export level for Canadian heavy crude oil is anticipated to be at the average level of 123,261 B/D. First priority refineries nominating for heavy crude oil have been allocated a total of 83,910 B/D of Canadian heavy crude oil, which was calculated by combining their respective base period volumes of light and heavy crude oil and subtracting their allocations of light crude oil. In no case do the allocations of heavy crude oil to first priority refineries exceed their respective nominations for heavy crude oil.

The remaining supply of Canadian heavy crude oil, 39,351 B/D, was allocated among second priority refineries on a pro-rata basis in the following manner. First, a factor of 0.224786 [4] was applied to each second priority refinery's base period volume of light and heavy crude oil, as adjusted to reflect allocations of light crude oil. Second, the resulting allocations of heavy crude oil for Ashland's refineries at Buffalo, New York and Findlay, Ohio were reduced to reflect Ashland's nominations for heavy crude oil for these refineries. Third, the factor was recomputed [5] to reflect these adjustments and was reapplied to each second prior refinery's (excluding Ashland's Buffalo and Findlay refineries') adjusted base period volume of Canadian crude oil. Fourth, the resulting allocations of heavy crude oil for Mobil's refineries at Buffalo, New York, Ferndale, Washington, and Joliet, Illinois were reduced to reflect Mobil's nominations for heavy crude oil for these refineries. Finally, the factor was recomputed [6] to reflect these adjustments and was reapplied to the remaining second priority refineries' adjusted base period volume of Canadian crude oil to arrive at the final allocations for heavy crude oil for second priority refineries.

On or prior to the thirtieth day preceding each allocation period, each refiner or other firm that owns or controls a first priority refinery shall file with FEA the supplemental affidavit specified in § 214.41(b) to confirm the continued validity of the statements and representations contained in the previously filed affidavit or affidavits, upon which the designation for that priority refinery is based. Each refiner or other firm owning or controlling a first or second priority refinery shall also file the periodic report specified in § 214.41(d)(1) on or prior to the thirtieth day preceding each allocation period; *provided, however*, That the information as to estimated nominations specified in § 214.41(d)(1)(i) is not required to be reported.

Within 30 days following the close of each three-month allocation period, each refiner or other firm that owns or controls a priority refinery shall file the periodic report specified in § 214.41(d)(2) certifying the actual volumes of Canadian crude oil and Canadian plant condensate included in the crude oil runs to stills of or consumed or otherwise utilized by each such priority refinery (specifying the portion thereof that was allocated under Part 214) for the allocation period.

This notice is issued pursuant to Subpart G of FEA's regulations governing its administrative procedures and sanctions, 10 CFR Part 205. Any person aggrieved hereby may file an appeal with FEA's Office of Exceptions and Appeals in accordance with Subpart H of 10 CFR Part 205. Any such appeal shall be filed on or before October 19, 1977.

Issued in Washington, D.C. on September 14, 1977.

ERIC J. FYGI,
Acting General Counsel.

---

[2] See the following:

$$0.809058 = \frac{\text{Adjusted export level for Canadian light crude oil} = 136{,}950\ \text{B/D}}{\text{Sum of first priority refineries' base period volume of light crude oil} = 169{,}271\ \text{B/D}}$$

[3] As recomputed, the factor is:

$$0.813229 = \frac{\text{Adjusted export level for light crude oil (136,950 B/D), less allocations to Consumers Power's Marysville facility (21,500 B/D)} = 115{,}450\ \text{B/D}}{\text{Sum of first priority refineries' (excluding Consumers Power) base period volume of light crude oil} = 141{,}965\ \text{B/D}}$$

COMPLIANCE WITH NATIONAL ENVIRONMENTAL POLICY ACT

Environmental Assessment of Proposed Waiver of Propane Purchase and Use Limitations; Correction

AGENCY: Federal Energy Administration (FEA).

ACTION: Notice of availability of environmental assessment: Correction.

SUMMARY: This document corrects an error made in the notice of availability of the environmental assessment and negative determination made by FEA with respect to the waiver of purchase and use limitations on propane for Amoco Chemical Corp.'s No. 2 olefins unit at the Chocolate Bayou Plant, Alvin, Tex.

FOR FURTHER INFORMATION CONTACT:

J. Thomas Wolfe, Office of General Counsel, Room 7146, Federal Energy Administration, 12th and Pennsylvania Avenue NW., Washington, D.C. 20461 (202-566-9750).

SUPPLEMENTARY INFORMATION: The Notice of Availability, which appeared in the FEDERAL REGISTER on September 12, 1977 (42 FR 45707), contained an error. The third sentence in the Supplementary Information section of the notice stated that, "Amoco Chemical is requesting authorization to purchase and use an additional 9,000 barrels per day of naphtha * * *". The word "naphtha" is incorrect and should read "propane."

Thus the corrected sentence should read: "Amoco Chemical is requesting authorization to purchase and use an additional 9,000 barrels per day of propane and to maintain an inventory of 500,000 barrels of propane for its No. 2 unit."

Issued in Washington, D.C., September 14, 1977.

ERIC J. FYGI,
Acting General Counsel,
Federal Energy Administration.

[FR Doc.77-27227 Filed 9-19-77;8:45 am]

VOLUNTARY AGREEMENT AND PLAN OF ACTION TO IMPLEMENT THE INTERNATIONAL ENERGY PROGRAM

Meeting; Correction

In FR Doc. 77-26609, appearing at page 46077 in the FEDERAL REGISTER of September 14, 1977, notice of a meeting of the Industry Advisory Board (IAB) was incorrectly listed as a meeting of Subcommittee A of the IAB. Accordingly, the first paragraph appearing on page 46077 is corrected in the fourth and fifth lines of that paragraph by deleting the words, "Subcommittee A of", immediately following the words, "meeting of," and immediately before the words, "the Industry Advisory Board".

In all other respects the earlier notice remains as published and the provisions of that notice are specifically incorporated by reference herein. Unanticipated circumstances have required that the notice period as contained in § 209.32(b) of FEA regulations be shortened with respect to this corrected notice.

Issued in Washington, D.C., September 16, 1977.

ERIC J. FYGI,
Acting General Counsel,
Federal Energy Administration.

FEDERAL POWER COMMISSION

[Docket No. CP77-607]

CITY OF MARIETTA, TEXAS, APPLICANT AND NATURAL GAS PIPELINE CO. OF AMERICA, RESPONDENT

Application

SEPTEMBER 13, 1977.

Take notice that on September 6, 1977, the City of Marietta, Texas (Applicant), Marietta, Texas 75566, filed in Docket No. CP77-607 an application pursuant to Section 7(a) of the Natural Gas Act for an order directing Natural Gas Pipeline Company of America (Respondent) to establish an additional physical connection of its transportation facilities with those of Applicant and to deliver presently contracted for supplies of natural gas to Applicant at said point, all as more fully set forth in the application which is on file with the Commission and open to public inspection.

Applicant states that its existing natural gas distribution system receives gas pursuant to the Commission's order issued December 7, 1966, in Docket No. CP67-18, as amended on August 31, 1967, which order directed Respondent to establish physical connection of its natural gas transmission system with Applicant's distribution facilities and sell and deliver to Applicant up to 610 Mcf of natural gas per day. Applicant's existing distribution system has a single physical connection to the gas supply lateral of Respondent which originates in the Bryans Mill Field, and the existing points of connection is at the intersection of said supply lateral and Texas Highway No. 77, approximately one mile west of the City of Douglassville, it is indicated. It is stated that the master metering, regulating, and odorizing facilities are at this location.

Applicant proposes to expand its existing natural gas distribution system in order to serve approximately 1,500 additional rural residents of Cass County, Texas. Applicant states that the area which would be served natural gas by the proposed expansion includes the communities of Antioch, Bethlehem, Bivins, Domino, Gum Springs, Honey Grove, Huffinies, Lanark, Laws, Chapel, Love Chapel, Midway, Mt. Zion, New Colony, Oak Grove, Piney Grove, Red Hill, Shady Grove, Springdale, and Warren Springs, as well as the area circumscribed by and adjacent to these communities.

It is stated that Applicant's proposed expansion of its distribution facilities would not require any transmission line or supply lateral but consists solely of lines designed for direct distribution of natural gas by means of additional physical connection to the transmission line of Respondent at the point of its intersection with Applicant's distribution main, said point to be at or near Texas Highway No. 43 approximately five miles south of the City of Atlanta, Texas. The master metering, regulating and odoring facilities would be located at such point of connection.

Applicant states that it does not intend to exceed the daily allotment of gas already committed to it by contract with Respondent, which daily allotment is said to be 610 Mcf at 14.73 psia for each of the first three years of operations with the second delivery point from Natural. Estimated annual natural gas requirements for all customers, existing and proposed, for the first three years of operations with two delivery points are 156,000 Mcf, 164,000 Mcf, and 172,000 Mcf respectively.

Applicant asserts that the proposed physical connection would provide Applicant's proposed customers with a more economical and reliable fuel supply. The expansion of the gas distribution facilities is expected to cost $1,658,000.00, it is said. Applicant indicates that it would finance the facilities of its gas distribution system expansion by borrowing $1,643,000 and contribution $40,250 from the collection of connection deposits.

Any person desiring to be heard or to make any protest with reference to said application should on or before October 14, 1977, file with the Federal Power Commission, Washington, D.C. 20426, a petition to intervene or a protest in accordance with the requirements of the Commission's Rules of Practice and Procedure (18 CFR 1.8 or 1.10) and the Regulations under the Natural Gas Act (18 CFR 156.9). All protests filed with the Commission will be considered by it in determining the appropriate action to be taken but will not serve to make the protestants parties to the proceeding. Any person wishing to become a party to a proceeding or to participate as a party in any hearing therein must file a petition to intervene in accordance with the Commission's Rules.

KENNETH F. PLUMB,
Secretary.

[FR Doc.77-27299 Filed 9-19-77;8:45 am]

[Docket No. CP77-605]

COLUMBIA GAS TRANSMISSION CORP.

Application

SEPTEMBER 13, 1977.

Take notice that on September 6, 1977, Columbia Gas Transmission Corp., (Applicant), 1700 MacCorkle Avenue SE., Charleston, W. Va. 25314, filed in Docket No. CP77-605 an application pursuant to Section 7(c) of the Natural Gas Act for a certificate of public convenience and necessity authorizing the transportation of up to 400 Mcf of natural gas per day for Ball Corporation (Ball) for two years, all as more fully set forth in the application which is on file with the Commission and open to public inspection.

V 42 | 182 SEP 20 77 UMI

Applicant proposes to transport gas for Ball which would be received by Applicant into its Line V–W11449 in Milton Township, Mahoning County, Ohio, at a specific point to be mutually agreed upon. Applicant indicates that it would redelivery the gas for the account of Ball at existing points of delivery in Marion Township, Hancock County, Ohio, to Columbia Gas of Ohio, Inc. (Columbia Ohio), which would in turn deliver the gas to Ball for use at its Findlay Ohio, plant. It is stated that since Ball's Findlay plant began operations in October 1973, approximately two years after Columbia Ohio had ceased serving any new industrial customers, the plant is not a customer of Columbia Ohio but operates with propane under a firm contract for its total requirements with Columbia Hydrocarbon Corporation. Further, it is stated that since Columbia Hydrocarbon has curtailed its delivery of propane to Ball's Findlay plant and because of future anticipated shortages of propane, Ball has requested that a portion of the natural gas to which it has access in Mahoning County, Ohio, be transported to its Findlay plant.

It is stated that Ball's Findlay plant produces metal containers primarily for beverages under a long-term contract with the Stroh Brewing Company and that the plant supplies approximately 50 percent of all containers used by Stroh at its Detroit brewery. Applicant states that the gas proposed to be transported is for process uses for which an alternate fuel is not technically feasible, i.e., the ovens, washers and after burners in which process the products of combustion from alternate fuels would contaminate the beverage containers, making them not acceptable for consumer use.

Applicant states that Ball would be required to pay for the construction of facilities necessary to effectuate such deliveries at an estimated cost of $16,000. Applicant indicates that it would not be required to construct any additional facilities to perform the proposed transportation services.

Ball would purchase the gas, proposed to be transported, from Montara Petroleum Co. and Mutual Oil and Gas Co. for a period of two years at a cost of $2.20 per Mcf for the first contract year and $2.50 per Mcf for the second contract year. Applicant's transportation charge for its service would be its average system-wide unit gathering, storage and transmission costs exclusive of company-use and unaccounted for gas, which is currently 24.75 cents per Mcf, and Applicant would retain for company-use and unaccounted for gas a percentage of the total volumes received for the account of Ball, which percentage is currently 2.1 percent, it is said. The transportation contract provides that subject to diversion to it in emergency period when, in Applicant's sole judgment, such gas is required for the protection of Priority 1 requirements on its system.

It is indicated that the gas proposed to be transported has never been sold in interstate commerce and that it would not be sold in interstate commerce at present interstate prices.

Any person desiring to be heard or to make any protest with reference to said application should on or before October 5, 1977, file with the Federal Power Commission, Washington, D.C. 20426, a petition to intervene or a protest in accordance with the requirements of the Commission's Rules of Practice and Procedure (18 CFR 1.8 or 1.10) and the Regulations under the Natural Gas Act (18 CFR 157.10). All protests filed with the Commission will be considered by it in determining the appropriate action to be taken but will not serve to make the protestants parties to the proceeding. Any person wishing to become a party to a proceeding or to participate as a party in any hearing therein must file a petition to intervene in accordance with the Commission's Rules.

Take further notice that, pursuant to the authority contained in and subject to the jurisdiction conferred upon the Federal Power Commission by Sections 7 and 15 of the Natural Gas Act and the Commission's Rules of Practice and Procedure, a hearing will be held without further notice before the Commission on this application if no petition to intervene is filed within the time required herein, if the Commission on its own review of the matter finds that a grant of the certificate is required by the public convenience and necessity. If a petition for leave to intervene is timely filed, or if the Commission on its own motion believes that a formal hearing is required, further notice of such hearing will be duly given.

Under the procedure herein provided for, unless otherwise advised, it will be unnecessary for Applicant to appear or be represented at the hearing.

KENNETH F. PLUMB,
Secretary.

[FR Doc.77-27300 Filed 9-19-77;8:45 am]

[Docket No. RI77-123]

DORFMAN PRODUCTION CO., OPERATOR

Petition for Special Relief

SEPTEMBER 13, 1977.

Take notice that on September 1, 1977, Dorfman Production Co., Operator (Petitioner), 1848 Mercantile Dallas Building, Dallas, Tex. 75201, in Docket No. RI77–123, filed a petition for special relief pursuant to Section 2.76 of the Commission's General Policy and Interpretations (18 CFR § 2.76). Petitioner requests an increase in rate from 37.20 cents per Mcf to $1.10 per Mcf for its Thrasher No. 1 well and to $1.15 per Mcf for its Thrasher No. 2 well. The subject gas is sold to United Gas Pipe Line Company from the Willow Springs Field, Gregg County, Tex. Petitioner states that the proposed rate increase is necessary to justify needed workovers of the two wells.

Any person desiring to be heard or to make any protest with reference to said petition should on or before October 5, 1977, file with the Federal Power Commission, Washington, D.C. 20426, a petition to intervene or a protest in accordance with the requirements of the Commission's Rules of Practice and Procedure (18 CFR 1.8 or 1.10). All protests filed with the Commission will be considered by it in determining the appropriate action to be taken but will not serve to make the protestants parties to the proceeding. Any party wishing to become a party to a proceeding, or to participate as a party in any hearing therein, must file a petition to intervene in accordance with the Commission's Rules.

KENNETH F. PLUMB,
Secretary.

[FR Doc.77-27301 Filed 9-19-77;8:45 am]

[Docket No. CP77-604]

EL PASO NATURAL GAS CO.

Application

SEPTEMBER 13, 1977.

Take notice that on September 2, 1977, El Paso Natural Gas Co. (Applicant), P.O. Box 1492, El Paso, Tex. 79978, filed in Docket No. CP77–604 an application pursuant to Section 7(c) of the Natural Gas Act for a certificate of public convenience and necessity authorizing (i) the transportation and delivery of natural gas on an exchange basis, to Transwestern Pipeline Co. (Transwestern), (ii) the operation of certain existing facilities necessary to facilitate the exchange of gas, and (iii) the exchange of gas from future wells attached to either party's system in certain specified areas of interest in the States of Texas, New Mexico, and Oklahoma, all as more fully set forth in the application which is on file with the Commission and open to public inspection.

Applicant indicates that pursuant to the Commission's order of January 11, 1965, in Docket No. CP61–265, as amended, it was authorized, inter alia, to construct and to place into operation certain facilities situated in Hemphill, Ochiltree and Roberts Counties, Tex., and Beaver and Ellis Counties, Okla., and deliver natural gas, on an exchange basis, to Transwestern. It is stated that such authorized exchange arrangement is being accomplished in accordance with and under the terms and conditions of a gas exchange agreement dated February 1, 1961, as amended, between Applicant and Transwestern, which agreement is on file with the Commission as special Rate Schedule X–12 to Applicant's FTC Gas Tariff, Third Revised Volume No. 2. It is stated that pursuant to the arrangements authorized in Docket No. CP61–265, Applicant delivers certain quantities of gas to Transwestern at various points located on Transwestern's existing gathering systems in the aforesaid countries in exchange for equivalent quantities of gas delivered by Transwestern to Applicant at points on Applicant's existing gathering system in Beaver County, Okla.

It is indicated that Applicant and Transwestern are also parties to a gas exchange agreement known as the Delaware Basin Gas Exchange agreement (Delaware Agreement) dated September 20, 1967, as amended, which provides for the wellhead exchange delivery of gas by Applicant to Transwestern from gas supplies available to Applicant from certain wells located in Reeves County, Tex.

Applicant states that pursuant to said Delaware Agreement, it received in exchange equivalent volumes of gas for Transwestern's account at a wellhead in the Hamon Field and from Cities Service Oil Co.'s (Cities) Lehman Gasoline Plant located in Cochran County, Tex. As a result of the abandonment by Cities of its Lehman Gasoline Plant, deliveries of gas to Applicant for the account of Transwestern are being made at Cities' Bluitt Gasoline Plant located in Roosevelt County, N. Mex., it is said.

It is stated that in order to facilitate exchange arrangements and reduce the number of individual exchange agreements between the parties, Applicant and Transwestern have executed a gas exchange agreement dated February 8, 1977, wherein the parties have consolidated the gas exchange agreement dated February 1, 1961, as amended, and the Delaware Agreement dated September 20, 1967. Applicant states that the exchange agreement provides for the continued receipt and gathering of natural gas produced from (i) 17 wells located in Hemphill, Ochiltree and Roberts Counties, Tex., and Beaver and Ellis Counties, Okla., in accordance with the terms and conditions of the gas exchange agreement dated February 1, 1961, as amended (Rate Schedule C–12); (ii) 8 additional wells located in Reeves County, Tex., presently included as a part of the Delaware Agreement; and (iii) 5 new wells connected to existing gathering facilities in Hemphill County, Tex., Eddy County, N. Mex., and Beaver County, Okla. which have not been made a part of an existing exchange arrangement. It is indicated that the receipt and gathering of gas is being accomplished by the party designated as the gathering party with respect to each well through utilization of existing gathering system facilities in the area of interest covered by the exchange agreement. In the event that volumes of gas received and gathered by each party are not equal, said exchange agreement provides for reasonably concurrent deliveries of balancing gas in volumes sufficient to equal the differences in volumes so received and gathered, which deliveries are to be made at one or more of 5 existing points of interconnection between the systems of Applicant and Transwestern located in Reeves and Ward Counties, Tex., Roosevelt County, N. Mex., and Beaver County, Okla.

Applicant proposes to continue to operate all facilities presently being utilized at the above described balancing points to accomplish the exchange arrangements set forth by the exchange agreement dated February 8, 1977. Applicant requests that the authorization sought herein specifically permit the exchange of gas from additional wells attached to the respective gathering systems of each party as they become available to Applicant and Transwestern in the counties identified in the subject exchange agreement. Applicant states that upon the completion of new wells subject to the exchange agreement between Applicant and Transwestern, Applicant would promptly tender to the Commission for filing and acceptance appropriate revision to Exhibit A to the Exchange Agreement dated February 8, 1977.

Any person desiring to be heard or to make any protest with reference to said application should on or before October 5, 1977, file with the Federal Power Commission, Washington, D.C. 20426, a petition to intervene or a protest in accordance with the requirements of the Commission's Rules of Practice and Procedure (18 CFR 1.8 or 1.10) and the Regulations under the Natural Gas Act (18 CFR 157.10). All protests filed with the Commission will be considered by it in determining the appropriate action to be taken but will not serve to make the protestants parties to the proceeding. Any person wishing to become a party to a proceeding or to participate as a party in any hearing therein must file a petition to intervene in accordance with the Commission's Rules.

Take further notice that, pursuant to the authority contained in and subject to the jurisdiction conferred upon the Federal Power Commission by Sections 7 and 15 of the Natural Gas Act and the Commission's Rules of Practice and Procedure, a hearing will be held without further notice before the Commission on this application if no petition to intervene is filed within the time required herein, if the Commission on its own review of the matter finds that a grant of the certificate is required by the public convenience and necessity. If a petition for leave to intervene is timely filed, or if the Commission on its own motion believes that a formal hearing is required, further notice of such hearing will be duly given.

Under the procedure herein provided for, unless otherwise advised, it will be unnecessary for Applicant to appear or be represented at the hearing.

KENNETH F. PLUMB,
Secretary.

[Docket No. ER77-499]

KANSAS CITY POWER & LIGHT CO.

Filing of Service Schedule

SEPTEMBER 13, 1977.

Take notice that on August 23, 1977, Kansas Power & Light Co. (KCPL) tendered for filing a Service Schedule under the Missouri Participation Agreement, KCPL's Rate Schedule FPC No. 31A, Supplement No. 2. KCPL requests that said Service Schedule be permitted to become effective thirty (30) days after filing. KCPL states that the Service Schedule provides for the sale of Two Unit Capacity Participation Service to Associated Electric Cooperative, Inc. (AEC).

KCPL states that AEC needs to be assured of the availability of capacity from KCPL for the years 1980 and 1981.

Any person desiring to be heard or to protest said filing should file a petition to intervene or protest with the Federal Power Commission, 825 North Capitol Street NE., Washington, D.C. 20426, in accordance with Sections 1.8 and 1.10 of the Commission's Rules of Practice and Procedure (18 CFR 1.8, 1.10). All such petitions or protests should be filed on or before September 30, 1977. Protests will be considered by the Commission in determining the appropriate action to be taken, but will not serve to make protestants parties to the proceeding. Any person wishing to become a party must file a petition to intervene. Copies of this filing are on file with the Commission and are available for public inspection.

KENNETH F. PLUMB,
Secretary.

[Docket No. RP76-64 (PGA77-2)]

MOUNTAIN FUEL SUPPLY CO.

Tariff Sheet Filing Effective October 1, 1977

SEPTEMBER 14, 1977.

Take notice that on August 15, 1977, Mountain Fuel Supply Co., pursuant to Section 154.62 of the Commission's Regulations under the Natural Gas Act, filed Fourth Revised Sheet No. 3–A to its FPC Gas Tariff Original Volume No. 1. Mountain Fuel states that the filed tariff sheet relates to the Unrecovered Purchased Gas Cost Account of the Purchased Gas Adjustment provision authorized by the Commission's order issued February 27, 1976 in Docket No. RP76–64. More specifically the tariff sheet reflects a net rate decrease over that currently being collected of 11.5¢/MCF (X–4) and 12.8¢/(X–5) and are to be effective October 1, 1977.

Any person desiring to be heard and to make any protest with reference to said filing should on or before September 23, 1977, file with the Federal Power Commission, Washington, D.C. 20426, petitions to intervene or protests in accordance with the requirements of the Commission's Rules of Practice and Procedure (18 CFR 1.8 of 1.10). All protests filed with the Commission will be considered by it but will not serve to make the protestants parties to the proceeding. Persons wishing to become parties to a proceeding or to participate as a party in any hearing must file petitions to intervene in accordance with the Commission's Rules. Mountain Fuel Supply Co.'s tariff filing is on file with the Commission and available for public inspection.

KENNETH F. PLUMB,
Secretary.

[Docket No. CP76-460]

NATURAL GAS PIPELINE CO. OF AMERICA

Petition to Amend

SEPTEMBER 13, 1977.

Take notice that on August 24, 1977, Natural Gas Pipeline Co. of America (Petitioner), 122 South Michigan Ave-

V 421182 SEP 2077 UMI

nue, Chicago, Ill. 60603, filed in Docket No. CP76-460 a petition to amend the Commission's order of October 6, 1976, issued in the instant docket (56 FPC) pursuant to Section 7(c) of the Natural Gas Act and Section 157.7(b) of the Commission's Regulations thereunder (18 CFR 157.7(b)) so as to conform the authorization to reflect the actual construction of budget-type gas purchase facilities at a cost in excess of the authorized single offshore project cost limitation permitted by the subject order, all as more fully set forth in the petition to amend on file with the Commission and open to public inspection.

It is indicated that pursuant to the Commission's order of October 6, 1976, in the instant docket, Petitioner was authorized under budget-type authorization to construct and operate certain natural gas facilities to take natural gas which would be purchased from producers during the twelve-month period commencing October 1, 1976. It is stated that said order limited the total expenditures during the 12-month period to $10 million, with no single on-shore project to exceed a cost of $1,500,000 and no single offshore project to exceed a cost of $2,500,000.

Petitioner states that it entered into a gas purchase contract dated May 1, 1974, with Shell Oil Co. (Shell) to purchase gas from Block 331, Eugene Island Area, offshore Louisiana, and that first delivery of gas from the field at Shell's Block 331-A Platform was made on October 2, 1974. Petitioner further states that in October 1976 Petitioner and Shell agreed to connect additional reserves of gas available from Shell's Block 331-B Platform and that it was estimated that an additional 60,000 to 75,000 Mcf per day would be available to help Petitioner in its critical need for gas supply to meet the 1976-77 winter heating season demand. Petitioner asserts that even though the construction of offshore facilities late in the construction season is risky, Petitioner budgeted substantial finances to cover weather and contingencies. Petitioner felt it could reasonably be assured that the project could be completed under the $2.5 million single project limit, it is indicated.

Petitioner states that the weather encountered during the 1976-77 winter in the Gulf of Mexico was the most severe since offshore pipelining began, that the high seas and winds commenced earlier than ever before, in October, and that the percentage of construction days was the lowest on record between October 1, 1976, and March 15, 1977. The commencement of construction was delayed over a month because the lay barge was delayed in the completion of previous commitments, and continued adverse weather resulted in a construction period of 52 days compared to an estimate of 14 days plus weather downtime, it is said. Petitioner states that the facilities were placed in service on March 10, 1977.

Petitioner indicates that it has now determined that the estimated final cost of said facilities would be $4,139,229. The lay barge weather standby, diving and engineering services and boat rental charges were over $2 million higher than estimated, it is said. Accordingly, Petitioner requests that the authorization be amended to make the single project cost limitation for this project $4,150,000.

Any person desiring to be heard or to make any protest with reference to said petition to amend should on or before October 5, 1977, file with the Federal Power Commission, Washington, D.C. 20426, a petition to intervene or a protest in accordance with the requirements of the Commission's Rules of Practice and Procedure (18 CFR 1.8 or 1.10) and the Regulations under the Natural Gas Act (18 CFR 157.10). All protests filed with the Commission will be considered by it in determining the appropriate action to be taken but will not serve to make the protestants parties to the proceeding. Any person wishing to become a party to a proceeding or to participate as a party in any hearing therein must file a petition to intervene in accordance with the Commission's Rules.

KENNETH F. PLUMB,
Secretary.

[Docket No. RP76-157]

NORTHERN NATURAL GAS CO.

Rate Settlement Proposal

SEPTEMBER 14, 1977.

Take notice that on August 29, 1977, Northern Natural Gas Co. (Northern) filed with the Commission in Docket No. RP76-157 a settlement proposal which, if approved, will resolve all issues in the proceeding.

Northern states that the settlement proposal was served on all parties of record, all jurisdictional customers, and interested state commissions.

Any person wishing to do so may submit comments in writing concerning Northern's settlement proposal. All comments should be addressed to the Federal Power Commission, 825 North Capitol Street NE., Washington, D.C. 20426, and should be mailed or filed on or before September 23, 1977. Northern's settlement proposal is on file with the Commission and available for public inspection.

KENNETH F. PLUMB,
Secretary.

[FR Doc.77-27310 Filed 9-19-77;8:45 am]

[Docket No. RP72-154 (PGA 77-4)]

NORTHWEST PIPELINE CORP.

Change in Rates Pursuant to Purchased Gas Cost Adjustment

SEPTEMBER 14, 1977.

Take notice that Northwest Pipeline Corp., on August 16, 1977, tendered for filing a proposed change in rates applicable to service rendered under rate schedules affected by and subject to Article 16, Purchased Gas Cost Adjustment Provision ("PGAC"), contained in its FPC Gas Tariff, Original Volume No. 1. Such change in rates is for the purpose of (1) reflecting changes in Northwest's cost of purchased gas which will become effective on or before October 1, 1977, applied to volumes purchased for the twelve (12) month period ending June 30, 1977 and its change in unrecovered purchased gas costs since Northwest's prior semi-annual PGAC filing dated April 1, 1977, (2) crediting to all rate schedules except Rate Schedule SGS-1 through a special surcharge adjustment the difference between the estimated average storage injections cost into Clay Basin storage field and the estimated average cost of purchased gas included in Northwest's sales rates during the withdrawal season and (3) crediting to storage gas purchasers of Jackson Prairie storage withdrawal volumes under Rate Schedule SGS-1 through a special surcharge adjustment, the difference between the estimated average storage injection cost and the estimated base average cost of purchased gas included in Northwest's sales rates during the withdrawal season.

The current PGAC adjustment, for which notice is given herein, aggregates an increase of .972¢ per therm in all rate schedules affected by and subject to the PGAC. The annualized change in Northwest's purchased gas cost aggregates an increase of $80,731,524. Northwest proposes to recover, through a surcharge, the adjusted negative balance of $19,394,652 in its FPC Account No. 191, as of June 30, 1977 and the balance of $176,863 in its FPC Account No. 813, applicable to Northwest's Rate Schedule X-29 Deferred Exchange, as of June 30, 1977 and Northwest proposes to credit $1,994,680 applicable to storage gas purchasers from Clay Basin Storage to all rate schedules affected by and subject to the PGAC within this surcharge. Northwest also proposes to credit $2,281,284 to storage gas purchasers under Rate Schedule SGS-1 from Jackson Prairie Storage through a special surcharge adjustment. The proposed change in rates would increase Northwest's revenues from jurisdictional sales and service by $56,221,613.

Northwest is concurrently filing notices of changes in rates applicable to Section 13.4, Change in Rates to Reflect Curtailment Credits, contained in its Original Volume No. 1 Tariff and Article VI, Advance Payments, contained in Northwest's Stipulation and Agreement in Settlement of Rate Proceedings in Docket No. RP76-115 and Docket Nos. RP73-109 and RP74-95 (Reserved Issue). In accordance with the Commission's Order issued March 29, 1974 at Docket No. RP74-72 and the aforementioned Stipulation and Agreement, the rate adjustments under the Demand Charge Credit Adjustment provision and Advance Payment Tracker become effective on Northwest's PGAC adjustment date after 45 days notice. Accordingly, all three rate adjustments are reflected on the tendered Substitute Sixteenth Revised Sheet No. 10, which is proposed to become effective on October 1, 1977.

Any person desiring to be heard or to protest said filing should file a petition

to intervene or protest with the Federal Power Commission, 825 North Capitol Street, Washington, D.C. 20426, in accordance with Sections 1.8 and 1.10 of the Commission's Rules of Practice and Procedure (18 CFR 1.8, 1.10). All such petitions or protests should be filed on or before September 23, 1977. Protests will be considered by the Commission in determining the appropriate action to be taken, but will not serve to make protestants parties to the proceeding. Any person wishing to become a party must file a petition to intervene. Copies of this filing are on file with the Commission and are available for public inspection.

KENNETH F. PLUMB,
Secretary.

[FR Doc 77-27311 Filed 9-19-77;8:45 am]

[Docket No. CP77-609]

PANHANDLE EASTERN PIPE LINE CO. AND TRUNKLINE GAS CO.

Application

SEPTEMBER 13, 1977.

Take notice that on September 6, 1977, Panhandle Eastern Pipe Line Co. (Panhandle) and Trunkline Gas Co. (Trunkline), (Applicants), P.O. Box 1642, Houston, Tex. 77001, filed in Docket No. CP77-609 a joint application pursuant to Section 7(c) of the Natural Gas Act for a certificate of public convenience and necessity authorizing the exchange and transportation of natural gas for Michigan Gas Utilities Co. (MGU), an existing resale customer of both Panhandle and Trunkline, all as more fully set forth in the application which is on file with the Commission and open to public inspection.

It is stated that Panhandle and MGU have entered into a gas sales contract dated September 15, 1970, and Trunkline and MGU have entered into a gas sales contract dated October 31, 1961, under the terms of which Panhandle and Trunkline are authorized to sell and deliver gas to MGU. Applicants indicate that MGU desires to have part of its gas purchases from Panhandle transported by Trunkline to Trunkline to Trunkline's existing delivery point to MGU near White Pigeon, Mich.

Consequently, Applicants and MGU have entered into a gas transportation and exchange agreement dated June 14, 1977, under the terms of which MGU may designate up to 6,000 Mcf per day of its daily contract volume under its gas sales contract with Panhandle for delivery by Panhandle to Trunkline and subsequent redelivery by Trunkline to MGU at the existing Trunkline-MGU delivery point near White Pigeon, Mich. Applicants state that on any day that MGU might designate a volume of gas under its gas sales contract with Panhandle to be delivered to it at White Pigeon by Trunkline, Panhandle would make such volume available to Trunkline at the existing interconnection between Applicants near Tuscola, Ill., by decreasing its takes of gas from Trunkline by a quantity equal to that designated by MGU. Trunkline would use its best efforts to transport and deliver such volumes to MGU at White Pigeon, it is said.

It is stated that MGU has advised Panhandle that it has been experiencing low pressure problems in its service areas as a result of the curtailment by Applicants of monthly and daily volumes of gas sold and delivered to it. It is indicated that the proposed transportation and exchange of gas would assist MGU in eliminating such low pressure problems and would decrease the number of days MGU must withdraw large volumes from its storage operation for emergency pressure maintenance.

Any person desiring to be heard or to make any protest with reference to said application should on or before October 5, 1977, file with the Federal Power Commission, Washington, D.C. 20426, a petition to intervene or a protest in accordance with the requirements of the Commission's Rules of Practice and Procedure (18 CFR 1.8 or 1.10) and the Regulations under the Natural Gas Act (18 CFR 157.10). All protests filed with the Commission will be considered by it in determining the appropriate action to be taken but will not serve to make the protestants parties to the proceeding. Any person wishing to become a party to a proceeding or to participate as a party in any hearing therein must file a petition to intervene in accordance with the Commission's Rules.

Take further notice that, pursuant to the authority contained in and subject to the jurisdiction conferred upon the Federal Power Commission by Sections 7 and 15 of the Natural Gas Act and the Commission's Rules of Practice and Procedure, a hearing will be held without further notice before the Commission on this application if no petition to intervene is filed within the time required herein, if the Commission on its own review of the matter finds that a grant of the certificate is required by the public convenience and necessity. If a petition for leave to intervene is timely filed, or if the Commission on its own motion believes that a formal hearing is required, further notice of such hearing will be duly given.

Under the procedure herein provided for, unless otherwise advised, it will be unnecessary for Applicant to appear or be represented at the hearing.

KENNETH F. PLUMB,
Secretary.

[Project No. 2780]

SOLANO IRRIGATION DISTRICT

Extension of Time

SEPTEMBER 13, 1977

On August 29, 1977, Solano Irrigation District filed a motion to extend the time within which to answer the petition to intervene filed August 8, 1977, by Pacific Gas & Electric Co. in the above designated docket.

Upon consideration, notice is hereby given that the date for filing answers to the August 8, 1977, petition to intervene is extended to and including September 22, 1977.

KENNETH F. PLUMB,
Secretary.

[FR Doc.77-27306 Filed 9-19-77;8:45 am]

[Docket No. CI77-718]

SOUTH LOUISIANA PRODUCTION CO., INC. (OPERATOR), ET AL.

Limited-Term Certificate

SEPTEMBER 13, 1977.

Take notice that on August 8, 1977, South Louisiana Production Co., Inc. (Operator), et al. (SLAPCO), 3000 One Shell Plaza, Houston, Tex. 77002, filed an application for a limited-term certificate of public convenience and necessity with pregranted abandonment in Docket No. CI77-718 authorizing the sale of natural gas by SLAPCO, CRA Oil Exploration Co. (CRA), Carpenter Oil & Gas Co. (Carpenter), W. A. Moncrief, Jr. (Moncrief), and Reidy International, Inc. (Reidy).

SLAPCO, et al. request the issuance of a limited-term certificate authorizing the sale of natural gas produced from and attributable to the interests of SLAPCO, CRA, Carpenter, Moncrief, and Reidy in the Morris Heirs No. 1 Well, False River Field, West Baton Rouge Parish, La. The sale of gas proposed to be made from the Morris Heirs No. 1 well consists of a 60-day emergency sale to be effective as of August 1, 1977, and deliveries to commence on or about August 15, 1977, pursuant to Section 157.29 of the Commission's Regulations under the Natural Gas Act, to be immediately followed by a limited-term sale for an additional period extending through 7 a.m., on March 22, 1978. The sale is proposed to be made to Mid Louisiana Gas Co. (Mid Louisiana) pursuant to a Letter Agreement dated as of July 21, 1977. The agreement provides that SLAPCO, et al. retain the contractual right to refuse to accept any certificate of public convenience and necessity issued authorizing the proposed sale (1) if the certificate does not pregrant to SLAPCO, et al. the unconditional right to discontinue and abandon the sale at the conclusion of the period specified in the agreement, i.e., 360 consecutive days following March 27, 1977, or (2) if said certificate contains conditions affecting the price payable under the agreement which, in SLAPCO, et al.'s judgment, would be unduly burdensome either in the performance of the agreement or with respect to SLAPCO, et al.'s other gas operations.

Pursuant to the terms and conditions of the July 21, 1977 Agreement, Mid Louisiana would pay SLAPCO, et al. a rate of $1.53 per million Btu on a dry basis, plus 7 cents per Mcf as severance tax reimbursement, for all gas delivered under the agreement. Further, the parties have agreed that Mid Louisiana will reimburse SLAPCO, et al. for any new, increased or additional severance, production or similar taxes levied on and paid by SLAPCO, et al. The unit of volume for measurement purposes under the agreement is the State of Louisiana standard of 15.025 psia.

V 42 182 SEP 20 77 UMI

It appears reasonable and consistent with the public interest in this case to prescribe a period shorter than 10 days for the filing of protests and petitions to intervene. Therefore, any person desiring to be heard or to make any protest with reference to said application should on or before September 21, 1977, file with the Federal Power Commission, Washington, D.C. 20426, a petition to intervene or a protest in accordance with the requirements of the Commission's Rules of Practice and Procedure (18 CFR 1.8 or 1.10). All protests filed with the Commission will be considered by it in determining the appropriate action to be taken but will not serve to make the protestants parties to the proceeding. Any person wishing to become a party to a proceeding or to participate as a party in any hearing therein must file a petition to intervene in accordance with the Commission's Rules.

KENNETH F. PLUMB,
Secretary.

[Docket No. RP72-121 (PGA77-4)]

SOUTHWEST GAS CORP.

Filing of Tariff Sheet

SEPTEMBER 14, 1977.

Take notice that on August 18, 1977, Southwest Gas Corp. ("Southwest") tendered for filing Twenty-First Revised Sheet No. 3A, constituting Original PGA-1 in its FPC Gas Tariff, Original Volume No. 1. According to Southwest, the purpose of this filing is to increase rates of Southwest under its Purchased Gas Adjustment Clause in Section 9 of its General Terms and Conditions contained in its FPC Volume No. 1.

Southwest states the instant notice of change in rates is occasioned solely by an increase in the cost of purchased gas which will become effective on October 1, 1977.

Southwest has requested an effective date of October 1, 1977, and states that copies of the filing have been mailed to the Nevada Public Service Commission, the California Public Utilities Commission, Sierra Pacific Power Co. and the California-Pacific Utilities Co.

Any person desiring to be heard, or to protest said filing, should file a petition to intervene or protest with the Federal Power Commission, 825 North Capitol Street NE., Washington, D.C. 20426, in accordance with Sections 1.8 and 1.10 of the Commission's Rules of Practice and Procedure (18 CFR 1.8, 1.10). All such petitions or protests should be filed on or before September 23, 1977. Protests will be considered by the Commission in determining the appropriate action to be taken but will not serve to make protestants parties to the proceeding. Any person wishing to become a party must file a petition to intervene. Copies of this filing are on file with the Commission and are available for public inspection.

KENNETH F. PLUMB,
Secretary.

[Docket No. RP76-35 (PGA77-3)]

UTAH GAS SERVICE CO.

Proposed Change in FPC Gas Tariff

SEPTEMBER 14, 1977.

Take notice that Utah Gas Service Co., on August 18, 1977, tendered for filing a Notice of Rate Change pursuant to the Purchased Gas Cost Adjustments provision of its Special Rate Schedule No. X-1 under which surplus gas is sold to Northwest Pipeline Corp.

The purpose of the filing is to recover the jurisdictional portion of the increase in purchased gas costs which have or will become effective on or before October 1, 1977. Based on estimated sales in the twelve month period ending June 30, 1977, this increase in revenues on an annual basis attributable to the jurisdictional sales would be $7,829 subject to Btu adjustment. In addition, the filing provides for a surcharge to permit the recovery of an additional amount of $39,067 which is the balance of Account No. 191, Jurisdictional Portion of Unrecovered Gas Purchase Cost, at June 30, 1977.

Any person desiring to be heard or to protest said filing should file a petition to intervene or protest with the Federal Power Commission, 825 North Capitol Street NE., Washington, D.C. 20426, in accordance with Sections 1.8 and 1.10 of the Commission's rules of practice and procedure (18 CFR 1.8, 1.10). All such petitions or protests should be filed on or before September 23, 1977. Protests will be considered by the Commission in determining the appropriate action to be taken, but will not serve to make protestants parties to the proceeding. Any person wishing to become a party must file a petition to intervene. Copies of this filing are on file with the Commission and are available for public inspection.

KENNETH F. PLUMB,
Secretary.

[Docket No. ER77-474]

WISCONSIN PUBLIC SERVICE CORP.

Filing of Cost Support Information

SEPTEMBER 13, 1977.

Take notice that Wisconsin Public Service Corp. (WPSC) on August 25, 1977, tendered for filing cost support information. WPSC indicates that this cost support information is submitted in response to the Commission's letter of August 4, 1977, in which WPSC's original filing of June 27, 1977 ,was declared deficient.

WPSC states that it supports the principle of time-of-use pricing because it will more truly reflect WPSC's cost of service. WPSC further states that the information filed herein clarifies the original submittal of June 27, 1977. WPSC reiterates its request for a waiver of the Commission's notice requirements to allow an effective date of July 1, 1977 for the Agreement originally filed.

Any person desiring to protest said filing should file a protest with the Federal Power Commission, 825 North Capitol Street NE., Washington, D.C. 20426, in accordance with Sections 1.8 and 1.10 of the Commission's Rules of Practice and Procedure (18 CFR 1.8 and 1.10). All protests should be filed on or before September 23, 1977. Protests will be considered by the Commission in determining the appropriate action to be taken, but will not serve to make protestants parties to the proceeding. Copies of this filing are on file with the Commission and are available for public inspection.

FEDERAL RESERVE SYSTEM

ATOKA STATE BANCORPORATION, INC.

Formation of Bank Holding Company

Atoka State Bancorporation, Inc., Atoka, Okla., has applied for the Board's approval under Section 3(a)(1) of the Bank Holding Company Act (12 U.S.C. 1842(a)(1)) to become a bank holding company by acquiring 80 percent or more of the voting shares of The Atoka State Bank, Atoka, Okla. The factors that are considered in acting on the application are set forth in Section 3(c) of the Act (12 U.S.C. 1842(c)).

The application may be inspected at the offices of the Board of Governors or at the Federal Reserve Bank of Dallas. Any person wishing to comment on the application should submit views in writing to the Reserve Bank, to be received not later than October 11, 1977.

Board of Governors of the Federal Reserve System, September 14, 1977.

GRIFFITH L. GARWOOD,
Deputy Secretary of the Board.

[FR Doc.77-27228 Filed 9-19-77;8:45 am]

CAPITOL BANCORPORATION

Proposed Acquisition of Key Entry, Inc.

Capitol Bancorporation, Boston, Mass., has applied, pursuant to section 4(c)(8) of the Bank Holding Company Act (12 U.S.C. 1843(c)(8)) and § 225.4(b)(2) of the Board's Regulation Y (12 CFR 225.4(b)(2)), for permission to acquire voting shares of Key Entry, Inc., Boston, Mass. Notice of the application was published on June 30, 1977, in The Boston Globe, a newspaper circulated in Boston, Mass.

Applicant states that the proposed subsidiary would engage in the following activities: preparation of computerized business and financial information, invoicing, preparation of payroll accounts and related payroll/withholding tax information for small and medium-sized corporations and local banks. Such activities have been specified by the Board in § 225.4(a) of Regulation Y as permissible for bank holding companies, subject to Board aproval of individual proposals in accordance with the procedures of § 225.4(b).

Interested persons may express their views on the question whether consummation of the proposal can "reasonably

be expected to produce benefits to the public, such as greater convenience, increased competition, or gains in efficiency, that outweigh possible adverse effects, such as undue concentration of resources, decreased or unfair competition, conflicts of interests, or unsound banking practices." Any request for a hearing on this question should be accompanied by a statement summarizing the evidence the person requesting the hearing proposes to submit or to elicit at the hearing and a statement of the reasons why this matter should not be resolved without a hearing.

The application may be inspected at the offices of the Board of Governors or at the Federal Reserve Bank of Boston.

Any views or requests for hearing should be submitted in writing and received by the Secretary, Board of Governors of the Federal Reserve System, Washington, D.C. 20551, not later than October 11, 1977.

Board of Governors of the Federal Reserve System, September 13, 1977.

GRIFFITH L. GARWOOD,
Deputy Secretary of the Board.

COUNTY NATIONAL BANCORPORATION

Acquisition of Bank

County National Bancorporation, Clayton, Missouri, has applied for the Board's approval under section 3(a)(3) of the Bank Holding Company Act (12 U.S.C. 1842(a)(3)) to acquire 90 percent or more of the voting shares of Bank of Louisiana, Louisiana, Missouri. The factors that are considered in acting on the application are set forth in section 3(c) of the Act (12 U.S.C. 1842(c)).

The application may be inspected at the offices of the Board of Governors or at the Federal Reserve Bank of St. Louis. Any person wishing to comment on the application should submit views in writing to the Reserve Bank to be received not later than October 12, 1977.

Board of Governors of the Federal Reserve System, September 14, 1977.

GRIFFITH L. GARWOOD,
Deputy Secretary of the Board.

[FR Doc.77-27230 Filed 9-19-77;8:45 am]

EQUITABLE BANCORPORATION

Order Approving Acquisition of Bank

Equitable Bancorporation, Baltimore, Maryland, a bank holding company within the meaning of the Bank Holding Company Act, has applied for the Board's approval under section 3(a)(3) of the Act (12 U.S.C. 1842(a)(3)) to acquire all of the voting shares (less directors' qualifying shares) of the successor by merger to University National Bank, Rockville, Maryland ("Bank"). Applicant presently owns 55.9 percent of the outstanding voting shares of Bank.[1] The bank into which Bank is to be merged has no significance except as a means to facilitate the acquisition of all the voting shares of Bank. Accordingly, the proposed acquisition of shares of the successor organization is treated herein as the proposed acquisition of all the shares of Bank.

Notice of the application, affording opportunity for interested persons to submit comments and views, has been given in accordance with section 3(b) of the Act. The time for filing comments and views has expired and the Board has considered the application and all comments received in light of the factors set forth in section 3(c) of the Act (12 U.S.C. 1842(c)).

Applicant, the second largest banking organization in Maryland, controls five banks with aggregate deposits of approximately $1.2 billion representing 2.7 percent of the total deposits in commercial banks in the State.[2] Applicant presently owns 55.9 percent of the voting shares of Bank ($96.8 million in deposits), which is the eighteenth largest banking organization in the Maryland portion of the Washington, D.C. SMSA (which approximates the relevant banking market). In light of Applicant's pre-existing ownership interest in Bank, consummation of the subject proposal would not have any adverse effect upon existing or potential competition, nor would it increase the concentration of banking resources or have an adverse effect on other banks in the area. Competitive considerations, therefore, are consistent with approval of the application.

The financial and managerial resources and future prospects of Applicant, its other subsidiary banks and Bank are considered satisfactory and the future prospects for each appear favorable. Thus, banking factors are consistent with approval of the application. Although there will be no immediate increase in the services offered by Bank as a result of the proposed transaction, considerations relating to the convenience and needs of the community to be served are consistent with approval. It is the Board's judgment that the proposed transaction would be consistent with the public interest and that the application should be approved.

On the basis of the record, the application is approved for the reasons summarized above. The transaction shall not be made (a) before the thirtieth calendar day following the effective date of this Order or (b) later than three months after the effective date of this Order, unless such period is extended for good cause by the Board, or by the Federal Reserve Bank of Richmond pursuant to delegated authority.

[1] By Order of January 5, 1973 (38 FR 1539), the Board approved Applicant's application to acquire its current stock interest in Bank.

[2] All banking data are as of December 30, 1976.

By order of the Board of Governors,[3] effective September 13, 1977.

GRIFFITH L. GARWOOD,
Deputy Secretary of the Board.

GENERAL ACCOUNTING OFFICE

REGULATORY REPORTS REVIEW

Receipt of Report Proposal

The following request for clearance of a report intended for use in collecting information from the public was received by the Regulatory Reports Review Staff, GAO, on September 14, 1977. See 44 U.S.C. 3512 (c) and (d). The purpose of publishing this notice in the FEDERAL REGISTER is to inform the public of such receipt.

The notice includes the title of the request received; the name of the agency sponsoring the proposed collection of information; the agency form number, if applicable; and the frequency with which the information is proposed to be collected.

Written comments on the proposed FEA request are invited from all interested person, organizations, public interest groups, and affected businesses. Because of the limited amount of time GAO has to review the proposed request, comments (in triplicate) must be received on or before October 11, 1977, and should be addressed to Mr. John M. Lovelady, Acting Assistant Director, Regulatory Review, United States General Accounting Office, Room 5033, 441 G Street, NW., Washington, D.C. 20548.

Further information may be obtained from Patsy J. Stuart of the Regulatory Reports Review Staff, 202–275–3532.

FEDERAL ENERGY ADMINISTRATION

The FEA requests clearance of revised Form FEA–P112–M–2, No. 2 Heating Oil Supply/Price Monitoring Report. The FEA states that there are three changes that have been made to the present Form FEA–P112–M–1 (expiring 6/30/79) and which necessitate this clearance request. The changes are: (1) deletion of the telephonic survey Schedule A–2 (the other schedules remain unchanged); (2) expansion and clarification of the form's instructions including specific directions concerning companies' requests for treatment of data as confidential; and (3) expansion of the respondent sample from 600 to 2,000 companies. These changes were necessitated by revisions to the FEA middle distillate post-exemption monitoring system as a result of experience gained during the 1976–77 heating season, and comments received from the petroleum industry, state governments and consumer groups.

Form FEA–P112–M–2 is required in order that FEA execute its role in monitoring certain volumetric cost, margin and price movements for No. 2 heating oil within the petroleum industry and to perform analyses and projections related to supplies, demands, margins and prices pursuant to Public Law 93–275, section 52, as amended by Public Law 94–385.

The proposed mandatory form will be mailed to a stratified sample of 2,000 sellers of No. 2 heating oil selected from the total universe of 7,430 companies. The strata will be the same as those used for the Form FEA–P112–M–1.

Stratum 1 will consist of all companies reporting national total annual sales of 10,000,000 gallons or more of No. 2 heating oil. There are approximately 230 of these companies and they will all be included in the sample.

Stratum 2 will consist of those companies having annual sales of 2,000,000 to 10,000,000 gallons of No. 2 heating oil. There are approximately 1,200 companies in this stratum and they will be sampled by state.

Stratum 3 will consist of those companies having annual sales under 2,000,000 gallons of No. 2 heating oil of which there are approximately 6,000 firms.

A detailed cover letter and the FEA–P112–M–2 form and instructions will be mailed to every selected firm. The form will be required to be filed no later than 20 days after the close of each calendar month. FEA estimates a monthly respondent burden of 5 hours per report. This burden is the same as that estimated for the FEA–P112–M–1 minus the one hour for the telephonic survey.

NORMAN F. HEYL,
Regulatory Reports Review Officer.

IMMUNIZATION PRACTICES ADVISORY COMMITTEE

Meeting

In accordance with section 10(a)(2) of the Federal Advisory Committee Act (Pub. L. 92–463), the Center for Disease Control announces the following Committee meeting:

NAME: Immunization Practices Advisory Committee.

DATES: October 5–7, 1977.

PLACE: Room 207, Building 1, Center for Disease Control, 1600 Clifton Road NE., Atlanta, Ga. 30333.

TIME: 8:30 a.m.

TYPE OF MEETING: Open.

CONTACT PERSON:

H. Bruce Dull, M.D., Executive Secretary of Committee, Building 1, Room 2118, Center for Disease Control, 1600 Clifton Road NE., Atlanta, Ga. 30333. Phone: AC/404 633–3311, Extension 3701, FTS: 236–3701.

PURPOSE: The Committee is charged with advising on the appropriate uses of immunizing agents for public health practice.

AGENDA: The Committee will continue its review of existing recommendations on vaccines of public health importance and proceed with their updating.

Agenda items are subject to change as priorities dictate.

The meeting is open to the public for observation and participation. A roster of members and other relevant information regarding the meeting may be obtained from the contact person listed above.

Dated: September 12, 1977.

WILLIAM H. FOEGE,
Director,
Center for Disease Control.

Food and Drug Administration

[Docket No. 76P-0158]

LIBBY, McNEILL & LIBBY, INC.

Canned Peaches Deviating From Identity Standards; Extension of and Amendment to a Temporary Permit for Market Testing

AGENCY: Food and Drug Administration.

ACTION: Notice.

SUMMARY: This document announces that a temporary permit to market test a new style of peaches designated as "chunky" issued to Libby, McNeill & Libby, Inc., has been extended and amended, as requested. The amendment provides for market testing of an additional 60,000 cases of twenty-four 16-ounce cans of the test product to be packed this year. The amendment also provides for the expansion of the marketing areas. The finished product deviates from the standard of identity for canned peaches.

EFFECTIVE DATE: This amended permit is effective on September 20, 1977, and shall terminate either on the effective date of an affirmative order ruling on the Libby, McNeill & Libby, Inc., petition or 30 days after a negative order ruling on the petition, whichever the case may be.

FOR FURTHER INFORMATION CONTACT:

Benjamin M. Gutterman, Bureau of Foods (HFF–402), Food and Drug Administration, Department of Health, Education, and Welfare, 200 C Street SW., Washington, D.C. 20204 (202–245–1231).

SUPPLEMENTARY INFORMATION: The original permit was issued to Libby, McNeill & Libby, Inc., pursuant to § 130.17 (21 CFR 130.17, formerly § 10.5) concerning temporary permits to facilitate market testing of foods deviating from the requirements of the standards of identity promulgated under section 401 of the Federal Food, Drug, and Cosmetic Act (21 U.S.C. 341). Notice of the issuance of the permit was published in the FEDERAL REGISTER of September 17, 1976 (41 FR 40205). This permit covered limited interstate marketing tests of canned peaches that deviate from the standard of identity prescribed in § 145.170(a) (21 CFR 145.170(a)), in that the optional style of chunky peaches (units predominantly greater than ½ inch and less than 1¾ inches in the largest dimension) is not provided for in the standard. The product is packed in heavy syrup and contains artificial peach flavor, both of which are already provided for in the standard. In addition to the name "chunky peaches," the principal display panel of the label contains the words "in heavy syrup".

Libby, McNeill & Libby, Inc., has submitted a petition, in conjunction with the request for an extension and amendment to the temporary permit, proposing that the standards of identity and quality for canned peaches (21 CFR 145.170) be amended to provide for the optional style "chunky" peaches. The petition, which is being considered by the Food and Drug Administration, is on file with the Hearing Clerk, Food and Drug Administration, Room 4–65, 5600 Fishers Lane, Rockville, Md. 20857, for review by interested persons.

The Commissioner concludes that it will be in the interest of consumers to extend the time period and amend the temporary permit as requested. Pursuant to § 130.17, all interested persons may participate in the market tests under the conditions that apply to Libby, McNeill & Libby, Inc., including the labeling requirements and the amounts to be distributed (60,000 cases of twenty-four 16-ounce cans of peaches). The amendment also provides for the expansion of the marketing areas to include Illinois (excluding Chicago), Eastern Kansas, Minnesota, Missouri, North Dakota, Oklahoma, and South Dakota, in addition to Iowa, Nebraska, New York, and Pennsylvania. The designated area of distribution does not apply to such interested persons. Any interested person who elects to participate in the extended market test shall notify the Commissioner in writing of that fact, the amount to be distributed, and the area of distribution. Along with such notification, he shall submit the labeling under which the food is to be distributed.

This permit extension, as issued to Libby, McNeill & Libby, Inc., and such others who participate in accordance with the provisions set out above, expires either on the effective date of an affirmative order ruling on the petition of Libby, McNeill & Libby, Inc., or 30 days after a negative order ruling on the petition, whichever the case may be.

Dated: September 12, 1977.

JOSEPH P. HILE,
Associate Commissioner for Compliance.

[FR Doc.77-27069 Filed 9-19-77;8:45 am]

MILK AND MILK PRODUCTS SANITATION

Memorandum of Understanding With National Conference on Interstate Milk Shipments

AGENCY: Food and Drug Administration.

ACTION: Notice.

SUMMARY: The Food and Drug Administration has executed a memorandum of understanding with the National Conference on Interstate Milk Shipments. The purpose of the agreement is to strengthen the Interstate Milk Shippers Program by setting forth the responsibilities of each agency in the cooperative effort to ensure the sanitary quality of milk and milk products shipped interstate.

DATE: The agreement became effective August 5, 1977.

FOR FURTHER INFORMATION CONTACT:

Gary Dykstra, Compliance Coordination and Policy Staff (HFC–13), Food and Drug Administration, Department of Health, Education, and Welfare, 5600 Fishers Lane, Rockville, Md. 20857 (301–443–3470).

SUPPLEMENTARY INFORMATION: Pursuant to the notice published in the FEDERAL REGISTER of October 3, 1974 (39 FR 35697), stating that future memoranda of understanding and agreements between FDA and others would be published in the FEDERAL REGISTER, the Commissioner of Food and Drugs is issuing the following memorandum of understanding:

MEMORANDUM OF UNDERSTANDING BETWEEN THE U.S. FOOD AND DRUG ADMINISTRATION AND THE NATIONAL CONFERENCE ON INTERSTATE MILK SHIPMENTS

BACKGROUND

The Food and Drug Administration (FDA) is the federal agency responsible for enforcing the Federal Food, Drug, and Cosmetic Act, 21 U.S.C. 301 et seq. Included within the FDA's responsibilities under the Act is the responsibility for regulation of foods shipped in interstate commerce, including milk and milk products.

The National Conference on Interstate Milk Shipments (NCIMS) is a voluntary organization directed and controlled by the member States and open to all persons interested in its objective of promoting the availability of a high quality milk supply. It is governed by an Executive Board whose members include representatives from state departments of health and agriculture, the FDA, the U.S. Department of Agriculture and industry.

Through their collaborative efforts, the FDA and the NCIMS have developed a cooperative, federal-state program (the Interstate Milk Shippers Program) to ensure the sanitary quality of milk and milk products shipped interstate. The Program is operated primarily by the States, with FDA providing varying degrees of scientific, technical and inspection assistance as provided by FDA Publication No. 72–2022, Procedures Governing the Cooperative Federal-State Program for Certification of Interstate Milk Shippers ("Procedures Manual"). The result has been the establishment of a viable and effective certification and enforcement program which has been of significant benefit to consumers.

The Interstate Milk Shippers Program relies upon the Grade "A" Pasteurized Milk Ordinance and related technical documents referred to in the Procedures Manual for the sanitary standards, requirements and procedures it follows to ensure the safety and wholesomeness of Grade "A" milk and milk products. FDA considers these standards, requirements, and procedures to be adequate for the protection of the health and safety of the consumer. Sources of Grade "A" milk and milk products intended for use on interstate conveyances and subject to the Interstate Conveyance Sanitation Regulations (21 CFR 1250 et seq.) promulgated pursuant to the Public Health Service Act (42 U.S.C. 264) are considered approved sources for purposes of 21 CFR 1250.26 if they have a State or local permit, are under the routine inspection of a State or local regulatory agency and meet the provisions of the Procedures Manual.

PURPOSE

The purpose of this Memorandum is to strengthen the Interstate Milk Shippers Program by stating the responsibilities of the FDA and the NCIMS for execution of the Program, the means for resolving questions of interpretation that may arise in the execution of the Program, and the means for making modifications in the Program.

AGREEMENT

The FDA and the NCIMS have agreed upon the following principles:

A. The Interstate Milk Shippers Program shall be governed by the provisions of the current FDA Publication No. 72–2022, Procedures Governing the Cooperative Federal-State Program for Certification of Interstate Milk Shippers, and by the documents referenced therein. Copies of all governing documents are available for review in the office of the Food and Drug Administration, Hearing Clerk.

B. The responsibilities of the NCIMS, the participating States, and FDA for execution of the Interstate Milk Shippers Program shall be as stated in the above referenced Procedures Manual.

C. Failure on the part of any certified state milk sanitation rating officer, state milk laboratory survey officer, or state sampling surveillance officer to comply with the provisions of this Memorandum or the Procedures Manual shall be sufficient cause for FDA to proceed to a hearing to provide said rating officer, laboratory survey officer, or sampling surveillance officer an opportunity to show cause why his/her certification or approval should not be revoked.

D. It shall be the right of the NCIMS and each participating State to request and receive consultation with the appropriate representative of the FDA to discuss the provisions of this Memorandum or problems encountered in the execution of the provisions of the Procedures Manual. The initial contact office at FDA for all inquiries pertaining to the Program is the Bureau of Foods (HFF–415), FDA, 200 C Street SW., Washington, D.C. 20204.

E. It shall be the right of the FDA to request and receive consultation with appropriate officials of the NCIMS or any of its member States to discuss the provisions of this Memorandum or problems encountered in the execution of the provisions of the Procedures Manual. The Executive Board of NCIMS can be contacted by FDA personnel through the Bureau of Foods (HFF–415) at the address indicated in paragraph D, above.

F. Problems of interpretation regarding provisions of the Procedures Manual and the documents referenced therein, or their application, shall be subject to resolution by mutual agreement of the parties.

G. Changes in the provisions of the Procedures Manual and the documents referred

V 42 I 182 SEP 20 77 UMI

to therein shall be mutually concurred in by NCIMS and FDA.

H. This Memorandum of Understanding may be modified by mutual consent of the parties and may be terminated by either party upon a thirty (30) day advance written notice to the other. Any modification or notice of termination will be published in the FEDERAL REGISTER

For the FDA.

Dated: August 5, 1977.

DONALD KENNEDY,
Commissioner of Food and Drugs.

For the NCIMS.

Dated: June 28, 1977.

H. H. VAUX,
Chairman, NCIMS.

Effective date: This Memorandum of Understanding became effective August 5, 1977.

Dated: September 12, 1977.

JOSEPH P. HILE,
Associate Commissioner for Compliance.

[FR Doc.77 27071 Filed 9-19-77;8:45 am]

[Docket No. 76N-0331]

MERCK & CO., INC., ET AL.

Streptomycin, or Dihydrostreptomycin Boluses and Tablets with Sulfonamides; Withdrawal of Approval of Certain NADA's

AGENCY: Food and Drug Administration.

ACTION: Notice.

SUMMARY: This document amends a notice of opportunity for hearing as it pertains to Merck & Co. and withdraws approval of certain new animal drug applications (NADA 65-048, NADA 65-091, NADA 65-093) for which timely appearances in response to the notice were not filed.

EFFECTIVE DATE: September 20, 1977.

FOR FURTHER INFORMATION CONTACT:

Donald Gable, Bureau of Veterinary Medicine (HFV-100), Food and Drug Administration, Department of Health, Education, and Welfare, 5600 Fishers Lane, Rockville, Md. 20857 (301-443-4313).

SUPPLEMENTARY INFORMATION: In the FEDERAL REGISTER of September 16, 1976 (41 FR 39823), the Food and Drug Administration issued a notice of opportunity for hearing proposing to withdraw approval of the following new animal drug applications (NADA's) for streptomycin or dihydrostreptomycin boluses and tablets with sulfonamides:

NADA 65-070; Sulfastrep Bolus and Pro-Pak Sulfastrep (streptomycin sulfate, sulfamethazine, phthalylsulfathiazole and kaolin). Merck Sharp & Dohme Research Laboratories, Division of Merck & Co., Inc., Rahway, N.J. 07065.

NADA 65-048; Sul-Mycin Calf Scour Bolus, Karan Bolus and Wayne Calf Bolus (an activated attapulgite, sulfathiazole, phthalylsulfacetamide, dihydrostreptomycin sulfate and pectin). Philips Roxane, Inc., St. Joseph, Mo. 64502.

NADA 65-091; Dihydrostreptomycin-Sulfonamide Tablets (several products consisting of dihydrostreptomycin sulfate in combination with various sulfonamides including phthalylsulfacetamide, sulfathiazole, sulfamerazine, sulfacetamide, phthalylsulfathiazole, sulfamethazine, sulfaguanidine); NADA 65-093; Streptomycin-Sulfonamide Tablets (streptomycin sulfate, phthalylsulfathiazole, sulfamethazine and kaolin). Vet Products Corp., Kansas City, Mo. 64108.

The notice of opportunity for hearing was based upon a finding by the Director of the Bureau of Veterinary Medicine (Director) that:

1. New information with respect to the drug products, evaluated together with evidence available at the time of the approval of the products, shows there is a lack of substantial evidence that the drug products will have the effect they purport or are represented to have under the conditions of use prescribed, recommended, or suggested in the labeling;

2. New evidence not available until after such application was approved, evaluated together with the evidence available when the application was approved, shows such drug is not shown to be safe for use under the conditions of use upon the basis of which the application was approved; and

3. The applicants have failed to make such required reports in accordance with a regulation under section 512(1) of the act (21 U.S.C. 360b(1)).

Merck and Co. responded to the notice of opportunity of hearing for NADA 65-070 by letter, dated October 8, 1976. Merck stated that it was doing the required efficacy studies, that it had submitted the subacute toxicity studies required by § 510.450 (21 CFR 510.450) for phthalylsulfathiazole, and that it had authorization from its supplier of sulfamethazine to use their safety information. For these reasons, Merck stated that it should not have been included in the notice proposing the withdrawal of NADA's and that the proposal to amend § 544.173a (21 CFR 544.173a) by deleting the provisions that provide for certification of its product should be withdrawn.

The Director has evaluated Merck's response and has determined it to be an adequate basis for delaying a withdrawal action as it pertains to NADA 65-070. Therefore, the Director agrees that NADA 65-070 should be excluded from the notice of opportunity for hearing.

Neither Philips Roxane, Inc., nor Vet Products Corp. filed a timely written appearance or request for hearing in response to the notice within the 30-day period provided, as required by § 514.200 *Contents of notice of opportunity for a hearing* (21 CFR 514.200). Such failure is construed as an election not to avail themselves of the opportunity for hearing and is grounds for entering a final order without further notice.

Elsewhere in this issue of the FEDERAL REGISTER, the Director is terminating a proposal to delete from the regulations the provision that permits the certification of streptomycin/dihydrostreptomycin tablets that contain a sulfonamide.

Therefore, under the Federal Food, Drug, and Cosmetic Act (sec. 512(e), 82 Stat. 345-347 (21 U.S.C. 360b(e))) and under authority delegated to the Commissioner of Food and Drugs (21 CFR 5.1) and in accordance with §514.155 *Withdrawal of approval of applications* (21 CFR 514.115), notice is given that the notice of opportunity for hearing published in the FEDERAL REGISTER of September 16, 1976 (41 FR 39823) is amended as it pertains to Merck, removing Merck from its scope; and, that approvals of NADA 65-048, NADA 65-091, and NADA 65-093 and all supplements and amendments thereto are hereby withdrawn, effective September 20, 1977.

Dated: September 13, 1977.

C. D. VAN HOUWELING,
Director, Bureau of Veterinary Medicine.

Health Services Administration

NATIONAL ADVISORY COUNCIL ON MIGRANT HEALTH

Meeting

In accordance with section 10(a)(2) of the Federal Advisory Committee Act (Pub. L. 92463), announcement is made of the following National Advisory body scheduled to meet during the month of November 1977:

NAME: National Advisory Council on Migrant Health.

DATE AND TIME: November 8-10, 1977, 9 a.m.

PLACE: Conference Room K, Parklawn Building, 5600 Fishers Lane, Rockville, Md. 20857.

OPEN for entire meeting.

PURPOSE: The Committee is charged with advising, consulting with, and making recommendations to the Secretary and the Administrator, Health Services Administration, concerning the organization, operation, selection, and funding of Migrant Health Centers and other entities under grants and contracts under section 319 of the Public Health Service Act.

AGENDA: The Council will consider the following: (1) Quality of health care and how it is focused in the migrant health centers and projects; (2) integration of mental health, alcohol and drug abuse diagnosis, treatment and prevention programs with migrant health programs; (3) program development and coordination of services with Federal, State and community organizations and their providers and staff.

Anyone wishing to obtain a roster of members, minutes of meeting, or other relevant information should contact Billy W. Sandlin, Bureau of Community Health Services, Room 7A-55, Parklawn Building, 5600 Fishers Lane, Rockville, Md. 20857, telephone 301-443-1153.

Agenda items are subject to change as priorities dictate.

Dated: September 12, 1977.

WILLIAM H. ASPDEN, JR.,
Associate Administrator for Management.

DEPARTMENT OF THE INTERIOR

Bureau of Land Management

[Wyoming 60720]

WYOMING

Application

SEPTEMBER 9, 1977.

Notice is hereby given that pursuant to section 28 of the Mineral Leasing Act of 1920, as amended (30 U.S.C. 185), the Western Transmission Corp. of Rawlins, Wyo., filed an application for a right-of-way to construct a 4-inch pipeline for the purpose of transporting natural gas across the following described public lands:

SIXTH PRINCIPAL MERIDIAN, WYOMING

T. 15 N., R. 90 W.,
Sec. 31, lots 6 and 7.
T. 14 N., R. 91 W.,
Sec. 1, lots 5, 9-11;
Sec. 12, lot 1, W½E½ and SE¼SW¼;
Sec. 13, NE¼NW¼.

The pipeline will transport natural gas within T. 14 N., R. 91 W., and T. 15 N., R. 90 W., 6th P. M., Carbon County, Wyo.

The purpose of this notice is to inform the public that the Bureau will be proceeding with consideration of whether the application should be approved and, if so, under what terms and conditions.

Interested persons desiring to express their views should do so promptly. Persons submitting comments should include their name and address and send them to the District Manager, Bureau of Land Management, 1300 Third Street, P.O. Box 670, Rawlins, Wyo. 82301.

HAROLD G. STINCHCOMB,
Chief, Branch of Lands and Minerals Operations.

EVERGLADES NATIONAL PARK, FLA.; PROPOSED MASTER PLAN

Availability of Draft Environmental Statement

Pursuant to section 102(2)(C) of the National Environmental Policy Act of 1969, the Department of the Interior has prepared a Draft Environmental Statement on the proposed Master Plan for Everglades National Park.

The statement discusses proposals for the management, development and operation of Everglades National Park.

Written comments on the Environmental Statement are invited and will be accepted on or before November 4, 1977. Comments should be addressed to the Regional Director, Southeast Region, or the Superintendent, Everglades National Park, at the address given below.

Copies are available from or for inspection at the following locations:

Southeast Regional Office, National Park Service, 1895 Phoenix Boulevard, Atlanta, Ga. 30349.
Superintendent, Everglades National Park, P.O. Box 279, Homestead, Fla. 33030.
Superintendent, Biscayne National Monument, P.O. Box 1369, Homestead, Fla. 33030

Dated: August 31, 1977.

LARRY E. MEIEROTTO,
Deputy Assistant Secretary of the Interior.

NATIONAL REGISTER OF HISTORIC PLACES

Notification of Pending Nominations

Nominations for the following properties being considered for listing in the National Register were received by the National Park Service before September 9, 1977. Pursuant to § 60.13(a) of 36 CFR Part 60, published in final form on January 9, 1976, written comments concerning the significance of these properties under the National Register criteria for evaluation may be forwarded to the Keeper of the National Register, National Park Service, U.S. Department of the Interior, Washington, D.C. 20240. Written comments or a request for additional time to prepare comments should be submitted by September 30, 1977.

WILLIAM J. MURTAGH,
Keeper of National Register.

GREEN SPRINGS HISTORIC DISTRICT, LOUISA COUNTY, VA.

Negative Declaration for Redesignation of Historic District as National Historic Landmark and Request for Written Comments on Related Matters

Pursuant to a FEDERAL REGISTER notice of June 29, 1977, the Secretary of the Interior, among other matters, is reconsidering whether or not the Green Springs Historic District is of national historic significance and therefore properly designated as a National Historic Landmark and listed on the National Register as such. A public hearing on this issue, among others, was held on July 27, 1977, in Louisa County, Va., and the Department of the Interior has received several written comments. This notice is to announce that an environmental assessment of the impacts of determining that the Green Springs Historic District is properly a National Historic Landmark has been made, and upon review thereof it has been determined that an environmental impact statement on this possible action is not required.

Basically, the environmental assessment discusses the consequences of designation as a National Historic Landmark (and subsequent listing on the National Register), including the Secretary's responsibilities to preserve historic places and what measures may be taken to do this and examines the consequences of listing on the National Register, including the increased environmental and historic review attaching to Federal or Federally-assisted projects which may impact on such areas and the effect of section 2124 of the Tax Reform Act of 1976 which provides both Federal income tax benefits and detriments to certain properties located within historic districts located on the National Register. The alternative of not redesignating the area as a National Historic Landmark is also considered as are the nature of the resource, alternatives, and adverse affects.

The environmental assessment and review are on file and available upon request from the Office of Archeology and Historic Preservation, National Park Service, Department of the Interior, Washington, D.C. 20240. Anyone desiring to comment upon the environmental assessment and review should put their comments in writing and send them to the Chief, Office of Archeology and Historic Preservation at the address noted above. Comments received within thirty days of the date of this notice shall be considered. The Secretary will not make a decision on the reconsideration of the designation of the Green Springs Historic District as a National Historic Landmark until the comment period has expired. The area will remain a National Historic Landmark until such time as the Secretary has made his decision.

As additional time for consideration is needed pursuant to the above, this notice also requests that any person wishing to comment in writing further or for the first time on any of the matters to be decided upon by the Secretary with respect to the Green Springs Historic District may do so to the address noted above within thirty days of the date of this notice. Those matters include: The acceptance of preservation easements for the Green Springs Historic District as described in FEDERAL REGISTER notices of March 18, 1977, May 18, 1977, and June 21, 1977; whether or not proper notice was given by the State of Virginia with respect to the nomination of the Green Springs Historic District to the National Register in 1973 as described in the June 29, 1977, FEDERAL REGISTER notice; and, as described above, whether or not the Green Springs Historic District is of national historic significance and thus properly designated as a National Historic Landmark in 1974 as described in the June 27, 1977, FEDERAL REGISTER notice. Any of the background documents mentioned in the notices indicated above are available to the public upon request.

With respect to the reconsideration of designation as a National Historic Landmark, two matters ought to be particularly noted. First, if the Green Springs Historic District is properly designated as a National Historic Landmark, it will remain listed on the National Register of Historic Places regardless of whether or not it was properly nominated to the National Register by the State of Virginia. Among the other consequences mentioned in the environmental assessment, particular attention should be given to, and comment is particularly invited upon, the fact that certain properties located within historic districts listed on the National Register are subject to certain Federal income tax benefits and detriments. These provisions are set forth fully in section 2124 of the Tax Reform Act of 1976 but basically provide for rapid depreciation or amortization of rehabilitation to depreciable property of historic significance to the district, loss of tax deductions for demolition of such depreciable property, and loss of accelerated depreciation benefits for properties built upon the site of such structures.

Particular attention is also called to the issue of whether the Green Springs Historic District is of national historic significance and comments are particularly requested based on the following criteria for determining if a district is of national historic significance: (1) Does the district have exceptional value or quality in illustrating or interpreting the historical heritage of our Nation illustrating a way of life in its developing culture? (2) Does the district possess integrity, that is, does it have a composite quality derived from original workmanship, original location and intangible elements of feeling and association inherent in an assemblage of historic buildings of visible architectural unity? When preserved or restored as integral parts of the environment, historic buildings not sufficiently significant individually by reason of historical association or architectural value may nonetheless collectively compose an historic district of national historic significance by meeting these criteria.

The decisions of the Secretary on the matters mentioned above will be made after expiration of the thirty day written comment period provided hereby and review of all comments received.

Dated: September 14, 1977.

JERRY L. ROGERS,
Chief, Office of Archeology and Historic Preservation.

DEPARTMENT OF JUSTICE

Drug Enforcement Administration

ECGONINE FOR CONVERSION

Controlled Substances in Schedules I and II

Section 306 of the Comprehensive Drug Abuse Prevention and Control Act of 1970 (21 U.S.C. 826) requires the Attorney General to establish aggregate production quotas for all controlled substances in Schedules I and II each year. This responsibility has been delegated to the Administrator of the Drug Enforcement Administration pursuant to § 0.100 of Title 28 of the Code of Federal Regulations.

On July 8, 1977, a notice of the proposed aggregate production quota for 1977 for Ecgonine For Conversion was published in the FEDERAL REGISTER (42 FR 35234). All interested parties were invited to comment or object to the proposed aggregate production quota on or before August 8, 1977. No comments or objections were received.

Therefore, under the authority vested in the Attorney General by section 306 of the Comprehensive Drub Abuse Prevention and Conrtrol Act of 1970 (21 U.S.C. 826), and delegated to the Administrator of the Drug Enforcement Administration by § 0.100 of Title 28 of the Code of Federal Regulations, the Administrator of the Drug Enforcement Administration hereby orders that the aggregate production quota for the controlled substance listed below, expressed in grams of anhydrous base, be established as follows:

	Issued 1977 (700 kilograms)
Basic class:	
Ecgonine for conversion	700,000

This order is effective September 20, 1977.

Dated: September 13, 1977.

PETER B. BENSINGER,
Administrator,
Drug Enforcement Administration.

DEPARTMENT OF LABOR

Office of the Secretary

[TA-W-1701]

AL-MAE CO.

Certification Regarding Eligibility To Apply for Worker Adjustment Assistance

In accordance with Section 223 of the Trade Act of 1974 the Department of Labor herein presents the results of TA-W-1701: investigation regarding certification of eligibility to apply for worker adjustment assistance as prescribed in Section 222 of the Act.

The investigation was initiated on March 3, 1977 in response to worker petition received on Feberuary 28, 1977 which was filed by the International Ladies' Garment Workers' Union on behalf of workers and former workers producing dresses at the Croyden, Pennsylvania plant at Al-Mae Company.

The notice of investigation was published in the FEDERAL REGISTER on March 11, 1977 (42 FR 13627). No public hearing was requested and none was held.

The information upon which the determination was made was obtained principally from officials of Al-Mae Company, its customers, the U.S. Department of Commerce, the U.S. International Trade Commission, industry analysts and Department files.

In order to make an affirmative determination and issue a certification of eligibility to apply for adjustment assistance each of the group eligibility requirements of Section 222 of the Trade Act of 1974 must be met:

(1) That a significant number or proportion of the workers in the workers' firm or an appropriate subdivision thereof, have become totally or partially separated, or are threatened to become totally or partially separated;

(2) That sales or production, or both of such firm or subdivision have decreased absolutely;

(3) That articles like or directly competitive with those produced by the firm or subdivision are being imported in increased quantities, either actual or relative to domestic production; and

(4) That such increased imports have contributed importantly to the separations, or threat thereof, and to the decrease in sales or production. The term "contributed importantly" means a cause which is important but not necessarily more important than any other cause.

The investigation has revealed that all four of the above criteria have been met.

SIGNIFICANT TOTAL OR PARTIAL SEPARATIONS

Average employment of production workers at Al-Mae declined 1.7 percent in 1976 compared to 1975. Moreover, employment decreased 21.2 percent in the second half of 1976 compared to the same period in 1975. Average employment declined 27.7 percent in the first quarter of 1977 compared to the same quarter in 1976.

SALES OR PRODUCTION, OR BOTH, HAVE DECREASED ABSOLUTELY

Company sales of women's dresses and sportswear increased 5.4 percent in 1976 compared to 1975, but decreased 36.5 percent in the second half of 1976 compared to the same period in 1975. Sales further declined 42.3 percent in the first quarter of 1977 compared to the same quarter in 1976.

INCREASED IMPORTS

Imports of women's and misses' dresses declined from 963,000 dozens in 1972 to 596,000 dozens in 1973 and then increased each year to 659,000 dozens in 1976. The ratio of imports to domestic production declined from 4.7 percent in 1972 to 3.2 percent in 1973 and then increased steadily to 4.5 percent in 1975 and 1976.

Imports of women's, misses', and children's coats and jackets were recorded at 1,769,000 dozen in 1972; 1,807,000 dozen in 1973; 1,478,000 dozen in 1974; and 1,517,000 dozen in 1975. In 1976 imports rose to 2,252,000 dozen, an increase of 48.5 percent from 1975. For the first quarter of 1977, imports increased to 590,000 dozen, representing an increase of 16.6 percent compared to 506,000 dozen in the first quarter of 1976. The ratio of imports to domestic production increased from 30.9 percent in 1974 to 35.4 percent in 1975 and to 52.2 percent in 1976.

Imports of women's, misses', and children's slacks and shorts decreased from 12,094,000 dozen in 1972 to 8,923,000 dozen in 1974 and then increased to 10,067,000 dozen in 1975. In 1976 imports rose to 11,040,000 dozen, an increase of 9.7 percent from 1975. For the first quarter of 1977, imports decreased to 3,373,000 dozen, representing a decline of 4.5 percent compared to 3,531,000 dozen in the first quarter of 1976. The ratio of imports to domestic production increased from 30.3 percent in 1974 to 33.0 percent in 1975 and to 39.0 percent in 1976.

Imports of women's, misses', and children's blouses and shirts increased in each year from 17,265,000 dozen in 1972 to 26,113,000 dozen in 1975. In 1976 imports rose to 30,273,000 dozen, in increase of 15.9 percent from 1975. For the first quarter of 1977, imports decreased to 8,280,000 dozen, representing a decline of 14.3 percent compared to 9,657,000 dozen in the first quarter of 1976. The ratio of imports to domestic production increased from 50.2 percent in 1973 to 70.4 percent in 1975 and to 76.0 percent in 1976.

Imports of women's, misses', and children's skirts decreased from 593,000 dozen in 1972 to 254,000 dozen in 1974 and then increased to 508,000 dozen in 1975. In 1976 imports rose to 780,000 dozen, an increase of 53.5 percent from 1975. For the first quarter of 1977, imports were recorded at 103,000 dozen, representing a decline of 61.3 percent compared to 266,000 dozen in the first quarter of 1976. The ratio of imports to domestic production increased from 4.9 percent in

V 42 I 182 SEP 20 77 UMI

1974 to 10.6 percent in 1975 and to 12.2 percent in 1976.

Imports of women's, misses', and children's sweaters decreased from 8,087,000 dozen in 1972 to 7,990,000 dozen in 1973 and then increased to 8,965,000 dozen in 1975. In 1976 imports rose to 9,613,000 dozen, an increase of 7.2 percent from 1975. For the first quarter of 1977, imports were recorded at 816,000 dozen, representing a decline of 33.4 percent compared to 1,225,000 dozen in the first quarter of 1976. The ratio of imports to domestic production increased from 94.2 percent in 1973 to 115.1 percent in 1975 and to 122.3 percent in 1976.

Imports of women's, misses' and children's suits (including pantsuits and jumpsuits) increased each year from 306,000 dozens in 1972 to 412,000 dozens in 1975, and then declined to 408,000 dozens in 1976. Imports increased from 46,000 dozens in the first quarter of 1976 to 62,000 dozens in the same quarter in 1977. The ratio of imports to domestic production increased from 7.1 percent in 1972 to 12.3 percent in 1974 and then declined to 11.6 percent in 1976.

CONTRIBUTED IMPORTANTLY

A survey of customers of Al-Mae indicated that all of these customers purchased imported women's dresses and sportswear. Most of these customers shifted purchases from Al-Mae to foreign sources in 1976 and the first half of 1977.

CONCLUSION

After careful review of the facts obtained in the investigation, I conclude that increases of imports like or directly competitive with women's dresses and sportswear produced at the Croyden, Pennsylvania plant of Al-Mae Company contributed importantly to the total or partial separation of the workers of that plant. In accordance with the provisions of the Act, I make the following certification:

All workers at the Croyden, Pennsylvania plant of Al-Mae Company, who became totally or partially separated from employment on or after April 26, 1976 are eligible to apply for adjustment assistance under Title II, Chapter 2 of the Trade Act of 1974.

Signed at Washington, D.C. this 31st day of August 1977.

JAMES F. TAYLOR,
Director, Office of Management, Administration and Planning.

[FR Doc 77-27178 Filed 9-19-77;8:45 am]

[TA-W-2130]

CHICAGO BRIDGE & IRON CO.

Negative Determination Regarding Eligibility To Apply for Worker Adjustment Assistance

In accordance with Section 223 of the Trade Act of 1974 the Department of Labor herein presents the results of TA-W-2130: investigation regarding certification of eligibility to apply for worker adjustment assistance as prescribed in Section 222 of the Act.

The investigation was initiated on June 8, 1977 in response to a worker petition received on June 7, 1977 which was filed by the United Steelworkers of America on behalf of workers and former workers fabricating heavy plate carbon steel tanks at the New Castle, Delaware plant of Chicago Bridge and Iron Company.

The Notice of Investigation was published in the FEDERAL REGISTER on June 17, 1977 (42 FR 30936). No public hearing was requested and none was held.

The information upon which the determination was made was obtained principally from the United Steelworkers of America, officials of Chicago Bridge and Iron Company, the U.S. International Trade Commission, U.S. Department of Commerce publications, industry analysts, and Department files.

In order to make an affirmative determination and issue a certification of eligibility to apply for adjustment assistance, each of the group eligibility requirements of Section 222 of the Trade Act of 1974 must be met:

(1) That a significant number or proportion of the workers in such workers' firm, or an appropriate subdivision of the firm have become totally or partially separated, or are threatened to become totally or partially separated;

(2) That sales or production, or both, of such firm or subdivision have decreased absolutely;

(3) That articles like or directly competitive with those produced by the firm or subdivision are being imported in increased quantities, either actual or relative to domestic production; and

(4) That such increased imports have contributed importantly to the separations, or threat thereof, and to the decrease in sales or production. The term "contributed importantly" means a cause which is important, but not necessarily more important than any other cause.

Without regard to whether any of the other criteria have been met, criterion (4) has not been met.

Evidence developed in the Department's investigation reveals that petroleum and water storage tanks are field erected tanks made of fabricated steel. The fabricated steel shapes or sections are transported to the construction site to be erected. Over 80 percent of all field erected storage tanks are produced by U.S. firms. United States firms have a competitive advantage over foreign firms because of the proximity of fabricating plants to the actual construction site.

Imports of field erected steel storage tanks are in a basket category in the Tariff Schedules of the United States. This category includes metal tanks of various types and sizes. Separately identifiable import statistics on petroleum and water storage tanks like or directly competitive with those produced by workers employed at the New Castle, Delaware plant of Chicago Bridge and Iron Company are not available. Various industry sources indicate that imports of field erected steel storage tanks are negligible. The consensus of industry sources is that the decline in domestic production of field erected steel storage tanks can be attributed to reduced capital expenditures by major domestic petroleum companies.

CONCLUSION

After careful review of the facts obtained in the investigation, I conclude that imports of fabricated steel tanks like or directly competitive with tanks produced at the New Castle, Delaware plant of the Chicago Bridge and Iron Company have not contributed importantly to separations or the threat hereof, nor to the decrease in sales or production at that plant as required in Section 222 of the Trade Act of 1974. The petition is, therefore, denied.

Signed at Washington, D.C. this 19th day of August 1977.

JAMES F. TAYLOR,
Director, Office of Management, Administration and Planning.

[FR Doc.77-27179 Filed 9-19-77;8:45 am]

[TA-W-2112]

COLSHIRE MANUFACTURING CO.

Certification Regarding Eligibility To Apply for Worker Adjustment Assistance

In accordance with Section 223 of the Trade Act of 1974 the Department of Labor herein presents the results of TA-W-2112: Investigation regarding certification of eligibility to apply for worker adjustment assistance as prescribed in Section 222 of the Act.

The investigation was initiated on May 31, 1977, in response to a worker petition received on May 31, 1977, which was filed by the Amalgamated Clothing and Textile Workers' Union on behalf of workers and former workers producing men's sleepwear at the Morgantown, W. Va. plant of the Colshire Manufacturing Co. a subsidiary of the Michael Berkowitz Co., Inc.

The notice of investigation was published in the FEDERAL REGISTER on June 17, 1977 (42 FR 30939). No public hearing was requested and none was held.

The information upon which the determination was made was obtained principally from officials of the Michael Berkowitz Co., Inc., its customers, the U.S. Department of Commerce, the U.S. International Trade Commission, industry analysts, and Department files.

In order to make an affirmative determination and issue a certification of eligibility to apply for adjustment assistance each of the group eligibility requirements of Section 222 of the Trade Act of 1974 must be met:

(1) That a significant number or proportion of the workers in the workers' firm or an appropriate subdivision thereof, have become totally or partially separated, or are threatened to become totally or partially separated;

(2) That sales or production, or both, of such firm or subdivision have decreased absolutely;

(3) That articles like or directly competitive with those produced by the firm or subdivision are being imported in, increased quantities, either actual or relative to domestic production; and

(4) That such increased imports have contributed importantly to the separations, or threat thereof, and to the decrease in sales or production. The term "contributed importantly" means a cause which is important but not necessarily more important than any other cause.

The investigation has revealed that all of the above criteria have been met.

SIGNIFICANT TOTAL OR PARTIAL SEPARATIONS

Average employment of production workers at the Morgantown, W. Va. plant of the Colshire Manufacturing Co. declined 21.5 percent in 1975 compared to 1974 and remained unchanged in 1976 compared to 1975. Employment declined 1.6 percent and 12.7 percent in the second and fourth quarters of 1976, respectively, compared to the same quarters of 1975. Employment declined 37.5 percent in the first quarter of 1977 compared to the first quarter of 1976.

SALES OR PRODUCTION, OR BOTH, HAVE DECREASED ABSOLUTELY

The Michael Berkowitz Co., Inc. is a contractor. As such, sales and production are the same.

Company sales of men's sleepwear declined 4.0 percent in 1975 compared to 1974 and declined 6.7 percent in 1976 compared to 1975. Company sales of men's sleepwear declined 34.2 percent in the first quarter of 1977 compared to the first quarter of 1976.

INCREASED IMPORTS

U.S. imports of men's and boys' woven sleepwear declined from 815.0 thousand dozen in 1972 to 478.6 thousand dozen and 357.4 thousand dozen, respectively, in 1973 and 1974. U.S. imports increased to 415.2 thousand dozen and 457.0 thousand dozen, respectively, in 1975 and 1976.

The ratio of imported men's and boys' woven sleepwear to domestic production declined from 27.2 percent in 1972 to 17.0 percent and 13.8 percent, respectively, in 1973 and 1974. The ratio of imports to domestic production increased to 17.9 percent and 18.1 percent, respectively, in 1975 and 1976.

U.S. imports of men's and boys' knit sleepwear declined from 58.4 thousand dozen in 1972 to 21.8 thousand dozen and 11.9 thousand dozen, respectively, in 1973 and 1974. U.S. imports declined to 2.3 thousand dozen in 1975 before increasing to 50.3 thousand dozen in 1976.

The ratio of imported men's and boys' knit sleepwear to domestic production declined from 13.0 percent in 1972 to 4.6 percent and 2.4 percent, respectively, in 1973 and 1974. The ratio of imports to domestic production declined to 0.4 percent in 1975 before increasing to 7.9 percent in 1976.

CONTRIBUTED IMPORTANTLY

The sole customer of sleepwear produced by the Colshire Manufacturing Co. increased purchases of imported sleepwear from 1975 to 1976 while reducing purchases from Colshire as well as other domestic sources due to price considerations.

CONCLUSION

After careful review of the facts obtained in the investigation, I conclude that increases of imports like or directly competitive with men's sleepwear produced by the Colshire Manufacturing Co., Morgantown, W. Va., contributed importantly to the total or partial separation of the workers at that firm.

In accordance with the provisions of the Act, I make the following certification:

All employees at the Morgantown, W. Va. plant of the Colshire Manufacturing Co. who became totally or partially separated from employment on or after May 2, 1976 are eligible to apply for adjustment assistance under Title II, Chapter 2 of the Trade Act of 1974.

Signed at Washington, D.C., this 31st day of August 1977.

JAMES F. TAYLOR,
Director, Office of Management, Administration and Planning.

[FR Doc.77-27181 Filed 9-19-77;8:45 am]

[TA-W-1899]

CYNTHIA SUE

Negative Determination Regarding Eligibility To Apply for Worker Adjustment Assistance

In accordance with Section 223 of the Trade Act of 1974 the Department of Labor herein presents the results of TA-W-1899: investigation regarding certification of eligibility to apply for worker adjustment assistance as prescribed in Section 222 of the Act.

The investigation was initiated on March 24, 1977 in response to a worker petition received on March 24, 1977 which was filed by the International Ladies' Garment Workers' Union on behalf of workers and former workers producing women's dresses at Cynthia Sue, Swoyersville, Pennsylvania.

The notice of investigation was published in the FEDERAL REGISTER on April 12, 1977 (42 FR 19175). No public hearing was requested and none was held.

The information upon which the determination was made was obtained principally from officials of Cynthia Sue, its cutomers, the U.S. Department of Commerce, the U.S. International Trade Commission, industry analysts, and Department files.

In order to make an affirmative determination and issue a certification of eligibility to apply for adjustment assistance, each of the group eligibility requirements of Section 222 of the Trade Act of 1974 must be met:

(1) That a significant number of proportion of the workers in the workers' firm or an appropriate subdivision thereof, have become totally or partially separated, or are threatened to become totally or partially separated;

(2) That sales or production, or both, of such firm or subdivision have decreased absolutely;

(3) That articles like or directly competitive with those produced by the firm or subdivision are being imported in increased quantities, either actual or relative to domestic production; and

(4) That such increased imports have contributed importantly to the separations, or threat thereof, and to the decrease in sales or production. The term "contributed importantly" means a cause which is important but not necessarily more important than any other cause.

Without regard to whether the other criteria have been met, the investigation revealed that the second criterion has not been met.

Cynthia Sue is an apparel contractor producing women's pant suits, as well as the women's dresses mentioned in the petition. As a contractor, the firm's sales equal production.

Company production increased 79.3 percent in quantity in 1975 compared to 1974, and further increased 12.5 percent in 1976 compared to 1975. Company production also increased 60.1 percent in the first half of 1977 compared to the first half of 1976.

CONCLUSION

After careful review of the facts obtained in the investigation, I conclude that sales or production of women's dresses and pant suits at Cynthia Sue, Swoyerville, Pennsylvania, have not decreased as required for certification in Section 222 of the Trade Act of 1974.

Signed at Washington, D.C. this 31st day of August 1977.

JAMES F. TAYLOR,
Director, Office of Management, Administration and Planning.

[TA-W-1718]

FABIEN CORP.

Revised Certification of Eligibility To Apply for Worker Adjustment Assistance

In accordance with Section 223 of the Trade Act of 1974 and in accordance with Section 223(a) of such Act, on June 9, 1977 the Department of Labor issued a certification to workers and former workers of Fabien Corporation, Lodi, New Jersey (TA-W-1718). The notice of certification was published in the FEDERAL REGISTER on June 17, 1977 (42 FR 30946).

At the request of a former employee of Fabien Corporation, further investigation was conducted by the Office of Trade Adjustment Assistance to determine if all workers separated from employment related to the production of printed fabric were covered by the certification. The investigation revealed some employees of Fabien were separated from employment prior to the impact date of May 28, 1976 and were never recalled.

Since the intent of the certification is to cover all workers separated from Fabien Corporation as a result of increased imports of printed fabric, the certification is revised to include all workers separated from employment at Fabien Corporation on or after February 17, 1976—one year prior to the signature date of the petition upon which the certification was based.

Based on additional evidence, a review of the entire record and in accordance

V 42 I 182
SEP 20 77
UMI

with the provisions of the Act, I have determined that the impact date included in TA-W-1718, Notice of Certification, issued on June 9, 1977, should be revised.

The revised certification applicable to TA-W-1718 is hereby issued as follows:

All workers at Fabien Corporation, Lodi, New Jersey who became totally or partially separated from employment on or after February 17, 1976 are eligible to apply for adjustment assistance under Title II, Chapter 2 of the Trade Act of 1974.

Signed at Washington, D.C. this 31st day of August 1977.

JAMES F. TAYLOR,
Director, Office of Management, Administration and Planning.

[FR Doc.77-27183 Filed 9-19-77;8:45 am]

[TA-W-2076]

FASHION MATE, INC.

Certification Regarding Eligibility To Apply for Worker Adjustment Assistance

In accordance with Section 223 of the Trade Act of 1974 the Department of Labor herein presents the results of TA-W-2076: investigation regarding certification of eligibility to apply for worker adjustment assistance as prescribed in Section 222 of the Act.

The investigation was initiated on May 18, 1977 in response to a worker petition received on May 18, 1977 which was filed by Local 155 of the International Ladies' Garment Workers Union on behalf of workers and former workers producing women's pants suits at the Brooklyn, New York plant of Fashion Mate, Incorporated.

The Notice of Investigation was published in the FEDERAL REGISTER on May 31, 1977 (42 FR 27691). No public hearing was requested and none was held.

The information upon which the determination was made was obtained from officials of Fashion Mate, Inc., its customers, the U.S. Department of Commerce, the U.S. International Trade Commission, industry analysts and Department files.

In order to make an affirmative determination and issue a certification of eligibility to apply for adjustment assistance, each of the group eligibility requirements of Section 222 of the Trade Act of 1974 must be met:

(1) That a significant number or proportion of the workers in the workers' firm, or an appropriate subdivision thereof, have become totally or partially separated, or are threatened to become totally or partially separated;

(2) That sales or production, or both, of such firm or subdivision have decreased absolutely;

(3) That articles like or directly competitive with those produced by the firm or subdivision are being imported in increased quantities, either actual or relative to domestic production; and

(4) That such increased imports have contributed importantly to the separations, or threat thereof, and to the decrease in sales or production. The term "contributed importantly" means a cause which is important but not necessarily more important than any other cause.

The investigation has revealed that all four criteria have been met.

SIGNIFICANT TOTAL OR PARTIAL SEPARATIONS

The firm discharged all employees in May 1976.

SALES OR PRODUCTION, OR BOTH, HAVE DECREASED ABSOLUTELY

All production ceased in May 1976 and has not been resumed.

INCREASED IMPORTS

Women's pants suits are included in the import category "Women's, Misses' and Children's Suits." U.S. imports of women's, misses' and children's suits increased from 206 thousand dozen in 1972 to 245 thousand dozen in 1973, to 387 thousand dozen in 1974, and to 412 thousand dozen in 1975. Imports increased from 66 thousand dozen in the first 5 months of 1975 to 70 thousand dozen in the first 5 months of 1976.

The ratio of imports to domestic production of women's, misses' and children's suits increased from 7.1 percent in 1972 to 8.4 percent in 1973 and 12.3 percent in 1974 before declining to 12.2 in 1975. Production data are not available for fractions of a year; therefore, no ratio is available for the first 5 months of 1976 or the like period in 1975.

CONTRIBUTED IMPORTANTLY

Fashion Mate, Incorporated was a contractor engaged in cutting and sewing of women's pants suits. During its last two years of operation, it produced principally for one manufacturer. This manufacturer reduced purchases from Fashion Mate and increased purchases of imported pants suits. On June 15, 1976 all of the stock of Fashion Mate, Inc. was sold. Under the new owners, the firm became a retailer.

CONCLUSION

After careful review of the facts obtained in the investigation, I conclude that increases of imports of articles like or directly competitive with women's pants suits produced at the Brooklyn, New York plant of Fashion Mate, Incorporated contributed importantly to the total or partial separations of workers of the plant. In accordance with the provisions of the Act, I make the following certification:

All workers at the Brooklyn, New York plant of Fashion Mate, Incorporated who became totally or partially separated from employment on or after April 28, 1976 and before June 16, 1976 are eligible to apply for adjustment assistance under Title II, Chapter 2 of the Trade Act of 1974. All workers separated on or after June 16, 1976 are denied eligibility to apply for adjustment assistance.

Signed at Washington, D.C. this 6th day of September 1977.

HERBERT N. BLACKMAN,
Associate Deputy Under Secretary International Affairs.

[FR Doc.77-27184 Filed 9-19-77;8:45 am]

[TA-W-2057]

FRASER SHOE CO.

Certification Regarding Eligibility To Apply for Worker Adjustment Assistance

In accordance with Section 223 of the Trade Act of 1974 the Department of Labor herein presents the results of TA-W-2057: investigation regarding certification of eligibility to apply for worker adjustment assistance as prescribed in Section 222 of the Act.

The investigation was initiated on May 10, 1977 in response to a worker petition received on May 4, 1977 which was filed on behalf of workers and former workers producing women's shoes at the Union, Missouri plant of Fraser Shoe Company.

The Notice of Investigation was published in the FEDERAL REGISTER on May 27, 1977 (42 FR 27330). No public hearing was requested and none was held.

The information upon which the determination was made was obtained principally from officials of Fraser Shoe Company, its customers, the U.S. International Trade Commission, the U.S. Department of Commerce, industry analysts and Department files.

In order to make an affirmative determination and issue a certification of eligibility to apply for adjustment assistance, each of the group eligibility requirements of Section 222 of the Trade Act of 1974 must be met:

(1) That a significant number or proportion of the workers in the workers' firm, or an appropriate subdivision thereof, have become totally or partially separated; or are threatened to become totally or partially separated;

(2) That sales or production, or both, of such firm or subdivision have decreased absolutely;

(3) That articles like or directly competitive with those produced by the firm or subdivision are being imported in increased quantities, either actual or relative to domestic production; and

(4) That such increased imports have contributed importantly to the separations, or threat thereof, and to the decrease in sales or production. The term "contributed importantly" means a cause which is important but not necessarily more important than any other cause.

The investigation revealed that all four of the above criteria have been met.

SIGNIFICANT TOTAL OR PARTIAL SEPARATIONS

The average number of production workers employed at Fraser Shoe Company declined 14.6 percent from 1975 to 1976. Employment declined 12.5 percent in the first quarter of 1977 compared to the like period in 1975.

Average weekly hours declined 2.6 percent from 1974 to 1975 and further declined 10.8 percent from 1975 to 1976. Hours declined 8.8 percent in the first quarter of 1977 compared to the like period in 1976.

SALES OR PRODUCTION, OR BOTH, HAVE DECREASED ABSOLUTELY

Sales of shoes by Fraser Shoe Company declined 7.8 percent in value from 1974 to 1975 and further declined 23.2 percent from 1975 to 1976. Sales declined 4.4 percent in the first quarter of 1977 compared to the like period in 1976.

INCREASED IMPORTS

Imports of women's nonrubber footwear increased from 192.9 million pairs in 1972 to 206.2 million pairs in 1973, declined to 179.8 million pairs in 1974, increased to 183.5 million pairs in 1975 and further increased to 183.8 million pairs in 1976. Imports declined from 56.4 million pairs in the first quarter of 1976 to 45.4 million pairs in the first quarter of 1977.

The ratio of imports to domestic production increased from 99.8 percent in 1972 to 115.0 percent in 1973, declined to 107.6 percent in 1974, increased to 119.1 percent in 1975 and declined to 108.8 percent in 1976. The ratio increased from 112.8 percent in the first quarter of 1976 to 120.1 percent in the first quarter of 1977.

CONTRIBUTED IMPORTANTLY

Customers that were surveyed have indicated that they have decreased purchases from Fraser Shoe Company and increased purchases of imported shoes. The lower price of imports was the factor cited most frequently for switching.

CONCLUSION

After careful review of the facts obtained in the investigation, I conclude that increases of imports of articles like or directly competitive with women's shoes produced by the Fraser Shoe Company plant in Union, Missouri contributed importantly to the total or partial separations of the workers at that plant. In accordance with the provisions of the Act, I make the following certification:

All workers at the Fraser Shoe Company plant located in Union, Missouri who became totally or partially separated from employment on or after May 4, 1976 are eligible to apply for adjustment assistance under Title II, Chapter 2 of the Trade Act of 1974.

Signed at Washington, D.C. this 31st day of August 1977.

JAMES F. TAYLOR,
Director, Office of Management, Administration and Planning.

[FR Doc.77-27185 Filed 9-19-77;8:45 am]

[TA-W-2169]

GENERAL ELECTRIC CO.

Certification Regarding Eligibility To Apply for Worker Adjustment Assistance

In accordance with Section 223 of the Trade Act of 1974 the Department of Labor herein presents the results of TA-W-2169: investigation regarding certification of eligibility to apply for worker adjustment assistance as prescribed in Section 222 of the Act.

The investigation was initiated on June 23, 1977 in response to a worker petition received on the same date which was filed on behalf of workers and former workers producing color and monochrome televisions at the Portsmouth, Virginia plant of General Electric Company.

The notice of investigation was published in the FEDERAL REGISTER on July 12, 1977 (42 FR 35903). No public hearing was requested and none was held.

The information upon which the determination was made was obtained principally from officials of General Electric Company, its customers, the U.S. Department of Commerce, the U.S. International Trade Commission, industry analysts and Department files.

In order to make an affirmative determination and issue a certification of eligibility to apply for adjustment assistance each of the group eligibility requirements of Section 222 of the Trade Act of 1974 must be met:

(1) that a significant number or proportion of the workers in the workers' firm or an appropriate subdivision thereof, have become totally or partially separated, or are threatened to become totally or partially separated;

(2) that sales or production, or both, of such firm or subdivision have decreased absolutely;

(3) that articles like or directly competitive with those produced by the firm or subdivision are being imported in increased quantities, either actual or relative to domestic production; and

(4) that such increased imports have contributed importantly to the separations, or or threat thereof, and to the decrease in sales or production. The term "contributed importantly" means a cause which is important but not necessarily more important than any other cause.

The investigation has revealed that all four criteria have been met.

SIGNIFICANT TOTAL OR PARTIAL SEPARATIONS

Employment of color television production workers at the Portsmouth, Virginia plant of General Electric Company declined 30 percent from 1974 to 1975 and 3 percent from 1975 to 1976. In the January to April 1977 period, employment of color television production workers declined 7 percent when compared to the same period in 1976.

Employment of monochrome television production workers declined forty-four percent from 1974 to 1975 and 31 percent from 1975 to 1976. In the first four months of 1977, employment of monochrome television production workers fell 24 percent when compared to the same period in 1976.

Salaried employees at Portsmouth work on both color and monochrome televisions. Salaried employment fell eleven percent from 1974 to 1975 and 6 percent from 1975 to 1976. In the January through April 1977 period, salaried employment fell 3 percent when compared to the same period in 1976.

Labor turnover data for the Portsmouth plant indicates that layoffs occurred in every month of 1976 and the January through April 1977 period. Layoffs are also scheduled for the third quarter of 1977.

SALES OR PRODUCTION, OR BOTH, HAVE DECREASED ABSOLUTELY

Production of color televisions at the Portsmouth plant declined 32 percent from 1974 to 1975 and then increased nine percent from 1975 to 1976. In the January–April 1977 period, production of color televisions declined 39 percent when compared to the same period in 1976.

Production of monochrome televisions at the Portsmouth plant of the General Electric Company decreased 46 percent from 1974 to 1975 and then increased 6 percent from 1975 to 1976. In the first four months of 1977, production of monochrome televisions increased six percent when compared to the same period in 1976. Sales of monochrome televisions declined from 1974 to 1975, from 1975 to 1976 and in the first four months of 1977 compared to the first fourth months of 1976. The decline in sales in the January–April 1977 period when compared to the like 1976 period is reflected in inventory build up. Inventories of monochrome televisions increased 24 percent in the first four months of 1977 when compared to the first four months of 1976.

INCREASED IMPORTS

U.S. imports of color televisions, including combinations increased from 1318.4 thousand units in 1972 to 1,459.3 thousand units in 1973 and then decreased to 1,302.9 thousand units in 1974 and to 1020.8 units in 1975. From 1975 to 1976 imports increased absolutely by 180 percent from 1,020.8 thousand units to 2,856.3 thousand units. The ratio of imports to domestic production increased from 23.4 percent in 1975 to 55.0 percent in 1976. In the January through April 1977 period, imports increased to 779.9 thousand units from 560.9 thousand units in the comparable period in 1976. The ratio of imports to domestic production increased to 41.6 percent in the first four months of 1977 compared to 36.3 percent in the same period in 1976.

Imports of monochrome televisions decreased absolutely from 5,056.4 thousand units in 1972 to 4,988.7 thousand units in 1973 and to 4,658.8 thousand units in 1974, but increased relatively in the same years. Imports declined absolutely and relatively from 1974 to 1975, from 4,658.8 thousand units and 210.3 percent to 2,974.7 thousand units and 193.8 percent. From 1975 to 1976, imports increased absolutely by 45 percent from 2,974.7 thousand units to 4,326.9 thousand units. The ratio of imports to domestic production increased from 193.8 percent in 1975 to 311.3 percent in 1976. In the first four months of 1977, imports of monochrome televisions increased absolutely to 1,350.8 thousand units from 1224.8 thousands units in the January–April 1976 period. The ratio of imports to domestic production increased from 296.3 percent in the January–April 1976 period to 386.1 percent in the January–April 1977 period.

CONTRIBUTED IMPORTANTLY

The evidence developed during the Department's investigation revealed that workers at the Portsmouth, Virginia plant of the General Electric Company engaged in employment related to the production of color and monochrome televisions were certified eligible to apply for adjustment assistance in TA-W-22. The certification expired July 7, 1977.

V 42 I 182 SEP 20 77 UMI

The Department instituted a termination investigation with respect to TA-W-22 on May 27, 1976. The Department's determination in that investigation was that total or partial separations of workers at the Portsmouth plant continue to be attributable to the conditions specified in Section 222 of the Act. Customers surveyed during the course of the termination investigation indicated that they had decreased purchases of color and monochrome televisions from the Portsmouth plant and increased purchases of imported color and monochrome televisions.

Furthermore, General Electric's share of the total color television market and the total monochrome television market has decreased from 1974 to 1975 and from 1975 to1976, while the market share held by imports has increased during the same period.

CONCLUSION

After careful review of the facts obtained in the investigation, I conclude that increases of imports of artigles like or directly competitive with color and monochrome televisions produced at the Portsmouth, Virginia plant of General Electric Company contributed importantly to the total or partial separations of workers at the plant. In accordance with the provisions of the Act, I make the following certification:.

All workers at the Portsmouth, Virginia plant of General Electric Company who became totally or partially separated from employment related to the production of color and monochrome televisions on or after July 7, 1977 are eligible to apply for adjustment assistance under Title II, Chapter 2 of the Trade Act of 1974.

Signed at Washington, D.C. this 12th day of September 1977.

JAMES F. TAYLOR,
Director, Office of Management, Administration, and Planning.

INVESTIGATIONS REGARDING CERTIFICATIONS OF ELIGIBILITY TO APPLY FOR WORKER ADJUSTMENT ASSISTANCE

Petitions have been filed with the Secretary of Labor under Section 221(a) of the Trade Act of 1974 ("the Act") and are identified in the Appendix to this notice. Upon receipt of these petitions, the Director of the Office of Trade Adjustment Assistance, Bureau of International Labor Affairs, has instituted investigations pursuant to Section 221(a) of the Act and 29 CFR 90.12.

The purpose of each of the investigations is to determine whether absolute or relative increases of imports of articles like or directly competitive with articles produced by the workers' firm or an appropriate subdivision thereof have contributed importantly to an absolute decline in sales or production, or both, of such firm or subdivision and to the actual or threatened total or partial separation of a significant number or proportion of the workers of such firm or subdivision.

Petitioners meeting these eligibility requirements will be certified as eligible to apply for adjustment assistance under Title II, Chapter 2, of the Act in accordance with the provisions of Subpart B of 29 CFR Part 90. The investigations will further relate, as appropriate, to the determination of the date on which total or partial separations began or threatened to begin and the subdivision of the firm involved.

Pursuant to 29 CFR 90.13, the petitioners or any other persons showing a substantial interest in the subject matter of the investigations may request a public hearing, provided such request is filed in writing with the Director, Office of Trade Adjustment Assistance, at the address shown below, not later than September 30, 1977.

Interested persons are invited to submit written comments regarding the subject matter of the investigations to the Director, Office of Trade Adjustment Assistance, at the address shown below, not later than September 30, 1977.

The petitions filed in this case are available for inspection at the Office of the Director, Office of Trade Adjustment Assistance, Bureau of International Labor Affairs, U.S. Department of Labor, 200 Constitution Avenue, N.W., Washington, D.C. 20210.

Signed at Washington, D.C. this 29th day of August 1977.

HAROLD A. BRATT,
Acting Director, Office of Trade Adjustment Assistance.

ISELLE MANUFACTURING CO.

Negative Determination Regarding Eligibility To Apply for Worker Adjustment Assistance

In accordance with section 223 of the Trade Act of 1974 the Department of Labor herein presents the results of TA-W-1729: Investigation regarding certification of eligibility to apply for worker adjustment assistance as prescribed in section 222 of the Act.

The investigation was initiated on March 3, 1977, in response to a worker petition received on February 28, 1977, which was filed by the International Ladies' Garment Workers' Union on behalf of workers and former workers producing women's dresses and sportswear at Iselle Manufacturing Co., Philadelphia, Pa.

The Notice of Investigation was published in the FEDERAL REGISTER on March 15, 1977 (42 FR 14185). No public hearing was requested and none was held.

The information upon which the determination was made was obtained principally from officials of Iselle Manufacturing Co., its customers, the U.S. Department of Agriculture, the American Textile Manufacturers Institute, the International Ladies' Garment Workers' Union, the National Cotton Council of America, the U.S. Department of Commerce, the U.S. International Trade Commission, industry analysts, and Department files.

In order to make an affirmative determination and issue a certification of eligibility to apply for adjustment assistance, each of the group eligibility requirements of section 222 of the Trade Act of 1974 must be met:

(1) That a significant number or proportion of the workers in the workers' firm, or an appropriate subdivision thereof, have become totally or partially separated, or are threatened to become totally or partially separated;

(2) That sales or production, or both, of such firm or subdivision have decreased absolutely;

(3) That articles like or directly competitive with those produced by the firm or subdivision are being imported in increased quantities, either actual or relative to domestic production; and

(4) That such increased imports have contributed importantly to the separations, or threat thereof, and to the decrease in sales or production. The term "contributed importantly" means a cause which is important but not necessarily more important than any other cause.

Without regard to whether any of the other criteria have been met, criterion (4) has not been met.

The Department's investigation revealed that Iselle Manufacturing Co. is a contractor for several garment manufacturers. One manufacturer accounted for approximately 50 percent of Iselle's sales in value in 1976. A survey of customers of this manufacturer revealed that they did not switch purchases from that manufacturer to imports. The manufacturers which accounted for the remainder of Iselle's sales experienced increased sales in 1976 compared to 1975 and experienced continued increased sales in early 1977.

CONCLUSION

After careful review of the facts obtained in the investigation, I conclude that increases of imports like or directly competitive with women's sportswear and dresses produced by Iselle Manufacturing Co., Philadelphia, Pa., did not contribute importantly to the decline in sales, or production, or separations of workers of that firm.

Signed at Washington, D.C., this 31st day of August 1977.

JAMES F. TAYLOR,
Director, Office of Management, Administration and Planning.

L. E. SMITH GLASS CO.

Negative Determination Regarding Eligibility To Apply for Worker Adjustment Assistance

In accordance with section 223 of the Trade Act of 1974 the Department of Labor herein presents the results of TA-W-1809: Investigation regarding certification of eligibility to apply for worker adjustment assistance as prescribed in section 222 of the Act.

The investigation was initiated on March 15, 1977, in response to a worker petition received on February 25, 1977, which was filed by the American Flint Glass Workers' Union of North America, AFL-CIO locals 537 and 102 on behalf of workers and former workers producing hand-pressed decorative glass at the Mount Pleasant, Pa., plant of the L. E. Smith Glass Co.

The notice of investigation was published in the FEDERAL REGISTER on April 5, 1977 (42 FR 18155). No public hearing was requested and none was held.

The information upon which the determination was made was obtained principally from officials of L. E. Smith Glass Co., its customers, the U.S. Department of Commerce, the U.S. International Trade Commission, industry analysts, and Department files.

In order to make an affirmative determination and issue a certification of eligibility to apply for adjustment assistance, each of the group eligibility requirements of section 222 of the Trade Act of 1974 must be met:

(1) That a significant number or proportion of the workers in the workers' firm or an appropriate subdivision thereof, have become totally or partially separated, or are threatened to become totally or partially separated;

(2) That sales or production, or both, of such firm or subdivision have decreased absolutely;

(3) That articles like or directly competitive with those produced by the firm or subdivision are being imported in increased quantities, either actual or relative to domestic production; and

(4) That such increased imports have contributed importantly to the separations, or threat thereof, and to the decrease in sales or production. The term "contributed importantly" means a cause which is important but not necessarily more important than any other cause.

Without regard to whether the other criteria have been met, the investigation revealed that the fourth criterion has not been met.

The Department's investigation revealed that the average number of production workers employed at L. E. Smith Glass increased 6.1 percent in 1976 compared to 1975 before declining 7.6 percent in the first quarter of 1977 compared to the first quarter of 1976. The decline in employment in the first quarter of 1977 was entirely due to curtailment of natural gas which caused the partial shutdown of the Mount Pleasant, Pa., plant for two weeks during January and February 1977. Average plant employment subsequently increased 4.7 percent in the second quarter of 1977 compared to the second quarter of 1976.

CONCLUSION

After careful review of the facts obtained in the investigation, I conclude that increases of imports of articles like or directly competitive with hand-pressed decorative glass produced at the L. E. Smith Glass Co., Mount Pleasant, Pa., did not contribute importantly to the total or partial separation of workers producing such articles at that firm.

Signed at Washington, D.C., this 31st day of August 1977.

JAMES F. TAYLOR,
Director, Office of Management, Administration and Planning.

[TA-W-1844]

LORI CHARLES SPORTSWEAR, INC.

Negative Determination Regarding Eligibility To Apply for Worker Adjustment Assistance

In accordance with section 223 of the Trade Act of 1974 the Department of Labor herein presents the results of TA-W-1844: Investigation regarding certification of eligibility to apply for worker adjustment assistance as prescribed in section 222 of the Act.

The investigation was initiated on March 22, 1977, in response to a worker petition received on March 22, 1977, which was filed on behalf of workers and former workers producing women's dresses at Lori Charles Sportswear, Inc., Luzerne, Pa.

The notice of investigation was published in the FEDERAL REGISTER on April 5, 1977 (42 FR 18156). No public hearing was requested and none was held.

The information upon which the determination was made was obtained principally from officials of Lori Charles Sportswear, Inc., its customers, the U.S. Department of Commerce, the U.S. International Trade Commission, industry analysts, and Department files.

In order to make an affirmative determination and issue a certification of eligibility to apply for adjustment assistance, each of the group eligibility requirements of section 222 of the Trade Act of 1974 must be met:

(1) That a significant number or proportion of the workers in the workers' firm or an appropriate subdivision thereof, have become totally or partially separated, or are threatened to become totally or partially separated;

(2) That sales or production, or both, of such firm or subdivision have decreased absolutely;

(3) That articles like or directly competitive with those produced by the firm or subdivision are being imported in increased quantities, either actual or relative to domestic production; and

(4) That such increased imports have contributed importantly to the separations, or threat thereof, and to the decrease in sales or production. The term "contributed importantly" means a cause which is important but not necessarily more important than any other cause.

Without regard to whether the other criteria have been met, the investigation revealed that the second criterion has not been met.

Lori Charles Sportswear, Inc., an apparel contractor located in Luzerne, Pa., began producing women's dresses and pant suits under present ownership in 1969.

As an apparel contractor, sales for Lori Charles Sportwear, Inc., equal production. Production increased 9.3 percent in 1976 compared to 1975 and further increased 9 percent in the first quarter of 1977 compared to the first quarter of 1976.

CONCLUSION

After careful review of the facts obtained in the investigation, I conclude that sales or production of women's dresses and pant suits at Lori Charles Sportwear, Inc., in Luzerne, Pa., have not decreased as required for certification under section 222 of the Trade Act of 1974.

Signed at Washington, D.C., this 31st day of August 1977.

JAMES TAYLOR,
Director, Office of Management, Administration and Planning.

[TA-W-1804]

LOUIS CANTOR & SON, INC.

Certification Regarding Eligibility To Apply for Worker Adjustment Assistance

In accordance with section 223 of the Trade Act of 1974 the Department of Labor herein presents the results of TA-W-1804: Investigation regarding certification of eligibility to apply for worker adjustment assistance as prescribed in section 222 of the Act.

The investigation was initiated on March 15, 1977, in response to a worker petition received on March 14, 1977, which was filed by the International Ladies' Garment Workers' Union on behalf of workers and former workers producing women's coats at Louis Cantor & Son, Inc., Egg Harbor City, N.J.

The notice of investigation was published in the FEDERAL REGISTER on April 5, 1977 (42 FR 18155). No public hearing was requested and none was held.

The information upon which the determination was made was obtained principally from officials of Louis Cantor & Son, Inc., its customers, the U.S. Department of Commerce, the U.S. International Trade Commission, industry analysts, and Department files.

In order to make an affirmative determination and issue a certification of eligibility to apply for adjustment assistance, each of the group eligibility requirements of section 222 of the Trade Act of 1974 must be met:

(1) That a significant number or proportion of the workers in the workers' firm or an appropriate subdivision thereof, have become totally or partially separated, or are threatened to become totally or partially separated;

(2) That sales or production, or both, of such firm or subdivision have decreased absolutely;

(3) That articles like or directly competitive with those produced by the firm or subdivision are being imported in increased quantities, either actual or relative to domestic production; and

(4) That such increased imports have contributed importantly to the separations, or threat thereof, and to the decrease in sales or production. The term "contributed importantly" means a cause which is important but not necessarily more important than any other cause.

The investigation has revealed that all four of the above criteria have been met.

SIGNIFICANT TOTAL OR PARTIAL SEPARATIONS

The average number of production workers at Louis Cantor and Son, Inc., decreased 1.9 percent from 1975 to 1976. In the first quarter of 1977, the average number of workers decreased 34.3 percent compared to the first quarter of 1976.

SALES OR PRODUCTION, OR BOTH, HAVE DECREASED ABSOLUTELY

Production at Louis Cantor and Son, Inc., decreased 3.9 percent in quantity and 2.1 percent in value from 1975 to 1976. In the first quarter of 1977, production decreased 17 percent in quantity and 11.9 percent in value compared to the the first quarter of 1976.

INCREASED IMPORTS

Imports of women's, misses', and children's coats increased from 1,769 thousand dozen units in 1972 to 1,807 thousand dozen units in 1973. In 1974, the volume of imports decreased to 1,478 thousand dozen units and then increased to 1,517 thousand dozen units in 1975. Imports increased to 2,252 thousand dozen units in 1976. The ratios of imports to domestic production and consumption increased from 35.4 percent and 26.1 percent, respectively, in 1975 to 52.2 percent and 34.3 percent, respectively, in 1976. Imports increased from 506 thousand dozen units in the first quarter of 1976 to 590 thousand dozen units in the similar quarter of 1977.

CONTRIBUTED IMPORTANTLY

The only manufacturer for whom Louis Cantor and Son, Inc., produces experienced a decline in sales in 1976 compared to 1975 and this decline has continued into 1977. Major customers of this manufacturer have reported an increase in purchases of imported women's coats in 1976 and have continued into 1977.

CONCLUSION

After careful review of the facts obtained in the investigation, I conclude that increases of imports of articles like or directly competitive with women's coats produced at Louis Cantor & Son, Inc. contributed importantly to the separations of workers of that firm. In accordance with the provisions of the Act, I make the following certification:

All workers of Louis Cantor & Son, Inc., Egg Harbor City, N.J. who became totally or partially separated from employment on or after February 26, 1976, are eligible to apply for adjustment assistance under Title II, Chapter 2 of the Trade Act of 1974.

Signed at Washington, D.C., this 6th day of September 1977.

HERBERT N. BLACKMAN,
Associate Deputy Under Secretary, International Affairs.

[TA-W-1742 and TA-W-1743]

MANCHESTER MODES, INC.

Determinations Regarding Eligibility To Apply for Worker Adjustment Assistance

In accordance with Section 223 of the Trade Act of 1974 the Department of Labor herein presents the results of TA-W-1742 and TA-W-1743: Investigations regarding certification of eligibility to

V 421182
SEP 2077
UMI

apply for worker adjustment assistance as prescribed in Section 222 of the Act.

The investigations were initiated on March 3, 1977 in response to worker petitions received on February 14, 1977 which were filed on behalf of workers and former workers engaged in employment related to the production of women's apparel at the Manchester, Conn. and Somersville, Conn. plants of Manchester Modes, Inc.

The Notices of Investigation were published in the FEDERAL REGISTER on March 22, 1977 (42 FR 15477). No public hearing was requested and none was held.

The information upon which the determinations were made was obtained principally from information and publications provided by officials of Manchester Modes, Inc., its customers, the U.S. Department of Commerce, the U.S. International Trade Commission, industry analysts, and Department files.

In order to make an affirmative determination and issue a certification of eligibility to apply for adjustment assistance, each of the group eligibility requirements of Section 222 of the Trade Act of 1974 must be met:

(1) that a significant number or proportion of the workers in such workers' firm, or an appropriate subdivision thereof, have become totally or partially separated, or are threatened to become totally or partially separated;

(2) that sales or production, or both, of such firm or subdivision have decreased absolutely;

(3) that articles like or directly competitive with those produced by the workers' firm or subdivision are being imported in increased quantities, either actual or relative to domestic production; and

(4) that such increased imports have contributed importantly to the separations, or threat thereof, and to the decrease in sales or production. The term "contributed importantly" means a cause which is important but not necessarily more important than any other cause.

The investigation has revealed that all four of the above criteria have been met for workers engaged in employment related to the production of women's leather coats. The investigation has further revealed that, without regard to whether any of the other criteria have been met, criterion (2) has not been met for workers engaged in employment related to the production of women's non-leather coats and suits.

SIGNIFICANT TOTAL OR PARTIAL SEPARATIONS

With the exception of leather cutters, who work only on women's leather coats, all workers are used interchangeably in the production of all products. The employment trends for leather cutters directly reflect the total employment related to the production of women's leather coats. The average number of leather cutters declined 36.4 percent in 1976 compared to 1975.

SALES OR PRODUCTION, OR BOTH, HAVE DECREASED ABSOLUTELY

Company sales of women's leather coats declined 47.9 percent in value, in constant 1974 dollars, in 1976 as compared to 1975.

Company sales of women's non-leather coats and suits, increased 14.0 percent, in constant 1974 dollars, in 1976 as compared to 1975.

The company doesn't produce for inventory and sales approximates production.

INCREASED IMPORTS

Imports of leather coats and jackets increased each year from 91.7 million dollars in 1972 to 154.3 million dollars in 1975 and continued to increase 53.3 percent to 236.6 million dollars in 1976.

The ratio of imports to domestic production increased in each year from 52.7 percent in 1972 to 67.1 percent in 1975 and continued to increase to 81.6 percent in 1976.

CONTRIBUTED IMPORTANTLY

The Office of Trade Adjustment Assistance conducted a survey of customers of women's leather coats of Manchester Modes, Inc. Customers indicated that they had reduced purchases of women's leather coats from Manchester Modes and had increased purchases of imported leather coats. Most of the customers responding to the survey reported that imports were adversely affecting the domestic leather coat industry. The cheaper prices of the imports were cited as the reason for switching to imports.

CONCLUSION

After careful review of the facts obtained in the investigation, I conclude that neither sales nor production of women's non-leather coats and suits at the Manchester, Conn. and Somersville, Conn. plants of Manchester Modes have declined as required for certification under Section 222 of the Trade Act of 1974.

After careful review of the facts obtained in the investigation, I conclude that increased imports of articles like or directly competitive with the leather coats produced at the Manchester, Connecticut and Somersville, Connecticut plants of Manchester Modes have contributed importantly to the total or partial separation of workers engaged in employment related to the production of women's leather coats at the plants as required for certification.

In accordance with the provisions of the Act, I make the following certification:
